#### NOTES ON FISCAL 1985 - 1989 TRENDS

During Fiscal Year 1989 there was an Average Daily Population of 18,534 offenders in the Department of Corrections, 10,280 of whom were housed in State Prison Facilities while 3655 were housed in Youth Correctional Facilities and 725 were housed in Juvenile Facilities. Three hundred six were housed in Halfway Houses, 651 in Community and Residential Programs and 2917 were housed in County Facilities.

From Fiscal 1988 to Fiscal 1989 the ADP for the Department as a whole increased 7% from 17,371 to 18,538 offenders. The ADP during Fiscal 1989 was greater than the peak populations experienced in 1985 through 1988. The following are the changes within the various correctional complexes or facilities:

- The County Waiting list increased 7% from 2007 to 2259.
- The State Prison Complex count increased 7% from 9633 to 10,280.
- The Youth Correctional Complex count increased 3% from 3552 to 3655.
- The Juvenile Facilities population increased 2% from 708 to 725.
- The Community Residential Juvenile Programs decreased 2% from 663 to 651.

The continued increase in adult institutional population resulted from ongoing impact of Title 2C and legislative enhancements to the Criminal Code. (There also was an increase in the number of juvenile offenders assigned to the department. Total Juveniles under jurisdiction of the Department). The average daily population of these increased from 1330 in Fiscal 1988 to 1370 in Fiscal 1989.

\* The lower counts in these facilities during the month of June 1989 apparently resulted from the failure of a number of facilities to report counts during the month rather than an actual reduction in population.

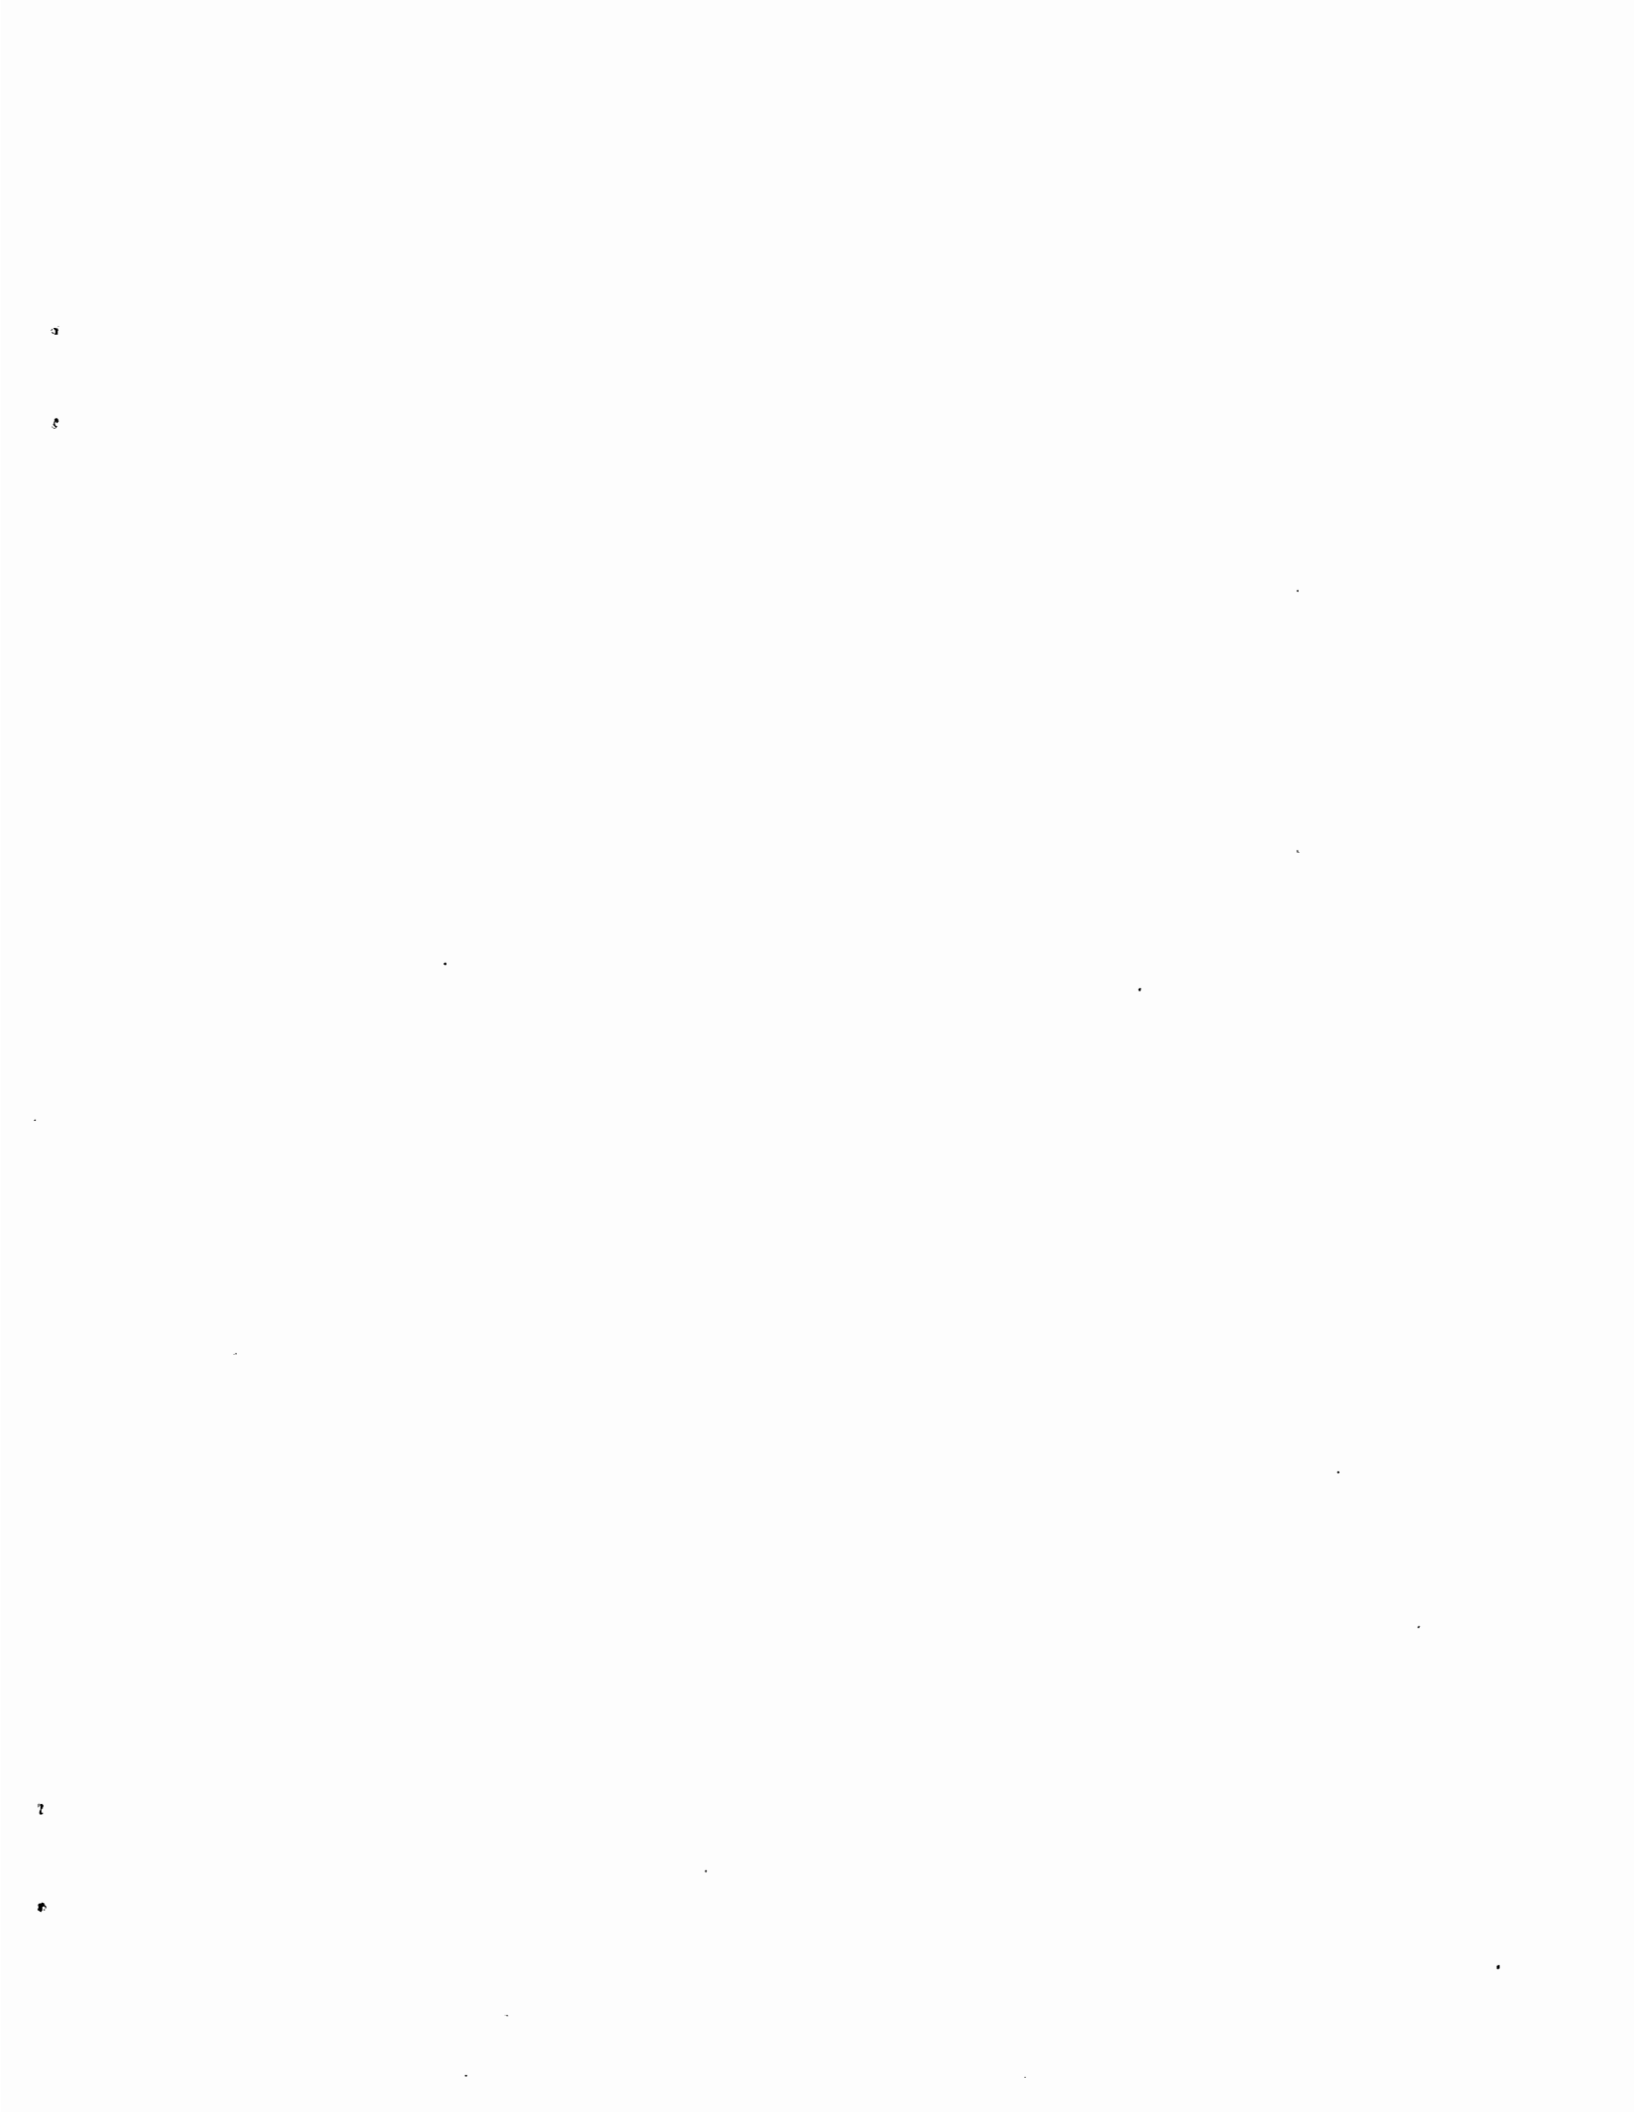

**NOTES ON FISCAL 1989 AVERAGE DAILY POPULATION**

A/ Residents include offenders in the institution and on furlough on the last day of the report period. For the Prison Complex and Youth Complex, number on furlough is included in the total complex counts and not in the counts for separate units.

Also note that, for this report, offender counts are based on physical location and not on correctional jurisdiction (e.g., prison offenders housed in Youth Correctional Facilities are included in Youth Correctional Counts).

B/ MEDIUM/MAXIMUM UNITS: Footnote "B" identifies units providing medium or maximum custody. The count provided includes all offenders resident in units which primarily house offenders requiring more than minimum custody. Thus these counts are not a count of offender custody status but are a count of the total number of offenders resident in designated units.
