has been the holder of a motorcycle license or endorsement for less than six months. The course shall consist of a presentation in sequence of those modules of the MSF MRC:RSS or MRC:ERC course designated as "optional" by the MSF and which are not included in the MSE Basic Skills Level or Experienced Level curriculum or a repeat of some portion of the Basic Skills Level or Experienced Level course in conjunction with optional modules. The Chief Administrator may also approve other intermediate level courses. (b) The Chief Administrator shall approve the use of materials for the course when the Chief Administrator finds that the course will further develop the knowledge, attitudes, habits and skills necessary for the safe operation and riding of a motorcycle. The Chief Administrator's approval of the use of materials for a course approved at the request of one provider shall be deemed approval for all other providers to use the materials to offer the course under the same conditions. The approved course shall be open to any person meeting the requirements.

If the applicant submits a written response indicating that the corrective action or its equivalent has been taken, the Chief Administrator, by inspection or other means, shall confirm that the corrective action has been taken and is sufficient to issue the approval. (b) The provider shall have 25 days from the date of receipt of the notice to respond to the Chief Administrator in writing. The provider shall state in its response an explanation for the noncompliance, what steps the provider has taken to prevent its recurrence and shall address any other cause for revocation specified in the notice. The notice shall state that if no timely written response is received, the Chief Administrator's approval to offer the course at the location or locations specified in the notice is revoked and shall require the provider to return all student classroom materials, instructor guides, or other materials or assistance supplied pursuant to this chapter to the Motor Vehicle Commission.

(c) The Chief Administrator shall review any timely written response and may determine, after having any corrective action described in the notice inspected or verified, that the response is sufficient to rescind the notice of noncompliance. In determining whether the response is sufficient to rescind the notice of noncompliance, the Chief Administrator shall consider whether a review of the record shows that the same or similar noncompliance for which the

provider received notice pursuant to this rule has previously occurred during the training year and been corrected.

(d) If the Chief Administrator determines that the response is insufficient to rescind the notice of noncompliance or a review of the record shows the same or similar noncompliance has occurred on more than one occasion during the training year, the Chief Administrator shall either notify the provider in writing that approval to offer the course at the location or locations identified in the notice is revoked as of the date specified and shall direct the provider to return all student classroom materials, instructor guides or other assistance supplied pursuant to this chapter to the Motor Vehicle Commission or shall schedule a hearing pursuant to the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq., before issuing a final determination.

SUBCHAPTER 6. CERTIFIED INSTRUCTOR

13:85-6.1 Certification of instructor

(a) Any person seeking to qualify for certification as an instructor of the MSE course shall apply in writing to the Chief Administrator, and as of the date the certification is issued by the Chief Administrator, shall:

1. Be the holder of a motorcycle license or endorsement issued by any state that is not suspended, revoked, or expired and have at least two consecutive years of licensed motorcycle riding experience on the public roads and highways;
2. Be the holder of a current Motorcycle Safety Foundation certification as a motorcycle instructor;
3. Have no conviction for sexual assault, endangering the welfare of children or incompetent persons, arson, robbery, aggravated assault, kidnapping, murder, manslaughter or, within the past 10 years, for a violation of a

law pertaining to a controlled dangerous substance in New Jersey or any other jurisdiction;

4. Have no record of a suspension or revocation of his or her driver's license, motorcycle license or endorsement, special learner's permit, examination permit or provisional license during the past two years;

5. Have no conviction for a violation of N.J.S.A. 39:4-50 or conviction of a violation of law of a substantially similar nature of another jurisdiction during the past five years;

6. Have accumulated no more than four points assessed against his or her driver's license or motorcycle license or endorsement, special learner's permit, examination permit or provisional license for motor vehicle offenses during the past two years; and

7. Have at least two years of motorcycle riding experience.

(b) For purposes of determining whether an applicant is qualified for the issuance of instructor certification, the Chief Administrator shall review the application submitted pursuant to (c) below and apply the following:

1. An applicant who has held during the two consecutive years prior to the date of review more than one motorcycle operator's license or endorsement—each issued by a different state—meets the requirements of (a)1 above provided that there is no period during the two consecutive years in which the applicant did not hold a motorcycle operator's license or endorsement issued by a state.

2. A record of suspension or revocation shall be deemed to exist for purposes of this section if, on any day during the two years previous to the date of review, a suspension or revocation of the applicant's driver's license or motorcycle license or endorsement was in effect.

3. The accumulation of motor vehicle points prohibited by (a)6 above shall include all points assessed as the result of a conviction for motor vehicle offenses where the date of conviction occurs within the two years previous to the date of review notwithstanding any reductions during that period for good conduct or successful completion of a defensive driving course or other reduction provided by law.

4. When the suspension of a driver's license or motorcycle license or endorsement occurring during the two years previous to the date of review was imposed solely in connection with a parking obligation or as a sanction for failure to meet a financial obligation or to compel appearance before a court or administrative body, and the license or endorsement was restored upon payment of the parking fine or financial obligation, or appearance before the court or administrative body, the Chief Administrator shall issue the certification provided the length of any such suspension does not, in the judgment of the Chief

Administrator, render the applicant unable to demonstrate that he or she has at least two consecutive years of motorcycle riding experience under the motorcycle license or endorsement submitted with the application and all other requirements are met.

(c) Any person who meets the requirements set forth in (a) above may apply in writing to the Chief Administrator for the issuance of a certification. The applicant shall sign and date the application, which shall include the following information:

1. The applicant's full name, residential address, and telephone number;
2. The applicant's motorcycle operator's license or endorsement number, the name of the issuing state, and a copy of the front and back of the license or endorsement;
3. The registration number of a motorcycle, if one is owned by the applicant at the time of application, and a copy of the front and back of the motorcycle's registration, or the registration number of a motorcycle owned at any time during the two years previous to the application, and the name of the state of registration, and a copy of the front and back of the motorcycle registration, or, if no motorcycle is owned by the applicant at the time of application and the registration number and registration of a motorcycle owned during the two years previous to the application is not available, a description of the types of motorcycles ridden during the two years previous to the application;
4. The location, dates of attendance, and identity of the sponsor of the Motorcycle Safety Foundation Instructor's Preparation course attended by the applicant, the names of the Chief Instructor(s) conducting the course, and a copy of the front and back of the MSF instructor's card issued to the applicant or a copy of the applicant's MSF IP course completion certificate;
5. A completed New Jersey Criminal History Review Form and fingerprint card or cards as required by N.J.A.C. 13:59 and supplied by the Motor Vehicle Commission and a cashier's check, certified check or money order payable to the Division of State Police-SBI in the amount specified as required by N.J.A.C. 13:59-1.3;
6. A statement by the applicant that he or she meets each of the requirements for certification set forth in this section;
7. In the case of an applicant who is the holder of a motorcycle license or endorsement issued by another state or jurisdiction, a copy of the applicant's driving history certified by the motor vehicle licensing agency of that state or jurisdiction; and
8. The estimated number of miles ridden on a motorcycle during the two years previous to the application and the types of riding experience.

(d) When the applicant submits an unsigned or otherwise incomplete application, the Chief Administrator shall send the applicant a Notice of Incomplete Application. The Notice shall specify the deficiencies in the application and provide the applicant with no less than 10 days from receipt of the Notice to submit the information or document needed to complete the application. If the applicant does not correct the deficiency within the time period specified in the Notice, the incomplete application, if retained by the Motor Vehicle Commission, shall be returned to the applicant.

(e) When the Chief Administrator's review of the application finds the applicant meets the requirements set forth in (a) above, the Chief Administrator shall issue a certification. No certification fee shall be charged by the Chief Administrator. A certification so issued shall be in writing and shall be valid during such period as the instructor continues to meet the requirements of (a)1 through 7 above. The certification shall include a statement that the holder may serve as an instructor in any MSE course offered by a provider during any training year, subject to the provisions of N.J.A.C. 13:85-6.2, so long as the certification is valid at the time the holder serves as an instructor. The Chief Administrator shall assign a Motor Vehicle Commission Certification Number to the instructor. The instructor shall keep the certification readily available whenever serving as an instructor in the MSE course and shall present it to the Chief Administrator or the Chief Administrator's designee upon request.

(f) The period of validity of the certification shall end as of the date:

1. A suspension or revocation of the instructor's motorcycle operator's license or endorsement or driver's license becomes effective;
2. The instructor is convicted of a violation of N.J.S.A. 39:4-50 or of a substantially similar statute in another jurisdiction;
3. The instructor is convicted of a motor vehicle offense and is assessed motor vehicle points that, when added to other points assessed during the two years previous to the date of conviction, exceed four points in total;
4. The instructor's MSF certification is no longer valid;
5. The instructor is convicted of any of the crimes or offenses set forth in (a) above; or
6. The instructor is found to be in noncompliance with this chapter.

(g) An instructor shall report to the Chief Administrator whenever the period of valid certification has ended, within 10 days after the date on which the period has ended, and shall surrender the certification or any Letter of Registration issued pursuant to N.J.A.C. 13:85-6.2 to the Chief Administrator.

(h) The Chief Administrator shall recertify a person whose initial certification is no longer valid and who has no record of having served as an MSE instructor after the period of valid certification ended upon the person again meeting the requirements in (a)1 through 7 above.

(c) If a timely response is received that does not dispute any record the Chief Administrator relied on in the issuance of the denial or Notice of Invalid Certification, the Chief Administrator shall consider any other argument raised in the response and determine the matter on the written record.
