## LETTER OF TRANSMITTAL

# To the Hon. Brendan T. Byrne, Governor of the State of New Jersey, and the Legislature of the State of New Jersey:

The Annual Report of the Division of Taxation in the Department of the Treasury, is herewith respectfully submitted, pursuant to the provisions of R.S. 54:1-13. It covers activities of the Division of Taxation during the State fiscal year ended June 30, 1979. The Report contains a detailed description of Division organization and activities, all taxes administered by the Division and tables showing revenue collections, distribution of a variety of "shared" taxes, summaries of new tax legislation, court decisions, decisions of the Division of Tax Appeals, the County and State Abstracts of Ratables and the State School Aid Table of Equalized Valuations. In addition, the Report contains useful and valuable statistical tables showing property taxes by class of property, state tax revenue growth, state and local taxes as a percent of personal income and other informative economic and tax information.

#### Revenues

Tax collections for fiscal year ending June 30, 1979 attained a new high of \$3.4 billion, an increase of \$275.3 million or 8.7% over tax collections of the previous year. The main ingredients of this increase were from the Gross Income Tax and Sales Tax. Details of the Division's revenue collections are shown in Table 2. In addition to Gross Income Tax of \$838.5 million, they reflect Sales Tax of \$1.1 billion, Corporation Tax of \$538.5 million and Motor Fuels Tax of \$298.0 million.

#### Tax Reform Benefits

Fiscal 1979 was a "no new tax" year of a different sort than New Jersey had experienced in the past. As contrasted with slogan resistance to tax change, this "no new tax" was made possible by positive tax reforms developed during the past four years. The Gross Income Tax provided revenues to improve educational facilities and reduce dependence upon local property taxes. Adoption of "caps" upon state and local expenditures was a major factor in controlling traditionally sharp annual property tax increases. Implementation of revenue sharing urban aid, in lieu tax payments for state owned properties and State appropriation of \$22 million to replace Federal anti-recession funds to hard pressed municipalities serve to channel resources where they are most needed.

The State has a balanced budget and the financial health of its local governments has been enhanced. Contrary to all expectations, property taxes actually turned downward immediately following implementation of the program and increased only 4.4% during three inflationary years between 1976 and 1979. Extension of the "caps" from 1979 to 1982 (Ch. 155, P.L. 1978—county and municipal: Ch. 156, P.L. 1978—State) assures taxpayers that New Jersey's dedication to frugal government will be continued. This State began its reasoned approach to public economy before "Proposition 13" and is now reaping tangible benefits.

#### Direct Taxpayer Relief

All concern has not been with tax and expenditure reductions or controls. Notable progress has been made in channeling tax benefits directly to the taxpayer source. For example; Homestead Rebate checks averaging \$193.04 were mailed to 1,426,966 homeowner taxpayers during the past year. Similar tax relief was provided to tenants in the form of \$38.5 million in renter tax credits taken against their Gross Income Tax liability.

#### Improved Efficiency of Administration

The fact that the fiscal year just completed was a "no new tax year" gave the Division an opportunity to channel its resources to development of improved administrative procedures and economy of operation. Some tangible examples follow:

> Installation of a taxpayer information telephone system made it possible to handle at a central location as many as 40 calls at a time. This taxpayer information system has processed as many as 5,000 calls a day with experienced trained phone personnel.

> In 1978, 481 professional employees in the compliance program produced \$94.5 million of revenue for an average of \$197,000 per employee.

An incentive pay program for keypunch operators has resulted in better productivity, increased earnings, and \$400,000 in payroll savings. The refund cycle has been reduced from 9 weeks to 4 weeks.

Some 28,000 feet of storage space has been consolidated into 16,000 feet for an annual saving of \$50,000.

The semiannual instead of monthly mailing of tax forms has resulted in a saving of \$100,000 in postage.

Income tax preparers who receive bulk supplies of forms are now charged for them.

An out of state audit program has resulted in assessments of \$2.5 million and collections of \$2.1 million at a cost of \$12,229 for travel. Additional audits are planned or underway.

An automated accounting and deposit processing system is expected to speed the accounting function and save some \$250,000 a year.

#### Economic Data

A large new body of information has become available with the adoption of the Gross Income Tax and Homestead Rebate Program. Following publication last year of a "Statistics of Income" tabulation derived from half year 1976 Gross Income Tax returns, a new "Statistics of Income" derived from 1977 Gross Income Tax Returns and a second report, "Owner Occupied Housing Statistics" derived from homestead rebate and income tax data are two new publications resulting from these activities.

These publications are a valuable research tool for the public and government alike. They provide a new insight into the financial aspects and characteristics of New Jersey taxpayers and the New Jersey economy. The Research Section has plans to develop and supplement them on a continuing basis.

#### Tax Court

The creation of a Tax Court as part of the judiciary is a major step in reducing the huge backlog of cases pending in the Division of Tax Appeals. The nomination, confirmation and swearing in of seven competent and experienced individuals as judges will do much to promote a better public image in the treatment of tax cases, both property and non-property.

#### A Look to the Future

Last year I referred to several matters which in my opinion require consideration. By reason of their importance, I have included them in this report.

Recurring tax studies over a period of many years have consistently recommended revision of the property assessment structure to insure taxing districts large enough to support competent full time assessing staffs. It is recommended that the Legislature establish a committee to work with the Director of Taxation to develop proper realignment of taxing districts. Such legislation is a natural companion measure for the full time tax court. As valuable as a full time court will be in the review of assessment appeals, it must be recognized that equity of assessment begins with a qualified assessor.

The Farmland Assessment Act was adopted in 1964 to preserve agriculture and open space. This program has made it possible for farmers to continue operation in the face of mounting property taxes and spreading urban and suburban growth. Some problems have developed. A thorough review of the Farmland Assessment Act should be made to preserve its benefits and to eliminate any abuses which may have developed.

The Homestead Rebate is an innovative way to channel property tax relief directly to the home owning taxpayer. Formulas for calculating the amount of rebate, however, have not been as effective as they might be in extending relief to the homeowners who need it most. For this and administrative reasons, I suggest that the Legislature consider a Homestead Rebate fixed in amount with the single provision that it should not exceed 50% of the property tax paid. In 1968, business personal property other than that of telephone and telegraph was removed from the local property tax base. It became the subject of a State imposed Business Personal Property Tax with appropriate replacement distribution to local governments. As an inducement for business development, the Legislature has provided a phasing out of the Business Personal Property Tax during one depreciation cycle.

Separation of real and personal property created some problems of definition. The Legislature should create a Commission to study this problem and propose legislation establishing guidelines for determining whether certain properties shall be real or personal.

The formula distribution of Public Utility Gross Receipts and Franchise Taxes to local taxing districts can be improved. Construction of nuclear generating stations and new utility facilities holds the promise of increasing the number of favored beneficiaries, Public utility revenues are derived from the sale of utility services throughout the State and should be shared in a more defensible manner. In this case the financial hurt to a few districts will be more than offset by a gain to many districts. Pressures of property tax curtailment and budgetary caps make it necessary to distribute all monies in the fairest way possible.

The Retail Sales Tax is the largest single source of state tax revenue in New Jersey. This productive tax was first adopted in 1966. Because it contains numerous exemptions of essential consumption items, it is one of the least regressive sales taxes in the United States. During the years, new exemptions have been added for various purposes. Now that the State tax structure contains the natural sales tax/income tax combination, some of these exemptions may be counterproductive in achieving tax equity. The Legislature should give first attention to a review of all exemptions. The goal must be the preservation of a productive and equitable tax with a minimum of special provisions or unnecessary deductions not consistent with the original purpose.

#### Cooperation with Legislature

The importance of tax legislation has resulted in the Division's attendance at sessions of the Assembly Tax Committee, Senate Revenue and Finance Committee and other appropriate Committees to assist them by presenting factual data in our possession. We shall continue to submit our input to these Committees as needed.

Respectfully submitted,

SIDNEY GLASER, Director, Division of Taxation

# CHAPTER I HISTORY AND SUMMARY

#### **DIVISION HISTORY**

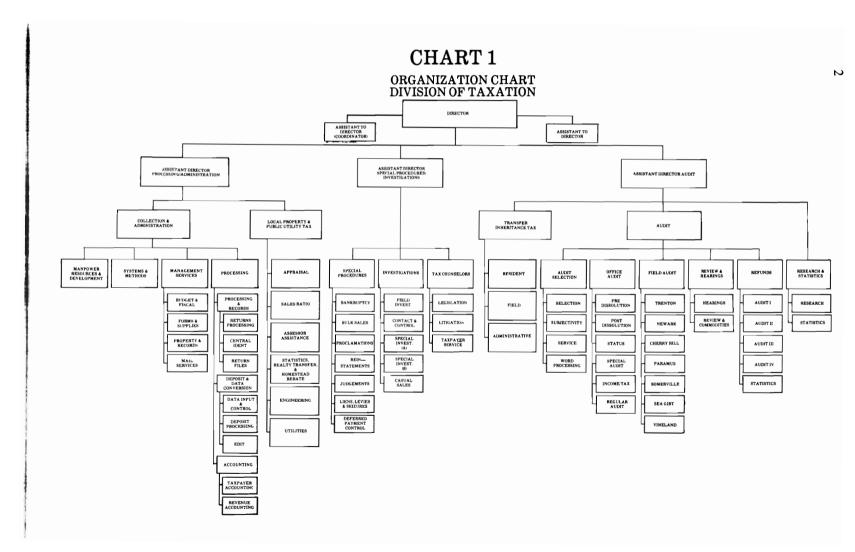

The Division of Taxation was established within the Treasury Department in 1948 (C. 92, P.L. 1948) as a part of reorganization following adoption of a new constitution in 1947. This new Division represented a transfer of functions from a State Department of Taxation and Finance established in 1944 (C. 112, P.L. 1944) which replaced a State Tax Department organized in 1931 (C. 336, P.L. 1931).

Antecedents of the State Tax Department were a State Board of Assessors established in 1884 (C. 208, P.L. 1884) and a Board of Equalization of Taxes established in 1905 (C. 67, P.L. 1905). These two boards were consolidated in 1915 (C. 244, P.L. 1915) forming the State Board of Taxes and Assessment. Establishment of the State Tax Department resulted from a separation of assessment, collection, apportionment and equalization functions from responsibility for hearings and determination of tax appeals. This latter function was assigned to a newly organized State Board of Tax Appeals which continued as the Division of Tax Appeals within the Treasury Department Effective July 1, 1979, the Division of Tax Appeals has been replaced by a Tax Court within the judicial system.

The Division of Taxation is headed by a Director appointed by the Governor with advice and consent of the Senate to serve until a successor shall be appointed and qualified.

Effective September 1970, the Division reorganized itself along functional lines replacing an arrangement based upon ten bureaus, each responsible for a single tax or a group of taxes. Further refinements developed during 1977. Effective September of that year, the Division was reorganized to distribute its activities among three assistant directors (see organization chart):

- 1. A consolidation of all processing and administration functions including Local Property and Public Utility Tax.
- 2. A grouping of Audit, Transfer Inheritance and Research and Statistics functions.
- 3. An expansion of Special Procedures and Investigations, to include Legal and Taxpayer Services.

#### TAX ADMINISTRATION

Tax administration involves collection activities by the State, by counties and by municipalities (local taxing districts). As the State tax administrative agency, the Division exercises varying degrees of responsibility for taxes collected at all levels. These include:

*Tax Collection:* Administration of all taxes collected by the State for State and local purposes except boxing and wrestling, pari-mutuel racing, motor vehicle licenses and fees, outdoor advertising and motor fuels use tax.

*Tax Apportionment:* Assessment and apportionment of taxes upon public utilities and insurance companies for local collection and distribution of State collected revenue for local use.

Services to Local Taxing Districts: Supervision of local assessment standards and procedures, administrative services to local districts and County Boards of Taxation, examination and approval of local tax maps, compilation and reporting of statistical data, preparation of equalization tables, and certification of assessors.

The Division also exercises certain police functions with regard to administration of fair trade practice requirements under the "Unfair Cigarette Sales Act" (C. 247, P.L. 1952) and "An Act To Regulate The Sale of Motor Fuels." (C. 258, P.L. 1952).

#### TAX COLLECTIONS

Collections by the Division during fiscal year ended June 30 totaled \$3.4 billion or 92.6% of all major State tax collections within and outside the Division. This represented an increase of \$275.4 million, or 8.7% over fiscal 1978. The \$3.4 billion collected included \$281.1 million for payment to local governments for their direct support. This 8.2% of Division collections represented \$158.7 million of personal property replacement taxes (save-harmless), \$4.1 million of Class II railroad "replacement taxes," \$2.7 million of financial business taxes, and \$14.2 million of (Corporation Business Tax) Banking Corporation Taxes. Except for Revenue Sharing and Senior Citizen and Veteran Deductions (\$101.4 million), amounts distributed to each county and municipality are shown in Appendix III, Tables 40 and 41. (For details on Revenue Sharing and Senior Citizen and Veteran Deductions, see Table 26).

A description of each tax administered by the Division appears in Chapter VI.

#### TAX APPORTIONMENTS

The Division was responsible for assessing and certifying \$440.4 million of public utility and insurance taxes to municipalities and counties for collection during 1979. As indicated, all taxes apportioned increased \$33.9 million (8.3%) between 1978 and 1979. These revenues are for the sole use of local governments and are not available for State purposes. (See Tables 40 and 41 for amounts apportioned.)

#### SERVICES TO LOCAL TAXING DISTRICTS

The Division supervises and coordinates local property tax procedures in the 21 counties and 567 local taxing districts. Local Property Tax collections totaled \$3.5 billion representing an increase of \$165.3 million over the previous year. This compares with \$3.4 billion in major State tax collections.

The Division also administers the Homestead Rebate Tax Program and provides rebate checks (totaling \$275.5 million in 1979) to eligible homeowners within each taxing district. It apportions \$50 million of general revenue sharing to taxing districts together with reimbursement for veterans and senior citizen deductions (\$51.4 million in 1979).

Local tax collections of \$3.9 billion in 1979 include general property taxes upon real estate, taxes upon personal property of telephone and telegraph companies, Realty Transfer Fees, and Public Utility, and Insurance Taxes apportioned by the State for local collection. State responsibility for collections was 49%.

## **CHAPTER II**

## **PROCESSING AND ADMINISTRATION**

Processing and Administration Activity utilizes approximately 40% of all Division personnel. The Activity is responsible for processing tax returns and forms, deposit of receipts, all administrative functions, and Local Property and Public Utility Tax.

#### MANAGEMENT SERVICES

#### **Property Management**

The Division occupies floor space on seven of the ten floors in the Taxation Building, all three floors of the Mill Hill Processing Center, six field offices located in Paramus, Newark, Somerville, Cherry Hill, Wall Township, and Vineland, as well as two warehourses in the City of Trenton.

#### **Budget and Fiscal**

Budget activities include planning, preparation, and execution of five separate budgets on an annual basis under the zero based budget concept. Individual budgets include; Processing/ Administration; Special Procedures/ Investigations; Audit Services; Gross Income Tax; and the Homestead Rebate Program.

Cost of operating the Division during fiscal 1979 approximated 0.96% of revenues collected.

#### Mail Room

Mail and Mail Insert operation is responsible for proper handling of a large volume of forms, documents, etc. comprising mail services for the entire Division. It also performs mail service for several other state agencies. During 1979, the Mail Room processed over 13.8 million pieces of outgoing mail and over 10 million pieces of incoming mail.

#### Printing and Supplies

All tax forms used by the Division are designed internally and ordered by the Treasury Department Purchase Bureau in accordance with specifications provided by the Printing and Supplies Unit. All office supplies are ordered, received and distributed from a central stock room.

#### **Records Management**

The records management program is designed to store aging records in warehouses at minimum cost in a manner to accomplish retrieval as needed or destruction in accordance with official criteria.

#### **MANPOWER RESOURCES & DEVELOPMENT**

#### Personnel

Although personnel administration and employment records for the Divison are maintained in the personnel office of the Treasury Department, the Division performs day-to-day management services for 1,700 employees. This includes activities associated with new employments, terminations, transfers, leaves of absence, promotions and retirements.

#### **In-Service Training**

A wide variety of in-service training courses for Division personnel range from orientation programs to executive and middle management programs for upper level supervisory personnel. During 1979, 181 persons completed training courses offered by the Department of Civil Service and 115 employees completed job-related evening college courses under a tuition refund plan.

#### SYSTEMS AND METHODS

Systems and Methods Branch conducts "in-house" management studies on a continuing basis. Principle activities during 1979 include the following:

Data Processing—In addition to assisting in development of several new data processing systems, 217 revisions to existing programs were approved and monitored.

*Master File*—The Master File System was expanded to include automation of Corporation Tax refunds. Extensive revisions were also made to eligibility and Special Procedures codes.

*Clerical Work Measurement*—Clerical work measurement studies were conducted to expand the Management Information System and other processing activities.

#### **Major Studies and Activities**

Future equipment requirements and potential use of various business machines were evaluated.

Other studies and activities include: tax forms revisions of Sales and Use Tax, Employer Income Tax, Corporation Business Tax and the Homestead Rebate Claim which are resulting in mailing cost savings estimated to exceed \$200,000; feasibility study of mail carrier service to further reduce mailing costs; implementation of procedures to eliminate Homestead Rebate correspondence backlog; development of procedures for form request information; impact studies of the effect of various legislation upon processing capability and cost effectiveness of data entry productivity.

During the year, 52 employee suggestions were evaluated. Seven suggestions were adopted with a potential savings in excess of \$13,975.

#### PROCESSING

This Branch is responsible for centralized Division services including tax returns and checks, requests for forms, legal questions, general correspondence regarding taxpayer accounts, applications for licenses, Homestead Rebate applications, license fees, and others.

Except for Transfer Inheritance and Local Property and Public Utility Taxes, this Branch processes all tax returns. It also acts as liaison with the Bureau of Data Processing in the control of taxpayer identification, registration, billings, and adjustments to taxpayers' accounts.

#### 12

#### **Returns Processing Section**

Returns Processing received over 8.5 million pieces of mail during 1979. This represented an increase of more than 146,000 items over 1978.

Returns Processing includes extracting, screening, coding, numbering and distribution to appropriate sections within the Division.

More than 95% of all checks received are deposited in the bank on the day received.

\*\*Includes Corporation Business, Financial Business, Insurance Premiums, Savings Institutions, and Bank Stock Taxes.

#### **Data Input and Control Section**

This section is responsible for controlling all computer input and output data generated by processing of tax forms and related documents. It contains three units:

- 1. Data Capture Unit—handling input required to service all computer programs including cash verification, tax return editing and billing, delinquencies, field investigation assignments, audit selection, identification, microfilm and others.
- 2. Data Input and Output Control Unit—control of source documents and input and output reports involves maintenance of control log, delivery of hard copy reports and microfilm, and liaison with Accounting Section and Bureau of Data Processing. With more than 280 separate computer programs and their applications, volume runs into the millions of entries.
- 3. Data Perfection Unit—During fiscal 1979, this Unit completed 25,539 transactions involving batch balancing; 15,000 were directly related to the Gross Income Tax. The Unit also handled approximately 300,000 transactions of edit errors.

#### **Central Identification Section**

Central Identification maintains the Unified Taxpayer File containing appropriate information regarding taxpayer accounts. It consists of five units as follows:

- 1. Changes-Completed over 244,700 changes to the master file.
- 2. New Registration Unit—Coded and examined 45,560 applications and processed 24,000 "New Corporation Control Forms" and 26,000 "Changes to Corporations Identification."
- 3. Correspondence-Typed and mailed more than 150,000 pieces of correspondence and tax returns.
- 4. Edit—Prepared more than 180,000 corrections to Taxpayer's Identification and Cash Records, and processed over 64,000 noncomputer generated or defaced Gross Income Tax Returns.
- 5. Data Input—Entered over 480,000 changes and added over 65,000 new accounts to the Unified Taxpayer File. All additions and changes are immediately available to all users of the system throughout the Division.

The Licenses and Registration Section processes and issues Cigarette and Motor Fuel Licenses involving fees and special types of licenses requiring bonds, and the transfer of Alcoholic Beverage Licenses.

During fiscal 1979, 69,649 licenses and registrations were issued for Cigarette, Motor Fuels and Alcoholic Beverage Taxes as follows:

| Type of License and    | Numb   | Number Issued |  |  |

#### **Revenue and Taxpayer Accounting**

After initial processing, the Accounting Section receives tax returns and reconciles totals of checks and returns for 23 taxes. The checks are deposited to the designated bank accounts and transmittals of income are prepared for entry into the Department of Treasury revenue accounting system. During 1979 more than 3.8 million checks were deposited.

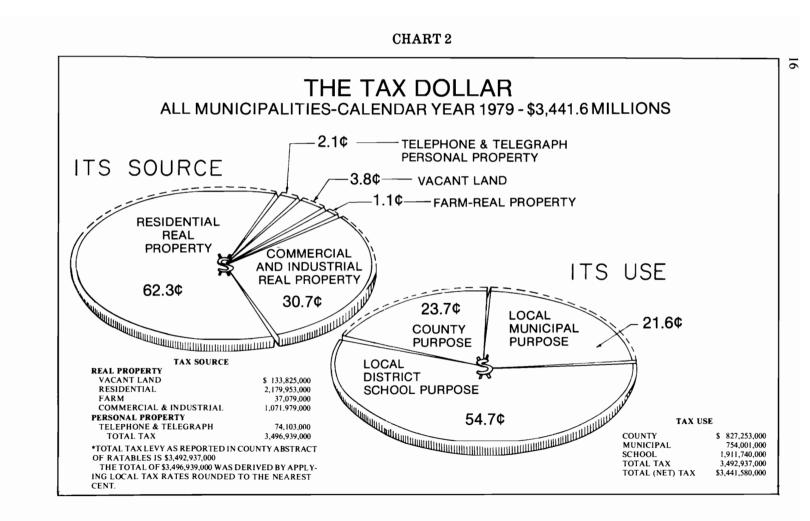

The Taxpayer Accounting Section is responsible for the billing of penalty and/or interest for late filing of returns and reports, and for underpayments of tax liabilities resulting from dishonored checks. Billings during the year totaled approximately 390,000. Collections by this unit were \$10.2 million for fiscal 1979.

This section also monitors Cigarette Tax meters set at the Trenton and six district offices, and designated field banks throughout the State.

The Division is in the process of developing a mechanized deposit preparation and cash receipts accounting system. The primary objectives of this project are to improve control over cash receipts transactions, mechanize the deposit preparation function and reduce the manual bookkeeping effort.

#### **Returns Files Section**

The Returns Files Section maintains a central file of all returns received. It added to the files approximately seven million tax returns received during fiscal 1979. It serves all branches of the Division which require returns or files. More than 480,000 requests for returns and files were completed.

## CHAPTER III LOCAL PROPERTY AND PUBLIC UTILITIES

#### **INTRODUCTION**

Local property taxes are the foundation of New Jersey State and local tax structure. During 1979 this tax produced 51% of all revenues. Continuing progress is evidenced by recent development of statewide standards for County Tax Board rules and regulations.

Principal activities include: (1) administration of public utility and railroad taxes; (2) implementation of standards dealing with County Tax Board rules and regulations, revaluation contracts, certification of assessors, and tax maps; (3) preparation of annual Table of Equalized Valuations and tax abatement statistics; (4) assistance to local property tax administrators; (5) administration of farmland assessments, realty transfer tax, homestead rebates; (6) apportionment to local taxing districts of utility taxes, revenue sharing, personal property replacement, and in lieu payments for state owned properties; (7) service to other departments and individuals.

 TABLE 4

 NEW JERSEY LOCAL PROPERTY TAX GROWTH BY YEARS

#### **IMPLEMENTATION OF STANDARDS**

#### **Revaluation and Reassessment**

Revaluation and reassessment programs are of primary importance in attaining uniform local property tax assessments and are given continual attention. Between 1951 and 1979, 559 local taxing districts undertook 1,250 such programs by professional revaluation firms. In 1979, 37 taxing districts implemented a revaluation.

Chapter 424, P.L. 1971 requires the Division to establish standards to be used in valuation and revaluation for assessment purposes, and to prescribe minimum qualifications for firms and individuals engaged in such activity. The Director must approve any contract for this purpose and must determine that the contractor meets prescribed qualifications. During fiscal 1979, 26 of 26 contracts and/or specifications were approved.

#### **Certification of Assessors**

Chapter 44, P.L. 1967 requires each taxing district to be served by a certified assessor. During fiscal 1979, the Division held two assessor certification examinations. A total of 142 candidates completed this examination in fiscal 1979.

Of the 1,246 persons who have been issued a tax assessor certificate since inception of the program, 526 are presently in office, 301 are no longer in office, 75 are on an assessor's staff, 258 have no connection with an assessor's office, 70 are deceased, 4 have had their tax assessor certificate removed, and 12 are out of state residents.

There are 846 assessor positions in New Jersey of which 740 are filled. 560 Tax Assessor Certificate holders fill 644 of the assessor positions, while 38 of the positions are held by non-certified persons and 58 of the positions are filled by assessors who hold office by statutory provisions allowing anyone who has held office as assessor on a continuous basis since July 1, 1967 to continue in office. 88 certified tax assessors serve more than one taxing district.

#### Tax Maps

New Jersey law (Chapter 18, P.L. 1918 and Chapter 167, P.L. 1939) provides for the preparation of "maps for purposes of taxation in all taxing districts," except townships having populations under 2,500. The Director is responsible for approval of such maps and may direct a municipality in its preparation (N.J.S.A. 40:146–29).

Chapter 424, P.L. 1971, requires inspection of an up-to-date tax map prior to approval of any revaluation contract. Since 1972, 76 taxing districts have developed completely revised tax maps and 246 have had existing maps judged current and usable.

Tax maps have never been approved in 20 taxing districts, including those that are not required to have a map, 251 districts have approved tax maps more than sixteen years old, and the remaining 296 have maps approved since 1960. Some of those not approved recently are maintained on the basis of current specifications.

#### **County Tax Board Rules and Regulations**

Subsequent to adoption of uniform rules and regulations governing County Boards of Taxation (C. 119, P.L. 1973), the Director, in cooperation with members of the County Boards, maintains constant review to keep them current with changes in law and practice.

#### EQUALIZATION AND TAX ABATEMENTS

#### **Equalization Tables**

Each year the Division publishes a Table of Equalized Valuations showing the average ratio of assessed value to true value of real estate in each of the 567 local taxing districts. These tables are certified to the State Commissioner of Education pursuant to Chapter 86, Laws of 1954 (N.J.S.A. 54:1—35.1) for use in calculating and distributing State school aid. Equalized valuations are also the basis for apportioning county taxes among local taxing districts and for apportioning the tax cost of a large number of regional school districts among component taxing districts. Equalized valuations are also the basis for measuring debt limits for local governmental units.

The ratio of assessed valuation to sales price is calculated for each usable sale and all are classified into four groups (vacant land, residential, farm, business<sup>2</sup>). An overall district average weighted ratio is calculated for all classes as a weighted average of separate ratios calculated for each class. This district weighted ratio is applied against aggregate assessed value of the district to determine aggregate "true value."

"True value" is averaged with true value for the preceding year after adjustment for "added and omitted assessments." This averaging has the twoway advantage of avoiding abrupt changes in ratio from year to year and avoiding undue influence of inadequate samples of sales of a single year.

<sup>&</sup>lt;sup>2</sup>Subclassification of business properties into commercial, industrial and apartments has been prepared for statistical purposes.

The average ratio of assessed value to true value of all real estate in 1979 was 73.85%. The statewide average real estate assessment ratio was the composite of various ratios within 567 local taxing districts.

The Table of Equalized Valuations promulgated October 1, 1979 showed that the aggregate assessed valuation of the real property in the State totaled \$95.2 billion and the aggregate true value totaled \$128.9 billion. Total equalized valuation increased from \$116.5 billion in 1978 to \$130.8 billion in 1979, an increase of \$14.3 billion, or 12.3%.

#### **Farmland Assessment**

The "Farmland Assessment Act of 1964" (C. 48, P.L. 1964) provides for preferential assessment of land—"actively devoted to agricultural or horticultural use," at its value for such use rather than market value. Unit values for various types of farmland are jointly determined with the Department of Agricultural Economics and Marketing, Rutgers University.

In 1979 there were 33,957 "line items" of qualified farm assessments comprising 1,200,590 acres or 24.9% of total State area. Although large in area, these farmland assessments represent .31% of the entire property tax base (See Table 5).

#### Water Pollution and Air Pollution Tax Exemption

N.J.S.A. 54:4—3.56 et seq. and N.J.S.A. 13:1 D-7 provide for exempt status of certain air and water pollution control equipment, facilities and devices upon certification by the State Commissioner of Environmental Protection. Ratables exempted under these laws total \$21,286,511.

#### Solar Energy Exemption

Chapter 256, P.L. 1977 provides for the exemption of certified solar heating and cooling systems from real property taxation. The local construction code official is responsible for the certification of such systems when found to be designed primarily as solar heating and cooling systems.

Under the Act, the exemption amount is defined as the difference in the assessed value of the property with and without the certified solar system.

NOTES: 1. Regular farms (land and improvements) are valued by the same standard as other taxable property. Qualified farms (land only) are assessed on basis of agricultural use only upon application of owner.

2. Number of line items cannot be interpreted as the number of farms, some farms encompass more than one line item.

#### **Business Personal Property**

Effective in 1968, all business personal property except that of telephone, telegraph, and messenger system companies was removed from local tax rolls (C. 136, P.L. 1966). A personal property tax replacement program was designed to distribute State collected revenue to municipalities. A "save-harmless" measure assured municipalities of no less than the greater of their business personal property taxes in 1964, 1965, 1966 or 1967 (C. 135, P.L. 1966). Any excess revenues obtained from four replacement tax sources over the "save-harmless" requirement is distributed to all municipalities pursuant to a formula (N.J.S.A. 54:11D-4). The "save-harmless" amount of \$106,835,188 was exceeded in 1975-1976 by \$51,868,646.

Repeal of most replacement taxes was accompanied by legislation providing annual appropriation of not less than \$158,703,834, the amount certified on October 15, 1976 (C.3, P.L. 1977). C.4, P.L. 1977 provided for the repeal of the business personal property tax on all business machinery and equipment acquired on or after January 1, 1977.

#### **Exempt Property Lists**

Legislative provision for payment of in lieu of tax revenues to taxing districts for services rendered to state owned exempt properties placed added emphasis on continuing efforts to attain realistic assessment for all exempt properties. Annual lists of exempt property valuations are compiled.

#### LOCAL SUPPORT AND SERVICES

#### Assistance to County Boards of Taxation

Close contact with the 21 County Boards of Taxation is maintained by correspondence, telephone, and by visits of the field staff. During the year 8,801 calls were made by the field staff for this purpose. Division staff meets monthly with the Executive Committee of the New Jersey Association of County Tax Board Commissioners and Secretaries to discuss problems and plans of the County Boards and assessors. It is through such close cooperation that uniform implementation of new or amended legislation and procedures is developed and maintained.

#### Assistance to Local Assessors

Division field staff maintain regular contact with local assessors to provide direct assistance in solving day-to-day administrative problems. Specialized assistance is provided in the case of property appraisals and methods for assessing unusual or complex properties. New assessors receive special training. During the year 11,130 calls were made by members of the field staff to assist assessors in carrying out the duties of their office. This is an especially significant activity since average annual turnover of assessors in office approximates 12%.

#### **Assessor Training**

Since 1954 the Division has co-sponsored annual in-service training courses for assessors conducted by the Bureau of Government Research at Rutgers, The State University, at strategic locations throughout the State. The Division supplies some of the instructors for courses, is represented on the planning committee and participates in the annual Rutgers Conference for Assessing Officers. The New Jersey Real Property Appraisal Manual, The Handbook for New Jersey Assessors and the Assessors Law Manual are the primary textbooks used in all in-service training courses.

#### **Real Estate Appraisals**

An Appraisal unit is maintained for assistance to assessors in appraisals of special purpose or other properties of unusual character. During fiscal 1979, assistance was given in 62 municipalities on 132 separate properties having an appraised value of \$181,177,082, and appraisals of State owned property valued at \$13,068,800. Valuation data are accumulated as a basis for developing improved property assessment standards for local assessors.

#### Data Processing for Local Tax Rolls

As of 1979, 565 out of 567 taxing districts are using a data processing system developed by the State. These districts contain 2,292,522 "line items" of taxable property—99.85% of State total.

#### HOMESTEAD TAX REBATE

A Homestead Tax Rebate calculated at \$1.50 per \$100 to \$10,000 of equalized value, or two-thirds of equalized value, whichever is less, plus 12.5% of the effective tax rate in the municipality wherein the rebate is claimed, multiplied by \$10,000 of equalized value or two-thirds of equalized value, whichever is less is mailed to each qualified homeowner in New Jersey. (C. 72, P.L. 1976).

More than 1.4 million rebate checks totaling \$275.5 million were mailed to taxpayers on or before July 15, 1979. The average 1979 rebate was \$193.04. Senior citizen homeowners (65 or older), disabled, or surviving spouses (55 or older), received an additional \$50.

#### TAXES ADMINISTERED

#### **Public Utility Taxes**

Adoption of a public utility excise tax for State use (C. 41 and C. 42, P.L. 1963) had the effect of bringing a function of tax administration and collection to an activity which was traditionally involved only in valuation and apportionment functions.

Public Utility Franchise Taxes and Gross Receipts Taxes are apportioned each year to local taxing districts for local collection. Apportionments are based upon gross receipts and scheduled property valuations reported by utility companies to the Division. Addition of the Excise Tax involved an additional computation and assessment of taxes paid directly to the State for State use.

#### **Railroad Taxes**

Local Property administers the Railroad Property Tax and Franchise Tax (pgs. 83 and 85) and determines the amount of State aid payable to 84 taxing districts in lieu of Class II railroad property taxes.

Declining reliance upon railroad taxes due to economic and other changes has created a condition of "phasing out." All railroad taxes are presently collected by the State. Local taxing districts receive payments in lieu of railroad property taxes based on 1966 adjusted valuations. State payments under such formula substantially exceed the amount of railroad taxes collected. Railroad owned property not used for railroad purposes is assessed and taxed locally.

### TABLE 13

### **GENERAL PROPERTY TAXES**

### NET TAX BY CLASS OF PROPERTY - 1979

This table shows in county and state totals general property taxes for 1979 by principal class of property and net residential taxes as a percentage of total (net) tax.

Taxes are derived by applying general property tax rates to assessed values. The total (\$3,496,939,419) differs from amounts shown in County Abstracts of Ratables (\$3,492,936,977) due to rounding of tax rates.

### Residential

Net taxes upon residential properties housing not more than four families after allowing exemptions for disabled veterans and fallout shelters and deductions granted senior citizens and veterans. Veterans deductions may be taken against any property the veteran owns. Full charge to residential may result in some error.

### Commercial

Taxes upon commercial property. These are the "main street" type of properties.

### Industrial

Net taxes upon industrial properties after allowing exemptions for pollution equipment.

#### **Apartments**

Taxes upon residential properties housing more than four families.

### Farms

Taxes upon properties qualified for special assessment under Farmland Assessment Act as well as other farm properties not so qualified.

### Vacant Land

Taxes upon all lands classified as vacant.

### Personal Property

Taxes upon the personal property of telephone and telegraph companies.

# CHAPTER IV AUDIT

Audit Activity involves office and field audits together with back up services and facilities for review and conference audit results. Research and Statistics and Transfer Inheritance Tax are also included under this activity.

### Average Assessment Per Field Auditor

Additional taxes assessed as a result of field audits amounted to \$30.6 million during fiscal 1979.

Additional audit responsibilities with respect to Gross Income Tax required the expenditure of additional time on each audit.

### **Hearings and Conferences**

During fiscal 1979, 661 hearings were held involving assessments of \$22.2 million, an average of \$33,600 per case. In these cases, collections of \$13.7 million were effected and downward revisions in liability of \$8.5 million were determined proper.

### **Audit Review**

All field audits as well as all other field assignments such as bulk sales, certificate of debt, and internal revenue adjustments are subject to review by a central audit review unit. During fiscal 1979, this unit processed 3,552 field audit files and levied 4,619 deficiency assessments totaling \$38.1 million in taxes, penalties and interest.

### **Refund Claims**

Approximately 2.3 million claims for refunds involving \$214.1 million were processed during the year. Of this amount, \$200.5 million was refunded. In addition nearly \$346,000 was collected as a result of refund audits.

Gross Income Tax accounted for 2.2 million claims for refunds and refunds totaling \$137.6 million.

### **Apprehension of Nonfiling Taxpayers**

A by-product of investigation and study leading to audit selection is the discovery of additional tax revenue from corporations doing business in this State but failing to file returns. Another responsibility is the administration of the Corporation Income Tax. During fiscal 1979, audit selection activity produced \$3.8 million in tax revenues from the following sources:

### **Audit Selection**

Audit Selection is responsible for assignment of all audits, both field and office, encompassing all taxes administered by the Division. It also administers the Sales Tax Direct Payment Permits Program and statistical analysis of completed assignments. During 1979 it assigned 9,112 audits to Field and Office Audit teams. Of the 9,112 assignments, 6,302 were completed resulting in assessments of additional tax due, a selection assessment effectiveness of 69 percent.

Audit Selection service includes controlling all audits from date of assignment to date of completion and supplying all necessary support information. During fiscal 1979, it handled 15,020 files, posted 2,629 assessments and processed 2,926 checks.

Word Processing section performs such functions as typing records and processing information and data as a result of the workload provided by the operations of the selection branch and other activities within the Division.

During fiscal year 1979, this operation processed over 157,000 items.

### **RESEARCH AND STATISTICS**

The Division engages in continuous study of tax programs, tax procedures and results. In addition to current analysis, this includes constant review of data originating within and outside the Division as a basis for review and appraisal of results obtained. Anticipation of future tax developments and administrative requirements to facilitate smooth and efficient adjustment to changing circumstances is necessary to minimize emergency or crash programs.

### **Data Gathering**

Records are maintained on a current basis to reflect tax revenues and changes in them. These are the raw materials for use by tax study groups, budget projections, and general information.

Following a long period of legislative activity associated with development of an acceptable program of public school finance, property tax relief, expenditure caps, and an income tax, this year has been one of examination and appraisal of results obtained. New data have become available as a byproduct of the tax reform program and tabulations of them have been made available for further study and analysis.

A number of publications are now available to provide new insight into the financial characteristics of New Jersey taxpayers and the New Jersey economy. The following have been published and the Division plans to continue them on an annually recurring basis.

Average Assessment/Sales Ratios By Taxing District—By Property Class

Coefficients of Deviation-Measures of Property Assessment Uniformity By Taxing District

Average Real Estate Tax Bill By Taxing District—By Property Class

### **Revenue Estimating**

Budget preparation for each fiscal year requires projections of revenues for a year beginning nine months following the first projection made in October and extending to 21 months thereafter. Periodic conferences are held with the Division of Budget and Accounting on the matter of developing realistic revenue expectations. This involves constant review and updating of forecasts to reflect timely change and adjustment. New data indicated in publications listed above have facilitated this estimating process.

Uncertainties associated with the "energy crisis" and various forecasts of economic decline have placed a heavy premium upon close surveillance of changing conditions during the past revenue estimating year. Total revenues estimated for fiscal year 1979 were 99.5% of revenue actually realized.

### Local Property Tax

Legislative provision for state payments to local governments in lieu of taxes on state owned properties called for a close review of the definition, values, and reporting of tax exempt properties in general and state owned properties in particular. New exempt property lists have been developed and refined. Close cooperation is maintained between the Research Section and Local Property and Public Utility Section.

### **TRANSFER INHERITANCE TAX**

In prior years, inheritance taxes were exclusively determined by examiners and billed to representatives of the estate. In 1975, a program was instituted providing for the use of form L-5 together with form L-2 or L-3 where the gross estate is \$100,000.00 or less and the entire estate passes to Class "A" beneficiaries. The use of the form permitted the taxpayer to compute the tax and submit a certified check in full payment of the tax and interest, if any, and to immediately receive the necessary waivers. The estate so processed would be subject to selective audit within six months of the date of the receipt of the form. In a substantial number of these estates, the report and tax were accepted as filed and there was no necessity for multiple handlings. Taxpayers who took advantage of this program effectuated the processing of almost 7,500 estates which would ordinarily have been handled in the usual manner.

During the year, 42,541 estates were carded and 101,130 pieces of mail were processed.

On September 1, 1978 "The Wills and Probate Reform Act of 1978" became effective, which had a very distinct and far reaching effect on the descent and distribution of estates under the intestate law and the general provisions of probating wills and certain rights and remedies affecting the beneficiaries of wills.

# SPECIAL PROCEDURES AND INVESTIGATIONS

Special Procedures and Investigations is concerned primarily with problem taxpayers and legal matters. It also provides a wide range of taxpayer information.

### SPECIAL PROCEDURES

This Branch deals mainly with the collection of overdue tax liabilities but is also involved with criminal and civil proceedings.

## SPECIAL PROCEDURES COLLECTIONS SUMMARIZED

### **Bankruptcies**

The primary function of the Bankruptcy Section is to submit Proofs of Claim to Federal and State courts concerning Straight Bankruptcies, Plans of Arrangement, Reorganizations, Wage Earner Plans, Assignments for the Benefit of Creditors, Receiverships and other insolvency matters.

The Bankruptcy Section received 4,064 notices of insolvency resulting in 518 Proofs of Claim. The difference between the number of notices received and number of Proofs of Claim represented those notices indicating that the bankrupt had no assets.

The assessed value of claims amounted to \$5,422,318. Collections totaled \$853,179.

### **Bulk Sales**

The Bulk Sale Section is responsible for examining tax records of each business which disposes of its assets, either by Sale, Transfer or Assignment, other than in the normal course of business.

Bulk Sale Notices are required under provisions of the Sales and Use Tax Act, the Business Personal Property Tax Act and the State Uniform Commercial Code.

The Section processed 2,100 Bulk Sale notices resulting in collections of \$1,711,017.

### **Condemnations and Foreclosures**

When tax searches conducted in Condemnations and Foreclosures reveal that taxes are due, assessments are made and collections effected.

During the year, 110 requests were processed resulting in collections of \$7,647.

### **Deferred Payment Control**

The function of Deferred Payment Control is monitoring of installment payments received by the Special Procedures Branch under contractual deferred payment plans. A program of computer generated default listing was implemented during the period to identify accounts in arrears in a more efficient manner.

This section realized revenue of \$5,133,815 from 926 accounts during fiscal 1979.

### Judgments

The Judgment Section collects overdue liabilities from taxpayers who neglected or refused to pay taxes and/or file returns through normal channels. The principal statutory remedy invoked is the filing of Certificates of Debt in the Superior Court.

During fiscal year 1979, the Judgment Section processed 6,048 cases and collected \$9,260,104. It also filed 6,011 judgments in the amount of \$34,598,484 with the Superior Court.

### Liens, Levies, and Seizures

During 1979, approximately 1,600 cases were investigated and 2,387 Warrants of Execution were filed. An additional 44 Warrants were executed by county sheriffs. The assets of 86 various businesses were seized in order to effect taxpayer compliance.

Collections totaled \$4,167,414.

### **Proclamations**

"Proclamation lists" of domestic and foreign corporations which are delinquent in the payment of Corporation Business Tax and/or filing of Corporation Business tax returns are certified to the Secretary of State for the purpose of voiding domestic corporate charters and revoking authorities of foreign corporations. Special notices and warnings are issued and every effort made to collect delinquent taxes before revocation occurs.

### Reinstatements

Reinstatement of voided corporate charters may be instituted by petition to the Secretary of State. This petition cannot be filed until the Director of the Division of Taxation certifies to the Attorney General that all tax returns have been filed and all taxes paid.

During 1979, the Reinstatement Section processed 1,438 cases for reinstatement of corporate charters. Total assessments for the year were \$1,951,404. Collections totaled \$1,813,941.

### **Alcoholic Beverage Control Hearings**

The Alcoholic Beverage Law provides for the suspension or revocation of an alcoholic beverage license for the non-payment of any tax due the State. In concert with the Division of Alcoholic Beverage Control, enforcement of this provision involved 249 licensees.

Payment of taxes due and charter reinstatements were effected in 71 cases. Testimony of auditors from the Section resulted in the suspension of 23 licenses at hearings conducted by the Alcoholic Beverage Control Board. Pending action remains on 155 licensees whose corporate charters are void.

The program produced revenue totaling \$355,458.

### **INVESTIGATIONS**

Investigative functions involve securing returns from delinquent taxpayers, collecting tax liabilities, examining licenses and registrations, registering new businesses, and detecting state tax law violations.

### **Field Groups**

Investigators are assigned to seven branch offices located throughout the State. In 1979 they completed 29,575 investigations resulting in total collections of \$6,582,846. Also 36,551 field man-hours were devoted to providing taxpayer information and assistance.

### Special Investigations Unit "A"

Concerned primarily with enforcement of the Cigarette Tax Act and the Unfair Cigarette Sales Act, this group has a secondary function to disclose criminal violations of other tax statutes. Liaison is maintained with state and local law enforcement agencies within and outside New Jersey and with federal agencies.

During fiscal year 1979, this unit was involved in the arrest of 53 persons and the handling of 494 court cases. Awarded to the state were: 36,649 cartons of cigarettes, 4 conveyances and monies in the amount of \$32,095. Prosecutions resulted in sentences totaling 360 jail days and 720 probation days.

### Special Investigations Unit "B"

Concerned primarily with enforcement of Motor Fuels Tax Laws and an Act to Regulate the Retail Sales of Motor Fuels, this group also conducts routine motor fuel investigations dealing with special fuels, licensing and taxpayer complaints.

During fiscal 1979, Unit "B" collected \$5,667,386. It also assessed \$12,038,561, subject to further investigation and audit.

### **Contact & Control**

During fiscal 1979, the Contact & Control Section completed 108,695 assignments—40,030 by telephone or letter and 68,665 by research. This is an increase of 24,540 completions over the previous year and revenue from this work totaled \$1,554,651. Also \$9,994,013 was received from taxpayer service operations in the branch offices.

### Motor Vehicle Casual Sales

The Casual Sales Section reviews and processes information received from the Division of Motor Vehicles to determine whether the proper amount of tax was paid on the transfer of a motor vehicle or a boat from one individual to another.

During fiscal 1979, 62,653 letters were mailed to taxpayers resulting from the sales of motor vehicles or boats and 2,853 field assignments were initiated.

### TAX COUNSELOR SECTION

Tax Counselor Section provides answers to legal questions which arise in the Division. It acts as a liaison between the Division and the Office of the Attorney General. It also coordinates Division activities with regard to information given to the public.

#### **Taxpayer Information Section**

New Jersey's taxpayer assistance program includes walk-in facilities, a hotline, speaking engagements, business seminars and form distribution. State Tax News contains recent tax legislation, changes in Division policy, and general tax information distributed to professional business people throughout the nation. Tax Times, an internal newsletter, highlights employees' personal and occupational achievements as well as activities within the Division.

A sophisticated telephone system was installed during 1979 with 40 positions to handle incoming calls. Over 242,300 calls were answered. An average call lasted 2½ minutes. Monitoring capacity of the system provided maximum assurance of accuracy and uniformity of information.

Another area of major improvement was in the distribution of tax forms. For the first time, form orders were solicited in advance of the tax season through the mailing of a Form Order Request Booklet (Publication 65). A minimal charge on the bulk orders was imposed to defray Division costs. Over 8,000 tax practitioners took advantage of this new improved system. In addition, advanced form requests were processed for more than 1,000 distribution points (i.e. banks, post offices, etc.). No charge was imposed for the latter requests.

# ALCOHOLIC BEVERAGE TAX

Citation: The Alcoholic Beverage Tax Law: N.J.S.A. 54:41-1 et seq.

### DESCRIPTION

Alcoholic Beverage Tax is applied to the first sale or delivery to retailers in New Jersey and is based upon the number of gallons sold or otherwise disposed of in the State. The tax is collected from licensed manufacturers, wholesalers, and State beverage distributors.

### HISTORY

After repeal of the 18th Amendment to the U.S. Constitution, New Jersey enacted a tax on the sale of malt and vinous liquors effective April 6, 1933. Sales of ale, beer, lager, porter and wine having an alcoholic content not greater than 3.2% were taxed at the rate of \$.03 per gallon (C. 85, P.L. 1933).

Enactment of the Alcoholic Beverage Tax Act effective December 5, 1933 imposed rates of 3-1/3 cents per gallon of beer and 1.00 per gallon of liquor (C. 434, P.L. 1933).

Tax rate on liquor was increased in 1947 to \$1.50 per gallon (C. 18 P.L. 1947); in 1963 to \$1.80 per gallon (C. 43, P.L. 1963); in 1969 to \$2.30 per gallon (C. 52, P.L. 1969); and in 1972 to \$2.80 per gallon (C. 52, P.L. 1972).

### **EXEMPTIONS**

- (1) Sales to organizations of Armed Forces Personnel.
- (2) Sales under R.S. 54:43-2 for Medicinal, Dental, Industrial and other Non-Beverage Use.

# **BUSINESS PERSONAL PROPERTY TAX**

**Citation:** The Business Personal Property Tax Act: N.J.S.A. 54:11A—et seq.

### DESCRIPTION

Business Personal Property Tax applies to individuals, partnerships, corporations, and associations which own tangible personal property used in business in this State. The tax base, referred to as taxable value, is 50% of original cost.

### HISTORY

Business Personal Property Tax was adopted in 1966 as part of a Business Personal Property Tax Replacement Program designed to exempt business personalty from local taxation (except business personalty of telephone and telegraph companies). It took effect in 1968 (C. 135, P.L. 1966) and provided for replacement tax revenues to be collected by the State for distribution to taxing districts.

The State-administered Business Personal Property Tax with the exception of this tax upon banking corporations was one of the four replacement taxes which constituted the replacement program. The other replacement taxes were: The Corporation Business Tax (1.25% of the net income tax base), the Retail Gross Receipts Tax and the Unincorporated Business Tax.

This program was terminated (C.3, P.L. 1977). See page 22.

Banking Corporations became subject to Business Personal Property Tax effective January 1, 1975 (C. 170 and 171, P.L. 1975).

Business machinery and equipment acquired on or after January 1, 1977 is exempt from Business Personal Property Tax (C. 4, P.L. 1977).

### EXEMPTIONS (54:11 A-2(b))

# **CIGARETTE TAX**

Citation: The Cigarette Tax Act: N.J.S.A. 54:40A-1 et seq. Unfair Cigarette Sales Act of 1952, N.J.S.A. 54:7-18 et seq.

### DESCRIPTION

Cigarette Tax applies at 19¢ per package of 20 cigarettes. The Tax is collected primarily from licensed distributors who receive the cigarettes directly from out-of-state manufacturers. Unless otherwise provided by law, every package of cigarettes must be stamped before being transferred from the original acquirer in New Jersey. Other tobacco products are not taxed.

### HISTORY

Effective July 1, 1948, the Cigarette Tax was first imposed at 3¢ per pack (C. 65, P.L. 1948). Provision was made for issuing licenses to distributors, wholesalers, over-the-counter retail dealers and vending machine dealers. Distributors were granted a 5% discount on sales of stamps totaling \$100 or more as compensation for handling and affixing revenue stamps to cigarette packages before delivery to wholesale or retail dealers. In 1952 the Unfair Cigarette Sales Act was adopted to prevent "unfair competition" and "unfair trade practices" in sales of cigarettes (C. 247, P.L. 1952). Also effective in 1952 were increases in license fees: from the original \$250 to \$350 for distributors and from \$100 to \$200 for wholesale dealers. The wholesale dealer license fee was increased to \$250 in 1971. Effective June 4, 1968, the discount rate became a percentage of the face amount of any sales of 1,000 stamps or more (C. 51, P.L. 1968).

Tax rate and discounts provided to distributors have changed as follows:

# **CORPORATION TAX** (a) CORPORATION BUSINESS TAX

(The Corporation Business Tax consists of Corporation Net Worth and Corporation Net Income Taxes.)

Citation: The Corporation Business Tax Act: N.J.S.A. 54:10A-1 et seq. (C. 162, P.L. 1945 as amended and supplemented).

### DESCRIPTION

Corporation Business Tax Act imposes a franchise tax for the privilege of having or exercising a corporate charter or doing business employing or owning capital or property or maintaining an office in New Jersey. The tax is applicable to every corporation, not expressly exempted, falling within any one of the following categories:

- (a) Existing under the laws of New Jersey;
- (b) A foreign corporation,
  - (1) Holding a general certificate of authority issued by the Secretary of State;
  - (2) Holding any other authorization to engage in corporate activity within New Jersey issued by any other State Agency;
  - (3) Doing business in New Jersey;
  - (4) Employing or owning capital and/or property in New Jersey;
  - (5) Maintaining an office in New Jersey.

The tax is measured by that portion of the corporation net worth (or other alternative minimum net worth tax bases) and net income allocable to New Jersey. The tax applies to Net Worth and/or Net Income for the firm's accounting period (calendar year or fiscal year), or any part thereof, during which the corporation has a taxable status within New Jersey.

### HISTORY

Corporation Business Tax dates back to 1884 when a franchise tax was imposed upon all domestic corporations. Between 1884 and 1946, the franchise tax was based upon the total amount of capital stock issued by the taxpayer and outstanding as of January 1 of each year (C. 159, P.L. 1884).

There was no franchise tax on foreign corporations prior to 1936, when provision was made for an annual tax (C. 264, P.L. 1936). This tax was replaced in 1937 (C. 25, P.L. 1937) with a new franchise tax providing for allocation of capital stock of foreign corporations.

Effective January 1, 1946 (C. 162, P.L. 1945), the tax became a net worth tax applicable to both domestic and foreign corporations and measured by net worth allocated to New Jersey. Allocation was measured by the greater of an assets factor or a three-part business factor (property, sales and payroll).

Chapter 88, Laws of 1954 increased the net worth tax on allocable net worth from 8/10 mills per \$1 to 2 mills per \$1.

Chapter 63, Laws of 1958, amended the Corporation Business Tax Act by adding to the tax based upon allocated net worth a tax at  $1\frac{3}{4}\%$  based upon allocated net income. The 1958 amendment also changed the tax year from a calendar year for all corporations to a privilege period coinciding with the accounting year for each taxpayer.

Chapter 162, Laws of 1959 reduced the net income tax base from 15% to 4% of adjusted net income for companies entitled and electing to file as regulated investment companies.

Chapter 190, Laws of 1959 provided a short tax table for companies electing to be taxed on their total assets only and having less than \$150,000 of total assets.

Chapter 134, Laws of 1966 revised the Corporation Tax as follows:

- increased the net income tax rate from 1¾% to 3¼% effective January 1, 1967;
- (2) for domestic corporations, eliminated the allocation to New Jersey of 40% of intangible assets having a business situs outside the state;<sup>1</sup>
- (3) added an alternative minimum net worth tax based on the number of authorized shares of domestic corporations;
- (4) changed the allocation of sales receipts to destination basis for purposes of computing the busines allocation factor (receipts being allocable to New Jersey only if shipment is made to a customer in New Jersey);
- (5) changed the due date of returns and payments to the fifteenth day of the fourth month following the close of the taxpayer's accounting period.

Chapters 112 and 250, P.L. 1968 introduced several changes, the most significant of which are indicated below:

- increased net income tax rate from 3¼% to 4¼%, effective January 1, 1968;
- (2) provided for reduction in book value of a parent corporation for investments in capital stock of subsidiaries;
- (3) excluded dividends received from subsidiaries from the net income tax base.
- (4) eliminated the asset allocation factor;
- (5) eliminated intangible personal property when computing the minimum tax based on assets located in New Jersey;
- (6) provided for prepayment of the tax.

Chapter 93, P.L. 1970 added another alternative minimum net worth tax for domestic corporations only: 11/100 of a mill per dollar of total assets. It also provided for a deduction for subsidiaries which are taxed in New Jersey under laws other than the Corporation Business Tax Act.

Chapter 25, P.L. 1972 increased the net income tax rate from  $4\frac{1}{4}\%$  to  $5\frac{1}{2}\%$  effective January 1, 1972.

Chapter 21, P.L. 1975 increased the prepayment from 50% to 60% effective February 28, 1975.

<sup>&</sup>lt;sup>1</sup>In 1945 the percentage of intangible assets having a business situs outside of New Jersey allocable to New Jersey for tax purposes was 100% (C. 162, P.L. 1945). In the same year the percentage was reduced to 50% (C. 459, P.L. 1945). It was further reduced to 40% in 1955 (C. 88, P.L. 1954).

Chapter 162, P.L. 1975 increased net income tax rate from  $5\frac{1}{2}\%$  to  $7\frac{1}{2}\%$  effective January 1, 1975.

Chapter 170, P.L. 1975 repealed the exemption for banking corporations (including national banks) for the 1976 privilege year and thereafter.

Chapter 171, P.L. 1975 made corporations doing a financial business subject to a tax for accounting periods ending after December 31, 1974.

### EXEMPTIONS

- (1) Agricultural Cooperative Associations;
- (2) Building and Loan Association and Savings and Loan Associations;
- (3) Certain Federal Corporations;
- (4) Corporations created under the Limited-Dividend Housing Corporations Law;
- (5) Cemetery Corporations;
- (6) Non-profit Corporations without capital stock;
- (7) Non-stock Mutual Housing Corporations;
- (8) Railroad and Canal Corporations;
- (9) Street Railway, Gas, Light, Power and Other Corporations Using the Public Streets;
- (10) Utilities Subject to Gross Receipts Tax and Insurance Companies Subject to premium tax.

### RATE OF TAX

FIRST, a tax of  $7\frac{1}{2}\%$  upon entire net income, or such portion thereof as may be allocated to New Jersey. There is no minimum net income tax.

SECOND, a tax measured by that portion of entire net worth allocated to New Jersey and multiplied by the following tax rates:

On the first 100,000,000 of allocated net worth, 2 mills per dollar; on the second 100,000,000 of allocated net worth, 4/10 of a mill per dollar; on the third 100,000,000 of allocated net worth, 3/10 of a mill per dollar; over 300,000,000 of allocated net worth, 2/10 of a mill per dollar.

Minimum tax applies to the net worth portion of the Corporation Business Tax.

Minimum Tax: The Corporation Business Tax Act provides for minimum tax liabilities. The following summary of minimum tax requirements does not apply to an Investment Company or a Regulated Investment Company. The definition and special treatment of such companies is discussed in a later section of this chapter (see pg. 60).

The tax payable under the net worth base shall not be less than the greatest of the amounts computed under (A), (B) or (C) below:

(A) 5/10 of a mill per dollar on the first \$100,000,000 of the average value of the taxpayer's real and tangible personal property allocated to New Jersey; and 2/10 of a mill per dollar on all such assets in excess of \$100,000,000.

(B) For New Jersey Corporations only:

(1) for accounting periods ending after June 30, 1967 and prior to July 1, 1970, a tax based on the number of shares of stock that a corporation is authorized to issue, as of the close of the calendar or fiscal accounting period covered by a return, as follows: where the authorized capital stock does not exceed 5,000 shares, \$25; where the authorized capital stock is in excess of 5,000 shares but does not exceed 10,000 shares, \$55; and where the authorized capital stock exceeds 10,000 shares, \$55 for the first 10,000 shares and \$27.50 for each additional 10,000 shares or part thereof. The total tax on this basis may not exceed \$100,000.

Or (2) for accounting periods ending after June 30, 1970, the least of the following:

(a) a tax based on the number of shares of stock that a corporation is authorized to issue at rates indicated under (B) (1) above;

or (b) 11/100 of a mill per dollar of the total assets of the corporation;

or (c) \$100,000;

(C) In the case of a Domestic Corporation, \$25; and in the case of a Foreign Corporation, \$50.

Short Tax Table: In lieu of the tax based on allocated net worth, subject to minimum tax regulations, any taxpayer having less than \$150,000 of total assets everywhere may determine its net worth tax liability on the basis of a short tax table. An election to file on the short tax table or on the long form may not be changed after the due date of a particular return has passed.

Short Form: Beginning in 1973, non-allocating companies whose assets are less than \$150,000 and whose gross income does not exceed \$60,000 may use a 2-page form instead of the 8-page form in general use. For the 1975 tax year, the gross income amount was increased to \$100,000.

### TAX PREPAYMENTS

In addition to the tax due, for accounting periods ending March 31, 1968, and thereafter, a prepayment of tax for the following year must also be made. Credit against the current year's tax liability for such prepayments is allowed.

### **BANKING AND FINANCIAL CORPORATIONS**

Banking and Financial corporations are subject to the Corporation Business Tax Act at the rate 7.5% on net income, plus the tax on corporate net worth of two mills per \$1.

Chapter 170, P.L. 1975 provides that during each of privilege years 1976, 1977 and 1978, the amount paid by each banking corporation as taxes shall be the greater of (1) the amount which such banking corporation paid in calendar year 1975 as Bank Stock Tax, or (2) a sum equal to total of taxes paid by such banking corporation as Corporation Business Tax and Business Personal Property Tax.

Formerly banks were subject to a tax of 1.5% on net worth under the Bank Stock Tax Act. Bank Stock Tax was formerly administered by the Division of Taxation and the 21 separate County Boards of Taxation. The corporate tax upon banks is now solely administered by the Division.

Financial business corporations were formerly subject to the Financial Business Tax Act. These included such corporations as small loan companies and mortgage finance companies which are now subject to the Corporation Business Tax Act. Financial Businesses not operating in a corporate capacity remain subject to the Financial Business Tax Act. Both taxes are administered by the Division. Chapter 171, P.L. 1975 provides that during each of the years 1976, 1977 and 1978, each financial business corporation shall pay as taxes, the greater of a sum equal to the amount such financial business corporation paid under the Financial Business Tax Act in the calendar year 1975, or a sum equal to the total of the taxes payable by such financial business corporation pursuant to the Corporation Business Tax Act. Chapter 40, P.L. 1978 extends the save harmless provision through 1979.

### **INVESTMENT COMPANIES**

"Investment company" means any corporation whose business during the period covered by its report consisted, to the extent of at least 90% thereof, of holding, investing and reinvesting in stocks, bonds, notes, mortgages, debentures, patents, patent rights, and other securities for its own account, but this shall not include any corporation which: (1) is a merchant or a dealer of stocks, bonds and other securities, regularly engaged in buying the same and selling the same to customers; or (2) had less than 90% of its average gross assets in New Jersey, at cost, invested in stocks, bonds, debentures, mortgages, notes, patents, patent rights or other securities or consisting of cash on deposit during the period covered by its return.

"Regulated investment company" means any corporation which, for a period covered by its report, is registered and regulated under the Investment Company Act of 1940 (54 Stat. 789), as amended.

A taxpayer qualifying and electing to be taxed as an Investment Company is subject to an allocation percentage of 25% of the net worth base and 25% of the net income base.

In addition, a tax prepayment must also be made for Investment Companies and these Investment Companies are subject to a minimum tax of \$250.00 for combined net worth and net income obligations.

A taxpayer qualifying and electing to be taxed as a *Regulated Investment* Company is subject to an allocation percentage of 15% of the net worth base and 4% of the net income base.

### DEFERRED DISSOLUTION PAYMENT

Chapter 367, P.L. 1973 approved in 1974 eliminates the requirement for a certificate obtained in case of merger or consolidation involving a domestic or foreign corporation qualified to transact business in New Jersey. It also provides alternatives to actual payment of taxes, or payment on account of such taxes by providing in lieu thereof, for a written undertaking to be given by a domestic corporation, or a foreign corporation authorized to transact business in New Jersey, to pay all taxes when payable on behalf of a corporation which otherwise would have to pay all taxes prior to taking certain corporate actions.

### **ALLOCATION FACTOR**

If the taxpayer had a regular place of business outside New Jersey its tax liability is measured by:

- (a) net income allocated to New Jersey, according to a formula based on property, sales and payroll; and
- (b) net worth allocated to New Jersey according to the same three factor formula, subject to the aforementioned alternative minimum net worth tax bases.

# **EMERGENCY TRANSPORTATION TAX**

**Citation:** The Emergency Transportation Tax Act: N.J.S.A. 54:8A—1 *et seq.* 

#### DESCRIPTION

This is a graduated tax based on the income of New Jersey resident derived from sources within a "critical area State" other than New Jersey and on the income of residents of another "critical area State" derived from sources within New Jersey. The State Transportation Commissioner determines the "critical area State" and certifies such State to the State Treasurer within 40 days after the first day of each year. New York has been certified as a "critical area State." By regulation of the Director of the Division of Taxation, New Jersey residents subject to the tax who have filed a return with the State of New York and have paid the tax due to that State are not required to file a return or pay this tax with New Jersey for said tax years.

## HISTORY

Under the Emergency Transportation Tax Act as enacted in 1961 (C. 32, P.L. 1961), the original tax rate was graduated from 2%—10% upon entire net income other than capital gains and from 1%—5% upon income from net capital gains. Shortly after its introduction, the Act was amended to bring definitions of terms, deductions, exemptions, etc., into closer conformity with the New York Personal Income Tax laws (C.129, P.L. 1961).

Certain requirements for fiduciary and partnership returns were eliminated in 1962 (C.70, P.L. 1962) and in 1965 (C.279, P.L. 1964), the act was amended to bring it into conformity with the U.S. Revenue Act of 1964.

In 1968, four additional tax brackets were added to the schedule of graduated rates. The new range from 2% to 14% was consistent with the New York State rate structure (C. 36, P.L. 1968). In 1969, the Act was extended to December 31, 1980 (C.36, P.L. 1969) and in 1970 was amended to recognize certain changes in Federal Internal Revenue Code introduced in 1969 (C.304, P.L. 1970).

Effective January 1, 1972 were a number of changes which included (1) an increase in the tax rate for taxpayers whose taxable income exceeds \$25,000 from 14% to 15%, (2) a  $2\frac{1}{2}\%$  surcharge, (3) exemption provisions for taxpayers with low income by establishing a new minimum standard deduction, (4) increase in tax rate for tax preference income from 3% to 6%, (5) repeal of the statutory tax credit, and (6) an increase in the tax rate on long-term capital gains from 50% to 60% (C. 12, P.L. 1972).

A taxpayer subject to this law pays the greater of this tax or the New Jersey Gross Income Tax (P.L. 1976, C. 47, C. 65 and C. 66).

The amount of tax which exceeds that due under the New Jersey Gross Income Tax Act is to be deposited in the Transportation Benefits Fund or the Transportation Fund, established by the two commuter tax acts. This money is dedicated to the improvement of transportation and transportation facilities in the critical areas covered by the acts.

The amount of tax liability which is due under the New Jersey Gross Income Tax Act is to be deposited in the Property Tax Relief Fund established under that act.

## **RATE OF TAX**

Graduated from 2% on taxable income not exceeding \$1,000 to 15% on amounts in excess of \$30,000.

## **EXEMPTIONS**

Personal exemptions are as follows:

- (1) Single taxpayer, \$650, additional \$650 for taxpayer's spouse when separate return is filed and spouse has no gross income.
- (2) Taxpayer 65 years of age or over, additional \$650; and if such taxpayer's spouse is also over 65, additional \$650.
- (3) Blind taxpayers, additional \$650; and if such taxpayer's spouse is also blind, additional \$650.
- (4) Dependent, \$650.

## **STANDARD DEDUCTIONS**

The standard deduction is 15% of gross income or \$2,000, whichever is less. A minimum standard deduction of \$1,000 is allowed to an unmarried individual and \$1,500 to a head of household, surviving spouse with dependent child, and husband and wife.

#### WITHHOLDING REQUIREMENTS

Employers are required to withhold tax and to remit withholdings quarterly.

# FINANCIAL BUSINESS TAX

Citation: The Financial Business Tax Law: N.J.S.A. 54:10B-1 et seq.

## DESCRIPTION

Incorporated Financial Businesses became subject to Corporation Business Tax effective January 1, 1975.

Financial Business Tax continues to apply to any partnership, limited partnership, limited partnership association or any other unincorporated association or individual doing a financial business. The tax is based upon net worth at the rate of  $1\frac{1}{2}\%$  for the privilege of doing a financial business in New Jersey.

## HISTORY

Financial Business Tax was adopted in 1946 at ¾ of 1% (C. 174, P.L. 1946). Revenue was equally distributed between municipalities and counties.

Rate was increased to  $1\frac{1}{2}\%$  in 1970 and the State became a recipient of revenues (C. 9, P.L. 1970). One-half of the tax is for general State use; one-half is distributed equally between the municipality and county in which the taxpayer has a place of business.

Effective January 1, 1975, Incorporated Financial Businesses became subject to Corporation Business Tax (C. 171, P.L. 1975). Unincorporated Financial Businesses continue to be subject to the tax.

## **EXEMPTIONS**

- (1) National banks;
- (2) Production Credit Association (Farm Credit Act of 1933);
- Stock and mutual insurance companies authorized to do business in New Jersey;
- (4) Security dealers or brokers, investment companies, or bankers not employing monied capital coming into competition with the business of national banks;
- (5) Credit Unions;<sup>1</sup>
- (6) Savings banks, Savings and Loan Associations and Building and Loan Associations;<sup>1</sup>
- (7) Pawnbrokers;<sup>1</sup>
- (8) State banks and trust companies, and
- (9) Financial corporations.

## **RATE OF TAX**

 $1\frac{1}{2}\%$  of taxable net worth. For a taxpayer doing business in more than one State, the tax base becomes net worth allocable to New Jersey. Allocation is determined by comparing gross business in New Jersey with gross business everywhere, during the tax year. Minimum tax is \$25.

Exempt only if organized under Laws of New Jersey.

# **GROSS INCOME TAX**

Citation: The New Jersey Gross Income Tax, N.J.S.A. 54A:1-1 et seq.

## DESCRIPTION

This is a graduated tax based on income earned or received on or after July 1, 1976 by New Jersey resident and non-resident individuals, estates and trusts.

## HISTORY

The Gross Income Tax was enacted July 8, 1976, retroactive to July 1, 1976 (C. 47, P.L. 1976).

Pension income for those eligible for Social Security by reason of age or disability is exempt as follows: First \$10,000 for a married couple filing jointly; \$5,000 for a married person filing separately; and \$7,500 for a single taxpayer (C.40, P.L. 1977).

C. 273, P.L. 1977 extends the exclusion allowed for pensions to other types of retirement income. The exclusion applies to taxpayers who are 62 years of age or older and whose earned income is not more than \$3,000.

## **RATE OF TAX**

Graduated from 2% on taxable income not exceeding \$20,000 to  $2\frac{1}{2}\%$  on amounts in excess of \$20,000.

## **EXEMPTIONS**

- (1) Taxpayer, \$1,000.
- (2) Taxpayer's spouse who does not file separately, \$1,000.
- (3) Taxpayer 65 years old or more, \$1,000; also \$1,000 for spouse who is 65 years old or older who does not file separately.
- (4) Taxpayer blind or totally disabled, \$1,000; also, on joint return, \$1,000 for blind or disabled spouse.
- (5) For each dependent \$1,000, plus an additional \$1,000 for each dependent child who attends, full time, an institution of higher education.

## DEDUCTIONS

- (1) Payments of alimony or for separate maintenance are deductible to the payer if reported as income by the payee.
- (2) Unreimbursed medical expenses in excess of 2% of gross income.

## CREDITS

- (1) \$65 for a qualified residential tenant or shareholder in a co-operative. A retroactive amendment provides that shareholders in co-operatives and mutual housing corporations qualify for the homestead rebate and not for the tenants' tax credit (C. 241 and 242, P.L. 1977). This increases to \$100 if the tenant is 65 years or older, permanently and totally disabled or the surviving spouse, 55 years or older, of a deceased senior citizen renter and has remained unmarried.
- (2) Amounts withheld by an employer and payments of estimated tax.
- (3) Payments of income or wage tax imposed by another state (or political subdivision) or by the District of Columbia, with respect to income subject to tax under this act. This shall not exceed the proportion of tax otherwise due that the amount of the taxpayer's income bears to the taxpayer's entire New Jersey income.

## WITHHOLDING REQUIREMENT

Employers are required to withhold the tax and remit withholdings monthly; if withholdings are expected to be \$18,000 or more for a semi-annual period, withholdings are remitted semi-monthly. (C. 43, P.L. 1978 permits quarterly filings in certain cases).

# **INSURANCE PREMIUMS TAX**

Citation: The Insurance Premiums Tax Law: N.J.S.A. 54:16-1 et seq.; 16A-1 et seq.; 54:18A-1 et seq.; 54:17-4 et seq.

## DESCRIPTION

Insurance Premiums Tax applies to premiums collected on insurance risks in this State during the preceding calendar year. The tax applies to every stock, mutual and assessment insurance company organized or existing under any general or special law of this State or any other state or foreign country transacting business in this State.

Taxable premiums of life insurance companies include all gross contract premiums except premiums for reinsurance and annuity considerations, less certain specified deductions. Non-life companies generally are taxed upon gross premiums and assessments except reinsurance premiums less certain deductions. The tax on marine companies is based upon annual underwriting profits, and the tax on foreign fire insurance companies is based upon taxable premiums. Workmen's compensation insurers are taxed upon net premiums received.

## HISTORY

The first Insurance Premiums Tax in New Jersey was enacted in 1885, at a rate of 35/100ths of 1% on total gross insurance premiums. The law was significantly changed in 1945, at which time the rate of 2% was established (C. 132, P.L. 1945). The law has existed basically unchanged to the present day with the tax rate remaining at 2%.

Chapter 231, P.L. 1950 provided for retaliatory provisions which subject foreign insurance companies to not less than the rate of tax that the home states of such companies impose on New Jersey insurance companies.

Legislation adopted in 1966 provided for prepayment of the tax (C. 3, P.L. 1966).

## **RATE OF TAX**

2% on premiums of life and non-life insurance companies, except for the following: group accident and health insurance premiums, 1%; on ocean marine, 5% of three-year average of underwriting profits; additional  $\frac{1}{4}$  of 1% on workmen's compensation premiums; surcharge of 3% against insured on surplus lines coverage. For both life and non-life insurance companies the maximum taxable premiums may not exceed a sum equal to  $12\frac{1}{2}\%$  of the total premiums collected.

## **DISPOSITION OF REVENUES**

Revenues are deposited in the State Treasury for general State use, with the following exceptions:

Insurance premium taxes collected from fire insurance companies of other states and foreign countries on premiums of insurance against fire insurance risks in this State are allocated for distribution to the New Jersey Firemen's Home and the New Jersey State Firemen's Association (\$1,593,838).

# LOCAL PROPERTY TAX

Citation: The Local Property Tax: N.J.S.A. 54:4-1 et seq.

#### DESCRIPTION

An *ad valorem tax*—The local property tax is measured by property values and is apportioned among taxpayers according to the assessed value of taxable property owned by each taxpayer. The tax applies to real estate and tangible personal property of telephone and telegraph companies.

A *local tax*—The property tax is a local tax assessed and collected by municipalities for the support of municipal and county governments and local school districts. No part of it is used for support of State government.

Amount of tax (a residual tax)—The amount of local property tax is determined each year, in each municipality, to supply whatever revenue is required to meet budgeted expenditures not covered by monies available from all other sources. School districts and counties notify municipalities of their property tax requirements. Municipalities add their own requirements and levy taxes to raise the entire amount. As a residual local tax, the total property tax is determined by local budgets and not by property valuations or tax rates.

*Property assessment* (the tax base)—All taxable property is assessed (valued for taxation) by local assessors in each municipality. Assessments are expressed in terms of "taxable value," which is that percentage of "true value" (not lower than 20% or higher than 100% in multiples of 10) established by each county board of taxation, except for qualified farm land, which is specially valued.

## HISTORY

It may be said that the property tax originated in 1670 with a levy of one half penny per acre of land to support the central government. Through the middle of the 19th century property taxes were levied upon real estate and upon certain personal property at arbitrary rates within certain limits called "certainties." In 1851 the concepts of a general property tax and uniform assessments according to actual value were developed (Public Laws 1851, p. 273). For almost a century following the 1851 legislation a continuing effort was made to accomplish uniform taxation under a general property tax. In 1875 a constitutional amendment provided that "property shall be assessed for taxes under general laws and by uniform rules according to its value" (Article IV, Section VII, Paragraph 12). Courts held that the 1875 amendment permitted classification of property for tax purposes and also exemption of certain classes from taxation, or the substitution of other kinds of tax "in lieu." Thus began a long period of erosion of the "general property tax" concept. In 1884 a State Board of Assessors was created and given responsibility for assessment of railroad and canal property, thus setting the pattern for State assessment of certain classes of property.

Intangible personal property was eliminated from the "general property tax base" in 1945 (replaced with a corporation net worth tax). Such elimination shifted the emphasis for tax reform to tangible personal property.

The New Jersey State Constitution adopted in 1947 provided (Article VIII, Section 1) "Property shall be assessed for taxation under general law and by uniform rules. All real property assessed and taxed locally or by the State for allotment and payment to taxing districts shall be assessed according to the same standard of value, except as otherwise permitted herein, and such property shall be taxed at the general tax rate of the taxing district in which the property is situated, for the use of such taxing district."

This was interpreted to preclude any classification of real estate but to leave the door open for classified taxes upon personal property. In 1963 the Constitution was amended to permit assessment of farm property according to its value for agriculture use only. Chapter 51, Laws of 1960 (effective for the tax year 1965) provided for such classification and also provided other significant modifications. These were comprehensively summarized in prior Annual Reports.

Personal property provisions of Chapter 51, Laws of 1960 were replaced by Chapter 136, Laws of 1966. For taxes payable in 1968 and thereafter, personal property used in business (other than the businesses of telephone, telegraph and messenger system companies) is subject to a uniform state tax instead of the local tax. Nonbusiness personal property is no longer subject to any property tax and inventories of all businesses were excluded from property taxation.

The 1966 law also provided for replacement of local personal property tax revenues from four tax sources: (1) Retail Gross Receipts Tax, (2) Corporation Business (Net Income) Tax, (3) Business Personal Property Tax and (4) Unincorporated Business Tax. This program was terminated (C. 3, P.L. 1977). Legislation was passed providing for an annual appropriation of not less than \$158.7 million.

The decision in *Switz v. Middletown Township, et al.*, 23 N.J. 580, required that all taxable property be assessed at "true value" (100% assessment). This was the beginning of a series of New Jersey court decisions which have been a major factor in development of uniform real estate tax assessment.

A long period of legislative history has developed numerous exemptions and various special property tax treatments. These are found principally in R.S. 54:4—3.3 and in R.S. 54:4—3.6 Generally exempt are government owned property, and property of religious, educational, charitable and various types of non-profit organizations. In addition, qualified veterans and senior citizens are permitted tax deductions of \$50 and \$160 respectively.

## **RATE OF TAX**

Local property tax rate is determined each year in each municipality by relating the total amount of tax levy to the total of all assessed valuations taxable. Expressed in \$1 per \$100 of taxable assessed value, the tax rate is a multiplier for use in determining the amount of tax levied upon each property. Property tax rates in 567 New Jersey local taxing districts range from \$0.59 per \$100 to \$15.74 per \$100. The average rate for the State is \$3.60 per \$100.

# **MOTOR FUELS TAX**

Citation: The New Jerey Motor Fuels Tax Law: N.J.S.A. 54:39-1 et seq.

## DESCRIPTION

The tax on motor fuels applies to sales of gasoline, diesel fuel or liquefied petroleum gas and compressed natural gas used in motor vehicles on public highways.

## HISTORY

The first gasoline tax law (C. 334, P.L. 1927) became effective in New Jersey on July 1, 1927 at the rate of 2c per gallon. A commission in 1934 recommended repeal of exemption certificates and substitution of a refund system. The refund system was enacted, providing a closer check of nontaxable sales of motor fuels (C. 319, P.L. 1935).

Unfair Motor Fuels Practices Act (C. 413, P.L. 1953) enables the Division's auditors and investigators to check dealers' practices in giving rebates, concessions, allowances or discounts. Preferential treatment is unlawful if given with intent to injure, destroy or substantially lessen competition.

Chapter 52, P.L. 1971 provides for taxation of sales of petroleum liquefied gas and liquefied or compressed natural gas at one-half the rate paid on sales of motor fuels.

Motor Fuels tax rate has been increased as indicated below:

| Effective Date   | Increase Per Gallon |
|------------------|---------------------|
| December 1, 1930 | From 2¢ to 3¢       |
| July 1, 1954     | From 3¢ to 4¢       |
| July 1, 1958     | From 4¢ to 5¢       |
| June 1, 1961     | From 5¢ to 6¢       |
| July 1, 1968     | From 6¢ to 7¢       |
| July 1, 1972     | From 7¢ to 8¢       |
|                  |                     |

## **EXEMPTIONS**

Exempt from the tax are motor fuels sales (1) to the United States Government, (2) between licensed distributors, (3) between licensed gasoline jobbers, and (4) for export.

## REFUNDS

Tax refunds are classified according to "refund use" as follows:

| Refund Use                          | Gallons    | Dollars     |

# **PUBLIC UTILITY TAXES**

Local Property and Public Utility Branch administers five taxes which apply to Public Utilities—Public Utility Franchise Tax, Public Utility Gross Receipts Tax, Public Utility Excise Tax, Railroad Property Tax, and Railroad Franchise Tax.

## (a) PUBLIC UTILITY FRANCHISE TAX (FOR MUNICIPAL USE)

Citation: Public Utility Franchise Tax: N.J.S.A. 54:30A-18.

## DESCRIPTION

Franchise Tax applies to persons, copartnerships, associations and corporations, other than those specifically exempted, having lines or mains located in, on or over any street, highway or other public place. Utilities subject to taxation include telegraph, telephone and district messenger systems companies.

The rate is either 2% or 5% of a proportion of the gross receipts of the taxpayer for the preceding calendar year. The proportion of gross receipts subject to tax is the ratio of the taxpayer's total length of lines or mains which are located in, on or over any street, highway or other public place to the whole length of lines or mains. Measurements of lengths of lines or mains exclude service connections.

#### ADMINISTRATION

Franchise tax is apportioned to the taxing districts for local collection. The tax is payable to the municipal tax collectors in three installments: one-third within 30 days after certification of the apportionment; one-third on September 1; and one-third on December 1.

#### HISTORY

The first general tax act specifically taxing public utilities was enacted in 1884 (C. 159, P.L. 1884). It provided for a 2% Franchise Tax on gross receipts of telegraph, telephone, cable and express companies. In 1900, the Voorhees Tax Act included all utilities other than those taxable under the Railroad and Canal Property Tax Act. It also provided that the receipts collected by the State were to be transferred back to municipalities (C. 195, P.L. 1900). In 1917, Franchise Tax rates were increased to 3% in 1917, 4% in 1918 and 5% in 1919 and thereafter (C. 17, P.L. 1917).

In 1940, significant revisions and amendments were adopted (C. 4 and 5, P.L. 1940). Unit values were applied to each class or type of public utility tangible personal property for the purpose of securing a fair and equitable apportionment of taxes.

## RATE OF TAX

2% for gross receipts of \$50,000 or less and 5% for gross receipts exceeding \$50,000 (N.J.S.A. 54:30A-54(a), 54:30A-18).

## DISPOSITION OF REVENUES

Revenues, after deductions for the cost of administering the tax by the State, are for local use. The tax is apportioned to the varoius municipalities in the proportion that the value of the scheduled property in each municipality as of the preceding July 1, bears to total value of the scheduled property of the taxpayer.

# (b) PUBLIC UTILITY GROSS RECEIPTS TAX (FOR MUNICIPAL USE)

Citation: Public Utility Gross Receipts Tax: N.J.S.A. 54:30A-49 et seq.

#### DESCRIPTION

Public Utility Gross Receipts Tax is in addition to the Franchise Tax and is in lieu of local taxes on certain properties of the following public utilities; street railway, traction, sewerage, water, gas and electric light, heat and power corporations using or occupying public streets, highways, roads or other public places in New Jersey.

## **ADMINISTRATION**

Public Utility Gross Receipts Tax is apportioned to the taxing districts for local collection but a portion is paid to the State to compensate it for expenses incurred in assessing and apportioning the tax. It is due and payable in full 30 days after the date of the certification of the tax. The municipalities portion is due and payable to the local tax collectors in three installments: one-third 30 days after the date of the certification of the apportionment; one-third on September 1; and the balance on December 1.

#### HISTORY

Public Utility Gross Receipts Tax was levied in 1919 as an addition to the Franchise Tax (C. 25, P.L. 1919). The tax was in lieu of state, county, school and local taxes on personal property and materials other than land and buildings. The rate of tax was the average rate of the aggregate general property tax.

In 1952 sewerage corporations were included among taxable public utility companies. In 1955 a maximum rate of 7.5% was adopted (C. 268, P.L. 1955) and in 1956 a minimum of 5% was established (C. 15, P.L. 1956). The "average rate of taxation" concept was eliminated in 1960 and a tax rate of 7.5% of gross receipts was established (C. 50, P.L. 1960). Water companies became subject to the Gross Receipts Tax in 1961 (C. 91, 92 and 93, P.L. 1961).

## **RATE OF TAX**

7.5% applied to taxable gross receipts for the preceding calendar year (N.J.S.A. 54:30A—54(b)).

# (c) PUBLIC UTILITY EXCISE TAX (FOR STATE USE)

Citation: Public Utility Excise Tax: N.J.S.A. 54:30A-16 et seq.

## DESCRIPTION

Public Utility Excise Tax is an additional tax on gross receipts of public utilities.

## HISTORY

Public Utility Excise Tax (for State use) was introduced in 1963 to be in effect for three years beginning in 1964 (C. 41 and 42, P.L. 1963). In 1966 the tax was extended indefinitely.

An accelerated payment schedule was imposed by C. 108 and 109, P.L. 1971 on all public utility companies paying the Franchise, Gross Receipts and Excise taxes.

An accelerated payment schedule was imposed by C. 35 & 36, P.L. 1979 on all public utility companies paying the Franchise, Gross Receipts and Excise taxes.

#### **RATES (Calendar Year Basis)**

- 0.625% —upon gross receipts subject to the franchise tax. (0.25% for taxpayers with gross receipts not in excess of \$50,000 annually);
- 0.5% —upon gross receipts of telegraph and telephone companies and messenger systems from business over, on, in, through or from their lines or mains in the State;
- 0.9375% —upon gross receipts of other utilities from business over, on, in, through or from their lines or mains in the State.

# (d) RAILROAD PROPERTY TAX

Citation: The Railroad Tax Law of 1948: N.J.S.A. 54:29A-1 et seq.

#### DESCRIPTION

Railroad Tax Law of 1948 as amended distinguishes three classes of property:

Class I: "Main stem" roadbed-that not exceeding 100 feet in width.

Class II: All other real estate *used for railroad purposes* including roadbed other than "main stem" (Class I), tracks, buildings, water tanks, riparian rights, docks, wharves, piers. *Excluded* is "tangible personal property": rolling stock, cars, locomotives, ferryboats, all machinery, tools. Facilities used in passenger service are also excluded, being defined as Class III property.

Class III: Facilities used in passenger service: land, stations, terminals, roadbeds, tracks, appurtenances, ballast and all structures used in connection with rendering passenger service, including signal systems, power systems, equipment storage, repair and service facilities (N.J.S.A. 54:29A—2).

The Railroad Property Tax is a State tax on Class II property.

#### HISTORY

When the first railroad in New Jersey was chartered (February 4, 1830) the State required payment for the privilege of operating a railroad. Early railroad charters provided for annual payments to the State for the privilege of operating. In general railroads were required to pay  $\frac{1}{2}$  of 1% of either (1) the value of their capital stock or (2) cost of the road, equipment and appurtenances.

The first general railroad tax law was enacted in 1884. Tax rates were fixed by the State:  $\frac{1}{2}$  of 1% of total valuations (revenues for State use); local rates on Class II property, but not to exceed 1% (revenues for local use). In 1897 and 1905-08 several amendments involving tax rates were enacted.

In 1941 the Railroad Tax Act taxed railroad property at the rate of 3%. Taxes levied on Class II property were paid to the taxing districts and taxes and other classes of properties were assigned to the State.<sup>1</sup> The 1941 Railroad Tax Act was amended in 1948: Provision was made for taxation of Class II property at local rates (revenue for local use). Classes I and III properties (as then defined) were taxed at the rate of 1.2% (revenues for State use). Taxation of "the value of remaining property" (Class IV) was dropped. Minimum and maximum tax provisions were established.

Chapter 251, P.L. 1964 eliminated the tax on Classes I and III properties and the maximum tax provisions. Chapter 139, P.L. 1966 changed the Class II railroad property tax to a State tax. Class III property was defined as "facilities used in passenger service". Hence, such facilities were exempted from taxation. In lieu of revenues from taxes on Class II property, State aid to municipalities was provided State aid to municipalities in lieu of Class II taxes is discussed in the following section:

## **EXEMPTIONS**

Main stem (Class I), tangible personal property and facilities used in passenger service (Class III).

## **DISPOSITION OF REVENUES**

Revenues are deposited in the State Treasury for general State use. However, under legislation adopted in 1966, the municipalities where railroad property is located are guaranteed the return of certain replacement revenues.

<sup>&</sup>lt;sup>1</sup>In 1941 the definitions of classes differed from those in effect from June 1966 onwards. Class III was "value of all the tangible personal property" and Class IV was "value of remaining property." Class III is now "facilities used in passenger service" and Class IV is no longer in use.

# STATE AID TO MUNICIPALITIES IN LIEU OF REVENUE FROM CLASS II TAXES (N.J.S.A. 54:29A-24.1 to 24.6)

A State tax on Class II railroad property (C. 139, P.L. 1966) removed a source of local property tax revenue. Therefore, C. 139, P.L. 1966 provided for replacement revenue to municipalities in which Class II railroad property is located. State aid is paid by the State Treasurer on warrant of the Director of Division of Budget and Accounting. It is payable to municipalities on December 10 each year.

Each municipality which received more than \$1,000 in Class II railroad taxes for the year 1966 receives not less than the 1966 Class II railroad taxes *plus* an amount equal to the difference, between 1965 Class II taxes and 1966 Class II taxes. The difference, however, is reduced by 10% each year beginning 1968 and continuing for 10 years.

Municipalities that received less than \$1,000 in Class II railroad taxes in 1966 are not eligible for State Aid. Amounts of State aid paid to municipalities are as follows:

# (e) RAILROAD FRANCHISE TAX

Citation: The Railroad Tax Law of 1948: N.J.S.A. 54:29A-1 et seq.

## DESCRIPTION

The Railroad Franchise Tax is levied upon railroads (or systems of railroads) operating within New Jersey. The tax base is that portion of the road's (or system's) net railway operating income of the preceding year allocated to New Jersey. The allocating factor is the ratio of the number of miles of all track in this State to the total number of miles of all track over which the railroad or system operates.

## HISTORY

Amendments in 1942 provided for (1) a deduction of \$200,000 from net operating income before determining allocation to the State and (2) minimum and maximum tax liabilities.

In 1948 net railway operating income allocated to New Jersey became the tax base and a tax rate of 10% was imposed. The Railroad Tax Act of 1948 was amended in 1964. These amendments, effective January 1, 1966, eliminated the maximum tax provisions that had been introduced in 1942.

#### RATE OF TAX

Railroad Franchise Tax is assessed at the rate of 10% upon the net railway operating income of the preceding year allocated to New Jersey. The minimum tax is \$100 for taxpayers having total railway operating revenues in the preceding year not in excess of \$1 million and \$4,000 to taxpayers with operating revenues in excess of \$1 million in the preceding year.

# **REALTY TRANSFER FEE TAX**

Citation: The Realty Transfer Tax Act: N.J.S.A. 46:15-5 et seq.

## DESCRIPTION

Realty Transfer Fee Tax is applied to the recording of deeds which transfer title to real property in New Jersey. The tax is collected by the county at the rate of \$1.75 for each \$500 of consideration. Of the \$1.75, \$0.50 is retained by the county and the \$1.25 balance is forwarded to the State Treasurer.

## HISTORY

The Federal Documentary Tax on real estate transfers expired on January 1, 1968. It had provided the principal basis for developing average assessment ratios for each of the 567 municipalities in the state. These ratios are essential for such purposes mandated by law as: (1) construction of State Table of Equalized Valuations (the basis for distributing State School aid to local districts); (2) Construction of County Equalization Tables (the basis for apportioning county costs of government); (3) establishment of debt limits for municipalities, counties and school districts; (4) provision for taxpayer relief from discriminatory local property tax assessments.

Realty Transfer Tax (C. 49, P.L. 1968) replaced the expiring Federal law both for revenue purposes and to preserve the basis for state, county and municipal equalization processes. The Act requires a record be made of the selling price of real property. This record may be used by the State in its sample of real estate sales for purposes of constructing a Table of Equalized Valuations.

Chapter 176, P.L. 1975 increased the tax from \$0.50 to \$1.75 for each \$500.00 of "consideration" effective September 1, 1975.

## **EXEMPTIONS (N.J.S.A. 46:15–10)**

The fee does not apply to title transfers:

- (1) For a consideration of less than \$100.00;
- (2) By or to the United States of America, this State, or any instrumentality, agency or subdivision thereof;
- (3) Solely in order to provide or release security for a dept or obligation;
- (4) Which confirm or correct a deed previously recorded;
- (5) On a sale for delinquent taxes or assessments;
- (6) On partition;
- (7) By a receiver, trustee in bankruptcy or liquidation, or assignee for the benefit of creditors;
- (8) Eligible to be recorded as "ancient deeds" pursuant to R.S. 46:16-7;
- (9) Acknowledged or proved on or before July 3, 1968;
- (10) Between husband and wife, or parent and child;
- (11) Conveying a cemetery lot or plot;
- (12) In specific performance of a final judgment;
- (13) Releasing a right of reversion;
- (14) Previously recorded in another county and full realty transfer fee paid or accounted for, as evidenced by written instrument, attested by the grantee and acknowledged by the recording officer of the county of such prior recording, specifying the county, book, page, date of prior recording, and amount of realty transfer fee previously paid.

Two types of transfers of real property are exempt from the increased (State) portion of the fee:

- (1) The sale of one or two-family residential properties which are owned and occupied by a senior citizen (62 years of age or older for purposes of this Act), blind person, or disabled person or their spouses, and
- (2) The sale of property upon which there has been construction of an entirely new improvement not previously occupied or used for any purpose.

# SALES AND USE TAX

# Citation: The New Jersey Sales and Use Tax Act: N.J.S.A. 54:32B-1 et seq.

## DESCRIPTION

Sales and Use Tax Act applies to receipts from (a) retail sale, rental or use of tangible personal property, (b) retail sale of producing, fabricating, processing, installing, maintaining, repairing, storing and servicing tangible personal property and certain advertising services,, (c) sales of restaurant meals, (d) rental of hotel and motel rooms and (e) certain admission charges.

A compensating use tax is also imposed on retail purchases of tangible personal property made outside the State for use in New Jersey. The use tax does not apply if the taxable property has already been, or will be, subjected to sales tax.

All persons required to collect the tax must file an Application for Registration. Each registrant's authority to collect the sales tax is certified by a Certificate of Authority, issued by the Division, which must be prominently displayed at each place of business to which it applies.

#### HISTORY

Sales and Use Tax Act became effective July 1, 1966. Rate of tax was set at 3% (C. 30, P.L. 1966).

Additional exemptions from the tax were provided by C. 25, P.L. 1967. C. 7, P.L. 1970 increased the tax rate of 5%, effective March 1, 1970. This Act and C. 25, P.L. 1970 contained certain transitional provisions relating to the increased rate.

Effective July 1, 1972, sales of alcoholic beverages, except draught beer sold by the barrel, to any retail licensee were made subject to Sales and Use Tax (C. 27, P.L. 1972). The 1972 amendment repealed taxation of sales of packaged liquor by retailer to consumer. The tax now applies at the wholesale-retail level. Its base is the minimum consumer retail price as filed with the Board of Alcoholic Beverage Control.

Production machinery and equipment is exempt from sales tax effective January 1, 1978.

Sale, rental or lease of commercial motor vehicles weighing more than 18,000 pounds is exempt from sales tax effective January 1, 1978. (C. 217, P.L. 1977).

# TRANSFER INHERITANCE AND ESTATE TAX

Citation: The Transfer Inheritance Tax Law; N.J.S.A. 54:33—1 et seq. and The New Jersey Estate Tax Law: N.J.S.A. 54:38—1 et seq.

#### DESCRIPTION

Transfer Inheritance Tax applies to the transfer of all personal property and New Jersey real property having a value of \$500.00 or more in estates of resident decedents and of real property and tangible personal property of non-resident decedents located within the State of New Jersey.

An estate tax in addition to the Transfer Inheritance Tax is designed to absorb any portion of the credit allowed under the Federal Estate Tax statutes which is not fully taken up by the taxes paid under the Transfer Inheritance Tax of this State and all other states.

Transfer Inheritance Tax is non-recurring at rates based upon the relationship of the ultimate beneficiaries to the decedent and the amount received by each. The due date of the tax is the date of death.

Due to the multiplicity and complexity of laws dealing with distribution of estates it is difficult for the taxpayer to predetermine the exact tax liability. The Division therefore, determines the tax liability and bills the taxpayer. This is usually a one-time operation with a relatively low percentage of the files being reopened at a later date. Statutes require, however, that all records be retained for 20 years.

#### HISTORY

New Jersey first imposed an Inheritance Tax in 1892 at a rate of 5% on property transferred from a decedent to a beneficiary.

In 1909, legislation was enacted which formed the basis of the present Inheritance Tax (N.J.S.A. 54:33 and 54:38).

#### **EXEMPTIONS**

- (1) All transfers under \$500;
- (2) Family transfers of \$5,000 or less to each parent, grandparent, spouse, child, mutually acknowledged child, stepchild or the issue of a child or adopted child. Dower and courtesy are exempt; on 7-1-78 exemption increased to \$15,000 in estates of decedents dying on or after that date.
- (3) Life Insurance proceeds paid to named beneficiary;
- (4) Charitable transfers for the use of any educational institution, church, hospital, orphan asylum, public library, etc.;
- (5) Transfers for public purposes made to New Jersey or any political subdivision thereof;
- (6) Federal civil service retirement benefits payable to a beneficiary other than the estate;
- (7) Annuities payable to survivors of military retirees.

# CHAPTER VII TAX REFORM PROGRAM

In addition to the Gross Income Tax (\$838.5 million) dedicated to school finance and property tax relief, this program included repeal of two business taxes—Unincorporated Business and Retail Gross Receipts.

Table 26 shows the distribution of \$101.4 million of revenue sharing paid to municipalities as property tax replacement and \$275.5 million of homestead rebates paid directly to homeowner taxpayers.

The \$101.4 million revenue sharing includes \$50 million property tax replacement and \$51.4 million to cover senior citizen and veteran deductions. Prior to this program, all veteran deductions and half of all senior citizen deductions were included within local property tax rates.

Property tax relief for renters took form as a deduction from the Gross Income Tax. Not included within the tables, these deductions totaled \$38.5 million.

School aid paid from Gross Income Tax revenues totaled \$584.7 million of nonproperty tax support for equalization of thorough and efficient education.

Additional property tax replacement revenues were provided as in lieu state payments to municipalities for services to exempt state-owned property. Table 27 shows the distribution of \$10.7 million of such payments.

As a result of these changes and expenditure ceilings included within the program, local property taxes increased 4.4% between 1976 and 1979. The 1977 decrease of 2.73% represented the first property tax decrease in 34 years. The decrease in 1977 and the minimal increases in 1978 and 1979 are in sharp contrast to annual increases ranging as high as 14.7% during the past 10 years (See Table 4).

### **INCOME TAX COLLECTIONS**

Gross Income Tax net revenues totaled \$838.5 million for support of the tax reform package. An additional \$1.2 million was collected and transferred to the Gubernatorial General Election Fund.

Net revenues (after refunds) were derived from employer withholdings, quarterly estimated payments and payments accompanying tax returns. These payments are summarized as follows:

| Employer Withholdings        | \$785.8 million      |
|------------------------------|----------------------|
| Quarterly Estimated Payments | 83.7 million         |
| Payments with Returns        | 84.7 million         |
| Total                        | \$954.2 million      |
| Less Refunds                 | <u>141.4</u> million |
| Net Revenue                  | \$812.8 million      |

Payments accompanying returns included \$26.9 million of taxes transferred from commuter transportation funds. Persons subject to Emergency Transportation Tax were allowed credit for the Gross Income Tax.

## **CHAPTER VIII**

## LEGISLATION, COURT DECISIONS AND ATTORNEY GENERAL OPINIONS

The Chapter is organized into three sections: Recent Changes in Tax Laws, Recent Court Decisions and Recent Attorney General Opinions.

### **RECENT CHANGES IN TAX LAWS**

#### **CORPORATION BUSINESS TAX**

**Corporation Business Tax—Financial Business Corporation Debt—Chapter 76, P.L. 1979** (approved April 11, 1979). Amends the Corporation Business Tax Act, P.L. 1945, C. 162, to allow financial corporations to deduct indebtedness to parent or affiliate corporations in computing net worth and to deduct interest on indebtedness to parent companies in computing net income.

### **EMERGENCY TRANSPORTATION TAX**

Emergency Transportation Tax—Revision of Tax Rate and Increase in Deductions—Chapter 131, P.L. 1978 (approved October 18, 1978). Amends the Emergency Transportation Tax Act so as to conform the law to recent New York State amendments to its income tax law by providing: revisions to the tax rate schedule for taxable years beginning in 1978; a new maximum tax on personal service income which will limit the tax rate on such income to 12 per cent; the standard deduction, maximum standard deduction, and minimum standard deduction will be increased and the personal exemption allowance will be \$700 in 1979, and for tax years beginning in 1980 and thereafter, such exemption will be \$750.

Also authorizes a household credit for taxpayers with household gross income of less than \$25,000 and a credit for certain household and dependent care services where the taxpayer has qualified for a similar credit for Federal income tax purposes.

### **GROSS INCOME TAX**

Gross Income Tax—Rollover Provisions on Lump Sum Distributions From Qualified Pension and Annuity Plans—Chapter 79, P.L. 1979—(approved April 15, 1979) Amends N.J.S.A. 54A 6-10 of the New Jersey Gross Income Tax Act to provide an exclusion from gross income for lump sum distributions from qualified employee and self-employed pension and annuity plans which the recipient rolls over into other specified retirement plans, as allowed under applicable Federal income tax law. The act is applicable to the tax year 1978 and thereafter.

### INHERITANCE TAX

Inheritance Tax—Compensation for Wrongful Death of a Decedent Due and Payable on Date of Award or Settlement—Chapter 172, P.L. 1978 (approved December 18, 1978). Amends the Transfer Inheritance Tax Act to provide that the tax on any sum recovered as compensation for wrongful death of the decedent shall be payable on the date of the award or settlement rather than at the time of the death. Inheritance Tax—Escheat Property—Chapter 63, P.L. 1979 (approved April 4, 1979). Reduces from 20 to 10 years the period before which abandoned personal property escheats to the State and includes wages as escheatable property.

**Transfer Inheritance Tax—Exempts From Tax Life Insurance Proceeds to Testamentary Trust—Chapter 137, P.L. 1979** (approved July 6, 1979). Amends Transfer Inheritance Tax Act to exempt from taxation the proceeds of life insurance passing to the trustee of a testamentary trust.

### LOCAL PROPERTY TAX

Local Property Tax—Notice of Tax Appeals, Chapter 102, P.L. 1978 (approved August 16, 1978). Requires notice of tax appeals to be served upon the municipal clerk who shall notify the assessor, collector, municipal attorney and certain other officials.

Local Property Tax—Real Property Tax Exemption for Certain Housing Projects—Chapter 122, P.L. 1978 (approved September 26, 1978). Confirms that each New Jersey HFA low and moderate income project which facilitates clearance or redevelopment of blighted areas within the State and assists in prevention of blight is therefore eligible for tax exemption.

Local Property Tax—Horizontal Property Act Amended—Chapter 124, P.L. 1978 (approved October 5, 1978). Amends various sections of the Horizontal Property Act (P.L. 1963 Chapter 168) to redefine the general common elements, to authorize the merger of two or more horizontal property regimes, to redefine the basis for ascertaining the general common elements, and generally to facilitate the administration of the regime with respect to the general common elements.

Local Property Tax—Appointment of Tax Assessors—Chapter 128, P.L. 1978 (approved October 18, 1978). Provides for appointment of all municipal tax assessors.

Local Property Tax—Cranes Assessed as Tangible Personal Property—Chapter 151, P.L. 1978 (approved November 22, 1978). Provides for the assessment and taxation of cranes used in loading and unloading container ships as personal property used in business rather than as real property.

Local Property Tax—Authorizes Special Emergency Appropriations Revaluation Program—Chapter 15 P.L. 1979 (approved February 8, 1979)—Authorizes emergency appropriations for updating of previous revaluation program when such is ordered by the county board of taxation.

Local Property Tax—Payment in Lieu of Taxes—Chapter 26, P.L. 1979 (approved February 22, 1979). Amends the law providing for payments in lieu of taxes on State property to provide that no municipality shall receive less in lieu of tax payments than entitled to under P.L. 1977, Chapter 137.

Local Property Tax—Payment in Lieu of Taxes for Land on Which Sewer Plant is Located—Chapter 40, P.L. 1979 (approved March 15, 1979). Prescribes the method of calculating an amount to compensate any municipality for loss of real estate taxes which would be due otherwise on the land exempt from taxation for the location thereon of a sewer plant serving other municipalities. Local Property Tax—Procedure to Correct Errors in Tax Assessments—Chapter 44, P.L. 1979 (approved March 21, 1979). Prescribes the procedure to correct certain errors or mistakes in tax assessments by the Division of Tax Appeals during the tax year or within the next three tax years thereafter on written application by a property owner, a municipality or a county board of taxation. The Act permits the correction of typographical errors, errors in transposing, and mistakes in tax assessments, but does not provide for consideration by the Division of Tax Appeals under this section of any application, related to matters of valuation involving an assessor's opinion or judgment. See Chapter 33, P.L. 1978, Section 28 concerning the transfer of the functions of the Division of Tax Appeals to the Tax Court.

Local Property Tax—Exemption—Educational Radio Associations and Corporations—Chapter 50, P.L. 1979—(approved March 21, 1979). Extends property tax exemption to include associations and corporations engaged in the production and broadcasting of educational radio programs. Applicable to taxes paid in 1979 and thereafter.

Local Property Tax—Appeals—Common Level—Chapter 51, P.L. 1979—(approved March 21, 1979). Amends P.L. 1973, c. 123 by defining average ratio to mean the Director's ratio promulgated for state school aid purposes rather than the unweighted, unclassified, arithmetic averages as determined by the Director from the latest one-year study data.

Local Property Tax—Seed Starting Plastic Greenhouses—Chapter 70, P.L. 1979 (approved April 10, 1979). Amends the Farmland Assessment Act of 1964, P.L. 1964, c. 48, to provide that the term "structures" shall not include temporary demountable plastic covered framework made up of portable parts with no permanent understructures or related apparatus, commonly known as seed starting plastic greenhouses with respect to real property assessment.

Local Property Tax—Appeal From Assessment on Income Producing Property— Chapter 91, P.L. 1979 (approved May 16, 1979). This law denies the owner of income producing property the right to be heard on appear to the County Board of Taxation from the assessor's valuation and assessment where such owner has failed or refused to respond to a written request for information or to testify with respect thereto.

Local Property Tax — Appeal from Assessed Valuation to Tax Court — Chapter 113, P.L. 1979 (approved June 28, 1979). Provides that a taxpayer or taxing district appealing assessed valuation of property can appear directly to the Tax Court where the assessed valuation of the property exceeds \$750,000 in value.

Local Property Tax—Tax Appeals to Tax Court—Chapter 114, P.L. 1979 (approved June 28, 1979). Amends and supplements a number of laws governing tax appeals in order to implement the Tax Court, which becomes effective July 1, 1979; conforms major New Jersey tax appeal statutes to the concept of review in a tax court of original jurisdiction rather than an administrative agency.

Local Property Tax — Taxes, Etc. As Additional Liens on Land Where Municipality Owned Tax Certificate—Chapter 142, P.L. 1979 (approved July 6, 1979). Provides that when main parcels held by purchaser under a sale not redeemed and in the event municipality is such purchaser, subsequent taxes, assessments and municipal charges shall be additional liens on land and shall be paid before land can be redeemed from sale. Local Property Tax—Interest Rate for Delinquent Taxes is Rate for Municipal Liens—Chapter 143, P.L. 1979 (approved July 6, 1979). Permits municipality to charge interest on subsequent municipal liens on certificate of sale held by it at interest rate chargeable by municipality on delinquent taxes.

### MOTOR FUELS TAX

Motor Fuels Use Tax—Increases Fee of Truckers Operating Equipment of Their Fleet Over State Roads—Chapter 4, P.L. 1979 (approved January 16, 1979). Increases the fee paid by truckers operating equipment of their fleet over State roads. The fee for each original identification marker and any replacement marker is increased to \$6.00. The Act, which took effect immediately, is applicable for identification markers issued for the registration year beginning April 1, 1979. The Division of Motor Vehicles administers and collects this tax.

### PUBLIC UTILITY TAX

**Public Utilities Tax**—Excise Tax on Franchises—Chapter 35, P.L. 1979 (approved March 2, 1979). Requires public utilities companies to pay their public utility excise taxes on franchises on a more current basis; requires the company to pay 55% of their increases in taxes in advance.

#### SALES TAX

Exempts Admission Charges for Boxing, Sparring or Wrestling Matches—Chapter 170, P.L. 1979 (approved August 23, 1979). Exempts certain admission charges for boxing, sparring or wrestling matches or exhibitions from the sales and use tax.

#### SAVINGS INSTITUTION TAX

Savings Institution Tax—Includes in Tax Base Income from Federal and State Obligations—Reduces Tax Rate and Provides for Tax Prepayment—Chapter 160, P.L. 1979 (approved July 19, 1979). Amends the Savings Institution Tax Act to include in the tax base, income from both federal and state obligations (the same as under the Corporation Business Tax Act). This provision became effective on January 1, 1979. The law also reduces the rate of taxation from five per cent to three per cent with respect to payments due in the year 1980 and thereafter. An annual excise tax is payable in the years 1973 through 1979 at the rate of five per cent and payable in the year 1980 and each year thereafter at the rate of three per cent. The law also provides for an 80 per cent tax prepayment with respect to fiscal or calendar accounting years ending after September 30, 1979.

#### SPILL COMPENSATION AND CONTROL TAX

Spill Compensation and Control Tax Act—Owner of Hazardous Substances Subject to Tax—Chapter 6, P.L. 1979 (approved January 18, 1979). This bill amends the Spill Compensation and Control Act (P.L. 1976, c. 141) to provide that the owner of hazardous substances transferred to a public storage terminal, rather than the owner or operator of such terminal, be subject to the tax levied upon such substances and the reporting requirements with respect thereto. The bill also makes a technical amendment to the act clarifying the disposition of interest received on moneys in the Spill Compensation Fund.

### **MISCELLANEOUS**

Miscellaneous—Sales of Real Property to Enforce Municipal Tax Liens—Chapter 64, P.L. 1978 (approved June 30, 1978). Repeals P.L. 1977, Chapter 410 concerning the sales of real property to enforce municipal tax liens.

State Revenue Sharing Act—Corrective Amendment—Chapter 66, P.L. 1978 (approved July 3, 1978). Corrects State Revenue Sharing Act of 1976 which reimburses municipalities for veterans deductions, senior citizens deductions, deductions for citizens less than 65 years of age who are permanently and totally disabled and surviving spouses in certain cases.

Office of Administrative Law—Chapter 67, P.L. 1978 (approved July 6, 1978). Establishes in the Executive Branch of the State Government the Office of Administrative Law allocated within the Department of State and appropriates \$100,000 therefor. All the functions, powers and duties heretofore exercised by the Division of Administrative Procedure in the Department of State pursuant to the Administrative Procedure Act are transferred to and invested in the Office of Administrative Law. Provision is made for the appointment of full-time administrative judges for terms of five years and until the appointment and qualification of their successors. The act is to remain inoperative until six months following enactment, except with respect to the making of appointments and the taking of preparatory actions, which may take effect immediately upon enactment.

Miscellaneous—Revision of Urban Renewal Corporation and Association Law of 1961—Chapter 93 P.L. 1978 (approved July 31, 1978). Revises and supplements the scope of the Urban Renewal Corporation and Association Law of 1961, as amended, to include dwellings in condominium ownership among those already eligible for exemption under existing law. The revision enlarges the period of tax exemption in the case of housing only to a period of thirty (30) years from the commencement of operation of any housing unit but not more than thirty-five (35) years from the date of execution of the financial agreement with the municipality. The present statutory limits of twenty (20) and fifteen 915) years, respectively, continue without change as to all non-housing improvements.

Miscellaneous—Compromise Tax Agreements Between Municipalities and Con Rail—Chapter 100 P.L. 1978 (approved August 14, 1978). Authorizes compromise tax agreements between municipalities and ConRail Corporation under State Law.

Miscellaneous—Permit Port Authority to Effectuate Industrial Development Projects—Chapter 110, P.L. 1978 (approved August 24, 1978). Authorizes, empowers and directs the Port Authority of New York and New Jersey to effectuate industrial development projects and facilities. Provision is made for payment in lieu of taxes to the municipality where any real property is acquired and owned by the port authority for any purposes under the act.

Miscellaneous—Revise Time Table For Adoption Of School District Budgets, Chapter 136, P.L. 1978 (approved October 30, 1978). Revises the time table for the adoption of school district budgets and their submission for approval to the public or board of school estimate.

Miscellaneous—Caps Law on County and Municipal Expenditures Extended— Chapter 155, P.L. 1978 (approved November 22, 1978). Extends the expiration date of the "caps" law to December 31, 1982 on county and municipal expenditures.

Miscellaneous—Caps Law on State Expenditures Extended—Chapter 156, P.L. 1978 (approved November 24, 1978). Extends the expiration date of Section 4, P.L. 1977, Chapter 22 ("caps" law) from June 30, 1980 to June 30, 1983. This limits the maximum expenditures the state may make in any fiscal year.

Miscellaneous—Modifies State Aid To School Districts Formula—Chapter 158 P.L. 1978 (approved November 27, 1978). Modifies the State Aid to school districts formula used by the State Department of Education in distributing state school aid to local school districts.

**Miscellaneous—Privacy of Certain State Tax Information—Chapter 165, P.L. 1978** (approved December 7, 1978). Provides for the privacy of certain State tax information. This law amends the State Tax Uniform Procedure Law to provide that unauthorized disclosure by any present or former officer or employee of this State, or any other individual having custody of such information obtained pursuant to the explicit authority of State law, shall specifically include, without limitation, violations involving the divulgence of any information from or any copy of a Federal return or Federal return information required by New Jersey law to be attached to or included in any New Jersey return. Any person violating this section shall be guilty of a misdemeanor and shall be punished by a fine not to exceed \$1,000 or be imprisoned not to exceed one year, or both.

Transfer of Funds and Additional Appropriation for the Pharmaceutical Assistance Program from the Casino Revenue Fund—Chapter 169, P.L. 1978 (approved December 22, 1978). Cancels and transfers certain amounts in the State budget relating to State Aid for Property Tax Relief, Education and the Pharmaceutical Assistance to the Aged Program, increases the total State budget using funds available from the Casino Revenue Fund. The Act utilizes the Casino Revenue Fund to finance the senior citizen's and disabled homeowner's hometead exemption in the 1978/1979 fiscal year and thereafter. The net effect of the changes has been to increase the General State Fund surplus. The sum will be used to provide additional funds for a pharmaceutical assistance for the aged program.

Miscellaneous—Local Tax Authorization Act—Chapter 175, P.L. 1978 (approved December 28, 1978). Extends the application of the "Local Tax Authorization Act of 1970" (P.L. 1970, c. 326) from January I, 1979 to January I, 1980. Under the Act, the City of Newark is empowered to impose taxes on alcoholic beverages, paking services, gasoline and payroll for a limited period of time.

Miscellaneous—Establish State Law Enforcement Planning Agency—Chapter 176 P.L. 1978 (approved December 28, 1978) This bill continues the State Law Enforcement Planning Agency, created pursuant to Executive Order No. 45 dated August 13, 1968, within the Depatment of Law and Public Safety. The Federal Omnibus Crime Control and Safe Street Act requires that the State planning agencies be made statutory bodies. This bill codifies the Executive Order to that end.

Miscellaneous—Evens Out Distribution to Municipalities of Revenue Under the Business Personal Property Tax Replacement Program—Chapter 177, P.L. 1978 (approved December 28, 1978). Under the Business Personal Property Tax Replacement Program, provides for the payment of Business Personal Property Tax Replacement Revenues in four equal installments.

Miscellaneous—Changes Registration Fees For Passenger Vehicles—Chapter 3 P.L. 1979 (approved January 16, 1979). Increases the registration fee for passenger vehicles manufactured in model year 1971 and thereafter. Miscellaneous—Computation of Reserve for Uncollected Taxes—Chapter 23, P.L. 1979 (approved February 8, 1979). Revises the manner in which the reserve for uncollected taxes contained in the municipal budget is to be computed and changes the date on which boards of education are required to hold their annual organization meeting.

Miscellaneous—Appropriation to Municipalities—Chapter 34, P.L. 1979 (approved March 2, 1979). Appropriates \$22,369,000 to certain municipalities that lost Federal anti-recession funds.

Miscellaneous—Written Authorization for Agent to Act on Behalf of Taxpayer During Tax Examinations—Chapter 67, P.L. 1979 (approved April 4, 1979). Requires taxpayers to give their agents written authorizations to act in their behalf during an examination of the books and records of the taxpayer conducted on the premises of the agent of the taxpayer by the Division of Taxation, and that the agent shall produce such authorization to the representative of the Division of Taxation.

**Miscellaneous—Omnibus Corrections Bill—Chapter 86 P.L. 1979—** (approved May 15, 1979). The "Omnibus Correction Bill" amends various statutes to correct technical errors inadvertently made in prior enactments. Pertinent tax corrections are found in N.J.S.A. 14A:12-2(3) concerning corporate dissolution—eliminate reference to section 12 of the Corporation Business Tax Act and C50 Title 54 of the R.S. and add chapter reference to section 3 of P.L. 1973, C367 (C54:50-14); N.J.S.A. 54:10A-4(k)(1) substitutes word include for exclude, but made no substantive changes; N.J.S.A. 54:32B-8 corrects the citations from 8(ff) to 8(gg) and 8(hh), but made no substantive changes.

Miscellaneous—Provide Payment by State to Municipality for Real Property in Railroad Use—Chapter 95 P.L. 1979 (approved May 19, 1979). Provides payment by the State to municipalities for real property in railroad ue, regardless of ownership or possession of said real property.

**Corporation Name**—Chapter 141, P.L. 1979 (approved July 6, 1979). Requires that every domestic corporation hereafter incorporated shall contain as part of its corporate name one of the following: "a New Jersey corporation", "incorporated", "inc.", "corp." or "corporation".

5% Tax on Gross Receipts of Sale or Lease of Television, Motion Picture or Radio Rights to Boxing, Wrestling and Sparring Exhibitions—Chapter 171, P.L. 1979 (approved August 23, 1979). Provides that only revenues generated from the lease or sale of television, moving pictures or radio rights for boxing, wrestling and sparring exhibitions and performances within the State shall be subject to the 5% tax on total gross receipts.

Miscellaneous—Eliminates The 20 Year Limit for Redemption of Tax Sale Property—Chapter 182 P.L. 1979 (approved, August 29, 1979) Amends R.S. 54:5-78 and 54:5-79 to make the statutory provisions conform to the actual state of the law on the subject of tax sale certificates. The holder of a tax sale certificate cannot terminate the right of redemption by the act of taking possession of the delinquent premises and continuing such possession for 20 years. Requires foreclosure by the holder of the tax sale certificate of the right to redeem by the delinquent taxpayer.

## **RECENT COURT CASES**

## BUSINESS PERSONAL PROPERTY TAX

**Business Personal Property Tax—Refund Claim—Hudson Tank Storage Company** v. Director, Division of Taxation, Division of Tax Appeals, March 1, 1979. The Division of Tax Appeals held that the petitioner was entitled to a refund of business personal property taxes paid for the years 1972, 1973, and 1974. Storage tanks had been assessed as real property by the municiapality and as personal property by the State. The petitioner apprised the State of the double taxation and appealed the local assessor's determination to the County Board of Taxation and then to the courts. When appeal to the courts was made petitioner requested that the State defer the taxes. This was denied. In allowing the refund, the court ruled that the petitioner had been timely in keeping the State apprised of its claim for refund and the State was not prejudiced.

Business Personal Property Tax—Claim for Refund—Mechanics Finance Co. v. Director, Division of Taxation; Shoppers Charge Accounts v. Director, Division of Taxation, Division of Tax Appeals, October 5, 1978. The Division of Tax Appeals upheld the Director of the Division of Taxation in disallowing a refund claim for business personal property taxes erroneously paid more than two years prior to the filing of the claim for refund on the basis that it was outside the Statute of Limitations, even though the tax return forms had omitted the personal property of a financial business under the heading "Property Exempt from Tax." Subsequently a change was made in the 1975 return to add an instruction to exclude the personal property of a financial business. The Financial Business Tax Law at N.J.S.A. 54:10B-3 prohibits a tax on the personal property of a financial business. Under N.J.S.A. 54:49-14 and 16, the claim for refund must be filed within two years after the taxes were erroneously paid. The Statute of Limitations is clear and the Director has no power to allow the refund beyond two years after the erroneous tax payment.

### **CAPITAL GAINS AND UNEARNED INCOME TAX**

Capital Gains and Unearned Income Tax—Taxes Are Not Subject to Setoff Claim Against the State—George Aaron and Diana Aaron v. Director, Division of Taxation. Division of Tax Appeals, June 28, 1979. The Division of Tax Appeals dismissed petitioners' appeal and held that the petitioners failed to provide any statutory or court citation that would support their claim to assume credit for any claims they allegedly have against the state by setoff against unrelated taxes due by them to the State. The petitioners sought a setoff against the Capital Gains and Unearned Income Tax claims they sought to enforce against the Attorney General, The Department of Environmental Protection and the Public Advocate's Office. The Court dismissed the petitioners' complaint and held that neither N.J.S.A. 54:8B-1 et seq. (Capital Gains & Unearned Income Tax (repealed)) nor N.J.S.A. 54:1-1 et seq. (Established State Tax Department) nor any other income tax law, contains any provision authorizing or permitting a setoff against a tax imposed thereunder.

**Capital Gains and Other Unearned Income Tax—Retroactive Provisions of Tax Upheld—Bernad Klebanow v. Sidney Glaser, Director, Division of Taxation,** 80 N.J. 367 (1979). The Supreme Court upheld the contitutionality of the Tax on Capital Gains and Other Unearned Income (N.J.S.A. 54:8B-1, et seq.) as it applied to a capital gain made January 8, 1975 inasmuch as the act by its terms was made retroactive to January 1, 1975. The court found that in the income tax area retroactivity does not per se constitute a deprivation of property without due process and that retroactivity, at least with respect to income realized in the year in which the act was passed, has been validated irrespective of whether the statute created a new tax or increased tax burdens by revising an existing law.

## **CORPORATION BUSINESS ACTIVITIES REPORTING ACT**

Corporation Business Activities Reporting Act—Assignee of Foreign Corporation Which Failed To File Under The Act Denied The Right To The Use Of Our Courts— Associates Financial Services Company of New Jersey, Inc., Assignee of Associates Consumer Discount Company v. John A. Bozzarello and Carmella M. Bozzarello and Director, Division of Taxation—168 N.J. Super. 211 (App. Div., 1979). The Appellate Division held that an assignee of a foreign corporation which failed to comply with the filing requirements of the Corporation Business Activities Reporting Act (N.J.S.A. 14A:18-14 et seq.) was denied the right to the use of our courts to enforce their cause of action. The Court said that plaintiff and its assignor cannot evade the legislative purpose of the Act by the formality of an assignment of a contract or cause of action. The Reporting Act was designed as an information-gathering device to insure evenhanded taxation. The court found that the assignee did not acquire any rights greater than the assignor. The Appellate Court, therefore, affirmed the judgment of the court below in dismissing the complaint.

#### **CORPORATION BUSINESS TAX**

**Corporation Business Tax—Nominee Titleholder—Cooper River Associates, Inc.** v. Director, Division of Taxation, (App. Div., 1978) (unreported). The Appellate Division affirmed the Division of Tax Appeals and held that a corporation which was merely the owner of record or nominee titleholder of an apartment house must include the value thereof in computing the net worth under the Corporation Business Tax Act, N.J.S.A. 54:10A-1, et seq. The opinion was based on the holding of Somerset Apartments, Inc. v. Director, Division of Taxation, 134 N.J. Super. 550 (App. Div., 1975).

Corporation Business Tax—Nominee Titleholder—East Brunswick Developers Inc. v. State of New Jersey, Department of The Treasury, Director, Division of Taxation, (App. Div. 1978) (unreported). The Appellate Division affirmed the Division of Tax Appeals and held that a corporation which was merely the owner record or nominee titleholder of an apartment house must include the value thereof in computing the net worth under the Corporation Business Tax Act, N.J.S.A. 54:10A-1, et seq. The opinion was based on the holding of Somerset Apartments Inc. v. Director, Division of Taxation, 134 N.J. Super. 550 (App. Div. 1975).

Corporation Business Tax—Sales & Use Tax—Appeal from Final Determination Must Be Filed Within Statutory Period—Elm Radio and Television, Inc. v. Director, Division of Taxation, Division of Tax Appeals, July 26, 1979. The Division of Tax Appeals granted summary judgment to the respondent and dismissed the petitioner's appeal as being out of time. The petitioner had filed an appeal from a final determination of an assessment for corporation business tax and sale and use taxes beyond the three month statutory period. The Court held that the legal issue involved is identical to the issue presented in the case of Vicoa, Inc. v. Director, Division of Taxation, 166 N.J. Super. 496 (App. Div. 1979) where the Appellate Division held that an appeal must be filed within three months from the final determination as provided in the statute. The New Jersey Sales and Use Tax Act, at N.J.S.A. 54:32B-21(a), and the Corporation Business Tax Act, at N.J.S.A. 54:10A-19.2(a) mandate that appeals from a final determination rendered by the Division of Taxation be filed within three months.

**Corporation Business Tax—Investment Company—Foster Estates, Inc. v. Director, Division of Taxation,** Division of Tax Appeals, October 25, 1978. The Division of Tax Appeals held that the "business" of the petitioner was that of an investment company in 1973 and that it was entitled to the preferential treatment accorded under N.J.S.A. 54:10A-4(f)) despite the fact that more than 10% of the petitioner's income for the year 1973 was a capital gain from the sale of real estate. The court interpreted the word "business" to mean the activities in which the corporation is engaged, and it concluded that in the year 1973 for the first time the business of this corporation was holding, investing and reinvesting in the type of securities specified in the statute. A judgment was entered for the payments of petitioner's refund claim and for the vacation of any additional assessments. The Director, Division of Taxation has appealed the above determination to the Superior Court, Appellate Division.

**Corporation Business Tax**—Error in Authorization of Additional Shares—General **Trading Company, Inc. v. Director of Division of Taxation,** (App. Div., 1979) (unreported). The Appellate Division affirmed the Division of Tax Appeals and held that the taxpayer corporation was not subject to an additional assessment (based on an alternative minimum tax on authorized capital stock) resulting from an erroneous restatement of the certificate of incorporation to permit an authorization of ten million shares which was filed with the Secretary of State on the day its 1968 fiscal year ended on April 30, 1969. The Division of Taxation was immediately notified to correct the amount of the authorization to 100,000 shares upon discovery of the error. The Appellate Division affirmed the action below to the effect that said Division had authority to correct the error in the tax return. The court held that the error in this case interest imposed by the Division of Taxation was set aside. Petition by the Director of the Division of Taxation to the Supreme Court was granted 81N.J.612 (1979).

Corporation Business Tax—Nominee Titleholer—Reportable Assets—Linden Hill Apts. and Interstate Holding Corp. v. Director, Division of Taxation, (App. Div. 1979) (unreported). The issue of whether real property held as nominee must be included in the net worth of a corporation for purposes of the Corporation Business Tax, N.J.S.A. 54:10A-1; et seq. was reviewed. The Appellate Division held that property so held was includable in a corporation's net worth, relying on the case of Somerset Apts., Inc. v. Glaser, 134 N.J. Super. 550 (App. Div. 1975). Petition for certification denied, 79 N.J. 500 (1979).

Corporation Business Tax—Nominee Titleholder—SHV, Inc. v. Director, Division of Taxation, (App. Div., 1978) (unreported). The Appellate Division affirmed the Division of Tax Appeals and held that a corporation which was merely the owner of record or nominee titleholder of an apartment house must include the value thereof in computing the net worth under the Corporation Business Tax Act, N.J.S.A. 54:10A-1, et seq. The opinion was based on the holding of Somerset Apartments, Inc. v. Director, Division of Taxation, 134 N.J. Super. 550 (App. Div., 1975).

Corporation Business Tax—Time for An Appeal From a Final Assessment of Tax is the Three Months Provision of N.J.S.A. 54:10A-19.2(a)—Vicoa, Inc. v. Director, Division of Taxation, 166 N.J. Super. 496 (App. Div., 1979). The Appellate Division affirmed the judgment of the Division of Tax Appeals which held that the time to appeal from a final assessment of the Corporation Business Tax to the Division of Tax Appeals is governed by N.J.S.A 54:10A-19.2(a) which provides for an appeal to be filed with the Division of Tax Appeals within 3 months after any decision, order, finding, assessment or action of the Director. It was held that the refund provision in the State Tax Uniform Procedure Law N.J.S.A. 54:48-1 et seq. applies only in those cases in which the Director of the Division of Taxation has not made a determination. N.J.S.A. 54:49-14 provides for the filing by a taxpayer of a claim for refund within two years after payment of any original or additional tax assessed against him, unless a shorter limit is fixed by the law imposing the tax. The Court stated that general principles of statutory construction suggest that the later enacted appeal procedure outlined in N.J.S.A. 54:10A-19.2(a) (L1974, c.50) shall prevail over the more general refund procedure found in N.J.S.A. 54:49-14, (L 1936, c. 263). It was also stated that where there is any conflict between a general and specific statute covering a subject in a more minute and definite way the latter will prevail over the former and will be considered an exception to the general statute. The appellant taxpayer contended that the two statutory provisions give the taxpayer two options after the Director of the Division of Taxation has made a corporate business tax determination: (1) not to pay the tax and file a petition of appeal within 90 days; or (2) pay the tax, file a claim for refund, and then, if the claim for refund is rejected by the Director of the Division of Taxation, file a petition of appeal within 90 days of the refund rejection. The Court rejected the appellant's contentions and held that an appeal from a final determination by the Director of the Division of Taxation must be made within the three month appeal period. The appellant in this case had not filed within the three month period and therefore was held to be out of time.

### EMERGENCY TRANSPORTATION TAX

Emergency Transportation Tax—Constitutionality Upheld—John Salorio, et al. v. Sidney Glaser, Director of the Division of Taxation, (Chanc. Div., Oct. 24, 1978) (unreported). The Chancery Division of the Superior Court upheld the constitutionality of the Emergency Transportation Tax Act (N.J.S.A. 54:8a-1 et seq.) and ruled that the statute was not in violation of the privileges and immunities clause or the equal protection clause of the United States Constitution. The court held that there were differences between the New Jersey statute and the New Hampshire commuter tax imposed upon nonresidents which had been declared unconstitutional in Austin v. New Hampshire, 420 U.S. 656 (1975). In the New Jersey case, the court found that there existed a transportation crisis between the states of New York and New Jersey. The purposes expressed in the New Jersey statute to alleviate transportation problems encountered by interstate commuters, and the utilization and allocation of the funds collected under the challenged tax are valid and bear a direct reltionship to the crisis referred to. The Austin case is not identical to the situation here. Nothing in Austin indicates any reason for the enactment of the New Hampshire statute other than to raise general revenue. The New Jersey statute dedicates the use of the revenues collected in its Act to the transportation fund. The purpose of the New Jersey Act is the alleviation of the commuter problem. Thus, a direct benefit is intended to insure to New York commuters such as the plaintiffs. In addition, the two sovereign states entered into a compact in 1962 whereby they agreed on a taxing method which would govern commuters. Certain credits to be given to residents of the respective states saw to it that they did not pay anything extra by virtue of working in the other state. As a result of the 1962 accord between the two states and the actions and inactions of the parties thereafter, there was a reciprocal understanding, compact or the like between the legislative and executive branches of the two states. The Austin cause did not contemplate such a compact or reciprocal understanding whereby the citizens of two states were not financially affected.

The court concluded that the New Jersey Act is distinguishable from that before the court in the **Austin** case. The specific purpose of the New Jersey legislation is a valid one and the New Jersey Act is constitutional. The Act contains internal safeguards to protect the individual rights of the New York commuters.

An Appeal from this decision will be taken by the plaintiffs. The case was certified directly to the Supreme Court on May 15, 1979.

### FINANCIAL BUSINESS TAX

Financial Business Tax—Providing of Credit and Collection Services to Member Subsidiaries Not Subject to Financial Business Tax—Territory Finance Company v. Director, Division of Taxation, (App. Div., 1979) (unreported). The Appellate Division affirmed the judgment of the Division of Tax Appeals and held that there was sufficient credible evidence to find that petitioner was not subject to the provisions of the Financial Business Tax Law (N.J.S.A. 54:10B-3). The Appellate Court also held that the petitioner was not entitled to interest on the refund of taxes ordered for the years 1971 and 1972 since there is no statutory authority for its allowance under N.J.S.A. 54:10B-1 et seq. Petition for certification to the New Jersey Supreme Court was denied June 26, 1979.

#### NEW JERSEY GROSS INCOME TAX

New Jersey Gross Income Tax—Employee Outside Salesman under Statute Not Permitted to Deduct Business Expenses—Anthony Domenick v. Director, Division of Taxation, Division of Tax Appeals affirmed the Director of the Division of Taxation in denying a refund claim to petitioner for business expenses incurred by him as an outside salesman. The court said that the statute differentiates between a salesman who is an employer and a self-employed outside salesman. Under N.J.S.A. 54A:5-1(b) a self-employed salesman is taxable on his net income after the deduction of his own expenses of doing business. The court indicated that it is without the power to determine the constitutionality of the provisions in the law. The court refused to follow the case of **Commonwealth v. Staley**, 381 A.2d 1280 (Sup. Ct.—Pennsylvania 1978) which it found influential but not conclusive.

#### **GROSS INCOME TAX**

Gross Income Tax—High Court Affirms Bar of New Jersey Private School Deduction—Public Funds for Public Schools of New Jersey, et al. v. Byrne, et al., U.S. Supreme Court, 47 LW 3769, May 29, 1979. The U. S. Supreme Court summarily affirmed a decision of the U. S. Court of Appeals, Third Circuit (Public Funds for Public Schools of New Jersey, et al. v. Byrne, et al.), which held that the \$1000 gross (personal) income tax deduction allowed taxpayers for each dependent child attending a nonpublic elementary or secondary school is unconstitutional. The lower court ruled that the deduction had the direct effect of aiding religion in violation of the First Amendment of the U. S. Constitution.

#### HOMESTEAD REBATE ACT TAX

Homestead Rebate Act—Constitutionality Upheld—Rebate Applies Only to Principal Residence—Harry J. Rubin and Margaret C. Rubin v. Sidney Glaser, Director, Division of Taxation, et al., 166 N.J. Super. 258 (App. Div., 1979). The Appellate Division affirmed the judgment of the Division of Tax Appeals and held that the Homestead Rebate Act does not apply to the New Jersey vacation home of a nonresident. It was held that the real property must be the taxpayer's principal residence. Eligibility for a homestead rebate is based on a person's principal residence. It is impossible for one maintaining a vacation home whether a resident, nonresident, or an apartment dweller to qualify for a homestead rebate. The court held that the Homestead Rebate Act did not violate the Privileges and Immunities Clause and Equal Protection Clause of the United States Constitution and did not violate the authority conferred by Art. VIII, Section 1, par. 5 of the New Jersey Constitution. The Court said that the legislative classification of residential property into homestead and nonhomestead property, homes used as a family's principal residence as against those used for other less essential purposes, is a legitimate one for allocating tax burdens. Appeal to the New Jersey Supreme Court was filed March 6, 1979.

Homestead Rebate Act—Denial of Application for Rebate Where Filed After the Deadline Date—Joseph M. Smith v. Director, Division of Taxation, Division of Tax Appeals, February 1, 1979. The Division of Tax Appeals upheld the Director of the Division of Taxation in his refusal to accept petitioner's application for a tax rebate under the Homestead Rebate Act where it is filed beyond the deadline date. The Director of the Division of Taxation twice extended the deadline date for filing application for a homestead rebate, nowhere in the Act provides for the filing of an application for a homestead rebate, nowhere in the Act is there a requirement that the Director must mail to each qualifying individual a homestead rebate form. Petitioner cannot claim as a justification for late filing deadline is extended there is no authority to reverse the Director's refusal to accept petitioner's late application for a 1978 homestead rebate.

#### INHERITANCE TAX

Inheritance Tax—Resulting Trust—In the Matter of the Estate of Anna Rauch, Deceased, (App. Div., 1979) (unreported). The Appellate Division remanded this case for adjustment of the transfer inheritance tax in accordance with its decision. The court held a resulting trust came into existence in favor of the appellant who had paid over half of the purchase price of the home. The interest of the payer is proportionate to the percentage of the purchase price paid and there is a resulting trust in favor of the one paying the purchase price of property transferred to another, unless it is shown that the one paying the purchase price did not so intend. There is nothing in this case to show any contrary intention. The court also held that the fact that the mortgage was dated two days after the deed does not defeat the resulting trust in favor of the appellant. The court said there is no illegality of purpose in appellant making her claim. It was not the creditors of the beneficiary of the trust whose rights were intended to be affected, but rather only creditors of the beneficiary's spouse.

Inheritance Tax—Widow Denied Reduction of Market Value for Transfer Inheritance Tax Purposes of Federal Income Tax Paid on Pension Provided by Decedent's Employer—In re Estate of Romnes, 79 N.J. 139 (1979). The New Jersey Supreme Court affirmed the Appellate Division in the denial of the executor's claim of the right to take as a reduction for Transfer Inheritance Tax purposes from the market value of a Survivors Annuity provided by decedent's employer, the Federal income taxes the widow would be required to pay on her annual receipt of the annuity payments. The court stated that objectively determined clear market value is the proper measure of the beneficial interest subject to the Transfer Inheritance Tax, and neither the hypothetical seller nor the hypothetical buyer would have any interest at all in the widow's prospective tax liability of her annuity.

Inheritance Tax—Appropriation Required for Payment of Portion of Inheritance Tax Collections to Counties—Andrew M. Smith, Jr. v. Clifford Goldman, et al., 159 N.J. Super. 297 (App. Div., 1978) The Appellate Division held that the direction of statute (N.J.S.A. 54:33-10) to pay each county a percentage of Transfer Inheritance Taxes collected is not self-executory and such payments need not be made without an appropriation by the Legislature. Any expenditure of monies from the State Treasury is forbidden except to satisfy an appropriation specifically enacted by the Legislature (Const. 1947, Art. VIII, subsection II, pars. 2, 3.) Courts are without power to order the Legislature to appropriate money or to order the Governor to approve an appropriation if one were made. (Const. 1947, Art. III, par. 1.) Such an order would be an intrusion upon the legislative and executive authorities in violation of the doctrine of separation of powers.

Inheritance Tax-Change of Domicile to New Jersey-In the Matter of Theodore Swertlow, a/k/a Isidore Swertlow, deceased, Tauba Horowitz, Executrix of the Estate of Theodore Swertlow v. State of New Jersey, 168 N.J. Super. 89 (App. Div., 1979). The Appellate Division affirmed the determination of the Inheritance Tax Bureau that the decedent was a domiciliary of New Jersey at the time of his death and therefore his estate is liable for the New Jersey Inheritance Tax. Decedent had lived in New York until 1973, then moved to a rest home in New Jersey and subsequently to Miriam Apartments operated by the Daughters of Miriam Association in Clifton, New Jersey. He moved his account to a New Jersey bank and opened a safe deposit box. Decedent owned no real property in New York. The deceased's brother had brought a conservatorship proceeding in New York to care for decedent's New York property but the New York court did not declare decedent judicially incompetent. The court held that the New Jersey Inheritance Tax hearing officer had authority to inquire whether the decedent's mental condition had improved since the New York proceedings and whether he had changed his domicile to New Jersey. It said that a sister state may decide whether incompetency continues despite a determination of incompetence made in another state. The second state, if the facts so warrant, may decide that a person adjudged an incompetent in another state nevertheless has the capacity to change his domicile. The issue of domicile can not be relitigated between the parties to the action in the other state but parties not involved in the original proceedings are not foreclosed by the full faith and credit clause from thereafter litigating the question of jurisdiction. Since New Jersey was not a party to the New York proceeding, the question of jurisdiction could be relitigated in New Jersey and full faith and credit does not require enforcement of the earlier decision. While the court did not agree that the evidence disclosed improvement in decedent's condition between the time of the New York and New Jersey decisions, there was sufficient evidence to uphold the conclusion that decedent was competent to change his domicile at the time he moved to New Jersey. The decision of the hearing officer was, therefore, affirmed.

#### LOCAL PROPERTY TAX

Local Property Tax—Payment of Taxes by Hearing Date Satisfies Statute—Bay Avenue Corporation v. City of Newark, Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals held that the payment of at least 90 percent of the real property taxes by the date of hearing satisfied the statute requirement for payment of taxes for the property on appeal. The parties stipulated that there was no common level of assessment in the City of Newark and consequently a judgment was entered at the State Director's Ratio applied to the finding of true value. This resulted in a dismissal of the appeal from the assessment on one of the lots involved and an affirming of the action of the County Board therein. An assessed value of \$69,700 was found for the other lot in issue. Local Property Tax—Cranes Held to be Tangible Business Personal Property— City of Bayonne v. Port Jersey Corporation and Global Terminal and Container Services, Inc., 79 N.J. 367 (1979). The New Jersey Supreme Court reversed the Appellate Division and reinstated the judgment of the Division of Tax Appeals and held that three cranes weighing approximately 500 tons, set on wheels that run along a pair of rails 50 feet apart for a distance of 1800 feet are tangible personal property and should be assessed as such for the years 1972 and 1973.

The Business Personal Property Tax Act (N.J.S.A. 54:11A-1, et seq.), adopted in 1966, which imposes a tax upon tangible personal property used or held for use in business (acquired prior to January 1, 1977) contained an exclusion from the tax at N.J.S.A. 54:11A-2 of goods and chattels so affixed to real property as to become part thereof and not to be serverable or removable without material injury thereto. The Court held that the exclusion provided for in the law applied only to those chattels, the removal of which will do irreparable or serious physical injury or damage to the freehold. The Court said that in adopting the Business Personal Property Tax Act in 1966, the Legislature did not intend to reinstate the institutional doctrine which it rejected in 1961 upon adoption of the Uniform Commercial Code of 1961. Under the institutional doctrine, which was unique to New Jersey, the inquiry as to whether property was serverable without material injury to the freehold was to be determined not by a test of physical injury, but rather by a test of functional or economic injury. The Court found that the cranes were not permanently affixed to the ground or building and were removable without material physical injury to the freehold and should be taxed as tangible personal property used in business.

Local Property Tax-Mobile Home Held to be Taxable as Real Property-John Bell and Florence Bell v. City of Corbin City, 164 N.J. Super. 21 (App. Div., 1978). The Appellate Division reversed the Division of Tax Appeals and held that the mobile home was intended as a permanent accession to the freehold and is taxable as real estate. The Court held that the case was distinguishable from the case of Manhatten Trailer Ct. v. Twp. of N. Bergen, 104 N.J. Super, 405 (App. Div. 1969) where a mobile home was held to be taxable as tangible personal property. In the case in issue the land was owned by the taxpayer (Bells) and not by the operators of the trailer park, there was a difference in the way the mobile home was connected to the land, the way the utilities were connected by a direct line, and in addition there was an intention to remain on the land permanently for the foreseeable future. The Court in referring to the tests which have been established to determine when a movable chattel loses its character as personalty and becomes a fixture and thus part of the realty put emphasis on the intention in the placement of the structure on the land as the dominant factor. The Court concluded considering all the evidence, the taxpayers intended that their mobile home was to be a permanent accession to the freehold and, therefore, was taxable as real estate.

Local Property Tax—Exempt County Property Used For Public Purposes— County of Bergen v. Borough of Paramus and Preston O'Toole, Tax Collector/ Treasurer of the Borough of Paramus, 79 N.J. 302 (1979). The New Jersey Supreme Court vacated the judgment of the Appellate Court and held that the exemption from taxation of county property used for public purposes applied to idle land awaiting application to public purposes within a definitive reasonable length of time. The court agreed with the Appellate Division that N.J.S.A. 54:4-5, the rebate provision to municipalities for land occupied by state or county institutions and N.J.S.A. 54:5-3.3 the tax exempt provisions for county property used for public purposes, must be read together. However, the court disagreed with the factual application of when land is used for public purposes. The court said that to interpret the word "use" to mean only actual use would be unrealistic and that the legislative intent was to include a present intent to devote the property to a public use within a reasonable length of time. The judgment of the Appellate Division denying the tax exemption for the land used for public purposes was reversed and the matter remanded with directions to enter an order transferring the matter to the Division of Tax Appeals. Although neither party raised the issue, the Supreme Court reaffirmed that the principle of exhausting administrative remedies should have been followed. An appeal asserting that an exemption has been wrongfully denied should commence with the County Board of Taxation. Although the court questioned why this was not done in this case, it decided the case on the substantive issues.

Local Property Tax—Valuation—Bostian et al v. Franklin State Bank (App. Div., 1979) (unreported). The Appellate Division affirmed the determination as to increased valuation of the real property in issue. The court, however, remanded the case back to the Division of Tax Appeals to obtain 1. either a reasoned factual statement from the judge below for disallowing physical depreciation or, in the event he elects to modify his determination in this respect, a statement as to the amount of depreciation allowed; 2. complete findings and conclusions relative to the issue of functional obsolescence; and 3. findings and conclusions as to whether certain equipment forms part of the realty and should be included in the assessor's determination of value.

The court said that clearly, the judge of the Division of Tax Appeals was not obliged as a matter of law to base his determination of true value on the building's actual construction costs; in light of the township assessor's testimony as to the bank building's economic obsolescence, the determination as to true value is well grounded in substantial credible evidence.

Local Property Tax-Farmland Assessment-Solomon and Rachel Broza v. Township of Jackson, Division of Tax Appeals, January 4, 1979. The Division of Tax Appeals held that the taxpaver was entitled to a farmland assessment for the tax year 1976 on 17 acres of land which are woodland and which are part of 28 acres of which 10 acres have been qualified for farmland assessment by the township. A farmland assessment was granted for the entire property, upon which the taxpayers maintained a farm, from 1971 through 1975. The statutory income requirement of 50¢ per acre above the 5 acres for the woodland during the two year period immediately preceding the tax year in issue were met. The Court held that the special farmland assessment tax treatment is not limited to that part of the tract shown to be used for agricultural purposes—i.e., only the fertile or cultivated area of the farm. Woodland, wet areas and other acreage having a marginal value for agricultural or horticultural use may also be given such tax advantage as long as it is part of, appurtenant to, or reasonably required for the purpose of maintaining the land actually devoted to farm use, particularly where it has been part of the farm for a number of years. The Court found that in the present case no portion of the land was used for any purpose other than farming, and the woodland areas have been part of the farm, and considered as such, for many years. It was found that petitioners satisfied the statutory requirements to qualify for the farmland exemption for the entire tract of 28 acres. A judgment was entered setting aside the judgment of the Ocean County Board of Taxation, and the farmland exemption was granted to the petitioners for the entire tract of 28 acres.

Local Property Tax—Farmland Assessment—Adolphus Busch and Key Dynamics v. The Township of Washington, Division of Tax Appeals, February 1, 1979. The Division of Tax Appeals denied a farmland assessment on the petitioner's land for the tax year 1973. The land was puchased out of a larger tract of farmland and was continued as farmland by the former owner. He continued in prior years to file one application for the farmland assessment on all acreage. In 1972 the assessor divided the land into two parcels reflecting the actual ownership thereof. For 1972, applications for both parcels were signed by the petitioner but in 1973 the former owner filed for his own land only and no one filed an application for the farmland assessment for petitioner's land. The court found there was nothing in the facts to relieve the taxpayer of the responsibility for filing an application for the farmland assessment. The court took notice that there was no application filed for the farmland assessment for the year 1973. The tax assessor has long since closed the tax rolls for the tax year 1973 and there would be prejudice to the municipality to allow a farmland assessment in this case. The court therefore denied the farmland assessment on the parcel of land involved and affirmed the assessment of the municipality for 1973 on the land.

Local Property Tax—Land Necessary for the Fair Enjoyment of Boy Scouts' Camp Building Not to Exceed Five Acres—Exempt From Real Property Taxes—Camp Alpine of Greater New York Councils, B.S.A., A New Jersey Corporation v. Borough of Alpine, Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals held that the total acreage of the Boy Scouts' Camp is necessary for the full enjoyment of the premises and is thus entitled to be exempt from real property taxation. Under N.J.S.A. 54:4-3.6 in addition to the buildings, the land necessary for the fair enjoyment of the buildings devoted to the designated purposes, not exceeding five acres per building is entitled to exemption from real property taxation. It was held that lean-tos and washrooms are structures or buildings necessary to the achievement of the purposes of the charitable organization, (a Boy Scouts camp) in its use of the particular site and are entitled to consideration on the application of the five acre formula. The Court granted an exemption from taxation for the total acreage of the camp.

Local Property Tax—Exempt Property—Borough of Caldwell, et al., v. Township of West Milford, Division of Tax Appeals, October 5, 1978. It was held that vacant land in the Township of West Milford owned by the municipalities of Caldwell, Fairfield, North Caldwell and West Caldwell was not entitled to an exemption from real property taxes for the years in question. An exemption was claimed under N.J.S.A. 54:4-3.3 since the land was for recreation purposes use and therefore, was public property held for public use. The court stated that it could not conceive that the Legislature anticipated or expected this statute to be used in this fashion. It was held that the request for exemption by the petitioners does not fall within the purview of N.J.S.A. 54:4-3.3.

Local Property Tax—Farmland Assessment—Emma B. Cooper v. Township of Hillsborough, (App. Div., 1978) (unreported). The Appellate Division reversed the Division of Tax Appeals and denied a farmland assessment for the tax year 1973 on real property in the Township of Hillsborough. Under the statute, application for the farmland assessment must be filed by August 1 of the year immediately preceding the tax year (N.J.S.A. 54:4-23.6). In this case, no application for a farmland assessment had been filed by August 1, 1972, the year immediately preceding the tax year.

Local Property Tax—Farmland Assessment—Woodlands—South Gate Associates v. Borough of Kinnelon, Borough of Kinnelon v. South Gate Associates, Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals denied a farmland assessment as woodland on the land in question for the tax year 1974, but granted the farmland assessment to the land for the tax year 1975. It was only during 1973 that a contract was entered into to improve the quality and quantity and value of the trees. For the year 1974, the land was not actively devoted to an agricultural or horticultural use prior to 1973 and, therefore, the income requirements for the two years immediately preceding 1974 could not be satisfied. It was also held that a late notice of disallowance, for the tax year 1974, of a claim for the farmland assessment did not result in an automatic grant of such status in the absence of evidence that the delay had prejudiced the taxpayer. The Court also said that the previously qualified farmland property is excluded from the Freeze Act. The Court held that for the year 1975 the land in question was entitled to the farmland assessment since the land was actively devoted to an agricultural or horitcultural use for the years 1973 and 1974; the two years immediately preceding the tax year in question, 1975; and that for each of those immediately preceding two years the statutory income requirements were met. The Court also held that the \$500 was not required to be realized from the first five acres, but rather that the five acre limitation was part of a formula to be applied to the entire tract. The Court also found that the farmland assessments applied to forest land and vacant woodland actively devoted to agricultural or horticultural use. To obtain the farmland valuation the trees or forestry products did not have to be part of a farm or of a nursery operation. The Court, therefore, denied the farmland assessment to the land in question for the tax year 1974 but granted the farmland assessment to the land for the tax year 1975.

Local Property Tax—Conscientious Objectors Not Entitled to Veteran Tax Deduction-Emerson L. Darnell v. Township of Moorestown and Director, Division of Taxation, (App. Div., 1979) (unreported). The Appellate Division affirmed the judgment of the Division of Tax Appeals and held that the appellant taxpayer who was in civilian service during World War II was not a veteran as defined in N.J.S.A. 54:4-8.10(h) and therefore did not qualify for the veteran's property tax deduction for his home. The Court said that the tax deduction applies only to military veterans in active service during the time of war in any branch of the armed services but does not apply to conscientious war objectors who were World War II civilian draftees. The Court held that the granting of the \$50 tax deduction to war veterans of the Armed Forced does not discriminate against the appellant taxpayer on religious grounds under Art. I of the New Jersey Constitution and under the Fourteenth and First Amendments to the United States Constitution, since the classification contained in the statute rests upon a rational basis related to relevant public policy considerations. The Court also said that the denial of the \$50 annual exemption to the appellant is only an incidental burden on the exercise of his religious freedom. The Court also pointed out that the personal disruption caused by military service was quantitatively and qualitatively greater than that caused by the alternative civilian service. Accordingly, the judgment of the Division of Tax Appeals denying the veteran's deduction for appellant's residence was affirmed. Petition for certification to the Supreme Court has been filed by the plaintiff.

Local Property Tax—Farmland Assessment—Township of Delran v. Herman Starke, Division of Tax Appeals, July 6, 1978. The Division of Tax Appeals reversed the judgment of the Burlington County Board of Taxation and held that the taxpayer should be denied a farmland assessment for the year 1972 because of failure to file an application for that year. The eligibility of land for the farmland assessment depends upon the taxpayer's satisfying all of the qualifications set forth in the Act which include the filing of an application by August 1 of the pre-tax year.

Local Property Tax-Valuation-George Eckardt and/or Franklin Township Taxpayers Association, Inc., Petitioners-Respondents, v. Sisler Enterprises, Respondent-Appellants, and Township of Franklin, Respondent, (App. Div., 1979) (unreported). The Appellate Division affirmed the Division of Tax Appeals in the valuation of the parcel in question. The Division of Tax Appeals accepted the opinion of valuation as calculated in the income approach appraisal by the real estate expert presented by petitioner. The Division of Tax Appeals departed from the real estate expert's opinion only as to the rental value of the apartment. Even if the lower court judge erred in the actual area of the rentable share, the error would be insignificant since the decision rested on the actual and not the economic rent, except as to the apartment. The Court also held that in this stage of the proceedings the contention by the appellant that the Division of Tax Appeals lacked jurisdiction to increase the land assessment is invalid and untimely, since the appeal before the Division of Tax Appeals was heard on the theory that the land value issue was viable. The Court affirmed the judgment of the Division of Tax Appeals since it was founded upon substantial credible evidence.

Local Property Tax—Valuation of Vacant Land in a Floodway Zone Affected by a Conservation Easement—Ernest B. Fincher, Robert R. Parsons v. Township of Bethlehem, County of Hunterdon, et al., Division of Tax Appeals, January 4, 1979. The Division of Tax Appeals determined that the vacant land in issue which was in a flooding zone and was subject to a conservation easement had no practical economic value. The Court, therefore, found the nominal value of the land to be \$100.00 per acre for the tax years of 1975, 1976, and 1977.

Local Property Tax – Assessment of Wetlands – Joseph B. Forsyth v. Township of Lacey, 167 N.J. Super. 198 (App. Div., 1978). The Appellate Division reversed the judgment of the Division of Tax Appeals concerning local property assessments for the years 1974 and 1975 of certain vacant land of the taxpayer in the Township of Lacey. The vacant land included wetland. The Division of Tax Appeals on remand made no specific finding clearly required under the circumstances as to what part of the property was wetland and what part was high ground. It was also erroneously assumed that the Wetland and Coastal Area Facility Review Act's (N.J.S.A. 13:19-1 *et seq.*) restrictions represented a cloud on title and, accordingly, the Township had not submitted proof of value free of consideration of any cloud of title as required by the appliable statute and decisional law. In addition, the Division of Tax Appeals used as the best sale for comparative purposes a sale which the testimony showed was a sacrifice sale and as such was unusable in arriving at the true value of the property in issue.

Local Property Tax—Exempt Property—Township of Galloway v. Atlantic County Board of Freeholders, Division of Tax Appeals, October 5, 1978. The Division of Tax Appeals held that under the statute N.J.S.A. 54:4-3.3., for the exemption from real property tax to apply there must be not only public ownership of real property but also the use for public purposes. It was held that since the County had failed to prove any public use for the real property in question, it should have been assessed for the year 1975.

Local Property Tax-Assessment and Valuation of Reservoir Land-Hackensack Water Co. v. Borough of Old Tappan; Borough of Old Tappan v. Division of Tax Appeals, 77 N.J. 208 (1978). The state Supreme Court modified the judgment of the court below and held that reservoir land owned by the Hackensack Water Co. should be valued at the original cost of \$670.00 per acre for assessment thereof. Real estate is defined as "land and buildings, but it does not include . . . reservoirs (except the lands upon which dams and reservoirs are situated are real estate) . . .". [N.J.S.A. 54:30A-50(b)] The land beneath the reservoir must be evaluated according to the criterion established generally for assessment of real property. The statutory test calls for an assessment of the land at its "full and fair value . . . at such price as . . . (the property) would sell for at a fair and bona fide sale by private contract . . .". [N.J.S.A. 54:4-23] A fair sale encompasses a transaction between "a buyer willing but not obliged to buy, and a seller willing but not obliged to sell." The court found that it was erroneous to assume that the highest and best use of the land was for residential use. Property valuation should have some relationship to reality, which in this case, is that the land is useful as a reservoir. Consideration should have been given to the fact that the actual highest and best use of the land was as a reservoir in conjunction with the operation of a utility water system. In arriving at the fair market value of the land the court took cognizance of the fact that the reservoir land was not readably saleable and thus comparable sales could not be examined. It was also not appropriate to capitalize income derived from the property. The public utility earnings were fixed by the Board of Public Utility Commissioners who in determining the rate base took into consideration the "original cost" of the reservoir land. It was held that where in the case of public utilities, it is not feasible to evaluate land by utilizing the standard criterion. other factors must be considered. Financial returns for the use of the property and its cost are two factors in fixing a fair price. In this case it was concluded that the original cost at least bears some relationship to the value of the reservoir land and it is appropriate to rely upon it in the absence of any other evidence to arrive at the fair value of the reservoir land. The court said that it would have been proper to consider, even under the unusual circumstances of this case, other factors such as the trending of costs incurred in acquiring the land and in preparing for its use as a reservoir. The only relevant evidence presented in this case was the original cost of the reservoir land per the company's books of \$670.00 per acre. Accordingly, the assessed value of the land was fixed at \$670.00 per acre. A dissenting opinion was filed in this case.

Local Property Tax—Exempt Property—Borough of Harvey Cedars v. Sisters of Charity of Saint Elizabeth, 163 N.J. Super. 564 (App. Div., 1978), The Appellate Division, in denying exemption to respondent's property, reversed the Division of Tax Appeals and remanded this matter back for further determination consistent with the Appellate Court's Opinion. The Division of Tax Appeals had granted tax exempt status for all the land and buildings of respondent, Sisters of Charity of Saint Elizabeth, in the Borough of Harvey Cedars, except for a three-acre parcel which was valued at \$9,000. The Appellate Division found that the substantial use of the property was as a summer or vacation residence for the Sisters and others who do charitable work elsewhere and that exemption should be denied even though the property is also used in part for religious retreats. Exemption was only granted to the chapel and the land necessary for the fair enjoyment of the chapel. The court found that the statutory test (N.J.S.A. 54:4-3.6) of use exclusively for religious or charitable purposes was not met for any of the buildings except the chapel. The judgment of the Division of Tax Appeals was reversed and the matter was remanded back to the Division of Tax Appeals for a determination as to the amount of land necessary for the fair enjoyment of the chapel.

Local Property Tax—Property Acquired for a Thruway Project Which Did Not Materialize Held Tax Exempt for a Reasonable Time in Which to Dispose of the Property Before It Becomes Taxable-Township of Jackson v. New Jersey Highway Authority; New Jersey Highway Authority v. Township of Jackson, Division of Tax Appeals, January 4, 1979. The Division of Tax Appeals held that a thruway project undertaken by the New Jersey Highway Authority which failed to materialize shall be given reasonable time for the authority to dispose of the property before being placed on the tax rolls of the municipality. Under the statute, N.J.S.A. 27:12B-16, the land would have been tax exempt if the thruway project had been built. The Court held that upon the failure of the project to materialize, the Authority should be given a reasonable time to dispose of the property. Land not in public use and not intended for public use becomes taxable even when owned by bodies having a right to tax exemption with respect to property used for an appropriate purpose. It was held that in this case a reasonable time to dispose of the property should include the full year 1975; the year in which the Authority instituted its required proceedings for disposal of the property to the State of New Jersey and other State agencies, etc. The Court, therefore, held the subject property shall be tax exempt for the years 1974 and 1975 and taxable for the years 1976 and 1977 and directed a judgment be so entered.

Local Property Tax-Real Property Tax Exemption Denied for Religious Purposes - Township of Kingwood v. First Church of Divine Truth, Division of Tax Appeals, December 7, 1978, The Division of Tax Appeals reversed the Hunterdon County Tax Board and denied a tax exemption on the real property in question for use actually and exclusively for religious purposes. The owner of the property obtained credentials of ministry by payment of a fee to the Universal Life Church and then established the First Church of Divine Trust with about 40 adult members residing in various areas. The property was conveyed to the First Church of Divine Truth and occasional discussion meetings were held by relatively few people. There were no religious services conducted on the premises. The former owner, designated as the minister, resided on the premises. The Court held that the property was not entitled to a tax exemption since the test of actual and exclusive use for religious purposes was not met. Since this was the only congregation for the Church an exemption could not be granted on the basis of a dwelling for a clergyman who is a district superintendent of a religious association or corporation. As worthy as the motives may have been, it is not within the legislative intent to grant tax exemptions to every building used and occupied by those having personal religious convictions Property tax exemptions are based on the use to which the property itself is devoted and not on the status or vocation of its owners or occupants. Judgment was entered in favor of the municipality and the real property tax exemption was denied to the respondent's property.

Local Property Tax—Valuation of Islands—Abraham R. Klitzman v. Township of Ocean, Monmouth County, (App. Div., 1978) (unreported). The Appellate Division affirmed the valuation of the Division of Tax Appeals of islands in the Shrewsbury River. It was held that the weight to be accorded expert testimony is left to the reasonable judgment of the judge of the Division of Tax Appeals and his conclusions as to valuation will not be disturbed when found to be supported by substantial evidence.

Local Property Tax—Validation—Knollcroft Gardens, Inc. v. Borough of Fair Lawn, (App. Div., 1978) (unreported). The appellant municipality sought to reopen the issue of true value which in an earlier decision of another part of the Appellate Division was remanded for determination back to the Division of Tax Appeals because of discrimination (property was assessed at a substantially higher ratio of true value than the common level of assessments applied to other properties). The court held that the earlier decision of another part of the court, with respect to the Division of Tax Appeals determination of true value is the law of the case and is binding to the Appellate Court. However, the Appellate Division found no basis for the Division of Tax Appeal judge's use of an average weighted ratio of 50% when the actual average was slightly higher than 51.38%. The case was remanded back to the Division of Tax Appeals for the entry of an appropriate amended judgment. Petition for certification denied, 77 N.J. 493 (1978).

Local Property Tax—Mobile Homes Taxable as Real Property—Frederick Koester, et al. v. Hunterdon County Board of Taxation, 79 N.J. 381 (1979). The New Jersey Supreme Court affirmed the Appellate Division and held that mobile homes, located on land owned by Solitude Village, Inc., were dwellings in every sense of the word, that they were installed and completed in such a fashion that it was never intended, planned or expected that they would be moved and that they were so integrated with the land as to be considered as real estate and taxable as such within the meaning of the real estate statute (N.J.S.A. 54:4-1, et seq., N.J.S.A. 54:5-23, et seq.).

The court said that modern mobile homes, such as those at Solitude Village, should be distinguished from the early house trailers, which originated a half century ago, which were makeshift contraptions not fit for permanent human habitation. The modern homes not only have all the facilities of conventional homes, including sewage, water, lighting, heating and air conditioning, but also are more and more constructed to look like and be used as conventional homes. Since permanent homeowners, whether their homes be described as conventional or mobile, receive the same municipal services, they should equally bear their respective burdens of the local real property tax. The court also said that even though the mobile homes are on leased land and the mobile home owners have renewal options and also the privilege of removal, the mobile homes constitute land improvements taxable as real property while they remain at Solitude Village. The court also noted that while a municipality is not obliged to send separate tax bills to respective owners of the building and land, there is nothing precluding it from doing so without waiving the municipality's lien on the land and its improvements for the total assessed value of the parcel.

The court, accordingly, entered a judgment affirming the Appellate Division in its holding that the mobile homes at Solitude Village which are permanently attached are taxable as real property.

Local Property Tax—Tax Refund Denied Before Final Judgment—Lamitex, Inc., a/k/a DSC of Newark v. Borough of South Plainfield, Division of Tax Appeals, November 2, 1978. The Division of Tax Appeals held that the petitioner was not entitled to a refund of taxes under N.J.S.A. 54:3-27.2 as a result of a judgment of the Middlesex County Board of Taxation's reduction in taxes on the property in question. A motion for Summary Judgment by petitioner was denied. The court held that the refund to be paid, pursuant to N.J.S.A 54:3-27.2, within 50 days of the date of the judgment with interest at 8 per cent is not due, since the appeal from the county board judgment is pending before the Division of Tax Appeals, and a final judgment as contemplated by the Legislature has not been entered. Local Property Tax—Failure to Pay 90% of Taxes Upon Appeal is Not Jurisdictional—LeCross Associates v. City Partners, Lac, Gerald Guterman, Jerry Steiner, Certified Management Corporation and Borough of Fort Lee, 168 N.J. Super. 96 (App. Div., 1979). The Appellate Division held that upon appeal from a real property tax assessment, the judgment of the County Board of Taxation is not void for lack of jurisdiction because of paintiff's failure to pay to the municipal tax collector 90% of the taxes originally assessed against it as required in N.J.S.A 54:3-27. In reviewing the statute and the accompanying statement the court said that the language clearly discloses a legislative intent to provide a mode of relief to municipalities from the financial hardship resulting from an interruption in the flow of tax revenues. The court also held that judgment of the County Board of Taxation does not become null and void for the purpose of determining the extent of the taxpayer's tax liability when an appeal is filed with the State Division of Tax Appeals. The court, therefore, affirmed the judgment of the County Board of Taxation reducing the assessment.

Local Property Tax—Real Estate Tax Exemption for Nursing Home—Lutheran Welfare Association v. Township of Dennis, Division of Tax Appeals, July 6, 1978. The Division of Tax Appeals granted a real estate tax exemption to petitioner on real property operated as a nursing home under the provisions of N.J.S.A. 54:4-3.6, in that both the purpose of the association and of the use of the property was for charitable, benevolent or religious purposes. The Court found that the activities of the petitioner come within the guidelines as set forth in the case of Catholic Charites of the Diocese of Camden v. City of Pleasantville, 109 N.J. Super. 475 (App. Div., 1970). Here the sole requirement for admission is medical need for the services of the home. Financial resources of the patient are not considered. The fees charged to patients are below the charges of other private or public nursing homes within the general area. The Board of Trustees who manage the nursing home receive no income from the Association and operational expenses are paid by outside sources, such as charitable gifts, bequests and aid from Lutheran congregations.

Local Property Tax—Refund for Taxes Erroneously Paid—McShain, et al. v. Evesham Township, 163 N.J. Super. 522 (Law Div., 1978). The Law Division of the Superior Court held that the plaintiffs were entitled to a refund for taxes erroneously paid by them since 1958 on property not owned by them. The lot in question was owned by another taxpayer, but it was included in plaintiffs' tax bill because of a clerical error by the municipality. The Law Division held that although the municipality here was entitled to the taxes paid, albeit not from plaintiffs, the principle that it should bear the burden of unilateral clerical errors should still guide the construction of N.J.S.A. 54:4-54, under which a hearing is necessary only for the property; there is no reason to involve the taxpayer who paid by mistake—he is entitled to recovery in any event.

Local Property Tax—Farmland Assessment—Annette B. Morris v. Township of Stillwater, Division of Tax Appeals, July 27, 1979. The Division of Tax Appeals, in affirming the judgment of the Sussex County Board of Taxation, denied the petitioner the right to include additional acreage in a farmland assessment which was not included in the original application for the farmland assessment on the premises in issue. The Court held that when petitioner filed the application for the farmland assessment, respondent, the Township of Stillwater, accepted the application as true, and on that basis, the assessor made his assessment of value of the subject premises. Therefore, by strict application of the Farmland Assessment Act, N.J.S.A. 54:4-23.1 et seq., more particularly N.J.S.A 54:4-23.14, the petitioner's application for the farmland assessment on the additional acreage was denied. N.J.S.A. 54:4-23.14 provides: "A certification by the landowner that the facts set forth in the application are true. ..."

Local Property Tax-Exclusion of FHA and VA Financed Sales Distorting the 1976 County Equalization Table-City of Newark v. Essex County Board of Taxation, Division of Tax Appeals, February 1, 1979. This case involves a finding by the Division of Tax Appeals pursuant to the instructions, in this matter, the Appellate Division in 155 N.J. Super. 586 (1978) with respect to the elimination from the 1976 County Equalization Table of FHA and VA financed sales as distorted sales with extraordinary costs from the sales ratio study. The Court was unimpressed with proposals to average the results of the sales ratio study; presumably on the theory that if the sale in question showed extraordinary costs above the average, this would be presumptively distorting. In reaching its conclusion in the case, the Court was influenced by two factors:

(1) The decision by the Appellate Division in Newark v. Essex County Board of Taxation, 138 N.J. Super 217 (1975), dealt with the 1974 Equalization Table of Essex County. The Appellate Division instructed the Division of Tax Appeals to enter a judgment for elimination of those sales which showed costs as a percentage of purchase price greatly in excess of two percent.

(2) Each one of the sales included in the study represents the judgment of the buyer and seller as to the value of the property and they have no magic formula to determine actual value of the property other than what the best educated appraiser might use to reach his conclusion. The variance between appraisers might be the expressed margin of error; costs falling outside the margin would be considered distorted.

The Division of Tax Appeals, therefore, found that where points paid on the mortgage or purchasers' closing costs are paid by the seller and they amount in the aggregate to more than two percent of the purchase price, the validity of the sale as an indication of market value is distorted and it should be eliminated from the equalization table. A judgment was entered eliminating the sales on which the points and closing costs paid by the seller aggregate more than two percent of the selling price.

Local Property Tax—Tax Exemption for Instrumentality of Municipality—New Jersey Institute of Technology v. City of Newark and Division of Tax Appeals. (App. Div., 1978) (unreported). The Appellate Division held that the New Jersey Institute of Technology, the Newark Technical School, the Newark College of Engineering and the New Jersey School of Architecture are instrumentalities of the municipality, the City of Newark, as part of its school district and, as the property of a local school district not used for private purposes, are granted a tax exemption under N.J.S.A. 54:4-3.3 on the real property owned by them. The court therefore, vacated the tax levies in question. The New Jersey Institute of Technology was organized pursuant to N.J.S.A. 18E:64E-1 et. seq. which provides for the initiation of such a school on certification of the board of education in any local school district that certain funds have been raised for the purpose, by voluntary contributions or by municipal taxation and appropriation. The court distinguished the New Jersey Institute of Technology that N.J.I.T. is not an instrumentality of the State.

Local Property Tax—Assessed Valuation—Ernest Santola, et al. v. Town of West Orange, (App. Div. 1978) (unreported)—The Appellate Division remanded this matter back to the Division of Tax Appeals for supplemental findings and conclusions. The Division of Tax Appeals had reduced the assessment for tax purposes of land owned by the taxpayers in the Town of West Orange. The reduction in assessed valuation was based on the testimony for the need for site development. In its findings the Division of Tax Appeals said that the cost of an access road was to be disregarded because of the excellent frontage enjoyed by the land. The Appellate Division held that if the cost of the access road is to be disregarded it should be deducted from the site development costs which the Division of Tax Appeals did not do. The Appellate Division rather than exercise its original jurisdiction R 2:10-5, and attempt to correct an obvious error, elected to remand the entire appeal back to the Division of Tax Appeals for reconsideration and for the preparation of supplemental findings of fact and conclusions of law.

Local Property Tax—Farmland Assessment—Elizabeth B. Singer v. Township of Stillwater, Division of Tax Appeals, January 4, 1979. The Division of Tax Appeals reversed the Morris County Tax Board and held that the subject lands qualified for and were entitled to a farmland assessment for the tax year 1974. The subject lands qualified for a farmland assessment from the inception of the Farmland Assessment Acts in 1964 through 1973 and from 1975 to date. The assessor had actively assisted the taxpayer in previous years as well as for the 1974 tax yéar in the preparation and filing of his farmland assessment application. The taxpayer in preparing the 1974 application which was dated July 27, 1973 classified 24 acres as cropland harvested, 20 acres as woodland devoted to agricultural and horticultural use, and 2 acres as land used in connection with the farmhouse. The assessor completed the application by inserting 50 acres as being used for woodland not devoted to agricultural or horticultural use, 52 acres as the total land not being devoted to farmland use, and 44 acres of the total acreage used in agricultural and horticultural purposes. The assessor then approved and filed the application. The taxpayer was uncertain whether the 50

acres should have been classified as cropland pastured or permanent pasture and relied on the assessor who had given his past assistance. There was no notice to the taxpayer of the manner in which the assessor completed the application. The Court followed the case of Blair Academy v. Blairstown Township, 95 N.J. Super. 583 (App. Div., 1967) and held that the property should be granted the farmland assessment for the tax year 1974. Even though not compelled to act, the assessor took it upon himself to complete the application in a manner inconsistent with the facts as he must have known them. He was aware of the full agricultural use of the land which was granted a farmland assessment in the succeeding year. The Court further held that the assessor did not fulfill his duty under N.J.S.A. 54:4-23.13b. which requires him to notify the farmland assessment applicant of the denial of the application and the reasons therefor on or before November 1 of the pre-tax year. Such action would have resolved the problem here and should have been done as required by statute. The Court also held that the denial of the application would defeat the very purposes for the adoption of the Farmland Assessment Act, which was to save the family farm and to provide economic relief by permitting a lower assessment for farmlands. A judgment was entered granting the farmland assessment for the subject lands for the tax year 1974.

Local Property Tax—Rollback Assessments—Township of South Brunswick v. County of Middlesex, (App. Div., 1978) (unreported). The Appellate Division affirmed the judgment of the Division of Tax Appeals in imposing roll-back assessments for the years 1973, 1974 and 1975 under the Farmland Assessment Act of 1964 on lands acquired by the County of Middlesex for park purposes. The decision in the following case was followed: N.J. Turnpike Auth. v. Tp. of Washington, 137 N.J. Super. 543 (App. Div. 1975), aff'd 73 N.J. 180 (1977), and State v. Township of Washington, 73 N.J. 182 (1977). Petition for certification denied, 78 N.J. 406 (1978).

Local Property Tax—Property Acquired by County Park Commission Exempt from Taxation in the Year of Acquisition—Township of Springfield v. Union County Park Commission, 163 N.J. Super 332 (Law Div., 1978). The Superior Court, Law Division, Union County, held that: (1) county park commission was not a "state agency" within meaning of statute providing that realty acquired by the state, state agency or authority created by the State is not exempt from taxation in the year of acquisition; (2) even if the county constitutes a state agency or authority the statute provides that in case of conflict with another statute providing for acquisition of realty the latter controls and specific statute confers on county park commissions the power to acquire realty and hold it free of taxation, and (3) absent express repealer or clear legislative intent to repeal, existing statute conferring on county park commission the power to acquire realty and hold it free of taxation was not superseded by the general taxation provisions of the later enactment.

Local Property Tax—Classification of Property as Real or Personal—Sunshine Biscuits, Inc. v. Borough of Sayreville, Division of Tax Appeals, April 5, 1979. The Division of Tax Appeals, upon a remand of this case from the Appellate Division, held that several large ovens, a conveyor system and several tanks were tangible personal property and should be assessed accordingly. The crane was disregarded since it had no significant value. The flour silos were held to be real property and taxable as such. The court followed the case of **Bayonne v. Port Jersey Corporation** (New Jersey Supreme Court, 1979) (unreported) which in reviewing the law of fixtures overruled the "institutional doctrine" in the differentiation of real and personal property, particularly in the application of the Business Personal Property Tax Act. The court said that this case vitiated National Lead Co. v. Borough of Sayerville, 132 N.J. Super. 30 (App. Div., 1975). The court said that the material injury test in N.J.S.A. 54:11A-2 means only those chattels the removal of which will do irreparable or serious physical injury or damage to the freehold. Whether chattels are permanently essential to the completeness of the structure or the use to which the structure is put is no longer legally significant. The court found that from the proofs in this case all the equipment except the flour silos are removable without irreparable or physical change to the freehold. Therefore, such equipment would not be fixtures but rather would be personal property. The cranes are without value and were disregarded. In arriving at the value of the flour silos to be added to the value of the real property previously determined the court accepted the testimony of the witness for the taxpayer. A judgment was entered accordingly for each of the years 1973, 1974 and 1975 involved.

Local Property Tax—Farmland Assessment—Woodlands—Urban Farms, Inc. v. Township of Wayne, 159 N.J. Super. 61 (App. Div., 1978). The Appellate Division affirmed the judgments of the Division of Tax Appeals insofar as they provide that the taxpayer's lands are entitled to the farmland assessment for the years 1972, 1973, and 1974 on land which is devoted to a full woodland operation. The judgments of the Division of Tax Appeals insofar as they value the land at \$720 an acre were reversed and the matter remanded back to the Division of Tax Appeals for further hearing, findings of fact and determination of the value of the land in accordance with this opinion. The court held that: (1) evidence supported finding that land was devoted to agricultural use as defined under Farmland Assessment Act and that land was thereby entitled to farmland assessment; (2) Farmland Assessment Act did not, by providing that forestland may be entitled to farmland assessment, exceed scope and purpose of enabling constitutional amendment; (3) forestland owner's admitted intended use for land, development for industrial and residential use, was not to be considered in determining whether land was eligible for farmland assessment, and (4) action of Division of Tax Appeals in classifying forestland as "crop land harvested" and therefore valuing it at \$720 per acre, the highest suggested valuation for farmland in the county, was error, in that only suggested valuations submitted were those for woodland and no other evidence or method of valuation was before Division to support its determination. Petition for certification denied, 78 N.J. 330 (1978).

Local Property Tax—County Equalization—Page 8 Formula—City of Vineland v. Cumberland County Board of Taxation, Division of Tax Appeals, July 19, 1979. The Division of Tax Appeals upheld the County Equalization Table for Cumberland County for the year of 1979 which fixed the ratio for the petitioner at 98.64% of aggregate true value. The Court held that the petitioner could not use the Page 8 formula changing the ratio assigned to it to 101.09%, since its reassessment program for the year 1979 was not general or comprehensive enough to constitute a reassessment of all the real property throughout the taxing district. The Court further held that the petitioner failed to prove that the Cumberland County Board of Taxation acted either capriciously, arbitrarily or unreasonably in reaching its determination.

Local Property Tax—Declaration of Blighted Area Requires Notice—Weehawken Environment Committee, Inc., et al. v. Township of Weehawken, et al., 161 N.J. Super. 381 (Law Div., 1978). The Law Division of the Superior Court held that municipal governing body's resolution finding that proposed project was an improvement made for the purpose of assisting clearance and redevelopment of blighted area in municipality and granting tax exempt status to private developer, which resolution was passed without municipality undertaking comprehensive investigation including public hearings and notice, was ultra vires and void. N.J.S.A. 55:16-18 requires a municipality to undertake a comprehensive investigation, which includes public hearings, before it may legally declare a condition of blight, or grant tax exempt status to a private corporation.

Local Property Tax-Farmland Assessment-Bess Wiesenfeld, Appellant v. Township of South Brunswick, Respondent, 166 N.J. Super. 90 (App. Div., 1979). The Appellate Division affirmed the Division of Tax Appeals in denying the farmland assessment on woodland which is on a parcel contiguous to land on which the appellants operated a farm. The Court held that the rationale in the case of **Township** of Andover v. Kymer, 140 N.J. Super. 399 (App. Div., 1976) is not applicable where as here there is contiguously owned, separately acquired woodland which has never functionally been part of the farm, which has not been integrated with it in any documentary manner and on which there have been undertaken independent commercial operations not conducted for the benefit of the farmer but as a completely separate business activity. The court held that where the woodland in question is not "part" of the farm within the rationale of Township of Andover above, it can, if contiguous to the farm, qualify for the farmland assessment only if proved to be both appurtenant thereto and reasonably required for its maintenance. No such proofs were submitted in this case. Judgment was entered affirming the Division of Tax Appeals in denying the farmland assessment on the land in question.

### REALTY TRANSFER FEE TAX

Realty Transfer Fee Tax—Conveyance of Buildings and Improvements Without the Land is Subject to the Realty Transfer Fee—Pennjersey Properties, Inc. v. Edward J. Wolak, Register of Passaic County, et al., Division of Tax Appeals, held that a transfer of buildings and improvements without the land on which they are located is a conveyance of real property subject to the realty transfer fee. The realty transfer fee is imposed upon the recording of a deed "which purports to convey or transfer tille to a freehold interest in any lands, tenements or other realty in this State by way of grant or bargain and sale thereof from the named grantor to the named grantee." The court said that whatever confusion arises from the word "tenements" is caused by its several meanings, and the precise intention of the Legislature is readily discovered by the three words which follow it in the statute, "or other realty." The court concluded that the word is used in its broad legal meaning of "everything of a permanent nature capable of being holden" (Black's Law Dictionary [Rev. 4th Ed]). In any event, the property sought to be conveyed in these cases is certainly included in the meaning of "other realty."

#### **RETAIL GROSS RECEIPTS TAX**

Retail Gross Receipts Tax—Cigarette Tax Properly Included in Distributor's Gross Receipts—C.I.C. Corporation v. Director, Division of Taxation, Division of Tax Appeals, October 5, 1978. The Division of Tax Appeals held that the cigarette tax is imposed by the State on the petitioner, a distributor of cigarettes, and not on the consumer. Therefore, the amount of such cigarette tax is properly included in the petitioner's gross receipts for taxation under the Retail Gross Receipts Tax Act. The Retail Gross Receipts Tax Act (R.S. 54:11C-1 et seq.) imposed a tax on gross receipts which were defined to mean and include "all receipts of whatsoever kind and in whatsoever form derived from retail store sales, without any deduction therefrom on account of any item of cost, expense or loss . . .". Petitioner is engaged in the retail vending machine business and has stipulated that it is a retail store as defined in the Retail Gross Receipts Tax Act.

The Retail Gross Receipts Tax was repealed effective January 1, 1977 by P.L. 1976, c. 81 (approved September 1, 1976).

**Retail Gross Receipts Tax—Vending Machine Sales Subject to Retail Gross Receipts Tax—The Macke Company of Philadelphia v. Director, Division of Taxation,** Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals held that the gross receipts from vending machine sales are subject to the Retail Gross Receipts Tax for the years 1974, 1975 and 1976, because the petitioner's vending machine business (1) is not manufacturing; (2) is carried on at fixed locations in New Jersey; and (3) involves purchasing property and selling it to ultimate consumers and users. These are the three conditions of the definition of a retail store in the Act. (N.J.S.A. 54:11C-2(d)). The court also said that it was without power to reverse the action of the Director of the Division of Taxation in imposing penalties and interest upon the tax found to be due, unless it was convinced and found that there was an abuse of administrative discretion.

Retail Gross Receipts Tax—Receipts from Installing and Servicing Vending Machines Subject to Tax—Terminal Vending Company v. Director, Division of Taxation, Division of Tax Appeals, February 1, 1979. The Division of Tax Appeals held that the business of the petitioner of installing and servicing vending machines in the State, from which cigarettes, beverages and food products are sold, is subject to the New Jersey gross receipts tax. The Court based its conclusion on the case of Macke Company of Philadelphia v. Director (Docket No. M 978-77, decided November 29, 1978) for the reasons stated therein subjecting gross receipts from vending machine sales subject to the New Jersey gross receipts tax. The Court also refused to reverse the action of the Director in imposing penalties and interest upon the tax found to be due.

#### SALES TAX

Sales Tax—Automatic Vending Machine Sale of Prepared Food, Carbonated Soft Drinks, Confectionery and Candy-Automatic Merchandising Council of New Jersey v. Glaser, 166 N.J. Super. 411 (App. Div., 1979). The Appellate Division affirmed the judgment of the Division of Tax Appeals insofar as it held that the sale of food and drink products, such as milk, sandwiches and the like is not subject to tax when sold through coin-operated vending machines. The Court held that automatically vended food and drink products such as milk, sandwiches and the like, are not taxed under  $N_*J.S.A.$  54:32B-3(c). The latter section in the law imposes the tax on prepared foods. The Appellate Court reversed the Division of Tax Appeals insofar as it did not specifically consider automatically vended sales of carbonated soft drinks, candy and confectionery as being subject to the sales tax imposed by N.J.S.A. 54:32B-3(a) and surviving the exemption granted by N.J.S.A. 54:32B-8(b). The Court held that automatically vended carbonated soft drinks, candy and confectionery, are taxed by N.J.S.A. 54:32B-3(a) and by virtue of the exemption contained in N.J.S.A. 54:32B-8(i) can only be taxed when the retail sales price is more than 10 cents. Sale of prepared food and drink products, such as milk, sandwiches and the like which are within the intent of N.J.S.A. 54:32B-3(c) do not come within the purview of N.J.S.A. 54:32B-8(i). Only sales of tangible personal property under N.J.S.A. 54:32B-3(a) come within the exemption provided by N.J.S.A. 54:32B-8(i) for the sale of tangible personal property sold through coin-operated vending machines at 10 cents or less. The case was remanded back to the Division of Tax Appeals for action consistent with this opinion. Petition for certification denied, 81 N.J. 267 (1979).

Sales Tax-Vendor's Liability for Failure to Collect Tax on Sales of Trailers to Purchasers Who Wrongfully Claim Exemption for Nonresidency—Florida Motor Court v. Director, Division of Taxation, Division of Tax Appeals, October 5, 1978. The Division of Tax Appeals held that a vendor is not liable for failure to collect a sales tax on the sale of trailers (motor vehicles) where under N.J.S.A. 54:32B-10 an affidavit is obtained by use of the Form ST-10 wherein the purchaser at the time of the purchase stated he is a nonresident, had no permanent place of abode in New Jersey, is not engaged in carrying on in New Jersey any employment, trade, business or profession in which the motor vehicle will be used in New Jersey. Absent any showing of fraud, collusion or misrepresentation on the part of the vendor, the vendor cannot be held liable for an unlawful claim for exemption unless it can be shown that the vendor had actual or constructive notice of false evidence or of buyer's misstatement as of the time of the sale or prior to making physical delivery of the motor vehicle.

Sales and Use Tax—Use Tax On Matches Distributed With Cigarettes Purchased Through Vending Machines—The Macke Company of Philadelphia v. Director, Division of Taxation, Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals upheld a use tax assessment attributable to the purchases of matches placed in and sold from cigarette vending machines. The Court held that the matches are not purchased for resale as such and are not sold as a component part of the cigarettes for the reasons stated in **Terminal Vending Company v. Director, Division** of Taxation, Division of Tax Appeals, December 7, 1978. The Court also held that the sales tax exemption on sales for less than ten cents could not be extended to the use tax under N.J.S.A. 54:32B-11(3).

Sales Tax—Storage Charges for Stock Certificates and Other Informational Documents Subject to Tax—Registrar & Transfer Company v. Director, Division of Taxation, 166 N.J. Super. 75 (App. Div., 1979). The Appellate Division reversed the judgment of the Division of Tax Appeals and held that the charges for the storage of stock certificates and other informational documents such as stock powers, corporate resolutions, assignment forms, affidavits, inheritance tax waivers, and voided stock certificates are subject to sales tax under N.J.S.A. 54:32B-3(b)(3). This section of the law imposes a tax on the charges for the storage of all tangible personal property not held for sale in the regular course of business. The Court held that the stock certificates and other informational documents were tangible personal property. The Court said that the act of storage is the service which is subject to the tax regardless of the purpose for which the customer seeks the storage service. The judgment of the Division of Tax Appeals was reversed and set aside and a judgment entered in favor of the Division of Taxation affirming the tax assessment of December 30, 1977 against Registrar. Petition for certification and cross-petition for certification denied 81 N.J. 63 (1979).

Sales and Use Tax—Use Tax Upheld on Matches Distributed With Cigarettes Purchased Through Vending Machines—Terminal Vending Company v. Director, Division of Taxation, Division of Tax Appeals, December 7, 1978. The Division of Tax Appeals upheld a use tax assessment imposed upon the purchaser of matches placed in and sold from cigarette vending machines. The Division of Tax Appeals held that the matches are not resold as such to the consumer and do not become a component part of a product produced for sale. The court concluded that the matches are given away with the cost being absorbed as a cost of doing business. The cigarettes are not produced by the petitioner and the package of matches, which is distributed simultaneously with the cigarettes, is in no way a component part of the product. The Court also denied petitioner's request for relief from the interest and penalties imposed by the Director of the Division of Taxation. It was held that the discretion to determine the imposition of penalties and interest lies entirely with the Director of the Division of Taxation (R.S. 54:49-11) any remission can only be accomplished if failure to pay the tax is explained to the Director's satisfaction. To reverse or modify the Director's determination would involve a finding of administrative abuse of discretion. There is nothing in the record to support such a conclusion.

Sales Tax—Service Charge is Not Taxable as an Admission Charge—Ticketron, Inc. v. Director, Division of Taxation, Division of Tax Appeals, April 5, 1979. The Division of Tax Appeals held that a service charge imposed by retail outlets of Ticketron which sell tickets of admission to sporting, theatrical or other entertainment events through use of "Remote Teminal Operators" connected to a computer, is not an admission charge subject to tax under N.J.S.A. 54:32B-3(e) (1) and that the service charge is not one of the enumerated services subject to tax under the New Jersey Sales and Use Tax Act.

Sales and Use Tax-Refund Claim Must be Made Within Statutory Period-Transamerica Computer Co. v. Director, Division of Taxation, Division of Tax Appeals, July 26, 1979. The Division of Tax Appeals granted respondent's motion for summary judgment to dismiss petitioner's complaint because its claim for erroneous payment of sales tax was not made within 2 years from the date of payment as required by N.J.S.A. 54:32B-20(a). The petitioner had purchased computer equipment which was temporarily stored in a warehouse in New Jersey prior to being leased and installed at sites in various locations along the East Coast. Sales tax payments were made to the vendor from April 1969 to August 1970 and a claim for refund was filed on May 23, 1973. The petitioner claimed that since there allegedly were no taxes due, it is entitled to a refund as a matter of right, therefore, there is no restriction as to the time within which it must file. The Court held that the payments were made by petitioner as sales tax payments and that under N.J.S.A. 54:32B-20(a) a claim for refund of such sales tax erroneously, illegally or unconstitutionally paid must be filed within two years from the various payments thereof. The petitioner's failure to comply with section 20(a) bars it from maintaining this action and the court does not have jurisdiction to grant it the relief requested.

### **TENANTS' PROPERTY TAX REBATE ACT**

Tenants' Property Tax Rebate Act—Held Constitutional—Cold Indian Springs Corp. et als. v. Township of Ocean, et als., 161 N.J. Super. 586 (App. Div., 1978). The Appellate Division affirmed the judgment of the Law Division in the case of Cold Indian Springs Corp. v. Township of Ocean, 154 N.J. Super. 75 (1978) and held that the Tenants' Property Tax Rebate Act was constitutional and did not violate the equal protection or due process clauses. It was held that in the calculations of the tenants' property tax rebate there should be included reductions resulting from revaluation on a municipal-wide basis. The Act specifically excludes from such calculations of the property tax rebate, reductions resulting from judgments entered by county boards of taxation, the Division of Tax Appeals or by courts of competent jurisdiction. Petition for certification denied, 78 N.J. 410 (1978).

### **MISCELLANEOUS**

Miscellaneous—Separation of Church And State Under U.S. Constitution Violated—State of New Jersey and Ocean Grove Camp Meeting Association of The United Methodist Church v. Louis J. Celmer, Jr. (Supreme Court of New Jersey 1979) (unreported). The New Jersey Supreme Court declared the statutory scheme, under N.J.S.A. 40:97-1 et seq, which grants municipal powers to the Ocean Grove Camp Meeting Association of The United Methodist Church to be unconstitutional as in violation of the First and Fourteenth Amendments to the United States Constitution which prohibit State legislatures from enacting any law "respecting any establishment of religion..." The Court said that the state law violates the constitutional guarantees of separation of church and state. The Court ordered that the power to manage highways or other public property, to make laws and to enforce local ordinances be transferred to Neptune Township, of which Ocean Grove is a part. As a result of the ruling the court overturned the conviction of the defendant, Louis J. Celmer, Jr. of driving while under the influence of alcohol, because the municipal court which convicted him was "an improperly constituted tribunal."

### **ATTORNEY GENERAL OPINIONS**

Attorney General Opinion—Certain Activities of Foreign Banks Exempt From Taxation Under the Corporation Business Tax Act, the Corporation Income Tax Act and the Savings Institute Tax Act, August 31, 1978. The Office of the Attorney General has advised that the following five activities of a foreign bank are exempt from the Corporation Business Tax Act, the Corporation Income Tax Act and the Savings Institution Tax Act:

- 1. Where the bank acts solely as a testamentary trustee or executor in New Jersey.
- 2. Where the bank makes a loan to a New Jersey resident at the bank's out-of-state office and the loan transaction is completed out-of-state. The bank does not engage in any other activity in New Jersey nor does it have an office, own property, or solicit any business in this State.
- 3. Same facts as in activity number 2. except that with respect to the loan transaction, the bank has taken security on real estate located in New Jersey.
- 4. Same facts as in activity number 3., and in addition the bank has taken title to the real estate securing the load by means of foreclosure.
- 5. Where the foreign bank contracts in New Jersey with a banking institution to acquire, and acquires in New Jersey from such banking institution a part interest in or the entire interest in any load heretofore or hereafter made by the New Jersey banking institution, together with a like interest in any security and any security instrument given to the New Jersey banking institution to secure or evidence such load.

Attorney General Opinion—Nonresident Pension Income Received From a Pension Plan in New Jersey Subject to Gross Income Tax—March 2, 1979. The Office of the Attorney General has advised that pension income received by nonresidents from a public or private pension plan in New Jersey is subject to the New Jersey Gross Income Tax Act. Since pension income is "income enumerated and classified under Chapter 5" and since pension benefits received from a public or private pension plan for work performed in New Jersey are attributable to a profession or occupation carried on within New Jersey such pension income is "income derived from sources within New Jersey and is subject to the gross income tax. (N.J.S.A. 54A:5-8)

Attorney General Opinion-Excise Tax For Use Of Streets Open To Public-July 3, 1979. The Office of the Attorney General has advised water and sewerage corporations using or occupying streets open to the public but maintained by the planned adult community in which they are located, must pay excise taxes for the privilege of using such streets pursuant to N.J.S.A. 54:30A-54. By the express statutory provisions, it is clear that the Legislature did not intend to limit the excise tax to the use of only those streets which place a financial burden upon the municipality (i.e. through construction and maintenance) but intended to place a tax upon the use of all streets open and used by the public even if the municipality bears no financial responsibility. Once a street has been dedicated to use by the public, the public has and interest in the streets, and the property owner is not free to proceed as if the street were private property. Use of lines along, in, or under a dedicated but unaccepted street is a privilege which cannot be undertaken without the consent of the municipality. Thus, the use by water and sewerage corporations of streets open to the public but maintained by the planned adult community in which they are located is a privilege enjoyed from the municipality.

Attorney General Opinion-Gain From Sale or Exchange of a Principal Residence is Excludable from Gross Income if Another Residence is Acquired Out-Of-State-July 17, 1979. The Office of the Attorney General has advised that the gain from the sale or exchange of a principal residence is excludable from gross income pursuant to N.J.S.A. 54A:6-9 of the Gross Income Tax Act, if a new principal residence is acquired out-of-state and if other statutory requirements are met. The New Jersey Gross Income Tax Act does not contain an express requirement regarding the location of the new residence and the Federal provision upon which N.J.S.A. 54A:6-9 is patterned has been interpreted as not imposing any location requirement. We were also advised that whether the gain realized upon a subsequent sale of the out-of-state residence is subject to taxation by New Jersey is dependent upon whether the individual to be taxed is a resident taxpayer as defined by the New Jersey Gross Income Tax Act [N.J.S.A. 54A:1-1 et seq.] Gain realized from such sale is only included in the taxable gross income of a resident taxpayer. The taxable income of a nonresident is only that part of his income from sources within this State, as defined in N.J.S.A. 54A:5-8 which does not include gain derived from the sale of property out-of-state.

(a) Ratio of Sales Tax to Taxable Receipts exceeds 5% because tax on fractional parts of \$1 averages slightly more than 5 cents per dollar.

(b) Amounts shown by "Totals" may not agree with column (or row) sums because of rounding to nearest thousands.

(c) Less than \$500.

#### STATE AND LOCAL TAXES AS A PERCENTAGE OF PERSONAL INCOME AND PER CAPITA, BY STATE Fiscal Year 1977

1. State and Local tax totals differ slightly from the final totals compiled by individual states due to varying closing dates for state fiscal year tax collections and sampling errors in estimating local government taxes.

NOTE: Same rank applied in case of tie.

NOTE: Effective Tax rates reflected in the above table are obtained by dividing the total on which the tax rate is computed by the Net Valuations on which county taxes are apportioned. In Annual Reports prior to 1972, effective tax rates were obtained by multiplying the Average Assessment to Sales Ratio for said year times the general tax rate per \$100 of Assessed Valuation for said year.

#### TAX COURT OF NEW JERSEY

On July 1, 1979, New Jersey's Tax Court became operative. It supplements the Division of Tax Appeals and possesses the jurisdiction formerly held by that agency. The Tax Court is a part of the Judiciary and thus completely independent of and divorced from the Executive Branch of government.

## TAXES COLLECTED BY THE STATE FOR DISTRUBU-TION TO COUNTIES AND MUNICIPALITIES AND TAXES APPORTIONED BY THE STATE FOR COUNTY AND MUNICIPAL COLLECTION

#### 1979

The attached Tables reflect State aid to municipalities and counties totaling \$620,099,079 in 1979. This includes \$8,459,521 of State tax collections for distribution to counties, and \$171,239,141 to municipalities. It also includes \$440,400,407 of taxes apportioned by the State for collection; by counties \$1,776,134 and municipalities \$438,632,273.

#### FINANCIAL BUSINESS

(N.J.S.A. 54:10B—1 et seq.) (N.J.S.A. 54:10A—1 et seq.)

This is a State collected tax on financial businesses in substantial competition with the business of national banks.

1/4 to Counties \$1,338,242, 1/4 to Municipalities \$1,338,242.

#### BUSINESS PERSONAL PROPERTY REPLACEMENT TAX (N.J.S.A. 54:11D-1 et seq.)

Municipalities are assured of receiving no less from business personal property tax replacements than the greatest of the local levy of personal property tax in 1964, 1965, 1966, and 1967. Four tax laws are specified as the source for obtaining the required revenue. Any excess yield will be distributed in proportion to the local property tax level upon commercial, industrial and farm real estate. To Municipalities \$158,703,834. Excess was \$51,868,646.

Legislation was pased which provides an annual appropriation of not less than \$158,703,834, which was the amount certified by the Director of the Division of Taxation October 15, 1976 (C. 3, P.L. 1977).

# RAILROAD PROPERTY

(N.J.S.A. 54:29A—7)

The railroad property tax law was amended in 1966 (P.L. 1966, c. 139) when a state imposed tax of \$4.75 per \$100 of true value was substituted for the former tax on Class II property. Replacement tax revenue is determined for each municipality by applying the 1966 general real property tax rate to the assessed value for the year 1966, plus an amount equal to the difference between the railroad tax revenue for the year 1965 and the year 1966. For each year subsequent to 1967, the increase is reduced 10% until such time as the difference is eliminated.

To Municipalities \$4,075,776.

#### **PUBLIC UTILITY**

#### (N.J.S.A. 54:30A-16 et seq.)

The Division of Taxation apportions both the Public Utility Franchise Tax and the Public Utility Gross Receipts Tax to municipalities for collection after deducting administration costs (\$127,087).

To Municipalities \$426,199,336

#### **INSURANCE FRANCHISE**

(N.J.S.A. 54:18-12 et seq. and N.J.S.A. 54:16A-1 et seq.)

Insurance franchise taxes are payable by domestic insurance companies  $(87\frac{1}{2}\%)$  to the municipality and (12%) to the county in which the principal office of the taxpayer is located. The Division of Taxation apportions the tax to counties and municipalities for collection.

To Counties \$1,776,134. To Municipalities \$12,432,937.

# CORPORATION BUSINESS BANKING CORPORATIONS

(N.J.S.A. 54:10A-1 et seq.)

Banking Corporations are subject to Corporation Business Tax at the rate of  $7\frac{1}{2}\%$  on allocated net income and two mills per dollar on allocated net worth. Distribution is 50% State; 25% counties and 25% municipalities.

To Counties \$7,121,289. To Municipalities \$7,121,289.

Note: First distribution — June 1, 1976.

#### Abstract of Ratables and Exemptions in the State of New Jersey, for the Year 1979 (Continued)

#Columns 6 and 11 overstated by \$4 million dollars due to a mathematical error in Warren County. These columns are overstated in the County and the State totals. The question of whether this error can be corrected in the current year is in litigation.
