State of New Jersey
2012-13
hepart

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is about average when compared to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |

| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A

## Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{2 6 \%}$ of schools statewide as noted by its statewide percentile and 7\% of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{4 2 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{4 0 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{3 7} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{3 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## State of New Jersey

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :--- | :---: |
| $2011-12$ | 427 |
| $2012-13$ | 433 |

Enrollment Trends by Program Participation

## Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 116 | $27 \%$ |
| Economically Disadvantaged | 126 | $29 \%$ |
| Students | 7 | $2 \%$ |
| Limited English Proficient |  |  |
| Students |  |  |

## Language Diversity

This table presents the percentage of students who primarily speak each language in their home.

| $\mathbf{2 0 1 2 - 1 3}$ | $\underline{\text { Percent }}$ |
| :--- | :---: |
| English | $65.7 \%$ |
| Spanish | $11.7 \%$ |
| Portuguese | $8.1 \%$ |
| Tagalog | $3.1 \%$ |
| Vietnamese | $1.1 \%$ |
| Creoles and pidgins, Frenc | $1.1 \%$ |
| Other | $9.2 \%$ |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' in October of each school year.

|  | Male | Female |
| :---: | :---: | :---: |
| $2010-11$ | 222 | 202 |
| $2011-12$ | 217 | 210 |
| $2012-13$ | 226 | 207 |

## State of New Jersey

## GRADE SPAN PK-04

## 2600 KILLIAN PLACE UNION, NEW JERSEY 07083

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |
| NJASK Language Arts Proficiency and above | $\mathbf{5 9 \%}$ | $\mathbf{1 0}$ | $\mathbf{3 0}$ | $\mathbf{5 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{7 3 \%}$ | $\mathbf{4}$ | $\mathbf{2 2}$ | $\mathbf{3 3 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{7}$ | $\mathbf{2 6}$ | $\mathbf{4 2 \%}$ |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 145 | 58.6 | 69 | NO |
| White | 50 | 58 | 68.1 | YES* |
| Black | 34 | 45.5 | 62.5 | NO |
| Hispanic | 65.6 | 64.3 | YES |  |
| American Indian | - | - |  | -- |
| Asian | - | - |  | -- |
| Two or More Races | - | - |  | -- |
| Students with Disability | 34 | 20.6 | 34.9 | NO |
| Limited English Proficient <br> Students | - | - |  | -- |
| Economically <br> Disadvantaged Students | 36 | 50 | 57.7 | YES* |

YES* = Met Progress Target(Confidence Interval Applied)
Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## Proficiency Trends - Language Arts Literacy

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient and Partially Proficient categories of the statewide Language Arts Literacy assessment over the prior four years.

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

## State of New Jersey

## COLLEGE AND CAREER READINESS UNION <br> UNION TWP <br> GRADE SPAN PK-04

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{8 \%}$ | $\mathbf{4 5}$ | $\mathbf{4 0}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  | $\mathbf{0 \%}$ |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 46 | 19 | 30 | 35 |  |
| Student Growth on Math | 49 | 45 | 44 | 35 | YES |
|  | 32 | 37 | YES |  |  |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 35\% | 8\% | 6\% | Partially <br> Proficient | 17\% | 6\% | 0\% |
| Proficient | 4\% | 19\% | 25\% | Proficient | 11\% | 26\% | 11\% |
| Advanced Proficient | 0\% | 0\% | 3\% | Advanced Proficient | 4\% | 4\% | 21\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

2012-13

WITHIN SCHOOL ACHIEVEMENT GAP
UNION
UNION TWP
GRADE SPAN PK-04

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level - 03

## Length of School Day

This table presents the amount of time a school is in session for a typical student on a normal school day.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | 6 Hrs. 20 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | $0.9 \%$ |

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.

| 2012-13 | School |
| :--- | :---: |
| Full Time | 5 Hrs. 40 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Expulsions

This table presents the number of students who were expelled from the school and district during the school year.

|  | School |
| :---: | :---: |
| $2012-13$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2012-13 | School |
| :--- | :---: |
| Faculty | 15 |
| Administrators | 433 |

| SCHOOL PEER GROUP |  | BATTLE HILL |  | 39-5290-080 |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs. |  |  |  |  |  |  |

## OVERVIEW <br> UNION <br> UNION TWP

GRADE SPAN 06-08

BURNET MIDDE
BUNET MIDDLE SCHOOL 1000 CALDWELL AVENUE UNION, NEW JERSEY 07083
This school's academic performance is about average when compared to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness is about average when compared to its peers. This school's student growth performance is high when compared to schools across the state. Additionally, its student growth performance is high when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status N/A Rationale N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{4 3 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{5 1 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{2 9 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{3 8 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## State of New Jersey

## DEMOGRAPHIC INFORMATION

UNION

## State of New Jersey

## ACADEMIC ACHIEVEMIENT

UNION
UNION TWP

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |

| SUMMARY - Academic Achievement |  | $\mathbf{5 1}$ | $\mathbf{4 3}$ | $\mathbf{2 9 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## 2012-13

## COLLEGE AND CAREER READINESS <br> UNION <br> UNION TWP <br> GRADE SPAN 06-08

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 17\% | 42 | 40 | 20\% | NO |
| Chronic Absenteeism (\%) | 11\% | 45 | 35 | 6\% | NO |
| Summary |  | 44 | 38 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $17 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## GRADE SPAN 06-08

BURNET MIDDLE SCHOOL 1000 CALDWELL AVENUE UNION, NEW JERSEY 07083
This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 50 | 62 | 53 | 35 | YES |
| Student Growth on Math | 57 | 88 | 79 | 35 | YES |
|  | 75 | 66 |  | $100 \%$ |  |
|  |  |  |  |  |  |
|  |  |  |  |  |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 18\% | 11\% | 5\% | Partially Proficient | 16\% | 9\% | 6\% |
| Proficient | 15\% | 24\% | 22\% | Proficient | 11\% | 16\% | 22\% |
| Advanced Proficient | 0\% | 1\% | 4\% | Advanced Proficient | 1\% | 4\% | 15\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

UNION
UNION TWP

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## OVERVIEW <br> UNION <br> UNION TWP

## GRADE SPAN PK-05

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance is high when compared to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is very high when compared to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A

## Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{3 9 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{7 8 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{7 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{5 7 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{8 1 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{3 0} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{3 3 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## State of New Jersey

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent

| $2011-12$ | 500 |
| :---: | :---: |
| $2012-13$ | 522 |

## State of New Jersey

## GRADE SPAN PK-05

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |
| NJASK Language Arts Proficiency and above | $\mathbf{6 1 \%}$ | $\mathbf{6 8}$ | $\mathbf{3 4}$ | $\mathbf{6 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{8 3 \%}$ | $\mathbf{8 8}$ | $\mathbf{4 3}$ | $\mathbf{8 0 \%}$ |
| SUMMARY - Academic Achievement |  | 78 | $\mathbf{3 9}$ | $\mathbf{7 0 \%}$ |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 231 | 61.1 | 69.6 | NO |
| White | 68 | 63.3 | 67 | YES* |
| Black | 49 | 65.3 | 67.6 | YES* |
| Hispanic | - | - |  | -- |
| American Indian | - | - |  | -- |
| Asian | - | - |  | -- |
| Two or More Races | - | - |  | -- |
| Students with Disability | - | - |  | -- |
| Limited English Proficient <br> Students | - | 50.6 | 56.2 | YES* |
| Economically <br> Disadvantaged Students | 81 | NO |  |  |

YES* = Met Progress Target(Confidence Interval Applied)
Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## Proficiency Trends - Language Arts Literacy

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient and Partially Proficient categories of the statewide Language Arts Literacy assessment over the prior four years.

## NCLB Progress Targets - Math

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education

- is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :--- |
| Schoolwide | 231 | 82.7 | 86.9 | YES* |
| White | 68 | 86.7 | 90 | YES* |
| Black | 88 | 73.9 | 82.1 | YES* |
| Hispanic | - | 87.8 | 87.8 | YES |
| American Indian | - | - |  | -- |
| Asian | - | - |  | -- |
| Two or More Races | - | - |  | -- |
| Students with Disability | - | - |  | -- |
| Limited English <br> Proficient Students | 81 | 74 | 85.5 | NO |
| Economically <br> Disadvantaged Students | - | - |  |  |

YES* = Met Progress Target(Confidence Interval Applied)
Data is presented for subgroups when the count is high enough under
NCLB suppression rules.

## Proficiency Trends - Math

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient and Partially Proficient categories of the statewide Math assessment over the prior four years.

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $\leq$ http://nces.ed.gov/nationsreportcard/>

Advanced Proficient Proficient
Partially Proficient

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{6 \%}$ | $\mathbf{8 1}$ | 57 | $\mathbf{6 \%}$ | YES |
| Summary |  |  |  |  |  |

Chronic Absenteeism - Number of students in the most recent school year that missed $10 \%$ or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\(\left.$$

\text { Target }\end{array}
$$ \& Met Target? <br>

\hline Student Growth on Language Arts \& 42 \& 16 \& \& 22 \& 35\end{array}\right]\) YES | Student Growth on Math |
| :--- |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 28\% | 13\% | 5\% | Partially <br> Proficient | 13\% | 4\% | 3\% |
| Proficient | 12\% | 17\% | 20\% | Proficient | 17\% | 18\% | 15\% |
| Advanced Proficient | 0\% | 1\% | 3\% | Advanced Proficient | 5\% | 7\% | 18\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

2012-13
39-5290-090
WITHIN SCHOOL ACHIEVEMENT GAP
UNION
UNION TWP

GRADE SPAN PK-05

CONNECTICUT FARMS 875 STUYVESANT AVENUE UNION, NEW JERSEY 07083

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level - 03

## GRADE SPAN PK-04

This school's academic performance is about average when compared to schools across the state. Additionally, its academic performance is very high when compared to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is very high when compared to its peers. This school's student growth performance is about average when compared to schools across the state. Additionally, its student growth performance is high when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A

## Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{4 2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{8 1 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{4 6 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{8 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{5 7} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{7 5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## State of New Jersey

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent

| $2011-12$ | 476 |
| :--- | :---: |
| $2012-13$ | 450 |

## Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |

## State of New Jersey

## ACADEMIC ACHIIEVEMENT

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |
| NJASK Language Arts Proficiency and above | $\mathbf{6 7 \%}$ | 81 | 43 | $\mathbf{1 0 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{8 2 \%}$ | 81 | 40 | $\mathbf{1 0 0 \%}$ |
| SUMMARY - Academic Achievement |  | 81 | 42 | $\mathbf{1 0 0 \%}$ |

NCLB Progress Targets - Language Arts Literacy
This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## COLLEGE AND CAREER READINESS UNION <br> UNION TWP <br> GRADE SPAN PK-04

## FRANKLIN ELEMENTARY 1500 LINDY TERRACE <br> UNION, NEW JERSEY 07083-4752

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{8 \%}$ | $\mathbf{8 4}$ | $\mathbf{4 6}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  |  |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, 11 - 15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

```
STUDENT GROWTH
UNION
UNION TWP
GRADE SPAN PK-04
```

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 22\% | 12\% | 7\% | Partially Proficient | 11\% | 13\% | 0\% |
| Proficient | 11\% | 19\% | 23\% | Proficient | 14\% | 16\% | 11\% |
| Advanced Proficient | 0\% | 0\% | 7\% | Advanced Proficient | 3\% | 13\% | 20\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

2012-13

WITHIN SCHOOL ACHIEVEMENT GAP UNION<br>UNION TWP

GRADE SPAN PK-04

39-5290-100<br>FRANKLIN ELEMENTARY 1500 LINDY TERRACE<br>UNION, NEW JERSEY 07083-4752

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level - 03

NJ ASK Language Arts 25th \%ile vs 75th\%ile
This table presents the scale scores associated with students at the bottom ( 0 th percentile), the 25 th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

| Percentile | School Scale Score | State Scale Score |

## Length of School Day

This table presents the amount of time a school is in session for a typical student on a normal school day.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | 6 Hrs. 20 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | $0.9 \%$ |

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.

| 2012-13 | School |
| :--- | :---: |
| Full Time | 5 Hrs. 40 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Expulsions

This table presents the number of students who were expelled from the school and district during the school year.

|  | School |
| :---: | :---: |
| 2012-13 | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2012-13 | School |
| :--- | :---: |
| Faculty | 13 |
| Administrators | 450 |

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.

State of New Jersey
2012-13

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance is high when compared to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is high when compared to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance is about average when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A

## Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{3 6 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{7 7 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{3 3 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms 49\% of schools statewide as noted by its statewide percentile and $\mathbf{7 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{2 9} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{5 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $\leq$ http://nces.ed.gov/nationsreportcard/>

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

## COLLEGE AND CAREER READINESS UNION <br> UNION TWP

GRADE SPAN PK-05

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $7 \%$ | 74 | 49 | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  | 0 |

Chronic Absenteeism - Number of students in the most recent school year that missed $10 \%$ or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH <br> UNION <br> UNION TWP <br> GRADE SPAN PK-05

## HANNAH CALDWELL ELEM SCH 1120 COMMERCE AVENUE UNION, NEW JERSEY 07083

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 49 | 76 | 44 | 35 | YES |
| Student Growth on Math | 38 | 28 | 14 | 35 | YES |
|  | 52 |  |  |  | $100 \%$ |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 21\% | 10\% | 6\% | Partially Proficient | 13\% | 3\% | 1\% |
| Proficient | 11\% | 25\% | 18\% | Proficient | 24\% | 12\% | 8\% |
| Advanced Proficient | 0\% | 2\% | 5\% | Advanced Proficient | 10\% | 9\% | 19\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

2012-13

## WITHIN SCHOOL ACHIEVEMENT GAP UNION <br> UNION TWP

GRADE SPAN PK-05

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level - 03

## OVERVIEW <br> UNION <br> UNION TWP

GRADE SPAN 06-08

## KAWAMEEH MIDDLE SCHOOL 490 DAVID TERRACE <br> UNION, NEW JERSEY 07083

This school's academic performance is about average when compared to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is about average when compared to its peers. This school's student growth performance is about average when compared to schools across the state. Additionally, its student growth performance is about average when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A
Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{4 6 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 1 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{7 9 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{5 1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{5 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{5 0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## KAWAMEEH MIDDLE SCHOOL 490 DAVID TERRACE UNION, NEW JERSEY 07083

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/ $>$

## State of New Jersey

## COLLEGE AND CAREER READINESS <br> UNION <br> UNION TWP

## GRADE SPAN 06-08

## KAWAMEEH MIDDLE SCHOOL 490 DAVID TERRACE UNION, NEW JERSEY 07083

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School <br> Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 22\% | 52 | 47 | 20\% | YES |
| Chronic Absenteeism (\%) | 8\% | 55 | 55 | 6\% | NO |
| Summary |  | 54 | 51 |  | 50\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $22 \%$ |

## Absenteeism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

UNION
UNION TWP

GRADE SPAN 06-08

KAWAMEEH MIDDLE SCHOOL 490 DAVID TERRACE UNION, NEW JERSEY 07083

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 54 | 71 | 76 | 35 | YES |
| Student Growth on Math | 47 | 39 | 42 | 35 | YES |
|  | 55 | 59 |  | $100 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  |
| :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |
|  | Low | Typical | High |
| Partially <br> Proficient | $14 \%$ | $6 \%$ | $5 \%$ |
| Proficient | $18 \%$ | $25 \%$ | $26 \%$ |
| Advanced <br> Proficient | $0 \%$ | $1 \%$ | $5 \%$ |

| Math |  |  |  |
| :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |
|  | Low | Typical | High |
| Partially <br> Proficient | $20 \%$ | $10 \%$ | $5 \%$ |
| Proficient | $13 \%$ | $15 \%$ | $13 \%$ |
| Advanced <br> Proficient | $4 \%$ | $5 \%$ | $14 \%$ |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

## UNION

UNION TWP

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Length of School Day

This table presents the amount of time a school is in session for a typical student on a normal school day.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | 6 Hrs. 32 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| 2012-13 | $14.5 \%$ |

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.

| 2012-13 | School |
| :--- | :---: |
| Full Time | 5 Hrs. 16 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Expulsions

This table presents the number of students who were expelled from the school and district during the school year.

|  | School |
| :---: | :---: |
| $2012-13$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2012-13 | School |
| :--- | :---: |
| Faculty | 11 |
| Administrators | 205 |

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance is very high when compared to schools across the state. Additionally, its student growth performance is very high when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
N/A

## Rationale

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{3 4 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{2 5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{5 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{1 1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{8 7} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{9 7 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.
percentage of its performance targets in the area of Student Growth.

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent

| $2011-12$ | 445 |
| :--- | :---: |
| $2012-13$ | 428 |

Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 36 | $8 \%$ |
| Economically Disadvantaged | 121 | $28 \%$ |
| Students | 14 | $3 \%$ |
| Limited English Proficient | Students |  |

## Language Diversity

This table presents the percentage of students who primarily speak each language in their home.

| $\underline{\mathbf{2 0 1 2 - 1 3}}$ | $\underline{\text { Percent }}$ |
| :--- | :---: |
| English | $88.0 \%$ |
| Spanish | $6.2 \%$ |
| Portuguese | $2.3 \%$ |
| Tagalog | $0.7 \%$ |
| Creoles and pidgins, Frenc | $0.7 \%$ |
| Chinese | $0.5 \%$ |
| Other | $1.6 \%$ |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' in October of each school year.

|  | Male | Female |
| :---: | :---: | :---: |
| $2010-11$ | 197 | 205 |
| $2011-12$ | 226 | 219 |
| $2012-13$ | 210 | 218 |

## State of New Jersey

## ACADEMIC ACHIEVEMENT

## GRADE SPAN PK-04

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |
| NJASK Language Arts Proficiency and above | $\mathbf{6 0 \%}$ | $\mathbf{1 7}$ | $\mathbf{3 2}$ | $\mathbf{5 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{8 0 \%}$ | $\mathbf{3 3}$ | $\mathbf{3 6}$ | $\mathbf{5 0 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{2 5}$ | $\mathbf{3 4}$ | $\mathbf{5 0 \%}$ |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 144 | 59.8 | 73.7 | NO |
| White | 36 | 72.3 | 76.5 | YES* |
| Black | 64 | 50.1 | 66.4 | NO |
| Hispanic | - | - |  | -- |

## NJASK Proficiency Trends - Language Arts Literacy Grade Level - 04

This graph presents the grade level outcomes in the categories of Advanced Proficient, Proficient, and Partially Proficient over the last four years.

Assessment Educational Progress (NAEP)
The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $\leq$ http://nces.ed.gov/nationsreportcard/>

## State of New Jersey

NJ SCHOOL

NJASK Results - Science Grade Level - 04

This table presents the grade level proficiency results, as measured by NJASK, in Advanced Proficient, Proficient, and Partially Proficient categories for all appropriate subgroups.

| Subgroups | Advanced <br> Proficient | Proficient | Partially <br> Proficient |
| :--- | :---: | :---: | :---: |
| Schoolwide | $39 \%$ | $48 \%$ | $13 \%$ |
| White | $47 \%$ | $47 \%$ | $6 \%$ |
| Black | $35 \%$ | $50 \%$ | $15 \%$ |
| Hispanic | $33 \%$ | $58 \%$ | $8 \%$ |
| American Indian | - | - | - |
| Asian | - | - | - |
| Two or More Races | $18 \%$ | $64 \%$ | $18 \%$ |
| Students with Disability | - | - | - |
| Limited English Proficient <br> Students | $35 \%$ | $50 \%$ | $15 \%$ |
| Economically Disadvantaged <br> Students | - | - |  |

Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## NJASK Proficiency Trends - Science - Grade Level - 04

This graph presents the grade level outcomes in the categories of Advanced Proficient, Proficient, and Partially Proficient over the last four years.

```
Advanced Proficient Proficient
Partially Proficient
```

COLLEGE AND CAREER READINESS

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{1 5 \%}$ | $\mathbf{6}$ | $\mathbf{1 1}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  | 0 |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

```
STUDENT GROWTH
UNION
UNION TWP

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 64 & 100 & 91 & 35 & YES \\
\hline Student Growth on Math & 62 & 93 & 83 & 35 & YES \\
\hline & 97 & 87 & & \(100 \%\) \\
\hline
\end{tabular}

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline Partially Proficient & 13\% & 12\% & 15\% & Partially Proficient & 9\% & 8\% & 3\% \\
\hline Proficient & 15\% & 10\% & 27\% & Proficient & 13\% & 9\% & 23\% \\
\hline Advanced Proficient & 0\% & 3\% & 5\% & Advanced Proficient & 1\% & 15\% & 20\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{State of New Jersey}

2012-13

\author{
WITHIN SCHOOL ACHIEVEMENT GAP \\ UNION \\ UNION TWP
}

\author{
GRADE SPAN PK-04
}

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{State of New Jersey}

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness is about average when compared to its peers. This school's graduation and postsecondary performance lags in comparison to schools across the state. Additionally, its graduation and post-secondary readiness is high when compared to its peers.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile } & \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} & Improvement Status \\
\hline Academic Achievement & 23 & 26 & \(\mathbf{9 3 \%}\) & N/A \\
\hline College \& Career Readiness & 46 & & & Rationale \\
\hline Graduation and Post-Secondary & & 73 & 33 & \(0 \%\) & N/A \\
\hline
\end{tabular}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60 th and 79.9 th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{2 6 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting \(\mathbf{9 3 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{3 3} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{4 6 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

\section*{Graduation and Post-Secondary}

This school outperforms \(\mathbf{3 9} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{7 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Graduation and Post-Secondary. Additionally, this school is meeting \(\mathbf{1 0 0 \%}\) of its performance targets in the area of Graduation and Post-Secondary.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular school drop out of school.

\section*{State of New Jersey}

PERFORMANCE

\section*{Enrollment by Grade, in Full Time Equivalent}

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.
\begin{tabular}{|c|c|}

\hline
\end{tabular}

\section*{State of New Jersey}

Academic Achievement measures the content knowledge students have in Language Arts Literacy and Math. In high schools, this includes the outcomes of the New Jersey High School Proficiency Assessment (HSPA). The first column - Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both Language Arts Literacy and Math across multiple administrations of the assessment. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with HSPA scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|l|l|c|}

\hline HSPA Math Proficiency and above & \(\mathbf{8 0 \%}\) & \(\mathbf{2 9}\) & \(\mathbf{2 7}\) & \(\mathbf{8 6 \%}\) \\
\hline SUMMARY - Academic Achievement & & \(\mathbf{2 3}\) & \(\mathbf{2 6}\) & \(\mathbf{9 3 \%}\) \\
\cline { 4 - 5 } & & & &
\end{tabular}

\section*{NCLB Progress Targets - Language Arts Literacy}

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and \(100 \%\) proficiency by 2017.
\begin{tabular}{|l|c|c|c|c|}

\section*{Proficiency Trends - Biology}

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient, and Partially Proficient categories of the Biology Competency Test over the last two years.

\section*{State of New Jersey}

\section*{COLLEGE AND CAREER READINESS UNION \\ UNION TWP}

\section*{GRADE SPAN 09-12}

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11 th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\hline
\end{tabular}

N/R - Data Not Reported

\section*{State of New Jersey}

This section of the performance report presents data about graduation, dropout and post-secondary attendance. The graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline Graduation \& Post Secondary Indicators & Schoolwide Performance & \begin{tabular}{l}
Peer \\
Percentile
\end{tabular} & Statewide Percentile & Statewide Targets & Met Target \\
\hline Overall Graduation Rate & 92\% & 88 & 47 & 75\% & YES \\
\hline Dropout Rate & 1.0\% & 58 & 31 & 2\% & YES \\
\hline \multicolumn{2}{|l|}{SUMMARY - Graduation \& Post-Secondary} & 73 & 39 & & 100\% \\
\hline
\end{tabular}

\section*{Graduation Rate by Subgroup}

This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.
\begin{tabular}{|l|r|c|}
\hline & School & State Target \\
\hline Schoolwide & \(92 \%\) & \(75 \%\) \\
\hline White & \(91 \%\) & \\
\hline Black & \(92 \%\) & \\
\hline Hispanic & \(90 \%\) & \\
\hline American Indian & - \\

\hline
\end{tabular}

\section*{State of New Jersey}

\section*{UNION SENIOR HIGH 2350 NORTH THIRD STREET UNION, NEW JERSEY 07083}

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{High School}

HSPA Language Arts 25th \%ile vs 75th\%ile

\begin{tabular}{|c|c|}
\hline 2012-13 & School \\
\hline Faculty & 14 \\
\hline Administrators & 396 \\
\hline
\end{tabular}

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.

State of New Jersey
2012-13
hopart

\section*{GRADE SPAN PK-04}

This school's academic performance is about average when compared to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance significantly lags in comparison to its peers.
\(\left.\)\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

Improvement Status
N/A

\section*{Rationale}

N/A

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{5 1 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 6 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{9 0 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{2 8 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

\section*{Student Growth}

This school outperforms \(\mathbf{1 7} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{1 0 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting \(\mathbf{5 0 \%}\) percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

\section*{Enrollment by Grade, in Full Time Equivalent}

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

\section*{GRADE SPAN PK-04}

\begin{abstract}
39-5290-140 301 WASHINGTON AVENUE UNION, NEW JERSEY 07083
\end{abstract}

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit \(\leq\) http://nces.ed.gov/nationsreportcard/>

Advanced Proficient Proficient
Partially Proficient

\section*{State of New Jersey}

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}

\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Chronic Absenteeism (\%) & \(\mathbf{1 0 \%}\) & \(\mathbf{2 3}\) & \(\mathbf{2 8}\) & \(\mathbf{6 \%}\) & \\
\hline Summary & & & & & NO \\
\hline
\end{tabular}

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, \(1-5\) absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\

2012-13
39-5290-140
WITHIN SCHOOL ACHIEVEMENT GAP
UNION
UNION TWP

\author{
GRADE SPAN PK-04
}

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Length of School Day}

This table presents the amount of time a school is in session for a typical student on a normal school day.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(\mathbf{2 0 1 2 - 1 3}\) & 6 Hrs. 20 Mins. \\
\hline
\end{tabular}

\section*{Student Suspension Rate}

This table presents the percentage of students who were suspended one or more times during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline \(\mathbf{2 0 1 2 - 1 3}\) & \(0.5 \%\) \\
\hline
\end{tabular}

\section*{Instructional Time}

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.
\begin{tabular}{|l|c|}
\hline 2012-13 & School \\
\hline Full Time & 5 Hrs. 40 Mins. \\
\hline Shared Time & 0 Hrs. 0 Mins. \\
\hline
\end{tabular}

\section*{Student Expulsions}

This table presents the number of students who were expelled from the school and district during the school year.
\begin{tabular}{|c|c|}
\hline & School \\
\hline 2012-13 & 0 \\
\hline
\end{tabular}

\section*{Student to Staff Ratio}

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.
\begin{tabular}{|l|c|}
\hline 2012-13 & School \\
\hline Faculty & 14 \\
\hline Administrators & 581 \\
\hline
\end{tabular}

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.
