The Clerk declared the Hon Thomas L. Hanson elected Speaker of the General Assembly for the session of 1928

The Clerk requested Messrs Morrison and Barison and Mrs Stelle to act as a committee to escort the Speaker to the bar of the House, where he took and subscribed to the oath of office and was then escorted to the chair.

Upon assuming the chair the Speaker addressed the House as follows:

Members of the House of Assembly:

I sincerely appreciate the great honor which has been conferred upon me today

Every session of the Legislature is an important one The rapid advance of industry and science yearly brings new problems to be solved Some industrial, some economic, others legislative We will have sufficient to do if we confine our endeavors to the legislative problems which will confront us and attempt to work them out sanely and constructively

Chief among the matters of legislation which will be considered are. taxation, water supply, zoning, education and the relation of the State to higher education, transportation, and equally important, if not more so, the spending of the State's money

It should be the especial object of the Legislature to pass only such bills which may increase the tax rate of the State or of any municipality as are actually necessary

Annually industry requires and demands more trained young men and women. The desire for higher education among the youth of the country is so great that already institutions of learning are hard pressed to provide for the increasingly large numbers that yearly apply for admittance What shall be the attitude of the State of New Jersey toward higher education? There is a feeling that the State should endeavor to keep its youth at home, supplying it with the necessary and proper facilities for such an education, and thus reap full benefit of the flower of its manhood and womanhood. This will require continued financial assistance on the part of the State. The manner and amount rests with the Legislature, but a definite policy should be adopted in this respect.

The people of this State, by an overwhelming vote, made zoning possible. Legislation affecting this subject will come before you for your consideration. Careful scrutiny should be given all such measures to the end that the real object sought by this amendment shall be accomplished. There is some feeling

that our State departments are too numerous; that there is duplication and waste, and that an investigation tending toward the elimination of the useless parts of the State government should be made The powers of any such commission should be sufficiently broad to investigate any or all of the State departments.

The appropriation measure should again receive our most serious and careful thought Ample time should be given for its complete study and we should follow our custom of not adjourning until at least ten days after its submission

These and other measures will require your study and attention It is my firm wish that the spirit evidenced here today will continue throughout the session I propose to follow the good example set by my predecessor and start all sessions promptly I will endeavor to be fair and impartial, feeling that I will receive every consideration from you. I am deeply conscious of the importance of this position I feel in a larger sense, it is a recognition of that splendid constituency that I have the honor to represent. I have no other desire than to work together with you in the hope that our mutual endeavors will prove to be of some benefit to the people of our State

Mr Gabrielson offered the following resolution, which was read and adopted.

Resolved, That the House do now proceed with the election of the Clerk of the House

Mr. Muir, of Union county, nominated Frederick Brodesser, of the same county, for Clerk of the House, which nomination was seconded by Mr Otto, of Union county, and Mr. Huelsenbeck, of Essex county, and Mr. Barison, of Hudson county

Upon the roll being called by the Assistant Clerk, Mr. Brodesser was elected by the following vote:

Messrs Altman, Applegate, Barison, Barrett, Birkenmeier, Black, Blunt, Carty, Case, Cassini, Chandless, Clift, Compton, D'Elia, Ellis, Finn, Gabrielson, Gopsill, Greenberg, Haines, Hanson F J., Hanson T. L (Speaker). Harvey, Huelsenbeck, Jones, Kautz, Knight, Kuser, Leap, Letzgus, Litwin, McDermott, McMurray, McWilliams, Mercolino, Morrison, Muir, Newcomb, Olden, Otto, Pierson, Pindar, Powers, Purdy, Renner, Rittenhouse, Roder, Siracusa, Smock, Spair, Stelle, Sterner, Stewart, Summers, Urbanski, Ward, Wettstein, Wise, Woodruff—59.

The Speaker declared Frederick A Brodesser duly elected Clerk of the General Assembly for the session of 1928 and he took and subscribed to the oath of office

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the Speaker appoint forthwith a committee of three to wait upon the Governor and inform him that the House of Assembly has organized by the election as Speaker, of the Hon Thomas L Hanson, of Middlesex county, and of Frederick A. Brodesser, of Union county, as Clerk of the House, and is now ready to proceed to business and to receive any communication he may be pleased to make

Mr Hanson appointed the following committee to wait on the Governor. Messrs Clift, McDermott and Mrs Haines

Mr Gabrielson offered the following resolution, which was read and adopted·

Resolved, That the Clerk of the House is hereby directed to inform the Senate that the House of Assembly has organized by the election as Speaker of the Hon Thomas L Hanson, of Middlesex county, and of Frederick A Brodesser, of Union county, as Clerk of the House, and has proceeded to business

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the House proceed to fill the remaining several offices of the House, and the nominations be made and a vote taken for all of the offices at one and at the same time

On motion of Mr. Gabrielson, the Budget Message was received and the usual number of copies ordered printed for use of the House of Assembly.

A message was received from the Governor, by the hands of his Secretary, as follows:

GOVERNOR'S MESSAGE.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
January 10th, 1928

To the Legislature:

Again I have the honor to respectfully ask your consideration of certain matters affecting the welfare of the State and its people, and in doing so may I express my appreciation of your helpful cooperation and generous consideration thus far in my term of office.

The finances of the State continue in a highly satisfactory condition The appropriations have not exceeded the income, and the cash balance on hand exceeds that of the same period last year.

In this connection, I invite your consideration and the consideration of all interested people of our State to my Budget Message, which contains a mine of frank information concerning State and county finances.

It is a matter for self-congratulation that, per capita, we are the greatest industrial State in the Union It speaks well for the fine spirit of cooperation between capital and labor.

Speaking generally, we may well be proud of the progress which our State is making. The year just ended marked the culmination of the splendid and praiseworthy efforts of the Bridge and Tunnel Commission in the opening of the great vehicular tunnels, one of the outstanding engineering achievements of the age. It also marked the beginning by the Port of New York Authority of the great Hudson River bridge.

The present year will see the completion of the bridges to Elizabeth and Perth Amboy, and the construction of the Bayonne bridge well under way.

All of which augurs well for the development and prosperity of our State.

WATER.

The last session of the Legislature authorized holding a special election to vote on several amendments to the State Constitution. Among them was the amendment to permit the formation of water supply districts.

This amendment was recommended and sponsored by the Water Policy Commission appointed by the Legislature, and notwithstanding the efforts of this Commission to secure its adoption, and in the absence of any organized opposition, it was defeated by a substantial majority. If carried, it would have permitted the Legislature to designate certain municipalities and set them up as a water supply district, appointing or electing a commission to govern the water supply matters in that district. Such a plan, if adopted, would have taken from

the people of the several municipalities control of their water supply affairs and placed them in the hands of a commission over which they would have little or no influence. In principle it would have removed further and further from the people the control of their municipal affairs and placed them in the hands of a commission controlled largely, if not wholly, from Trenton It would have been in violation of the principles of Home Rule, to which the people of New Jersey so tenaciously cling

We can, I think, pause and congratulate ourselves that the people rejected this amendment by a substantial vote This is the second referendum relating to water supplies in the State of New Jersey that has been rejected by the electorate The first proposition submitted to the people related to the purchase of the Wharton tract in South Jersey, to be held as a reserve supply. It was to be purchased for approximately one million dollars. This referendum, for the purchase of the Wharton tract, was held at the general election in November of 1915, and, although it was endorsed by several of the State boards, also was overwhelmingly defeated.

It seems to me the lesson to be drawn from these two defeats is sufficiently obvious. It is scarcely necessary for me to advise you that you should seek a solution of the water supply problems without resorting to either an amendment of the Constitution, or to an affirmative vote of the people at a referendum.

On June 22d, 1926, I submitted a special report to the Legislature on the water supply situation, and on page 9 I advised you as follows:

> "Before launching the State into an issue of bonds, there should certainly be laid before the Legislature and the electorate a definite plan, a concrete proposition, with carefully prepared estimates of cost which shall be sufficient to cover all contingencies, and also a definite statement of how the revenues necessary to pay interest and retire the bonds to be issued may be obtained. In working out such a scheme it will be found imperative that the development shall at no stage exceed a cost commensurate with the possible rev-

enues. None of the many ambitious projects presented by various State commissions thus far, have conformed to this requirement.

"If we are to secure the consent of the people by referendum such a course seems necessary. No need for precipitate action in dealing with the water supply situation in New Jersey has been shown. Least of all is hasty and ill-considered legislation desirable. Legislation is the foundation upon which the water policy of the State must be built and, like all foundations, it should be laid with care and surety. Much of the present confusion in the water situation is caused by the ill-advised and poorly considered legislation of by-gone years, the passage of which in some cases was advised, if not secured, by those who had a particular interest to serve in what was done. Therefore, I urge the present Legislature to take a lesson from the past and proceed slowly and deliberately. If any radical departure from our present methods is necessary, it should be embodied in a more definite program than we now have before us and upon a much more definite statement of our needs. Ample opportunity should be given to hear from all interested parties before arriving at any definite conclusions or solutions. If necessary, public hearings should be held and the sentiment of the public and of responsible municipal authorities should be obtained.

"Until such a plan has been properly prepared and has received the approval of the electorate, it would seem wise to allow our municipalities to proceed with a reasonably free hand, to care for their own needs, subject to the State supervision and control already provided by law."

I can do nothing more than again call this advice to your attention and suggest that if any radical departures are to be taken, such as an amendment to the Constitution or the issuance of large amounts of bonds, that the people should be taken into confidence and the plans explained to them, together with carefully prepared estimates of costs both as to construction and maintenance. Until this is done no further attempts should be

made to deal with the water supply problem. Any other method is sure to be haphazard, ill-advised and can lead only to confusion.

After all, are any such radical steps necessary? Isn't there now ample authority under the Home Rule Act so that the municipalities may proceed with the securing of additional supplies, either singly or collectively, to meet any reasonable need of the future? By permitting the municipalities to proceed under existing laws the people will be saved the enormous expense of creating and financing new or additional commissions and boards.

The reports of the Water Policy Commission demonstrate plainly that there are ample water sources lying within the State or now under State control for the reasonable needs of the next three generations. These can be made available with the simplest kind of legislation and at comparatively reasonable expense. The expense should, of course, be borne by those who use the water and without any drain on the public funds. I recommend such action for your consideration.

THE PROPOSED TRI-STATE WATER TREATY

During the last two years there has been much agitation concerning a proposed compact, placing the Delaware River in the hands of a Tri-State Commission. When this compact came up for consideration at the Special Session of June, 1926, I addressed a message to you concerning it, to which I will once more call attention.

I quote therefrom as follows:

> "As to the proposed Tri-State Compact concerning the Delaware River, I would call your attention to certain requirements of first importance to this State. We already have certain definite rights in that river which should not be lightly surrendered, and which the proposed compact would appear to jeopardize. The simplest possible form of treaty will be the safest. My examination indicates that what has been proposed is needlessly complex. The proposal to constitute a continuing Tri-State authority seems unnecessary and unwise. We have had treaties with our

neighboring States for nearly a century and have always heretofore depended upon their good faith in making them effective.

"* * * I think it will be plain to all that a Tri-State compact should concern itself only with that part of the stream in which all three States have an interest, namely, the part north of our northern boundary of which we have an equitable claim to have a fair portion of the waters continue to flow along our western boundary.

"It appears to me to be quite sufficient that such a treaty shall provide that when the river, at our northern boundary, shall fall to a certain definite stage, during the dry months, it shall not be further diminished by diversion. With this limitation only, either New York or Pennsylvania should be allowed a free hand in developing its own portion of the catchment. Such a treaty should require no continuing super-State authority to superintend its operation.

"This being done, the only other questions which can arise affect only New Jersey and Pennsylvania and may be provided for when necessary by a treaty between these two States. Since New Jersey has a half interest in that part of the river, no compact should be entered into which does not enable our State to economically and practically develop and divert when necessary, with a reasonably free hand, its full proportions of the waters for public water supply. It will be necessary to consider location as much as quantity, for the portion of the waters north of Delaware Water Gap will be more useful to us, while those Pennsylvania tributaries farther south will be of greater value to that State. We should interpose no unnecessary barriers to the reasonable needs of the other States, and should demand the same treatment ourselves. A simple Tri-State compact, dealing only with that part of the river above our northern boundary, would seem safest and most desirable."

At the Special Session, the objections pointed out in my message were urged and the proponents of the compact were fully heard also. It was not approved but was referred back

to the Commission The Commission submitted a revised compact at the last session of the Legislature, and another hearing was held at which you again heard arguments for and against the compact. Again it failed of your approval. There has been no change in the situation. The objections originally urged in my message have been fully pointed out to the Legislature by others besides myself. The objections are still valid and should be heeded It still appears to me that no such compact as has been proposed should be entered into, and that my recommendations as to a simplified treaty are still pertinent. I am also reliably informed that New York City, in the absence of any Tri-State Pact, intends to proceed with the diversion of water from the upper Delaware River Basin for use in New York City. I am also informed that the City of Trenton, with other Delaware Valley municipalities, will contest such action in the Federal courts. When such litigation is terminated and the rights of the several parties adjudicated, and the whole matter removed from the realms of speculation, a simpler and more effective pact can be drawn.

HIGHWAYS

In the ten years between the 1917 Legislature, when the first State Highways were designated, and the legislative session of 1927, there was authorized by legislation State Highway mileage approximating 1,400 miles, of which number 850 miles were taken over and improved and maintained by the State Highway Commission. The highway system was built up during this period from the 691 miles first authorized to practically twice that mileage without any particular plan and along lines which did not tend to produce a system comprehensive in character and properly meeting the needs of the State. It was, therefore, a most important and far-reaching piece of legislation which was enacted at the 1927 session, which revised and added to the existing system, and created a State Highway System for the State of New Jersey which was comprehensive and properly met the growing needs of the State for probably twenty years in the future, so far as the needs could be foreseen at this time.

The mileage included in this new system approximated nineteen hundred miles (1900), serving every part of the State and particularly those parts where traffic is heavy and congested, and increasing rapidly due to the facilities for Inter-State communication such as the bridge over the Delaware River between Camden and Philadelphia, and the Vehicular Tunnel between New York and Jersey City, which have recently been completed.

In addition to creating this State Highway System, funds providing for the completion of the greater part of it over a period of some six or seven years were at the same time provided. It is of the utmost importance that these funds be not diverted for other purposes but remain in the hands of the State Highway Commission for carrying out this great work.

There was a time not many years ago, when New Jersey was reputed to have the best roads of any State in the Union, but other States in their efforts to meet the demands of increasing motor vehicle traffic have been able to take this position away from the State of New Jersey. New Jersey is now, however, in a position where it can, and will, within the next few years, regain its place as first among the States in the Union in the matter of its highways.

The condition which New Jersey has to meet in providing highway facilities which shall properly bear the burden of the traffic of the State is exceptional, in that lying as it does between the great metropolitan areas of New York and Philadelphia, it must accommodate the traffic passing between these two States, and having its shore line on the Atlantic Ocean for a distance of more than 150 miles developed as resorts which attract people, not only of New Jersey but of all of the other States, it must likewise make ample provision for the traffic created thereby.

These conditions have called for the construction of highways which in design and construction are beyond those attempted elsewhere, but the situation has been faced and the work of providing these highways is going forward in a manner which

will properly serve this large and important traffic, the proper service of which is necessary to the development of the industries and the increase in the prosperity of the State.

CONSTITUTIONAL CONVENTION.

The result of the election on the Constitutional Amendments plainly indicated that the people do not favor piecemeal changes in our Constitution.

I again recommend to you the wisdom of a Constitutional Convention and urge upon you, as in my previous message, the creating of necessary agencies to formulate complete and harmonious changes in our organic law.

DIRECT PRIMARIES.

I reiterate what I have formerly said as to the direct primary. In my opinion, it should not be interfered with, nor should there be, in any degree, a return to the old convention system.

The direct primary, as I have always insisted, is an appeal to the general electorate and it is so far removed from the control of political bosses, that the people have the right to say at any time who shall be the candidates for their suffrage. This is borne out by the fact that the people have at times rejected the organization candidate and nominated his opponent.

LAW REFORM

Our legal system needs a survey by the Legislature If courts are to determine rights and enforce them, to establish duties and to compel performance of them, their work should be speedy and simple Legal technicalities surviving from times before the telephone, the telegraph, the airship and the radio, encumber the work of the court. A step was taken by the Practice Act of 1912 attempting to simplify the practice of the Court of Law in civil cases, but it was only a step and it was not completely accepted by the legal profession or the courts. Much

more work remains to be done, even on the civil side of the Courts of Law.

The punishment of crime is made difficult because forced to adopt itself to technicalities in criminal procedure and follow rules surviving from long gone centuries. This should be changed. The Legislature should ruthlessly cut away all technicalities from legal criminal procedure and leave the courts free to deal with crime on the simple basis of whether it has been committed, and if so, who committed it, and how shall punishment go. A simple, certain, definite, punishment of crime, often impossible now, can be brought into being by the action of the Legislature. Law is not for the lawyers, but for the common good.

Remarking to you in passing that one form of criminal appeal now existing in this State has been abolished in the country where it originated, and is now there considered archaic, I invite your attention to this subject of bringing legal procedure in harmony with the efficiency of the present times.

PROHIBITION.

Despite the fact that many attempts have been made to sidetrack prohibition as an issue, it is in point of fact the most outstanding issue in the United States today.

I again recommend the repeal of the State Enforcement Act, and the submission to the people of the State of a real referendum which will permit them to express their views.

COMPULSORY INSURANCE

Fatal automobile accidents have increased each year until during the past year they numbered approximately 1,000 deaths in New Jersey, nearly 1/3 of the number of men from our State who were killed in the World War—to say nothing of the great number of accidents which resulted in maiming thousands of others.

This is a subject which should receive your careful consideration, as it affects all the people of our State.

In many cases; persons who are the victims of motor accidents in New Jersey are unable to receive any financial compensation, by reason of the fact that the persons responsible for the accident were either insolvent or unable to pay damages, or were not insured.

I, therefore, think that there should be legislation compelling all those who operate automobiles in this State to obtain insurance policies, so that if there is injury or death inflicted through their operation of an automobile, the persons injured will not be without a remedy.

There are many arguments against this on so-called economic grounds, but I do not think that it can be successfully argued that anyone should be allowed to drive so dangerous a vehicle as an automobile through the public highways of the State, unless he is prepared, or someone is prepared for him, to pay for any damage which he may inflict.

GASOLINE TAX.

The tax upon buyers of gasoline in this State, enacted by the last Legislature, Assembly Bill No. 19—which Bill I vetoed—I am still of the opinion is bad, as it is not sound taxation.

Residents of this State are compelled to pay a tax on each gallon of gasoline they purchase. The theory that those who use the road should pay for it, may be, in a measure, sound, but the motorists who come into this State from the adjoining State of New York can purchase their gasoline without paying any tax, while our citizens and residents must pay the tax.

I am confirmed in the opinion expressed by me at the time I vetoed this bill, by my observations of the workings of the bill. I am all the more convinced, because it puts the burden of taxation on some who are least able to bear it; that is, the owner of the small automobile who only uses the same to give his family pleasure and who, by reason of the fact that he does live in the State of New Jersey, is penalized, whereas, if he lived in the State of New York, he could purchase his gasoline without paying the tax.

I advise the repeal of this law.

WORKMEN'S COMPENSATION.

Some criticism has been leveled at the Workmen's Compensation Laws, because of the handicap under which crippled and partially disabled persons and those handicapped because of age labor in seeking employment.

It seems to be the fear of employers that such persons are more apt than others to be injured in the course of any work at which they may be employed, and hence employment for such persons is difficult to obtain.

Consideration should be given to possible changes in the laws in question which will remedy the matter.

AIRPORTS.

Air transportation has become a live consideration and will, as time goes on, become increasingly so. To meet the need which is bound to arise, legislation should be enacted empowering counties and municipalities to issue bonds when desirable and necessary for airport purposes.

ZONING.

The amendment to the Constitution now gives you the power to enact legislation authorizing municipalities to govern or create Zoning Districts.

Great care should be taken in the exercise of this power, so that all persons and interests may be protected.

I suggest that before legislation is enacted, you call a public hearing at Trenton, so that interested parties may have the opportunity of giving their views.

FARMING.

Agriculture in the State is not keeping pace with its prosperity and development along industrial lines. This depression in agriculture should have the interested attention of all citizens anxious to see sound and well balanced economic conditions throughout the commonwealth. New Jersey is ideally situated

with respect to the world's greatest markets. The fact that thousands of acres of our fine farm land are now available to ambitious farmers should have national recognition. As a constructive step toward the solution of our rural problems and the full utilization of our agricultural resources, it is recommended that a conference be held in Trenton, at an early date, of representatives of agriculture, business and industry, to take up these matters in detail. I shall call this conference and ask your cooperation.

Electric light and power lines are rapidly spreading along our highways to thousands of farm homes, bringing untold material and spiritual benefits to rural dwellers. The Department of Agriculture, having obtained the cooperation of public utility companies and farmers' organizations, has been at work on this project for more than a year, with excellent results. The necessary financing is provided by the utility companies and the work is directed by a joint committee of farm leaders and utility officers. New Jersey is peculiarly adapted for rural electrification, and continued development in this direction is urged.

There is the problem of establishing greater public confidence in and appreciation for the fruits and vegetables from New Jersey farms. I am informed that a bill to foster this confidence on the part of the consumer will be presented to the Legislature, requiring in effect that the surface of all packages of fruits and vegetables be representative of the entire contents. This bill, drawn at the instance of the producers, is in the interest of consumers as well, and should receive favorable consideration.

SUBURBAN RAPID TRANSIT.

Improvement of facilities for carrying the vast army of commuters to and from New York City affects not alone the comfort of those who now are dependent upon such facilities but measures the success or failure of our future development. The problem cannot be solved by the State of New Jersey alone; it must be coordinated with improved transit facilities for New York City, Westchester County, Long Island and Staten Island.

Two problems are presented to the State of New Jersey; one is the regional or interstate problem—the matter of adequate communication with the City of New York, Westchester and Long Island. The other is the intra-State or local problem.

On the New York City side there exists a Transit Commission charged with the duty of handling the great problem of transit facilities within Greater New York. On the New Jersey side, the nearest approach to a similar body is the North Jersey Transit Commission. Yet it is clear that the creation of new intra-State suburban passenger facilities in Northern New Jersey is inextricably bound up with the interstate passenger problem. Newark, Jersey City, Paterson, Passaic, Elizabeth—to name but a few of the large and important cities—require better means of inter-communication. They cannot solve their problems alone, nor can Northern New Jersey solve its problem alone without cooperation with the agencies of the State of New York.

To devise a practicable method of bringing about results, the Legislature of 1927 directed the Port of New York Authority to "study the interstate suburban passenger problem within the Port of New York District and to recommend to the States of New York and New Jersey such amendments or supplements to the Comprehensive Plan for the development of the Port of New York as will facilitate travel between various parts of the Port District."

It also committed to the North Jersey Transit Commission the solution of North Jersey's transit problem. Through the efforts of the Port of New York Authority and the North Jersey Transit Commission, cooperation between these bodies was established in July of 1927. Following this, the Westchester County Board of Supervisors and the Nassau and Suffolk County Boards of Supervisors in New York State, petitioned the Port Authority to bring about a joint study of the entire problem. As a result there was created the Suburban Transit Engineering Board, consisting of engineers representing all of the agencies already mentioned, plus the Board of Transportation of the City of New York, and plus representatives of all of the rail-

roads that are performing suburban passenger service within the Port District.

This Board has not only been created, but is actually functioning, with the result that all of the agencies having anything to do with the regional problem of suburban transportation, are represented on the Engineering Board, and are developing an engineering plan.

This is an encouraging step. Through such cooperation only can we secure beneficial results. The right hand of good fellowship which has been extended across the Hudson is an augury of the success of such efforts as these. I am advised that there is no doubt that the Legislature of New York will follow the initiative taken by the State of New Jersey and will pass complementary legislation, enabling the Port Authority to proceed.

COMMISSIONER OF EDUCATION.

We have recently appointed a new Commissioner of Education. If we are to retain men in this position who become valuable to the State in the administration of this highly important work, we must pay a salary at least as high as that of any local school superintendent.

I, therefore, recommend that the compensation of the Commissioner of Education be fixed at fifteen thousand dollars per year.

STATE POLICE.

There is a constant demand from our rural districts for greater police protection.

To the 140 troopers of the State Police is given the responsibility of policing more than seven thousand square miles of territory, with a rural population of approximately two million inhabitants.

The State Police is in practically the same form as when organized six years ago and yet complaints received and investigated by them have risen from 2,700 to 11,000 a year, and arrests from 2,100 to 8,148 a year.

During six years, eleven troopers have been killed or permanently disabled in the performance of their duty.

The State Police has paid into the State in actual money more than twice what the force has cost.

If it is to meet the growing demand efficiently and afford the protection which our rural population has learned to expect, the force must be increased to double its present number.

BANKING.

A new condition has arisen in this State through the formation of holding companies for bank stock.

It seems to me that consideration should be given by you to the adoption of legislation which will govern and control the formation and operation of such companies.

THE STATE UNIVERSITY.

The situation in the State with reference to higher education is unsatisfactory. Collegiate institutions are limiting their attendance, and New Jersey youth from our rapidly growing high schools have increasing difficulty in finding opportunities for further education. At the same time commerce and industry are demanding constantly larger numbers of college graduates. Men and women of advanced training can not be recruited fast enough to meet the needs of the unparalleled advance of our industrial life. Except in agriculture and ceramics, our industries and municipalities have not at their disposal public experiment stations or scientific fact-finding agencies which, in many other States, contribute to progress.

New Jersey is educating a smaller proportion of her citizens in her own colleges, and also contributing a smaller proportion of the proceeds of taxation to higher education, than does any other State.

I cannot believe that the cause of this unsatisfactory situation is an illiberal attitude of the people of New Jersey toward advanced education, but rather that it is lack of clear and general understanding of the State's organization for the pur-

pose. For more than sixty years Rutgers College has functioned as the State College of Agriculture and the Mechanic Arts, and recently, by authority of the Legislature, as the State University. The arrangement has not only given to the State the prestige of an ancient institution of honorable standing, but has also saved the State large sums of money which have been contributed privately for lands, buildings, and current support. With the encouragement of the State, Rutgers University has undertaken an extensive educational program both for men and women, and is rendering services of great value to the people of the State. More than 2,000 New Jersey boys and girls are now in attendance at the University, and extension classes serve several thousands of our teachers, industrial workers, and employees of commercial establishments. The College of Agriculture helps to bring larger profits to the farmer and better food to the consumer. The chemists, engineers and scientists of the university cooperate actively both with private industries and in public enterprises.

The demands upon the university have grown too great to be met from its own resources and the assistance the Legislature has been accustomed to grant from time to time. New policies must be devised, if New Jersey boys and girls from our humbler homes are to have proper collegiate opportunities, and if our commercial and industrial interests are to have the support of advanced education, which is necessary in this scientific and competitive age.

I recommend, therefore, the constitution of a commission on higher education and that this commission be instructed to examine the existing relations of the State with Rutgers University and to recommend to the present Legislature such reorganization and means of adequate support as may be deemed to be to the best interest of the State.

NATIONAL GUARD.

The New Jersey National Guard is in a very satisfactory condition as regards training and morale and, from all reports from qualified observers, it ranks with the best in the country.

It deserves the support and encouragement of all communities in which its units are stationed.

Its existence guarantees the Sovereignty of the State and provides a force ready to aid the civilian population in case of disaster.

It is part of our National Defense, being considered first line troops, and would be called to service immediately in case of an emergency.

I believe that the appropriations for the support of the National Guard made by the Legislature are well merited. These appropriations, when the armory construction program is completed, will be materially reduced.

In my Budget Message this year, there is a request for $150,000 for necessary buildings at the airport of the 44th Division Observation Squadron, which is to be organized this year.

New Jersey must keep abreast of her sister States in the matter of aviation and the building of adequate airport facilities is a matter which cannot be unduly postponed.

PORT OF NEW YORK AUTHORITY.

The work of the Port of New York Authority may be roughly divided into several classifications.

a. The effectuation of the statutory plan for the comprehensive development of the Port of New York. This is the plan to which both States gave their approval in 1922, and which was confirmed and ratified by the Congress of the United States. In this work the Port Authority has made substantial progress. Belt Line No. 13 along the waterfront of New Jersey is already in operation. Surveys for Belt Line No. 1 are under way.

Problems of unification of lighterage and carfloat facilities require for their solution the cooperation of the carriers interested. To win the approval of these carriers, it is essential that the economies to be derived through these changes shall be established by actual figures of the cost of operation. Encouraging progress has been made in this direction.

b. The next department of activity of the Port of New York Authority is in the building and construction of interstate crossings. To the Port Authority both States have now committed the task of financing and building four bridges. Two—the bridges from Perth Amboy to Tottenville, Staten Island, and from Elizabeth to Howland Hook, Staten Island—are already rapidly approaching completion and will be opened before the year 1928 closes. They are being built well within scheduled time and well within estimated costs. The great bridge across the Hudson—from 178th Street, Manhattan, to Fort Lee, is already under way. The Port Authority is about to sell its issue of bonds for the construction of the Bayonne Bridge across the Kill von Kull. With the Vehicular Tunnel, Bayonne Bridge, the two bridges connecting New Jersey with Staten Island, there will be undoubtedly opened up new territory, and there will be a great development in the industries and housing of Northern New Jersey. Already, in anticipation of the completion of the Hudson River Bridge, great changes are taking place in Bergen and adjacent counties.

c. The next division of work of the Port Authority is the defense of the Port of New York against the constant attacks that are being made by other ports. At least five proceedings are now pending before the Interstate Commerce Commission and the United States Shipping Board, which are the result of efforts made by other ports to take away business properly belonging to the Port of New York. The Port of New York Authority has its staff always available to meet such attacks, and the communities and civic organizations are more and more turning to the Port Authority for leadership in such defense proceedings.

The financial credit of the Port Authority is remarkably strong. Its first issue of bonds is now selling at a premium of 11 per cent. Should not this excellent credit be used by the two States as a means of financing other interstate projects without imposing any burden on the taxpayers of the States? I think it should be. The Governor of the State of New York agrees with this point of view. Undoubtedly there will be at-

tempts made at the coming session of the Legislature to provide more interstate crossings. This should all be done under some system or plan comprehensively studied and worked out with full regard for the economic soundness of all these features.

The Port of New York Authority is the logical agency to undertake these studies and to finance and carry these interstate projects to completion.

BOARD OF PHARMACY.

This admirable Board is striving hard, under serious handicaps, to protect the people of our State.

The work of the medical man can only be completely effective through efficient and dependable pharmaceutical cooperation.

In order to facilitate this Board in the work of safeguarding the people, I would ask your careful consideration of its suggested legislation.

INSTITUTIONS AND AGENCIES.

New Jersey is a rapidly growing State, and as our population increases there is also an increase in the number of dependents, defectives and delinquents, who are committed by the Courts to our various State institutions, and who must be cared for. In common with other States, New Jersey has had to face the problem of providing additional facilities for institutions which were and are seriously over-crowded, and to care for those who could not be permitted to remain at large, as they in many instances constitute a menace both to themselves and to others.

The old State Hospitals at Trenton and Morris Plains are being modernized and additional facilities provided along lines that meet the requirements in this most difficult field. In spite of the relief that has been provided, there is still over-crowding which must be relieved, and in fact there must be provided sometime in the future a third hospital for the care of the insane.

In this connection, we should also consider the desirability of giving adequate support to the studies which are being made into the causes of dependency and mental deficiency, so that we may focus our best efforts on prevention and on early treatment of the

unfortunates. This is a wise public measure, not only from the standpoint of humanity, but from the standpoint of effective economy in meeting these problems.

Extensive improvements have been made during the past year in finding employment for institutional inmates and developing and extending and making more productive the State institutional farms. The State Use system has shown a steady and commendable growth in employing the inmates of the various institutions in industrial activities which were wholesome for themselves and beneficial to the State.

Various agencies in the community have cooperated in helping in the re-establishment of inmates released from the various institutions and in assuming responsibility for those who need wise counsel and supervision in order to adjust themselves upon release. This is an essential part of our State policy and helps to place responsibility upon the local communities, where it properly belongs.

CONCLUSION.

I have tried to be as brief as possible in presenting the foregoing matters for your consideration. There are other subjects to which I may direct your attention as the need arises.

I seek your continued cooperation and confidence, pledging my own in return, upon all matters for the advancement of New Jersey.

Finally, may I say that if we approach our task with an eye single to the progress and welfare of our State, we can be of incalculable service. In effect, this is the oath we took and, after all, the welfare of our people is far more important and lasting than any petty political advantage we may gain.

Respectfully submitted,

(signed) A. HARRY MOORE,
Governor.

Attest:

FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the Governor's messages be received, spread in full upon the minutes, and the usual number of copies be printed, for use of the House of Assembly.

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That, unless otherwise ordered, the regular hours of meeting of this House for morning, afternoon and evening sessions shall be respectively at twelve, two and eight o'clock. Until otherwise ordered adjournment of Monday evening sessions shall be until Tuesday morning at twelve o'clock.

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the Speaker is hereby authorized to appoint a committee of five members of this House to serve as a Committee on Rules.

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the rules of the House of the Assembly as printed in the Legislative Manual of 1927 be adopted as the rules of the House of the Assembly for the session of 1928

Mr. Barison offered the following resolution:

Resolved, That Rule 67 shall read as follows:

"67. That hereafter any motion or resolution which will result in relieving a standing committee of a bill referred to it shall not be entertained unless twenty-four hours' notice shall be given the House of the introduction of such motion or resolution; provided, however, that on a written request made by fourteen members, duly presented to the House, said request shall be read, and delivered forthwith by the Clerk to the chairman of the committee named therein; said committee shall, within twenty-four hours, report on the bill, resolution, motion or matter named in said request."

Mr. Gabrielson moved that the resolution lie on the table.

Which motion was adopted.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That a committee of five be appointed by the Speaker to procure the attendance of clergymen to open the sessions of the House with prayer.

Mr Gabrielson offered the following resolution, which was read and adopted

Resolved, That each member and officer of this House be furnished with five hundred (500) "complimentary slips"

Mr. Gabrielson offered the following resolution, which was read and adopted.

Resolved, That the Committee on Stationery, when appointed, be directed to furnish, for the use of the members of the House and officers thereof, file books for Senate and House bills and also minute files.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the number of copies of the Legislative Manual apportioned by law to the House of Assembly be distributed by the Sergeant-at-Arms, under the direction of the Clerk of the House, as follows To each member of the House, forty (40) copies; to the Clerk, twenty-five (25) copies; to the Assistant Clerk, Speaker's Secretary, Clerk to the Majority Leader, and Clerk to the Minority Leader, each ten (10) copies; to the Journal Clerk, Sergeant-at-Arms, Supervisor of Bills, and the Bill Clerk, each five (5) copies; to the Calendar Clerk, Assistant Journal Clerks, Assistant Bill Clerk, Assistant Supervisor of Bills, Assistant Sergeant-at-Arms, Speaker's Assistant Secretary, Stenographers, Doorkeepers, File Clerks, Pages, Committee Clerks, each one (1) copy, Legislative Correspondents and Reporters, each two (2) copies.

Mr Gabrielson offered the following resolution, which was read and adopted·

Resolved, That one thousand (1,000) copies of all bills be printed for the use of the members of the House and Senate, and for all public distribution, and that six hundred (600) copies of all official reprint bills be printed.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That five hundred (500) copies of the Governor's messages be printed for the use of the members of the House of Assembly.

Mr Gabrielson offered the following resolution, which was read and adopted.

Resolved, That the State Printer be instructed to mail to each member of the House, at his home address, a copy of each part of the Minutes of the House, properly perforated and cut for filing, as soon as possible after the same is printed

Mr. Gabrielson offered the following resolution, which was read and adopted.

Resolved, That a copy of the Journal of the Senate be distributed on the desks of the members of the House, when printed, and a copy thereof, properly cut for filing, be mailed to the home address of each member, with a copy of the Minutes of the General Assembly

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the State Printer be instructed to mail to each member of the House, at his home address, at least one copy of each bill and resolution, both Senate and House, properly cut for filing, as soon as the same is printed.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That the State Printer be instructed to mail to the home address of the Clerk of the House, Secretary to the Speaker, Secretary to the Majority Leader, the Secretary to the Minority Leader, a printed copy of all bills, all properly cut for filing, Minutes of the House and Senate, and daily memoranda of bills acted upon.

Mr Gabrielson offered the following resolution, which was read and adopted:

Resolved, That a sufficient number number of copies of the daily calendar, prepared under supervision of the Clerk of the House, showing brief memorandum of the bills reported and passed second and third readings in the House, be printed and distributed among the members of the Senate, and be it further

Resolved, That when a similar calendar of bills reported passed second and third reading in the Senate, is prepared by the Secretary of the Senate, that the same be distributed among the members of the House.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That to each four members of the House, to be specifically named by the Sergeant-at-Arms, under the direction of the Clerk of the House, he shall assign one file clerk, who shall keep the file books of said four members of the House in complete and satisfactory order.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That all bills offered to the House, by either a member of a committee thereof, purporting to be a substitute bill for one in the possession of the House, shall not be received, considered or acted upon unless the bill so offered as a substitute shall substantially cover the same subject matter as contained in the original bill.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That no employee of the House be permitted to solicit or collect contributions for any purpose whatsoever.

A message was received from the Senate, by the hands of its Secretary, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
January 10th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following resolution:

Resolved, That the Secretary of the Senate be directed to inform the House of Assembly that the Senate has organized and elected the Honorable William A. Stevens, of the county of Monmouth, President, and Robert M. Johnston, of the county of Atlantic, Secretary, and proceeded to business.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gopsill offered the following resolution, which was read and adopted:

WHEREAS, He who controls the destinies of all mankind has again demonstrated by the removal to the Great Beyond of our respected and beloved dean of the legislative correspondents in this House of Assembly the utter helplessness of human kind; and

WHEREAS, The late William Kruse Devereux has by his life, both private and public, shown to us that service to one's fellow man makes life beautiful and really worth while; and

WHEREAS, We feel that public record should be made of what seems to all of us such an untimely demise of one so devoted to his family, his city, his county, his State, and the just cause of all people, that his life's record may be an inspiration to others for a life of service; now, therefore, be it

Resolved (by the officers and members of the House of the One Hundred and Fifty-second Legislature of New Jersey), That we deeply mourn the loss of our late legislative correspondent, William Kruse Devereux.

In his death we have lost a beloved and trusted official, a true friend, a loyal American, a man who gave of himself freely and unselfishly that others might be benefited thereby; and be it further

Resolved, That we extend and express our heartfelt sympathy to Mrs. William Kruse Devereux, and to the other surviving members of his family; and be it further

Resolved, That these resolutions be spread in full upon the Minutes of the House of Assembly, and an engrossed copy thereof, duly authenticated by the Speaker and Clerk of the House, respectively, forthwith be forwarded to Mrs. William Kruse Devereux.

The following messages were received from the Senate at the hands of its Secretary:

STATE OF NEW JERSEY,
SENATE CHAMBER,
January 16th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

Be it resolved by the Senate (the House of Assembly concurring), That the commissioners from the State of New Jersey

to the Port of New York Authority be, and hereby are, requested to report to the Senate and House of Assembly on, or before, the twentieth day of February, nineteen twenty-eight, whether there is need of a dry dock within the territory of the Port, of sufficient size to accommodate the largest ocean steamships; and if, in the opinion of the said commissioners, such a need exists, that they be further requested to accompany their report with an estimate of the probable cost of construction of such a dry dock, equipped with necessary facilities and appliances, and located at a suitable site within the State of New Jersey; and that they make such recommendations in their report as, in their opinion, will assist the Senate and House of Assembly in a consideration of the matter.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate

Mr. Gabrielson moved that the House concur in the resolution.

The Speaker put the question, "Shall the House concur in the resolution?"

Upon a *viva voce* vote being taken, the Speaker declared the resolution adopted.

STATE OF NEW JERSEY,
SENATE CHAMBER,
January 16th, 1928

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

Resolved by the Senate (the House of Assembly concurring), That the Senate and General Assembly of the State of New Jersey meet in joint session on Tuesday, the thirty-first day of January, at twelve o'clock noon, for the purpose of electing a State Treasurer, and for the further purpose of electing a Director of Railroads.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gabrielson moved that the House concur in the resolution.

The Speaker put the question, "Shall the House concur in the resolution?"

Upon a *viva voce* vote being taken, the Speaker declared the resolution adopted.

Mr. Siracusa, Chairman of the Committee on Miscellaneous Business reported

Assembly Bill No. 1,

Favorably and without amendments.

Mr. Gabrielson offered the following resolution, which was read and adopted:

Resolved, That when the House adjourns it adjourn to meet Thursday next, at 11 A. M., and when it then adjourn it be to meet Friday next, at 11 A. M., and when it then adjourn it be to meet Monday next, at 8 P. M.

Mr. Gabrielson moved that the House adjourn.

Which motion was adopted.

THURSDAY, January 19th, 1928.

At eleven o'clock A. M. the House met.

Upon calling the roll the following members appeared and answered to their names:

Messrs. Powers, Olden and Spair.

Mr. Powers, Speaker, *pro tem.,* in the chair.

There being no quorum present, the Speaker *pro tem.* declared the House adjourned until Friday morning, at eleven A. M., January 20th, 1928.

On motion of Mr. Gabrielson, the further reading of the minutes was dispensed with.

The Speaker announced that pursuant to the resolution adopted by the House on the opening day he would request Assemblyman S. Rusling Leap, of Salem county, a master in chancery, to administer the oath of office to Assemblyman-elect J. LeRoy Baxter, of Essex, due to his absence by illness.

Mr. Leap administered the oath to Mr. Baxter.

The following communication and report was sent to the desk and read by the Clerk:

SOUTH JERSEY PORT COMMISSION.

January 23d, 1928.

Honorable Thomas L. Hanson, Speaker of the General Assembly, State House, Trenton, N. J.:

Mr. Speaker—The South Jersey Port Commission, in compliance with Chapter 336, Laws of 1926, transmits herewith to the Legislature its annual report for the year 1927.

Very respectfully yours,

UPTON S. JEFFERYS,

Secretary.

Mr. Gabrielson moved that the communication and the report be received and filed.

Which motion was adopted.

The following communication and report was sent to the desk and read by the Clerk:

January 17th, 1928.

Hon. Thomas L. Hanson, Speaker of the House of Assembly, State House, Trenton, N. J.:

Dear Sir—The Port Raritan District Commission respectfully submits herewith its report covering its activities from April 1st, 1926, to date.

Yours very truly,

R. E. WATSON,
Chairman.

Attest:

C. S. ATKINSON,
Secretary.

Mr. Gabrielson moved that the communication and report be received and spread in full upon the Minutes.

Which motion was adopted.

REPORT

To the Legislature of the State of New Jersey:

The Port Raritan District Commission respectfully presents a report of its activities since the organization of the commission on June 23d, 1926.

This commission was organized in pursuance to an act of the Legislature, passed on April 1st, 1926, and which act is completely set out in the appendix to this report. The commissioners having been appointed in accordance with the terms of the act, a meeting was called at Perth Amboy on June 23d, 1926, at which time the commission organized by electing Russell E. Watson as chairman, and by later choosing Condit S. Atkinson, secretary; Samuel J. Mason, resident engineer; Charles W. Staniford, consulting engineer, and Douglas M. Hicks, counsel.

On its organization the commission found that much of the preliminary work had already been done, and that due to the activity of the Port Raritan Survey Commission, a very comprehensive industrial survey and report of the Raritan District had already been made by Charles W. Staniford as engineer for the survey commission. After a careful study of this report and a more complete investigation of the recommendations contained

in it by the resident engineer of the Port Raritan District Commission, it was decided to proceed with steps necessary for the accomplishment of the projects recommended in this survey report. The commission and its officers, therefore, proceeded with work on the following projects:

1. Reclamation of large area of low lands at South Amboy.
2. Development of adequate terminal and warehouse facilities at Perth Amboy.
3. Reclamation of low lands at Perth Amboy.
4. Removal of Raritan arsenal and its development as an industrial terminal.
5. Deepening and straightening South river for the purpose of aiding the commerce now using the river, and as a connection to the proposed New Jersey ship canal.
6. Deepening of the Raritan river from Washington canal to New Brunswick and the New Brunswick Municipal dock.
7. Deepening of the Raritan river from the main division channel in Raritan bay to the deep pool above the New York and Long Branch Railroad bridge at Perth Amboy.
8. Deepening of Woodbridge river.

In addition to the projects enumerated above the commission has opposed the attempt of the Delaware and Raritan Canal Company to close the canal during certain hours in the night, for the reason that such closing would unwarrantably interfere with the use of that canal. Several hearings were held in this matter before the Public Utility Commission of New Jersey, and at the time of the preparation of this report, no decision had been rendered. A brief covering legal questions involved was filed with the utility commission.

Among other projects the commission has interested itself in new State highway routes in the Port Raritan District, and in the providing of additional lights and aids in navigation in Raritan and South rivers.

It is the opinion of the Port Raritan District Commission that the New Jersey Ship Canal, which is the remaining link necessary for the completion of the eastern intercoastal canal system, should be pushed with all vigor, and that immediate plans be made for the construction in the near future of this very important part of the inland water system. It is believed that this project would be furthered by the appointment of a legislative committee to study the present status of the canal and to recommend necessary steps to be taken for its construction.

1. SOUTH AMBOY RECLAMATION PROJECT.

On August 19th, 1926, at a meeting of the Port Raritan Commission, the matter of extending the bulk head and pier head lines at South Amboy was presented to the commission. This began the discussion and investigation by the commission of the feasibility of reclaiming large area of flats and on December 30th, 1926, a resolution was adopted authorizing the appointment of a committee to proceed with the investigation of this matter and to procure the necessary engineering information.

In accordance with this resolution, Samuel J. Mason, resident engineer, went into the matter very thoroughly and found that at a cost of 2,684,000 the necessary land could be acquired and the project properly bulkheaded and filled. There would be provided in this way approximately 400 acres of land which would be highly useful for industrial locations, as it would have a frontage on Raritan bay and a channel of thirty feet in depth at mean low water, running from the development to the main channel in Raritan bay.

One of the very interesting features of the project described above is the fact that no bridge of any kind interferes with navigation.

Port Newark has shown conclusively what can be done by the bringing together of rail and water transportation facilities in connection with the development of new industrial locations. Somewhat similar is the South Amboy development project. Here are offered fine industrial locations on deep water with adequate railroad transportation facilities as well. Waterways, railways and highways all meet, giving to any industry the location and facilities which cannot but help to develop its business to a greater point than any other location without these decided advantages. The commission has all the necessary detailed information and when the proper interest is shown in this project is ready to proceed with it.

The great interest which exists all over the country in aviation presents another use to which a part of this development might be put. Flying fields are needed in all sections of the country and one located on deep water as well as on a railroad, has many advantages. A factory manufacturing planes and desiring its own field, can find here an ideal location in the metropolitan area.

2. PERTH AMBOY TERMINAL.

In the opinion of the commission, the importance of the city of Perth Amboy as a commercial center has been grossly underestimated. For some years Perth Amboy enjoyed a considerable

commerce and it was not at all unusual to see in the harbor many boats flying foreign flags.

Due to shift in business interests and the fact that other ports possessed deeper channels, this situation gradually changed and the tonnage in and out of Perth Amboy materially decreased. With the overdevelopment of other ports, however, it seems reasonable to expect that Perth Amboy will again be utilized as a seaport.

A few years ago a government project for a thirty-foot channel from the main division channel through Raritan bay, the Arthur Kill and the Kill von Kull was adopted. This new channel has reached such a degree of completion that it can be used to the full extent of its depth and as Perth Amboy borders on this new channel the commission is anticipating the fact that industries and shipping interests looking for a new location will be very favorably impressed by the city of Perth Amboy.

Realizing that some improvement in terminal facilities and sites for new industries should be made, the engineer of the commission has prepared a preliminary lay-out showing such an industrial waterfront development along the shores of Arthur Kill. This development will have railroad facilities furnished by the Lehigh Valley and Pennsylvania, as well as connection with the main trucking routes in this part of the State of New Jersey.

The Port of New York Authority, the Port Raritan Commission and the city commission of Perth Amboy have all interested themselves in this project and from the inquiries which have been received from various commercial agencies, it is apparent that this development project is greatly needed.

3. PERTH AMBOY RECLAMATION PROJECT.

The commission has received a report from its engineer in regard to the reclaiming and development of flats in the Raritan river lying between High street and the Central Railroad at Perth Amboy. It is estimated that approximately seventeen acres of ideal land for industrial locations can be created at a cost of $341,000. Three railroads serve this territory—the Pennsylvania, New Jersey Central and Lehigh Valley.

4. REMOVAL OF RARITAN ARSENAL AND ITS DEVELOPMENT AS AN INDUSTRIAL TERMINAL.

During the war the United States government took a large section of land in Raritan township and expended millions of

dollars in the erection of buildings and other terminal facilities.

This development is known as the Raritan Arsenal, and is located in Raritan township on the north bank of the Raritan river, between New Brunswick and Perth Amboy. There are approximately 2,200 acres of land in the arsenal, concrete highways running through it and railroad sidings. The Commission believing that an arsenal located in a densely settled area, such as Middlesex county, is a decided menace and detriment to the development of the district, is attempting, in collaboration with various other public bodies, to have the arsenal removed, and if possible, the site utilized as a large industrial terminal and warehousing center.

At the last session of Congress, an appropriation for the removal of all explosives was included in the second deficiency bill, but it failed of passage in the final hours of the session.

In 1927 in his annual message to Congress, President Coolidge recommended an appropriation for the removal of explosives from Raritan Arsenal. This item was then included in the first deficiency bill, but was struck out by the House Appropriation Committee. In the Senate the bill was again amended, and the appropriation for removal of explosives from Raritan Arsenal restored. This was accomplished by the good work of Senator Walter E. Edge, assisted by Senator Edward I. Edwards. The House, however, refused to approve this amendment, and in lieu thereof Congressman Madden, Chairman of the House Appropriation Committee, offered an amendment, which was adopted, providing for a survey to be made by the War and Navy Departments, for the purpose of determining upon a suitable place for the storage of high explosives. The report is to be made to Congress on or before March 15th, 1928, and it is hoped that some satisfactory action can be obtained at that time.

There is no doubt that the storage of explosives in such quantities as are now located at Raritan Arsenal is a source of danger, not only to the immediate vicinity, but to large sections of New Jersey. The fact that the explosives are dangerous is not the only detriment suffered by New Jersey, as industrial and financial interests are somewhat loath to locate a plant or invest a large amount of money in proximity to an arsenal where large quantities of explosive material are stored

It is hoped that in time the arsenal will cease to be used as such and will find its true use as an industrial terminal.

The government wishes to get as much salvage as possible from the arsenal property and in line with this the commission

believes that if private capital were interested in making some reasonable offer to the government for its holdings, that such an offer might be accepted.

The large acreage of land available, the buildings, railroad and water transportation facilities, and trucking routes, together with its wonderful location, with reference to the large populated areas on the eastern seaboard, place a high value on the arsenal property as an industrial and terminal proposition. It remains for some private interests, recognizing the fine facilities available, to take advantage of the situation as it now exists. The commission is in position to aid very materially in such development and will be glad to cooperate.

5. SOUTH RIVER.

The most important tributary of the Raritan is the South river which flows through an area rich in deposits of clay and sand, emptying into the Raritan, approximately five miles below New Brunswick. At the request of the commission, United States Senator Walter E. Edge offered an amendment, which was adopted, to the Rivers and Harbors bill passed at the recent session of Congress, providing for a survey of this waterway, with a view to eliminating curves and increasing the depth to twelve feet below low water mark. In accordance with this, Colonel F. C. Boggs, U. S. A. District Engineer, conducted a hearing at the City Hall, New Brunswick, N. J , on May 6, 1927, which was largely attended by representatives from this commission, from the Port of New York Authority, the State Board of Commerce and Navigation and various municipalities and industries located on or near South river. At this hearing much interesting data in reference to the mineral resources, industrial development, population and financial responsibility was presented, and in view of all this material it seems reasonable to expect that the proposed increase in depth will be granted and this waterway made more useful.

The State of New Jersey has shown its willingness to cooperate and in the 1927 session of the New Jersey Legislature, a bill was passed authorizing the appropriation of $200,000 or so much thereof as may be necessary for the purpose of straightening this river and the construction and dredging of new channels. A copy of this act appears in the appendix.

The greater part of the preliminary engineering has been done and the commission has requested an appropriation of $200,000, in accordance with this act, to proceed with the actual work of construction.

Another interesting feature of this river is its possibility as a connecting link with the proposed New Jersey ship canal running from Morgan to Bordentown. It is only a short distance from the head of navigation of South river at Old Bridge to the proposed route of this canal. This would allow commerce from central New Jersey to reach the canal without the necessity of running out into Raritan bay and around to Morgan.

South river can be very easily straightened and deepened so that it will provide a very adequate means of water transportation.

Due to shoals existing in this river, industries have had considerable difficulty in utilizing it as a means of transportation. The commission realizing the need for improvement, made a study of the situation and presented the data obtained to the United States District Engineer, and through the cooperation of the District Engineer and his office the navigable condition of the river was greatly improved. With the adoption of a new project depth and the straightening of the channel, there will be provided a waterway which will be a great aid to the industries now located along its banks, and an important reason for the location of new industries.

6 DEEPENING OF RARITAN RIVER AND THE NEW BRUNSWICK MUNICIPAL DOCK.

In the survey made for the Port Raritan Survey Commission by Charles W. Staniford, Consulting Engineer, it was suggested that the City of New Brunswick establish a municipal dock and terminal at the head of navigation of the Raritan river. The city has adopted this plan and is now in the process of acquiring the necessary land and the construction of a dock and warehouse.

This terminal is located just before reaching the first lock of the Delaware and Raritan canal and its utilization has been assured by a number of private concerns who are negotiating or who have completed negotiations with the city. One of these is the Middlesex Transportation Company, who for some years has been running a line of freight boats from New Brunswick to New York. In coordination to this line this company maintains a fleet of motor trucks collecting and distributing freight throughout New Jersey. It is proposed by the Middlesex Transportation Company to use this dock for larger boats than can proceed through the canal to their present dock above the Pennsylvania Railroad bridge. Orders for these boats have been placed. The new municipal dock and terminal will mean that this company can give service during almost the entire year,

whereas in the past, by reason of the closing of the canal in the winter time, this has been impossible.

The present depth of the Raritan river is ten feet at mean low water from the mouth of Washington canal at South river to New Brunswick, and in the Rivers and Harbors bill mentioned above, a provision was included for a survey of this section of the river with a view to increasing its depth to fifteen feet (mean low water). In pursuance to this, a hearing was held at New Brunswick by Colonel F. C. Boggs, District Engineer, on May 6, 1927, at which hearing statistics showing present water transportation and the prospective use to which the river would be put, were presented. The importance of the New Brunswick municipal dock was stressed and maps showing location exhibited to the District Engineer. Very interesting data on the comparative cost of rail and water transportation as compiled from the records of the Middlesex Transportation Company was introduced in evidence. In addition to the greatly reduced costs, there was brought out the fact that water transportation was in most instances very much quicker to practically all points of shipment.

It is expected the survey will be completed in the near future and then efforts of the commission will be directed towards obtaining a Federal appropriation to deepen this channel.

7. RARITAN RIVER AND RARITAN BAY.

Sometime ago a survey was authorized by Congress in regard to the deepening of the Raritan river from the main division channel in Raritan bay to the deep pool above New York and Long Branch Railroad bridge at Perth Amboy, with a view to obtaining a depth of thirty feet at mean low water.

A favorable report upon this project recommending a depth of twenty-five feet has been submitted to Congress by Major Gen Edgar Jadwin, Chief of Engineers.

8. WOODBRIDGE RIVER.

Another provision of the Rivers and Harbors bill passed at the last session of Congress, provided for a survey in reference to proposed improvement of Woodbridge river. This waterway empties into the Arthur Kill at a point approximately two miles north of Perth Amboy, N. J. It is important as a waterway because of the location on it of such industries as the Barber Asphalt Company, manufacturers and refiners of asphalt and gasoline; Henry Maurer & Son, manufacturers of refractory clay products, and many other industries of importance.

The commission filed a brief with Colonel Boggs as District Engineer similar in character to those filed in regard to South river and the Raritan river, which showed present commerce, the difficulties encountered in navigation and other pertinent facts. This waterway also presents numerous locations for industrial plants offering as it does, water transportation and the railroad facilities of the Pennsylvania, New Jersey Central, Lehigh Valley and Port Reading.

An adverse report was made on the proposed deepening of the channel to twelve feet and 100 feet in width Upon an appeal being taken, members of the commission appeared before the Rivers and Harbors Board of the War Department with a modified request for a channel ten feet in depth and fifty feet in width, and data in support of this plan was presented in a brief submitted by Douglas M. Hicks, counsel for the commission The project was reconsidered and a favorable report made upon the modified request. In accordance with this report a survey has been ordered made by District Engineer's office

The Port Raritan District Commission has met monthly, and in addition to these regular meetings, there have been a number of special meetings. In September, 1927, an inspection of the Raritan river, South river, Woodbridge river and Arthur Kill was made by the members of the commission, who were accompanied by Colonel J. A. Woodruff, District Engineer, and Major Ralph Barrows and C. D. Mayew of the District Engineer's office. Later the commission visited the Bush Terminal at Brooklyn and Port Newark for the purpose of studying the terminal warehouse facilities used at these points for water borne traffic.

Believing that the pollution of the Raritan river was having a detrimental effect on the development of the section of New Jersey through which it flows, Dr Rudolfs was directed to make a survey to determine the extent of the pollution of the river Much valuable data has been obtained, but the complete survey report will not be ready until sometime after July 1, 1928

Members of the commission have conferred with the State Highway Commission in reference to the proposed new bridge over the Raritan river, and have reached a satisfactory agreement with the highway commission as to the heighth and width of arch necessary in order that navigation may not be unduly hindered.

On December 14, 1927, committee from the commission and its counsel attended a hearing at New York before Colonel J A Woodruff, District Engineer in this matter. It was stated to

Colonel Woodruff at this time, that the Port Raritan District Commission was in complete accord with the plans for the bridge as submitted for the approval of the District Engineer

The Port Raritan District Commission in this report wishes to express its thanks for the cooperation which has been extended to it by the committee of the Legislature with which it has come in contact; by the Board of Commerce and Navigation and by the Port of New York Authority.

Respectfully submitted,

PORT RARITAN DISTRICT COMMISSION,
By RUSSELL E. WATSON, *Chairman*

OFFICE OF
PROSECUTOR OF THE PLEAS.
UNION COUNTY

ELIZABETH, N. J., January 20th, 1928

Frederick A Brodesser, Esq ; Clerk of the House of Assembly, State House, Trenton, N J.:

DEAR SIR—I am enclosing herewith copy of Presentments directed by the present term Grand Jury to be forwarded to you

Yours very truly,

A J DAVID,
Prosecutor of the Pleas.

UNION OYER AND TERMINER,
JANUARY TERM, A. D 1928

UNION COUNTY, to wit:

The Grand Inquest for the State of New Jersey, and for the body of the county of Union, upon their oath

Present, That this Grand Jury has had presented to it numerous complaints of manslaughter based on deaths resulting from injuries sustained by persons struck by automobile

Under charge of the Court, indictments in these cases can only be found where the act of the person causing such death was such as would amount to a reckless disregard of human life. In many cases where reckless disregard of human life is shown by prima facie proof, and indictment follows, we appreciate the difficulty of procuring convictions by petit jury, because the law has fixed the grade of crime as manslaughter, punishable by fine, or long term of imprisonment or both. We feel that much more good could be accomplished and the law would have

a more deterrent effect if there were a change in the grade of crime in these cases.

We therefore recommend to this Honorable Court, and to the Legislature of this State, that this matter be given careful thought and study and that the law governing such cases be so amended that more effective prosecution may follow such deaths than now obtains.

And we direct that the prosecutor forward copies of this Presentment to his Excellency, Honorable A. Harry Moore, Governor of the State of New Jersey, and to each branch of the State Legislature now in session.

Respectfully submitted,

E. S. HERSH,
Foreman of the Grand Jury.

A. J. DAVID,
Prosecutor of the Pleas.

Mr. Gabrielson moved that the communications be received and spread in full upon the Minutes.

Which motion was adopted.

The following communication and resolution was sent to the desk and read and read by the Clerk:

STATE OF NEW JERSEY,
DEPARTMENT OF STATE,
TRENTON, January 20th, 1928.

Hon. Frederick Brodesser, Clerk, House of Assembly, Trenton, New Jersey:

DEAR SIR—I am herewith enclosing a copy of the Concurrent Resolution adopted by the Senate and House of Representatives of the State of Michigan, at its regular session held in 1927. The enclosed copy of Concurrent Resolution was received from Hon. Charles S. Pierce, Clerk of the House of Representatives of the State of Michigan.

Very truly yours,
JOSEPH F. S. FITZPATRICK,
Secretary of State.

HOUSE CONCURRENT RESOLUTION NO. 10.

A Concurrent Resolution urging Congress to reapportion the National House of Representatives.

WHEREAS, The Constitution of the United States requires Congress to reapportion the seats in the House of Representatives

to the various States, according to their respective numbers, following each decennial census; and

WHEREAS, The Congress, prior to 1920, has invariably complied with the constitutional provisions covering this subject so that the next succeeding Congress might rightfully be represented in numbers, based upon the population of the several States; and

WHEREAS, Each succeeding Congress has, since the year 1920, failed to make such reapportionment of districts, which failure has resulted in the disfranchisement of a large number of citizens in many of the States, among which is the State of Michigan, and has brought about a condition of disproportionate representation in the House of Representatives; and

WHEREAS, This has resulted in accumulative discontent among the citizens of the States so discriminated against; now therefore be it

Resolved by the House of Representatives (the Senate concurring), That we, the representatives of the people of Michigan, assembled in regular session, do most earnestly urge the immediate performance of this duty; and be it further

Resolved, That a copy of this resolution be forwarded to the Honorable Calvin Coolidge, President of the United States, and to the Honorable Nicholas Longworth, Speaker of the House of Representatives, and to Hon. John Q. Tilson, Hon. Edward W. Pou, Hon. John M. Garner, Hon. Albert Johnson and Hon. Isaac Bacharach; be it further

Resolved, That copies of this resolution shall also be forwarded to the following Legislatures of the several States now in session, urging them to take similar action: California, Ohio, New Jersey, Connecticut, North Carolina, Texas and Washington.

(Signed) CHARLES S. PIERCE,
Clerk, House of Representatives.

Mr. Gabrielson moved that the communication and resolution be received and filed.

Which motion was adopted.

Resolved, That the privilege of the floor be extended to Miss Brown and Mr. Townley, of Essex county.

The following communication and report was sent to the desk and was read by the Clerk:

REPORT OF THE NEW JERSEY COMMISSION ON OLD AGE INSURANCE AND PENSIONS.

To His Excellency A Harry Moore, Governor of the State of New Jersey and the Legislature of the State of New Jersey.

In pursuance of Chapter 198, Laws of 1911, creating the New Jersey Commission on Old Age Insurance and Pensions, we, the commissioners appointed by His Excellency Governor A. Harry Moore, herewith submit in conformity with said law our annual report.

The Commission consists of five members, to serve without pay for five years The Commission is to investigate the conditions of the indigent poor of the State and to make a report thereon. The Commission organized and elected a secretary, who is not a member of the Commission as the act provides. During the year to date meetings of the Commission have been held and the secretary has submitted a great deal of data secured from similar commissions in other states. There have been several commissions appointed in our State, but as yet no comprehensive report has been submitted, and naturally so, for the reason that to make a report a comprehensive survey of the State's indigent poor would have to be made and this necessarily takes a great deal of time and money. The state of Massachusetts appropriated the sum of twenty-five thousand dollars in 1923 to a like commission. The state of Pennsylvania appropriated the sum of twenty thousand dollars in 1925. Arizona, Ohio, California, Wisconsin, Montana, Indiana, Texas, have likewise made appropriations for similar commissions and some of these states have enacted laws as a result of the commissions' investigation and work.

No appropriations have been made by the State of New Jersey to prosecute the Act of 1911. The employment of clerical, actuarial and expert assistance to ascertain with reference to the probable cost of any relief plan, naturally requires the outlay of money It is necessary that the Commission inform itself respecting the number of persons who would be eligible to such relief. This will require a survey of the economic status of the aged and indigent population of the State. It will require a large amount of time and work. A bi-partisan commission of five members has been appointed by the Governor for five years, which appointments were confirmed by the New Jersey Senate in March, 1927. The act states that the secretary is to receive a salary not to exceed eight hundred and fifty dollars. The secretary has done a great deal of work, but is receiving no renumeration for the work, as no money has been appropriated. We have been unable to even secure proper stationery for the transmission of the Commission's letters because of no appropriation, and whatever disbursements have been made have been borne by the commissioners themselves. This is a very vital subject. Various religious, civic and fraternal organizations are intensely interested in the subject of old age insurance and pensions. We believe the Legislature should be informed as to the probable cost of maintaining the indigent poor of the State. This cannot be done unless a survey of the State be made. After this is

ascertained a workable plan could be submitted for the administration of any fund that the State might create for its indigent poor. A minimum appropriation for the Commission to function and make an intelligent survey of the State would be fifteen thousand dollars We earnestly urge that this appropriation be made by the Legislature

The Act of 1911 directs the Commission to give in its report a tabulated statement of the expenditures of the Commission and an estimate of the amount required for the purpose of the Commission during the coming year. We desire to state that we shall make no charges for monies that the commissioners individually have expended during 1927 other than we do wish to pay the secretary the sum of eight hundred and fifty dollars, which the act authorizes and which the secretary has earned.

Our estimate for the coming year is as follows:

It is practically impossible to secure a secretary for eight hundred and fifty dollars and we wish to pay a secretary the sum of two thousand dollars per annum, and respectfully ask that this amount be appropriated.

Stationery estimated at one hundred dollars. The employment of clerical, actuarial and expert assistance in the twenty-one counties of the State, twelve thousand nine hundred dollars, making a total estimated expenditure of fifteen thousand dollars. This does not include any remuneration for the commissioners, though the original act does provide for traveling, etc, the sum of three hundred and fifty dollars. It would seem only fair that the commissioners should be defrayed for traveling expenses in visiting the various county institutions, and the Commission respectfully asks that railroad transportation be provided for them.

Respectfully submitted,
THEODORE L. BIERCK, *Chairman.*
RUTH E GIFFORD, *Secretary.*

Members of New Jersey Commission on Old Age Insurance and Pensions:

Theodore L. Bierck,
G. A. McKeen,
Theodore H Mulch,
John Kennell,
John Serpico.

Mr Gabrielson moved that the report be received and filed.

The following report was sent to the desk and read by the Clerk:

To His Excellency A. Harry Moore, Governor of the State of New Jersey, and the Legislature of the State of New Jersey:

1. Pursuant to the provisions of Joint Resolution No 6, of the Laws of 1927, approved March 28th, 1927, providing for the appointment of a commission to investigate and consider the need and advisability of giving State aid by annual appropriations to hospitals in which free surgical and medical services are rendered, and providing for appropriation to appropriately carry on such investigation, and directing the commission so to be appointed to embody the result of its investigation and consideration in a report to this Legislature, including the recommendation of such legislation as it shall deem proper, the commission appointed as directed in the provisions of said joint resolution desires to advise that it has organized and elected its chairman and secretary and has begun its investigations, but is not yet ready to submit its report and recommendation for the reason that at the outset its seems apparent to the members of the commission, no comprehensive investigation, conclusion and recommendation can be properly arrived at that does not include consideration to unit standards of service, either medical or surgical, to be rendered by the hospitals of the State and proper consideration to the methods employed by the various boards of chosen freeholders of the counties of the State in rendering similar aid by annual appropriations to the hospitals in the various counties in which free medical and free surgical services are so rendered

2 The commission respectfully urges and recommends that the commission created as aforesaid by proper action of the Legislature be continued for another year and that the scope of the commission's powers be extended to the study of the problem not only as to the need and advisability of State aid by annual appropriation, but also with respect to the present methods employed by counties of the State in distributing funds by annual appropriations to hospitals in which free surgical and medical services are rendered to the end that such funds may be properly distributed upon a standard unit basis of value per patient day.

Respectfully submitted,

Senate Bill No. 40,

Favorably, without amendment.

The following communication and report was received and read by the Clerk:

To the Senate and General Assembly:

Hon. Thomas L. Hanson, Speaker of the House of Assembly—We hereby transmit to you the report of the commission appointed by Governor A. Harry Moore, in accordance with the provisions of Assembly Joint Resolution No. 10, P. L. 1927, covering the feasibility of the erection of a memorial in the Republic of France in recognition of the services of the New Jersey veterans of the World War.

FREDERICK A. BRODESSER, *Secretary.*
BLASE COLE, *Chairman.*

January 30th, 1928.

To His Excellency the Governor and Members of the Legislature of the State of New Jersey:

The commission appointed pursuant to Joint Resolution No. 10, Laws of 1927, begs to submit herewith its conclusions as the result of its deliberations:

Joint resolution for the appointment of a commission to report upon the feasibility of the erection of a memorial or memorials in the Republic of France in recognition of the services of New Jersey soldiers in the World War.

WHEREAS, During the World War, in the years 1917-1919, approximately fifty thousand New Jersey soldiers served in the United States military forces in France, and

WHEREAS, The State of New Jersey is justly proud of the patriotism and loyalty of her soldiers in rendering such service, during the course of which several thousand sacrificed their lives, and

WHEREAS, No action has heretofore been taken by the State to commemorate the services of these men by the erection of memorials in the Republic of France; therefore

Be it resolved by the Senate and General Assembly of the State of New Jersey:

1. That the Governor of this State is hereby authorized to appoint five persons, residents of this State, who served in the military or naval forces of the United States during the World War, a board of commissioners by the name and style of the New Jersey-France Memorial Commission. The term of the commissioners shall be for three years, and no member of such commission shall receive compensation for his services; and

2. *Be it further resolved,* That the commission shall organize by the election of a president, secretary and treasurer from their number, and shall consult with the United States Battle Monument Commission and the proper authorities of the Republic of France, on the matter of the feasibility of the erection of a memorial or memorials in the Republic of France in recognition of the services of New Jersey soldiers in the World War, and make a report to the Legislature of one thousand nine hundred and twenty-eight with recommendations. Approved March 29th, 1927.

His Excellency A. Harry Moore appointed the following to the commission on June 2, 1927:

Senator Blase Cole,
Assemblyman Clifford R. Powell,
Col. Stephen H. Barlow,

Hon. Frederick A. Brodesser,
Major George F. Fleming.

The commission had its organization meeting in the office of the Governor, June 14th, 1927. The following officers were elected:

President—Blase Cole.
Secretary—Frederick A. Brodesser.
Treasurer—Stephen H. Barlow.
Counsel—Anthony J. Siracusa.
Architects—J. Osborne Hunt and Col. Hugh A. Kelly

On August 27th, 1927, the commission visited General John J. Pershing, Chairman, American Battle Monuments Commission. At this interview the commission was advised by General Pershing of the type of memorial that should be erected; that is the memorial should take the form of a school, hospital, bridge, fountain or some other object of a useful nature.

On September 8th, 1927, the commission visited France and made several trips through that country and finally decided that the memorial should be erected at Verdun, Department of Meuse, France. Verdun was chosen because it is the centre of the most important offensive participated in by American troops and practically all New Jersey troops served in this sector.

The commission thereupon met from time to time, and after due consideration recommends that a memorial in the form of a replica of the old Barracks Building at Trenton be erected in the city of Verdun, Republic of France, to be used for community purposes only, the city of Verdun having agreed to furnish a suitable site and maintain such a memorial.

Mr. Gabrielson moved that the communication be received and spread in full on the Minutes.

Which motion was adopted.

The following communication was received and read by the Clerk:

January 31st, 1928.

To the Senate and General Assembly:

Resolved, That the privileges of the floor be extended to the following: All former members of the House of Assembly from Essex county, who served in the year of 1923, and most of whom have been fairly successful in their public endeavors after leaving this important branch of the State government.

Adrian Chamberlain, former Commissioner of Prohibition of New Jersey; Platt Adams, President of the Boxing Commission; Philip Klein, Attorney to the Essex County Bureau of Elections; Oliver Randolph, Assistant United States District Attorney; Lewis Menninger, former Acting Prohibition Director of New Jersey; Agnes Schermerhorn, member of the Commission of the Blind; Mabel North, Director of Montclair Hospital.

It is hoped that the members of the present House from Essex county are equally successful.

Mr. Ward offered the following concurrent resolution, which was read and adopted:

Be it resolved by the House of Assembly (the Senate concurring), That State, county and municipal governments be requested to initiate as quickly as possible contemplated improvements in order to provide employment to workers, many of whom are unemployed, and have been deprived of their natural sources of income through the general curtailment of industrial and building activity; and

Further be it resolved, That all such contemplated public work be started forthwith.

It is the desire of the Legislature to impress upon the State and local governments the urgent need of speeding up improvements to provide employment for those who are now and have been unemployed for some time.

Unemployment in New Jersey has increased approximately from twenty-four to twenty-eight per cent during the past year, according to figures based on the placement averages of the men's division of six employment bureaus supported and operated by the State Department of Labor located in Paterson, Camden, Jersey City, Newark, Trenton and Atlantic City; and

Be it further resolved, That the press attaches to the Senate and House of Assembly are hereby requested to publish this resolution in the various newspapers of the State of New Jersey.

Amend the title to the bill so that it will read as follows:

An act to prohibit the storage, offer for sale, or sale, of liquid fuels, lubricating oils, and similar products, to prohibit substitution, mixing or adulteration thereof, so as to deceive or tend to deceive the purchaser thereof as to the nature, quality and identity thereof, and fixing penalties.

Strike out the three preambles.

Amend section one, so that the same shall read as follows:

1. It shall be unlawful for any person, firm, partnership, association, or corporation, their agents and servants, to store, sell, expose or offer for sale, or sell, in any manner whatsoever, or aid or assist in the same, any liquid fuels, lubricating oils, or other similar products, so as to deceive or tend to deceive the purchaser thereof as to the nature, quality, and identity of the same, by false representation, or by substitution, mixing or adulteration thereof, or by the use of false or fictitious names, or by the use of disguised, camouflaged or falsely labeled containers, tanks, pumps, or other distributing equipment, or by imitating the design, symbol, or trade name under which recognized brands of such products are generally marketed; *provided, however,* that this act shall not prevent any person, firm, partnership, association, or corporation, their agents and servants, to store, sell, expose or offer for sale, or sell, any such fuels, lubricating oils, or similar products under a trade name, symbol, sign, or distinguishing mark adopted and used by such person, firm, partnership, association or corporation in good faith, if such trade

name, symbol, sign or distinguishing mark is not deceitfully similar to that already in general use by any manufacturer of such products.

Strike out sections two, three, four and five.

Designate section six as two.

Designate section seven as three.

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 13th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has concurred in the following concurrent resolution:

WHEREAS, During the recess of the one hundred and fifty-first Legislature two former Governors of New Jersey have died; to wit, the Honorable John W. Griggs and the Honorable Foster M. Voorhees, and

WHEREAS, It is fitting that we pause during the meeting of the one hundred and fifty-second Legislature and fittingly ponder on the lives and public service of these two men who gave unstintingly of their great talents to the people of New Jersey, and

WHEREAS, The Honorable Edward C. Stokes, another former Governor of New Jersey, worked contemporaneously with Governor Griggs and Governor Voorhees in the Legislature and throughout their terms as chief executives of this commonwealth; therefore

Be it resolved, That, the Senate concurring, a joint memorial meeting of the Legislature be held on Tuesday, March 27th, at 1 P. M., in the Assembly Chamber, and that the Honorable Edward C. Stokes be and is hereby invited to make the principal address on that occasion, and

Be it further resolved, That the Legislature invite the families and next of kin of the late John W. Griggs and the late Foster M. Voorhees to be present as the guests of the Legislature on the aforesaid day, to wit: Tuesday, March 27th, 1928, and the Clerk of the House is hereby directed to forthwith extend an official invitation to the families or next of kin of the late John W. Resolved, That the privilege of the floor be extended to Virginia Maria Spair, beautiful little daughter of the Hon. Daniel Spair of Mercer county, be adopted as the daughter of the 1928 session of our body.

Mr. Muir sang the following song in behalf of Miss Virginia Maria Spair:

Ain't she sweet and also quite petite?
Now I ask you very confidentially,
Ain't she sweet?

Ain't she nice; look her over once or twice.
Now I ask you very confidentially,
Ain't she nice?

Just cast your eyes in her direction;
Oh me, oh my! Ain't she perfection?

I repeat, don't you think she's nice and neat?
Now I ask you very confidentially,
Ain't she sweet?

A message was received from the Senate, by the hands of its Secretary, and was read by the Clerk, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 27th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

CONCURRENT RESOLUTION for the appointment of a commission for the purpose of inquiring into the question of the elimination or alteration of railroad grade crossings and to make a report thereon, which shall include the formulation of an act providing for an equitable apportionment of the cost and expense thereof.

WHEREAS, The use of motor vehicles on the public highways has increased the danger to human life at railroad grade crossings; and

WHEREAS, Under the act approved March 12, 1913, (Chapter 57, Laws, 1913), the elimination or alteration of such crossings has not been as rapid as desirable and it is deemed advisable that the subject matter should receive investigation and consideration before any further legislation is enacted thereon; therefore

Be it Resolved by the Senate (the House of Assembly concurring):

1. There shall be appointed by the President of the Senate two members of the Senate, and by the Speaker of the House of Assembly two members of the House, who shall constitute a joint commission for the purpose of inquiring into the question of the elimination or alteration of railroad grade crossings and to make a report thereon, which shall include the formulation of an act providing for an equitable apportionment of the cost and expense thereof.

2. The commission shall organize by the selection of a chairman and secretary and is authorized to request the State High-

way Commission and the Board of Public Utility Commissioners to furnish such information and engineering data as may be in their possession, relating to the subject of inquiry authorized in section one of this resolution.

3. The said commission shall make a report thereon and embody in its findings an act to be presented to the next regular session of the Legislature.

4. This resolution shall take effect immediately.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

"I certify that this bill originated in the House.

"FREDERICK A. BRODESSER,
"Clerk of the House."

A message was received from the Senate, by the hands of its Secretary, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
Mr. Speaker: March 29th, 1928.

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following bills:

Senate Bill No. 98, entitled "An act to amend an act entitled 'A further supplement to an act entitled "An act to provide for the regulation and incorporation of insurance companies and to regulate the transaction of insurance business in this State," approved April third, one thousand nine hundred and two,' which said supplement was approved March eighteenth, one thousand nine hundred and thirteen,"

"The Governor's objections therto notwithstanding."

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

The Clerk read the Governor's veto message as follows:

"STATE OF NEW JERSEY,
"Executive Department

March 26th, 1928.

To the Senate:

I return, without my approval, Senate Bill No. 98, for these reasons:

The purpose of this measure is to make uniform all commissions paid to agents who write fire insurance business in this State.

Should the bill become law it will place upon a parity the agent who has to operate in the more populous and settled sections of the State, where necessarily the expense of conducting his business is greater, with the agent who conducts his business in the rural and suburban sections, where rents are cheaper, clerical hire less, and the general cost of maintaining his business lower.

I fear that, if law, the bill would reduce commissions in Hudson, Essex and Camden counties, without any compensating or resulting benefit to the public. There is some danger, in my judgment, that the enactment of this measure would result finally in the increasing of fire insurance rates.

Then, too, and probably of greater importance, is the fact that the fixing of a standard of compensation in one line of business would be establishing a precedent of which those in other fields of endeavor would be quick to take advantage.

Respectfully submitted,
(Signed) A. HARRY MOORE,
Governor.

Attest:
(Signed) FRED BLOODGOOD,
Secretary to the Governor."

The message from the Senate was taken up and on motion of Mr. Gabrielson, Senate Bill No. 98, with the Governor's veto attached, was laid over.

Which motion was adopted.

With the Governor's veto attached.

STATE OF NEW JERSEY,
Executive Department.

March 26, 1928.

Senate No. 98.

To the Senate:

I return, without my approval, Senate Bill No. 98, for these reasons:

The purpose of this measure is to make uniform all commissions paid to agents who write fire insurance business in this State.

Should the bill become law it will place upon a parity the agent who has to operate in the more populous and settled sections of the State, where necessarily the expense of conducting his business is greater, with the agent who conducts his business in the rural and suburban sections, where rents are cheaper, clerical hire less, and the general cost of maintaining his business lower.

I fear that, if law, the bill would reduce commissions in Hudson, Essex and Camden counties, without any compensating or resulting benefit to the public. There is some danger, in my judgment, that the enactment of this measure would result finally in the increasing of fire insurance rates.

Then, too, and probably of greater importance, is the fact that the fixing of a standard of compensation in one line of business would be establishing a precedent of which those in other fields of endeavor would be quick to take advantage.

Respectfully submitted,
(Signed) A. HARRY MOORE,
Governor.

Attest:
(Signed) FRED. BLOODGOOD,
Secretary to the Governor.

Senate Bill No. 98 was taken up.

Mr. Siracusa moved that the same do pass, the objections of the Governor to the contrary notwithstanding.

A message was received from the Governor by the hands of his Secretary, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 4th, 1928.

ASSEMBLY BILL NO. 328.

To the House of Assembly:

I return, without my approval, Assembly Bill No. 328, because it is not accompanied by proof of publication.

I have no objection to the bill itself, but proof of publication should have accompanied it at the time of its introduction.

Respectfully submitted,
A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

M. Gabrielson moved the message be received, spread in full upon the minutes and that the bill lie over.

Which motion was adopted.

ASSEMBLY BILL NO. 80.

To the House of Assembly:

I return, without my approval, Assembly Bill No. 80.

This bill permits the Board of Chosen Freeholders of any county of the second class to appoint a Water Supply Commission, to consist of seven persons.

The City Attorney of Elizabeth, New Jersey, strongly objects to the bill upon the ground that it will seriously interfere with the plans of that city, already under way, for a municipal water plant.

Respectfully submitted,
A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson moved the message be received, spread in full upon the minutes, and the bill lie over.

ASSEMBLY BILL NO. 272.

To the House of Assembly:

Assembly Bill No. 272 is a repealer of the present Motor Vehicle Law, and I return it without approval, for the reasons indicated in my veto of Assembly Bill No. 271.

Respectfully submitted,
A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson moved the message be received, spread in full upon the minutes, and the bill lie over.

A message was received from the Governor, by the hands of his Secretary, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 4th, 1928.

COMMITTEE SUBSTITUTE FOR ASSEMBLY BILL NO. 271.

To the House of Assembly:

I return, without approval, Committee Substitute for Assembly Bill No. 271, with Senate Amendments.

This is the new Traffic Act, prepared by the Commission appointed for that purpose, and includes much of Chapter 156 of the Laws of 1915, known as the New Jersey State Traffic Act.

I am loath to withhold my approval because, in the main, the bill is most admirable, and represents much time and effort, but there are one or two exceptions of such importance as to warrant my doing so.

While my opinion is probably of no greater value than yours, yet the opinion of the Commissioner of Motor Vehicles, based upon long and varied experience, is worthy of more than passing notice. He is opposed to the bill insofar as it relates to speed limits.

The bill fixes uniform traffic signals throughout the State, a consummation greatly to be desired, because it eliminates confusion. But Article Nine makes confusion worse confounded by repealing the present limits and giving each municipality the right to fix them for itself.

It increases the speed from six to fifteen miles per hour within a school zone, and from seven to fifteen miles when traveling around curves. This matter should give us pause when we consider that in 1927, of the 1042 persons killed by automobiles, 283 were children under the age of fifteen years. The bill is silent on speeding and reckless driving, two matters which are of vital concern to the people of the State.

Respectfully submitted,
A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson moved the message be received, spread in full upon the minutes and the bill lie over.

Which motion was adopted.

A message was received from the Senate, by the hands of its Secretary, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
April 4th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

Resolved by the Senate (the House of Assembly concurring), That Senate Bill No. 147 be recalled from the Governor for further consideration.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

The Senate message was taken up and Mr. Gabrielson moved that the House concur in the Senate Concurrent Resolution.

Which motion was adopted.

Mr. Gabrielson offered the following resolution, which was sent to the desk and read by the clerk.

Resolved, That when the House adjourn it adjourn to meet Thursday next, at 3 P. M.

On motion of Mr. Gabrielson, the House then adjourned.

THURSDAY, April 5th, 1928.

House met at 3 o'clock P. M.

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following bill:

Senate Bill No. 288, entitled "An act to amend an act entitled 'An act relating to, regulating and providing for the government of cities of the second class which now have or may hereafter have a population of less than twenty thousand,' approved April twenty-third, one thousand nine hundred and seven"

The Governor's objections thereto notwithstanding.

In which the concurrence of the House of Assembly is requested

ROBERT M. JOHNSTON,
Secretary of the Senate,

Mr. Gabrielson moved that Senate Bill No. 288 be taken up and the Governor's veto message read.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
April 4th, 1928.

SENATE NO. 288.

To the Senate.

I return, without my approval, Senate Bill No. 288.

Not long ago the City of Bridgeton elected a Mayor of political faith opposite to that of the Council. In the natural course of events the Mayor would appoint the Recorder. This bill wrests from him that power, thus defeating the will of the people who elected the Mayor.

The Mayor naturally objects to this bill, and I sustain his objection.

Respectfully submitted,
A. HARRY MOORE,
Governor.

Which motion was adopted.

On motion of Mr. Gabrielson, the House then adjourned.

MINUTES

OF THE

SPECIAL SESSION

MINUTES

OF THE

SPECIAL SESSION

MONDAY, June 4th, 1928.

The House of Assembly met at 11 o'clock A. M.

The time designated by the Governor for the assembling of the One Hundred and Fifty-Second Legislature in Special Session by virtue of its proclamation, as follows:

House was called to order by the Speaker.

Prayer was offered by Rev. Dr. Jacob Ganss, of Perth Amboy, N J.

Upon the calling of the roll, the following members appeared and answered to their names:

Messrs. Altman, Applegate, Barison, Birkenmeier, Blunt, Carty, Case, Cassini, Chandless, Clift, Compton, D'Elia, Ellis, Finn, Gabrielson, Gopsill, Greenberg, Haines, Hanson F. J., Hanson T. L. (Speaker), Harvey, Huelsenbeck, Jones, Knight, Kuser, Leap, Letzgus, Litwin, McDermott, McMurray, McWilliams, Mercolino, Morrison, Muir, Newcomb, Olden, Otto, Pierson, Pindar, Powers, Purdy, Renner, Rittenhouse, Siracusa, Smock, Spair, Stelle, Sterner, Stewart, Summers, Urbanski, Ward, Wettstein, Wise, Woodruff—55.

Absent —

Messrs. Barrett, Baxter, Black, Kautz, Roder—5.

Mr. Gabrielson moved that the reading of the minutes be dispensed with, which motion was adopted.

A message was received from the Governor by the hands of his secretary, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Legislature June 4th, 1928

You have been called by me in special session for the consideration of an act heretofore passed by the Legislature and approved by me, to take effect on the fourth of July next, which is known and designated as Chapter 131 of the Laws of 1928, and entitled, "An act to authorize the formation and regulation of corporations to construct, own and operate motor toll roads and facilities in connection therewith".

I believe that I should forward to you this message embodying certain of my views in justification of the issue of a call for your meeting today, Monday, June 4th, 1928

While I recognize the general popularity and success of what are known as "speedways" or private toll roads which have existed especially in our neighboring State of New York, and am not personally radically opposed to their existence under needful restrictions, I feel that the present act to which I have hereinabove referred demands your reconsideration, either for repeal or very radical amendment, because of certain features which perhaps were not entirely patent to you while it was in process of passage, and which were not adequately understood by me at the time that I gave it approval. In the multiplicity of the duties incumbent upon legislators, and in the pressure which a Governor experiences in connection with approving or vetoing acts, there may at times be features of acts the effect of which might not be fully comprehended, and which might, as I believe in this instance it should, lead to a radical action upon the part of the Legislature before the act has gone into effect, and before persons have suffered any detriment by reason of attempts to act in conformity with it.

It has seemed, upon a study of this act, needful to me to call your attention to certain of these features, and to ask for legislative action in correction thereof. My study and analysis of the act leads me to make for your consideration the following observations:

The act authorizes the formation and regulation of corporations to construct, own and operate motor toll roads and facilities in connection therewith, and empowers any three or more persons to form such a corporation, and file the certificate of incorporation in the office of the Secretary of State. The certificate must, among other things, indicate the terminal points between which its main line or route shall be established; the counties through which it may pass, and the length of such road

Subdivision (d) of Section 4 authorizes any such company to acquire land by condemnation, in accordance with the General Condemnation Act of 1900, while Section five authorizes the imposition and collection of tolls

Generally, the act authorizes the making of surveys for the proposed route or routes, which are required to be filed in the office of the Secretary of State, and after such survey shall have been filed, no public highway, private road, railway, railroad, canal or other public way or viaduct or improvement shall be laid out or constructed so that the same shall cross the main line of the road or routes of such company at grade, and no other corporation formed under said act or under any other act pertaining to the operation and construction of turnpikes or other toll roads is permitted to construct a parallel route within twenty miles of the location of the main line of the route described in such survey, unless and until it shall obtain and file in the office of the Secretary of State the consent of the company which originally filed the survey. (See Section 7.)

Section twelve of the act provides that in the event that the State or any county or municipality should at any time have the right to acquire any such toll road, or any of its property, and at any time prior to twenty-five years after the incorporation or reincorporation of the company, shall exercise any such right, then in determining the consideration to be paid to the owner of the motor toll road, the commission or other board which should fix the compensation for such taking, is required to include, among other elements of value, loss of future earnings.

I call your attention to the following criticisms which I make of this act:

1. Toll roads may be constructed in all parts of the State, without limitation or restriction, and the power of any such corporation to take, by condemnation, lands necessary for such roads is unlimited.

2 There is no power in the act vesting any board or commission of the government with jurisdiction to see that the rates exacted for use of the toll road are reasonable The rates charged may be such as the board of directors shall determine

3 On the acquisition of a toll road by the State or municipality as provided in the act, loss of future earnings must be considered as a factor.

4 It may be possible for a company organized under the act to acquire land ostensibly for the purpose of a motor toll road, and being unable to complete or utilize the land for such purpose, to dispose of the same for other purposes.

Whether toll roads shall be established is a question for determination by the Legislature The act in question, however, it seems to me, is entirely too broad and confers too great corporate powers without restriction.

It is my view that if this State is to have corporations of the kind contemplated under Chapter 131 of the Laws of 1928, such corporations should be under the strict supervision of one of the departments or agencies of the Government, and should not be permitted to issue capital stock without the assent of the Public Utility Commission of this State, or similar body This feature should apply to all of its financial arrangements, and such body should have the power and authority of regulation in every respect of the use of the road. In fact, it should be regarded as a public utility directly under the control of the Public Utility Commission, or such responsible body as may be determined by the Legislature.

While toll roads of the character contemplated may be a development of the present, it is contrary to the policy of the past, which has been in the direction of freeing roads of tolls. Any departure from this policy should be under the strictest supervision and regulation, not with broad, but rather with powers limited strictly to the needs of the attainment of the subject.

I suggest for your consideration action as hereinabove recommended, and for the reasons which I have herein set forth.

EMPLOYMENT AGENCIES.

There is another matter of sufficient importance, I believe, to warrant your consideration at this time

The recent decision of the United States Supreme Court on May 28, 1928, in the case of Rupert Ribnik v. Andrew F. McBride, Commissioner of Labor of this State, has declared unconstitutional the law regulating employment agencies in this State.

In my opinion, there should be a new statute enacted to meet this situation, as, at present, employment agencies by force of this decision of the United States Supreme Court are entirely unregulated. The Commissioner of Labor recommends, "To meet the objections of the Supreme Court the provisions in force in the State of Wisconsin since 1919 are suggested by the Association for Labor legislation and others."

It is apparent that those who deal with employment agencies are in need of adequate legal protection, as unregistered and un-

regulated employment agencies may exploit labor and leave those least able to protect themselves without legal protection.

I strongly urge that legislation be promptly enacted to meet this situation.

Respectfully submitted,

A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson moved that the Governor's message be received and spread in full upon the minutes.

Which motion was adopted.

The following communication was sent to the desk and read by the Clerk:

ASBURY PARK, N. J., June 4th, 1928.

Hon. Thomas Hanson, Speaker of the House, State House, Trenton, N J.:

Bradley Beach Firemen's Parade Association and Board of Commissioners invite members of the New Jersey Legislature to come to this resort Friday, July 13th, to attend annual New Jersey Firemen's Field Day. Fire companies from all sections of the State will be present at the affair, which will be featured by a parade and firemanic competitions. Will you kindly extend this invitation to members of the House of Assembly.

EDWARD SHUMARD,
President Bradley Beach Firemen's Parade Association.

Mr. Gabrielson moved that the communication be received and the invitation accepted and as many members attend as may be possible.

Which motion was adopted.

The following communication was sent to the desk and read by the Clerk:

NEW JERSEY STATE LEAGUE OF MUNICIPALITIES,
BUREAU OF MUNICIPAL INFORMATION,
THIRTY-FOUR WEST STATE STREET,
TRENTON, N. J.

EXECUTIVE SECRETARY, SEDLEY HOPKINS PHINNEY.

June 4th, 1928.

To the Honorable Members of the House of Assembly:

GENTLEMEN—The Executive Board of the New Jersey State League of Municipalities respectfully requests that you repeal

Chapter 131, Laws of 1928, known as the Toll Road Law. The board is not necessarily opposed to the building of the toll road in question or any other toll roads but it does feel that the present law does not sufficiently safeguard the rights of the public and that powers and privileges granted are too broad. We believe that the shortnesss of a special session would not give time for sufficient study of a substitute or amended measure. If such legislation is necessary, it would be far safer to bring it up at next winter's session. We do not feel that the delay would work any hardship on the interested sections of the State.

On behalf of the Executive Board, I am,

Respectfully yours,

SEDLEY H. PHINNEY,
Executive Secretary.

Mr. Gabrielson moved that the communication be received and spread in full upon the minutes.

A message was received from the Senate, by the hands of its Secretary, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
July 24th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following bill:

Senate Bill No. 303, entitled "An act to amend an act entitled 'A further supplement to an act entitled "An act entitled 'An act to regulate elections' (Revision of 1898), approved April fourth, one thousand eight hundred and ninety-eight," passed February twenty-eight, nineteen hundred and twenty-three,'" the title to which said act was changed by an act entitled "An act to change the title of an act entitled 'A further supplement to an act entitled "An act entitled 'An act to regulate elections' (Revision of 1898), approved April fourth, one thousand eight hundred and ninety-eight," passed February twenty-eighth, one thousand nine hundred and twenty-three,' passed March twenty-third, nineteen hundred and twenty-three," the title to which said act now reads as follows: "A further supplement to an act entitled 'A further supplement to an act entitled "An act to regulate elections" (Revision of 1898), approved April fourth, one thousand eight hundred and ninety-eight,' approved March fourth, one thousand nine hundred and eighteen," passed March twenty-third, nineteen hundred and twenty-three.

The Governor's objections thereto notwithstanding.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

The Senate Message with the Governor's veto attached was taken up and read by the clerk as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
July 23d, 1928.

To the Senate:

I return, without my approval, Senate Bill No. 303, which provides that the Senate and General Assembly in joint session may remove at will any Superintendent of Elections, without specifying any cause for such removal. Under this provision, a Superintendent who fails to administer his office in the interest of the candidates of his party may be summarily dismissed If there is any merit in the provision, it is in the fact that it gives fair warning to the Superintendent that he either does his best to win the election for his party, or loses his job.

May I respectfully remind you that the founders of our State and Nation were so strong for what they termed "sacred honor" that they wrote into the constitution of our State and Nation a provision that even a man accused of crime must be informed of the nature and cause of the accusation, and be given a fair and impartial trial. Surely an appointive official of the government is deserving of no less consideration.

Is political expediency so great or party fealty so dear as to cause you to be branded for all time as those who wrote into the laws of New Jersey a principle so wholly un-American and unfair as that provided by this bill?

My second reason for withholding my signature is the fact that I am opposed to Election Bureaus. They have been tried for a number of years and found absolutely useless—a fact which is generally conceded. Born of a desire of jobs for the faithful, they have made no adequate return for the hundreds of thousands of dollars which the taxpayers contribute for their maintenance

Now that we have appointed committees to investigate instances of wasteful uses of the taxpayer's money, why not show our sincerity of purpose by abolishing once and for all this glaring example of waste of vast sums of the people's money?

I would gladly approve a bill repealing the law creating election bureaus.

Respectfully submitted,
(Signed) A. HARRY MOORE,
Governor

[SEAL.]

Attest.

FRED L. BLOODGOOD,
Secretary to the Governor

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
October 8th, 1928.

ASSEMBLY BILL NO. 471.

To the House of Assembly:

I return herewith, without my approval, Assembly Bill No. 471.

I would have no hesitancy in signing this bill if it did not provide that a man or woman could be summarily dismissed "without cause."

I think this a bad principle to enact into law. Surely if there be no cause for dismissal, a person should not be dismissed.

A little application of the Golden Rule would not be amiss, even in the Legislature.

Respectfully submitted,

A. HARRY MOORE,
Governor.

Attest:

FRED L. BLOODGOOD,
Secretary to the Governor.

Mr. Gabrielson moved that the message be received and the bill lie over.

Which motion was adopted.

Mr. Gabrielson moved that the message be received, the vetoes of the Governor read, as follows, and that bills lie over:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
October 8th, 1928.

SENATE NO. 305.

To the Senate:

I return herewith, without my approval, Senate Bill No. 305.

This bill destroys the theory of popular government, because it allows a political official to take away the right of citizenship. Surely, this is not a power which should be lightly bestowed upon anyone. It smacks of the tyranny of despotism, and under the guise of insuring a fair election it actually furnishes a legal means of defeating the popular will.

By its terms the Superintendent of Elections, after a so-called investigation, could virtually disenfranchise the members of any political party whom he saw fit to make the object of his political tyranny.

The bill provides for investigation, and says that "Whenever, as a result of such investigation or during the course thereof said superintendent shall have ascertained" that persons registered

have been found to be either dead or to have moved from the place of registry or have been found to be registered from some place other than the actual residence of the person whose name appears upon said registry, or are otherwise not entitled to vote at such election from the place of registry of said person, who are not qualified to vote at such election, then it shall be the duty of the superintendent to serve an order in writing upon the district board of elections, etc.

This order requires notice to the person affected, and this is where the subtlety of the so-called notice to the person comes into play, although the act permits notice to the person to be affected by the order of the superintendent of elections, either personally or by leaving at his place of residence with a person above the age of fourteen years, or affixing a copy of the notice to the outer door or to any other portion of the premises at least two entire days before issuance of the order.

This bill also provides, in the disjunctive rather than in the conjunctive form, that notice may be published in a newspaper, and is so worded as to make one at first blush believe that the publication must be on two different insertions, but a close reading of this language will indicate clearly that it is to be published at least two days before an order is made, in two or more daily papers, so that a compliance with this act would be one publication in two papers on the same day, and within two days thereafter all the persons who have failed to examine that particular paper on that particular day, or who, by reason of their inability to read the English language, should fail to disclose that their names are on the list to be posted as not entitled to vote, would be disenfranchised by the superintendent of elections.

I realize that in speaking of disenfranchisement it is a serious assertion. I use the word advisedly, notwithstanding the fact that the statute provides for a so-called appeal to our Court of Common Pleas.

Thousands of voters could be ordered stricken from the lists on the last day of the limit fixed by law, and it would be an impossible task for the Court of Common Pleas to hear even a substantial number of these appeals in the time intervening before Election Day.

Then, too, thousands of voters move between Registration Day and Election Day, and these voters have a perfect right to obtain a transfer on Election Day. If, in the meantime, the investigators find that the registrant has moved, and the superintendent of elections orders his right of citizenship taken away

from him, there is no provision for reinstatement except by appeal to the Court of Common Pleas.

A. HARRY MOORE,
Governor.

Attest:
FRED L. BLOODGOOD,
Secretary to the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
October 8th, 1928.

SENATE NO. 306.

To the Senate:

I return herewith, without my approval, Senate Bill No. 306, giving the superintendent of elections, his chief deputy and assistants, all the powers of constables, policemen and other peace officers.

The bill opens the way for the employment of hundreds and possibly thousands of men as party workers at the polls, and paying for them out of taxes, instead of out of the campaign fund.

If it were merely an attempt to offset a partisan police force by providing man for man against the members of that force, it would not be quite so bad, but it also provides that unless the regular force obey the orders of the attaches of the bureau of elections, they will be guilty of a misdemeanor.

No man can serve two masters, and it places the rank and file of the police department in rather a quandary, and if the superior officer gives one order and the election official another, the officer must either obey the one and be guilty of a misdemeanor, or obey the other and be dismissed from the force for insubordination.

Under our present law we surround our elections with election officers of both parties, challengers for all of the candidates, watchers, workers, police, sheriffs, judges, the bureau of elections, and now we add a super-police force to all this array. A consideration of the present tendency to pile up watchers upon watcher reminds one of the famous limerick:

"Great fleas have little fleas upon their backs to bite 'em,
And little fleas have lesser fleas,
And so *ad infinitum.*"

And the taxpayer keeps right on paying.

A. HARRY MOORE,
Governor.

In the negative—None.

Ordered, that the Speaker sign the said bill and that the Clerk carry it to the Senate and inform the Senate that the House of Assembly has passed the same without amendment.

Mr. Gabrielson asked for the record on Senate Bill No. 315, which was furnished by the Clerk.

Mr. Gabrielson moved that Senate Bill No. 315 be taken up on second reading, under suspension of the rules, and without reference,

Which motion was adopted.

Senate Bill No. 315, entitled "A supplement to an act entitled 'An act concerning counties,' approved March fourth, nineteen hundred and eighteen."

Mr. Gabrielson moved that Senate Bill No. 315 be taken up on third reading and final passage, under suspension of the rules.

Which motion was adopted.

Senate Bill No. 315, entitled "A supplement to an act entitled 'An act concerning counties,' approved March fourth, nineteen hundred and eighteen,"

Was taken up, read a third time by its title and passed by the following vote:

In the affirmative were—

Ordered, that the Speaker sign the said bill and that the Clerk carry it to the Senate and inform the Senate that the House of Assembly has passed the same without amendment.

A message was received from the Senate by the hands of its Secretary and was read by the Clerk as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
October 9th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

WHEREAS, The Senate and General Assembly of the State of New Jersey have learned with profound grief of the death of Mayor Thomas L. Raymond, of Newark, and

WHEREAS, Thomas L. Raymond, by his kindly acts, thoughtful deeds, and pleasing personality so endeared himself to the people of the State of New Jersey that in his passing they feel the loss of a great humanitarian and generous friend; and

WHEREAS, Thomas L. Raymond, by his conscientious work and prodigious labors for the State of New Jersey and the city of Newark, both as member of the North Jersey District Water Supply Commission and as a Commissioner and Mayor of the city of Newark, especially in the building of the great Wanaque Water Supply for the State, and the construction of the Port of Newark and the Airport thereof, for the city, strove mightily and accomplished much for the happiness, safety and well being of his fellow citizens; and

WHEREAS, Thomas L. Raymond was charitable and just and stood for all that was good and true in the spiritual and material life of his community and his State; and

WHEREAS, Thomas L. Raymond personified honesty and integrity in his public, official and private life; and

WHEREAS, Thomas L. Raymond had the interests and welfare of his fellow citizens so much at heart as finally to lay down his life in their employ and service; and

WHEREAS, Thomas L. Raymond, as author, artist, connoisseur of the belles lettres, student, lawyer, assistant prosecutor of the pleas, judge, public official, citizen and churchman, lent honor and distinction to his city and State, in literature and the arts, as well as in the political life thereof;

Therefore, be it resolved, That the State of New Jersey shares, in the death of this eminent citizen of its domain, the loss of a great and good man; and

Be it further resolved, That the State of New Jersey its Senate and General Assembly extend to the mourning people of the city of Newark sincere and heartfelt sympathy; and

Be it further resolved, That this resolution be spread in full on the journal of the Senate and the minutes of the General Assembly, and that an engrossed copy thereof be forwarded to his bereaved family.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gabrielson moved that the House concur in the Senate concurrent resolution.

Which motion was adopted.

A message was received from the Senate by the hands of its Secretary and was read by the Clerk, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
October 9th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following bill:

Assembly Bill No. 471, entitled "A supplement to an act entitled 'An act to regulate elections' (Revision of 1920), passed May fifth, one thousand nine hundred and twenty,"

The objections of the Governor thereto notwithstanding.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gabrielson moved that the message be received.

Which was agreed to.

A message was received from the Senate by the hands of its Secretary, and was read by the Clerk, as follows:

STATE OF NEW JERSEY,
SENATE CHAMBER,
October 9th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

Resolved by the Senate (the House of Assembly concurring), That both Houses of the Legislature adjourn on October 9th, 1928, at 1:30 P. M., until November 19th, 1928, and that on Monday evening, November 19th, 1928, at 8 P. M., both Houses of the Legislature reassemble.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gabrielson moved that the House concur in the Senate concurrent resolution.

Which motion was adopted.

Mr. Ward, Chairman of the Committee on Passed Bills, reports having delivered to the Governor this day Assembly Bill No. 472.

In accordance with the rules of the House of Assembly, and by direction of the Speaker of the House, the Clerk carried Assembly Bill No. 471, the Governor's objections thereto notwithstanding, and delivered same to the Secretary of State, according to law, the said bill having passed both Houses of the Legislature over the Governor's veto.

In accordance with the direction of the Speaker, the Clerk carried the following bills to the Senate and informed it that the House has passed the same without amendment:

Senate Bills Nos. 314 and 315.

On motion of Mr. Gabrielson the House adjourned.

MONDAY, November 19th, 1928.

House met at 8 o'clock P. M.

Prayer was offered by the Rev. T. Paul Loraine, First Baptist Church, Clayton, N. J.

Upon the calling of the roll the following members appeared and answered to their names:

Messrs. Altman, Applegate, Barison, Barrett, Baxter, Birkenmeier, Blunt, Carty, Cassini, Chandless, Clift, Compton, D'Elia, Ellis, Gabrielson, Gopsill, Greenberg, Haines, Hanson T. L. Absent—

Messrs. Black, Case, Finn, Hanson F. J., Harvey, Jones, Leap, Roder, Ward, Woodruff—10.

Mr. Gabrielson moved that the reading of the minutes be dispensed with.

Which motion was adopted.

Mr. McDermott, of Hudson, rose to point of personal privilege, and being granted the floor, he offered a resolution for the impeachment of Joseph A. Dear, Esq., a judge of the New Jersey Court of Errors and Appeals.

The resolution was read by the Clerk, as follows:

RESOLUTION FOR THE IMPEACHMENT OF JOSEPH A. DEAR, ESQ., A JUDGE OF THE NEW JERSEY COURT OF ERRORS AND APPEALS.

WHEREAS, Joseph A. McDermott, a member of the General Assembly of the State of New Jersey, hereby presents the annexed charges against Joseph A. Dear, a Judge of the New Jersey Court of Errors and Appeals, which charges consist of.

(a) Perjury and the obtaining of money under false pretenses;

(b) Conduct unbecoming a judicial officer of this State by unlawfully using and commercializing his high office for private and personal gain and actions tending to degrade the judiciary and lessen the respect of the people for our courts;

which charges, because of their serious nature, warrant action on the part of this body; therefore, be it

Resolved, By the members of the General Assembly of the State of New Jersey, that an examination into these charges be forthwith made by this House and that a report thereon be made, to the end that, if the charges so made are true, articles of impeachment against the said Joseph A Dear shall be presented by the members of the General Assembly to the Senate of the State of New Jersey so that proceedings thereon may be had in accordanc with the customs, statutes and Constitution of the State of New Jersey in matters of this kind.

JERSEY CITY, N. J.,
November 19th, 1928.

To the Members of the General Assembly of the State of New Jersey:

GENTLEMEN—I hereby prefer the following charges against Joseph A Dear, Esq., Judge of the New Jersey Court of Errors and Appeals:

1 The records in the office of the State Comptroller disclose that Joseph A Dear, Esq, as a Judge of the New Jersey Court of Errors and Appeals, charged for and received compensation from the State of New Jersey at the rate of forty ($40 00) dollars per day, for the following Sundays, to wit:

In 1926—December 5th and December 26th.

In 1927—February 20th and February 27th; March 6th, 13th, 20th and 27th; April 3d, May 29th; June 5th, 12th and 19th; November 4th, 11th, 18th and 25th.

In 1928—March 4th, 11th, 18th and 25th and April 1st

Not only has Joseph A Dear, Esq., charged at the rate of forty ($40 00) dollars per day for work declared to be performed on Sunday, but it will be noted in December of the year 1927 he made a charge of forty ($40 00) dollars per day for December 25th, which was not only Sunday, but Christmas Day, and as to these Sundays for which the said Joseph A. Dear, Esq, made claim for and received compensation, I do charge that on one Sunday in May and upon three Sundays in June, 1927, he did spend these days on the golf links at the Arcola Golf Club, of which he is a member In having sworn to vouchers filed with the said Comptroller of the State of New Jersey, claiming compensation for the said Sundays above enumerated, which days were not spent in the service of the State, the said Joseph A. Dear, Esq, was guilty of the crime of perjury and obtaining money under false pretenses from the State of New Jersey.

2. The records of the Comptroller of the State of New Jersey also disclose the said Joseph A. Dear, Esq , claimed compensation at the rate of forty ($40 00) dollars per day and was paid for twenty-two days in June, 1927; twenty days in September, 1927; twenty-eight days in December, 1927, and twenty-eight days in March, 1928 The said Joseph A Dear, Esq , was the only member of the New Jersey Court of Errors and Appeals who made claim and was paid for so great a number of days. Included in these amounts is double compensation or eighty ($80.00) dollars per day for two days in December, 1927.

With regard to the twenty-eight-day claim in March, 1928, the newspaper published by the said Joseph A. Dear, Esq , to wit, "The Jersey Journal," of which he is a part owner, printed an article in the society column in its issue of February 24th, 1928, as follows:

> "Mrs Joseph A. Dear and Miss Helen Dear, of Ridgewood, formerly of this city, will start Monday on a motor trip to Pass Christian, Mississippi, on the Gulf of Mexico. They will make the trip by motor and will spend a week en route While in the South Miss Dear will visit former schoolmates in New Orleans On their arrival at Pass Christian they will be joined by Judge Dear. The return trip will be made the last of March"

It appears from this newspaper article that the said Joseph A. Dear, Esq , was to join his family for the return trip in March of 1928 Yet the said Joseph A Dear, Esq , did make a claim for and received compensation for twenty-eight days in March, 1928, at which time, according to the news item of his own paper, he was spending his vacation with his family. I therefore charge that he is guilty of the crime of perjury in presenting his sworn claim and obtaining money under false pretenses from the State of New Jersey

3 The said Joseph A Dear, Esq , is also the editor-in-chief of a book known as "The Book of New Jersey." In order to obtain subscribers, and in soliciting subscriptions for the said book, the said Joseph A Dear, Esq., has been using the stationery entitled "New Jersey Court of Errors and Appeals," and he has also been sending out agents with letters of introduction to prospective subscribers with the request that they become patrons of this publication, which letters of introduction were also typewritten upon stationery with the caption "New Jersey Court of Errors and Appeals" upon it. Lawyers, business men and office holders have been approached by the agents of the said Joseph A. Dear, Esq , and not only urged to subscribe, but they have been

threatened with adverse publicity if they failed so to do. It has been the practice of the said Joseph A. Dear, Esq., to call up a great number of lawyers announcing over the telephone "This is Judge Dear of the Court of Appeals speaking," and then inform said person that it is important that he subscribe to the publication known as "The Book of New Jersey," and that Judge Dear is greatly interested in that publication. He endeavors to arrange an appointment so that his solicitor may call upon the prospective subscriber and then explains it would please him if the said person to whom he is speaking would become a subscriber. Many persons who refuse to become subscribers to this publication, of which the said Joseph A. Dear, Esq., is editor-in-chief, have been told that the said Joseph A. Dear, Esq., will take care of them in his newspaper.

One of the principal solicitors for this "Book of New Jersey," which is being published by the said Joseph A. Dear, Esq , is one Andrew S. Brown, who is an exconvict, having served two years in the Federal Prison at Atlanta, Ga., for blackmail. The police records of the said Andrew S. Brown disclose that he is one of the most notorious swindlers and blackmailers in the United States. The said Andrew S. Brown obtained many subscribers through these said letters of introduction given him by the said Joseph A. Dear, Esq., on stationery with the caption "New Jersey Court of Errors and Appeals" printed upon it.

I charge that the said Joseph A. Dear, Esq., is using the prestige of his office as a Judge of the New Jersey Court of Errors and Appeals and using the stationery upon which is printed "The New Jersey Court of Errors and Appeals" for the purpose of obtaining subscriptions for the publication in which he is interested and of which he is the editor-in-chief, and such use of his office is conduct unbecoming a judicial officer and especially a judge of our highest court, to wit, the New Jersey Court of Errors and **Appeals.**

Respectfully submitted,

JOSEPH P. MCDERMOTT.

Mr Gabrielson, of Essex, moved that the resolution be referred to the Committee on Judiciary.

Which motion was adopted.

Mr. Gabrielson moved that the House recess for five minutes.

Which motion was adopted.

The House reconvened.

Upon the calling of the roll the following members appeared and answered to their names:

Messrs. Altman, Applegate, Barison, Barrett, Baxter, Birkenmeier, Blunt, Carty, Cassini, Chandless, Clift, Compton, D'Elia, Ellis, Gabrielson, Gopsill, Greenberg, Haines, Hanson T L (Speaker), Huelsenbeck, Kautz, Knight, Kuser, Letzgus, Litwin, McDermott, McMurray, McWilliams, Mercolino, Morrison, Muir, Newcomb, Olden, Otto, Pierson, Pindar, Powers, Purdy, Renner, Siracusa, Smock, Spair, Stelle, Sterner, Stewart, Summers, Urbanski, Wettstein, Wise—49

Absent—

Messrs Black, Case, Finn, Hanson F J, Harvey, Jones, Leap, Rittenhouse, Roder, Ward, Woodruff—11.

Mr Barrett offered the following report, which was read by its title.

IN RE REPORT TO THE SENATE AND GENERAL ASSEMBLY OF THE STATE OF NEW JERSEY BY THE JOINT COMMITTEE CREATED AND APPOINTED UNDER JOINT RESOLUTION NO. 13, LAWS OF 1928, APPROVED APRIL 3, 1928, OF THE CONTEMPT OF FRANK HAGUE

To the Senate and General Assembly of the State of New Jersey:

The Joint Committee, created and appointed by virtue of Joint Resolution No. 13, Laws of 1928, approved April 3, 1928, to make a survey of all questions of public interest, to investigate violations of law and the conduct of any State official, State department, commission, board or body, and to ascertain what departments or activities of the State government may be curtailed or eliminated, and further to make a general survey of the finances of the State, excluding, however, any investigation of the Department of Banking and Insurance, authorized under the provisions of Joint Resolution No. 1, Laws of one thousand nine hundred and twenty-eight, approved January thirty-first, one thousand nine hundred and twenty-eight, respectfully reports that—

1. The Joint Committe convened at the Senate Chamber in the State House at Trenton, on June 14th, 1928, and then and there organized. Senator Clarence E Case, of Somerset county, was elected chairman of the Joint Committee, and Assemblyman Thomas L Hanson, of Middlesex county, was elected secretary of the Joint Committee

2. Pursuant to the authority of the Joint Resolution, the Joint Committee has met from time to time and has held public hearings and taken sworn testimony of witnesses duly summoned and subpœnaed to appear before it.

3 Frank Hague, of the city of Jersey City, in the county of Hudson, was summoned and subpœnaed to appear before the Joint Committee at the State House in the city of Trenton, on October 29th, 1928, at 10:30 o'clock in the forenoon, to testify all and singular what he might know concerning the matters under inquiry, by a subpœna duces tecum issued on October 23d, 1928, signed by Clarence E Case, chairman of the Joint Committee, and attested by Thomas L Hanson, its secretary. The said subpœna directed the said Frank Hague diligently to search for and have and bring with him then and there before the said Joint Committee the following things: All bank books, check books, check stubs, canceled vouchers and banking records of all kinds of himself and/or his wife, Jennie Hague, and/or of anyone else for his or her account, covering the period from January 1st, 1914, to date; all books of account, ledgers, cash books and financial records of all kinds of himself and/or his wife, Jennie Hague, and/or of anyone else for his or her behalf, covering the period from January 1st, 1914, to date; and all safe deposit records of safe deposit boxes rented or used by himself and/or his wife, Jennie Hague, and/or by anyone else in his or her behalf, covering the period from January 1st, 1914, to date.

4 The said subpœna was served personally on the said Frank Hague, at Jersey City, in the county of Hudson and State of New Jersey, on October 24th, 1928, at 1:15 P. M., by John C. Davey, an agent of the Joint Committee, who then and there paid to the said Frank Hague the sum of six dollars as a subpœna fee.

5. A copy of the said subpœna and of the endorsement of service is hereunto annexed and marked Exhibit A.

6. The Joint Committee duly convened on October 29th, 1928, at 10.30 A M., at the State House at Trenton. There were present Senators Clarence E. Case, chairman, William A. Stevens, Dr. Henry O Carhart and Assemblymen Morris F. Barison, Howard F Barrett and Thomas L. Hanson, constituting a quorum of the Joint Committee.

7. The said Frank Hague was called as a witness and failed to appear. Mr. Thomas L. Brogan thereupon addressed the committee saying that he represented Frank Hague, who had asked him to read a statement to the commission, whereupon the said Thomas L Brogan read the following statement, signed by the said Frank Hague:

"October 27th, 1928.

Hon. Clarence E. Case, Chairman, Legislative Committee Created Under Joint Resolution No. 13, P. L. 1928, State House, Trenton, New Jersey:

DEAR SIR—On Wednesday, October 24th, 1928, there was served upon me a subpœna to appear before the committee of which you are chairman, on Monday, October 29th, at the State House in Trenton.

This is to advise you that I cannot attend this session for the following reasons:

Your committee was created by resolution approved April 3d, 1928, about seven months ago. It began its work in June, 1928, and at a session of your committee, held in Jersey City on July 16th, I was under subpœna, and although I waited all day I was not called to the witness stand until within thirty minutes of your adjournment. My examination at that time was only after repeated requests were made to your committee to let me take the stand, by one of your members, and if you will recall, at that session I requested that you continue your examination; that I was ready to answer all questions that you may have seen fit to ask me. My request was denied and I believe my attitude then would indicate that I could have had nothing to conceal.

Since that time four and one-half months have gone by. I have waited, hoping you would call me at an earlier date, but it is now evident that you have delayed calling me until the eve of an important election. The delay until this later date cannot be construed for any other than political reasons, if you are correctly quoted in a statement issued by you and printed in the Newark Evening News of Thursday, October 8th, when you were asked the question if I would be called next week (the week of October 22d), to which you replied.

> 'That question has not yet become a committee matter; I have discussed it with Mr. Watson and I told him that if Mr. Hague is to be called before the election he should be heard not later than next Thursday. I did not believe it would be fair to call him the following week, which would be virtually on the eve of the election. The matter of when he will be called is a matter for the committee's decision.'

Your decision to call me on the eve of the election, in view of your statement that I should not be called later than Thursday, October 25th, is, to say the least, an unsportsmanlike thing to do and must have been prompted by purely partisan politics. The only alternative left for me is to refrain from becoming a party

to your plan. I hold myself as answerable to your process as any other individual, but I refuse to become a victim of your present political maneuvering.

If you will now fix a date immediately after election I will then glady answer your questions, as I have been ready to do since last July.

I do not want the impression created that I am trying to evade the answering of any questions because, after all, they can just as well be answered after election as they can before election.

Yours very truly,

(Signed) FRANK HAGUE,

Mayor."

8. After the reading of the said communication the Joint Committee, upon motion duly made, seconded and carried, adopted the following motion:

> That Mr. Hague be adjudged in contempt for failure to obey the subpœna, and that the matter be referred to the Legislature for action.

After the adoption of the said motion the following motion was made, seconded and carried:

> That the action of this commission and the record pertinent thereto shall be communicated to the Legislature by the commission through its secretary and chairman.

9. A copy of the record of the proceedings before the Joint Committee, on October 29th, 1928, is hereunto annexed and marked Exhibit B.

10. Pursuant to the said motions the Joint Committee hereby reports that the said Frank Hague committed a contempt of the Legislature of the State of New Jersey in refusing to obey the subpœna of the Joint Committee, issued and served pursuant to the authority conferred upon the committee by joint resolution of the Senate and General Assembly of the State of New Jersey, and submits this report for such action as shall be taken by the Senate and General Assembly in the premises.

Respectfully submitted this 19th day of November, nineteen hundred and twenty-eight.

JOINT COMMITTEE OF THE SENATE AND GENERAL ASSEMBLY OF THE STATE OF NEW JERSEY, CREATED AND APPOINTED UNDER JOINT RESOLUTION No. 13, LAWS OF 1928, APPROVED APRIL 3D, 1928.

By CLARENCE E. CASE,

Chairman.

Attest:

THOMAS L. HANSON,

Secretary.

NEW JERSEY, *ss:*

The State of New Jersey to Frank Hague.

GREETING—We hereby command and summon you to lay aside all and singular businesses and excuses and personally appear before the Joint Committee of the Senate and General Assembly of the State of New Jersey (created and appointed by virtue of Joint Resolution No. 13, Laws of 1928, approved April 3d, 1928), created and appointed to make a survey of all questions of public interest, to investigate violations of law and the conduct of any State official, State department, commission, board or body, and to ascertain what departments or activities of the State government may be curtailed or eliminated, and, further, to make a general survey of the finances of the State, excluding, however, any investigation of the Department of Banking and Insurance authorized under the provisions of Joint Resolution No. 1, Laws of 1928, approved January 31st, 1928, on the 29th day of October, A. D. 1928, at 10 30 o'clock in the forenoon of said day, at the State House in the city of Trenton and State of New Jersey, to testify all and singular what you know concerning the said matters under inquiry.

And that you diligently search for and that you have and bring with you then and there before the said commission the following things: All bank books, check books, check stubs, canceled vouchers and banking records of all kinds of yourself and/or your wife, Jennie Hague, and/or of anyone else for your or her account, covering the period from January 1, 1914, to date; all books of account, ledgers, cash books and financial records of all kinds of yourself and/or your wife, Jennie Hague, and/or of anyone else for your or her behalf covering the period from January 1st, 1914, to date; and all safe deposit records of safe deposit boxes rented or used by yourself and/or your wife, Jennie Hague, and/or by anyone else in your or her behalf covering the period from January 1st, 1914, to date.

Witness the hand of Clarence E. Case, chairman, affixed by direction of the said commission, and attested by Thomas L. Hanson, the secretary, the 23d day of October, A D. 1928.

In the Matter of the Investigation under Joint Resolution No. 13 of the Senate and General Assembly of the State of New Jersey, approved April 3d, 1928.

Testimony taken (pursuant to adjournment) before Senators Clarence E. Case, Chairman, William A. Stevens, Dr. Henry O. Carhart and Assemblymen Morris E. Barison, Howard F Barrett and Thomas L Hanson, constituting a committee appointed pursuant to the provisions of Joint Resolution No. 13 of the Senate and General Assembly of the State of New Jersey (approved April 3d, 1928), on Monday, October 29th, 1928, at 10 30 o'clock A M , standard time

For the committee appears Russell E Watson, Esq , counsel.

The Chairman—Before the session is convened I want to say that this commission is determined that there shall be no disorder of any kind here today. There is to be no heckling; there is to be no approval or disapproval expressed by the audience, and any effort tended in that direction will be met at once with the ejectment of the person responsible This is to be an orderly proceeding and will be conducted in that manner.

Mr. Watson—Mr. Frank Hague—

Mr. Brogan—Mr. Chairman, I represent Mayor Hague and he asked me to present this statement to the commission.

The Chairman—I beg your pardon?

Mr. Brogan—I say, I represent Mayor Hague, who asked me to read this statement to the commission:

"October 27th, 1928.

Hon. Clarence E. Case, Chairman, Legislative Committee, Created Under Joint Resolution No. 13, P. L. 1928, State House, Trenton, New Jersey:

The Chairman—Have you finished what you have to say, Mr. Brogan?

Mr Brogan—I have finished what I was asked to do

The Chairman—Have you finished what you have to say; you say you were asked by Mr. Hague to come here and say something?

Mr. Brogan—I shouldn't have said that; I have read the letter.

Mr Watson—May I say, Mr. Chairman, that on last July 18th this committee was examining into the Split Rock Pond deal, which involved the acquisition by Jersey City of Split Rock Pond. At that time the commission was examining into the Split Rock deal; that transaction involved the acquisition by Jersey City of a pond and surrounding property in Morris county as part of the water supply. The testimony showed that immediately prior to the time that Jersey City acquired the property it was purchased from the Montclair Service Corporation by a resident of the State of New York named Joseph G. Hoffman for $125,000.

Mr Hoffman assigned his contract to a Delaware corporation which was officered by residents of the State of New York The property was condemned from the Montclair Service Corporation and Jersey City paid $325,000 for the property The committee was endeavoring to ascertain the identity of those who may have profited, and to learn whether there was any collusion—to learn whether they were officially connected with the government of Jersey City, and also to learn whether there was an collusion between those who made the profit and between the officials

identified with the Jersey City government. To this date the commission does not know. A part of that investigation, one of the documents introduced in evidence in that investigation, was the petition in condemnation which had attached to it an affidavit made by Frank Hague, in which he swore that he had conducted negotiations with the agents of the Montclair Service Corporation, through his agents, in an endeavor to agree upon a purchase price, and that the negotiations had been fruitless. Now, certainly, it was pertinent to call Mr. Hague. It was necessary to call Mr. Hague, and to ask him who were the agents of the Montclair Service Corporation with whom he negotiated, and Mr. Hague was subpœnaed for that purpose, and for that purpose alone. His examination was likewise fruitless because he did not know who the agents of the Montclair Service Corporation were with whom he negotiated, to which he referred in his affidavit. Now, his being subpœnaed for that specific purpose was made a vehicle for a demand that he be examined extensively and at length by the committee.

Mr Barison, as the record will show through the hearing, voiced that demand several times, and finally in the afternoon, not thirty minutes before adjournment, because Mr. Milton was examined after Mayor Hague left the stand; but immediately after the noon recess Mr. Hague was called and he was called at the proper and appropriate place in the Split Rock investigation, just at the place that any lawyer trying a case before a judge and jury would have called him as a witness. When he was called he was examined concerning the Split Rock matter and, as I said, fruitlessly. He was able to throw no light upon it. Then he insisted that he be examined by the committee at length, and I am going to read from the record just what he said. It was not the time to examine Mr. Hague, because the matters which have been presented to the commission during the four and one-half months which have elapsed and to which he referred in his letter, are properly the subject of examination of Mr. Hague. These matters were, many of them, in preparation. Counsel for the committee was then able to foresee, to a considerable degree, the direction they would take, and it was perfectly obvious to counsel in his professional capacity, acting for this committee, that Mr. Hague could not, in the public interest, be examined at that time. Now, I will read a few passages from the record which I think answers Mr. Hague's letter. On page 1530, I voiced this sentiment, by saying: "May I say to the commission and Mr. Barison that the time has not yet come for Mayor Hague's examination, because there are matters of great importance yet to come before

this commission." One page 1523, Mr. Hague said—there is this colloquy between Mr. Hague and the chairman: "The Chairman—The question is have you said now all that you wish to say—" Now, that was after Mr. Barison voiced his demand and Mr. Hague had expressed it in his own words. "The Chairman—The question is have you said now all that you wish to say? Witness—As to what? The Chairman—As to anything. Witness—Well, I have a statement here that I would like to issue to this commission. The Chairman—You may issue such statements as you desire to the press or to the public. What we are now asking you is have you anything further to testify to before us this afternoon. Witness—How am I going to testify if you don't ask me or endeavor to cross-examine me as to the charges placed before this commission? The Chairman—We will select our own time on that. If you have anything to say now, say it. Witness—In fairness to me, Senator, you said that you are going to adjourn. I won't take much time, much more time. You have to rule as to whether I talk or do not talk, but in justice and in fairness to the people of Jersey City you ought to proceed with the examination, and you should ascertain whether or not these charges are true." And on page 1527, after the witness had gotten quite heated, he said, "Senator, I want to apologize I presume I have interrupted the members of this commission, but I did not want to do it with any intent of wrongdoing; but I have been charged by everybody with wrongdoing and it is quite natural that I should, in self-defense, do it I do not want to offend any member of the commission. I did not do it with any thought of disrespect; but you must remember that all of the papers have carried all these charges of corruption, and it is only natural that I would look forward to the day I would have in court, to the day when I could vindicate myself and the people of this city, and I am now prepared to answer any questions that are put to me in regard to the charges heaped upon me." And on page 1529, "If you don't propose to cross-examine me or confront me with these charges, how can I make a statement I know nothing about." Now, these are a few excerpts indicating the general tenor of Mr. Hague's attitude and what it was on July 16. Now, as he said in the letter, four and one-half months have gone by. During that time this committee has held, I suppose, some twelve or fifteen sessions. From the beginning it has taken some 5,000 pages of testimony. Since this day, July 16, some 3,500 pages of testimony, from I don't know how many witnesses—I have not counted them, but scores. Now, the time has come when Mayor Hague is entitled to his day in

court. The time has come when he should, in his own words, vindicate himself and his government and the people of Jersey City, if he can, and instead, we have this letter Now, I make this statement in this way, perhaps with some feeling, but I want to say that as far as I am concerned there has been no political motive of any kind, there has been no lack of fair play at any time—

Mr. Barison—I think you are right in your last statement.

Mr Watson—The committee will speak for themselves I am speaking for myself. Let me conclude my statement. Eight days before election—I have here a memorandum prepared for the examination of Mayor Hague, and I want to say that anybody in this room can examine that memorandum, and I want to say you will not find anything in it which is not in this record. It was proposed to make an examination of Mayor Hague on this record, no surprises or underhand work, nothing from out of the sleeve or under the table; an examination on this record so that he might vindicate himself and the organization of which he is the head, if he can; but he is not here.

Mr. Brogan—Mr. Chairman—

The Chairman—Mr. Hague is not here and he is not entitled to be represented by an attorney—

Mr. Brogan—No, I don't say that.

The Chairman—I understood you to say a moment ago that you have said all you wanted to say. Mr. Hague's business was to be here in answer to his subpœna. You said that you had presented the letter and said all you wanted to say.

Mr Brogan—May I just advert to a passage in his letter?

The Chairman—Doesn't the letter speak for itself?

Mr Brogan—He said he would be here the morning after the election, if this committee is here.

The Chairman—Mr Hague will be here at the time that this committee directs or he will be in contempt. Not when he desires I think, Mr. Watson, that the time that has elapsed since the period when Mr. Hague testified has been so fully occupied with the ascertainment of conditions in Jersey City and Hudson county, and the proof of them before this commission, that no reasonable person would have any criticism of that situation. Only the last day that this commission was in session was produced the amazing testimony from Mr. O'Neill's own lips, he being the supervisor of Hudson county, that the Grand Jury had solemnly produced in court a document, signed by its foreman, as a result of an investigation made by the Grand Jury of Hudson county, and presented as the findings of that tribunal, and so read in court,

commented upon by the judge and spread by the press, proof from Mr. O'Neill's own lips, that he, the county supervisor, the real head of the institutions under investigation, has in his own office, to his own stenographer, from his own lips, dictated the report from beginning to end which appeared as the findings of the Grand Jury. Now, it is obvious that all of these matters were taken to be, so to speak, in court for proof of presentation, as evidence before the man who is on record here, under sworn testimony by no less a person that Mr. McMahon, as being the lone hand in Hudson county, the person in control, who is called in order to be inquired of concerning these matters and to answer them. It seems to me that that is perfectly obvious. Mr. Barison, do you wish to say something?

Mr. Barison—Mr. Chairman, I want to say this: It seems to me, from the chairman's own statement made to somebody or other that appeared in the press, that he thought the Mayor ought not be called after last week We are now in the last week of a national campaign There have been charges made concerning Atlantic City, charges made concerning Middlesex county, charges affecting the Republican party of this State. No attempt was made to investigate those charges.

Mr. Watson—Mr. Barison, let me—

The Chairman—Let him finish

Mr. Barison—It seems to me that since we have waited, I think we have been here six months or five months, it seems longer, it seems to me that this committee, if it wants to be fair, can just as well, it has waited so long, it can just as well wait another week or ten days, if it is not a political move. That is all I have to say.

Mr. Watson—May I say, in reply to Mr. Barison's statements, that the investigations which were referred to counsel are under way.

Mr. Barison—We haven't heard anything about them.

Mr. Watson—Of course not.

Mr. Barison—We won't hear anything until the election is over.

Mr Watson—You will hear in due season.

The Chairman—Mr. Barison, you will speak under permission of the chair.

Mr. Barison—Mr. Chairman, I don't see why you insist on picking fights at every meeting.

The Chairman—This is an orderly proceeding, and you are a lawyer and are presumed to be a parliamentarian, and you know from your knowledge of parliamentary proceedings that order must be maintained unless you want to be a Bolshevik in these proceedings—

Mr. Barison—I am not a Bolshevik—

The Chairman—Proceed, Mr. Watson.

Mr. Watson—When I attempted to interrupt Mr. Barison I was properly admonished and thereafter I desisted until he finished his remarks, and I would be obliged if he would let me finish mine. The investigation to which Mr. Barison refers is under way. It took several weeks to organize the Hudson investigation. These things are not done over night. If results are to be obtained there must be considerable preliminary work done, and that takes several weeks I think Mr Barison, or no other member of the committee, will have any cause to complain as a result of that. Mr. Hague has seen fit, purposely and wilfully, for reasons apparently satisfactory to himself, to disregard the service of this subpœna; to disregard the subpœna of this commission, created by the Legislature of the State of New Jersey. Now, it comes down to this. Which is bigger, Frank Hague or the Legislature of the State of New Jersey? I have heard it said that he is bigger than any authority of the State of New Jersey. Now, the time has come, in my opinion—I am not a member of the commission, but I think I ought to speak, if not as counsel to the commission, as a citizen—the time has come to find out which is bigger, Mayor Hague or the Legislature. On page 2241 of the Compiled Statutes, section 68, there is the following: "That if any witness summoned to appear before any such committee shall wilfully neglect or refuse to appear in obedience to the summons, or shall refuse to be sworn or affirmed, he shall be guilty of a misdemeanor." That statute has been tried out. It has been decided, it has gone to the Court of Errors and Appeals, and the last court in this State has held that when any witness disregards the subpœna of the Legislature of the State of New Jersey he is guilty of a misdemeanor. So, Mr. Hague has committed an offense which should be referred to the Legislature, and not only that, but under the common law, as has been fully developed, when a witness comes here and refuses to answer questions—and as was agreed to by Mr. Robert H. McCarter, an attorney—specifically, any witness who refuses to answer a pertinent question is guilty of contempt of the Legislature and may be reported to the Legislature, and the Legislature has the same power of contempt that any court has. Now, Mr Hague has gone further than refusing to answer questions on the ground that they are not pertinent, but for reasons expressed in his letter, which are not legal reasons at all, has refused to appear, and I submit that the committee may take either of those courses of action.

Mr. Barison—Mr. Chairman, I move that a subpœna be issued to Mayor Hague directing him to appear here on Wednesday, November 7th At that time the commission will sit to hear him testify.

The Chairman—So far as the reference to the letter, and otherwise, to any statement that the chairman of this commission may have made regarding an opportunity to Mayor Hague to appear or the time at which he was to appear, I did suggest that time should be given to him to have a reply, if he wished, and disseminate it to the members of the press, between the day of the examination and the day of election, and in my opinion there is such an ample opportunity between today and the day of election. But, opinions are one thing and the law is another. In my opinion, personally, expressed, as well as Mr. Hague's opinion, we must abide by the law of the State. Now, let us see what our situation is. Was the process served on Mr. Hague or was it, out of consideration for him and his position, let in some other fashion than by physical service?

Mr. Watson—No, sir, the process was served personally on Mr. Hague at the hospital, while he was in conference with Dr. O'Hanlon last Wednesday, by John Davey. The process was issued on Tuesday of last week and served on Wednesday morning. It was issued with instructions to serve it personally, and the report to me, by Mr. Davey, a man who was employed by this commission for several months, and I have confidence in him, was that he served it personally.

Mr. Barison—Did you say it was served after any conference with this commission?

Mr. Watson—No, sir; Mr. Davidson tells me that the subpœna was issued last Tuesday afternoon and the press were notified that the subpœna had been issued. His secretary, Mr. John Malone, called Mr. Davidson and said that Mr. Hague would be at the City Hall the next morning. Mr. Malone later called Mr. Davidson and told him that Mr. Hague was not at the City Hall—I am referring now to Wednesday—but that he was at the hospital, and accordingly the process server went to the hospital and made the service.

Mr. Barrett—Mr. Watson, may I ask if you had heard of this contemplated action by Mayor Hague before today?

Mr. Watson—No, sir, and I may say that over Saturday and Sunday I digested 5,000 pages of testimony—

Mr. Barrett—May I ask the chairman if he heard of this letter of Mr. Hague's before it was presented here?

The Chairman—Absolutely not until it was read by this gentleman.

Mr. Barrett—Speaking as one member of the commission, I want to say that Mr. Hague has certainly, in my opinion, treated the members of the commission almost scandalously, if he has had five days' notice of this meeting, or of this subpœna, and he has not seen fit to communicate with the commission, its chairman or its counsel before today.

Mr. Barison—The commission, Mr. Barrett, has treated Mr. Hague wonderfully.

The Chairman—I will entertain a motion that Mr. Hague be adjudged in contempt for failure to obey the subpœna, and that the matter be referred to the Legislature for action.

Mr. Barrett—I so move, Mr. Chairman.

Mr. Stevens—I second the motion.

Mr Barison—Mr. Chairman, on the motion, I don't know whether this committee really wants the truth or if it wants to embarrass the Mayor of Jersey City. The chairman knows, and every member of this commission knows, and so do the members of the press and the public, that the Legislature does not meet until the 19th of November The Mayor has not refused to come here He says that he thinks it is unfair and a partisan move to call him so shortly before election. If this commission wants to do the big thing of the year, and the square thing, it can give him that opportunity to come here and testify, especially in view of the fact that no act of this commission in referring it to the Legislature can be until the 19th of November.

Mr. Watson—Then there will be ample opportunity, without any heat or conflict of politics, to find out which is bigger, the Legislature or Mr. Hague.

Mr. Barison—I haven't finished yet, Mr. Watson, and I won't refer to you as a Bolshevik It seems to me, Mr. Chairman, that this committee has a duty before it and that duty is to get the evidence that it sets out to get. It cannot get the evidence by citing anybody for contempt, and I think the proper procedure would be, and I move to amend your motion to the effect that a new subpœna be issued directing him to be here on Wednesday or Thursday, since we sit on Thursdays, immediately following election I ask a second for that motion

Mr. Chairman—I hear no second. Now, Mr Watson, is the motion as it is framed, in your opinion, a proper motion?

Mr. Watson—Yes, let us have it read.

[Motion read.]

Mr. Watson—Perhaps, just as a precaution, there should be some machinery by which that will be reported by the secretary or the chairman or the counsel.

Mr. Barison—Never fear, the commission will report Mayor Hague. Don't worry about that, Mr. Watson.

The Chairman—When we get through with these side remarks we will proceed in an orderly fashion. We have heard the motion. All those in favor signify by saying aye.

[Four members vote aye and two members vote no.]

The Chairman—There are four votes in the affirmative and two in the negative; the votes in the affirmative are Assemblyman Barrett, Senator Stevens, Assemblyman Hanson and the Chair. The negative votes are those of Senator Carhart and Assemblyman Barison. Now, is there a further motion by which the procedure shall be fixed, shall the secretary of the commission communicate this fact to the Legislature by himself or the chairman?

[It is moved and seconded that the action of this commission, and the record pertinent thereto, shall be communicated to the Legislature by the commission through its secretary and chairman. On this motion four votes are recorded in the affirmative and one in the negative.]

The Chairman—The negative vote is Mr. Barison and the affirmative votes are Assemblyman Barrett, Assemblyman Stevens, Assemblyman Hanson and myself.

Mr. Barison—Mr. Chairman, now, the probe is a complete success.

The Chairman—Now, then, we shall have an opportunity to ascertain whether or not Mr. Hague's control has gone so far as to refuse legal process issued under the mandate of law.

The letter from Mr. Hague admits that he was served with a subpœna to appear today. What is the act about a misdemeanor in addition to the contempt proceedings?

Mr. Watson—(Reading) "That if any witness summoned to appear before any such committee shall wilfully neglect or refuse to appear in obedience to the summons, or shall refuse to be sworn or affirmed, he shall be guilty of a misdemeanor."

That is precisely what was done by a man named Brewster. The case of State against Brewster, under this very statute, was passed upon by the Court of Errors and Appeals. It is reported in 89 N. J. Law.

The Chairman—I will entertain a motion that the record in this respect regarding the failure of Mr. Hague to appear in response to the subpœna be referred to the prosecutor of Mercer county.

Mr. Barrett—I so move.

Mr. Stevens—I second the motion.

Mr. Barison—The committee is certainly making it a one hundred per cent day with regard to its duty, and in regard to what

it started out to do, with regard to the fact that it was charged by the Legislature to get information, and to make a survey, but it is not doing that; it is trying to prevent the people of the State hearing testimony that Mayor Hague can and will give. All the guns are now set, send it to the Legislature, hold him in contempt, we don't want the testimony, the Legislature's committee does not want Mayor Hague to come here and answer any questions before this commission.

The Chairman—Mr. Barison, Mr. Hague will appear before this committee; don't be disturbed about that. He will appear before this committee and this committee will not adjourn until he has appeared before it; but under the law he has committed a contempt against the laws of the State of New Jersey and he apparently has committed a misdemeanor against the laws of the State of New Jersey, and in addition to appearing before this commission those things will be placed before the proper bodies.

Mr. Barison—How happy the chairman apparently is. After six months they could not get anything and they finally have placed him in contempt.

The Chairman—These remarks are entirely uncalled for, they are childish in the extreme, and they are by-plays simply to respect the man who appears to be the big man of that section of the State.

Mr. Barison—I resent that, Mr. Chairman, I believe in giving every man a fair chance.

The Chairman—He has had his fair chance.

Mr. Barison—You have not given him a fair chance.

The Chairman—We have his letter saying he is not coming.

Mr. Barison—And we have your statement saying that he should not be called this week.

The Chairman—The motion by Mr. Barrett is that the failure of Mr. Hague to appear in response to the subpœna served upon him to appear before this commission today and the proof of service shall be placed in the hands of the prosecutor of Mercer county for such criminal action as may be proper.

Mr. Barrett—Including a copy of the letter sent by Mayor Hague. I so move.

Mr. Stevens—I second the motion.

The Chairman—All those in favor signify by saying aye.

The Chairman—I hear four votes in the affirmative and one in the negative, the affirmative votes being Assemblyman Barrett, Senator Stevens, Assemblyman Hanson and myself and the one in the negative by Assemblyman Barison.

[A motion was then duly made, seconded and carried, that the commission adjourn until Thursday, November 1st, 1928, at the same time and place.]

Mr. Barrett moved that the report be received, filed and spread in full upon the minutes.

Which motion was adopted.

The following communications and report were sent to the desk and read by the Clerk:

OFFICE OF PROSECUTOR OF THE PLEAS,
UNION COUNTY, ELIZABETH, N. J.,
November 17th, 1928.

Frederick A. Brodesser, Clerk of the Assembly, State House, Trenton, N. J.:

DEAR FRED—As per telephonic conversation had with our Mr. Morozow, I am enclosing herewith copies of presentments handed down by the Union County Grand Jury for both branches of the Legislature, also copies of traffic report handed down by the Grand Jury for both branches of the Legislature.

With thanks for your kindness and co-operation, I am

Sincerely,
A. J. DAVID,
Prosecutor of the Pleas.

RESOLUTION OF THE MAY TERM, 1928,
UNION COUNTY GRAND JURY.

WHEREAS, During the past several years numerous deaths have resulted to persons in this county through the careless and reckless operation of motor vehicles; and

WHEREAS, Several previous grand juries of this county have filed in this court and forwarded to the Governor and legislative bodies of this State presentments and resolutions concerning this matter, calling attention that in these cases indictments can be found only where the act of the person causing such death was such as would amount to a reckless disregard of human life, and that in many cases where reckless disregard of human life is shown by prima facie proof, and indictment follows, there is difficulty in procuring convictions by petit juries because the law has fixed the grade of crime as manslaughter, punishable by fine or long term imprisonment or both; and

WHEREAS, We believe that much more good could be accomplished, and the law would have a more deterrent effect, if there were a change in the grade of crime in these cases; and

WHEREAS, We are informed that there has been no change in the law governing the subject matter of this resolution; therefore, be it

Resolved, That this Grand Inquest again call the attention of his Excellency the Governor of this State and the Legislature of the State of New Jersey to this matter and recommend that the grade of crime in these cases be changed from "manslaughter" to "careless operation of motor vehicles resulting in death," with suitable punishment to fit the crime, or to such other similar grade of crime as the law-making body of this State shall see fit and proper.

And we direct that the prosecutor of the pleas of the county of Union forward copies of this resolution to His Excellency the Governor and to each branch of the Legislature when it next convenes.

WALTER B. TIMMS,
Foreman of the Grand Jury.
ABE J. DAVID,
Prosecutor of the Pleas.

I hereby certify that the foregoing is a true copy of a resolution passed by the May Term, 1928, Union County Grand Jury.

THOS. W. POWER,
Clerk of the Grand Jury.

UNION OYER AND TERMINER,
OCTOBER TERM, A. D. 1928.

UNION COUNTY, to wit:

The Grand Inquest for the State of New Jersey and for the body of the county of Union upon their oath

Present, That following the charge of Justice Samuel Kalisch, the prosecutor brought to our attention and this body, fully discussed and considered, the conditions in this county with reference to the nonobservance of the Sabbath law, known as the Vice and Immorality Act.

We recognize that it is the duty of all citizens to observe the laws while they remain on the statute books, and we do not believe that the nonobservance of some of them is due to any desire on the part of our people to violate the law, but rather to a change in conditions and customs in many localities and especially in the larger communities, which makes the present law governing the mode of life on the Sabbath more or less obsolete.

These places of business, amusement and recreation could not be operated on Sunday unless there was a demand for and patronage of them, due, we believe, to the wishes and demands of a large proportion of our people.

Under these conditions we do not deem it wise or proper to vote indictments against hundreds of our citizens, nor to discriminate against some in favor of others, but rather deem it our duty to present this matter to the court and to the public, and especially to the law-making body of this State.

We therefore direct the prosecutor of the pleas of this county to call this situation to the attention of the Legislature, and especially to the Union county representatives, and to forward a copy of this presentment to His Excellency, Honorable A. Harry Moore, Governor of the State, with a view that the statute law of this State, governing the observance of the Sabbath, may be altered, changed or amended to meet present-day customs and conditions.

WILLIAM J. KENEALY,
Foreman of the Grand Jury.
ABE J. DAVID,
Prosecutor of the Pleas.

REPORT OF TRAFFIC COMMITTEE OF GRAND JURY,
October Term, 1928, Union County, N. J.

To the Grand Jury:

Your special committee, appointed at the last meeting for the consideration of traffic conditions in the county, beg to report as follows:

The committee met in Elizabeth on Wednesday, November 7th, the session lasting three hours. Those present were Grand Jurors Ackerman, Cardwell, Dill, Kammler and Kelly. The jurors deemed it advisable to invite a number of police chiefs and traffic officials.

Thirteen of these officers met with your committee and took part in the discussion.

Your committee reviewed the urgent instructions given the Grand Jury by Judge Kalisch, and set before the traffic officers the Grand Jury's reactions and findings in passing up the numerous traffic casualties in the county since the last term.

The co-operation and suggestions of the officers leading to a betterment of conditions was sought by your committee in addressing the officers at the opening of the conference.

Throughout the meeting the officers took a keen interest in the proceedings and advanced many suggestions that are worthy of careful consideration.

While a wide range of subjects were discussed, we are giving you in this report only the important points that we deem should receive attention.

(1) Increasing Number of Motor Vehicles.

Obviously this is a condition that exists, and will continue from year to year. The county should recognize this in its appointment of officers and equipment in regulating traffic.

(2) Ease in Securing Driver's License.

It was brought out in the discussion that there are many drivers on the road unfit to properly operate a motor vehicle and others who have a conditional license, due to some disability. It is apparent that more care should be given to the importance of examination and fitness before licenses are issued.

(3) Carelessness of Pedestrians.

Combining and multiplying this unfortunate condition with the increasing number of motor vehicles in our highways, we have the main cause of our accidents. Jay-walking laws, fines, crossing only at intersections, etc., where workable, will have some effect and your committee recommends the encouragement of traffic specialists in their study of this problem.

(4) Motor Busses.

A number of accidents are due to passengers dismounting from motor busses and going around the front of the bus into traffic. It was stated by one of the traffic officers that there was a law requiring that busses carry warnings that passengers are not to pass in front of the bus. One of your committeemen visited a public service bus and talked with the driver. There is a place in the front of public service busses where placards are placed and changed from time to time, giving various warnings. At the time your committeeman visited the bus there was nothing to indicate that a passenger should be careful after dismounting from the bus. The driver said that this was frequently done and that his method of warning pedestrians was to start his bus, or blow his horn, so that they would get back on the sidewalk and wait until an opportunity came to cross the street safely. The driver made a suggestion to the effect that if busses would be permitted to stop on the far side of the street that people would return to the corner rather than attempt to cross in front of the bus as they do now. Your committee agrees that this is a good suggestion and should be so recommended to the traffic officials.

As a further safety precaution it was brought out that motor busses should be required to pull to the curb (where road conditions permit) in making their stops.

(5) Children on the Highways.

This subject was recognized as an important one and it was given considerable attention. The traffic officers explained to

your committee the difficulties they have to work under and frequently are upbraided by parents of children in the performance of their duty. In one case passed upon by the Grand Jury, where a child five years of age was killed at 10 o'clock at night, it was brought out in our discussion that this child was sent across the street by its parents on an errand. It is apparent in cases where children, especially of such young age, are permitted to go on the highways by their parents; it is a matter of educating the parents as well as the children. Your committee would recommend that the education of children be given attention by the schools and that the papers of the county be solicited to give more publicity to training of all pedestrians, young and old, in exercising precaution on the highways. The radio today is reaching such a large number of people that it is suggested that the various broadcasting stations give time to this important subject.

(6) Lights on Bicycles.

It appears that patrol officers in the residential districts of the county have been accustomed to riding their bicycles at night without lights It was brought out in the conference that this is dangerous practice and sets a bad example for the numerous other bicycle riders, very few of whom are conforming to the law in the matter of lights.

Careless handling of bicycles on highways: There is a State law making it a misdemeanor for any one riding a bicycle with his hands off of the handle bars, or carrying an extra person on a single bicycle. Your committee would recommend that traffic officers be more careful in giving attention to these infractions.

(7) Automobile Lights.

Considerable discussion was given to the question of lights, and while the State law specifies certain makes of these lights being satisfactory, it is still apparent that there are many lights on the highways that are considered glaring, and your committee and the officers present thought that more care should be given to inspection and tests of these lights. It was brought out that the State law calls for these lights to be properly focused. No provision is made for a place or equipment for the proper test for the focusing of these lights.

(8) Better Highway Lighting.

Unquestionably the night driving of motor vehicles would be safer if the highways of the county were better lighted.

(9) Walking on Highways.

In a great many of the outlying districts where new highways have been put through these highways are used by pedestrians, due to the fact that there are no sidewalks.

(10) Punch Cards for Violations.

One of the police officials called attention to a system in vogue in Tennessee and other states, whereby the card is issued to the driver with his license. When a driver commits a violation his card is punched by the traffic official. Your committee believes that this system may have virtue, in consideration of the complaints of a great many traffic officers that too many of their tickets are "killed."

(11) Quarterly Inspection of Motor Vehicles.

During the month of September the Motor Vehicle Department required that motor vehicles be inspected and a tag carried on the windshield. Your committee believes that this was a move in the right direction which should be extended and made a permanent regulation. The committee recommends that this examination of motor vehicles comprise the testing of brakes, lights, mirror, horn and general condition of the car, and that a tag be issued by the garage, furnished by the State. These tags should vary in color so that they could be easily distinguished by traffic officers. The committee believes that this examination should be made four times a year for passenger vehicles and once a month for commercial trucks.

(12) Traffic Equipment.

The traffic officers of the county believe that they should have better equipment for the enforcement of the laws. They say that they cannot stop careless driving, fast driving or overtake law breakers unless they have equipment better than ordinary bicycles. We believe this plea of the officers should be seriously considered.

(13) Parking.

Your committee recommends the encouragement of storage garages and the use of vacant property for parking. Any means that will keep the growing number of automobiles not in motion off the streets is desirable.

(14) Uniform Signals, Etc.

Your committee recommends a nation-wide movement for uniform signals, signs, etc.

(15) Compulsory Insurance.

Your committee recommends that there should be compulsory insurance for all drivers of motor vehicles.

(16) Special Traffic Judge.

It has been recommended by one of the leading police officials of the county that a special traffic judge in the larger centers would not only expedite traffic cases, but would result in a more efficient handling of the traffic of the county.

Respectfully submitted,

SPECIAL COMMITTEE.

Mr. Gabrielson moved that the communications and report be received and spread in full upon the minutes.

A message was received from the Senate, by the hands of its Secretary, as follows, and read by the Clerk:

STATE OF NEW JERSEY,
SENATE CHAMBER,
Mr. Speaker: November 19th, 1928.

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

WHEREAS, A Joint Committee of the Senate and General Assembly of the State of New Jersey was created and appointed by virtue of Joint Resolution No. 13, Laws of 1928, approved April 3d, 1928, to make a survey of all questions of public interest, to investigate violations of law and the conduct of any State official, State department, commission, board or body, and to ascertain what departments or activities of the State government may be curtailed or eliminated, and further to make a general survey of the finances of the State, excluding, however, any investigation of the Department of Banking and Insurance, authorized under the provisions of Joint Resolution No. 1, Laws of 1928, approved January 31st, 1928, and with power to compel

the attendance of witnesses and the production of books, papers and records by subpœna, and to administer oaths, and to examine witnesses and to determine its own procedure; and

WHEREAS, The said Joint Committee convened at the Senate Chamber, in the State House at Trenton, on June 14th, 1928, and then and there organized and elected Clarence E. Case, chairman, and Thomas L. Hanson, secretary; and

WHEREAS, Pursuant to the authority of the said Joint Resolution said joint committee has from time to time held public hearings and taken sworn testimony of witnesses duly summoned and subpœnaed to appear before it; and

WHEREAS, Frank Hague, of the city of Jersey City, in the county of Hudson, was subpœnaed to appear before the joint committee, by subpœna issued October 23d, 1928, signed by Clarence E. Case, chairman, and attested by Thomas L. Hanson, secretary, at the State House in the city of Trenton, on October 29th, 1928, at 10·30 A. M., to testify and diligently to search for and to have and bring with him then and there before the said joint committee the following things: All bank books, check books, check stubs, canceled vouchers and banking records of all kinds of himself and/or his wife, Jennie Hague, and/or of any one else for his or her account, covering the period from January 1, 1914, to date; all books of account, ledgers, cash books and financial records of all kinds of himself and/or his wife, Jennie Hague, and/or of anyone else for his or her behalf covering the period from January 1st, 1914, to date; and all safe deposit records of safe deposit boxes rented or used by himself and/or his wife, Jennie Hague, and/or by anyone else in his or her behalf covering the period from January 1st, 1914, to date; and

WHEREAS, The said subpœna was served personally on the said Frank Hague, on October 24th, 1928, at Jersey City, in the county of Hudson, by John C. Davey, an agent of the said joint committee, and a subpœna fee in the amount of six dollars was then and there paid to him; and

WHEREAS, The said Frank Hague failed and refused to appear before said joint committee at the State House, in the city of Trenton, on October 29th, 1928, as commanded in and by the said subpœna; and

WHEREAS, The said joint committee has reported to the Senate and General Assembly of the State of New Jersey that the said Frank Hague thereby wilfully contempted the authority of the Senate and General Assembly of the State of New Jersey; therefore, be it

Resolved by the Senate (the House of Assembly concurring), That the Senate and General Assembly of the State of New Jersey meet in joint session on Monday, the twenty-sixth day of November, nineteen hundred and twenty-eight, at two o'clock P. M., for the purpose of considering the said alleged contempt of the said Frank Hague and taking action thereon; and be it further

Resolved, That the President of the Senate and the Speaker of the General Assembly be authorized and directed to issue their warrant under the hand of the President of the Senate, attested by the Secretary of the Senate, and the hand of the Speaker of the General Assembly, attested by the Clerk of the General Assembly, to D. Frank Garrison, Sergeant-at-Arms of the Senate, and any sheriffs, police officers and constables to whom the said warrant shall come, commanding them and any of them to arrest the said Frank Hague wherever he may be found, and to have him at the bar of the joint session of the Senate and General Assembly, at the State House in Trenton, on Monday, the twenty-sixth day of November, nineteen hundred and twenty-eight, at two P. M., to answer as and for a contempt in refusing to obey the subpœna of the joint committee of the Senate and General Assembly of the State of New Jersey, created and appointed by virtue of Joint Resolution No. 13, Laws of 1928, approved April 3d, 1928, issued on October 23d, 1928, in pursuance of the authority conferred by the Senate and General Assembly of the State of New Jersey, upon the said joint committee, commanding him to appear before the said joint committee at the State House, in the city of Trenton, on October 29th, 1928, at 10:30 A. M., to testify all and singular what he might know concerning the matters under investigation, and diligently to search for and to have and to bring with him then and there before the said joint committee the following things:

All bank books, check books, check stubs, canceled vouchers and banking records of all kinds of himself, and/or his wife, Jennie Hague, and/or of anyone else for his or her account, covering the period from January 1st, 1914, to date; all books of account, ledgers, cash books and financial records of all kinds of himself and/or his wife, Jennie Hague, and/or of anyone else for his or her behalf covering the period from January 1st, 1914, to date; and all safe deposit records of safe deposit boxes rented or used by himself or his wife, Jennie Hague, and/or by anyone else in his or her behalf, covering the period from January 1st, 1914, to date.

In which the concurrence of the House of Assembly is requested.

ROBERT M. JOHNSTON,
Secretary of the Senate.

Mr. Gabrielson moved that the House concur in the Senate Concurrent Resolution.

Which motion was adopted.

Mr. Barison then arose to a point of order, stating that a roll call should have been had on the Senate Concurrent Resolution. The Speaker declared Mr. Barison's point of order for a roll call out of order, stating that the calling for the ayes and nays may be moved for under House rules, Section 32, page 15, if requested and seconded by five members. This not having been done, declared the motion lost.

A message was received from the Senate, at the hands of its Secretary, as follows and read by the Clerk;

STATE OF NEW JERSEY,
SENATE CHAMBER,
November 19th, 1928.

Mr. Speaker:

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution:

WHEREAS, Almighty God, creator and maker of all things, has in His infinite wisdom seen fit to remove from our midst, on the morning of the seventh day of November, nineteen hundred and twenty-eight, the Honorable Joseph F. Forsyth, Senator from the county of Camden, in the State of New Jersey; and

WHEREAS, We, his colleagues and fellow members, feel that a loss has been sustained by reason of his death that mere words can inadequately express; and

WHEREAS, His genial comradeship, ability as a legislator, advice in the problems to confront the Senate during the coming session, and loyalty and worthiness as a beloved friend will be forever lost; now, therefore be it

Resolved by the Senate of New Jersey (The House of Assembly concurring), That we mourn the loss thus occasioned to the Legislature, the county, the State and his family; and be it further

Resolved, That we deeply sympathize with Hazel Forsyth, his widow, in this her hour of bereavement; and be it further

Resolved, That this resolution be spread in full upon the minutes of the Senate and House of Assembly, and an engraved copy thereof, properly attested by the President and Secretary of the Senate and Speaker and Clerk of the House of Assembly, be delivered to Mrs. Forsyth.

In which the concurrence of the House of Assembly be requested.

Which motion was adopted.

A message was received from the Governor, at the hands of his Secretary, as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the House of Assembly: December 3d, 1928.

I am constrained to return, without approval, Assembly Bill No. 476.

This bill opens the way to corruption and fraud, and should not become a law. Lands acquired for park purposes are, in many instances, a public trust. Our parks are all too few and too valuable to the people to permit of their diversion for other purposes. This is especially true in our congested centers.

Under this bill such lands may be bartered away; it matters not how they have been acquired—whether from public-spirited citizens by gift, from moneys raised by taxation, or even lands acquired by condemnation proceedings.

Park lands, such as are contemplated by this bill, are in many instances of immense value, and to lease them for what the bill

calls "a reasonable consideration" paves the way for fraud Further, they may be leased for a term of years without restriction, which may be for years and it may be forever.

This bill is for the special benefit of Atlantic City, where there is a tract of land acquired for park purposes, admittedly valued at one million dollars, and which, so the objectors to the bill claim, is to be leased for a nominal yearly rental—a fact which the proponents of the measure do not deny

In and about Atlantic City there are many tracts of undeveloped land; but this is not true of the thickly-populated cities, where the bill would apply with equal force.

Respectfully submitted,

A. HARRY MOORE,
Governor.

Attest:
F. L. BLOODGOOD,
Secretary to the Governor

Mr Gabrielson moved that the message be received, spread in full upon the minutes and the bill lie over

Miss Jones offered the following resolution which was read by the clerk:

Resolution memorializing the Senate of the United States to ratify the Kellogg Peace Treaty:

WHEREAS, The rising tide of public opinion throughout the world favors reason not force, arbitration, not battles as the means of settling disputes between nations, and

WHEREAS, Out of correspondence and negotiations among the Great Powers, begun in January, 1928, has come a multilateral treaty, open to all nations, proscribing war as an instrument of national policy among the signatories and engaging them by

solemn pledges to find peaceful methods of settling any dispute that may arise; and

WHEREAS, These negotiations have progressed so far that on August 27, 1928, at Paris, the treaty duly signed by the representatives of fifteen nations and now awaits ratification by each of these countires according to its custom, and all other nations have been invited to join in it; and

WHEREAS, We regard the treaty as one of the outstanding events of our century and welcome it as an indication that war may actually be abolished as an instrument of policy among civilized people; therefor,

Be it Resolved, That we hereby pledge to this undertaking our earnest and active support, and urge the Senate of the United States, in response to public opinion, to ratify the treaty when presented; and

Be it Resolved by the General Assembly of the State of New Jersey:

1. That we urge upon the Senate of the United States immediate ratification of the Kellogg Peace Treaty without reservation;

2. That copies of this joint resolution, duly authenticated, be sent to the President of the United States, Vice-President of the United States and to the Senators and Congressmen of the United States from the State of New Jersey; and

3. That the Senators from this State in the Congress of the United States be requested to use every effort to effectuate this resolution.
