OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, N.J. 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, CN 401, Trenton, N.J. 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, N.J. 08625.

(Recent press releases in capsule form)

May 26--PROPERTIES NAMED TO STATE HISTORIC REGISTER--DEP Commissioner English, the State Historic Preservation Officer, announced the naming of three sites to the New Jersey Register of Historic Places. The Mays Landing Presbyterian Church in Hamilton Township (Atlantic County); the Evesham Friends Meetinghouse in Mt. Laurel (Burlington County); and the Thomas I. Agnew House in New Brunswick (Middlesex County). All three sites will be recommended for inclusion on the National Register of Historic Places.

May 28--DEP Commissioner English and Edward J. Boustein, president of Rutgers University, announced the appointment of Dr. Alden McLellan, DEP Assistant Commissioner for Science and Research, as an associate member of the Graduate Faculty at the New Brunswick, Middlesex County, campus. McLellan will continue all his duties with DEP.

May 28--CAFRA PERMIT DENIED--DEP's Division of Coastal Resources denied a Coastal Area Facility Review Act (CAFRA) permit for a 166-home development in Berkely Township, Ocean County. Division Director David N. Kinsey said the plans called for the homes to be built on pilings and roads on fill because of the wet conditions on the site. The area is in fresh water wetlands. "Forested wetlands play a critical role in coastal ecosystems, acting as water filter areas maintaining stream water quality, retaining flood waters, and being particularly productive vegetation and wild life areas. The proposed development would destroy these natural functions of wetlands," he said.

May 29--DEP DIRECTOR TESTIFIES IN BEHALF OF CONTINUED COASTAL MANAGEMENT FUNDS--David N. Kinsey, Director of DEP's Division of Coastal Resources, recently testified before a U.S. Congressional Subcommittee in behalf of continued federal support to New Jersey and other coastal states under the Coastal Zone Management Act. In testimony May 7 before the Subcommittee on State Justice, Commerce and Judiciary of the House Subcommittee on Appropriations, Kinsey stated, "It is in the national interest for the federal government to aid coastal states in finding long-term solutions to complex national issues such as fisheries management, energy facility siting, port development, and recreational access to the shore." The Reagan Administration budget proposed no further funding to New Jersey and 24 other coastal states after the present fiscal year. (Under the Act, New Jersey currently received \$2 million a year from the federal government. The state has passed on to local governments 10 percent of these of funds for waterfront planning projects. The remainder has been used for such projects as shore protection planning, fisheries management, managing development of the Hackensack Meadowlands in Atlantic City areas, permit simplification, and the resolution of dredging issues.)

May 29--COMPANY ASSESSED BY DEP FOR ILLEGAL DISCHARGES--Arnold Schiffman, Director of DEP's Division of Water Resources, announced the assessment of a Civil Administrative Penalty of \$1,850 during the week of May 11 against Stone Industries, Inc. of Haledon (Passaic County) for the illegal discharge of wastewater from the company's quarry into Molly Ann's Brook, a tributary of the Passaic River.

June 1--HAZARDOUS WASTE FACILITY FINED \$20,000 BY DEP--DEP has assessed a \$20,000 penalty against a major Hudson County treatment, storage and disposal company for accepting prohibited types of waste and for other violations of DEP rules. DEP Solid Waste Administrator Lino F. Pereira said, "Investigations show that the firm, Modern Transportation Company of Kearny, accepted organic chemical wastes and industrial sludge even though it is licensed to accept only inorganic chemical waste, septic tank pumpings, and liquid sewage sludge."

* * *

June 2--FORESTRY WORKSHOPS SCHEDULED--DEP's Division of Parks and Forestry has scheduled three regional Strategy Development Workshops on Forestry in June--Region A: June 18, 1981, 7:30 p.m. - 10:30 p.m. at Morris County College Student Center, Route 10, Randolph (Morris County); Region B: June 30, 1981, 7:30 p.m. - 10:30 p.m. at Burlington County Community College's Lewis M. Parker College Center, Pemberton (Burlington County); and Region C: June 17, 1981, 7:30 - 10:30 p.m. at Cumberland County's College's Learning Resources Center, Lecture Hall 1, Orchard Rd., Vineland (Cumberland County).

* * *

June 2--HAZARDOUS WASTE VIOLATORS FINED \$87,500--"The enforcement actions of the Division of Environmental Quality for the last few weeks reveal our aggressive intent to prosecute hazardous waste violators," said DEP Commissioner English. She said that in addition to ongoing enforcement of solid waste, air pollution, radiation, pesticide and noise rules, "over \$87,500 in fines were levied by DEP against generators, haulers and disposers of hazardous waste."

June 3--LIFEGUARD POSITIONS OPEN FOR TWO OCEAN BEACH STATE PARKS--DEP is still seeking applicants for the position of lifeguard at Island Beach and Barnegat Lighthouse state parks. Testing will be held at Island Beach State Park, Seaside Park, Saturday June 6 (rain date, June 7).

June 3--LOCAL COASTAL GRANT AWARDED TO TUCKERTON--DEP Commissioner English announced the signing of a contract with the Ocean County Borough of Tuckerton under which Tuckerton will prepare a waterfront district management plan to guide future development, increase public access, and revitalize the downtown business district. The \$20,000 grant, administered by DEP's Division of Coastal Resources, provides Tuckerton with 100 percent funding to develop its waterfront plan.

June 4--CAFRA PERMIT APPROVED FOR SLUDGE TREATMENT FACILITY--DEP's Division of Coastal Resources announced approval of a Coastal Area Facility Review Act (CAFRA) permit allowing the Cape May County Municipal Utilities Authority to construct a sludge treatment facility at the site of the Seven Mile Beach/Middle Region facility located in Middle Township, south of Avalon Boulevard and east of the Garden State Parkway.

June 4--GUIDELINES ADOPTED FOR HIGH VOLTAGE TRANSMISSION LINES--DEP Commissioner English announced that the New Jersey Commission on Radiation Protection and DEP's Bureau of Radiation Protection, Division of Environmental Quality, recently adopted an interim guideline for the maximum permissible electric field strength at the edge of the right-of-way of electric power transmission lines.
