LETTER OF TRANSMITTAL

ANNUAL REPORT OF THE
DIVISION OF TAXATION
DEPARTMENT OF THE TREASURY

Trenton, July 1, 1952.

*To the Hon. Alfred E. Driscoll, Governor of the State of New Jersey,
and the Legislature of the State of New Jersey:*

Pursuant to the provisions of R. S. 54:1-13, I respectfully submit the 1952 Annual Report of the Division of Taxation, Department of the Treasury, covering the activities of the eight Bureaus of the Division during the State fiscal year ending June 30, 1952, and setting forth the County Abstracts and State Abstract of Ratables for the calendar year 1952.

As of July 1, 1952 a ninth Bureau was added in the Division of Taxation, *viz.*, the Local Property Tax Bureau. This agency will endeavor to bring about greater uniformity in the assessment of real and personal property for local tax purposes through assistance to local assessors. The program for the equalization of the ratables of all taxing districts by county boards of taxation on the basis of sales ratio data will also be advanced as rapidly as possible.

It is well recognized, however, that both programs will encounter many serious problems so that progress will of necessity be slow but every effort will be made to show steady improvement.

Respectfully submitted,

WALTER T. MARGETTS, JR. (Signed)
*State Treasurer,
Acting as Director,
Division of Taxation.*

SUMMARY OF FUNCTIONS OF THE SEVERAL BUREAUS OF THE DIVISION OF TAXATION

Office of the Director, Division of Taxation

On July 1, 1948, all of the powers and duties of the Division of Taxation in the Department of Taxation and Finance were transferred to the Division of Taxation in the Department of the Treasury by chapter 92, Laws of 1948.

The Director of the Division of Taxation is charged with the levy of the property and franchise taxes on the several railroads operating in the State, and the levy and apportionment—for the benefit of the municipalities—of the franchise and gross receipts taxes on other public utilities operating within the State.

He has the duty of levying and collecting transfer inheritance and estate taxes, alcoholic beverage taxes, motor fuels taxes, billboard licenses and taxes, domestic and foreign corporation taxes, foreign insurance company taxes, domestic and foreign life insurance company taxes and cigarette taxes. He is also charged with the duty of distributing insurance premium taxes collected from foreign fire and automobile insurance companies.

In addition, the Director is empowered to equalize assessments, check county equalization tables, prepare State equalization tables, determine the average rate of taxation in the State and in general supervise the activities of local tax officials.

Transfer Inheritance Tax Bureau

(R. S. 54:33-1 to 54:38-16, as amended and supplemented by chapter 278, Laws of 1938; chapters 122 and 303, Laws of 1939; chapter 220, Laws of 1940; chapter 422, Laws of 1941; chapters 38, 39 and 165, Laws of 1943; chapters 74, 75, 112 and 220, Laws of 1944; chapter 127, Laws of 1945; chapters 70 and 240, Laws of 1946; chapters 369 and 376, Laws of 1947; chapters 92, 268 and 336, Laws of 1948, and chapters 177 and 250, Laws of 1951.)

This Bureau has supervision over the administration of all transfer inheritance tax laws and the collection of all taxes assessed pursuant thereto. The tax is levied upon the transfer of property, real or personal,

or of any interest therein or income therefrom, in trust or otherwise, to persons or corporations when such transfer is by will or intestate law, by deed, grant, bargain, sale or gift made in contemplation of or to take effect at or after death, and by survivorship in certain cases.

As to estates of resident decedents, the law applies to real property and tangible personal property (goods, wares, merchandise, etc.) located in New Jersey and to intangible personal property (stocks, bonds, mortgages, bank accounts, etc.) wherever located.

As to estates of nonresident decedents, the law applies only to real property and tangible personal property located in New Jersey.

The tax rates range from one to 16 per cent according to the value of the transfer and the relationship of the beneficiary to the deceased. Transfers to collateral relatives and nonrelatives, if under \$500, are exempt; if \$500 or over, are taxable at the rate of eight per cent, and upward. An exemption of \$5,000 each is granted to those of a close degree of relationship, such as husband, wife, children, mutually acknowledged children, stepchildren, father, mother, grandparents, the rate of tax on the excess being graduated from one per cent upward. An exemption of \$5,000 is also granted to charitable, religious and benevolent organizations, the excess being taxed at the rate of five per cent. Transfers to the State and its political subdivisions are wholly exempt, as well as transfers to non-profit educational institutions.

Taxes are payable within the year following the death of the decedent, and if not paid bear interest at the rate of 10 per cent per annum from one year following death, until paid. The inheritance tax report must be filed as promptly after death as the circumstances of the case permit.

This Bureau also assesses and collects New Jersey estate taxes pursuant to R. S. 54:38-1 to 16. The amount of the tax is the difference between the credit allowed against federal estate taxes under the Federal Revenue Act of 1926 and the total amount of inheritance taxes paid this and other states.

Preparation of the five per cent refund to the counties of inheritance taxes collected from resident decedents (pursuant to R. S. 54:33-10) is also supervised by this Bureau.

Transfer inheritance and estate tax receipts, all of which, save five per cent of resident taxes returned to the counties, are available for general State uses, for the fiscal year ending June 30, 1952, were:

Resident and Nonresident inheritance taxes	\$12,771,372.33
Estate taxes	308,193.16
	<hr/>
	\$13,079,565.49

Beverage Tax Bureau

(R. S. 54:41-1 to 54:47-7, as amended and supplemented by chapters 319 and 391, Laws of 1938; chapter 357, Laws of 1939; chapter 168, Laws of 1940; chapters 209, 210 and 327, Laws of 1941; chapter 171, Laws of 1942; chapters 18 and 250, Laws of 1947; chapter 95, Laws of 1949; chapter 203, Laws of 1950; and chapter 68, Laws of 1951.)

This Bureau collects taxes on alcoholic beverages sold or delivered in New Jersey and intended for ultimate consumption. Tax rates range from 3 1/3 cents per gallon on beer to \$1.50 per gallon on liquors, as fixed by statute. Taxes are collected from approximately 400 bonded manufacturers and distributors filing monthly reports.

The Bureau also processes about 12,500 monthly retail reports. These latter reports are filed by both tavern keepers and package store owners.

All State licensees, i.e., manufacturers, wholesalers, transporters and warehouses, are required to post bonds with the Bureau to secure the payment of taxes and penalties.

Net collections are deposited to the account of the State Treasurer and drawn upon by him monthly for the General State Fund.

Actual receipts of this Bureau for the fiscal year ending June 30, 1952, were \$15,893,816.93. An approximate classification based on book revenue follows:

	Rate of Tax Per Gallon	1950	1951	1952

Motor Fuels Tax Bureau

(R. S. 54:39-1 to 75, as amended and supplemented by chapters 166 and 283, Laws of 1938; chapter 209, Laws of 1939; chapter 169, Laws of 1940; chapter 268, Laws of 1941; chapters 169 and 283, Laws of 1948; chapter 144, Laws of 1950, and chapter 258, Laws of 1952)

This Bureau administers the Motor Fuel Tax Law and collects, through licensed motor fuel distributors, a tax of three cents per gallon on motor fuel sold in New Jersey to propel motor vehicles over its highways and motor boats over its waterways. It authorizes refund claims and combats tax evasion by investigations, inspections, audits and prosecutions.

The Bureau is also charged with the administration of "An Act to regulate the retail sale of motor fuels" (R. S. 56:6-1 to 17). By inspection,

audit and investigation, it checks retail dealers for proper price-sign posting; selling at a price equal to or greater than cost, plus all selling expense; display of brand names; giving of rebates, allowances, etc.; use of lotteries, prizes, etc.; substitution and keeping of proper records. The Bureau, however, has no power to enforce the provisions of the Fair Trades Practice Law (R. S. 56:4), as amended by chapter 165, Laws of 1938 which permits the making of contracts stipulating resale prices for retail dealers.

The gross receipts, refunds and net receipts of this Bureau for the fiscal year ending June 30, 1952, were:

Gross Receipts	\$42,776,396.94
Refunds	3,118,331.53

SUMMARY DESCRIPTION OF TAXES

A concise description of the taxes administered in this Bureau follows:

CORPORATION BUSINESS TAX

Statutory Citations:

Corporation Business Tax Act, chapter 162, Laws of 1945 (R. S. 54:10A-1 et seq.); chapter 307, Laws of 1946; chapters 50 and 51, Laws of 1947; chapter 459, Laws of 1948; chapter 236, Laws of 1949; chapter 130, Laws of 1951; chapters 168, 169, 170 and 349, Laws of 1952; R.S. 54:11-1 et seq.; R. S. 54:12-1; State Tax Uniform Procedure Law, R. S. 54:48-1 to R. S. 54:52-4, inclusive.

Tax Applies to:

Every domestic corporation and every foreign corporation authorized or doing business or owning or employing capital or property or maintaining an office in this State, with certain specified exemptions.

Nature of Tax:

Franchise tax on corporations for the privilege of having or exercising a corporate charter or doing business or owning or employing capital or property or maintaining an office in this State.

Basis of Tax:

The tax is based upon taxpayer's net worth, defined in the statute, allocable to New Jersey. In general, in determining "net worth," taxpayer is permitted to deduct from the value of its assets the amount of corporate liabilities. Of the resulting remainder, only such percentage of the net worth is taxable as corresponds to the "allocation percentage" applicable to the taxpayer.

Allocation Percentage:

- (a) In the case of a taxpayer which does not maintain a regular place of business outside this State other than a statutory office, the allocation factor shall be 100 per cent.
- (b) In the case of a taxpayer which does maintain a regular place of business outside this State other than a statutory office, the net worth taxable in New Jersey is determined according to the following alternative allocation formulae:

Formula 1:
$$\frac{\text{Total assets in New Jersey}}{\text{Total assets everywhere}} = \%$$

Formula 2:
$$\left\{ \begin{array}{l} \frac{\text{Real and tangible personal property in N. J.}}{\text{Real and tangible personal property everywhere}} = \% \\ + \\ \frac{\text{Receipts in New Jersey}}{\text{Receipts everywhere}} = \% \end{array} \right.$$

$$\left\{ \begin{array}{l} + \\ \frac{\text{Wages and salaries in New Jersey}}{\text{Wages and salaries everywhere}} = \% \end{array} \right.$$

The aggregate resulting percentages are divided by three.

The effective allocation percentage to be applied to the net worth is the greater of the two percentages resulting from Formula 1 and Formula 2, respectively.

- (c) Investment companies, as defined in the law, are subject to an allocation factor of 25 per cent.
- (d) Regulated investment companies, as defined in the law, are subject to an allocation factor of 15 per cent.

Rate of Tax:

In general, 8/10 of a mill per dollar, or 80 cents per \$1,000 of allocated net worth; decreasing graduated scale where allocated net worth exceeds \$100,000,000.

Short Rate Tax Table:

A short rate tax table is provided for taxpayers whose total assets everywhere amount to less than \$100,000.00. Taxpayers entitled to use this table are required to state only the amount of total assets everywhere and compute their tax by means of table, reproduced below, printed on the Return (Tax Table No. 1 on Page 1 of Tax Return Form). No income statement or balance sheet data are required.

Engineering and Railroad Tax Bureau

(Chapter 40, Laws of 1948, amending and supplementing chapter 291, Laws of 1941, as amended; R. S. 54:29A, superseding R. S. 54:19 to 29, inclusive.)

This Bureau values all property used for railroad purposes, determines the property and franchise taxes, and certifies them to the Director, Division of Budget and Accounting, for collection.

Under the Railroad Tax Law of 1948 there is assessed against each operating railroad or railroad system a property tax and a franchise tax. Property taxes are levied upon the true value of all property used for railroad purposes at the following rates:

Class II property is taxed at the general tax rate of the taxing district in which the property is located.

Classes I and III property are taxed for 1952 at the rate of 1.20 per cent.

Franchise taxes are levied in the amount of 10 per cent of net railway operating income allocated to New Jersey.

Class II property taxes are entirely for local uses. The Director, Division of Budget and Accounting, allots to each taxing district the total amount of tax derived from the assessment of Class II railroad property within the taxing district.

*All proceeds of the Financial Business Tax are dedicated for distribution on an equal basis, to the municipality and county in which the taxpayer's place of business is located.

The entire franchise tax and all property taxes, other than those assessed against Class II property, are for state uses, according to law.

The aggregate amount of property and franchise taxes on any railroad is subject to a limitation which, however, does not reduce or affect the taxes for local uses on Class II property.

But taxes for state uses are reduced where the aggregate amount of taxes on any railroad would otherwise be in excess of a specified amount per mile of track assessed in New Jersey to such railroad.

The limit on total taxes is \$3,000 per mile of track where railway revenues allocated to New Jersey are not in excess of \$1,000,000, and \$4,500 per mile of track where allocated revenues exceed \$1,000,000 in total, but are less than \$50,000 per mile of track over which the taxpayer operates in New Jersey.

Railroad taxes levied and payable in 1952 are:

Property tax	\$15,813,423.77
Franchise tax	1,496,085.41
	<hr/>
Total property and franchise taxes for 1952	\$17,309,509.18

For 1952 the apportionment of railroad taxes to State and local use is as follows:

For State use	\$ 4,584,423.24
For local use	12,725,085.94
	<hr/>
Total 1952 railroad taxes	\$17,309,509.18

**Public Utility—Local Tax Bureau
Public Utility Tax**

(Chapters 4 and 5, Laws of 1940; as amended by chapters 20, 21, 400 and 401, Laws of 1941; chapter 217, Laws of 1943; chapters 264 and 265, Laws of 1952; and R. S. 54:30-1 to 3.)

This Bureau is charged with the assessment of utility franchise and gross receipts taxes and the apportionment thereof among the municipalities according to the relative values of utility property located therein.

The *franchise tax* assessed pursuant to chapters 4 and 5, Laws of 1940, as amended, on utilities, other than those specifically exempted, having lines or mains located along, in, on or over any street, highway or other public place (*e.g.*, telephone, telegraph, water, sewer, district messenger, street railway and gas and electric companies) is at the rate of five per cent of such proportion of the gross receipts of the taxpayer for the pre-

ceding calendar year as the length of its lines or mains in this State, located along, in, on or over any public street, highway, or other public place, exclusive of service connections, bears to the whole length of its lines or mains, exclusive of service connections.

The *gross receipts tax* assessed pursuant to chapter 5, Laws of 1940, as amended, on street railway, traction, gas and electric light, heat and power companies using the public streets, highways, roads or other public places (which is in addition to the franchise tax, mentioned in the previous paragraph and in lieu of local taxes on certain of the property of the utilities named), is at the same rate as the average rate of taxation in the State, upon the gross receipts of such taxpayer for the preceding calendar year from its business over, on, in, through or from its lines or mains in the State.

Chapters 264 and 265, Laws of 1952, transfers sewer companies from being subject to the provisions of Chapter 4, Laws of 1940, as amended, under which sewer companies paid the franchise tax only to Chapter 5, Laws of 1940, as amended, so that beginning with the year 1953 sewer companies will pay both franchise and gross receipts taxes.

While this Bureau does not collect either the franchise or the gross receipts tax, it is charged with the duty of apportioning both taxes to the municipalities after deducting the expenses incurred by it in the administration of the utility tax laws. The franchise tax is apportioned to the various municipalities in the proportion that the value of the scheduled property of the taxpayer located in, on or over any public street, highway, road, or other public place in each municipality as of the preceding July first bears to the total value of the scheduled property of the taxpayer located in, on, or over any public street, highway, road or other public place in the State. The gross receipts tax is apportioned in the proportion that the value of the scheduled property of the taxpayer located in each municipality as of the preceding July first bears to the total value of the scheduled property of the taxpayer in the State.

Both the franchise and gross receipts taxes are payable to the local tax collectors in three installments: one-third within 30 days after certification of the apportionment by the Director; one-third on September 1st; and one-third on December 1st.

Valuations of scheduled property upon which both taxes are apportioned to the municipalities are determined by the Bureau on the basis of the unit values thereof set forth in each act.

Franchise taxes for the calendar year 1952 were assessed pursuant to the provisions of chapters 4 and 5 of the Laws of 1940.

Local Tax

(R. S. 54:1-18 to 38.)

The primary statutory function of this Bureau is to bring about greater uniformity in local property tax assessments. The Bureau does not have any authority to consider appeals from taxes as levied.

This Bureau is charged with the duty of investigating the accuracy of the county equalization tables and checks the county tables of abstracts of ratables. The preparation of the State equalization table, the preparation of the State table of tax ratables for certification to the Comptroller by the Director and the preparation of the annual report of the Director are included in the work of this Bureau.

The Bureau gives information to taxpayers about laws concerning local tax assessments and confers with and advises county boards and local tax assessors about their work. It also compiles State and local tax statistics.

The Bureau investigates complaints of taxpayers and taxing districts, and submits reports thereon to the Director; keeps a record of the status of tax map matters in local taxing districts; urges the making, completion and revision of such map; and finally, has authority to supervise investiga-

tions for the equalization of assessments under R. S. 54:1-26 to 30, inclusive.

Many of the aforementioned functions, however, are either not performed at all or only in a superficial way because of the absence of funds. This is especially true of those functions relating to local assessment practices, revaluation programs, equalization projects and the supervision of local assessment personnel.

Outdoor Advertising Tax Bureau

(Chapter 169, P. L. 1947, R. S. 54:40-20 to 49.)

Chapter 169, P. L. 1947, provides for the collection of license fees and permit fees on billboards and other outdoor advertising matter. A license fee of \$100 must be paid by every person, firm or corporation engaged in the business of outdoor advertising for profit, and a permit fee on each taxable billboard and outdoor advertising space according to the following schedule:

- (a) \$.50 for a space not exceeding 50 square feet in area.
- (b) 1.00 for a space exceeding 50 square feet in area, but not exceeding 100 square feet in area.
- (c) 2.50 for a space exceeding 100 square feet in area, but not exceeding 250 square feet in area.
- (d) 5.00 for a space exceeding 250 square feet in area, but not exceeding 500 square feet in area.
- (e) 8.00 for a space exceeding 500 square feet in area, but not exceeding 800 square feet in area.
- (f) 25.00 for a space exceeding 800 square feet in area.

These licenses and permit fees are collected for the period from April 1st to March 31st.

The law empowers the Director to regulate the erection and placing of billboards and other outdoor advertising matter.

All collections under the provisions of this act are first used to defray the expenses of collection and enforcement. Balances are distributed, after July 1st of each year, among the various municipalities of the State, in the proportion that the amount of the permit fees collected in each municipality bears to the total amount collected.

Receipts for the fiscal year ending June 30, 1952, were:

Permit fees, interest, fines, etc.	\$62,977.50
License fees	7,900.00
Total	\$70,877.50

Cigarette Tax Bureau

(Chapter 65, P. L. 1948, as amended; Chapter 247, P. L. 1952.)

This Bureau, created by chapter 65, P. L. 1948, as amended, came into being on July 1, 1948. It is charged with the administration and collection of the cigarette tax, levied at the rate of one and one-half cents (1½c) per ten cigarettes or fraction thereof, and the enforcement of the Unfair Cigarette Sales Act (chapter 247, P. L. 1952). The tax is collected through the sale of cigarette revenue stamps to duly licensed cigarette distributors, defined by the act as any person who manufactures cigarettes within the State or any person who brings or causes to be brought into the State, unstamped cigarettes which have been acquired from the manufacturers thereof.

Distributors are allowed a discount of five per cent on the purchase of stamps in excess of \$100.00. The only exemptions provided by the Tax Act extend to sales of cigarettes to the United States Government and its agencies, and sales of cigarettes in interstate commerce. v

The original Tax Act provided for the licensing of distributors \$250.00, wholesale dealers \$100.00, over-the-counter retail dealers \$5.00 and cigarette vending machines \$1.00. The new Act, effective July 1, 1952, provides license fees for distributors \$350.00, wholesale dealers \$200.00, over the counter retail dealers \$5.00, and cigarette vending machines \$1.00.

The Unfair Cigarette Sales Act prohibits the sale of cigarettes at wholesale or retail at a price less than cost. In the absence of proof of a higher or lower cost, the act provides that the minimum sales price of cigarettes shall be computed in accordance with a formula involving manufacturer's list price less trade discounts, less cash discounts, plus the face value of revenue stamps attached, plus a 3½% wholesaler's "cost of doing business mark-up" if the cigarettes are not delivered, and a 4¼% mark-up if the cigarettes are delivered, to which must be added an 8% "cost of doing business mark-up" by the retailer in the determination of the final retail sales price.

The purpose of the Unfair Cigarette Sales Act is to prevent unfair competition and unfair trade practices in the sale of cigarettes and to protect and stabilize the collection of cigarette taxes and revenue derived from the licensing of persons engaged in the sale of cigarettes.

The receipts of this Bureau for the fiscal year ending June 30, 1952. were:

Stamps and miscellaneous revenues	\$19,131,169.32
License revenues	227,046.50
	<hr/>
Total receipts	\$19,358,215.82

¹ Public utility and railroad taxes are assessed but not collected by the Division of Taxation. These assessments are on a calendar year basis.
² For the calendar years 1931 through 1940 the two main classifications of railroad property for tax purposes were "main stem," for State use, and "second-class," for local use. For calendar years 1941 through 1947 classification was changed to "property tax" and "franchise tax" under Chapter 291, Laws of 1941. Under this act the property tax on the main stem was retained by the State, the property tax on second-class was for local use, and the franchise tax was divided equally between State use and local use. Chapter 40, Laws of 1948, amending Chapter 291, Laws of 1941, continued the "property tax" and the "franchise tax," but the tax rates and the distribution of franchise taxes were changed. After 1947 the property tax on second-class was levied at local tax rates for local use. Other property taxes and all franchise taxes were for State use.
