The Secretary of the Senate and the Clerk of the General Assembly be designated request officers for the Legislature as required by law.

The legislative printer shall print and make distribution of bills, resolutions, installments of the Senate Journal and Minutes of the General Assembly as heretofore and in accordance with the legislative printing contract.

The Legislative Index and the New Jersey Legislative News for 1982 be subscribed to for the use of members of the Legislature, and for such officers of the Senate and General Assembly and other persons designated by the President of the Senate and Speaker of the General Assembly, in accordance with rules to be promulgated by the President and the Speaker.

Such copies of each bill and resolution, and each official copy reprint as shall be directed by the Senate and General Assembly be printed for the use of the Senate and General Assembly.

The Legislative Code of Ethics as set forth in 1980 Senate Concurrent Resolution No. 88 be adopted temporarily as the Legislative Code of Ethics pending adoption by concurrent resolution of a Legislative Code of Ethics for the 1982-83 Legislature.

Resolved that:

1. For the 1982 session there be employed for each Senator, Legislative Aides, to be designated by him at an aggregate salary of \$25,000.00 payable in the same manner as all other Senate employees for the legislative year.

2. The 1982 Legislative Manual be distributed to the Senate on the same basis as for the 1981 session.

3. Resolved that the Rules of the 1981 Senate be adopted temporarily as the Rules for the 1982 Senate.

4. That the "Manual for Use in Drafting Legislation for Introduction in the New Jersey Legislature," dated October 1979, prepared and published by the Division of Legal Services, Office of Legislative Services be adopted as the official manual of practice and procedure of the Senate governing the form of bills to be introduced in the Senate and governing the conduct of the preliminary examination of bills proposed for introduction in the Senate required by the Rules of the Senate; and

In order to carry out the aforementioned practice and procedure, Albert Porroni, Legislative Counsel and Mary Joan Dickson, Walter R. Kennedy, Maurice E. Gold, Leonard J. Lawson, Victoria P. Lawler, Marei L. Hochman, James A. Harkness, E. Joan Oliver, Thomas P. Musiek and Marvin Jiggetts of the Division of Legal Services be designated as counsel to conduct said preliminary examination of bills proposed for introduction and amendments adopted in the Senate under the general supervision of the chairman of the Legislative Counsel.

5. The appointment of officers and employees of the Senate by the President and the payroll for such officers and employees of the Senate be adopted and the Secretary be authorized to authenticate the same as approval officers.

6. All statements of expenses of the Senate or of the Legislature on account of the Senate be referred for approval and forwarded for payment from the State Treasury as heretofore.

7. The Committee on Ways and Means be authorized to procure the necessary stationery and supplies for the use of members of the Senate.

8. Unless otherwise ordered, the daily sessions of the Senate shall begin on Mondays at 2 p.m. and on Thursdays at 11 a.m.

9. The Secretary of the Senate be directed to inform the General Assembly that the Senate has organized and elected the Honorable Carmen A. Orechio, of the County of Essex, President and Robert E. Gladden, of the County of Camden, Secretary and has proceeded to business.

10. His Excellency the Governor be informed that the Senate has organized for 1982 by the election of the Honorable Carmen A. Orechio, of Essex County, as President, and Robert E. Gladden,

of Camden County, as Secretary, and is now ready to proceed to business and to receive any communications he may forward.

11. That the President appoint Senators DiFrancesco, Dumont, Feldman and Lynch to wait on the Governor.

The Secretary announced the President made the following appointments to the Judiciary Committee:

Assembly Bills Nos. 10, 304, 692, 1281, 1325, 1414, 1731, 1764, 2162, 2236, 2308, 3032, 3151, 3225, 3298, 3328, 3333, 3345, 3350, 3427, 3428, 3429, 3430, 3431, 3512, 3516, 3540, 3583, 3600, 3628, 3644, 3659, 3667, 3735, 3766, 3782, 3785, 3786.

I am filing the following bills in the State Library without my approval.

Under the provisions of Article V, Section I, Paragraph 14(c) (3) of the Constitution, these bills which were passed within 10 days preceding the expiration of the second legislative year do not become law because they were not signed prior to the expiration of that period. In these circumstances there is no provision for a veto, but I deem it to be in the public interest to state my reasons for deciding not to sign these bills.

This year was the first time that the State has operated under the new constitutional amendment approved by the voters this past November dealing with the Governor's power to approve, veto and conditionally veto legislation. One provision in the amendment requires that any bill passed during the last 10 days of the second legislative year will not become law unless the Governor signs it before the second legislative year expires. This meant that I had until noon, Tuesday, January 12, 1982 to sign all the bills which the Legislature passed this January. The Legislature passed 227 bills in the 10-day period before the end of the session. Of those bills, 119 were passed on January 11 and indeed bills were being passed and delivered to me the morning of January 12.

It is unreasonable to expect a Governor and his staff to analyze and digest this quantity of bills in such a short time. I suggest that the State consider another constitutional amendment to give the Governor additional time to sign bills passed within the last 10 days of the second legislative year.

Set forth below is a list of bills passed within the last 10 days of the second legislative year which have not been enacted. Many of these bills I did not sign because I had substantive questions regarding their provisions which could not be answered within the time allowed. Other bills were not signed because I have significant objections to their provisions. Some were not signed because they needed amendments, which could not be made due to the absence of time.

BATHGATE INDUSTRIAL PARK—Industrial Building on Block 2915—
Contract BIP-110.003—Authorization to Award

It was reported that bids were solicited by public advertisement on Contract BIP-110.003 for the construction of a 73,000 square foot one-story industrial building including foundations, a slab-on-grade, superstructure, a mezzanine, minimal heating, lighting and ventilation, a sprinkler system, a paved parking area, sidewalks and fencing, all on Block 2915 at the Bathgate Industrial Park. In addition, the contract provides that the Port Authority may require

the contractor to construct building completion items including finishes, lighting, toilets, heating, ventilating and air conditioning, all in accordance with tenant requirements. The Board, at its meeting on August 27, 1980, authorized the Executive Director to establish and implement affirmative action efforts with respect to contracting opportunities. Accordingly, the contract includes a provision that the bidder will use every good faith effort to meet a goal for Minority Business Enterprise (MBE) participation of 20% for firms owned and controlled by minorities. Bids are presently scheduled to be received on March 25, 1982.

In order to assure the completion of a ready for occupancy building by the end of 1982, it is recommended that the Board authorize the Executive Director to award Contract BIP-110.003 to the lowest qualified bidder.

Whereupon, the following resolution was unanimously adopted:

Resolved, that the Executive Director be and he hereby is authorized, in his discretion, either to authorize the acceptance of the lowest bid on Contract BIP-110.003 for the construction of a 73,000 square foot one-story industrial building including foundations, a slab-on-grade, superstructure, a mezzanine, minimal heating, lighting and ventilation, a sprinkler system, a paved parking area, sidewalks and fencing, all on Block 2915 at the Bathgate Industrial Park, which contract provides that the Port Authority may require the contractor to construct building completion items including finishes, lighting, toilets, heating, ventilation and air conditioning, all in accordance with tenant requirements, submitted by that bidder who, in his opinion, is qualified by reason of responsibility, experience and capacity to perform the contract and whose bid price the Executive Director deems reasonable, or to authorize the rejection of all bids; and it is further

Resolved, that the Executive Director be and he hereby is authorized to order extra work up to an amount equal to 10% of the amount of that bid on Contract BIP-110.003 which is accepted by the Port Authority.

ESTABLISHMENT OF BANK ACCOUNT—The Port Authority of New York and New Jersey—Bathgate Industrial Development Account

The Board, at its meeting on March 12, 1981, authorized the Committee on Operations to act on agreements for Port Authority participation in an industrial development project in the Bathgate area of the Bronx. The Committee on Operations, at its meetings on March 25 and October 28, 1981, authorized the Executive Director to enter into a three-party agreement with The City of New York and the New York City Public Development Corporation covering participation by the Port Authority in an industrial development project at the Bathgate site. That agreement was signed on February 22, 1982 and in accordance therewith, the Port Authority established a separate Development Account of \$400,000 with

Manufacturers Hanover Trust Company. Development Account expenditures will initially be disbursed by the Port Authority via a disbursement voucher drawn on the main account with Citibank, N.A. In regard to such disbursements, the amount disbursed will be reimbursed to the Port Authority's main account via wire transfer from Manufacturers Hanover Trust Company to Citibank, N.A.

Unutilized funds in the Development Account, over and above the balance required as compensation for bank services, will be invested by the bank in obligations of or fully guaranteed by the United States and investment income therefrom will accrue to the benefit of this account.

It was therefore recommended that the Committee approve establishment of the Development Account, as above described.

The Committee has the power to act in this matter under the By-Laws, Article XI, section B.

Whereupon, pursuant to the foregoing report, the following resolution was unanimously adopted:

Resolved, that the action of the Executive Director, the Treasurer or the Assistant Treasurer, or any one of them, in establishing and maintaining a bank account in the name of The Port Authority of New York and New Jersey-Bathgate Industrial Development Account, with Manufacturers Hanover Trust Company, as depository, for a development fund established in connection with the Bathgate Industrial Development Project be and it is hereby approved and ratified; and it is further

Resolved, that the monies in the aforesaid Development Account to the extent not required for expenditures and to the extent of the excess over and above the balance required as compensation to the bank for bank services shall be invested by the bank in obligations of or fully guaranteed by the United States, and investment income derived therefrom will accrue to the benefit of the account; and it is further

Resolved, that the form of any agreement with Manufacturers Hanover Trust Company shall be subject to the approval of General Counsel or his designated representative.

SENATE BILL NO. 947 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 947 (OCR) without my approval.

This bill would prohibit any person from operating a commercial business or club which, as one of its purposes, provides for a fee or admission charge, facilities in which a person may participate in specified sexual activity. The specified sexual activity covered by the bill is defined by a reference to the Criminal Code. Operation of such an establishment would be legal only if specifically permitted by the local zoning ordinance. Violation of the bill would be a disorderly persons offense. I am advised that the bill is designed to outlaw a club being established in one municipality.

I have grave concerns regarding the constitutionality and appropriateness of this legislation. Apparently, the target of the bill is the consensual sexual activity that may occur in the facility. When our new revised Criminal Code was put together, a policy decision was made in this State that consensual sexual activity between adults would not be criminal unless it is for hire, i.e., prostitution. This bill makes an exception to this policy in order to address community concern regarding one club in this State. While I share that concern, I believe that this legislation does not address larger issues regarding various forms of activity which individual communities might find undesirable.

Also in seeking to prohibit commercial facilities where adults may engage in consensual sexual activity, the bill is drafted so broadly that it would cover places such as hotels, motels, summer homes and other residential rentals where people pay a fee for the place and may engage in sexual activity there.

In addition, the problem sought to be addressed by the bill is really a zoning problem not a criminal matter. It is the provision of the facility, not the consensual sexual activity, which constitutes the offense. I am advised that the zoning issues involving the club targeted by this bill are in litigation. I am not inclined to intrude into the dispute.

Accordingly, I herewith return Senate Bill No. 947 (OCR) without my approval.

Respectfully,

[SEAL]

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,

SENATE BILL NO. 928

To the Senate:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Senate Bill No. 928 with my objections for reconsideration.

This bill would exempt certain neighborhood health center employees from the requirements of membership in the public employee retirement system, for their period of employment prior to November 22, 1978.

My concern with this bill is that the exemption it provides will not apply automatically and unilaterally to all the affected employees, but rather will be an optional exemption, at the selection of the employee. Permitting this optional selection would place these employees in a favorable situation not enjoyed by other members of the public employees' system.

It is an essential rule in every well-managed retirement system that coverage be mandatory for all those enrolled. Otherwise those who are interested in obtaining a pension or who believe the purchase would be worthwhile given their personal circumstances and time in service would be the only ones to choose to make the extra contributions, while those who are younger and disinterested will apply for the exemption. The result would be to impose additional costs upon all employers and members to the advantage of a handful of people in one community. Furthermore, this would be a very bad precedent in a public retirement system which covers so many thousands of employers and members. If the argument is accepted here that employees cannot afford these deductions, it is an argument which is made daily by many employers and employees. To accept that argument and make an exception in this one case would be manifestly inequitable, as this legislation is intended to give that coveted benefit to only one small group of individuals.

No one should be in a position to select against the system—neither an individual member employee nor a municipal employer. If the City of Trenton believes that it was remiss in not properly enrolling these individuals, but now feels that it would be unfair to deprive these individuals of retirement credit for employment rendered prior to November 22, 1978, the city can pay the entire

cost, including the employees' share, for retirement credit earned prior to that date.

The argument that no one should be forced to assume enormous retroactive pension deductions has validity, but providing for special favoritism toward a very small group of individuals by allowing an optional selection right not provided to other members of the system is not the answer. Any solution to the Austin Health Center pensions problem must treat all members equally, mandating either membership or non-membership, but not making a special exception by providing them with the kind of option not enjoyed by other public employees. These individuals never expected pension system membership in the period prior to 1978, and thus never paid contributions for it. The most equitable and responsible solution at this time is therefore to remove both the unwanted burdens and the unearned benefits by exempting these employees from membership requirements or benefits for that period.

Accordingly, I recommend the following amendments for concurrence by the Legislature:

Page 1, Section 1, Line 6: After "law", omit "be permitted to"; after "exempt from any", insert "right or".

Page 1, Section 1, Line 8: After "1978", insert ".", and omit "if he makes written application for the exemption to the".

Page 1, Section 1, Line 9: Omit entire line.

Respectfully,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
May 24, 1982. }

SENATE BILL NO. 901

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 901 with my objections for reconsideration.

This bill would allow the sum of \$60,000, which was appropriated from the Clean Waters Fund for a loan to the Township of Egg Harbor for the planning and construction of water supply facilities to service residences where private wells have been contaminated by a hazardous waste discharge, to be used in the adjacent cities of Absecon and Pleasantville as well where water supplies were also contaminated. This bill would also specifically provide that these loan funds may be utilized for house connections in addition to the planning and construction of new water supply systems.

My concern with this bill is that the Borough of Buena, in which private wells were also affected by this discharge, was not made eligible for the use of these funds. It is appropriate that all municipalities in which wells have been contaminated by the hazardous waste discharge should be eligible to receive loans from the appropriated sum for the purposes provided in the bill.

Accordingly, I recommend the following amendment for concurrence by the Legislature:

Page 1, section 2, line 8: After "Harbor", omit "and" and insert " , "

Page 1, section 2, line 9: After "Pleasantville", insert " , and the Borough of Buena".

Page 1, section 2, line 11: After "Harbor", omit "and" and insert " , "

Page 1, section 2, line 12: After "Pleasantville", insert " , and the Borough of Buena".

Page 1, section 3, line 3: After "Harbor", omit "and" and insert " , "

Page 1, section 3, line 4: After "ville", insert " , and the Borough of Buena".

Respectively,

[SEAL]
Attest:

Whereas, Senate Rule 133 requires that when the annual appropriation bill and the supplemental appropriation bill originate in the Senate, they may not be considered for one week after introduction, printing and placing upon the desks of the members; and

Whereas, Because of extraordinary and emergent circumstances surrounding the budgetary process for the 1982-1983 fiscal year, the Joint Appropriations Committee has requested, by resolution adopted by a vote of 18-3, that the Senate suspend Rule 133; and

Whereas, The Senate finds and declares that, while Rule 133 represents the recognition by the Senate that the process of introduction and passage of the annual and supplemental appropriation

bills is and should be a deliberative process, but that the duty of the Legislature to pass a balanced budget for the operation of the government of this State prior to the end of the current fiscal year must take precedence; now therefore

Be It Resolved, That Senate Rule 133 is suspended and the 1982-1983 annual and supplemental appropriation bills may be considered by the Senate, notwithstanding they have not been introduced, printed and placed on the desks of the members of the Senate at least one week prior to consideration of the bills.

The following communication was read by the Secretary and ordered to be filed:

June 28, 1982.

Robert Gladden
Secretary of the Senate
State House
Trenton, New Jersey 08625

Dear Bob:

The Governor has nominated me to be a Judge of the Superior Court, and the Senate has voted to confirm that nomination.

I intend to accept that appointment when it is made, and I therefore herewith tender my resignation as a member of the State Senate, from District 2, effective as of my being sworn in as a Judge of the Superior Court.

Please be good enough to so inform the Senate.

Very truly yours,

STEVEN P. PERSKIE

Mr. Hirkala offered the following resolution which was read and adopted by the following vote:

WHEREAS, A vacancy will exist in the office of the member of the Senate from District 2 by reason of the resignation of Steven P. Perskie upon his acceptance of an appointment to the Superior Court, as provided in a letter of resignation of Steven P. Perskie; therefore,

Be It Resolved, That, upon the acceptance by Steven P. Perskie of the appointment to the Superior Court by his taking of the oath of office, a writ of election and proclamation issue, under the hand of the President of the Senate, attested by the Secretary of the Senate, directing that an election be held, at the time and in the manner prescribed by the laws of the State of New Jersey, in District 2, for the purpose of electing a member of the Senate for that district to fill the vacancy which will be created by the acceptance of the appointment to the Superior Court by Steven P. Perskie, and that the candidates for that office to be voted upon said election be selected or nominated in the manner provided by law.

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
TRENTON 08625

THOMAS H. KEAN
Governor

June 28, 1982.

Honorable Carmen A. Orechio
Senate President
800 Bloomfield Avenue
Nutley, New Jersey 07110

Dear Senator Orechio:

Pursuant to the provisions of N. J. S. A. 52:14C-4, I hereby deliver the attached copy of the Reorganization Plan for the Department of Labor.

Sincerely,

/s/ THOMAS H. KEAN,
Governor.

REORGANIZATION PLAN OF THE
DEPARTMENT OF LABOR

The Department of Labor, formerly known as the Department of Labor and Industry, is presently organized and administered pursuant to the provisions of the Reorganization Plan of the Department of Labor and Industry, which took effect in July 1972. Significant portions of the 1972 Plan have been superseded or obsoleted by the Department of Commerce and Economic Development Act, L. 1981, c. 122, N. J. S. A. 52:27H-1 *et seq.* That law among other things gave the Department of Labor its present name and transferred certain divisions, offices, commissions, authorities and public corporations to the newly created Department of Commerce and Economic Development from the Department of Labor and Industry. The provisions of the 1972 Plan do not fulfill the present needs of the Department of Labor for an organizational structure facilitating efficient operational and fiscal management. These needs, and proposals for meeting them, have been identified and recommended by various bodies that have had occasion in recent years to review the operations of this Department. The principal recommendations made by these reviewers, and incorporated in this Plan, are creation of the position of Deputy Commissioner to serve as the Department's chief operating officer, and

establishment of the title of Assistant Commissioner for Finance and Controller to administer the Department's fiscal, business and tax functions. The creation of these positions, as well as the other provisions of this Plan, are deemed necessary to accomplish the purposes set forth in section 2 of the Executive Reorganization Act of 1969, P. L. 1969, c. 203, N. J. S. A. 52:14C-2.

1. The executive and administrative head of the Department of Labor is the Commissioner. His administrative and executive powers shall be those set forth in L. 1948, c. 446, § 3, N. J. S. A. 34:1A-3, as these powers may be modified or supplemented by law.

2. There is hereby created an office of the Deputy Commissioner, who, under the direction and supervision of the Commissioner, shall be responsible for day-to-day operations of the Department, for long-term planning, budgeting and policy implementation, and for monitoring and evaluation of Department programs.

3. There is hereby created an office of Assistant Commissioner for Finance and Controller, who, under the supervision of the Deputy Commissioner, shall implement and administer the Department's fiscal, tax and budget operations.

4. There is hereby created an office of Assistant Commissioner for Administrative Services, who, under the supervision of the Deputy Commissioner, shall develop and implement policies and procedures governing the organization, administration and management of the Department except for financial affairs.

5. There is hereby created an office of Assistant Commissioner for Human Resources, who, under the supervision of the Deputy Commissioner, shall implement and administer all employment, training and rehabilitation programs operated by the Department.

6. There is hereby created an office of Assistant Commissioner for Labor Relations and Workplace Standards, who, under the supervision of the Deputy Commissioner, shall implement and administer all wage and hour and workplace health and safety programs operated by the Department.

7. There is hereby created an office of Assistant Commissioner for Income Security, who, under the supervision of the Deputy Commissioner, shall implement and administer unemployment insurance, disability insurance and workers' compensation programs operated by the Department.

8. The Deputy Commissioner and the Assistant Commissioners shall be appointed by the Commissioner to serve at his pleasure. The Commissioner shall delegate to the Assistant Commissioners responsibility for specific programs or functions operated or performed by the Department.

9. The Commissioner shall have authority to delegate responsibility for the employment service program and the unemployment insurance program to the same Assistant Commissioner if he shall deem this necessary to improve administrative efficiency of these

programs in light of a recent similar consolidation of responsibility at the Federal level by the United States Department of Labor.

10. All divisions, offices, bureaus, commissions, councils, boards, services and committees that shall be in, or in but not of, the Department of Labor at the time this Plan takes effect, whether created or continued by the 1972 Reorganization Plan of the Department of Labor and Industry or by administrative order, shall, consistent with law and the provisions of this Plan, continue in existence under this Plan as provided in the 1972 Plan or in such administrative order; provided that the Commissioner, pursuant to authority granted him by L. 1948, c. 446, § 3, N. J. S. A. 34:1A-3, shall have power, consistent with law and the provisions of this Plan, to administer such divisions, offices, bureaus, commissions, councils, boards, services and committees, and to modify or rescind such administrative orders, as he may deem necessary or appropriate.

11. The 1972 Reorganization Plan of the Department of Labor and Industry is hereby abolished.

12. All acts and parts of acts inconsistent with any of the provisions of this Reorganization Plan are superseded to the extent of such inconsistencies.

13. Any provisions of this Plan that conflict with Federal law shall be null and void, and shall be severable from the rest of the Plan.

Filed 1982.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

July 12, 1982.

SENATE BILL No. 771 (2ND OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Bill No. 771 (2nd OCR) with my objections, for reconsideration.

The purpose of this bill is to prohibit the Commissioner of Health from hereafter approving the establishment of a narcotic or drug abuse treatment center, either State-run or private, within 500 feet from any school building. The argument in favor of the bill is that exposing school children to addicts may have untoward or traumatizing effects upon those children.

On the other hand, there are cogent arguments against the bill, namely,

1. It is contrary to the goal of mainstreaming those with drug problems to encourage their readjustment to society.

2. Given the problem of drug abuse in schools, particularly junior high and high schools, placement of a center near a school may have the salutary effect of making treatment readily available to a larger portion of the population that needs it.

3. The Department of Health has had some problems in placing treatment centers, which would only be accentuated by an additional restriction on placement.

Since in some instances, it may be wise, or least not detrimental, to place a narcotic or drug abuse treatment center near a school, I do not believe that an absolute prohibition is wise. I am aware, however, that in some instances there may be legitimate reasons not to locate such a center near a school. Thus, I am recommending that whenever a proposal is made to locate a treatment center near a school, notice be explicitly given to the municipality at an early stage of the process. In that way, concerns about locating a narcotic or drug abuse treatment center near a school are sure to be fully aired before any final decision is made.

Accordingly, I herewith return Senate Bill No. 771 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Title: Delete "P. L. 1970, c. 334". Insert "P. L. 1971, c. 136".

Page 1, Section 1, Line 1: Delete "No". Insert "In the case of an application for a certificate of need for a".

Page 1, Section 1, Line 2: Delete "shall be approved by the".

Page 1, Section 1, Line 3: Delete "commissioner for establishment". Insert "to be located".

Page 1, Section 1, Line 5: After "years" insert ", the applicant shall notify the governing body of the municipality within which he proposes to locate the treatment center of his intention to apply for the certificate of need and the proposed location of the center. Documentation of such notice shall be filed with the certificate of need application. The Commissioner of Health is hereby authorized to adopt reasonable rules and regulations, in accordance with the provisions of the Administrative Procedure Act, P. L. 1968, c. 410 (C. 52:14B-1 et seq.), to effectuate the purposes of this act. For the purposes of this act, the definition of narcotic and drug abuse treatment center shall be identical to the definition in section 2 (a) of P. L. 1970, c. 334 (C. 26:2G-22(a))".

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

SENATE BILL No. 477

To the Senate:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return Senate Bill No. 477 without my signature.

This bill amends New Jersey Statute 33:1-7 to delete the word "minor" and replace it with "a person under the legal age to purchase alcoholic beverages." This corrective language is necessary due to recent court decisions indicating a flaw in the Statute in that the age of majority is age 18 and the age to legally consume alcoholic beverages is age 19. The bill also makes it a defense to rely on a photo drivers license as proof of age. These changes to

the law were enacted when I signed Senate Bill No. 951 on July 9, 1982.

Senate Bill No. 477 contains an additional provision in paragraph 1.b. which makes it a crime for anyone to purposely or knowingly offer or serve an alcoholic beverage to one who is under age. This section also makes it a crime for one to entice or permit a person under age to drink an alcoholic beverage. The bill provides that this section does not apply to parents, legal guardians, or to any religious ceremony.

I believe the language contained in paragraph 1.b. is overly broad. That provision would make it a crime for a grandparent, uncle, aunt, or cousin to serve or allow a relative who is under age to consume any alcoholic beverage. I cannot support this proposal.

Accordingly, I herewith return Senate Bill No. 477 without my approval.

Respectfully,

SENATE BILL No. 763 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 763 (2nd OCR) with my objections for reconsideration.

This bill amends the initiative and referendum provisions of the Optional Municipal Charter Law ("Faulkner Act") and the commission form of government (the "Walsh Act") in order to provide a greater uniformity and efficiency in these procedures. While I have no problem with any of the substantive amendments made to the law by the bill, one technical problem has been called to my attention which I recommend be corrected.

In section 4 of the bill dealing with the timetables for submitting questions to the voters in Faulkner Act municipalities the time periods are computed from "the final date for withdrawal of the petition." This language is not relevant in instances where an ordinance adopted by the governing body requires an issue to be submitted to the voters. See section 17 of P. L. 1981, c. 379 and section 7 of P. L. 1981, c. 465. For this reason, I suggest that the bill be amended to provide that where the proposition is initiated by ordinance rather than by petition that the time periods be calculated from the date of final passage and approval of the ordinance.

Accordingly, I recommend the following amendment for concurrence by the Legislature:

Page 3, Section 4, line 20: After line 20, insert new paragraph as follows:

“In any instance where a referendum election is to be held as a result of an ordinance of the council which by its terms or by law cannot become effective in the municipality unless submitted to the voters, or which by its terms authorizes a referendum in the municipality concerning the subject matter thereof, the time for submission of the question to the voters shall be calculated for the purposes of this section and section 17-44 of this act (C. 40:69A-193) from the date of final passage and approval of the ordinance.”

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

SENATE BILL No. 990 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 990 (2nd OCR) without my approval.

Senate Bill No. 990 would exempt from certain provisions of the “Sanitary Landfill Facility Closure and Contingency Fund Act” landfills owned and operated by municipalities (or their agencies) which only accept waste generated within their borders. The Act requires the owners or operators of sanitary landfill facilities to establish escrow accounts to ensure that they are financially able to safely and adequately close the facilities when it becomes necessary to do so. This bill would exempt municipal landfills from the requirement of having to establish such escrow accounts.

These escrow accounts are necessary to ensure that funds are available to municipalities for the large, one time expenses needed to pay for environmentally necessary closure activities and post-closure monitoring, and to avoid the acute, negative impact on local budgets which would result. Moreover, allowing closure costs to be addressed only when they are incurred creates the possibility that insufficient funds will be available, due to tax or budget limitations, to finance these costs.

Approximately 90 of the State’s 180 operating landfills are municipality owned and operated. These accept 5% to 6% of New Jersey’s solid waste (approximately 2.4 million cubic yards) and some of them are among the worst environmental offenders in the

State. It would be inappropriate to exempt these landfills from the important requirement of having to adequately prepare for their closure in a safe and environmentally sound manner.

Accordingly, I herewith return Senate Bill No. 990 (2nd OCR) without my approval.

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
September 16, 1982. }

SENATE BILL No. 909 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Bill No. 909 (OCR) with my objections, for reconsideration.

The purpose of this bill is to prohibit the possession or manufacture of bullets capable of penetrating body armor. While I strongly support the basic purpose of this bill, there are valid arguments against the bill, namely,

1. The definition of the proscribed bullet contained in the bill places hundreds of thousands of New Jersey residents who are collectors, sportsmen, hunters, range shooters, etc. in criminal jeopardy because ammunition which is primarily manufactured and/or designed to breach or penetrate body armor has a core to the bullet of tungsten carbide, steel, bronze and in some cases, even spent uranium. Such ammunition often cannot be identified as body armor piercing by the average shooter because it is the same ammunition regularly used for legitimate purposes. The United States Army has sold millions of surplus .30 caliber rounds of ammunition to the American public who regularly use these rounds while hunting. This ammunition would be proscribed under this bill.

2. Paragraph 1g. (1) permits the Armed Forces of the United States, the National Guard, and law enforcement agencies to possess these proscribed bullets and paragraph 2f permits the manufacture of these proscribed bullets for military and law enforcement use, yet there is no provision to allow licensed retailers or dealers to possess these proscribed bullets for sale to the military or law enforcement authorities. Such a provision was included in Assembly Bill No. 880 (OCR) which was introduced by Assemblyman Franks. In my opinion Assembly Bill No. 880 (OCR) is a more comprehensive bill than Senate Bill No. 909 (OCR).

Accordingly, I herewith return Senate Bill No. 909 for reconsideration and recommend that it be amended as follows:

Page 2, Section 1, Lines 23 through 27C: Delete "who knowingly has in his possession any bullet, which by virtue of its shape, cross sectional density, or any coating applied thereto, has been primarily manufactured or designed to breach or penetrate body armor when fired from a handgun, is guilty of a crime of the fourth degree.", insert ", other than a collector of firearms or ammunition as curios or relics as defined in Title 18 United States Code, Section 921 (a) (13) and has in his possession a valid Collector of Curios and Relics License issued by the Bureau of Alcohol, Tobacco and Firearms, who knowingly has in his possession any body armor

breaching or penetrating ammunition, which means: (a) ammunition primarily designed for use in a handgun, and (b) which is comprised of a bullet whose core or jacket, if the jacket is thicker than .025 of an inch, is made of tungsten carbide, or hard bronze, or other material which is harder than a rating of 72 or greater on the Rockwell B. Hardness Scale, and (c) is therefore capable of breaching or penetrating body armor, is guilty of a crime of the fourth degree. For purposes of this section, a collector may possess not more than 3 examples of each distinctive variation of the ammunition described above. A distinctive variation includes a different head stamp, composition, design, or color.”

Page 2, Section 1, after Line 51: Insert “(3) Nothing in paragraph (2) of subsection f. shall be construed to prevent any licensed retail or wholesale firearm dealer from possessing that ammunition at its licensed premises for sale or disposition to another licensed dealer, the Armed Forces of the United States or the National Guard, or to a law enforcement agency, provided that the seller maintains a record of any sale or disposition to a law enforcement agency. The record shall include the name of the purchasing agency, together with written authorization of the chief of police or highest ranking official of the agency, the name and rank of the purchasing law enforcement officer, if applicable, and the date, time and amount of ammunition sold or otherwise disposed. A copy of this record shall be forwarded by the seller to the Superintendent of the Division of State Police within 48 hours of the sale of disposition.”

The above amendment is adopted from Assembly Bill No. 880 (OCR) introduced by Assemblyman Franks.

Page 3, Section 2f, Line 41: After “f.”, insert “(1)”.

Page 3, Section 2f, Lines 46 through 48: Delete “which by virtue of its shape, cross sectional density, or any coating applied thereto, has been primarily manufactured or designed to breach or penetrate body armor when fired from a handgun”, insert “which is primarily designed for use in a handgun, and which is comprised of a bullet whose core or jacket, if the jacket is thicker than .025 of an inch, is made of tungsten carbide, or hard bronze, or other material which is harder than a rating of 72 or greater on the Rockwell B. Hardness Scale, and is therefore capable of breaching or penetrating body armor and”

Page 3, Section 2, after Line 52: Insert “(2) Nothing in this subsection shall be construed to prevent a licensed collector of ammunition as defined in N. J. S. 2C:39-3 f. (2) from transporting the bullets defined in paragraph (1) of this subsection from (a) any licensed retail or wholesale firearm dealer’s place of business to the collector’s dwelling, premises, or other land owned or possessed by him, or (b) to or from the collector’s dwelling, premises or other land owned or possessed by him to any gun show for the purposes of display, sale, trade, or transfer between collectors, or (c) to or from the collector’s dwelling, premises or other land owned or possessed by

him to any rifle or pistol club organized in accordance with the rules prescribed by the National Board for the Promotion of Rifle Practice provided that the club has filed a copy of its charter with the Superintendent of the State Police and annually submits a list of its members to the superintendent, and provided further that the ammunition being transported shall be carried not loaded in any firearm and contained in a closed and fastened case, gunbox, or locked in the trunk of the automobile in which it is being transported, and the course of travel shall include only such deviations as are reasonably necessary under the circumstances."

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

Attest:

/s/ W. CARY EDWARDS,
Chief Counsel to the Governor.

Mr. Hirkala offered amendments to Senate No. 909 pursuant to the recommendations of the Governor, which amendments were adopted.

On motion of Mr. Hirkala Senate No. 909 as amended pursuant to the recommendations of the Governor was given second reading without reference, for the purpose of reenactment.

The following communication was received from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 16, 1982. }

SENATE BILL No. 1256 (2ND OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Bill No. 1256 (2nd OCR) with my objections, for reconsideration.

This bill amends New Jersey Statutes (N. J. S.) 19:3-28, 19:27-4, 19:27-11 and 19:27-6.1 to provide the timetables by which vacancies in the State Senate and General Assembly shall be filled.

Presently, N. J. S. 19:3-28 and N. J. S. 19:27-4 require the House in which the vacancy occurs to issue a writ of election unless the services of a person in the office will not be required for the remainder of the Legislative year. If the House is not in session, then the Governor is required to issue the writ of election. Senate Bill No. 1256 (2nd OCR) would give the House the discretion to issue a writ either within 10 days of the occurrence of the vacancy or at the next session following the 10-day period.

Section 3 of this bill amends N. J. S. 19:27-6.1 to provide the time which the special election will be held. The date of the special election will be dependent upon the date the writ is issued by the respective house. If the writ is issued after June 30 but before 44

days preceding the General election, then the writ may designate the General election as the date to fill the vacancy. If the writ is issued after the 45th day preceding the General Election but before the 44th day preceding the end of the year, then the writ may designate the 1st Tuesday or Wednesday in January to hold the Special election.

First, I believe the date should be changed to July 31. This will minimize the delay in filling the vacancy and cut down on the length of time a district might go unrepresented. Second, this section makes it permissive to fill the vacancy at the next General Election. I believe this should be mandatory. If it is mandatory the State will not have the expense of running a Special Election just before a General Election. Third, this section also makes it permissive to hold the Special Election on the first Tuesday or Wednesday in January if the vacancy occurs after the 45th day preceding the General Election but before the 44th day preceding the end of the year. Again, I feel that this should be mandatory so the seat may be filled as soon as possible and yet not interfere with the General Election.

Accordingly, I herewith return Senate Bill No. 1256 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 2, Section 3, Line 10: delete "June 30" insert "July 31"

Page 2, Section 3, Line 11: delete "may" insert "shall"

SENATE BILL NO. 215 (2ND OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 215 (2nd OCR) with my objections for reconsideration.

This bill provides that a plaintiff in a negligence action may recover damages in any case where his negligence is less than or equal to the combined negligence of multiple defendants, i.e. the aggregate approach to comparative negligence. It overturns the decision in *Van Horn v. William Blanchard Company*, 88 N. J. 91 (1981). In that case, the court, by a 4-3 split, interpreted New Jersey's comparative negligence act to permit the plaintiff to recover only from those defendants who were more negligent than himself, even if in the aggregate his negligence was less than the total percentage fault on the part of all the defendants, i.e. the individual approach.

I endorse this change in the comparative negligence law. I believe that the policy of allocating responsibility among all negligent parties in proportion to their relative fault is more fully achieved as to both plaintiff and defendants under the aggregate approach; and I do not believe that there will be any significant impact upon insurance rates from this change.

The bill as presently drafted, however, suffers from two flaws. First, the purpose of the last sentence of section 1 is unclear. It could be read to change the rules of contribution applicable to this type of case. Nonetheless, another section of the Comparative Negligence Act, dealing explicitly with contribution, remains unscathed by this bill. This must be clarified; otherwise, confusion leading to litigation is bound to result. I recommend deleting the sentence entirely and, at present, believe that retaining current contribution rules is wise. Although revision of contribution rules, as applied generally, might be a worthwhile area for study, that is beyond the scope of this veto. Since present rules are designed to ensure that victimized plaintiffs who are least able to bear the burden resulting from the insolvency of a defendant are treated fairly, I am content to leave those rules intact at this time.

Second, the bill does not amend the Comparative Negligence Statute found in the Tort Claims Act. There is no rational reason to retain the individual approach in that instance, while enacting the aggregate approach into law in all other cases. I believe this omission to be merely an oversight and thus have recommended that the appropriate section in the Tort Claims Act be amended to mirror the provision in this bill.

Accordingly, I herewith return Senate Bill No. 215 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 11: Delete "When the negligence of the person recovering is equal to or"

Page 1, Section 1, Lines 12-18: Delete in their entirety.

Page 1, after Line 18: Insert new section 2 as follows:

"2. N. J. S. 59:9-4 is amended to read as follows:

59:9-4 Contributory negligence

Contributory negligence shall not bar recovery in an action by any party or his legal representative to recover damages to the

extent permitted under this act if such negligence was not greater than the negligence of the party against whom recovery is sought [, but any] *or was not greater than the persons against whom recovery is sought.* Any damages sustained shall be diminished by the percentage of negligence attributable to the person recovering.

In all negligence actions in which the question of liability is in dispute, the trier of fact shall make the following as findings of fact:

a. The amount of damages which would be recoverable by the injured party regardless of any consideration of negligence, that is, the full value of the injured party's damages to the extent permitted under this act.

b. The extent, in the form of a percentage, of each party's negligence. The percentage of negligence of each party shall be based on 100% and the total of all percentages of negligence of all the parties to a suit shall be 100%.

c. The judge shall mold the judgment from the findings of fact made by the trier of fact in accordance with the provisions of this act."

SENATE BILL No. 764

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 764 with my objections and recommendations for amendment.

This bill amends the State's Condominium Act with respect to management contracts. It provides that unless ratified, management contracts entered after the effective date of this act shall terminate 90 days after the first meeting of the governing board in which the unit owners constitute a majority. In this way the provision permits unit owners to take control of the management of the association at an early date and represents sound public policy.

Language in the bill places a two year limitation on the duration of contracts entered into when the unit owners have less than a majority of members in the governing board. Once the unit owners are represented by a majority on the governing board, the board would be able to enter into long term management contracts. This change departs from existing law which imposes the two year limita-

tion on management contracts until the unit owners are represented by 75% of the members of the governing board. Thus, the existing law offers stronger protection against long term contracts and, accordingly, I am not inclined to change it.

Therefore, I herewith return Senate Bill No. 764 and recommend that it be amended as follows:

Page 1, Section 1, line 3: Delete "a."; after "management,]" insert "management,"

SENATE BILL No. 916 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 916 (OCR) with my objections and recommendations for amendment.

This bill amends the provisions of the Optional County Charter Law concerning the filling of vacancies in the office of county executive under the county executive plan, the office of county supervisor under the county supervisor plan, the office of board president under the board president plan and the office of members of the board of freeholders.

The amendments set forth a definition of a vacancy in the office of a county executive, county supervisor and members of a board of freeholders.

With respect to the filling of a vacancy, the bill provides that when an election is held to fill a vacancy in the office of county executive, the newly elected county executive shall serve a full four year term rather than merely completing the unexpired term.

Current law empowers the board of freeholders to appoint one of its members or, the county administrator (under the county executive plan) as acting county executive or acting county supervisor until a successor has been elected. The amendments require that the appointee be of the same political party as the incumbent. Due to the politically sensitive nature of the amendments and its potential application to existing situations throughout the State, I recom-

mend that it apply only to future terms of county executive and county supervisors. This approach is fair to all existing boards and officers. In addition, the amendments are unworkable in cases where none of the freeholders nor the county administrator are from the same political party as the incumbent. Accordingly, I recommend that this problem be corrected by permitting in such cases the appointment of anyone on the board or the county administrator where applicable.

Therefore, I herewith return Senate Bill No. 916 (OCR) and recommend that it be amended as follows:

Page 1, Section 1, line 16: After "incumbent" insert "If no freeholder nor the county administrator has the same party affiliation as the incumbent, then any freeholder and the county administrator shall be eligible for the appointment."

Page 2, Section 2, line 15: After "incumbent" insert "If no freeholder has the same party affiliation as the incumbent, then any freeholder shall be eligible for the appointment."

Page 3, Section 4, after line 23: Insert new section as follows:

"5. (New Section) The provisions in sections 1 and 2 of this 1982 amendatory and supplementary act requiring that the acting county executive or acting county supervisor be of the same political party as the incumbent shall not govern the filling of any vacancy which occurs during a term running at the time this act is enacted."

SENATE BILL No. 1303 (OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 1303 (OCR) with my objections and recommendations for amendment.

On July 23, 1982, I signed Executive Order No. 12, which established a Commission on Science and Technology. That commission would be in direct conflict with the commission established by Senate Bill No. 1303. Instead of the 12 members referred to in Section 1 of the Senate Bill No. 1303, I have designated 20 members to the commission established by Executive Order No. 12. However,

Senate Bill No. 1303 and Executive Order No. 12 both show a clear recognition that it is important to the future economic health of the State that new high technology businesses be promoted and encouraged to enter the New Jersey marketplace. This conditional veto will conform Senate Bill No. 1303 with Executive Order No. 12. Approval of this measure will indicate the commitment of both the legislative and executive branches to the economic revitalization that high technology industries can bring to New Jersey.

Accordingly, I recommend the following amendments for concurrence by the Legislature:

Page 1, Section 1, lines 1-17: After "1." omit remainder of line, omit lines 2-17 and insert:

"There is hereby created a commission to be known as the Commission on Science and Technology (hereinafter referred to as the "Commission"). The members of the Commission shall include the following: six representatives from industry within the State; six representatives from the State's higher education community; the Commissioner of Commerce and Economic Development; the Chancellor of Higher Education; a representative of the Governor's Office; two members of the Senate who shall not be of the same political party to be appointed by the Governor after consultation with the President of the Senate; two members of the General Assembly who shall not be of the same political party to be appointed by the Governor after consultation with the Speaker of the General Assembly; and one public member with a background in labor to be appointed by the Governor. The Chairman shall be designated by the Governor. The members shall serve without compensation, but public members shall be reimbursed for necessary expenses incurred in the performance of their duties. In the absence of the Chairman, the Chancellor of Higher Education or the Commissioner of Commerce and Economic Development, who shall be designated as Vice-Chairman of the Commission, shall have all the powers and duties of the Chairman."

Page 2, Section 2, lines 2 and 3: Omit "a chairman from among its members and"

Page 2, Section 2, line 4: after "commission" insert:

"The Chairman shall preside over the meetings and affairs of the Commission and shall create such subcommittees as he deems appropriate to carry out the functions of the Commission. In the absence of the Chairman, the Vice-Chairman of the Commission shall have all the powers and duties of the Chairman."

Page 2, Section 3, lines 1-3: After "3." omit remainder of line 1, omit lines 2 and 3 and insert:

"The Commission shall conduct a thorough study and make recommendations for actions to improve the scientific and technological research and instructional capabilities in the State, and shall determine the requirements of industry, labor, higher education and government in undertaking a joint effort to encourage the

development of a high technology economy in the State. In making its recommendations, the Commission shall address the following considerations:

- (a) An analysis of research facility and equipment needs;
- (b) The identification of economic obstacles and incentives for high technology development;
- (c) An analysis of the engineering and computer science capabilities of the institutions of higher education in the State;
- (d) The identification of those applications of research and development which will encourage new business activity and employment within the State;
- (e) The feasibility of establishing selected industrial-academic "centers of excellence" in specific technical fields;
- (f) The requirements for training a more technology-oriented work force at all levels of employment within the State;
- (g) Specific actions for inducing high-technology industry to establish and maintain research, development, and production operations in the State."

Page 2, Section 5, line 3: After "report" insert "as soon as practicable", omit "its findings and recommendations"

Page 2, Section 5, line 4: After "Governor" insert "its findings and recommendations which shall include a plan for the development of a high-technology economy in this State by industry, labor, higher education and government" and omit balance of line 3.

Page 2, Section 6, line 1: After "6." omit remainder of line 1 and insert:

"The Departments of Higher Education and Commerce and Economic Development, to the extent their budgets allow, shall pay the expenses of the Commission, and through those Departments, the Commission is authorized to purchase services and to contract with consultants for assistance not otherwise available from any department, office, division, or agency of the State, as necessary to accomplish the purposes of this Act."

SENATE COMMITTEE SUBSTITUTE FOR SENATE BILL NO. 918

To the Senate:

Pursuant to Article V, Section I, paragraph 14 of the Constitution, I herewith return the Senate Committee Substitute for Senate Bill No. 918 with my objections, for reconsideration.

This bill requires service of a notice of *lis pendens* on all defendants in an action to enforce or declare rights to real estate, and provides for an automatic preliminary hearing testing that notice except where the plaintiff claims through a written instrument executed by a defendant or where the plaintiff's interest appears of record with respect to the title. The reason for this bill is that the present New Jersey statute does not require timely notice to the defendant of such filing and does not permit the defendant an opportunity to challenge the legitimacy of the filing of a *lis pendens*. Under the current system, a notice can be discharged only after a decision on the merits of the case or where it is determined that the action is a judgment for money or damages only. It is believed that this is unfair to defendants as their land may be burdened by a notice for a substantial period of time because of a claim that has only slight merit.

I agree that, with the exception of those claims derived from a written instrument, a procedure that provides for a preliminary review of a notice of *lis pendens* is salutary. It provides an additional, hopefully less burdensome, remedy to a defendant without compromising the efficacy of the *lis pendens* concept. I do not believe, however, that a mandatory preliminary hearing in all such cases is the optimal solution to the problem presented by the current statute. It has the potential to lead to an unnecessary expenditure of judicial time, and unnecessary legal expenditures by plaintiffs and defendants. I believe that an optional hearing procedure, activated by the motion of an affected defendant, will be as effective in ameliorating the inequity in the current statute as the mandatory hearing procedure. Such an optional procedure would, at the same time, minimize or eliminate the expenditure of unnecessary resources.

Accordingly, I herewith return the Senate Committee Substitute for Senate Bill No. 918 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 19: Delete "pedens" insert "pendens"

Page 1, Section 1, Line 20: After "defendants" delete "and" insert "a copy of the notice of *lis pendens* and of the complaint. Any party claiming an interest in the real estate affected by the notice of *lis pendens* may, at any time thereafter,"

SENATE BILL No. 1000 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 1000 (2nd OCR) without my approval.

The object of this bill is to allow counties and municipalities, in their discretion, to pay the insurance premiums of former employees who may have as little as 15 years of service. A qualifying retired individual need only be 62 years of age under the bill.

I have carefully analyzed data from the Division of Pensions and come to the conclusion that Senate No. 1000 could easily cost local governmental entities as much as one and a half million dollars per year. Health and hospital insurance premiums for the approximately 1,000 employees that would be eligible each year could run as high as \$1,500 per person.

At a time when both the legislative and executive branches of State government are committed to providing adequate but suitable services to the people at a reasonable cost, I do not feel this legislation is appropriate.

SENATE JOINT RESOLUTION No. 24

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Joint Resolution No. 24 with my objections.

This bill is designed to commemorate June 10, 1982 as the fortieth anniversary of one of the most heinous criminal acts in the history of western civilization—the brutal extermination of the peaceful village of Lidice, Czechoslovakia by the barbaric members of the Nazi Security Police on June 10, 1942.

I was placed in the unusual position of receiving the bill from the Legislature June 15, 1982, five days after the fortieth anniversary of the actual Lidice atrocity. To correct this error, therefore, on June 10, 1982 I issued a proclamation commemorating June 10, 1982 as the fortieth anniversary of the extermination of the peaceful village of Lidice, Czechoslovakia.

It is beyond human comprehension that on June 10, 1942 every male resident of Lidice over the age of 16 was murdered; all of the women were condemned to the dreaded Ravensbrueck concentration camp; four pregnant women were taken to a maternity hospital where their newly born children were murdered; and all of the surviving children of Lidice were sent outside of Czechoslovakia and dispersed. However, this atrocity did occur and it is for that reason that I would gladly support a bill that made every June 10th hereafter Lidice Memorial Day so that the depravity and brutality that destroyed the peaceful little village of Lidice that so aroused the wrath of the world would be remembered.

With these thoughts I reluctantly return Senate Joint Resolution No. 24 without my approval.

SENATE BILL No. 144

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 144 without my approval.

This bill prohibits the sale of "junk food" before lunch in all schools throughout the State. Junk food is defined by the United

States Department of Agriculture as those foods with minimal nutritional value.

My own personal inclination is consistent with this bill. Many students in our schools fill up with candy and soda and neglect good nutritional food that is available to them in school cafeterias. As a result, these students might not be as alert as students who avoid such food and may develop unhealthy habits that will perhaps cause them difficulty later in life.

However, I am speaking as a father of school-age children. As Governor, I believe that the State's school boards and school administrators are the appropriate people to educate our students in proper nutrition. It is far better for young people to know what is junk food and what is nutritional rather than simply prohibiting the sale of certain foods. I believe that local school districts are best able to carry out this worthwhile goal. Moreover, should State government dictate to local school districts on this issue, there may be a temptation to dictate policy on other issues which are better left for the school districts to decide.

Therefore, I herewith return Senate Bill No. 144 without my approval.

The Secretary read the following veto message from the Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 23, 1982. }

SENATE BILL NO. 1646

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I am returning Senate Bill No. 1646 with my objections, for reconsideration.

Senate Bill No. 1646 would validate the bond proceedings of a municipality which failed to file a supplemental debt statement as required by N. J. S. 40A:2-10, provided that no action has been commenced or is instituted within 30 days after the effective date of this act challenging the proceeding. The bill is designed to validate a bond proceeding for the Borough of Beachwood.

I have no problem validating a bond proceeding where a supplemental debt statement has not been filed within the time periods provided by law, so long as it is thereafter filed. Accordingly, I recommend that the bill be amended to require that the supplemental debt statement be subsequently filed.

Bond counsel advises that an error was also made in the filing of the 20 day notice required to be published by N. J. S. 40A:2-17(c). I recommend that the bill be amended to validate the proceedings despite this defect.

Accordingly, I herewith return Senate Bill No. 1646 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, line 10: After "N. J. S. 40A:2-10;" insert "or notwithstanding that the 20 day statement required to be published after final passage of the ordinance and providing notice of the 20 day period within which a suit, action or proceeding questioning the validity of the bond ordinance may be commenced was not published as required by the provisions of N. J. S. 40A:2-17; provided, however, that a supplemental debt statement has heretofore been prepared and filed in the places required by N. J. S. 40A:2-10 and provided, further that a notice of adoption of the bond ordinance was published following final passage of the ordinance; and further".

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

Attest:

/s/ W. CARY EDWARDS.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 16, 1982. }

SENATE BILL NO. 764

To the Senate—

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 764 with my objections and recommendations for amendment.

This bill amends the State's Condominium Act with respect to management contracts. It provides that unless ratified, management contracts entered after the effective date of this act shall terminate 90 days after the first meeting of the governing board in which the unit owners constitute a majority. In this way the provision permits unit owners to take control of the management of the association at an early date and represents sound public policy.

Language in the bill places a two year limitation on the duration of contracts entered into when the unit owners have less than a majority of members in the governing board. Once the unit owners are represented by a majority on the governing board, the board would be able to enter into long term management contracts. This change departs from existing law which imposes the two year limitation on management contracts until the unit owners are represented by 75% of the members of the governing board. Thus, the existing law offers stronger protection against long term contracts and, accordingly, I am not inclined to change it.

Therefore, I herewith return Senate Bill No. 764 and recommend that it be amended as follows:

Page 1, Section 1, line 3: Delete "a."; after "management]" insert "management,".

Page 1, Section 1, lines 13-16: Delete.

Page 1, Section 1, line 17: Delete "for a period in excess of two years. Any" and insert "Notwithstanding the above, any".

Respectfully,

THOMAS H. KEAN,
Governor.

W. CARY EDWARDS,
Chief Counsel.

Mr. Hirkala moved that Senate No. 764, as amended pursuant to the Governor's recommendations, be given second reading without reference, for purpose of reenactment, which motion was adopted.

The following message was received from the Governor:

SENATE BILL No. 918

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return the Senate Committee Substitute for Senate Bill No. 918 with my objections, for reconsideration.

This bill requires service of a notice of lis pendens on all defendants in an action to enforce or declare rights to real estate, and provides for an automatic preliminary hearing testing that notice except where the plaintiff claims through a written instrument executed by a defendant or where the plaintiff's interest appears of record with respect to the title. The reason for this bill is that the present New Jersey statute does not require timely notice to the defendant of such filing and does not permit the defendant an opportunity to challenge the legitimacy of the filing of a lis pendens. Under the current system, a notice can be discharged only after a decision on the merits of the case or where it is determined that the action is a judgment for money or damages only. It is believed that this is unfair to defendants as their land may be burdened by a notice for a substantial period of time because of a claim that has only slight merit.

I agree that, with the exception of those claims derived from a written instrument, a procedure that provides for a preliminary review of a notice of lis pendens is salutary. It provides an additional, hopefully less burdensome, remedy to a defendant without compromising the efficacy of the lis pendens concept. I do not believe, however, that a mandatory preliminary hearing in all such cases is the optimal solution to the problem presented by the current statute. It has the potential to lead to an unnecessary expenditure of judicial time, and unnecessary legal expenditures by plaintiffs and defendants. I believe that an optional hearing procedure, activated by the motion of an affected defendant, will be as effective in ameliorating the inequity in the current statute as the mandatory hearing procedure. Such an optional procedure would, at the same time, minimize or eliminate the expenditure of unnecessary resources.

Accordingly, I herewith return the Senate Committee Substitute for Senate Bill No. 918 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 19: Delete "pedens" insert "pendens"

Page 1, Section 1, Line 20: After "defendants" delete "and" insert "a copy of the notice of lis pendens and of the complaint. Any party claiming an interest in the real estate affected by the notice of lis pendens may, at any time thereafter,"

Page 1, Section 1, Line 20: After "court" insert ", in accordance with the Rules Governing the Courts of the State of New Jersey except as otherwise provided herein,"

Page 1, Section 1, Line 22: After "filing" insert "or continuation"

Page 1, Section 1, Line 24: Delete "Said motion shall be heard on 10 days"

Page 2, Section 1, Lines 25-28: Delete in their entirety

Page 2, Section 1, Line 29: Delete "day but not for more than 7 days."

Respectfully,

/s/ THOMAS H. KEAN,
Governor.

The following message was received from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
December 6, 1982. }

SENATE BILL NO. 979

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the Constitution, I herewith return Senate Bill No. 979 with my recommendations for reconsideration.

This bill authorizes the appointment of former duly qualified, fully trained, full-time municipal police officers as special policemen to serve as part-time municipal police officers having the same powers and duties as regular officers.

The bill, as written, permits circumvention of the Civil Service appointment process for the position of part-time police officers. The bill also, as written, adversely impacts the pension system by seemingly allowing these special policemen to be part of the current retirement system and subject to current full-time police officer benefits.

Accordingly, I herewith return Senate Bill No. 979 and recommend that it be amended as follows:

Page 2, Section 1, Line 21: Delete "special policeman" and insert "person"

Page 2, Section 1, Lines 23-27: After "serve," delete in its entirety and insert "as a special policeman pursuant to this act."

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

[SEAL]

Attest:

/s/ W. CARY EDWARDS,

Chief Counsel to the Governor.

Mr. Dumont offered amendments to Senate No. 979 pursuant to the recommendations of the Governor, which amendments were adopted.

The following message was received from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT
December 13, 1982. }

SENATE BILL No. 534 (2nd OCR)

To the Senate:

Pursuant to Article V, Section I, Paragraph 14 of the New Jersey Constitution, I herewith return Senate Bill No. 534 (2nd OCR) with my recommendations for reconsideration.

The purpose of this bill is to provide immunity from civil liability—Good Samaritan immunity—to trained persons who provide assistance to police or other agencies in responding to accidents or other emergencies involving liquefied petroleum gas or liquefied natural gas. Persons in the industry often work closely with the LP Gas Squad of the Division of State Police in responding to such emergencies.

This bill would not extend Good Samaritan immunity to persons who cause such accidents, emergencies or other damage in the course of business activities or to persons who willfully or wantonly cause damage in responding to such emergencies.

I believe that the concept of the bill is generally desirable. LP Gas dealers, shippers, transporters, and others are sometimes hesitant to assist in liquid gas emergencies because they are fearful of lawsuits if anything goes wrong.

I also believe, however, that immunity statutes should be narrowly drawn. First, they should not apply to egregious acts. Thus, in this instance, I believe that immunity should not be granted to those who commit grossly negligent acts that cause harm. In fact, the industry itself agrees that it seeks immunity only in instances of ordinary negligence and not for conduct which steps into the realm of the unconscionable.

Moreover, I believe that it should be made clear that immunity attaches only for Good Samaritan acts, i.e., those that are provided free of profit. Again, the industry itself agrees that it seeks immunity only for volunteer services rendered for free or on an expense-only basis.

Accordingly, I herewith return Senate Bill No. 534 (2nd OCR) and recommend that it be amended as follows:

Page 1, Section 1, Line 2: After "assistance" insert ", free of charge except for reimbursement of expenses,"

Page 1, Section 1, Line 12B: After "willful", delete "or" and insert ","; after "wanton" insert "or grossly negligent"

Respectfully,

[SEAL]

/s/ THOMAS H. KEAN,

Attest:

Governor.

/s/ W. CARY EDWARDS,

Chief Counsel to the Governor.

SENATE COMMITTEE SUBSTITUTE FOR
SENATE NOS. 991/1048/693

To the Senate:

Pursuant to Article V, Section 1, paragraph 14 of the Constitution, I herewith return Senate Committee Substitute for Senate Nos. 991/1048/693 without by signature.

This bill amends the New Jersey law which imposes spending limitations on counties and municipalities. The bill gives counties and municipalities the option of increasing the spending limitations or "cap" rate from the current 5% to 6%. In order to do so, the governing body of the county or municipality must hold a public hearing and then pass an ordinance or resolution by a two-thirds

vote authorizing the increase in the rate. This option could not be exercised more than twice in a five year period. In a year in which the option is exercised, no referendum to exceed the statutory rate could be held.

In addition to this major change, the bill extends to counties the referendum option currently available to municipalities, which permits the governing body to exceed the statutory limitations by an amount approved in a local referendum. The bill also directs that a referendum to exceed the statutory limitations be conducted in the same manner as school elections with respect to polling places and the compensation of election workers. Finally, the bill would require an adjustment in the spending limitations formula whenever a function or service is transferred from a county to a public utility, authority or special district. This provision parallels a similar rule governing municipalities.

The effective date of this bill is contingent upon enactment of its companion bill, Senate Bill No. 1025 which would make the local spending limitations law, as amended by this bill, permanent and creates a study committee.

I note that this bill was drafted and passed by the State Senate at the beginning of this year with the intent that it apply to 1982 and thereafter. Since that time, the Legislature has established two commissions to study the local spending limitations law, namely the Local Expenditure Limitations Technical Review Commission created by Joint Resolution No. 5 and the Local Budgetary Limitations Review Commission created by Joint Resolution No. 6. After public hearings and extensive deliberations, these Commissions have recommended significant reforms to the law. The Commissions have addressed such issues as tying the cap rate to an index which could cause the rate to go below the current 5% as well as above it, permitting local governments to accumulate for use in subsequent years unused spending leeways which will discourage local governments from artificially inflating their budgets in order to preserve their spending leeway, and to adjust the statutory formula for losses of federal or State aid. This bill, drafted prior to the creation of the Commissions, fails to address these recommendations.

Under these circumstances, to permit this bill to become law now would be irresponsible and make a mockery of the two Commissions. It is hardly appropriate to name citizens and representatives to serve on commissions, ask them to contribute their time and energy to a project and then pass legislation that totally ignores these efforts. While I am not suggesting that a commission's recommendations should automatically be enacted into law, the recommendations certainly should be given serious consideration.

In addition, due to recent legislative action taken by the Senate, I do not believe a consensus now exists in the Legislature in support of this bill. This bill passed the Senate earlier this year, before the two Commissions issued their recommendations. The Assembly only recently revived the bill, passing it this month and delivering it to

me. Thus, the Senate had no opportunity to reconsider the bill in light of the Commissions' reports. After delivery of this bill to me the Senate passed Senate Bill No. 1982 which would extend the current local spending limitations law for one month and then passed Senate Bill No. 2016 which implements many of the recommendations of the Commissions. In this way, the Senate has sent me a clear message that it no longer supports this bill.

In order to permit the Legislature to reach a consensus on the issue and to consider the recommendations of the two Commissions, I have decided to veto this bill. In addition, I am conditionally vetoing Senate Bill No. 1025 to extend the existing local spending limitations law for one month. I am doing so in order to indicate to the Legislature my agreement to a one month extension in the event the Legislature decides that it needs an additional month to ponder the recommendations of the Commissions and present me with legislation that represents its best current thinking on this important law.

Accordingly, I herewith return Senate Committee Substitute for Senate Nos. 991/1048/693 without my approval.

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

SENATE BILL No. 1025 (OCR)

To the Senate:

Pursuant to Article V, Section 1, paragraph 14 of the Constitution, I herewith return Senate Bill No. 1025 (OCR) with my recommendations for reconsideration.

This bill would make the local spending limitations law as amended by Senate Committee Substitute for Senate Nos. 991/1048/693 permanent and establishes a joint legislative committee to study the effects of the local spending limitations law upon counties, municipalities and taxpayers. The effect of this bill is contingent upon enactment of the Senate Committee Substitute for Senate Nos. 991/1048/693.

As noted in my veto message for Senate Committee Substitute for Senate Nos. 991/1048/693, I would like the Legislature to reach a consensus on modifications to the local spending limitation law and to give serious consideration to the recommendations of the Local Expenditure Limitations Technical Review Commission and the Local Budgetary Limitations Review Commission. Accordingly, I would agree to extend the current local spending limitations law for a period of one month with the expectation that during that time revisions to the local spending limitations law will be studied

and presumably implemented. I am therefore recommending that this bill be amended to extend the current local spending limitations law in its present form until February 1, 1983. Since municipal and county governments cannot adequately prepare their 1983 budgets until the provisions of the local spending limitations law are finalized, an extension of the budget deadlines is also necessary.

The amendments proposed in my conditional veto message parallel the provisions of Senate Bill No. 1982 which extends the current law for one month and adjusts the budget deadlines.

Accordingly, I herewith return Senate Bill No. 1025 (OCR) and recommend it be amended as follows:

Page 1, Section 1, line 4: After "1982]" insert "and shall expire February 1, 1983"

Pages 1 and 2, Sections 2 and 3: Delete and insert:

"2. (New Section) Notwithstanding the provisions of any law to the contrary, the dates concerning the introduction and approval and adoption of budgets for the year 1983 shall be as follows:

a. The governing body shall introduce and approve the annual budget:

(1) In the case of a county, not later than February 3 of the fiscal year; and

(2) In the case of a municipality, not later than February 17 of the fiscal year.

b. The budget shall be adopted in the case of a county not later than March 3 and in the case of a municipality not later than March 27 of the fiscal year, except that the governing body may adopt the budget at any time within 10 days after the Director of the Division of Local Government Services shall have certified his approval thereof and returned the same, if the certification shall be later than the date of the advertised hearing.

3. (New Section) Notwithstanding the provisions of any law to the contrary, the dates concerning budget transmission to the county board of taxation, county board advisement to the Director of the Division of Local Government Services of the failure to receive a budget, and filling out of the table of aggregates for later budgets for the year 1983 shall be as follows:

a. The clerk of the local unit shall transmit a certified copy of the budget, as adopted, to the county board of taxation not later than April 7 of the fiscal year.

b. Where the county board of taxation has not received a copy of the budget resolution or other evidence showing the amount to be raised by taxation for the purposes of a taxing district not later than April 7 of the fiscal year, the board shall immediately notify the director of that failure.

e. Immediately upon receipt of the director's certificate and in any event on or before May 3 of the fiscal year, the county board of taxation shall fill out the table of aggregates required by R. S.

54:4-52 and shall determine the amount of "other local taxes" for the year based upon the certificate of the director.

If the local unit shall have adopted a budget for the fiscal year and shall have transmitted a certified copy thereof to the county board of taxation on or before May 3, the board may substitute the adopted budget in the place of the amount certified by the director, but no substitution shall be made after May 3 of the fiscal year.

4. (New Section) In the event a county board of taxation is unable to prepare the table of aggregates on or before May 3 due to the failure of any of the several taxing districts of the county to transmit an adopted budget showing the amount to be raised by taxation for the purposes of the taxing district, the board shall prepare a certified schedule of the general tax rate for each of those taxing districts which have submitted an adopted budget. Each certified schedule so prepared shall be signed by the members of the county board of taxation and, within three days thereafter, shall be transmitted to the Director of the Division of Taxation, the county treasurer and the tax collector and clerk of the affected municipality.

5. (New Section) The governing body may and, if any contracts, commitments or payments are to be made prior to the adoption of the 1983 budget, shall, by resolution adopted prior to February 1, 1983, make appropriations, in addition to any temporary appropriations made pursuant to N. J. S. 40A:4-19, to provide for the period between February 25, in the case of a county, or March 20, in the case of a municipality, and the adoption of the 1983 budget. The total of the appropriations so made shall not exceed one-twelfth of the total of the appropriations made for all purposes in the budget for the 1982 fiscal year excluding, in both instances, appropriations made for interest and debt redemption charges, capital improvement fund and public assistance.

6. (New Section) Notwithstanding the provisions of P. L. 1979, c. 268 (C. 40A:4-45.3a.) to the contrary, a referendum conducted during the 1983 budget year by a municipality pursuant to subsection i. of section 3 of P. L. 1979, c. 68 (C. 40A:4-45.3i.), for the purpose of requesting approval for increasing the municipal budget by more than 5% over the previous year's final appropriations, shall be held on Tuesday, February 22, or Tuesday, March 1, 1983, as the governing body shall determine. The municipal budget proposing the increase shall be introduced and approved in the manner otherwise provided in N. J. S. 40A:4-5 at least 20 days prior to the date on which the referendum is to be held, and shall be published in the manner otherwise provided in N. J. S. 40A:4-6 at least 12 days prior to the referendum date.

7. (New Section) Notwithstanding the provisions of N. J. S. 40A:4-27 or of any other law to the contrary, a local unit may anticipate as a miscellaneous revenue in its 1983 budget the total amount of all payments due and payable to the local unit during the fiscal year, directly or indirectly as a result of the sale of

property by the local unit, when the obligation to make the payment is entered into prior to February 17, 1983.

8. (New Section) Notwithstanding the provisions of section 3-16 of P. L. 1950, e. 210 (C. 40:69A-46), the mayor shall submit to the council his recommended 1983 budget on or before January 22, 1983.

9. (New Section) Notwithstanding the provisions of section 9-17 of P. L. 1950, e. 210 (C. 40:69A-97), the municipal manager shall submit to the council his recommended 1983 budget on or before January 22, 1983.

10. This act shall take effect immediately but sections 2 through 10 of this act shall expire December 31, 1983."

Respectfully,

/s/ THOMAS H. KEAN,

Governor.

SENATE BILL NO. 1629 (2ND OCR)

To the Senate:

Pursuant to Article V, Section 1, Paragraph 14 of the Constitution, I am returning Senate Bill No. 1629 (2nd OCR) with my objections, for reconsideration.

This bill would extend to tax years 1983, 1984 and 1985 the current moratorium on revaluations in Newark which expires the end of this year. In addition, the City would have the discretion to conduct and implement a partial or complete reassessment during that time period. I am advised that implementing a revaluation in Newark will cause a dramatic increase in property taxes for residential taxpayers.

In 1980 when Governor Byrne was presented with legislation providing for a five year moratorium on property tax revaluations in Newark, he conditionally vetoed the bill to recommend that the period of the moratorium be reduced to two years and that it be complemented by a formal study to address ways to find a permanent solution to the problem posed by the revaluation. Accordingly, a law was enacted limiting the period of the moratorium to two years. That two year period expires the end of this year. During the two year period, not only has no permanent solution been implemented, but the Legislature has not taken any serious steps, either by establishing a study commission or otherwise, to address the problem, as recommended by Governor Byrne.

A moratorium offers only a temporary remedy and cannot be permitted to continue indefinitely or to serve as a substitute for a solution. A moratorium is an appropriate device to preserve the

status quo while a solution to the underlying problem is devised and implemented. I am concerned that if this bill is enacted extending the moratorium through tax year 1985, then no resolution of this issue will be achieved before then and that no serious effort will be made to resolve the problem for a few more years. Without a showing by the proponents of this legislation that a serious effort is being made to resolve the underlying problem, I am not inclined to support a moratorium. In addition, a moratorium such as this raises serious constitutional concerns, particularly when it extends over a long period of time and is not accompanied by a serious effort to address the problem.

For these reasons, I propose to have the bill amended to extend the moratorium for an additional two months in order to give the Legislature or the City of Newark an opportunity to develop a plan to find a long term solution to this issue, either by setting up a study commission or some other way. Once I am assured that a serious effort is underway to address the problem, I will sign legislation extending the moratorium.

Accordingly, I herewith return Senate Bill No. 1629 (2nd OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, line 7: Delete "tax years 1982 to 1985, inclusive" and insert "first two months in 1983"

Respectfully,

/s/ THOMAS H. KEAN,
Governor.
