On February 12, a convoy of 26 pieces of NJDOT snow-fighting equipment and 39 NJDOT personnel arrived in Massachusetts. Over the next 11 days, the crews worked 16-hour days helping to clear more than 15,000 cubic yards of snow in 15 towns in and around Boston, totaling approximately 6,360 hours of work. The deployment of equipment was arranged under the Emergency Management Assistance Compact (EMAC) program, a national interstate disaster mutual ... [...more](#)
