The Act provides for, among other things, the Authority to undertake all of the school facilities projects in the SDA school districts and to undertake and fund certain preconstruction activities, pursuant to N.J.A.C. 6A:26-3.9 and 19:34. Section 13(a) of the Act provides that in the case of a capital maintenance project, the Authority may, in its discretion, authorize a district to undertake the project and shall enter into a grant agreement with the district for the payment of the State share. Prior to August 6, 2007, such grants were made pursuant to a 13(a) grant agreement executed between the Corporation and an Abbott district, or other district required to use the Corporation, by which the Corporation funds the State share including the costs of pre-development activities in connection with a proposed school facilities project with estimated costs under the section 13(a) delegation limit delegated by the Corporation to be undertaken by the district pursuant to section 13(a) of the Act and this section.

(b) The rules in this chapter implementing section 13(a) of the Act shall apply to SDA school districts and districts other than SDA school districts required to the use the predecessor to the Authority, pursuant to P.L. 2000, c. 72.

Amended by R.2009 d.14, effective January 5, 2009.  
See: 40 N.J.R. 4735(a), 41 N.J.R. 295(a).

#### 19:34A-2.5 Design of the capital maintenance project

(a) The design consultant shall design the capital maintenance project in accordance with the preliminary project report.

(b) When the detailed plans and specifications are completed, the district shall submit them to the Authority with an updated CWE, to review for consistency with the initial scope of work provided pursuant to N.J.A.C. 19:34A-2.3(a), if applicable, and for the Authority to make a final eligible cost recommendation for the capital maintenance project to the Department, pursuant to N.J.A.C. 6A:26-3.5. At the same time, or before or after the determination by the Department of final eligible costs, pursuant to N.J.A.C. 6A:26-3.5, the district shall submit the detailed plans and specifications to the Department for approval of final educational adequacy, if applicable, pursuant to N.J.A.C. 6A:26-5.4.

1. If the updated CWE provided by the design consultant is less than or equal to the preliminary eligible costs, the final eligible costs shall equal the updated CWE.

2. If the updated CWE is greater than the preliminary eligible costs:

i. The Authority shall, in consultation with the district and the Department, determine whether changes can be made in the scope of the capital maintenance project to reduce costs but not impact the facilities ef-

iciency standards and, if such changes can be made, the CWE shall be adjusted accordingly and the final eligible costs shall equal such adjusted CWE.

ii. If the Authority determines that it is not possible to make changes in the capital maintenance project either because the additional costs are the result of factors outside the control of the district or the additional costs are required to meet the facilities efficiency standards, the Authority shall recommend to the Department to accept the updated CWE as the final eligible costs.

iii. If the Authority determines that the additional costs are the result of factors that are within the control of the district or are the result of design factors that are not required to meet the facilities efficiency standards, the district shall either make the appropriate changes to reduce costs or agree to pay such additional costs as part of the local share.

(c) For capital maintenance projects without a local share, after the Authority receives a final project report evidencing final eligible costs, the Authority shall issue an authorization-to-proceed with the construction phase, whereupon the district shall proceed with the procurement of contractors for the construction or the acquisition and installation of the capital maintenance project.

(d) For capital maintenance projects with a local share, prior to the Authority issuing an authorization-to-proceed with the construction phase, the district shall provide the following evidence that the local share has been approved in accordance with the provisions for the approval of capital projects pursuant to N.J.S.A. 18A:22-1 et seq., 18A:24-1, 18A:7A-46.1 et seq., as applicable to the district pursuant to N.J.S.A. 18A:7G-11 and N.J.A.C. 6A:26-3.7:

1. If the local share is funded all or in part through the issuance of school bonds, a certified copy of the referendum that the district submitted to the voters for approval of the local share evidencing proof of voter approval of the local share; or

2. If the local share is funded through sources other than school bonds, such as the capital reserve account or lease purchase agreement of not in excess of five years duration, the district shall obtain approval of local share in accordance with N.J.A.C. 6A:26-3.7 and any statutory and regulatory authorities specifically governing that source of local share, such as N.J.S.A. 18A:20-4.2(f), 18A:7G-31, and N.J.A.C. 6A:26-8.1 and 10.

(e) Upon receipt by the Authority of evidence of approval of local share as required in (d) above, the Authority shall issue an authorization to proceed with the construction phase, whereupon the district shall proceed with the procurement of contractors for the construction or the acquisition and installation of the capital maintenance project.

(f) If the district fails to submit evidence that the local share has been approved, the Authority shall not issue an

authorization-to-proceed. The agreement shall terminate automatically if a district fails to obtain approval of the local share within one year of the determination by the Department of final eligible costs of the capital maintenance project.

(g) In the event a district fails to obtain approval of the local share and the agreement terminates automatically, and, further, in the event that the district fails to evidence diligent and good faith efforts to obtain the local share, the district shall be obligated to refund to the Authority any moneys disbursed to the district under the agreement.

1. Any change order, or amendment regardless of the amount, which affects the number, configuration, size, location or use of the educational spaces, shall be submitted to the Department for approval;

2. Any change order or amendment which exceeds five percent of the grant amount, in the singular or aggregate, shall be submitted to the Authority for approval;

4. After receipt by the Authority of the final project report, the district shall be responsible for:

i. The local share, if applicable; and

ii. The costs associated with changes to the scope of the capital maintenance project, unless the district provides evidence satisfactory to the Authority that the change order is necessitated by either an emergency consistent with N.J.S.A. 18A:18A-7 or unforeseeable physical conditions.

(f) The capital maintenance project shall be constructed in conformity with the New Jersey Uniform Construction Code, N.J.A.C. 5:23, and the educational facility planning standards, N.J.A.C. 6A:26-6.2.

(c) The grant amount shall equal the State share of the final eligible costs of a capital maintenance project, as adjusted. The CWE and grant amount shall be adjusted by the Authority at the following time points: when the Authority receives the preliminary project report (if the delegation occurred at the preconstruction phase), after the Authority receives the final project report, upon award of the construction contract(s), and upon any change orders.

(d) Upon final completion, the CWE shall be adjusted to reflect the final approved costs of the capital maintenance project and the final grant amount shall equal the State share plus the costs of any change orders for which the district is not responsible.

2. Any proceeds of school bonds issued by the district for the purposes of funding the local share of the capital maintenance project which remain unspent upon completion of the capital maintenance project shall be used by the district to reduce the outstanding principal amount of the school bonds either through redeeming bonds at the earliest call date or applying such proceeds to payment of principal as principal becomes due. In no event shall such proceeds be utilized to pay the interest expense on the school bonds issued for any capital maintenance project.
