Of the amount hereinabove appropriated for Equalization Aid, an amount equal to the total earnings of investments of the Fund for the Support of Free Public Schools first shall be charged to such fund.

Of the amounts hereinabove appropriated for Nonpublic School Aid, such amounts as determined by the Commissioner of Education may be transferred between such accounts to address changes in enrollments and services, subject to the approval of the Director of the Division of Budget and Accounting.

Receipts from nonpublic schools handicapped and auxiliary recoveries are appropriated for the payment of additional aid in accordance with section 17 of P.L.1977, c.192 (C.18A:46A-14) and section 14 of P.L.1977, c.193 (C.18A:46-19.8), subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of section 14 of P.L.1977, c.193 (C.18A:46-19.8), for the purpose of computing Nonpublic Handicapped Aid for pupils requiring the following services, the per pupil amounts for the 2025-2026 school year shall be: \$1,326.17 for an initial evaluation or reevaluation for examination and classification; \$380 for an annual review for examination and classification; \$930 for speech correction; and \$826 for supplementary instruction services, provided, however, that the Commissioner of Education may adjust the per pupil amounts based upon the nonpublic pupil population and the need for services.

Notwithstanding the provisions of section 9 of P.L.1977, c.192 (C.18A:46A--9), the per pupil amount for compensatory education for the 2025--2026 school year for the purposes of computing Nonpublic Auxiliary Services Aid shall equal \$1,146.87 and the per pupil amount for providing the equivalent service to children of limited English--speaking ability shall be \$1,167.94, provided, however, that the Commissioner of Education may adjust the per pupil amounts based upon the nonpublic pupil population, the amount appropriated, and the need for services.

Notwithstanding the provisions of section 9 of P.L.1991, c.226 (C.18A:40-31), the amount hereinabove appropriated for Nonpublic Nursing Services Aid shall be made available to local school districts based upon the number of pupils enrolled in each nonpublic school on the last day prior to October 15, 2024 and the rate per pupil shall be \$145.60.

From the amount hereinabove appropriated for Nonpublic Security Aid, the Commissioner of Education shall provide State aid to each school district in an amount equal to \$205 multiplied by the number of nonpublic school students within the district identified by the district on or before November 5 for security services, equipment, or technology to ensure a safe and secure school environment for nonpublic school students.

Items purchased for the use of nonpublic school students with Nonpublic Technology Initiative funds in previous budget cycles shall remain the property of the local education agency; provided, however, that they shall remain on permanent loan for the use of nonpublic school students for the balance of the technologies' useful life.

Notwithstanding the provisions of any law or regulation to the contrary, Nonpublic Technology Initiative aid shall be paid to school districts and allocated for nonpublic school pupils at the rate of \$49 per pupil in a manner that is consistent with the provisions of the federal and State constitutions.

Such amounts received in the "School District Deficit Relief Account," established pursuant to section 5 of P.L.2006, c.15 (C.18A:7A-58), including loan repayments, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of the "School District Fiscal Accountability Act," P.L.2006, c.15 (C.18A:7A-54 et seq.) or any law or regulation to the contrary, in the event that a school district owes an amount greater than 50 percent of its annual general fund budget attributable in substantial part to loans made to the district from the "School District Deficit Relief Account," established pursuant to section 5 of P.L.2006, c.15 (C.18A:7A-58), such debt, as reduced by the liquidation of all available assets of the school district, may be forgiven upon the school district's merger with another district if the Commissioner of Education determines that such debt represents an impediment to consolidation, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of P.L.1999, c.12 (C.54A:9-25.12 et seq.), there is appropriated from the "Drug Abuse Education Fund," established pursuant to section 1 of P.L.1999, c.12 (C.54A:9-25.12), the amount of \$50,000, to be used for the New Jersey State Interscholastic Athletic Association (NJSIAA) Steroid Testing program, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amounts hereinabove appropriated for Adjustment Aid, Equalization Aid, Special Education Categorical Aid, Security Aid, and Transportation Aid, such additional amounts as are necessary, as determined by the Commissioner of Education, to provide additional Adjustment Aid, Equalization Aid, Special Education Categorical Aid, Security Aid, and Transportation Aid to participating districts pursuant to the provisions of P.L.2021, c.402 (C.18A:13-47.1 et al.), and any other additional funding necessary to fulfill the provisions of P.L.2021, c.402 (C.18A:13-47.1 et al.) are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amounts hereinabove appropriated for Adjustment Aid, Equalization Aid, Special Education Categorical Aid, Security Aid, and Transportation Aid, such

additional amounts as are necessary, as determined by the Commissioner of Education, to provide additional Adjustment Aid, Equalization Aid, Special Education Categorical Aid, Security Aid, and Transportation Aid to districts who have successfully appealed their aid allocations pursuant to the appeals process set forth in section 11 of P.L.2007, c.260 (C.18A:7F-53) regarding the income data utilized in the calculation of this aid, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, in the event that an "SDA district" sells district surplus property, the proceeds from such sale shall be applied as follows, subject to the approval of the Director of the Division of Budget and Accounting: the Commissioner of Education, in his discretion, may direct that the proceeds be used by the SDA district upon a showing of financial need for a capital maintenance project or for a school facilities project if such project is consistent with the district's Long-Range Facilities Plan (LRFP) and the project cost does not exceed \$500,000. If the project cost exceeds \$500,000, the commissioner may direct all or a portion of the proceeds to the New Jersey Schools Development Authority (SDA) for use in projects identified in that district's LRFP. In the case of capital maintenance projects, the SDA may forward the specified aid amount directly to the district for completion of the projects. If the commissioner is not satisfied that there is a sufficient showing of financial need for a capital maintenance project or for a school facilities project or if the commissioner is not satisfied that the proposed project is consistent with the district's LRFP, the proceeds shall be returned to the SDA for use by the SDA for school facilities projects in that SDA district which are consistent with the SDA district's LRFP. For the purposes of this provision, "surplus property" means property which is not being replaced by other property under a grant agreement with the SDA.

The amount hereinabove appropriated for Supplemental Wraparound Program shall be provided as State aid to "SDA districts" to reduce family cost-sharing for before-school, after-school, and summer wraparound child care.

Notwithstanding the provisions of section 1 of P.L.2021, c.283 (C.18A:7F-71) or any other rule, law, or regulation to the contrary, eligibility for, and the calculation of, Military Impact Aid shall be based on the amount of the Basic Support Payment of federal Impact Aid under section 7003 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. s.7703) that a school district received in the budget year preceding the prebudget year.

Notwithstanding the provisions of any law or regulation to the contrary, "non-SDA" districts that received their State support for approved project costs through the New Jersey Schools Development Authority (SDA) shall be assessed an amount equal to the 2013-2014 assessment. District allocations shall be withheld from 2025-2026 formula aid payments and the assessment cannot exceed the total of those payments.

Notwithstanding the provisions of any law or regulation to the contrary, the preschool per pupil aid amounts set forth in subsection d. of section 12 of P.L.2007, c.260 (C.18A:7F-54) shall be adjusted by the geographic cost adjustment developed by the Commissioner of Education pursuant to P.L.2007, c.260 (C.18A:7F-43 et al.).

Notwithstanding the provisions of any law or regulation to the contrary, amounts hereinabove appropriated for Preschool Education Aid shall be allocated based upon 2025-2026 projected FTE enrollments, and multiplied by the per pupil allocations, minus 25 percent of the total amount of Preschool Education Aid carryover funds identified in the district's fiscal year 2024 audit summary, as set forth in the February 2025 State Aid notice issued by the commissioner that remain unspent in the 2024-

2025 school year. A school district that receives Preschool Education Aid for the first time in the 2025-2026 school year shall demonstrate, in its application, due diligence in establishing partnerships to provide its preschool program through a mixed-delivery system in all licensed child care providers and Head Start programs in its community or neighboring communities that are willing and able to meet all preschool program requirements. A school district that has unspent Preschool Education Aid funds from prior school years may use those funds to support transportation costs for resident students enrolled in the preschool program, or for other purposes that may be approved by the commissioner, subject to the approval of the Director of the Division of Budget and Accounting. The amount of Preschool Education Aid used for transportation purposes shall not exceed the total cost of providing transportation services to preschool students minus the amount of Transportation Aid attributable to preschool students, as calculated pursuant to section 15 of P.L.2007, c.260 (C.18A:7F-57).

Notwithstanding the provisions of any law or regulation to the contrary, of the amounts hereinabove appropriated for Preschool Education Aid, an amount not to exceed \$10,000,000 shall be allocated in amounts determined by the Commissioner of Education: (1) for the provision of preschool expansion grants to be allocated by the commissioner to districts in total additional preschool funding for the purpose of expanding free access to full-day preschool for resident three- and four-year old children in accordance with the preschool quality standards issued by the commissioner and based on a district's demonstration of its readiness to operate a preschool program consistent with those standards and; (2) to the Department to address workforce preparation and training and other ancillary needs related to preschool expansion. In allocating grant funds to school districts, the commissioner shall give preference to districts that demonstrate in their preschool expansion grant applications a planned preschool program that includes a mixed-delivery model of preschool education. A district applying for a grant that does not have a planned mixed-delivery model of preschool education shall demonstrate in its application due diligence to partner with all ready, willing, and able licensed child care providers and Head Start programs in their communities and neighboring communities. Notwithstanding any law, rule, or regulation to the contrary, a district receiving a grant may enter into contracts with licensed child care providers for the provision of preschool education services, which shall be stated in the Notice of Funding Opportunity for preschool expansion grants posted by the department.

The Department of Education, the Department of Children and Families, and the Department of Human Services shall maintain the following lists on the departments' Internet websites: current districts with State-funded preschool; districts eligible to apply for Preschool Education Aid and licensed child care providers and Head Start programs in each eligible district's community and in neighboring communities, including contact information for the providers and programs. The Department of Education, the Department of Children and Families, and the Department of Human Services shall update such lists each year by April 1st.

Notwithstanding the provisions of any law or regulation to the contrary, a district's 2025-2026 allocation of the amounts hereinabove appropriated for School Choice Aid shall be 90 percent of the amount calculated pursuant to the provisions of P.L.2007, c.260 (C.18A:7F-43 et al.); provided, however, in the event that School Choice enrollment reflected on the October 2024 Application for State School Aid is less than projected School Choice enrollment reflected on the 2024-2025 State

Aid notice, such district's 2025-2026 School Choice Aid allocation shall be adjusted to reflect actual prebudget year enrollment as of October 2024, as set forth in the February 2025 State Aid notice issued by the Commissioner of Education. A district's 2025-2026 School Choice enrollment shall not exceed the district's maximum funded choice student enrollment as determined by the commissioner.

Notwithstanding the provisions of any law or regulation to the contrary, following notification to the Joint Budget Oversight Committee, there are appropriated to the Emergency Fund account such additional amounts as may be required to fund approved applications for emergency aid following district needs assessments conducted by the Department of Education, subject to the approval of the Director of the Division of Budget and Accounting. Provided, further, that the Commissioner of Education shall determine the repayment terms, if any, that will be assessed and may appoint a State monitor to a school district that receives an allocation from the Emergency Fund, who shall have the same powers and duties of a State monitor appointed pursuant to section 2 of P.L.2006, c.15 (C.18A:7A-55).

Notwithstanding the provisions of any law or regulation to the contrary, a charter school's 2025-2026 allocation of the amount hereinabove appropriated for Charter School Aid shall be as set forth in the February 2025 State Aid notice issued by the Commissioner of Education, and shall be adjusted based on the October 15th and the end of the school year actual pupil counts in each of the following cases: 1) in the case of a charter school with higher enrollment in the 2025-2026 school year than in the 2007-2008 school year, to provide that in the 2025-2026 school year, the charter school receives no less total support from the State and the resident district than the sum of the total 2007-2008 payments from the resident district and the 2007-2008 payments of Charter School Aid and Charter Schools - Council on Local Mandates Aid and to ensure that such total payments provide a 2025-2026 per pupil amount that is no less than the 2007-2008 per pupil amount based on average daily enrollment; and 2) to provide amounts pursuant to section 12 of P.L.1995, c.426 (C.18A:36A-12). A charter school shall also receive an allocation to provide that in the 2025-2026 school year, the charter school receives no less total support from the State and resident school district to ensure that such total payments provide a 2025-2026 per pupil amount that is equal to 95 percent of the 2024-2025 per pupil amount based on average daily enrollment. This allocation shall be adjusted based on the October 15, 2025 actual pupil count. In addition to the amounts hereinabove appropriated for Charter School Aid, such additional amounts as may be required, based on actual charter school enrollment counts submitted through the Charter School Enrollment System, for the support of Charter School Aid are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, from the amount hereinabove appropriated for Preschool Facilities Lead Remediation, the Commissioner of Education shall award grants to school districts for water infrastructure improvement projects in schools serving solely preschool students, provided that eligibility for funding such projects shall be based on the eligibility requirements for water infrastructure improvement grants in schools serving grades kindergarten through 12 pursuant to the "Securing Our Children's Future Bond Act," P.L.2018, c.119, and its implementing regulations. The unexpended balance at the end of the preceding fiscal year in the Preschool Facilities Lead Remediation account is appropriated for the same purpose, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, of the amount hereinabove appropriated for Charter School Facility Improvements, to protect the health and safety of students, \$8,000,000 shall be provided to the Department of Education to administer grants to support emergent needs, capital maintenance, and facilities costs in charter schools and renaissance school projects upon the review of the Director of the New Jersey Department of Education Office of Charter and Renaissance Schools.

The unexpended balance at the end of the preceding fiscal year in the Charter School Facility Improvements account is appropriated.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Lead Testing for Schools is subject to the following condition: amounts shall be paid to "district boards of education," as defined in N.J.A.C.6A:26-12.4(a), subject to the approval of the Director of the Division of Budget and Accounting, based on approved applications for reimbursement of the costs of testing school drinking water pursuant to the program requirements established by the Department of Education in regulations adopted pursuant to the "Administrative Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.) at N.J.A.C.6A:26-12.4. The unexpended balance at the end of the preceding fiscal year in the Lead Testing for Schools account is appropriated for the same purpose, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amounts hereinabove appropriated for the Menstrual Products School Reimbursement Program (P.L.2023, c.147), such additional amounts as may be required as determined by the Commissioner of Education for the support of the Menstrual Products School Reimbursement Program are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

From the amount hereinabove appropriated for Tax Levy Incentive Aid, the Commissioner of Education, based on an application process, shall provide such aid to a school district, other than a county vocational school district, that is spending below adequacy pursuant to section 1 of P.L.2018, c.67 (C.18A:7F-70) and has a prebudget year general fund tax levy below the local share as calculated pursuant to section 10 of P.L.2007, c.260 (C.18A:7F-52) and where (1) the school district has increased its general fund tax levy by more than the amount allowed pursuant to section 3 of P.L.2007, c.62 (C.18A:7F-38) and subsection e. of section 4 of P.L.2007, c.62 (C.18A:7F-39(e)), in accordance with subsection c. of section 4 of P.L.2007, c.62 (C.18A:7F-39(c)), but such increased tax levy does not exceed the local share; or (2) after application by the school district, the Commissioner of Education approved the application and determined, pursuant to section 6 of P.L.1996, c.138 (C.18A:7F-6), that additional expenditures, through a combination of an increase in the district's general fund tax levy by more than the amount allowed pursuant to section 3 of P.L.2007, c.62 (C.18A:7F-38) and subsection e. of section 4 of P.L.2007, c.62 (C.18A:7F-39(e)) and Tax Levy Incentive Aid is necessary to ensure implementation of the required thoroughness and efficiency standards. A district applying to the Commissioner of Education to exceed the tax levy growth limitation pursuant to this provision may only use the increased general fund tax levy amounts for the retention of classroom staff and to fund programs that directly involve pupils, as determined necessary by the commissioner to ensure implementation of the required thoroughness and efficiency standards. Notwithstanding the provisions of any law or regulation to the contrary, and except as otherwise provided and subject to such modifications as may be required by the

Centers for Medicare and Medicaid Services in order to achieve any required federal approval and full Federal Financial Participation, \$34,000,000 from the amounts hereinabove appropriated from Graduate Medical Education (GME) shall be designated as Supplemental Graduate Medical Education Subsidy (GME-S), and shall be available to hospitals that meet the following eligibility criteria: (a) an eligible hospital has a Relative Medicaid Percentage (RMP) that is among the top fourteen acute care hospitals with a residency program; (b) the RMP is a ratio calculated using the 2023 Audited Acute Care Hospital (ACH) Cost Reports; (c) the RMP numerator equals a hospital's gross revenue from patient care for Medicaid and Medicaid HMO payers as reported on Forms E5 and E6, Line 1, Column D & Column H; (d) the RMP denominator equals a hospital's gross revenue from patient care as reported on Form E4, Line 1, Column E; (e) for instances where hospitals that have a single Medicaid identification number submit a separate ACH Cost Report for each individually licensed hospital, the ACH Cost Report data for those hospitals shall be consolidated to the single Medicaid identification number; (f) the GME-S Subsidy shall be calculated using the same methodology as the GME Subsidy is calculated in this act, except the total amount of the GME-S Subsidy payments shall not exceed \$34,000,000.

Notwithstanding the provisions of any law or regulation to the contrary, and except as otherwise provided and subject to such modifications as may be required by the Centers for Medicare and Medicaid Services in order to achieve any required federal approval and full Federal Financial Participation, \$218,000,000 from amounts hereinabove appropriated for Graduate Medical Education (GME) shall be designated the GME Subsidy, and shall be calculated as follows: (a) the subsidy payment shall be split into a Direct Medical Education (DME) portion and an Indirect Medical Education (IME) portion; (b) source data used for the GME calculation shall come from the Medicaid cost report for calendar year (CY) 2023 submitted by each acute care hospital by February 14, 2025 and Medicaid Managed Care encounter payments data for Medicaid and NJ FamilyCare clients as reported by insurers to the State for the following reporting period: services dates between January 1, 2023 and December 31, 2023; payment dates between January 1, 2023 and December 31, 2024; and a run-date of not later than February 15, 2025; (c) in the event that a hospital reported less than 12 months of 2023 Medicaid costs, the number of reported months of data regarding days, costs, or payments shall be annualized. In the event the hospital completed a merger, acquisition, or business combination resulting in two cost reports filed during the calendar year, two cost reports will be combined into one or a supplemental cost report for the calendar year 2023 submitted by the affected acute care hospital by January 31, 2025 shall be used. In the event that a hospital did not report its Medicaid managed care days on the cost report utilized in this calculation, the Department of Health (DOH) shall ascertain Medicaid managed care encounter days for Medicaid and NJ FamilyCare clients as reported by insurers to the State as per source data defined in (b) above; (d) Medicaid managed care DME cost begins with the intern and residency program costs using the 2023 submitted Medicaid cost report total residency costs, reported on Worksheet B Pt I Column 21 Line 21 plus Worksheet B Pt I Column 22 Line 22 divided by the 2023 resident full time equivalent employees (FTE), reported on Worksheet S-3 Pt 1 Column 9 line 14 to develop an average cost per resident FTE for each hospital; (e) median cost per resident FTE is calculated based on the average cost per resident FTE for each hospital; (f) the median cost per resident FTE is multiplied by the 2023 resident FTEs reported on Worksheet S-3 Pt 1 Column 9 Line

14 to develop total median residency program cost for each hospital; (g) median residency costs are multiplied by the ratio of Medicaid managed care days, reported on Worksheet S-3 Column 7 Line 2, divided by the difference of total days, reported on Worksheet S-3 Column 8 Line 14, less nursery days, reported on Worksheet S-3 Column 8 Line 13 to determine the Medicaid managed care DME cost of each hospital; (h) Medicaid managed care IME cost is defined as the Medicare IME factor multiplied by Medicaid managed care encounter payments as per source data defined in (b) above; (i) the IME factor is calculated using the Medicare IME formula as follows: $1.35 * [(1 + x)^{0.405} - 1]$, in which "x" is the ratio of submitted IME resident FTEs reported on Worksheet S-3 Pt 1 Column 9 Line 14 divided by the difference of total available beds, reported on Worksheet S-3 Column 2 Line 14, less nursery beds, reported on Worksheet S-3 Column 2 Line 13; (j) total 2023 Medicaid managed care GME costs shall equal total 2023 Medicaid managed care IME costs plus total 2023 Medicaid managed care DME costs; (k) the 2023 total Medicaid managed care DME costs is divided by the total 2023 Medicaid managed care GME costs; (l) the DME allocation portion is calculated by multiplying the total subsidy amount by the ratio in (k) above; (m) each hospital's percentage of total 2023 Medicaid managed care DME costs shall be multiplied by the DME allocation to calculate its DME payment; (n) the 2023 total Medicaid managed care IME costs are divided by the total 2023 Medicaid managed care GME costs; (o) the IME allocation portion is calculated by multiplying the total subsidy amount by the ratio in (n) above; (p) each hospital's percentage of total 2023 Medicaid managed care IME costs shall be multiplied by the IME allocation to calculate its IME payment; (q) the sum of a hospital's DME and IME payments shall equal its subsidy payment. The total GME Subsidy amount and these payments shall not exceed \$218,000,000 and shall be paid in 12 monthly payments; (r) in the event that a hospital believes that there are mathematical errors in the calculations, or data not matching the actual source documents used to calculate the subsidy as defined above, hospitals shall be permitted to file calculation appeals within 15 working days of receipt of the subsidy allocation letter. If upon review it is determined by the DOH that the error has occurred and would constitute at least a five percent change in the hospital's allocation amount, a revised industry-wide allocation shall be issued; (s) each hospital receiving a GME allocation shall, on or before May 31, 2026, provide a report to the Commissioner of Health indicating the total number of physicians who completed their training during the preceding calendar year, and the number of those physicians who plan to practice medicine within the State of New Jersey.

To satisfy this condition, participating hospitals may develop an internal training program, enter into a partnership with a school or university, or provide financial support for residents and fellows to participate in independent educational programs or conferences that provide continuing medical education credits that are specifically focused in the subject area of addiction. To document compliance, participating hospitals shall complete a report to the Department of Health no later than May 31, 2026.

State Aid:

08	Essex County Hospital Center.....	(\$2,000,000)
08	Support of Patients in County Psychiatric Hospitals (PTRF)	(\$146,164,000)

The unexpended balance at the end of the preceding fiscal year in the Support of Patients in County Psychiatric Hospitals account is appropriated for the same purpose.

Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, the State share of payments from the Support of Patients in County Psychiatric

Hospitals account to the several county psychiatric facilities on behalf of the reasonable cost of maintenance of patients deemed to be county indigents shall be at the rate of 125 percent of the rate established by the Commissioner of Human Services, in consultation with the Commissioner of Health, for the period July 1 to December 31 and at the rate of 45 percent of the rate established by the Commissioner of Human Services, in consultation with the Commissioner of Health, for the period January 1 to June 30 such that the total amount to be paid by the State on behalf of county indigent patients for the calendar year shall not exceed 85 percent of the total reasonable per capita cost; and further provided that the rate at which the State will reimburse the county psychiatric hospitals shall not exceed 100 percent of the per capita rate at which each county pays to the State for the reasonable cost of maintenance and clothing of each patient residing in a State psychiatric facility, excluding the depreciation, interest and carry-forward adjustment components of this rate, and including the depreciation, interest, and carry-forward adjustment components of each individual county psychiatric hospital's rate established for the period January 1 to December 31 by the Commissioner of Human Services in consultation with the Commissioner of Health. The initial determination of whether a county hospital rate exceeds the per capita rate that counties pay to the State on behalf of applicable patients residing in a State psychiatric facility will be based on a comparison of estimated cost used to set reimbursement rates for the upcoming calendar year. A second comparison of the actual per diem costs of the county psychiatric hospital and State psychiatric hospitals will be completed after actual cost reports for the period are available including an inflationary adjustment for the six-month difference in fiscal reporting periods between State and county hospitals. The county hospital carry-forward adjustment to be included in rates paid by the State will exclude costs found to exceed 100 percent of the actual cost rate of the State psychiatric facilities.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provision: payments to county psychiatric hospitals will only be made after receipt of their claims by the Division of Mental Health and Addiction Services. County psychiatric hospitals shall submit such claims no less frequently than quarterly and within 15 days of the close of each quarter.

With the exception of all past, present, and future revenues representing federal financial participation received by the State from the United States that is based on payments to hospitals that serve a disproportionate share of low-income patients, which shall be retained by the State, the sharing of revenues received to defray the State Aid appropriation for the costs of maintaining patients in State and county psychiatric hospitals shall be based on the same percent as costs are shared between the State and counties.

The amount hereinabove appropriated for State Aid reimbursement payments for maintenance of patients in county psychiatric facilities shall be limited to inpatient services only, except that such reimbursement shall be paid to a county for outpatient and partial hospitalization services as defined by the Department of Human Services, if outpatient and/or partial hospitalization services had been previously provided at the county psychiatric facility prior to January 1, 1998. These outpatient and partial hospitalization payments shall not exceed the amount of State Aid funds paid to reimburse outpatient and partial hospitalization services provided during calendar year 1997. In addition, any revision or expansion to the number of inpatient beds or inpatient services provided at such hospitals which will have a material impact on

the amount of State Aid payments made for such services, must first be approved by the Department of Human Services before such change is implemented.

The amount hereinabove appropriated for the Division of Mental Health and Addiction Services for State facility operations and the amount appropriated as State Aid for the costs of county facility operations are first charged to the federal Disproportionate Share Hospital (DSH) reimbursements anticipated as Medicaid uncompensated care. Accordingly, DSH revenues earned by the State related to services provided by county psychiatric hospitals which are supported through this State Aid appropriation shall be considered as the first source supporting the State Aid appropriation.

In addition to the amounts hereinabove appropriated for the Support of Patients in County Psychiatric Hospitals, in the event that the Assistant Commissioner of the Division of Mental Health and Addiction Services determines that, in order to provide the least restrictive setting appropriate, a patient should be admitted to a county psychiatric hospital in a county other than the one in which the patient is domiciled rather than to a State psychiatric hospital, there are hereby appropriated such additional amounts as may be required, as determined by the Assistant Commissioner to reimburse a county for the extra costs, if any, which were incurred in connection with the care of such patient in a county psychiatric hospital which exceeded the cost of care which would have been incurred had the patient been placed in a State psychiatric hospital, subject to the approval of the Director of the Division of Budget and Accounting.

The amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provisions: County psychiatric hospitals shall: (1) enroll and continue to maintain enrollment as providers in the State's NJ FamilyCare program; (2) complete or pursue in good faith the completion of eligibility applications for patients who could be NJ FamilyCare eligible; (3) bill the NJ FamilyCare program for all applicable services; and (4) neither admit nor discharge patients based upon NJ FamilyCare eligibility.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the county psychiatric hospitals providing and certifying all information that is required by the State, in the form specified by the Division of Mental Health and Addiction Services, to prepare a complete, accurate, and timely claim to federal authorities for Medicaid Disproportionate Share Hospital claim revenues.

Notwithstanding the provisions of R.S.30:4-78, or any other law or regulation to the contrary, the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the following provisions: for rates effective January 1, 2013, and any prior year rate adjustments that may be required beginning January 1, 2013, the approval of the State House Commission shall not be required for the setting of such rates and the Commissioner of Human Services, in consultation with the Commissioner of Health, shall set: (1) the per capita cost rates to be paid by the State to the several counties on behalf of the reasonable cost of maintenance of State and county patients in any county psychiatric facility, including outpatient psychiatric services, (2) the per capita rates which each county shall pay to the Treasurer for the reasonable cost of maintenance and clothing of each patient residing in a State psychiatric facility having a legal settlement in such county ("County Patients"), (3) the rates to be paid for the reasonable cost of maintenance and clothing of the convict and criminal mentally ill in any State

psychiatric facility and the cost of maintenance of County Patients residing in State developmental centers or receiving other residential functional services for the developmentally disabled. Such rates will be fixed no later than October 1 of each calendar year. Notice of such rates shall be provided by the Commissioner of Human Services to the clerk of the respective boards of chosen freeholders.

In the event that the Division of Mental Health and Addiction Services is notified that a county psychiatric hospital will cease operations for the current fiscal year, or any portion thereof, in order to assure continuity of care for patients who otherwise would have been served by the county hospital, as well as to preserve patient and public safety, the Division shall have the authority to transfer funds from the Support of Patients in County Psychiatric Hospitals account to Direct State Services and Grants-In-Aid accounts in the Division of Mental Health and Addiction Services, for the fiscal year, subject to a plan approved by the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, with respect to the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals, commencing January 1, 2010, the State shall pay to each county an amount equal to 35 percent of the total per capita costs for the reasonable cost of maintenance and clothing of county patients in State psychiatric facilities.

In addition to the amount hereinabove appropriated for the Support of Patients in County Psychiatric Hospitals (PTRF), such additional amounts as determined by the Commissioner of Human Services are appropriated for the same purpose, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals, \$10,000,000 is appropriated to a psychiatric hospital owned by a county with a ratio of maintained beds-to-licensed beds greater than 80 percent, according to the four quarters of 2024 data from the B-2 Quarterly Inpatient Utilization Report submitted to the Department of Health pursuant to N.J.A.C.8:31B-3.3, to be allotted in equal installments on a quarterly basis, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following conditions: in order to promote accuracy, efficiency and accountability in the third party liability (TPL) program, the Division of Medical Assistance and Health Services shall require that any third party as defined in subsection m. of section 3 of P.L.1968, c.413 (C.30:4D-3), or in 42 U.S.C. s.1396a(a)(25)(A), including, but not limited to, a pharmacy benefit manager and any entity writing health, casualty, workers’ compensation, or malpractice insurance policies in the State or covering residents of this State, enter into an agreement with

Provided further that the Division also shall require that third party must respond within a reasonable period, not to exceed 60 calendar days, to an inquiry by the State regarding a claim for payment for any health care item or service that is submitted less than three years after the date of the provision of such health care item or service; failure to pay or deny a claim within a reasonable period after receipt of the claim shall create an uncontestable obligation to pay the claim and payments made by a third party to the State shall be considered final two years after payment is made; provided further that a third party shall agree not to deny a claim submitted by the State solely on the basis of the date of submission of the claim, the type or format of the claim form, a failure to obtain prior authorization, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if both of the following apply: the claim is submitted by the State within the three-year period beginning on the date on which the item or service was furnished; and any action by the State to enforce its rights with respect to the claim is commenced within six years of the State's submission of the claim.

Notwithstanding the provisions of any law or regulation to the contrary and subject to any required federal approval, from the amounts hereinabove appropriated in the General Medical Services program classification, payment may be made for services provided as part of the Integrated Care for Kids model for beneficiaries residing in Monmouth and Ocean counties.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from accounts within the General Medical Services program classification in the Division of Medical Assistance and Health Services. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of paragraph (13) of subsection i. of section 3 of P.L.1968, c.413 (C.30:4D-3) or any other law or regulation to the contrary, and subject to federal approval, a pregnant woman whose family income does not exceed the highest income eligibility level for pregnant women established under the State plan under Title XIX and Title XXI of the federal Social Security Act shall continue to be eligible for coverage until the end of the 365-day period beginning on the last day of her pregnancy.

Notwithstanding the provisions of paragraph (8) of subsection i. of section 3 of P.L.1968, c.413 (C.30:4D-3) and paragraphs (3), (4), and (5) of subsection g. of section 6 of P.L.1968, c.413 (C.30:4D-6), or any other law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following conditions: in order to encourage home and community based services as an alternative to nursing home placement, consistent with the federally approved Section 1115 Medicaid demonstration waiver and any approved amendments thereto, the Commissioner of Human Services is authorized to adjust financial eligibility and other requirements and services for medically needy eligibility groups and the Managed Long Term Services and Supports population, subject to the approval of the Director of the Division of Budget and Accounting and subject to any other required federal approval.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated in the General Medical Services program classification are subject to the following condition: effective January 1, 2015, the Commissioner of Human Services is authorized to provide any or all types and levels of services that are provided through the Medicaid State Plan's Alternative Benefit Plan to any or all of the types of qualified applicants described in paragraphs (1), (2), (4), (6), (7), (9), (10), (11), (12), (13), (16(a)), (17), (18) and (19) of subsection i. of section 3 of P.L.1968, c.413 (C.30:4D-3), subject to the approval of the Director of the Division of Budget and Accounting and subject to any required federal approval.

Notwithstanding the provisions of any law or regulation to the contrary and subject to any required federal approval, the amounts appropriated for the General Medical Services program classification are subject to the following condition: premiums shall not be required to be collected from families enrolled in the NJ FamilyCare program established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.), as amended.

Notwithstanding the provisions of subsection f. of section 5 of P.L.2015, c.154 (C.30:4J-12) or any other law or regulation to the contrary and subject to any required federal approval, the amounts appropriated for the General Medical Services program classification are subject to the following condition: disenrollment from employer-sponsored group or other health insurance coverage shall not cause a child or parent to be ineligible to enroll in the NJ FamilyCare program established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.), as amended.

Notwithstanding the provisions of any law or regulation to the contrary, all object accounts appropriated in the General Medical Services program classification shall be conditioned upon the following provision: when any action by a county welfare

agency, whether alone or in combination with the Division of Medical Assistance and Health Services, results in a recovery of improperly granted medical assistance, the Division of Medical Assistance and Health Services may reimburse the county welfare agency in the amount of 25 percent of the gross recovery.

In addition to the amounts hereinabove appropriated for payments to providers on behalf of medical assistance recipients, such additional amounts as may be required are appropriated from the General Fund to cover costs consequent to the establishment of presumptive eligibility for children, pregnant women, single adults or couples without dependent children, and parents and caretaker relatives in the NJ FamilyCare program, as established pursuant to P.L.2005, c.156 (C.30:4J-8 et al.).

Of the amount hereinabove appropriated within the General Medical Services program classification, the Division of Medical Assistance and Health Services, subject to federal approval, shall implement policies that would limit the ability of persons who have the financial ability to provide for their own long-term care needs to manipulate current NJ FamilyCare rules to avoid payment for that care. The Division shall require, in the case of a married individual requiring long-term care services, that the portion of the couple's resources that is not protected for the needs of the community spouse be used solely for the purchase of long-term care services.

Notwithstanding the provisions of any law or regulation to the contrary, all object accounts appropriated in the General Medical Services program classification shall be conditioned upon the following provision: the Commissioner of Human Services shall have the authority to convert individuals enrolled in a State-funded program who are also eligible for a federally matchable program, to the federally matchable program without the need for regulations.

Notwithstanding the provisions of any law or regulation to the contrary, and subject to federal approval, of the amounts appropriated in the General Medical Services program classification, the Commissioner of Human Services is authorized to develop and introduce optional service plan innovations to enhance client choice for users of NJ FamilyCare optional services, while containing expenditures.

The appropriations within the General Medical Services program classification are subject to the following conditions: the Division of Medical Assistance and Health Services, in coordination with the county welfare agencies, shall continue a program to outstation eligibility workers in disproportionate share hospitals and federally qualified health centers, provided, however, that if an alternate eligibility function at an outstanding location complies with the outstation process at 42 U.S.C. s.1396a(a)(55), the county welfare agency worker may be removed from the outstation location.

For the purposes of account balance maintenance, all object accounts appropriated in the General Medical Services program classification shall be considered as one object. This will allow timely payment of claims to providers of medical services but ensure that no overspending will occur in the program classification.

The amounts hereinabove appropriated for the General Medical Services program classification are conditioned upon the Commissioner of Human Services making

changes to such programs to make them consistent with the federal "Deficit Reduction Act of 2005," Pub.L.109-171.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the current fiscal year are appropriated for payments to providers in the same program classification from which the recovery originated.

The amount hereinabove appropriated for the Division of Medical Assistance and Health Services first shall be charged to the federal disproportionate share hospital reimbursements anticipated as Medicaid uncompensated care.

Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.) or any law or regulation to the contrary, no funds are appropriated to the Medical Assistance for the Aged program, which has been eliminated.

The amounts hereinabove appropriated for the General Medical Services program classification are available for the payment of obligations applicable to prior fiscal years.

The hourly rate for personal care services shall be \$26.68.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the General Medical Services program classification are subject to the following conditions: as of January 1, 2014 or on such date established by the federal government for the Health Insurance Marketplace pursuant to the "Patient Protection and Affordable Care Act," the following groups of current enrollees shall be transitioned to the State Health Insurance Exchange for continued health care coverage: a) adults or couples without dependent children who were enrolled in the New Jersey Health ACCESS program on October 31, 2001; b) all parents or caretakers who: (i) have gross family income that does not exceed 200 percent of the poverty level; (ii) have no health insurance, as determined by the Commissioner of Human Services; (iii) are ineligible for NJ FamilyCare; or (iv) are adult aliens lawfully admitted for permanent residence, but who have lived in the United States for less than five full years after such lawful admittance, and are enrolled in NJ FamilyCare; and c) Essential Persons (Spouses) whose coverage is funded solely by the State.

Of the amount hereinabove appropriated in the Pharmaceutical Assistance to the Aged and Disabled-Claims program, notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) or any law or regulation to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be \$5 for generic drugs and \$7 for brand name drugs.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) programs are conditioned upon the Department of Human Services coordinating the benefits of the PAAD programs with the prescription drug benefits of the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, as the primary payer due to the current federal prohibition against State automatic enrollment of PAAD program recipients in the federal program. The PAAD program benefit and reimbursement shall only be available to cover the beneficiary cost share to in-network pharmacies and for deductible and coverage gap costs, as determined by the Commissioner of Human Services, associated with enrollment in Medicare Part D for beneficiaries of the PAAD and Senior Gold Prescription Discount programs, and for Medicare Part D premium costs for PAAD beneficiaries.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled program is subject to the following condition: any third party, as defined in subsection m. of section 3 of P.L.1968, c.413 (C.30:4D-3), or in 42 U.S.C. s.1396a(a)(25)(A), including, but not limited to, a pharmacy benefit manager writing health, casualty, or malpractice insurance policies in the State or covering residents of this State, shall enter into an agreement with the Department of Human Services to permit and assist the matching of the Department of Human Services' program eligibility and/or adjudication claims files against that third party's eligibility and/or adjudicated claims files for the purpose of the coordination of benefits, utilizing, if necessary, social security numbers as common identifiers.

All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.) during the preceding fiscal year are appropriated for payments to providers in the same program classification from which the recovery originated.

Notwithstanding the provisions of any law or regulation to the contrary, a sufficient portion of receipts generated or savings realized in the Medical Services for the Aged or Pharmaceutical Assistance to the Aged and Disabled Grants-In-Aid accounts from initiatives included in the current fiscal year appropriations act may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, P.L.2001, c.96 (C.30:4D-43 et seq.), shall be the last resource benefits, notwithstanding any provisions contained in contracts, wills, agreements, or other instruments. Any provision in a contract of insurance, will, trust

agreement, or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for, or receipt of, PAAD or Senior Gold Prescription Discount Program benefits shall be void, and no PAAD and Senior Gold Prescription Discount Program payments shall be made as a result of any such provision.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification and the Senior Gold Prescription Discount Program account shall be expended for fee-for-service prescription drug claims with no Medicare Part D coverage except under the following conditions: (1) the maximum allowable cost for legend and non-legend drugs shall be calculated based on Actual Acquisition Cost (AAC) defined as the lowest of (i) the National Average Drug Acquisition Cost (NADAC) Retail Price Survey, developed in accordance with subsection (f) of section 1927 of the Social Security Act; (ii) Wholesale Acquisition Cost (WAC) less a volume discount, in the absence of a NADAC price, that is consistent with the NJ FamilyCare program; (iii) the federal upper limit; or (iv) the State upper limit (SUL); and (v) cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source drugs and multi-source drugs in the absence of any alternative pricing benchmarks; (2) pharmacy reimbursement for legend and non-legend drugs shall be calculated based on (i) the lower of the AAC plus a professional fee, that is consistent with the NJ FamilyCare program; or a provider's usual and customary charge; or (ii) the lower of cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source and multi-source drugs, where an alternative pricing benchmark is not available, plus a professional fee that is consistent with the NJ FamilyCare program; or a provider's usual and customary charge. For legend drugs purchased through the 340B Drug Pricing Program, the maximum allowable cost shall be based on the 340B ceiling price. In the absence of a 340B ceiling price, the alternative benchmark used shall be the WAC minus a volume discount of 25 percent. The 340B ceiling price or the alternative benchmark shall only apply when its price is the lowest compared to the pricing formulas described by (i) through (v) above. Reimbursement for covered outpatient drugs shall be calculated based on: (i) the lower of the AAC plus a professional fee of \$10.92; or a provider's usual and customary charge; or (ii) the lower of cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source and multi-source drugs, where an alternative pricing benchmark is not available, plus a professional fee of \$10.92; or a provider's usual and customary charge. To effectuate the calculation of SUL rates and/or the calculation of single-source and brand-name multi-source legend and non-legend drug costs where an alternative pricing benchmark is not available, the Department of Human Services shall mandate ongoing submission of current drug acquisition data by providers of pharmaceutical services. No funds hereinabove appropriated shall be paid to any entity that fails to submit required data.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), or the Senior Gold Prescription Discount Program (Senior Gold), pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended when PAAD or Senior Gold is the primary payer, unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services, provided, however, nothing in this paragraph shall apply to insulin products. Name brand manufacturers must provide

for the payment of rebates to the State on the same basis as provided for in subsections (a) through (c) of section 1927 of the federal Social Security Act, 42 U.S.C. s.1396r-8.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), and the Senior Gold Prescription Discount Program, pursuant to P.L.2001, c.96 (C.30:4D-43 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services, providing for the payment of rebates to the State provided, however, nothing in this paragraph shall apply to insulin products. Furthermore, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the PAAD program and the Senior Gold Prescription Discount Program shall continue during the current fiscal year, provided that the manufacturer's rebates for PAAD claims paid as secondary to Medicare Part D and for the Senior Gold Prescription Discount Program shall apply only to the amount paid by the State under the PAAD and Senior Gold Prescription Discount Programs. All revenues from such rebates during the current fiscal year are appropriated for the PAAD program and the Senior Gold Prescription Discount Program.

In addition to the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled and the Senior Gold Prescription Discount programs, there are appropriated such additional amounts from the General Fund and available federal matching funds as may be required for the payment of claims, credits, and rebates, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the appropriations for the Pharmaceutical Assistance to the Aged and Disabled program and the Senior Gold Prescription Discount Program are conditioned upon the Department of Human Services coordinating benefits with any voluntary prescription drug mail-order or specialty pharmacy in a Medicare Part D provider network or private third party liability plan network for beneficiaries enrolled in a Medicare Part D program or beneficiaries with primary prescription coverage that requires use of mail order. The mail-order program may waive, discount, or rebate the beneficiary copayment and mail-order pharmacy providers may dispense up to a 90-day supply on prescription refills with the voluntary participation of the beneficiary, subject to the approval of the Commissioner of Human Services and the Director of the Division of Budget and Accounting.

Consistent with the requirements of the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, and the current federal prohibition against State automatic enrollment of Pharmaceutical Assistance to the Aged and Pharmaceutical Assistance to the Aged and Disabled (PAAD) programs and Senior Gold Prescription Discount Program recipients, no funds hereinabove appropriated to the PAAD program or Senior Gold Prescription Discount Program accounts shall be expended for any individual unless the individual enrolled in the PAAD program or Senior Gold Prescription Discount Program provides all data necessary to enroll the individual in Medicare Part D, including data required for the subsidy assistance, as outlined by the Centers for Medicare and Medicaid Services.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and

Pharmaceutical Assistance to the Aged and Disabled (PAAD) programs, and Senior Gold Prescription Discount Program shall be conditioned upon the following provision: no funds shall be appropriated for the refilling of a prescription drug when paid by PAAD or the Senior Gold Prescription Discount Program as the primary payer until such time as the original prescription is 85 percent finished.

Notwithstanding the provisions of any law or regulation to the contrary, no amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled program or the Senior Gold Prescription Discount Program shall be expended for diabetic testing materials and supplies which are covered under the federal Medicare Part B program, or for vitamins, cough/cold medications, drugs used for the treatment of erectile dysfunction, or cosmetic drugs, including, but not limited to: drugs used for baldness, weight loss, and skin conditions.

Notwithstanding the provisions of any law or regulation to the contrary, no amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program or the Senior Gold Prescription Discount Program shall be expended to cover medications not on the formulary of a PAAD program or Senior Gold Prescription Discount Program beneficiary's Medicare Part D plan. This exclusion shall not apply to those drugs covered by the PAAD program and Senior Gold Prescription Discount Program which are specifically excluded by the federal Medicare Prescription Drug Program. In addition, this exclusion shall not impact the beneficiary's rights, guaranteed by the "Medicare Prescription Drug, Improvement, and Modernization Act of 2003", Pub.L.108-173, to appeal the medical necessity of coverage for drugs not on the formulary of a Medicare Part D plan.

The amounts hereinabove appropriated for payments for the Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D-20 et seq.), the Senior Gold Prescription Discount Program, P.L.2001, c.96 (C.30:4D-43 et seq.), and Community Based Senior Programs are available for the payment of obligations applicable to prior fiscal years.

From the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged - Claims and Senior Gold Prescription Discount Program, an amount not to exceed \$2,850,000 may be transferred to various accounts as required, including Direct State Services accounts, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program and Senior Gold Prescription Discount Program accounts shall be available as payment as a PAAD program or the Senior Gold Prescription Discount Program benefit to any pharmacy that is not enrolled as a participating pharmacy in a pharmacy network under Medicare Part D.

In order to permit flexibility in implementing ElderCare Initiatives hereinabove appropriated as part of Community Based Senior Programs, amounts may be transferred between Direct State Services and Grants-In-Aid accounts, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law to the contrary, amounts hereinabove appropriated for Aging and Disability Resource Connections (ADRC) shall be conditioned upon the following: federal matching funds derived from ADRC or Area Agencies on Aging Medicaid costs, pursuant to an approved cost allocation plan,

shall be disbursed to counties solely for the expansion of long-term care services and supports for older adults and individuals seeking home and community based services.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of prescription drugs, amounts may be transferred between accounts within the Pharmaceutical Assistance to the Aged and Disabled program classification, subject to the approval of the Director of the Division of Budget and Accounting.

The amount hereinabove appropriated for the Senior Wellness Pilot Program is subject to the following conditions: the Commissioner of Human Services shall develop a competitive grant program to fund local government units and nonprofit organizations implementing initiatives that improve socialization and support the health and wellbeing of older adults, and homebound individuals, subject to the approval of the Director of the Division of Budget and Accounting.

In addition to the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled program, there are appropriated such additional amounts as may be required from the Casino Revenue Fund and available federal matching funds for the payment of claims, credits, and rebates, subject to the approval of the Director of the Division of Budget and Accounting.

The amounts hereinabove appropriated for payments for the Pharmaceutical Assistance to the Aged and Disabled program, P.L.1975, c.194 (C.30:4D-20 et seq.), are available for the payment of obligations applicable to prior fiscal years.

Benefits provided under the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, P.L.1975, c.194 (C.30:4D-20 et seq.), shall be the last resource benefits, notwithstanding any provision contained in contracts, wills, agreements, or other instruments. Any provision in a contract of insurance, will, trust agreement, or other instrument which reduces or excludes coverage or payment to an individual because of that individual's eligibility for or receipt of PAAD benefits shall be void, and no PAAD payments shall be made as a result of any such provision.

Of the amount hereinabove appropriated in the Pharmaceutical Assistance to the Aged and Disabled-Claims program, notwithstanding the provisions of section 3 of P.L.1975, c.194 (C.30:4D-22) or any law or regulation to the contrary, the copayment in the Pharmaceutical Assistance to the Aged and Disabled program shall be \$5 for generic drugs and \$7 for brand name drugs.

Notwithstanding the provisions of any law or regulation to the contrary, subject to the approval of a plan by the Commissioner of Human Services no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), shall be expended when PAAD is the primary payer, unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services, provided, however, nothing in this paragraph shall apply to insulin products. Name brand manufacturers must provide for the payment of rebates to the State on the same basis as provided for in subsections (a) through (c) of section 1927 of the federal Social Security Act, 42 U.S.C. s.1396r-8.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program, pursuant to P.L.1975, c.194 (C.30:4D-20 et seq.), shall be expended unless participating pharmaceutical manufacturing companies execute contracts with the Department of Human Services, providing for the payment of rebates to the State

provided, however, nothing in this paragraph shall apply to insulin products. Furthermore, rebates from pharmaceutical manufacturing companies for prescriptions purchased by the PAAD program shall continue during the current fiscal year, provided that the manufacturers' rebates for PAAD claims paid as secondary to Medicare Part D shall apply only to the amount paid by the State under the PAAD program. All revenues from such rebates during the current fiscal year are appropriated for the PAAD program.

Notwithstanding the provisions of any law or regulation to the contrary, the appropriations for the Pharmaceutical Assistance to the Aged and Disabled program are conditioned upon the Department of Human Services coordinating benefits with any voluntary prescription drug mail-order or specialty pharmacy in a Medicare Part D provider network or private third party liability plan network for beneficiaries enrolled in a Medicare Part D program or beneficiaries with primary prescription coverage that requires use of mail-order. The mail-order program may waive, discount, or rebate the beneficiary copayment and mail-order pharmacy providers may dispense up to a 90-day supply on prescription refills with the voluntary participation of the beneficiary, subject to the approval of the Commissioner of Human Services and the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated to the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program is conditioned upon the Department of Human Services coordinating the benefits of the PAAD program with the prescription drug benefits of the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, as the primary payer due to the current federal prohibition against State automatic enrollment of PAAD program recipients in the federal program. The PAAD program benefit and reimbursement shall only be available to cover the beneficiary cost share to in-network pharmacies and for deductible and coverage gap costs, as determined by the Commissioner of Human Services, associated with enrollment in Medicare Part D for beneficiaries of the PAAD and the Senior Gold Prescription Discount Program, and for Medicare Part D premium costs for PAAD program beneficiaries.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program and the Senior Gold Prescription Discount Program accounts shall be available as payment as a PAAD program or Senior Gold Prescription Discount Program benefit to any pharmacy that is not enrolled as a participating pharmacy in a pharmacy network under Medicare Part D.

Consistent with the requirements of the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, and the current federal prohibition against State automatic enrollment of Pharmaceutical Assistance to the Aged and Disabled (PAAD) program recipients, no funds hereinabove appropriated from the PAAD account shall be expended for any individual enrolled in the PAAD program unless the individual provides all data that may be necessary to enroll the individual in Medicare Part D, including data required for the subsidy assistance, as outlined by the Centers for Medicare and Medicaid Services.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program shall be conditioned upon the following provision: no funds shall be appropriated for the refilling of a prescription drug paid by PAAD as a primary payer until such time as the original prescription is 85 percent finished.

Notwithstanding the provisions of any law or regulation to the contrary, no amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program shall be expended to cover medications not on the formulary of a PAAD program beneficiary's Medicare Part D plan. This exclusion shall not apply to those drugs covered by PAAD which are specifically excluded by the federal Medicare Prescription Drug Program. In addition, this exclusion shall not impact the beneficiary's rights, guaranteed by the "Medicare Prescription Drug, Improvement, and Modernization Act of 2003," Pub.L.108-173, to appeal the medical necessity of coverage for drugs not on the formulary of a Medicare Part D plan.

Notwithstanding the provisions of any law or regulation to the contrary, no amounts hereinabove appropriated for the Pharmaceutical Assistance to the Aged and Disabled (PAAD) program shall be expended for diabetic testing materials and supplies which are covered under the federal Medicare Part B program, or for vitamins, cough/cold medications, drugs used for the treatment of erectile dysfunction, or cosmetic drugs including but not limited to: drugs used for baldness, weight loss, and skin conditions.

Notwithstanding the provisions of any law or regulation to the contrary, no funds appropriated in the Pharmaceutical Assistance to the Aged and Disabled program classification and the Senior Gold Prescription Discount Program account shall be expended for fee-for-service prescription drug claims with no Medicare Part D coverage except under the following conditions: (1) the maximum allowable cost for legend and non-legend drugs shall be calculated based on Actual Acquisition Cost (AAC) defined as the lowest of (i) the National Average Drug Acquisition Cost (NADAC) Retail Price Survey, developed in accordance with subsection (f) of section 1927 of the Social Security Act; (ii) Wholesale Acquisition Cost (WAC) less a volume discount, in the absence of a NADAC price, that is consistent with the NJ FamilyCare program; (iii) the federal upper limit; or (iv) the State upper limit (SUL); and (v) cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source drugs and multi-source drugs in the absence of any alternative pricing benchmarks; (2) pharmacy reimbursement for legend and non-legend drugs shall be calculated based on (i) the lower of the AAC plus a professional fee, that is consistent with the NJ FamilyCare program; or a provider's usual and customary charge; or (ii) the lower of cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source and multi-source drugs, where an alternative pricing benchmark is not available, plus a professional fee that is consistent with the NJ FamilyCare program; or a provider's usual and customary charge. For legend drugs purchased through the 340B Drug Pricing Program, the maximum allowable cost shall be based on the 340B ceiling price. In the absence of a 340B ceiling price, the alternative benchmark used shall be the WAC minus a volume discount of 25 percent. The 340B ceiling price or the alternative benchmark shall only apply when its price is the lowest compared to the pricing formulas described by (i) through (v) above. Reimbursement for covered outpatient drugs shall be calculated based on: (i) the lower of the AAC plus a professional fee of \$10.92; or a provider's usual and customary charge; or (ii) the lower of cost acquisition data submitted by providers of pharmaceutical services for brand-name multi-source and multi-source drugs, where an alternative pricing benchmark is not available, plus a professional fee of \$10.92; or a provider's usual and customary charge. To effectuate the calculation of SUL rates and/or the calculation of single-source and brand-name multi-source legend and non-legend

drug costs where an alternative pricing benchmark is not available, the Department of Human Services shall mandate ongoing submission of current drug acquisition data by providers of pharmaceutical services. No funds hereinabove appropriated shall be paid to any entity that fails to submit required data.

All funds recovered under P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194 (C.30:4D-20 et seq.), during the current fiscal year are appropriated for payments to providers in the same program classification from which the recovery originated.

Notwithstanding the provisions of any law or regulation to the contrary, a sufficient portion of receipts generated or savings realized in the Casino Revenue Fund or Pharmaceutical Assistance to the Aged and Disabled Grants-In-Aid accounts from initiatives included in the current fiscal year's annual appropriations act may be transferred to administration accounts to fund costs incurred in realizing these additional receipts or savings, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, of the amount hereinabove appropriated for the Community Based Senior Programs (CRF) account, \$93,000 shall be charged to the Casino Simulcasting Fund.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of prescription drugs, amounts may be transferred between accounts within the Pharmaceutical Assistance to the Aged and Disabled program classification, subject to the approval of the Director of the Division of Budget and Accounting.

The unexpended balances reappropriated to the Tuition Aid Grant account shall be available to fund increases in the number of applicants qualifying for full-time Tuition Aid Grant awards, to fund increases in award amounts, and to fund shifts in the distribution of awards that result in an increase in program costs.

In addition to the amount hereinabove appropriated for Community College Opportunity Grants (CCOG), there are appropriated such amounts as are required to cover the costs of increases in the number of applicants qualifying for CCOG awards or to fund shifts in the distribution of awards that result in an increase in total program costs, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for Garden State Guarantee awards is subject to the following conditions: \$84,412,000 is appropriated to the Higher Education Student Assistance Authority to provide grants during the fall 2025 and spring 2026 semesters to eligible New Jersey resident undergraduate students in each student's third and/or fourth year of full-time enrollment at a New Jersey senior public college or university, as full-time enrollment is defined pursuant to N.J.A.C. 9A:9-3.4 and as years three and four are defined by the Higher Education Student Assistance Authority and published on the Authority's public website; provided that (1) the amount of the Garden State Guarantee awards for qualified students with an annual adjusted gross income, as such term is defined in section 1 of P.L.2021, c.26 (C.18A:71B-111), between \$0 and \$65,000 shall ensure that each such student receives sufficient financial aid from a combination of State, federal, institutional, and other grants or scholarships to eliminate the student's net cost of tuition and mandatory fees in both the fall 2025 and spring 2026 semesters; and that (2) the amount of the Garden State Guarantee awards for previous grant recipients with an annual adjusted gross income between \$65,001 and \$80,000, as such term is defined in section 1 of P.L.2021, c.26 (C.18A:71B-111), shall ensure that each such student receives sufficient financial aid from a combination of State, federal, institutional, and other grants or scholarships to pay a remaining net price of no more than \$3,750 in tuition and mandatory fees in either the fall 2025 or spring 2026 semester; and that (3) the amount of the Garden State Guarantee awards for previous grant recipients with an annual adjusted gross income between \$80,001 and \$100,000, as such term is defined in section 1 of P.L.2021, c.26 (C.18A:71B-111), shall ensure that each such student receives sufficient financial aid from a combination of State, federal, institutional, and other grants or scholarships to pay a remaining net price of no more than \$5,000 in tuition and mandatory fees in either the fall 2025 or spring 2026 semester; and provided further that the Higher Education Student Assistance Authority shall establish criteria governing student eligibility and other necessary program elements for Fiscal Year 2026, which shall be published on the Authority's public website; and provided further that eligibility for each senior public institution's students to receive Garden State Guarantee awards shall be contingent on the institution's maintenance of efforts (as defined below), whereby in academic years 2025-2026 the senior public institution's awards per-student for students enrolled in years three and four, with annual adjusted gross incomes ranging from \$0-\$20,000, \$20,001-\$40,000, \$40,001-\$65,000, \$65,001-\$80,000, and \$80,001-\$100,000, are each within at least five percent of the per-student average amounts of institutional financial aid the institution awarded during academic year 2020-2021 to students in corresponding years of enrollment and annual adjusted gross income ranges ("maintenance of effort").

In addition to the amount hereinabove appropriated for Garden State Guarantee (GSG) there are appropriated such amounts as are required to cover the costs of increases in the number of applicants qualifying for GSG awards or to fund shifts in the distribution of awards that result in an increase in total program costs, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove appropriated for the Student Teacher Stipends is subject to the following conditions and subject to available funding: (1) a student teacher attending

Receipts from voluntary contributions by taxpayers on New Jersey gross income tax returns for the New Jersey World Trade Center Scholarship Fund are appropriated for the purpose of providing scholarships for eligible recipients as defined in P.L.2001, c.442 (C.18A:71B-23.1 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the maximum tuition to be used in determining the amount of a NJ STARS award to a student at a county college shall be limited to the in-county tuition charged for students pursuing a full-time course of study at that county college.

Notwithstanding the provisions of subsection b. of section 5 of P.L.2004, c.59 (C.18A:71B-85), none of the funds hereinabove appropriated for the New Jersey Student Tuition Assistance Reward Scholarship program shall be used to fund summer semester NJ STARS scholarship awards.

Notwithstanding the provisions of P.L.2012, c.8 (C.18A:71B-85.6 et al.) or any other law or regulation to the contrary, the amounts hereinabove appropriated for the New Jersey Student Tuition Assistance Reward Scholarship program are subject to the following condition: the maximum New Jersey Student Tuition Assistance Reward Scholarship awards for students first enrolling in the program for academic year 2015-2016 and thereafter who attend a county college that has eliminated general education fees and increased its tuition correspondingly will be reduced by an amount to be calculated and approved by the Director of the Division of Budget and Accounting. The amount of the reduction shall be the three-year average percentage that fees comprised of total tuition and fees as reported to the Higher Education Student Assistance Authority (HESAA) on the institutional budget survey in the three immediate years prior to the elimination of the general education fees.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the Teachers Loan Redemption Program shall be available for the redemption of a portion of eligible participants' qualifying student loans. Qualifying student loans shall include government or commercial loans used for the actual costs paid for tuition and reasonable education and living expenses related to obtaining a degree. The Higher Education Student Assistance Authority shall select program participants from among those applicants who submit their

If appropriated funds are insufficient to provide loan redemptions to all of the applicants who meet the eligibility criteria, the Authority shall accord priority to applicants based on a district's number of unfilled teacher vacancies, an applicant's student loan burden, and an applicant's hiring date. If appropriated funds are insufficient to provide loan redemptions to all of the top-ranked qualified applicants based on the above-listed priorities, the Authority shall select program participants by means of a lottery or other form of random selection from among the highest priority applicants.

Notwithstanding the provisions of any law or regulation to the contrary, of the amount hereinabove appropriated for the Behavioral Healthcare Provider Loan Redemption Program, no more than eight percent of the amount appropriated may be allocated for the administrative costs of the program, subject to the approval of the Director of the Division of Budget and Accounting.

In order to permit and ensure the timely award of student financial aid grants, amounts may be transferred among accounts in Student Assistance Programs, including Survivor Tuition Benefits, subject to the approval of the Director of the Division of Budget and Accounting. The unexpended balances at the end of the preceding fiscal year in Student Assistance Programs are appropriated to such programs, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts provided hereinabove in Student Assistance Programs shall be available for payment of liabilities applicable to prior fiscal years.

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first \$500,000 of unanticipated grant awards plus an additional 25 percent of any remaining award

amount that is greater than \$500,000, and up to 25 percent of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated; and any such grants intended to prevent threats to homeland security up to 100 percent of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided, however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants.

For the purposes of federal funds appropriations, "political subdivisions of the State" means counties, municipalities, school districts, or agencies thereof, regional, county or municipal authorities, or districts other than interstate authorities or districts; "discretion" refers to any action in which an agency may determine either the amount of funds to be allocated or the recipient of the allocation; and "grants" refers to one-time, or time limited awards, which are received pursuant to submission of a grant application in competition with other grant applications.

The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated for the same purposes. The Director of the Division of Budget and Accounting shall inform the Legislative Budget and Finance Officer by November 1 of the current fiscal year of any unexpended balances which are continued.

Officials from the appropriate executive agencies are hereby authorized to take such steps, if any, as may be necessary to qualify for, apply for, receive and expend such federal funds and to make such commitments, representations and other agreements as may be required by the federal government to receive federal funds under federal law authorizing the federal economic stimulus program or any other similar federal law. Furthermore, and notwithstanding the provisions of any other law or regulation to the contrary, officials from the appropriate executive agencies may encumber any of these federal funds appropriated pursuant to this provision prior to entering into any contract, grant or other agreement obligating the federal funds, subject to the approval of the Director of the Division of Budget and Accounting.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred to and from the various items of appropriation within the General Medical Services program classification, and within the federal matching funding, in the Division of Medical Assistance and Health Services and Division of Disability Services in the Department of Human Services, and within the Medical Services for the Aged program classification, and within the federal matching funding, in the Division of Aging Services in the Department of Human Services, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, the Department of Labor and Workforce Development shall consider consistent with applicable federal law a formal association of community based organizations to be a "local consortium" for the purposes of receiving funding for the delivery of English as a Second Language or Civics education/training.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of medical services, amounts may be transferred

among accounts in the Children's System of Care program classification. Amounts may also be transferred to and from various items of appropriation within the General Medical Services program classification of the Division of Medical Assistance and Health Services in the Department of Human Services and the Children's System of Care Services program classification in the Department of Children and Families. All such transfers are subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Out of the appropriations herein, the Director of the Division of Budget and Accounting is empowered to approve payments to liquidate any unrecorded liabilities for materials delivered or services rendered in prior fiscal years, upon the written recommendations of any department head or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the director deems improper.

Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal funds hereinabove appropriated, there are appropriated to the appropriate executive agencies, subject to the approval of the Director of the Division of Budget and Accounting, such additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program or any other similar federal program for the purposes, projects, and programs set forth in such law; provided, however, that if the federal law does not delineate the specific purposes, projects, and programs to be funded by the federal funds, the purposes, projects, and programs to be funded by the federal funds shall be subject to the approval of the Joint Budget Oversight Committee, and further provided, however, that the State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly, the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly Budget Committee at least quarterly on the receipt and utilization of all additional federal funds received during this fiscal year pursuant to any federal law authorizing a federal economic stimulus program.

Notwithstanding the provisions of section 2 of P.L.2021, c.200 (C.48:3-106.2) or any other law or regulation to the contrary, the unexpended balance at the end of the preceding fiscal year in the School and Small Business Energy Efficiency Stimulus Program Fund may be reallocated for any of the purposes set forth in P.L.2021, c.200 as determined by the President of the Board of Public Utilities, subject to the approval of the Director of the Division of Budget and Accounting.

The federal grant funds hereinabove appropriated are subject to the following conditions: (1) in the event that an agency receiving the funds from the federal government requires a subgrantee account or accounts within the same agency or organization, the funds may be transferred to such subgrantee account, subject to the approval of the Director of the Division of Budget and Accounting; and (2) in the event that the agency receiving the funds from the federal government enters into an agreement with another agency as the subgrantee of such federal funds, the funds may be transferred to such subgrantee agency, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law or regulation to the contrary, in order to permit flexibility in the management of federal grant funds, amounts appropriated or transferred from such federal funds to State departments as subgrantees of other

State departments may be transferred back to an item of appropriation in the original grant recipient department upon completion of the funded activity, subject to the approval of the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any purchase by the State or by a State agency or local government unit of equipment, goods or services related to homeland security and domestic preparedness, that is paid for or reimbursed by federal funds awarded by the U.S. Department of Homeland Security or other federal agency, appropriated in the current fiscal year, may be made through the receipt of public bids or as an alternative to public bidding and subject to the provisions of this paragraph, through direct purchase without advertising for bids or rejecting bids already received but not awarded. The equipment, goods or services purchased by a local government unit shall be referred to in the grant agreement issued by the State administrative agency administering such funds and shall be authorized by resolution of the governing body of the local government unit entering into the grant agreement. Such resolution may, without subsequent action of the local governing body, simultaneously accept the grant from the State administrative agency, authorize the insertion of the revenue and offsetting appropriation in the budget of the local government unit, and authorize the contracting agent of the local government unit to procure the equipment, goods or services. A copy of such resolution shall be filed with the chief financial officer of the local government unit, the State administrative agency and the Division of Local Government Services in the Department of Community Affairs. Purchases made without public bidding shall be from vendors that shall either (1) be holders of a current State contract for the equipment, goods or services sought, or (2) be participating in a federal procurement program established by a federal department or agency, or (3) have been approved by the State Treasurer in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland security purchases herein shall continue to be subject to all grant requirements and conditions approved by the State administrative agency. The Director of the Division of Purchase and Property may enter into or participate in purchasing agreements with one or more other states, or political subdivisions or compact agencies thereof, for the purchase of such equipment, goods or services, using monies appropriated under this act, to meet the domestic preparedness and homeland security needs of this State. Such purchasing agreement may provide for the sharing of costs and the methods of payments relating to such purchases. Furthermore, a county government awarding a contract for Homeland Security equipment, goods or services, may, with the approval of the vendor, extend the terms and conditions of the contract to any other county government that wants to purchase under that contract, subject to notice and documentation requirements issued by the Director of the Division of Local Government Services.

Of the amounts appropriated for Income Maintenance Management, amounts may be transferred to the various departments in accordance with the Division of Family Development's agreements, subject to the approval of the Director of the Division of Budget and Accounting. Any unobligated balances remaining from funds transferred to the departments shall be transferred back to the Division of Family Development subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the federal funds hereinabove appropriated to the Department of Transportation are subject to the following condition: in order to ensure the continued flow of necessary federal funds for important State and local transportation projects, in the event the Federal Highway Administration (FHWA) objects to the form of the department's request for submission of competitive bids or to the form or contents of related grant agreements funded with federal funds, the department shall make any changes to such requests or contracts as may be determined by the FHWA to be necessary to comply with federal law; and any other department, agency or authority affected by such action is required to take any further actions required in order for it to be in accordance with the changes required by FHWA.

In order to permit flexibility in the handling of appropriations and ensure the timely payment of claims to providers of mental health and substance use disorder services, amounts may be transferred to and from the various items of appropriation and within the federal matching funding, within the General Medical Services program classification in the Division of Medical Assistance and Health Services and the Community Services and Addiction Services program classifications in the Division of Mental Health and Addiction Services, subject to the approval of the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of subsection d. of section 21 of P.L.1984, c.73 (C.27:1B-21), or any other law or regulation to the contrary, transfers among the Federal Highway Administration and the Federal Transit Administration federal appropriations by project, under the category of Public Transportation, shall not require approval by the Joint Budget Oversight Committee. Notice of a transfer approved by the Director of the Division of Budget and Accounting pursuant to that section shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer.

Officials from the appropriate executive agencies are hereby authorized to take such steps, as may be necessary to qualify, apply, and file with the Internal Revenue Service for elective payment of applicable tax credits available to applicable entities under section 13801 of the federal Inflation Reduction Act of 2022, Public Law 117-169, subject to the approval of the Director of the Division of Budget and Accounting. Any funds received by such executive agencies shall be deposited in the General Fund as State revenues.

There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting and with the approval of the Legislative Budget and Finance Officer, private contributions, revolving funds and dedicated funds received, receivable or estimated to be received for the use of the State or its agencies in excess of those anticipated, unless otherwise provided herein. The unexpended balances at the end of the preceding fiscal year of such funds, or any portion thereof, are appropriated, subject to the approval of the Director of the Division of Budget and Accounting. In the event a person or entity wishes to make a monetary donation to the State for a particular purpose, the head of the State

agency or department to which such monetary donation is made is hereby authorized to accept such monetary donation.

3. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, the following: amounts required to refund amounts credited to the State Treasury which do not represent State revenue; amounts received representing insurance to cover losses by fire and other casualties and the unexpended balance at the end of the preceding fiscal year of such amounts; amounts received by any State department or agency from the sale of equipment, when such amounts are received in lieu of trade-in value in the replacement of such equipment; and amounts received in the State Treasury representing refunds of payments made from appropriations provided in this act.

4. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, amounts required to satisfy receivables previously established from which non-reimbursable costs and ineligible expenditures have been incurred.

5. There are appropriated, subject to allotment by the Director of the Division of Budget and Accounting, from federal or other non-State sources amounts not to exceed the cost of services necessary to document and support retroactive claims.

6. There are appropriated such amounts as may be required to pay interest liabilities to the federal government as required by the Treasury/State agreement pursuant to the provisions of the "Cash Management Improvement Act of 1990," Pub. L. 101-453 (31 U.S.C. s.6501 et seq.), subject to the approval of the Director of the Division of Budget and Accounting.

7. There are appropriated, first from interest earnings of the various bond funds and then from the General Fund, such amounts as may be necessary for the State to comply with the federal "Tax Reform Act of 1986," Pub. L. 99-514 (26 U.S.C. s.1 et seq. as amended), which requires issuers of tax-exempt debt obligations to rebate any arbitrage earnings to the federal government, subject to the approval of the Director of the Division of Budget and Accounting.

8. There are appropriated from the General Fund, subject to the approval of the Director of the Division of Budget and Accounting, such amounts as are necessary to pay interest, at the average rate of earnings during the fiscal year from the State's general investments, to those bond funds that have borrowed money from the General Fund or other bond funds and that have insufficient resources to accrue and pay the interest expense on such borrowing.

9. In addition to the amounts hereinabove appropriated, such additional amounts as may be necessary are appropriated to fund the costs of the collection of debts, taxes and other fees and charges owed to the State, including but not limited to the services of auditors and attorneys and enhanced compliance programs, subject to the approval of the Director of the Division of Budget and Accounting.

10. There are appropriated from the Legal Services Fund established pursuant to section 6 of P.L.1996, c.52 (C.22A:2-51), for transfer to the General Fund as State revenue such amounts as are necessary to support the appropriations for the following programs contained in this act: Legal Services of New Jersey grant, ten judgeships in the Judiciary,

and for Clinical Legal Programs for the Poor at Rutgers Law School and Seton Hall University.

11. The unexpended balances at the end of the preceding fiscal year in the accounts of the several departments and agencies heretofore appropriated or established in the category of Additions, Improvements and Equipment are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

12. The unexpended balances at the end of the preceding fiscal year in the Capital Construction accounts for all departments and agencies are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

13. Unless otherwise provided, unexpended balances at the end of the preceding fiscal year in accounts of appropriations enacted subsequent to April 1 of the preceding fiscal year, are appropriated.

14. The unexpended balances at the end of the preceding fiscal year in accounts that are funded by Interfund Transfers are appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

15. Notwithstanding any provisions in this act or the provisions of any law or regulation to the contrary, no unexpended balances at the end of the preceding fiscal year are appropriated without the approval of the Director of the Division of Budget and Accounting, except that the Legislative Branch of State government shall be exempt from this provision. The Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of those instances in which unexpended balances are not appropriated pursuant to this section.

16. The administrative costs of the Special Education Medicaid Initiative (SEMI) and the Medicaid Administrative Claiming (MAC) program, including the participation of a consultant, are appropriated and shall be paid from the revenue received, subject to the approval of the Director of the Division of Budget and Accounting.

17. The following transfer of appropriations rules are in effect for the current fiscal year:

a. To permit flexibility in the handling of appropriations, any department or agency that receives an appropriation by law, may, subject to the provisions of this section, or unless otherwise provided in this act, apply to the Director of the Division of Budget and Accounting for permission to transfer funds from one item of appropriation to a different item of appropriation. For the purposes of this section, "item of appropriation" means the spending authority identified by an organization code, appropriation source, and program code, unique to the item. If the Director consents to the transfer, the amount transferred shall be credited by the Director to the designated item of appropriation and notice thereof shall be provided to the Legislative Budget and Finance Officer on the effective date of the approved transfer. However, the Director, after consenting thereto, shall submit the following transfer requests to the Legislative Budget and Finance Officer for legislative approval or disapproval unless otherwise provided in this act:

(1) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$300,000, to or from any item of appropriation;

(2) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose account, as defined by major object 5, or Grant account, as defined by major object 6, within an item of appropriation, from or to a different item of appropriation;

(3) Requests for the transfer of State and other nonfederal funds, in amounts greater than \$50,000, to or from any Special Purpose or Grant account in which the identifying organization code, appropriation source, and program code, remain the same, provided that the transfer would effect a change in the legislative intent of the appropriations;

(4) Requests for the transfer of State funds, in amounts greater than \$50,000, between items of appropriation in different departments or between items of appropriation in different appropriation classifications herein entitled as Direct State Services, Grants-In-Aid, State Aid, Capital Construction and Debt Service;

(5) Requests for the transfer of federal funds, in amounts greater than \$300,000, from one item of appropriation to another item of appropriation, if the amount of the transfer to an item in combination with the amount of the appropriation to that item would result in an amount in excess of the appropriation authority for that item, as defined by the program class;

(6) Requests for such other transfers as are appropriate in order to ensure compliance with the legislative intent of this act.

b. The Joint Budget Oversight Committee or its successor may review all transfer requests submitted for legislative approval and may direct the Legislative Budget and Finance Officer to approve or disapprove any such transfer request. Transfers submitted for legislative approval pursuant to paragraph (4) of subsection a. of this section shall be made only if approved by the Legislative Budget and Finance Officer at the direction of the committee.

c. The Legislative Budget and Finance Officer shall approve or disapprove requests for the transfer of funds submitted for legislative approval within 10 working days of the physical receipt thereof and shall return them to the Director of the Division of Budget and Accounting. If any provision of this act or any supplement thereto requires the Legislative Budget and Finance Officer to approve or disapprove requests for the transfer of funds, the request shall be deemed to be approved by the Legislative Budget and Finance Officer if, within 20 working days of the physical receipt of the request, the officer has not disapproved the request and so notified the requesting officer. However, this time period shall not pertain to any transfer request under review by the Joint Budget Oversight Committee or its successor, provided notice of such review has been given to the Director.

d. No amount appropriated for any capital improvement shall be used for any temporary purpose except extraordinary snow removal or extraordinary transportation maintenance, subject to the approval of the Director of the Division of Budget and Accounting. However, an amount from any appropriation for an item of capital improvement may be transferred to any other item of capital improvement subject to the approval of the Director, and, if in an amount greater than \$300,000, subject to the approval of the Legislative Budget and Finance Officer.

e. The provisions of subsections a. through d. of this section shall not apply to appropriations made to the Legislative or Judicial branches of State government. To permit flexibility in the handling of these appropriations, amounts may be transferred to and from the various items of appropriation by the appropriate officer or designee with notification given to the Director of the Division of Budget and Accounting on the effective date thereof.

f. Notwithstanding any provisions of this section to the contrary, transfers to and from the Special Purpose appropriation to the Governor for emergency or necessity under the

Other Interdepartmental Accounts program classification and transfers from the appropriations to the various accounts in the category of Salary Increases and Other Benefits, both in the Interdepartmental Accounts, shall not be subject to legislative approval or disapproval.

18. The Director of the Division of Budget and Accounting shall make such correction of the title, text or account number of an appropriation necessary to make such appropriation available in accordance with legislative intent. Such correction shall be by written ruling, reciting in appropriate detail the facts thereof, and reasons therefore, attested by the signature of the Director of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of the Department of the Treasury as an official record thereof, and any action thereunder, including disbursement and the audit thereof, shall be legally binding and of full force and virtue. An official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance Officer, upon the effective date of the ruling.

19. The Legislative Budget and Finance Officer with the cooperation and assistance of the Director of the Division of Budget and Accounting is authorized to adjust this appropriations bill to reflect any reorganizations which have been implemented since the presentation of the Governor's Budget Message and Recommendations that were proposed for this fiscal year.

20. None of the funds appropriated to the executive branch of State government for Information Processing, Development, Telecommunications, and Related Services and Equipment shall be available to pay for any of these services or equipment without the review of the Office of Information Technology, and compliance with Statewide policies and standards and an approved department Information Technology Strategic Plan.

21. If the amount provided in this act for a State Aid payment pursuant to formula is insufficient to meet the full requirements of the formula, all recipients of State Aid shall have their allocation proportionately reduced, subject to the approval of the Director of the Division of Budget and Accounting.

22. When the duties or responsibilities of any department or branch, except for the Legislature and any of its agencies, are transferred to any other department or branch, it shall be the duty of the Director of the Division of Budget and Accounting and the Director is hereby empowered to transfer funds appropriated for the maintenance and operation of any such department or branch to such department or branch as shall be charged with the responsibility of administering the functions so transferred. The Director of the Division of Budget and Accounting shall have the authority to create such new accounts as may be necessary to carry out the intent of the transfer. Information copies of such transfers shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof. If such transfers may be required among appropriations made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to the approval of the President of the Senate and the Speaker of the General Assembly, is hereby empowered and it shall be that officer's duty to effect such transactions hereinabove described and to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

23. The Director of the Division of Budget and Accounting is empowered and it shall be the Director's duty in the disbursement of funds for payment of expenses classified as salary increases and other benefits, employee benefits, debt service, rent, telephone, data processing, motor pool, insurance, travel, postage, lease payments on equipment purchases, additions, improvements and equipment, and compensation awards, to credit or transfer to the Department of the Treasury, to an Interdepartmental account, or to the General Fund, as applicable, from any other department, branch or non-State fund source out of funds appropriated or credited thereto, such amounts as may be required to cover the costs of such payment attributable to such other department, branch or non-State fund source, or to reimburse the Department of the Treasury, an Interdepartmental account, or the General Fund for reductions made representing Statewide savings in the above expense classifications, as the Director shall determine. With respect to payment of expenses classified as utilities and maintenance contracts, the Director is empowered and it shall be the Director's duty in the disbursement of funds to credit or transfer to the Department of the Treasury, to an Interdepartmental account, or to the General Fund, as applicable, from any other department or non-State fund source, but not from the Legislature or the Judiciary, out of funds appropriated or credited thereto, such amounts as may be required to cover the costs of such payment attributable to such other department or non-State fund source, or to reimburse the Department of the Treasury, an Interdepartmental account, or the General Fund for reductions made representing Statewide savings in these expense classifications, as the Director shall determine. Receipts in any non-State funds are appropriated for the purpose of such transfer.

24. The Governor is empowered to direct the State Treasurer to transfer from any State department to any other State department such amounts as may be necessary for the cost of any emergency occasioned by aggression, civil disturbance, sabotage, or disaster. In addition, there are appropriated such additional amounts as may be necessary for emergency repairs and reconstruction of State facilities or property, subject to the approval of the Director of the Division of Budget and Accounting and the Joint Budget Oversight Committee (JBOC). Appropriations referred to JBOC shall be deemed approved, unless a resolution of disapproval is adopted within 10 working days of receipt of notification of the proposed appropriation.

25. Upon request of any department receiving non-State funds, the Director of the Division of Budget and Accounting is empowered to transfer such funds from that department to other departments as may be charged with the responsibility for the expenditure thereof.

26. The Director of the Division of Budget and Accounting is empowered to transfer or credit appropriations to any State agency for services provided, or to be provided, by that agency to any other agency or department; provided further, however, that funds have been appropriated or allocated to such agency or department for the purpose of purchasing these services.

27. Notwithstanding the provisions of any law or regulation to the contrary, should appropriations in the Property Tax Relief Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Property Tax Relief Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

28. Notwithstanding the provisions of any law or regulation to the contrary, should appropriations in the Casino Revenue Fund exceed available revenues, the Director of the Division of Budget and Accounting is authorized to transfer General Fund unreserved, undesignated fund balances into the Casino Revenue Fund, providing unreserved, undesignated fund balances are available from the General Fund, as determined by the Director of the Division of Budget and Accounting.

29. Notwithstanding the provisions of P.L.1954, c.48 (C.52:34-6 et seq.), amounts appropriated for services for the various State departments and agencies may be expended for the purchase of contract services from the New Jersey Sea Grant Consortium or the New Jersey Community College Consortium for Workforce and Economic Development as if each were a State government agency pursuant to subsection (a) of section 5 of P.L.1954, c.48 (C.52:34-10).

30. Out of the amounts hereinabove appropriated, the Director of the Division of Budget and Accounting is empowered to approve payment of obligations applicable to prior fiscal years, upon the written recommendation of any department head, or the department head's designated representative. The Director of the Division of Budget and Accounting shall reject any recommendations for payment which the Director deems improper.

31. Whenever any county, municipality, school district, college, university, or a political subdivision thereof withholds funds from a State agency, or causes a State agency to make payment on behalf of a county, municipality, school district, college, university or a political subdivision thereof, then the Director of the Division of Budget and Accounting may withhold State aid or grant payments and transfer the same as payment for such funds, as the Director of the Division of Budget and Accounting shall determine.

32. The Director of the Division of Budget and Accounting is empowered to establish revolving and dedicated funds as required. Notice of the establishment of such funds shall be transmitted to the Legislative Budget and Finance Officer upon the effective date thereof.

33. The Director of the Division of Budget and Accounting may, upon application therefore, allot from appropriations made to any official, department, commission or board, an amount to establish a petty cash fund for the payment of expenses under rules and regulations established by the Director. Allotments thus made by the Director of the Division of Budget and Accounting shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making a request therefore, and the money thus allotted shall be disbursed by such custodian who shall require a receipt therefore from all persons obtaining money from the fund. The Director shall make regulations governing disbursement from petty cash funds.

34. From appropriations to the various departments of State government, the Director of the Division of Budget and Accounting is empowered to transfer amounts sufficient to pay any obligation due and owing in any other department or agency.

35. Notwithstanding the provisions of any law or regulation to the contrary, the State Treasurer may transfer from any fund in the State Treasurer's custody, deposited with the

State Treasurer pursuant to law, sufficient amounts to enable payments from any appropriation made herein for any obligations due and owing. Any such transfer shall be restored out of the taxes or other revenue received in the Treasury in support of this act. Except for transfers from the several funds established pursuant to statutes that provide for interest earnings to accrue to those funds, all such transfers shall be without interest. If the statute provides for interest earnings, it shall be calculated at the average rate of earnings during the fiscal year from the State's general investments and such amounts as are necessary shall be appropriated, subject to the approval of the Director of the Division of Budget and Accounting.

36. Any qualifying State Aid appropriation, or part thereof, made from the General Fund may be transferred and recorded as an appropriation from the Property Tax Relief Fund, as deemed necessary by the State Treasurer, in order that the Director of the Division of Budget and Accounting may warrant the necessary payments; provided, however, that the available unreserved, undesignated fund balance in the Property Tax Relief Fund, as determined by the State Treasurer, is sufficient to support the expenditure.

37. Notwithstanding any other provisions of this act, the State Treasurer, upon warrant of the Director of the Division of Budget and Accounting, shall pay any claim not exceeding \$4,000 out of any appropriations made to the several departments, provided such claim is recommended for payment by the head of such department. The Legislative Budget and Finance Officer shall be notified of the amount and description of any such claim at the time such payment is made. Any claimant who has presented a claim not exceeding \$4,000, which has been denied or not recommended by the head of such department, shall be precluded from presenting said claim to the Legislature for consideration.

38. Unless otherwise provided, federal grant and project receipts representing reimbursement for agency and central support services, indirect and administrative costs, as determined by the Director of the Division of Budget and Accounting, shall be transmitted to the Department of the Treasury for credit to the General Fund; provided, however, that a portion of the indirect and administrative cost recoveries received which are in excess of the amount anticipated may be reclassified into a dedicated account and returned to State departments and agencies, as determined by the Director of the Division of Budget and Accounting, who shall notify the Legislative Budget and Finance Officer of the amount of such funds returned, the departments or agencies receiving such funds and the purpose for which such funds will be used, within 10 working days of any such transaction. Such receipts shall be forwarded to the Director of the Division of Budget and Accounting upon completion of the project or at the end of the fiscal year, whichever occurs earlier.

39.
