Application Withdrawal	I = Additional Information Requested	T = Additional Information Received
A= Approved	IS = Issued	W= Withdrawn
C = Cancelled	L = Legal Appeal of Permit Decision	
D= Denied	M = Permit Modification	

Specific Decision Application Codes

O = Other

REG = HMDC/Pinelands Exemption

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Special Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
COASTAL GENERAL PERMIT APPLICATION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would amend the Coastal General Permit 9 issued on August 10, 2012 to reflect that the brick wall is not considered a shore protection structure, does not need to be removed and will be legalized; the rubble is legally existing and therefore does not need to be removed; and the concrete pad will be legalized. The applicant is Eugene and Dawn Doherty. Notice of the amended permit will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF: Eugene & Dawn Doherty
NJDEP FILE #0511-09-0011.1 CAF120001 GP9
Block 735, Lot 2
Upper Township, Cape May County

Comments regarding this settlement or requests for information regarding this action should be sent to: Shorefront Region Section Chief, Division of Land Use Regulation, Mail Code 501-02A, PO Box 420, Trenton, NJ 08625-0420 or by e-mail care of chris.dolphin@dep.state.nj.us, or the office may be reached by telephone: (609) 777-0454. Comments must be received by NJDEP within 15 days of this publication, or by May 23, 2013.

**PUBLIC NOTICE
NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF REQUEST FOR DE MINIMIS MODIFICATION OF A CONSERVATION EASEMENT/DEED
RESTRICTION**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has received a request for the De Minimis modification of the current Conservation Easements/ Declarations of Environmental Restrictions by and between Bayshore Regional Sewerage Authority in Union Beach and the New Jersey Department of Environmental Protection and recorded on 08/09/1992 in the Monmouth County Clerk's Office in Deed Book 5157, page 0115, and an amendment recorded 10/15/2012 in the Monmouth County Clerk's office in Deed Book 8855, page 1660, under provisions of the "New Jersey Conservation Restriction and Historic Preservation Restriction Act." N.J.S.A. 13:8B-4 and 5. The applicant will modify the language of the deed restrictions filed in order to allow for the construction of a continuous effluent monitoring system and an elevated boardwalk for access to the system. The De Minimis modification of the restriction is authorized under the provisions of the "New Jersey Conservation Restriction and Historic Preservation Restriction Act" N.J.S.A. 13:8B-5 and -6.

APPLICANT: Bayshore Regional Sewerage Authority
FILE NUMBER: 1350-09-0002.1 CAF 120002, WFD 120001, FWW 120002 & FWW 120003
PROJECT DESCRIPTION: De Minimis modification of deed restricted land
MUNICIPALITY: Union Beach
COUNTY: Monmouth
PROJECT ADDRESS: Block: 251, Lot: 3

The Division of Land Use Regulation invites the public to submit written comments on the above referenced application postmarked within fifteen (15) days of the date of this notice to:

Mrs. Kara Turner, Environmental Specialist 2
Division of Land Use Regulation
Mail Code 501-02A, PO Box 420
Trenton, New Jersey 08625-0402

DATE OF THIS NOTICE: May 8, 2013

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
Waterfront Development Individual Permit/Coastal Wetlands Permit**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that would authorize, via issuance of a Waterfront Development Individual Permit and Coastal Wetlands Permit, the legalization of a 4' by 6' pier over mapped coastal wetlands and a 3' by 14' ramp leading to a 6' by 24' floating dock under the Waterfront Development Law (N.J.S.A.12:5-3) and the Wetlands Act of 1970 (N.J.S.A. 13:9A-1 et seq). The project is located at the property known as Lot 21.01, Block 42, Elsinboro Township, Salem County, New Jersey. The project is shown on the site plan entitled: "EXISTING CONDITIONS PLAN FOR: JOHN & SUZANNE CRUMB, SHEET 13, BLOCK 42, Lot 21.01, ELSINBORO TOWNSHIP, SALEM COUNTY, NEW JERSEY", prepared by Land Engineering, L.L.C., dated 5/31/07, unrevised.

Notice of the final permit decision will appear in the DEP Bulletin under the section entitled Division of Land Use Regulation.

IN THE MATTER OF: John and Suzanne Crumb
File # 1703-05-0001.1 WFD070001, CSW070001
Elsinboro Township, Salem County, New Jersey
Block 42, Lot 21.01

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Joanne B. Davis, Supervisor, by email at joanne.davis@dep.state.nj.us or the office may be reached by telephone: (609) 633-2289. Comments must be received by NJDEP within 15 days of this publication.

**PUBLIC NOTICE
ENVIRONMENTAL PROTECTION
DIVISION OF COASTAL AND LAND USE PLANNING
Adopted Amendment to the Northeast Water Quality Management Plan**

Take notice that on **April 17, 2013**, pursuant to the provisions of the New Jersey Water Quality Planning Act, N.J.S.A. 58:11A-1 et seq., the Statewide Water Quality Management Planning rules (N.J.A.C. 7:15-3.4) and P.L. 2011, c.203, an amendment to the Northeast WQMP was adopted by the Department of Environmental Protection (Department). This amendment modifies the current Bernards Township Sewerage Authority Watershed Wastewater Management Plan (WMP) and the Somerset County Future Wastewater Service Area Map for that portion of the County within the Northeast WQM Planning Area.

This amendment provides for the construction of Mine Brook Road Residential Development to be located on Block 4701, Lot 2 and portions of Block 4701, Lots 3 and 24 in Bernards Township, Somerset County. The proposed project location is bounded to the south by Mine Brook Road, to the east by the Dead River and to the west by Interstate Route 287. The total project area is approximately

89 acres. The Mine Brook Road residential development is proposed to consist of 12 single-family homes and a community center. The area to be developed for the 12 proposed lots and community center would encompass a total of 30.5 acres. The projected wastewater flow from the proposed residential development, calculated in accordance with N.J.A.C. 7:14A-23.3 is 5,000 gallons per day. Generated wastewater is to be treated by an on-site wastewater treatment system, which will discharge to groundwater (DGW). Potable water for the proposed residential development would be provided for by 12 individual on-site public wells.

As part of this adopted amendment, only the 12 proposed residential lots and the community center, to be served by the proposed sanitary treatment plant on approximately 30.5 acres, will be designated as a service area for "Mine Brook Road Development". As part of the proposed project, an area totaling approximately 58.5 acres is to be created as an Open Space / Natural Resource Conservation Easement.

This amendment has been reviewed in accordance with the Water Quality Management Planning rules at N.J.A.C. 7:15-5.24 and 5.25(h). This adoption notice represents the Department's determination that this amendment is compliant with the regulatory criteria pursuant to N.J.A.C. 7:15-5.24 and 5.25.

In accordance with N.J.A.C. 7:15-5.24(b), environmentally sensitive areas have been assessed to determine what areas are appropriately included in the proposed sewer service area. Pursuant to N.J.A.C. 7:15-5.24, environmentally sensitive areas are defined as contiguous areas of 25 acres or larger, alone or in combination, consisting of habitat for threatened and endangered species as identified on the Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species, Natural Heritage Priority Sites, Category One (C1) special water resource protection areas, and wetlands. These environmentally sensitive areas are not included in the proposed sewer service area except as noted below.

In accordance with N.J.A.C. 7:15-5.24(b)1, to determine areas designated as threatened or endangered species habitat, the Department utilized the Division of Fish and Wildlife's Landscape Project Maps of Habitat for Endangered, Threatened or Other Priority Species (Landscape Project), version 3.1. A review of the Landscape Project indicated that the project location is identified as threatened and endangered species habitat for the federally listed Indiana Bat. As part of the Department's Division of Land Use Regulation (DLUR) permit approval process, a United States Fish and Wildlife Service (USFW) evaluation was conducted. The USFW determined that in order to protect the Indiana Bat, a seasonal tree cutting restriction during the breeding/ maternity period be imposed as a condition of any DLUR issued permits for this proposed project location. Consequently, the DLUR permit issued pursuant to the NJ Flood Hazard Area Control Act (#1802-03-0017.1) contain a condition prohibiting any tree clearing activities from April 1st to September 30th of each year.

In addition, a significant portion of the existing wooded area of the site including the 50 foot riparian buffer associated with the Dead River will remain as 58.5 acre Open Space/ Conservation Easement. The majority of the portion of the project site to be developed and proposed as sewer service area is currently in agricultural use. Based on the above, the Department determined that pursuant to N.J.A.C. 7:15-5.24(g)2, the inclusion of the sewer service area for the development of the site will not impact the nesting and breeding nor decrease the likelihood of the survival and/or recovery of the species.

In accordance with N.J.A.C. 7:15-5.24 and 5.25, no portion of the proposed development on site is identified as within a Natural Heritage Priority Site, a special water resource protection area along a Category One water, or wetlands or associated buffer.

The Township of Bernards, Somerset County, New Jersey has adopted a stormwater control ordinance (Ord. No. § 21- 42.1.) in accordance with N.J.A.C. 7:8. Consequently, the requirements of N.J.A.C. 7:15-5.25(g)1 for stormwater control have been satisfied. No portion of the proposed development on site is identified as within a riparian zone as established at N.J.A.C. 7:15-5.25(g)2-5 or areas with a steep slope as required at N.J.A.C. 7:15-5.25(g)6.

Pursuant to N.J.A.C. 7:15-5.25(h)2, the Department has determined that the project has demonstrated that considering dilution available on the project site, wastewater generated from this development can be discharged on site in conformance with the nitrate planning standard of 2.0 mg/L. To meet the nitrate planning standard, the Department's nitrate dilution model projected for a discharge rate of 5,000 gpd within non-hydric soils on site, approximately 21 acres of pervious area are required to remain to provide the necessary dilution. The submitted approved site plans confirmed that 21 acres of the proposed project, not delineated as wetlands and/or containing hydric soils are to be deed restricted as open space and thus will maintain as pervious area.

To provide potable water to the proposed development, the proposed project will utilize 12 privately owned wells associated with the individual parcels. All of the proposed wells are to be located within the Upper Passaic River (above Pine Brook) watershed (HUC11). The proposed wastewater treatment system will discharge effluent back to groundwater within this same HUC11 watershed proportionate to the projected volume of potable water withdrawn; accordingly, potential depletive/consumptive impacts have been addressed.

This amendment proposal was noticed in the Department Bulletin on January 23, 2013 at Volume 37, Issue 2, and no comments were received during the comment period.

Adoption of this amendment does not eliminate the need for any permits, approvals, or certifications required by any Federal, State, county, or municipal review agency with jurisdiction over any project/activity. Further, adoption of this amendment does not provide any implied approval for any other aspects of any project or needed permits and approvals.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION**

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF: Peter Bryn

	Paragraph	8
	Subparagraph	

Narrative	
	Edward Tomao is seeking a waiver of strict compliance with DEPs Submerged Vegetation Habitat (SVH) Rule, N.J.A.C. 7:7E-3.6(b)6.vi, requiring a minimum depth of 4 MLW at a proposed residential dock mooring area. DEP denied a waterfront development permit for Property at 245 West 21st Street, Borough of Surf City, Ocean County, Block 90, Lots 17 and 17.01. The proposed dock length is 50, with 2 MLW at the mooring area. A waiver is sought on grounds of conflicting rules. Compliance with the SVH Rule conflicts with DEPs Docks and Piers Rule, N.J.A.C. 7:7E-4.5(b)8, requiring that the proposed structure not hinder navigation or access to adjacent water areas. The proposed structure would be generally consistent in length to nearby existing structures. But to achieve a water depth of 4 MLW, it would have to be constructed more than 260 outshore of the existing bulkhead. This would outdistance the existing nearby dock structures and would create a potential impediment to navigation and access to adjacent water areas. Additionally, construction to 4 MLW would bisect the mapped SAV habitat for a significant length, cause more shading and coverage, and condemn a greater area of mapped shellfish habitat. Compliance with provisions of both the SVH Rule and the Docks and Piers Rule is impracticable, if not, impossible. Compliance with N.J.A.C. 7:7E-3.6(b)6.vi would also pose an actual, exceptional hardship and result in an excessive cost, and is unduly burdensome. The water areas outshore of the Property are shallow and constructing the dock to 4 MLW would be an excessive length in comparison to surrounding structures, would effectively nullify the value of the existing riparian grant, would cost considerably more than the proposed project, and would not achieve a greater benefit to public health, safety and the environment. For these reasons, and the reasons detailed in the Report submitted herewith, the requested waiver should be granted.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF REMEDIATION MANAGEMENT AND
OPERATIONS ELEMENT**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz
Operations Element
PO Box 028
Trenton, NJ 08625

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF WATER QUALITY**

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin **and** a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin **only**.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

NJPDES MASTER GENERAL PERMIT PROGRAM INTEREST NJ0108308 DGW	401 E State St Trenton, NJ 08625 Mercer County	Mike Pigliacelli Bureau of Nonpoint Pollution Control (609)633-7021		Ground Water Master General Permit Renewal This is a renewal permit action for the Category I1 General Permit which regulates discharges to stormwater basins at operating landfills. All existing permit requirements, including basin monitoring requirements, have been maintained. This permit is being re-drafted to update an EPA method cited in Part IV, A., 1., f. of the permit.
NJPDES MASTER GENERAL PERMIT PROGRAM INTEREST NJ0163261 DST	401 E State St Trenton, NJ 08625 Mercer County	Shashi Nayak Bureau of Nonpoint Pollution Control (609)633-7021		Stormwater Discharge New Master General Permit This new master general permit is being issued to authorize the discharge of stormwater to surface waters and ground waters of the State of New Jersey from facilities that engage in scrap metal recycling that may also include vehicle recycling. This category of facilities is currently covered under the Department's Scrap Metal Processing and Recycling General Permit (NJ0107671). This new general permit is being issued to better represent the scrap recycling industry.
WILLOW SCHOOL NJ0141801 DGW	1150 Pottersville Rd Gladstone, NJ 07934 Somerset County	Gregory Chin Bureau of Nonpoint Pollution Control (609)633-7021	Passaic Formation II-A	Ground Water Renewal Permit Action The school is a 81,686 square foot, 2 1/2-floor structure, comprised of classrooms for kindergarten and grades 1-8, cafeteria, gymnasium, library-study and Lyceum Performing Arts Center. Administrative offices and a garage/maintenance area are in the existing 2-story frame house and barn respectively. The Willow School 20-year projected maximum occupancy is 216 students and 35 faculty and staff. The facility has a sanitary wastewater design flow of 4,670 GPD. The wastewater will be discharged to ground water via an on-site wastewater treatment and disposal system employing primary settlement with anaerobic digestion, constructed subsurface flow wetlands.
USDOD JOINT BASE MCGUIRE DIX LAKEHURST TTB 1B NJ0193356 DGW	Grand Concourse Rt 33 Tac 13d Fort Dix, NJ 08640 Burlington County	Gregory Chin Bureau of Nonpoint Pollution Control (609)633-7021	Glacial Drift II-A	Ground Water Major Mod Permit Action This modification of discharge permit action is for a proposed training base, Sanitary wastewater will be discharged to Ground Waters of the State via subsurface sewage disposal beds. Troops will generate 96,625 gpd of wastewater and two downgradient monitor wells will assess groundwater quality. This modification renames monitor wells, adds VOC sampling and modifies depth to water measurements.

The following minor modifications and administrative permit revocations were recently issued. These actions are listed for informational purposes only and are not open for public comment.

Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Coastal and Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

Written comments should be submitted to:
