ABOUT THE DEP BULLETIN

The DEP BULLETIN is an informational service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by D.E.P. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetlands permits, Stream Encroachment permits, Sewerage Extension permits, and CAFRA permits (Coastal Area Facility Review Act). In addition the circular provides a calendar of Events of Interest and a Schedule of Public Hearings. (The Public Hearings however, are not official DEP notices). Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

ENVIRONMENTAL IMPACT STATEMENTS

AND ASSESSMENTSLawrence Schmidt. (609) 292-2662

DIVISION OF COASTAL RESOURCES

For Coastal Permits (CAFRA, Wetlands and Waterfront Development) inquire according to location.

Waterfront Region.Darryl Jennus. (609) 292-8202

(Bergen, part of Burlington along the Delaware River, Camden, Essex, Gloucester, Hudson,
Mercer, Middlesex and Union)

Northern Shore.Philip Sandine. (609) 292-0060

(Monmouth, Ocean, small segment of Burlington near Mullica River)

Southern Shore.Kari Braun. (609) 292-9765

(Atlantic, Cape May, Cumberland, Salem, Ocean, part of Burlington)

DIVISION OF WATER RESOURCES

STREAM ENCROACHMENTJohn O'Dowd. (609) 292-2373

SEWERAGE EXTENSIONS (Inquire according to location)

Atlantic Basin.Neil Goldfine. (609) 292-6814

Delaware Basin.Samuel Giallella. (609) 292-5562

Passaic-Hackensack.Paul Kurisko. (609) 292-7761

Raritan & Interstate Sanitation Commission.Russell Nerlick. (609) 292-2482

PERMIT GUIDANCE AND COORDINATION FROM

DIVISION OF WATER RESOURCES.Stephen B. Schlags. (609) 292-6215

Printing and circulation of the DEP BULLETIN is handled through the Documents Distribution Center.

Persons desiring to be included on the mailing list may call: (609) 292-9769 or write - Documents Distribution Center.

P.O. Box 1390, Trenton, N.J. 08625.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

USE THIS SERVICE FOR MAJOR PROJECTS

As Staff to Commissioner John J. Horn of the Department of Labor and Industry, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing "MASTER PERMIT INFORMATION APPLICATION FORM"
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY

Administrator.	Rocco Guerrieri, Ph.D
Permit Coordination Project Manager	Paul Krane
State Permit Expeditors	Samuel Mastrull
	Jeffrey A. Horn
Environmental Specialist.	John Serkies
Business Advocacy Specialist.	Phillips S. Heathcote
	Joseph T. Grossi

ASK FOR PERMIT COORDINATION - (609) 292-0700

OFFICE OF BUSINESS ADVOCACY, P.O. BOX 2766, TRENTON, N.J. 08625

OVER-THE-COUNTER PERMITS

I. STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625.

II. WATERFRONT DEVELOPMENT (609) - 292 - 0060

DEP has a one-day processing service for minor waterfront development projects. This over-the-counter service applies to waterfront construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact: Waterfront Development, P.O. Box 1889, Trenton, NJ 08625.

III. SEWER EXTENSIONS (609) - 292 - 3846

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, P.O. Box CN029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

All DEP Public Hearings, Administrative Hearings, and DEP
Events of Public Interest are open to the public.

DEP Events of Public Interest include: public hearings, council meetings, workshops, public information meetings, and exams.

Public Hearings (Quasi - Legislative) - are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide, or of broad general interest.

Administrative Hearings (Quasi - Judicial) - are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

(Recent press releases in capsule form)

September 29--REGIONAL SEWAGE FACILITIES CERTIFIED FOR EPA FUNDING--Commissioner Jerry Fitzgerald English announced that DEP has certified to the federal Environmental Protection Agency (EPA) a \$1 million grant to the Hudson County Utilities Authority (HCUA) for a design of its regional sewage treatment plant.

#

September 29--SIX WATER POLLUTION PENALTIES ASSESSED, ONE REDUCED--DEP's Division of Water Resources announced the assessment of six Civil Administrative Penalties totaling \$31,398 to six firms for water pollution control violations including wastewater discharges into surface waters and illegal construction and operation of sewage treatment facilities. The violations occurred in Camden, Middlesex and Salem Counties. A Monmouth County firm's previously assessed penalty was reduced because improvements have been made.

CAMDEN COUNTY: Chalet Company, Inc. of Pine Hill, \$2,698; Pine Hill Condominium Developers, \$7,500; Midlantic Bank of Newark and Heritage Mortgage Finance Corporation of Haddonfield, \$6,250.

MIDDLESEX COUNTY: Excel Products, Inc. of New Brunswick, \$3,100.

SALEM COUNTY: Harding Woods, Inc. of Pitts Grove, \$5,600.

MONMOUTH COUNTY: An Administrative Order was issued reducing the amount of a June 25 assessment to Comtron, Inc. of Manalapan Township from \$1,375 to \$688 in recognition to the firm's physical effort and improved management practices to eliminate the discharge of untreated metal plating wastewater.

#

September 30--DRAFT SHORE MASTER PLAN RELEASED FOR PUBLIC COMMENT--Two public hearings on the draft Shore Protection Master Plan will be held in November: November 6, Thursday, at 10:30 a.m. at the Paramount Theater in Asbury Park and November 7, Friday, at 10:30 a.m. at Stockton State College in the A-Wing Lecture Hall. Copies of the draft plan will be available in shore area libraries and municipal buildings, or may be obtained by contacting the Division of Coastal Resources at 609-292-8952. Written comments on the draft plan should be sent to David N. Kinsey, Director, Division of Coastal Resources, P.O. Box 1880, Trenton 08625, by November 14.

#

September 30--REVISION OF AIR QUALITY STANDARDS PROPOSED FOR NEW COAL BOILERS--Commissioner English announced a proposal of revised air pollution standards for major new coal fired boilers in the state. The proposed standard for sulfur dioxide is modelled after the national environmental standards for electric utility generating units which were adopted in 1970 after over two years of debate and study. The proposed regulation reflects the national energy policy of greater coal use in an environmentally acceptable manner by encouraging the construction of new coal boilers with scrubbers and requiring that all ambient air quality standards are met.

#

September 30--N.J. CONGRESSIONAL DELEGATION CONGRATULATED FOR "SUPERFUND" EFFORTS--Commissioner English lauded the passage of the "Superfund" bill through the House of Representatives and commended N.J.'s congressional delegation for "their efforts in helping to pass this crucial legislation." "Your responsiveness to the hazardous waste problem in your districts has been clearly demonstrated in your vote for the Superfund bill," said Commissioner English. Mrs. English recently

presented testimony before the Senate Finance Committee in Washington to urge passage of the Senate version of the "Superfund" legislation.

#

October 1--LEAGUE FOR CONSERVATION LEGISLATION SUPPORTS BOND ISSUE--The League for Conservation Legislation, a statewide environmental group, endorsed the \$145 million Natural Resources Bond Issue that will be on the November 4 ballot. The bond issue will provide \$145 million for wastewater treatment facilities, resource recovery facilities, dam repairs, harbor cleanup, and water supply interconnections. "The money from the bond issue will be spent not on luxuries, but on necessities," said Richard Willinger, president of the League.

#

October 1--PENALTIES ASSESSED FOR WATER QUALITY VIOLATIONS--DEP's Division of Water Resources assessed two Civil Administrative Penalties totaling \$6,725 for violations in Cumberland and Essex Counties. The County of Cumberland was assessed \$4,600 for the construction and operation of the Cumberland County Medical Center Sewage Treatment Plant without the appropriate DEP approvals; and the Nouveau Art Glass Company, Inc. of Fairfield in Essex County was assessed \$2,125 for the unpermitted discharge of wastewaters containing Hydrofluoric Acid, a hazardous substance. In addition, the company was ordered to immediately cease its unpermitted pollutant discharge and to submit a written report to DEP detailing how the discharge has been eliminated. Failure to comply with the order could subject the firm to penalties of up to \$10,000 for each day the unpermitted discharge continues.

#

October 2--CAFRA APPLICATION APPROVED --David N. Kinsey, Director of the Division of Coastal Resources, announced the approval of a Coastal Area Facility Review Act (CAFRA) permit allowing construction of West End Long Branch Townhouses, a proposed project of 38 units and associated amenities on Ocean Avenue and Lake Drive in Long Branch.

#

October 2--LAKE HOPATCONG DRAW DOWN SUSPENDED--Commissioner English announced DEP has suspended the annual draw down of water from Lake Hopatcong for the routine yearly maintenance of facilities on the lake. DEP's Division of Parks and Forestry suspended the annual draw down on the advice of the Department's Division of Water Resources, (DWR) due to the continuing worsening of the drought which has critically affected water supply systems in northeast New Jersey. The DWR is considering the potential use of this available source of lake water to supplement the drought-stricken northeastern water systems.

#

October 3--UNION LAKE PROPERTY UNDER CONSIDERATION--Commissioner English and Assistant Commissioner for Natural Resources Donald Graham toured Union Lake in Millville, Cumberland County, with the intention of possibly purchasing 6,000 acres of the site with Green Acres funds. The lake is viewed as a potential source of water supply and is being investigated as to this possible use. The property belongs to the Richard Wood Foundation, a nonprofit organization dedicated to the preservation of the Union Lake property.

#

October 6--REMINDER FOR DEP HOT LINE--Commissioner English reminded New Jersey residents that the phone number to call for pollution emergency and violation reports is 609-292-7172, a 24-hour telephone service.

#

October 6--ADMINISTRATIVE ORDERS, PENALTY ISSUED FOR WATER QUALITY VIOLATIONS--
The Division of Water Resources has issued an Administrative Consent Order to Biocraft Laboratories, Inc. of Waldwick in Bergen County, which embodies an agreement by the company to undertake an improved groundwater decontamination program at its plant site. DEP issued an Administrative Consent Order to the Borough of Highlands in Monmouth County reducing a previously assessed of \$5,437.50 to \$2,500 in recognition of the Borough's physical efforts and improved management practices to eliminate overflows at the plant as reasons for the reduction. In Gloucester County, Morris A. Kramer has been assessed an Administrative Order and Notice of Civil Administrative Penalty of \$2,040 for illegal operation of a sanitary sewage extension servicing a building in the Frontage Industrial Park in Westville Borough.

#

October 6--"BUBBLE CONCEPT" INNOVATIVE APPROACH TO AIR POLLUTION CONTROL--Commissioner English announced that the federal Environmental Protection Agency (EPA) has agreed to approve New Jersey's innovative "bubble concept" for controlling emissions of organic air pollutants. The "bubble concept" will allow N.J.'s industry to selectively control their individual emission stacks, some to a greater extent than required by DEP regulations and some to a lesser extent, provided that the total air pollution emitted by a facility does not exceed the upper limit set in the rules for all of the stacks on a combined basis. The term "bubble concept" stems from the depiction of an imaginary bubble over the whole of an industry's stacks, in which the total amount of pollutants emitted is maintained at a regulated level, regardless of the selective variance of emissions from individual stacks.

#

October 7--FALL FOILAGE BROCHURE OFFERED--DEP has published a fall foliage brochure which includes suggested itineraries for bikers and hikers as well as motorists. The brochure, "Nature's Paintbrush Colors New Jersey Beautiful," is available from DEP's Bureau of Parks, P.O. Box 1490, Trenton 08625; the N.J. Division of Travel and Tourism, P.O. Box 400, Trenton 08625; or at any state park, forest or historic site office.

#

October 7--CAFRA APPLICATION APPROVED--David N. Kinsey, Director of the Division of Coastal Resources, announced DEP's approval of a Coastal Area Facility Review Act (CAFRA) permit allowing the construction of condominium units in Point Pleasant Beach Borough, Ocean County. The Harborhead project, proposed by Trend Homes, Inc. of Point Pleasant, will consist of five buildings containing 60 condominium units each, ancillary facilities including parking spaces, and a pool/recreation area inland of the boardwalk. There will be no construction within 100 feet of the jetty or the beach.

#

October 8--N.J. PUBLIC HEALTH ASSOCIATION SUPPORTS BOND ISSUE--Commissioner English welcomed the support of the N.J. Public Health Association for the \$145 million Natural Resources Bond Issue that will appear on the November 4 ballot. The association called on membership to support the bond issue and cited past endorsement of the association for environmental and clean water referendums as well as all the Green Acres bond issues.

#

-4-

October 8--CAFRA APPLICATIONS APPROVED--DEP approved a CAFRA permit for a 200-unit townhouse and garden apartment complex, known as the Ocean Reef Club Corporation, in Ocean City, Cape May County. Proposed by the Blue Water Associates of Ocean City, the project site is off of Beach Thorofare, bounded by the Municipal Airport. Also, a permit for construction of a 47-unit garden apartment complex, known as Woodland Square, in South Belmar, Monmouth County, was issued to Anthony Biunne of West Orange.

#

October 9--COMPANY CITED FOR AIR POLLUTION VIOLATIONS--Commissioner English announced that DEP has taken action requiring the Royce Chemical Company to correct air pollution problems at its East Rutherford facility. The company, cited for three air pollution violations, was assessed Civil Administrative Penalties totaling \$3,600. If Royce fails to correct the violations and pay the penalty by October 15, DEP will refer the case to the Attorney General's Office for further legal action.

#

October 9--ACID RAIN SUBJECT OF TASK FORCE STUDY--The New Jersey Task Force on Acid Rain recently held its first meeting to discuss current acid rain research and environmental monitoring plans in the state. (Acid rain is an air pollutant resulting from fossil fuel combustion, metal smelting, and other processes and can potentially cause damage to the environment.) Commissioner English stated the recently established Task Force has the purpose of developing and analyzing public health, ecological, and air quality information concerned with acid rain effects on the New Jersey environment.

#

October 10--DEP, CITY OF ELIZABETH REACH ACCORD ON SOLID WASTE DISPOSAL--Mayor Thomas G. Dunn and DEP Commissioner English jointly announced a tentative accord of the city's solid waste problems. Under terms of the agreement, Elizabeth will be allowed to dispose of its solid waste in the Hackensack Meadowlands daily after 2 p.m., Saturday afternoons, and all holidays. In addition, all debris from the city will be disposed of in the Meadowlands. DEP will also amend the Union County Solid Waste Management Plan so that all residential and commercial waste that is to continue to be disposed of in Middlesex County will be directed to the Industrial Land Reclaiming, Inc. landfill in Edison, instead of the Global Landfill in Old Bridge. Union County, as the Solid Waste Planning District together with Elizabeth, will do preliminary planning with respect to the city's solid waste collection, disposal, and transportation practices and will include same in its next two year planning update to DEP.

#

October 10--CHEMICAL CONTROL CLEANUP--COMPANIES PRAISED FOR VOLUNTARY WASTE RECLAMATION EFFORTS--Commissioner English praised the efforts of those chemical companies which have been involved in the voluntary reclamation of chemical wastes from the Chemical Control site in Elizabeth. Letters sent to the executive officers of thirteen major industrial firms by the Commissioner praised the efforts of those "generators" of waste chemicals who removed their own waste drums from the illegal storage facility for appropriate licensed disposal. The Commissioner emphasized that the companies involved acted on their own initiative in undertaking this action, as the liability for illegal disposal did not fall on them, but rather upon the operators of the Chemical Control facility. Since DEP began its cleanup in April 1979, these "generator" companies have removed in total, 10,713 drums of waste liquids and sludges, 55,400 pounds of bulk waste solid materials, and 1,800 gallons of bulk waste liquids, at a great savings in cost and labor to the state.

PUBLIC NOTICE

NOTICE: STATE CERTIFICATION OF DRAFT NPDES PERMITS

Notice is hereby given that the applicants, as listed on the following table, have applied to the United States Environmental Protection Agency (EPA) under the provisions of the Clean Water Act, 33 U.S.C. §1251 *et seq.* (the Act), for a National Pollutant Discharge Elimination System (NPDES) permit to discharge pollutants from facilities, located as shown on the table, into navigable waters of the United States.

The New Jersey Department of Environmental Protection (NJDEP) has certified the draft permit in accordance with the provisions of §401 of the Act. A description of each proposed discharge and the receiving body of water is given.

The United States Environmental Protection Agency has tentatively decided to issue a NPDES permit to the applicants. The State of New Jersey Department of Environmental Protection (NJDEP) has issued certifications of the draft NPDES permit subject to certain effluent limitations, standards, prohibitions, and other conditions, necessary to carry out the provisions of the Act and the "New Jersey Water Pollution Control Act," N.J.S.A. 58:10A-1 *et seq.* The certification formulated by DEP is based upon the administrative record.

Each administrative record is on file at the offices of the NJDEP Division of Water Resources, located on 1474 Prospect Street in the Township of Ewing, Mercer County, N.J., and may be inspected and for a fee copied between 8:30 a.m. and 4:00 p.m., Monday through Friday. A copy of each state certification, and other available information may be obtained by writing to the address which appears at the top of this notice.

New Jersey Is An Equal Opportunity Employer

You Are Viewing an Archived Copy from the New Jersey State Library

-2-

Interested persons may submit written comments on the state certification and administrative record to the Assistant Director, Water Quality Management at the above address cited. A copy of the comments should be sent to the Chief, Permits Administration Branch, Region II, U.S.E.P.A., 26 Federal Plaza, New York, New York 10007. All comments shall be submitted within 30 days of the date, of this public notice.

In lieu of, or in addition to, the submission of comments as above provided, any interested person may request that the Commissioner of NJDEP hold a hearing regarding the certification of the proposed discharge. Such request shall indicate the proposed issues to be considered at the hearing.

Any request for a public hearing regarding NJDEP's certification of the proposed discharge should be in writing and submitted to the Assistant Director, Water Quality Management, at the above address with a copy of the request to the Chief, Permits Administration Branch, EPA, Region II. Such request shall be submitted within 30 days of the date of this public notice.

If NJDEP orders that a public hearing be held regarding its certification, and the Enforcement Division Director of EPA, Region II, has also decided to hold a public hearing, the hearings will be held jointly by NJDEP and EPA. If the Enforcement Division Director of EPA, Region II, has decided not to hold a public hearing, NJDEP may itself hold a public hearing regarding its certification.

If NJDEP does not hold a public hearing or reopen the comment period, NJDEP will consider the issuance of the certification to be final within 30 days of the date of this public notice. All comments timely submitted by interested persons in response to this notice, and statements and other evidence properly submitted at any public hearing held by NJDEP will be considered with respect to this certification for a permit.

NJDEP's decision on the issue of whether to hold any hearing, the administration of any hearing and the rights and obligations of participants, are governed by NPDES regulations (40 CFR 124) and the "Administrative Procedures Act" N.J.S.A. 52:14B-1 et seq.

Dr. Marwan M. Sadat, P.E. Assistant Director Water Quality Management

NO. NPDES APPLICATION NO.	APPLICANT'S NAME AND ADDRESS	FACILITY LOCATION	DESCRIPTION OF DISCHARGE AND RECEIVING WATERS	MILESTONE DATES
NJ0003361	El Dorado Terminals Corp. Constable Hook Road Bayonne, New Jersey 07001	Constable Hook Road Bayonne, New Jersey	The applicant operates a storage terminals and wholesale distribution of bulk chemicals. (SIC 5029-5092). Aliphatic and aromatic organics as well as inorganic chemicals are stored at the site. The facility is not involved in any manufacturing process. Waste water is generated when runoff rain water is contaminated by chemicals spilled or leaked by accident. The contaminated waste is clarified through a separator and a skimmer to eliminate "separables" prior to discharge into a flow equalization tank. From there it is discharged into the Kill Van Kull, which is classified as TW-3 waters by the State of N.J.	Certification Date September 29, 1980

NJ0032824	Mr. Thomas A. Green Arctic Products Co., Inc. 22 Arctic Parkway Trenton, NJ 08638	Arctic Products, Co. Inc. 22 Arctic Parkway Ewing Twp., Mercer County	The applicant produces ice cream (SIC 2024). Non-contact cooling water is discharged un- treated to the Shabakunk Creek, classified as FW-2 (nontrout) waters.	Certification Date 10/1/80
NJ0033685	Champion Dairy Pak 155 E. Hanover Ave. Morristown, NJ 07960	155 E. Hanover Ave. Morristown, NJ	The applicant operates a facility which converts rolls of paper into milk carton blanks. The maximum daily production rate is 499 tons per day. Two discharges are reported. Approximately 10,080 gpd is used for non-contact cooling water, of which 2.880 gpd (discharge 001) goes to a cooling tower and 7.200 gpd (discharge 002) is used for once through cooling water. The cooling tower water is channeled through the floor drains which pick up any water leaks in the plant. The cooling tower water is chlorinated three times per week. The discharges are into a drainage ditch which leads to the Whippary River, classified as FW-2 waters by the State.	10/1/80

NEW JERSEY DEPARTMENT OF TRANSPORTATION
HIGHWAY PERMITS PROGRAM

On or about the 15th of each month, the DEP Bulletin will include information concerning the current disposition of all permit applications submitted to the Department of Transportation. The interim status column reflects the status of each application as of the last business day of the preceding month.

In order to be more responsive to the needs of applicants and to facilitate processing applications in a timely manner, the State has been divided into four (4) Regions. Based on the geographical location of the proposed work requiring a permit, a permit application should be obtained from, and the completed application submitted to the appropriate Regional Office listed below:

- REGION I - Sussex, Warren, Morris, Hunterdon, Somerset
- Morris Gepner - Regional Maintenance Engineer
N.J.D.O.T.
Route 206, P.O. Box 55
Netcong, N.J. 07857
Telephone: 201 - 347 - 4415
- REGION II - Passaic, Bergen, Essex, Hudson, Union
- Nicholas Cifelli - Regional Maintenance Engineer
N.J.D.O.T.
Routes 1 & 9, 21 & 22
Newark, N.J. 07714
Telephone: 201 - 648 - 2278
- REGION III - Mercer, Middlesex, Monmouth, Burlington, Ocean
- Raymond Weber - Regional Maintenance Engineer
N.J.D.O.T.
Box 272-B, Route 9
Howell, N.J. 07731
Telephone: 201 - 431 - 4500
- REGION IV - Camden, Gloucester, Atlantic, Salem, Cumberland, Cape May
- Oliver Kee - Regional Maintenance Engineer
N.J.D.O.T.
Route 70 & N.J. Turnpike
Cherry Hill, N.J. 08034
Telephone: 609 - 428 - 6550

REGIONAL REPORT OF
OUTSTANDING APPLICATIONS

On the following pages, the file numbers are identified as to type with the use of a code letter. Their characters are as follows:

- A — Application for Access Driveway
- B — Application for Bridge Attachment
- BD — Banners or Decorations on State Highway R.O.W.
- BE — Erection of Benches
- BOM — Buildings and Other Overdimensioned and Overweight Movements
- BS — Erection of Bus Shelters, Municipality Only
- CU — Construction of Curb
- D — Application for Drainage
- DT — Detours
- G — Grading (Excavation of Fill)
- GR — Guiderail Removal
- L — Landscaping
- LT — Left Turn Slots
- M — Miscellaneous Application
- O — Application for Utility Opening
- P — Application for Erection of Pole
- PA — Parades
- POU — Pedestrian Overpass or Underpass
- RF — Removal of Fill, Other Than Grading
- RRX — Railroad Crossings
- S — Street Intersections
- SW — Construction of Sidewalk
- TB — Telephone Booth Installations
- TH — Test Holes
- TT — Tree Trimming
- TU — Temporary Use of State Highway Right of Way
