SUMMARY OF FUNCTIONS OF THE SEVERAL BUREAUS OF THE DIVISION OF TAXATION

Office of the Director, Division of Taxation

In all features except appeals, the State Tax Department succeeded the State Board of Taxes and Assessment (Chapter 336, Laws of 1931). On July 1, 1944, the powers and duties vested by law in the State Tax Department were transferred to the Division of Taxation, in the Department of Taxation and Finance (Chapter 112, Laws of 1944). The chief officer of the State Tax Department was the State Tax Commissioner. The chief officer of the Division of Taxation, Department of Taxation and Finance, is the Director. Unless otherwise provided by law, the Director of the Division of Taxation performs all the acts formerly required by law to be performed by the State Tax Commissioner (Chapter 112, Laws of 1944).

The Director is charged with the levy of the property and franchise taxes on the several railroads of the State and the levy and apportionment—for the benefit of the municipalities—of the franchise and gross receipts taxes on public utilities operating within the State.

He also levies and collects transfer inheritance and estate taxes; alcoholic beverage taxes; gasoline taxes; billboard licenses and taxes; domestic and foreign corporation taxes; foreign insurance company taxes; and domestic and foreign life insurance company taxes. He is also charged with the duty of distributing taxes collected by him from foreign fire and automobile insurance companies.

In addition, the Director is empowered to equalize assessments, check county equalization tables, prepare State equalization tables, and, in general, check the activities of local and county tax officials.

Administrative Tax Bureau

The purpose of this Bureau is to co-ordinate the administrative functions of all Bureaus of the Division of Taxation.

The Bureau is in charge of employment, payrolls, personnel records, budgets, appropriations, printing, disbursements and purchases. It also

prepares statistical data and divisional and departmental financial statements.

With its centralized accounting machine equipment, it also performs many of the details involved in the assessment, collection, and apportionment of corporation, billboard, and utility taxes.

Transfer Inheritance Tax Bureau

(R. S. 54:33-1 to 54:38-16, as amended and supplemented by Chapter 278, Laws of 1938; Chapters 122 and 303, Laws of 1939; Chapter 220, Laws of 1940; Chapter 422, Laws of 1941; Chapters 38 and 165, Laws of 1943; and Chapters 74, 75, 112 and 220, Laws of 1944)

This Bureau has supervision over the administration of all transfer inheritance tax laws and the collection of all taxes assessed pursuant thereto. The tax is levied upon the transfer of property, real or personal, or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations when such transfer is by will or intestate law, by deed, grant, bargain, sale or gift made in contemplation of or to take effect at or after death, and by survivorship in certain cases.

As to estates of resident decedents, the law applies to real property and tangible personal property (goods, wares, merchandise, etc.) located in New Jersey and to intangible personal property (stocks, bonds, mortgages, bank accounts, etc.) wherever located.

As to estates of nonresident decedents, the law applies only to real property and tangible personal property located in New Jersey.

The tax rates range from one to 16 per cent according to the value of the transfer and the relationship of the beneficiary to the deceased. Transfers to collateral relatives and nonrelatives, if under \$500, are exempt; if \$500 or over, are taxable at the rate of eight per cent, and upward. An exemption of \$5,000 each is granted to those of a close degree of relationship, such as husband, wife, children, mutually acknowledged children, stepchildren, father, mother, grandparents, the rate of tax on the excess being graduated from one per cent upward. An exemption of \$5,000 is also granted to charitable, religious and benevolent organizations, the excess being taxed at the rate of five per cent. Transfers to the State and its political subdivisions are wholly exempt.

Taxes are payable within the year following the death of the decedent, and if not paid bear interest at the rate of 10 per cent per

annum from one year following death, until paid. The inheritance tax report must be filed as promptly after death as the circumstances of the case permit.

This Bureau also assesses and collects New Jersey estate taxes pursuant to R. S. 54:38-1 to 16. The amount of the tax is the difference between the credit allowed against federal estate taxes under the Federal Revenue Act of 1926 and the total amount of inheritance taxes paid this and other states.

Preparation of the five per cent refund to the counties of inheritance taxes collected from resident decedents (pursuant to R. S. 54:33-10) is also supervised by this division.

Transfer inheritance and estate tax receipts, all of which, save five per cent of resident taxes returned to the counties, are available for general state uses, for the fiscal year ending June 30, 1945, were :

Resident inheritance taxes	\$8,296,353.45
Nonresident inheritance taxes	106,250.57
Estate taxes	711,169.34
Total	<u>\$9,113,773.36</u>

Motor Fuel Tax Bureau

(R. S. 54:39-1 to 75, as amended and supplemented by Chapters 166 and 283, Laws of 1938; Chapter 209, Laws of 1939; Chapter 169, Laws of 1940; and Chapter 268, Laws of 1941)

This Bureau administers the Motor Fuel Tax Law and collects, through licensed motor fuel distributors, a tax of three cents per gallon on motor fuel sold in New Jersey to propel motor vehicles over its highways and motor boats over its waterways. It authorizes refund claims and combats tax evasion by investigations, inspections, audits and prosecutions.

All receipts are turned over to the State Treasurer to be credited to the State Highway Fund, with the exception of retail dealer license fees, which are credited by the Treasurer to the Director, Division of Taxation, to defray the expenses incurred in the administration and enforcement of "An act to regulate the retail sale of motor fuels," being Chapter 163, Laws of 1938, as amended by Chapters 204 and 401, Laws of 1938, and Chapters 62 and 63, Laws of 1939, and Chapter 260, Laws of 1942.

The Bureau is charged with the administration of the control act just mentioned. By inspection, audit and investigation, it checks retail dealers for proper price-sign posting; selling at a price equal to or greater than cost, plus all selling expense; display of brand names; giving of rebates, allowances, etc.; use of lotteries, prizes, etc.; substitution and keeping of proper records. The Bureau, however, has no power to enforce the provisions of the Fair Trades Practice Law (R. S. 54:4), as amended by Chapter 165, Laws of 1938, which permits the making of contracts stipulating resale prices by retail dealers.

The gross receipts, refunds and net receipts of this Bureau for the calendar year ending December 31, 1944, were:

Gross receipts	\$18,667,778.35
Refunds	3,044,458.41
	<hr/>
Net receipts	\$15,623,319.94

Beverage Tax Bureau

(R. S. 54:41-1 to 54:47-7, as amended and supplemented by Chapters 319 and 391,
Laws of 1938; Chapter 357, Laws of 1939; Chapter 168, Laws of 1940;
Chapters 209, 210 and 327, Laws of 1941; and
Chapter 171, Laws of 1942)

This Bureau collects taxes on all kinds of alcoholic beverages sold or delivered in New Jersey and intended for ultimate consumption. Tax rates range from 3-1/3 cents per gallon on beer to \$1.00 per gallon on liquors, as fixed by statute. Taxes are collected principally from licensed manufacturers and wholesalers on sales made to retailers.

Net collections are deposited to the account of the State Treasurer and drawn upon by him monthly for the General State Fund.

Actual receipts of this Bureau for the fiscal year ending June 30, 1945 were \$11,349,782.30. An approximate classification based on book revenues follows:

This Bureau is charged with the assessment and collection of capital stock franchise taxes on general domestic and foreign corporations. It also collects the insurance premium tax from domestic and foreign insurance companies. The Bureau also has supervision over certain dedicated funds retained from the taxes levied on fire and automobile insurance risks written by foreign insurance companies. It is charged with the duty of computing and distributing the amounts to be paid, from these dedicated moneys, to the individual Police and Fire Pension Funds throughout the State.

Railroad Tax Bureau

(Chapter 291, Laws of 1941, as amended by Chapters 115, 169 and 337, Laws of 1942; superseding R. S. 54:19 to 29, inclusive)

This Bureau values all railroad property, determines the property and franchise excise taxes, and certifies them to the State Comptroller for collection.

Under the Railroad Tax Law of 1941 there is assessed against each railroad or system a property tax at the rate of three per cent upon the true value of all property used for railroad purposes, and a franchise tax at the same rate on the excess of the "franchise base" over the total taxable valuation of the previous year of all classes of property of the taxpayer used for railroad purposes.

All property taxes, other than those assessed against Class II property, and one-half of the franchise tax are for state use. Property taxes assessed against Class II property and one-half of the franchise tax are for local use, apportioned by the State Comptroller, as the valuation by the State Tax Commissioner of Class II property situated within the taxing district bears to the total valuation of such property in the State.

Railroad taxes levied and payable in 1945 are :

Property tax	\$13,012,424.37
Franchise tax	7,440,151.78
	\$20,452,576.15
Total property and franchise tax for 1945 ...	\$20,452,576.15

For 1945 the apportionment of railroad taxes to state and local use is as follows :

For state use	\$11,168,764.49
For local use	9,283,811.66
	\$20,452,576.15
Total 1945 railroad tax	\$20,452,576.15

Public Utility—Local Tax Bureau Public Utility Tax

(Chapters 4 and 5, Laws of 1940; as amended by Chapters 20, 21, 400 and 401, Laws of 1941; and R. S. 54:30-1 to 3)

This Bureau is charged with the assessment of utility franchise and gross receipts taxes and the apportionment thereof among the municipalities according to the relative values of utility property located therein.

The *franchise tax* assessed pursuant to Chapters 4 and 5, Laws of 1940, as amended by Chapters 20, 21, 400 and 401, Laws of 1941, on utilities, other than those specifically exempted, having lines or mains located along, in, on or over any street, highway or other public place (e.g., telephone, telegraph, water, sewer, district messenger, oil and pipe line, street railway and gas and electric companies) is at the rate of five per cent of such proportion of the gross receipts of the taxpayer for the preceding calendar year as the length of its lines or mains in this State, located along, in, on or over any public street, highway, or other public place, exclusive of service connections, bears to the whole length of its lines or mains, exclusive of service connections.

The *gross receipts tax* assessed pursuant to Chapter 5, Laws of 1940 as amended by Chapters 21 and 401, Laws of 1941, on street railway, traction, gas and electric light, heat and power companies using the public streets, highways, roads or other public places (which is in addition to the franchise tax, mentioned in the previous paragraph and in

lieu of local taxes on certain of the property of the utilities named), is at the same rate as the average rate of taxation in the State, upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

While this Bureau does not collect either the franchise or the gross receipts tax, it is charged with the duty of apportioning both taxes to the municipalities after deducting the expenses incurred by it in the administration of the utility tax laws. The franchise tax is apportioned to the various municipalities in the proportion that the value of the scheduled property of the taxpayer located in, on or over any public street, highway, road, or other public place in each municipality as of the preceding July first bears to the total value of the scheduled property of the taxpayer located in, on, or over any public street, highway, road or other public place in the State. The gross receipts tax is apportioned in the proportion that the value of the scheduled property of the taxpayer located in each municipality as of the preceding July first bears to the total value of the scheduled property of the taxpayer in the State.

Both the franchise and gross receipts taxes are payable to the local tax collectors in three installments: one-third within thirty days after certification of the apportionment by the Director; one-third on September 1st; and one-third on December 1st.

Valuations of scheduled property upon which both taxes are apportioned to the municipalities are determined by the Bureau on the basis of the unit values thereof set forth in each act.

Franchise taxes for the calendar year 1945 were assessed pursuant to the provisions of Chapters 4 and 5 of the Laws of 1940, as amended, against 126 corporations and 5 individuals in the aggregate sum of \$10,521,562.01, classified as follows:

<i>No. of Companies</i>	<i>Classification</i>	<i>Taxable Gross Receipts</i>	<i>Tax</i>

Gross receipts taxes for the calendar year 1945 were assessed pursuant to the provisions of Chapter 5 of the Laws of 1940, as amended (at the average rate of taxation in the State of \$4.745 per \$100 of valuation), against 23 corporations in the aggregate sum of \$8,308,447.30, classified as follows:

Local Tax

(R. S. 54:1-18 to 35)

The primary statutory function of this Bureau, to be carried out when funds are made available, is to try to bring about greater uniformity in local property tax assessments. The Bureau does not have, however, any authority to consider appeals from taxes as levied.

This Bureau is charged with the duty of investigating the accuracy of the county equalization tables and checks the county tables of abstracts of ratables. The preparation of the state equalization table, the preparation of the state table of tax ratables for certification to the Comptroller by the Director and the preparation of the annual report of the Director are included in the work of this Bureau.

The Bureau gives information to taxpayers about laws concerning local tax assessments and confers with and advises county boards and local tax assessors about their work. It also compiles state and local tax statistics.

The Bureau investigates complaints of taxpayers and taxing districts, and submits reports thereon to the Director; keeps a record of the status of tax map matters in local taxing districts; urges the making, completion and revision of such map; and finally, has authority to supervise investigations for the equalization of assessments under R. S. 54:1-26 to 30, inclusive.

Outdoor Advertising Tax Bureau

(R. S. 54:40-1 to 19; superseded by Chapter 168, Laws of 1942)

Revised Statutes 54:40-1 to 19 provide for the collection of license fees and permit fees on billboards and other outdoor advertising matter. A license fee of \$100.00 must be paid by every person, firm or corporation engaged in the business of outdoor advertising for profit, and a permit fee of three cents per square foot of area of each taxable billboard and outdoor advertising space.

Chapter 168, Laws of 1942, repealing R. S. 54:40-1, *et seq.*, applicable to the calendar year 1943, and subsequent years, levies the same license fee of \$100, but provides for permit fees according to the following schedule:

- (a) \$.50 for a space not exceeding 50 square feet in area.
- (b) 1.00 for a space exceeding 50 square feet in area, but not exceeding 100 square feet in area.
- (c) 2.50 for a space exceeding 100 square feet in area, but not exceeding 250 square feet in area.
- (d) 5.00 for a space exceeding 250 square feet in area, but not exceeding 500 square feet in area.
- (e) 8.00 for a space exceeding 500 square feet in area, but not exceeding 800 square feet in area.
- (f) 25.00 for a space exceeding 800 square feet in area.

These license and permit fees are collected on a calendar year basis.

The law empowers the Director to regulate the erection and placing of billboards and other outdoor advertising matter.

All collections under the provisions of this act are first used to defray the expenses of collection and enforcement. Balances are distributed, in January of the subsequent year, among the various municipalities of the State, in the proportion that the amount of the tax collected in each municipality bears to the total amount collected.

Receipts for the calendar year ending December 31, 1944 were:

Permit fees, interest, fines, etc.	\$54,732.95
License fees	5,800.00
Total	\$60,532.95

¹ Public utility and railroad taxes are assessed but not collected by the Division of Taxation. These assessments are on a calendar year basis.

² For the calendar years 1931 through 1940 the two main classifications of railroad property for tax purposes were "main stem," for State use, and "second-class," for local use. Chapter 291, Laws of 1941, changed the classification to "property tax" and "franchise tax." Under this act the property tax on the main stem is retained by the State, the property tax on the second-class property going for local use, and the franchise tax being divided equally between State use and local use.

³ Appeal dismissed by Division of Tax Appeals for lack of jurisdiction. Supreme Court remanded the appeals to the Division of Tax Appeals where they are now pending.
