New Jersey State Government Employees Should Forward Messages That May Be Cyber Security Risks To PhishReport@cyber.nj.gov.

4. the house and property in newark nj should continue to be offered for sale AT125,000 and not reduced to \$50,000. developers I can well pay a price for thisproperty.

8. disposing of almost 5 acres of vacant land by east jersey state prison in woodbridge for \$2.8 million. the value of this property is more likely \$5 million, so lets offer it at that amount instead of harming the owners of the property, citizens of nj.

9. installing a sign at this intersection is dangerous. the eyes of drivers should be on the road.not on advertising signs. this is profit at the expense of accidents and slaughter of people in cars. no wa waivers be grantd here. take the high road, not the slummy low road please.

10. no sale of this property on rt 24 tfor \$18,000. the public is given absolutely no information oncerta the size of this property, the condition of this property but property along rt 24 is very valuable. certainlthere is alot of car traffic at this site. is lba developer involved in this sale, a business? no development of this property shoudl be permitted but the sale price should be increased after the public gets more information on the size of the property owned by the state of nj. selling a piece of property whenthe public is given no indication of the size of the property, the locationj of the proldperty, the cojdition of the property shows no public informationj that is required. the public is the owner of this property and this agency has failed to provide any information to the owner of the property, the citizens of nj.

11. deny. ieeep it open sace.

as to judicial retirement benefits, because of the deficit situation in n, the public asks for reinvesigation of the very very generaou judicial retirement provisions. the pay out ois extensive.
