ABOUT THE DEP BULLETIN

The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by D.E.P. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetlands permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (The Public Hearings however, are not official DEP notices). Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

USE THIS SERVICE FOR MAJOR PROJECTS

As Staff to Commissioner John J. Horn of the Department of Labor and Industry, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM"
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

All DEP Public Hearings, Administrative Hearings, and DEP
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

EVENTS OF INTEREST

N.J. ENVIRONMENTAL CONGRESS PLANNED FOR OCTOBER 18

CONTACT: Andrew McDonough
(201) 539-7547

"The Urbanization of New Jersey's Coastal Zone" will be the central theme of the 7th Annual New Jersey Environmental Congress. Sponsored by the Association of New Jersey Environmental Commissions (ANJEC) and the state's leading environmental groups, the Congress will take place on October 18, 1980 at the Beacon Manor Hotel in Point Pleasant Beach.

The designation of 1980 as the Year of the Coast comes at a critical time for New Jersey. The growth of Atlantic City and the steady urbanization of other shore areas have placed severe pressures on our coastal and Pinelands environments. The choices which we are now making will spell the preservation or demise of coastal regions which provide food, water, and recreation to people in and outside of New Jersey.

U.S. Congressman James J. Florio, keynote speaker at the Congress, will provide a legislator's perspective on coastal protection. Stanton Waterman, a noted underwater filmmaker, will use his films and photographs to give a vivid impression of the coastal resources we are seeking to preserve.

The Congress will also include a luncheon speech by Jerry English, Commissioner of the New Jersey Department of Environmental Protection, and workshops devoted to hazardous waste, water quality, coastal and Pinelands resources, and lobbying. A clambake on the beach will round off the day's activities.

All interested persons are invited to attend the Congress. For further information contact Andrew McDonough at ANJEC: (201) 539-7547, or write to ANJEC, Box 157, Mendham, N.J. 07945.

(Recent press releases in capsule form)

Aug. 5--ILLEGAL DISCHARGE PENALTIES--The Division of Water Resources of the state Department of Environmental Protection (DEP) assessed civil administrative penalties of \$3,125 against Kearney Industries, Inc. of South Plainfield, and \$2,500 against Kleemeyer & Merkel, Inc. (also known as Green Valley Packing Company) of Green Village, Chatham Township. The Kearney penalty is for discharge of phenols, toluene, eylene, tetrachloroethylene and other pollutants into a septic system. The penalty against Kleemeyer & Merkel is for dumping waste-waters onto Hamilton Farm in Tewksbury Township.

* * *

Aug. 12--DISCHARGE PENALTIES IN BERGEN COUNTY--The Division of Water Resources imposed a \$2,750 penalty against Versa Products Company, Inc. of Englewood for discharge of spent solvents into Overpeck Creek, a tributary of the Hackensack River. A \$1,250 penalty agianst Meta-Lite, Inc. of Hasbrouck Heights is for discharging chemical wastes from metal etching into a storm sewer which empties into the Hackensack River.

* * *

Aug. 12--CAFRA PERMIT FOR EXPRESSWAY INTERCEPT PARKING--DEP has conditionally approved a Coastal Area Facility Review Act (CAFRA) permit to allow the New Jersey Expressway Authority to build an intercept parking lot on the median strip of the Atlantic City Expressway in Pleasantville, Atlantic County. With about 2,400 parking spaces the lot will initially serve casino employees only, with shuttle bus service to Atlantic City. It is aimed at reducing auto congestion in Atlantic City.

* * *

Aug. 12--CASINO CAFRA PERMIT DENIED--DEP has denied a CAFRA permit sought by Jersey Hotels, Inc., a subsidiary of Prime Motor Inns, for a proposed hotel-casino on Absecon Boulevard near the Intracoastal Waterway. The applicant proposed to build a ramp overpass over Absecon Boulevard in coastal wetlands. David N. Kinsey, director of DEP's Division of Coastal Resources, said the 500-room, 14-story structure was rejected primarily because it did not comply with DEP's adopted coastal policies, which stress casinos locating in the Boardwalk and Marina areas without disrupting coastal wetlands. Thus far, DEP has approved CAFRA permits for 10 Boardwalk hotel-casinos and one in the state marina area, he said.

* * *

Aug. 14--STATE HAZARDOUS WASTE PROGRAM SEEKS FEDERAL APPROVAL--DEP Commissioner Jerry Fitzgerald English presented an application to the U.S. Environmental Protection Agency (EPA) requesting federal "authorization" of the state's hazardous waste program. This would involve formal delegation to the state of hazardous waste program responsibility.

* * *

Aug. 14--DEP APPROVES MEADOWLANDS SOLID WASTE PLAN--Commissioner English said DEP has approved, with modifications, the Solid Waste Management Plan for the Hackensack Meadowlands District. It calls for operation by 1983 of a 3,000-ton-per-day "waste to energy" system for producing fuel from solid waste, plus disposal capacity for Bergen, Essex, Hudson and parts of Passaic and Union Counties.

* * *

Aug. 15--CAFRA PERMIT DENIED IN SEA BRIGHT--DEP denied a CAFRA permit sought by Mann Enterprises for Island View II, a 130-unit townhouse project on 13 acres between the Shrewsbury River and Route 36 in Sea Bright, Monmouth County. Rejection stemmed from vulnerability of the project to undermining and damage by wave action during storms.

* * *

Aug. 15--APPROVAL FOR MIDDLESEX SOLID WASTE PLAN--DEP has approved the Solid Waste Management Plan of Middlesex County, which calls for operation by 1985 of a plant to recover fuel from 1,200 tons of solid waste per day, plus retrieval of paper, glass and metals for recycling, Commissioner English announced.

PUBLIC NOTICE

NOTICE: STATE CERTIFICATION OF DRAFT NPDES PERMITS

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 et seq. (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of §401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 et seq. The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

New Jersey Is An Equal Opportunity Employer

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, Permits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.
