

The Port Authority of New York & New Jersey

April 2012

Monthly Traffic Report

Newark Liberty International John F.Kennedy International LaGuardia Stewart International Teterboro & regional satellite airport summaries

Aviation Department - Traffic Statistics

Doug Wilson
John Cuneo
Deyssi Mesa

Notes1: The section entitled Air Transport Association Carriers is included to give a comparison between Port Authority Airport traffic growth and aggregate growth as measured by the majority of the U.S. carrier industry.

Note2: The page 2 Access Mode: residents report excludes passengers arriving by hotel courtesy vehicles, helicopters, and the miscellaneous "other" category. The airline OAG summary uses schedules effective for the week in the middle of the month being summarized. "Flights (daily) refers to the daily-each-way average flights which can be thought of as 1 directional departing or arriving flights.

Buoyed by a strong domestic growth and 1.2% increase in overall seat capacity, passenger traffic grew 5% in April, putting YTD April growth at 6%. Domestic traffic was up 6.6% compared to 1.8% gain for international passenger. In contrast, cargo remains very weak, as if fell nearly 12% in April, forcing YTD April cargo to drop 10%. Due to the continued weakness, the 2012 cargo has been revised downwards. 2012 cargo is expected to fall 4%.
