The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

**Navigating through the reports:**

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

**English Language Arts/Literacy Assessment - Participation and Performance**

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

**Mathematics Assessment - Participation and Performance**

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here: <http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the ESSA accountability targets for 2016-17.

**Technology Readiness**

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

### Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	23.4	17.5%
Mathematics Proficiency	18.8	17.5%
English Language Arts Growth	27.5	25.0%
Mathematics Growth	12.2	25.0%
Chronic Absenteeism	71.2	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights		28.0
<b>Summative Rating:</b> Percentile rank of Summative Score		17.5
<b>Requires Comprehensive Support:</b> Summative Rating is less than or equal to 5th percentile		No

## Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p><b>Staff and Professional Learning:</b></p>	<p>Teachers have daily planning time with their teaching teams. Teachers and administrators have two hours of whole school collaboration, on Wednesdays for professional development, teacher-to-teacher workshops, data analysis, co-teaching planning, classroom preparations, curriculum development, book clubs, and more. We also have seven full days spread throughout the school year for professional development. Our teacher evaluation model includes peer observers.</p>
 <p><b>Student Supports and Services:</b></p>	<p>We offer services for English Language Learners (ELL), students with disabilities, and students who need basic skills support, using an inclusion model. Teachers who provide these services primarily co-teach with classroom teachers. Our program for ELL incorporates language acquisition methodology and quality instruction. Our Dual Language Program offers services, support, and rigor for language learners, both English and Spanish, in grades K-5. We have established I&amp;RS and RTI programs..</p>
 <p><b>Student Health and Wellness:</b></p>	<p>GBCS offers healthy breakfast and lunch during each school day. All students participate in Physical Education and Health at least two times a week. Students in kindergarten - fifth grade have thirty minutes of recess, daily. We offer evening cooking and nutrition classes for students and parents. There is a multitude of ways in which GBCS supports the social and emotional health of students. Our school has positive discipline as the backbone of our philosophy.</p>
 <p><b>Parent and Community Involvement:</b></p>	<p>We partner with community organizations including: New Brunswick Ciclovía, Live Well – Vive Bien, New Brunswick Tomorrow, Blessings in a Backpack, NJ Audubon, and we have our own food pantry. Our PTO organizes family events and our annual walk-a-thon, raising money to fund field trips, etc. Our Family Coordinator works closely with students’ families and within the community. We provide families education and support through Family Learning Nights, which include childcare and dinner.</p>

 <p>Climate Surveys:</p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Administrators, Teachers</p> <p>Faculty, families, and students complete the NJ School Climate Survey, developed by the NJDOE, annually. The results are shared with the school membership, including the Board of Trustees and School Review Committee. The results help to drive our school goals. The top positive results from the 2017 parent survey include: I am proud that my child attends this school, Communication with families occurs in an open and respectful manner, I feel welcome at my child's school.</p>
 <p>Facilities:</p>	<p>GBCS purchased and renovated half of our building for the 2004-2005 school year. We renovated the second half of our building for the 2010-2011 school year. Our building is air-conditioned, includes a science lab, media/computer center, art studio, music room, spacious classrooms, and small group instruction spaces. Our school grounds and gardens are beloved and nurtured by our community. Our members come to our schoolyard to take family photos.</p>

## Other Information:

Our Dual Language education program integrates native English speaking students with native Spanish speaking students for academic instruction, which is presented in both languages, in Kindergarten-Fifth Grade. Social and academic learning occurs in an environment that values the language and culture of all students and sets high standards to ultimately achieve academic success in Spanish and English. The language used for instruction is broken down by a 50/50 ratio. Fifty percent of classroom instruction is provided in English and fifty percent of classroom instruction is provided in Spanish. The goal is for all students to read, write, listen, and speak two languages equally well by the end of the program. The dual language model creates an additive bilingual environment, which allows students to acquire a second language while maintaining and developing their native language. Reading, language arts, math, science, and social studies, are taught in both Spanish and English. The diversity at GBCS provides an ideal platform for all students to have the opportunity to learn and develop a second language. Through the dual language program, students are exposed to rigorous curriculum and given the opportunity to learn a second language. In 2017 all Kindergarten, First Grade and Second Grade classes are dual language, not monolingual. Grades Three to Five remain mixed, one class of each grade being dual language and the other monolingual. Dual Language Program Goals: One of our goals is "To prepare all students to become productive, responsible and contributing members of our changing global society by providing a nurturing environment that rigorously promotes the realization of individual potential." Students in the dual language program are presented with the social and cognitive benefits of bilingualism. They gain a second language, a broader vocabulary, and multiple views of the world, (Cazabon, Lambert, & Heise-Baigorria, 2002).
