Welcome to Drumthwacket, “The People’s House”

Constructed on land that witnessed the 1777 Princeton battle for American independence, today Drumthwacket serves as the stately home and grounds of the official residence of the Governor of New Jersey. Listed on the National Register of Historic Places and one of the most elegant of our nation’s executive residences, Drumthwacket’s history tells the stories of three unique families who made immense contributions to New Jersey and the United States of America.

The Governor and I hope you will use this website as a resource to learn more about the rich history of The People’s House and plan your visit to Drumthwacket and beautiful historic Princeton, New Jersey.
