TOO MANY ALREADY? I'M YOUR MAN!

Yes, sir, I don't know how many hundred thousand people I have cured of that complaint, but it is quite a few. It's common. It's more common than cold in the head. It's the first thing a man says to me when I tackle him to take the Farm Journal.

"Another farm paper?" says he. "I guess not; I have too many already."

Then I say, "Well, why on earth don't you stop about six of them and take one real GOOD paper? A paper that is practical, concise, boiled-down; cream, not skim-milk. In short, the Farm Journal. You really need ONLY ONE farm paper, if that one is THE BEST ONE."

"How do I know yours is the best?" says he.

"You don't," I reply. "You have got to try it and see. That is just what I want you to do."

And then I go ahead and give him some of these facts:

The Farm Journal was first issued by me in March, 1877, and has been published continuously to the present time. It contains from 32 to 80 pages, according to the month. It is printed on good white paper, in large, clear type, and is fully illustrated.

It is cut to fit the farmers and villagers of America and will fit every one that is the right shape.

It knows what to put in, better still, it knows what to leave out.

It prints no tiresome, long-winded essays, and is no good for insomnia.

It is seasonable, treating topics in season only.

It contains no guessing swindles, no get-rich-quick concerns, no medical advertising, no land shark schemes, no nasty or unclean advertising of any sort whatever.

It has no political ax to grind, and demands only that farmers shall have seats at the First Table. It calls for fair play for every one that works and means well.

It looks on the bright side of things, turning the dark side to the wall; likes a grin better than a groan.

It pleases the women folks all to pieces.

Boys and girls cry for it.

DON'T LET THEM CRY! Send a dollar to-day, and you get this great little paper for FIVE YEARS.

FAIR PLAY

We believe, through careful inquiry, that all the advertisements in this paper are signed by trustworthy persons, and to prove our faith by works, we will make good to actual subscribers any loss sustained by trusting advertisers who prove to be deliberate swindlers. Rogues shall not ply their trade at the expense of our subscribers who are our friends, through the medium of these columns; but we shall not attempt to adjust trifling disputes between subscribers and honorable business men who advertise, nor pay the debts of honest bankrupts. This offer holds good one month after the transaction causing the complaint; that is, we must have notice within that time. Medical advertisements positively refused. In all cases in writing to advertisers say, "I saw your advertisement in the FARM JOURNAL."

(The above is a Sentinel that has not slept since 1880 and has never failed to keep guard over Our Folks.)

THIS IS THE FAMOUS FARM JOURNAL FAIR PLAY NOTICE.

It appears on the first page of every issue of the FARM JOURNAL and is equally applicable to this Directory.

MONMOUTH COUNTY

ITS FARMS AND FARMERS

THE publishers of the FARM JOURNAL maintain that we all need to know more of our own home counties and the neighbors who are right around us.

Did you ever have the experience of going to a great city like Philadelphia or New York and hearing from people there something about the importance of your own county that you never knew before?

This FARM DIRECTORY is published for the people of Monmouth county in the belief that it will reveal to them many things of great interest and value about the farms and farming interests of their own county.

Monmouth county has a total area of 479 square miles, and a population according to the last census, of 94,734, which gives 197.7 persons to the square mile. Burlington county has 77 persons to the mile, and Mercer 556.

Of the total land area of about 306,560 acres in the county, 206,856 acres, about 67.5 per cent. is in farms.

There are in the county 2,194 farms, the average size being 70.3 acres.

According to the census of 1910, the value of all farm property in the county, including land, buildings, implements, domestic animals, poultry, etc., is $28,945,120. This gives an average of $9,842 per farm.

Of the men operating these 2,941 farms, 2,503, or 86 per cent., are native Americans, and 384, or 13 per cent., are foreign-born; 54 are colored.

Of the 2,941 farms in the county 2,179, or 74.1 per cent., are operated by their owners, and 630, or 21.4 per cent., by tenants. Of the tenant farmers, 40 per cent. pay cash rent and 60 per cent. work on shares.

Of the 2,179 farms operated by their owners, 1,089, or 50 per cent., are reported as free from mortgage debt, and 1,072, or 49 per cent., bearing mortgages.

The largest crops of Monmouth county are potatoes and corn. The latest census report gives the crop of white potatoes for one year as 1,893,523 bushels, of corn as 1,363,798 bushels.

Monmouth county stands quite high in the value of farms and farm products, is progressive in farming methods, and as a natural result is one of the prosperous farming counties of New Jersey. One evidence of this is the fact that the FARM JOURNAL has a circulation in the county of over 2,500, which is nearly one subscriber to every farm in the county. This we believe exceeds the circulation here of any other paper published.

There is no better index of the intelligence of farmers than the extent to which the standard agricultural papers are read by them.

The prosperity of Monmouth county farmers is further shown by the character of their houses, buildings and farm equipment. The pictures in this book show this in a very graphic way, and will be found of deep interest to readers both within and without the county.

SPRAYING FORMULAS

FUNGICIDES.—Bordeaux mixture is made by taking three pounds of sulphate of copper, four pounds of quicklime, fifty gallons of water. To dissolve the copper sulphate, put it into a coarse cloth bag and suspend the bag in a receptacle partly filled with water. Next, slake the lime in a tub, and strain the milk of lime thus obtained into another receptacle. Now get some one to help you, and with buckets, *simultaneously* pour the two liquids into the spraying barrel or tank. Lastly, add sufficient water to make fifty gallons. It is safe to use this full-strength Bordeaux on almost all foliage—except, perhaps, on extra tender things, such as watermelon vines, peach trees, etc. For these it is wiser to use a half-strength mixture.

FORMALIN.—This is also called formaldehyde, and may be purchased at drug stores. Its principal use is to treat seed potatoes to prevent "scab." Soak the whole seed for two hours in a mixture of one-half pint formalin and fifteen gallons of cold water; dry the seed, cut, and plant in ground that has not recently grown potatoes.

BORDEAUX COMBINED WITH INSECT POISON.—By adding one-quarter pound of Paris green to each fifty gallons of Bordeaux, the mixture becomes a combined fungicide and insecticide. Or, instead of Paris green, add about two pounds of arsenate of lead. The advantages of arsenate of lead over Paris green are, first, it is not apt to burn foliage even if used in rather excessive quantities; and, second, it "sticks" to the foliage, etc., better and longer.

INSECTICIDES.—ARSENATE OF LEAD.—This is the best insecticide for chewing insects, and is for sale by seedsmen. Use about two pounds in fifty gallons of water.

WHITE HELLEBORE.—This, if fresh, may be used instead of Paris green in some cases—worms on currant and gooseberry bushes, for instance. (It is not such a powerful poison as the arsenites, and would not do so well for tough insects such as potato-bugs.) Steep two ounces in one gallon of hot water, and use as a spray.

FOR SUCKING INSECTS.—Now we come to another class of insecticides, suited to insects which suck a plant's juice but do not chew. Arsenic will not kill such pests; therefore we must resort to solutions which kill by *contact.*

KEROSENE EMULSION.—One-half pound of hard or one quart of soft soap; kerosene, two gallons; boiling soft water, one gallon. If hard soap is used, slice it fine and dissolve it in water by boiling; add the boiling solution (away from the fire) to the kerosene, and stir or violently churn for from five to eight minutes, until the mixture assumes a creamy consistency. If a spray pump is at hand, pump the mixture back upon itself with considerable force for about five minutes. Keep this as a stock. *It must be further diluted with water before using.* One part of emulsion to fifteen parts of water, is about right for lice.

CARBOLIC ACID EMULSION.—Made by dissolving one pound of hard soap or one quart of soft soap in a gallon of boiling water, to which one pint of *crude* carbolic acid is added, the whole being stirred into an emulsion. One part of this is added to about thirty-five parts of water and poured around the bases of the plants, about four ounces per plant at each application, beginning when the plants are set out and repeated every week or ten days until the last of May. Used to fight maggots.

WHALE-OIL SOAP SOLUTION.—Dissolve one pound of whale-oil soap in a gallon

of hot water, and dilute with about six gallons of cold water. This is a good application for aphis (lice) on trees or plants. For oyster-shell or scurvy scale use this spray in May or June or when the tiny scale lice are moving about on the bark.

Tobacco Tea.—Place five pounds of tobacco stems in a water-tight vessel, and cover them with three gallons of hot water. Allow to stand several hours; dilute the liquor by adding about seven gallons of water. Strain and apply. Good for lice.

Lime-Sulphur Mixture.—Slake twenty-two pounds of fresh lump lime in the vessel in which the mixture is to be boiled, using only enough water to cover the lime. Add seventeen pounds of sulphur (flowers or powdered), having previously mixed it in a paste with water. Then boil the mixture for about an hour in about ten gallons of water, using an iron but not a copper vessel. Next add enough more water to make, in all, fifty gallons. Strain through wire sieve or netting, and apply while mixture is still warm. A good, high-pressure pump is essential to satisfactory work. Coat every particle of the tree. This is the standard San Jose scale remedy, although some orchardists prefer to use the soluble oil sprays now on the market.

Pyrethrum, or Persian Insect Powder.—It may be dusted on with a powder bellows when the plants are wet; or one ounce of it may be steeped in one gallon of hot water, and sprayed on the plants at any time. It is often used on flowers, in greenhouses, on vegetables, etc.

Bisulphide of Carbon.—This is used to kill weevils in beans and peas, etc. It comes in liquid form and may be had of druggists. When exposed to the air it quickly vaporizes into a poisonous and explosive gas which is heavier than air and which will destroy all insect life. (Caution.—Do not inhale the vapor, and allow no lights near.)

Tobacco stems, tobacco dust, kainit, soot, freshly-slaked lime, dust, etc., are often used as insect *preventives*—in the soil around plants to keep away grubs, worms and maggots, or dusted on to discourage the visits of cucumber bugs, etc. (Note.—The first four are excellent fertilizers as well as insect preventives.)

Crows and blackbirds frequently pull up planted corn. The best preventive is to tar the seed, as follows: Put the seed into a pail and pour on enough warm water to cover it. Add a teaspoonful of coal-tar to a peck, and stir well. Throw the seed out on a sieve or in a basket to drain, and then stir in a few handfuls of land plaster (gypsum), or air-slaked lime.

A New Fungicide.—Some orchardists are now using the following self-boiled lime-sulphur spray, instead of Bordeaux, claiming that it is less liable to spot or burn fruit and foliage: Put eight pounds of unslaked lump lime in a barrel; add enough water to cover. When the lime begins to heat, throw in eight pounds of flowers of sulphur. Constantly stir and gradually pour on more water until the lime is all slaked; then add the rest of the water to cool the mixture. About fifty gallons of water, in all, are required. Strain. Two pounds of arsenate of lead may be added, if desired, to the finished mixture, which then becomes a combined fungicide *and* insecticide, and may be used in the same manner as advised for Bordeaux-arsenate of lead. (Special note.—The self-boiled mixture is *not* the same as the lime-sulphur advised for San Jose scale, which is too strong for trees in foliage.)

If you do not care to bother with making spraying mixtures at home, they can be purchased, already prepared, of seedsmen. For only a few trees or plants, the extra cost of these factory mixtures is not great.

SPRAYING CALENDAR

PLANT	FIRST APPLICATION	SECOND APPLICATION
APPLE ..... (*Scab, rot, rust, codling moth, bud moth, tent caterpillar, canker worm, curculio, etc.*)	When buds are swelling, but before they open, Bordeaux.	If canker worms are abundant just before blossoms open, Bordeaux-arsenical mixture.
ASPARAGUS ..... (*Rust, beetles.*)	Cut off all shoots below surface regularly until about July 1st.	After cutting ceases, let the shoots grow and spray them with Bordeaux-arsenical mixture.
BEAN ..... (*Anthracnose, leaf blight, weevil, etc.*)	Treat the seed before planting with bisulphide of carbon. (See remarks.) When third leaf expands, Bordeaux.	10 days later, Bordeaux.
CABBAGE ..... (*Worms, lice, maggots, etc.*)	Pyrethrum or insect powder.	7-10 days later, repeat.
CELERY ..... (*Blight, rot, leaf spot, rust, caterpillars.*)	Half strength Bordeaux on young plants in hotbed or seedbed.	Bordeaux, after plants are transplanted to field. (Pyrethrum for caterpillars if necessary.)
CHERRY ..... (*Rot, aphis, slug, curculio, black knot, leaf blight, or spot, etc.*)	As buds are breaking, Bordeaux; when aphis appear, tobacco solution or kerosene emulsion.	When blossoms drop, Bordeaux-arsenical mixture.
CURRANT ..... GOOSEBERRY ..... (*Worms, leaf blight.*)	At first appearance of worms, hellebore.	10 days later, hellebore. Bordeaux if leaf blight is feared.
GRAPE ..... (*Fungous diseases, Rose bugs, lice, flea, beetle, leaf hopper, etc.*)	In spring, when buds swell, Bordeaux.	Just before flowers unfold, Bordeaux-arsenical mixture.
MELONS ..... CUCUMBERS ..... (*Mildew, rot, blight, striped bugs, lice, flea beetle, etc.*)	Bordeaux, when vines begin to run.	10-14 days repeat. (Note: Always use half strength Bordeaux on watermelon vines.)
PEACH ..... (*Rot, mildew, leaf curl, curculio, etc.*)	As the buds swell, Bordeaux.	When fruit has set, repeat. Jar trees for curculio.
PEAR AND QUINCE .... (*Leaf blight, scab, psylla, codling moth, blister mite, slugs, etc.*)	As buds are swelling, Bordeaux.	Just before blossoms open, Bordeaux. Kerosene emulsion when leaves open for psylla, if needed.
PLUM ..... (*Curculio, black knot, leaf blight, brown rot, etc.*)	When buds are swelling, Bordeaux.	When blossoms have fallen, Bordeaux-arsenical mixture. Begin to jar trees for curculio.
POTATO ..... (*Flea beetle, Colorado beetle, blight rot, etc.*)	Spray with Paris green and Bordeaux when about 4 in. high.	Repeat before insects become numerous.
TOMATO ..... (*Rot, blight, etc.*)	When plants are 6 in. high, Bordeaux.	Repeat in 10-14 days. (Fruit can be wiped if disfigured by Bordeaux.)

NOTE.—For San Jose scale on trees and shrubs, spray with the lime-sulphur mixture in autumn after leaves fall, or (preferably) in early spring, before buds start. The lime-sulphur

SPRAYING CALENDAR

THIRD APPLICATION.	FOURTH APPLICATION.	REMARKS.
When blossoms have fallen. Bordeaux-arsenical mixture.	8-12 days later, Bordeaux - arsenical mixture.	For aphis (lice) use one of the lice remedies mentioned elsewhere. Dig out borers from tree trunks with knife and wire. For oyster-shell scale, use whale-oil soap spray in June.
2-3 weeks later, Bordeaux-arsenical mixture.	Repeat in 2-3 weeks.	Mow vines close to ground when they are killed by frost, burn them, and apply a mulch of stable manure.
14 days later, Bordeaux.	14 days later, Bordeaux.	For weevils: Put seed in tight box, put a cloth over seed, pour bisulphide of carbon on it, put lid on and keep closed for 48 hours. Use 1 oz. to 4 bus. of seed.
7-10 days later, repeat.	Repeat every 10-14 days until crop is gathered.	Root maggots: Pour carbolic acid emulsion around stem of plants. Club root: Rotate crops; apply lime to soil; burn refuse; treat seed with formalin before planting.
14 days later, repeat.	14 days later, repeat.	Rot or rust is often caused by hilling up with earth in hot weather. Use boards for summer crop. Pithy stalks are due to poor seed; or lack of moisture.
10-14 days, Bordeaux.	Hellebore, if a second brood of slugs appear.	Black knot: Dark fungous-looking bunches or knots on limbs. Cut off and burn whenever seen.
10-14 days, repeat, if necessary.	2 to 4 weeks later, repeat.	Cane-borers may be kept in check by cutting out and burning infested canes.
When fruit has set, Bordeaux - arsenical mixture.	2 to 4 weeks later, Bordeaux.	For lice, use any of the lice remedies. For rose bugs, use 10 pounds of arsenate of lead and one gallon of molasses in 50 gallons of water, as a spray. Or knock the bugs into pans of kerosene every day.
10-14 days, repeat.	10-14 days, repeat.	Use lice remedies for lice. For striped bugs, protect young plants with a cover of mosquito netting over each hill. Or keep vines well dusted with a mixture of air-slaked lime, tobacco dust and a little Paris green.
When fruit is one-half grown, Bordeaux.	NOTE:—It is safer always to use half-strength Bordeaux on peach foliage.	Dig out borers. Cut down and burn trees affected with "yellows."
After blossoms have fallen. Bordeaux-arsenical mixture.	8-12 days later, repeat.	Look out for "fire blight." Cut out and burn blighted branches whenever seen.
10-14 days later, repeat.	10-20 days later, Bordeaux.	Cut out black knot whenever seen.
Repeat for blight, rot and insects.	Repeat.	To prevent scabby tubers, treat the seed with formalin before planting.
Repeat in 10-14 days.		Hand-pick tomato worms.

mixture is a fungicide as well as a scale cure, and if it is used the *first* early Bordeaux spray may be omitted.

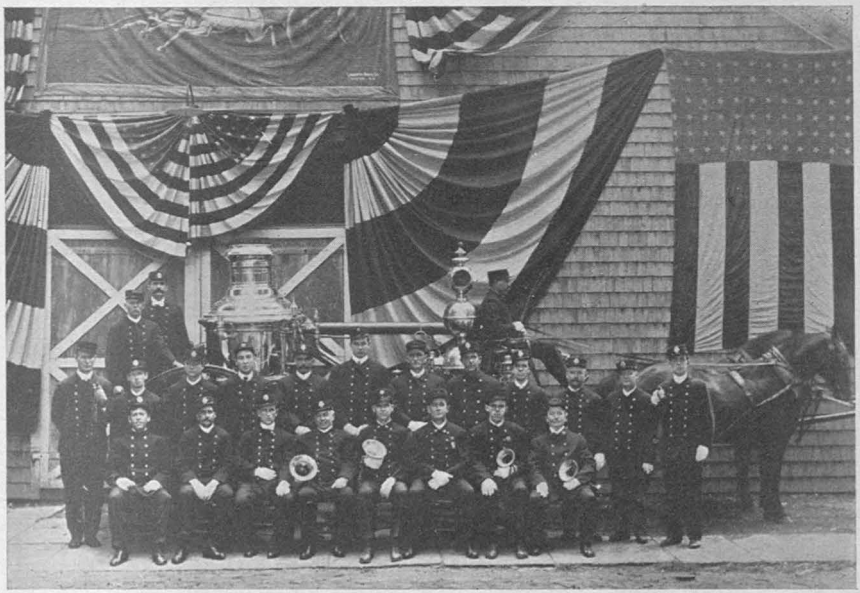
FARMINGDALE

The names of Farmers or Subscribers located in Farmingdale are printed under the heading of Howell Township.

FREEHOLD

The names of Farmers or Subscribers located in Freehold are printed under the heading of Freehold Township.



Freehold Fire Department.

FREEHOLD TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

HOWELL TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

HOLMDEL TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

KEYPORT

The names of Farmers or Subscribers located in Keyport are printed under the heading of Raritan Township.

Tennent School.

MANALAPAN TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

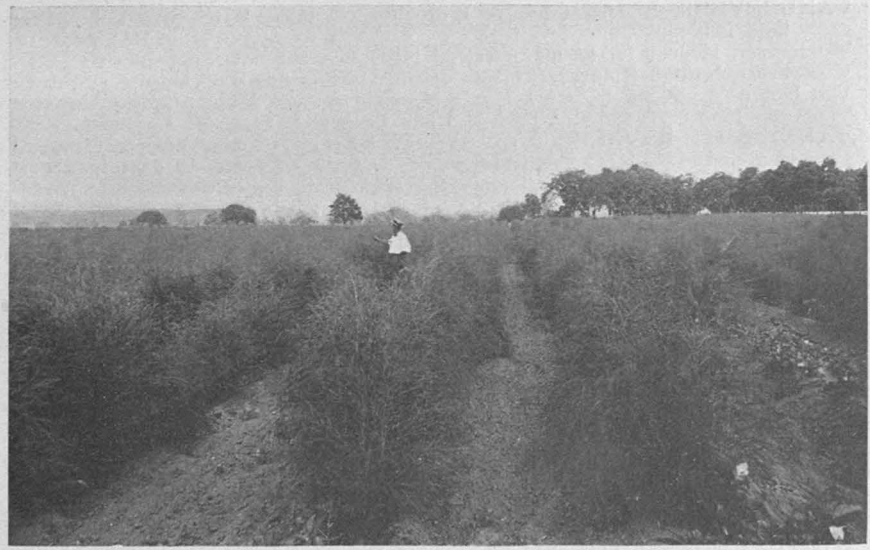
MANASQUAN

The names of Farmers or Subscribers located in Manasquan are printed under the heading of Wall Township.



Asparagus on Farm of D. V. D. Conover at Wickatunk.

MARLBORO TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

MILLSTONE TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

Prize Stock on the State Farm at Vineland, N. J.

RARITAN TOWNSHIP

ABBREVIATIONS.—a. means acres; bds., boards; B. T., Bell telephone; 4 ch., 4 children; col., colored; H&L., house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS., works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

SPRING LAKE

The names of Farmers or Subscribers located in Spring Lake are printed under the heading of Wall Township.

Paradise Corner School.

UPPER FREEHOLD TOWNSHIP

ABBREVIATIONS.—a, means acres; bds., boards; B.T., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

WALL TOWNSHIP

ABBREVIATIONS.—a, means acres; bds., boards; B.T., Bell telephone; 4 ch., 4 children; col., colored; H&L, house and lot; H19, Highway or Road No. 19 (see map); O, owns; R1, Rural Route No. 1; ret., retired; T, tenant; WOS, works on shares.

Names in CAPITALS are those of FARM JOURNAL subscribers—always the most intelligent and progressive people in this or any county. No Tumbledowns, for no farmer can keep on reading the F. J. and being a Tumbledown, too. Many have tried, but all have to quit one or the other.

HARDWARE, FURNITURE, DRY GOODS

Let us supply your needs in all these lines. You will find our store well stocked and PRICES RIGHT.

Poultry nettings and staples, farm fencing, nails, hammers, hatchets, wrenches, builders' hardware, hoes, shovels, rakes, forks, and all light farming implements.

ROOFING PAPERS—We buy by the CAR-LOAD and can give you low prices. If you want a cheap tarred paper, or a better one, we have it in 1, 2 and 3-ply.

PAINTS, OILS AND VARNISHES—DOVOE PAINT, if you are looking for the BEST. An A1 high-grade paint for out buildings and roofs at 85c per gallon. Pure Linseed Oil, good enough for your cow or horse, therefore, you need not hesitate to put it on your house.

FURNITURE—Going to furnish a new house, or fix up the old one? We are the people you should see and get prices from. Best furniture for the money to be had. Brass and Iron Beds, Springs for all beds, Mattresses, Bureaus from $7.50 (solid oak) up to $50.00, Lawn Swings, Settees, Porch Hammocks.

DRY GOODS, NOTIONS, SHOES—None but good STAPLE ARTICLES to be found here, all worth 100 cents on the dollar. A fine line of LADIES' UNDERWEAR AND HOSIERY, Ribbons, Laces, Embroideries. "R. & G.," "La Reine," and "Thompson's" Glove-Fitting Corsets. Rubber Boots, Oil Clothing, Hunting Shoes. Shoes for Men, Women and Children.

Call and see us, it will pay you.

THE BIG RED STORE

FIRST AND FOREMOST—The only store in the State where the farmer or mechanic can buy anything he needs from a pin to a carload of coal. Ten complete stores in one. CLOTHING to fit any customer, from the small boy to the man weighing three hundred. Latest styles and the best qualities. BOOTS AND SHOES—We are sole agents in our town for the famous "Queen Quality Shoe" for women's wear. Nothing better made. For men the "Gold Standard Boot." Very few made to equal them. We are also sole agents for the Goodyear Gold Seal Rubber Boots and Shoes. In the DRY GOODS DEPARTMENT we make a specialty of Ladies' Muslin Underwear, Kid Gloves, Wool Bed Blankets, also Underwear for women, men and children. Crockery, Tinware, Carpets, Oilcloths and Wall Paper. Hardware, Paints and Oils. A good selected stock of fine groceries. Prices always a little lower than our neighbors.

IRON AGE FARM, GARDEN and ORCHARD TOOLS

have been made in Gloucester Co., New Jersey, for more than three-fourths of a century, by men who have also been practical farmers and gardeners. At the present time, the Vice-President and the General Manager each own large farms on which they use modern machinery of all kinds, including Iron Age tools, many of which are developed in that way. They are trade-marked tools and widely advertised in all parts of the world—they are known as "standard" in their line—to be depended on for the work claimed for them. Are not these the kind that you aim to use? Don't go away from home to buy good machines—the makers are handy to get at when you want a new machine quick or some needed repairs and they are always here.

MORE MONEY FOR FARMERS

COMMENCING with the 1st of January the Farmers' Success, heretofore published as a monthly farm paper, will enter the field of Monmouth county as A WEEKLY PAPER, and will contain a complete market report of markets in Newark, New York and Philadelphia, giving the prices being paid for the produce in season, as to the demand, and whether the market is overloaded or not.

You had better send us the one dollar now and receive the paper for next 12 months, as the gain on one barrel of produce will more than pay for the paper for the next 12 months.

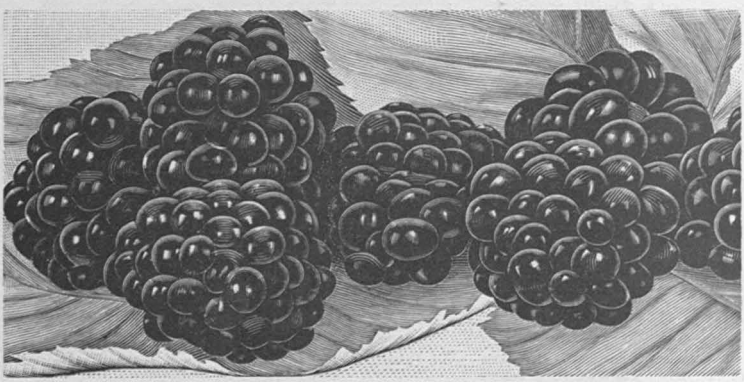
The Joy Blackberry

BRINGS JOY TO ALL WHO GROW, SELL OR EAT IT

Unites Superlative Quality, Iron-clad Hardiness and Great Productiveness



Brings joy to the market grower in large crops and large returns; to the commission merchant who sells the fruit, to the shop-keeper who retails it and especially to the amateur and gardener in the home garden. No one who partakes of its delicious, health-imparting fruit, can fail to *enjoy* it.

The canes are of stocky, vigorous habit, with abundant large leaves; yields very heavily *every year* and *all* the canes are loaded with fruit; has never been known to be affected with orange rust or other disease. The berries are large and almost as thick through as they are long and are coal black. In rich, luscious flavor it surpasses all other Blackberries. It ripens in mid-season—with Ward, Blowers and Kittatinny. I believe it to be the Blackberry of the future and will become as popular as the Gandy Strawberry or the Cuthbert and St. Regis Raspberries, all of which were sent out in the world from the Monmouth Nursery. All who have fruited it "shout for Joy."

MY CATALOG No. 1 gives full details of Joy Blackberry. In it also will be found, described and priced, a complete list of GRAPES, STRAWBERRIES, RASPBERRIES, BLACKBERRIES, CURRANTS and GOOSEBERRIES, HARDY PERENNIALS, SHRUBS, ROSES, EVERGREEN TREES, VINES, HEDGE PLANTS, GARDEN ROOTS, etc., copiously illustrated, elegantly printed and replete with cultural hints and instructions. It is free.

MONMOUTH NURSERY is headquarters for Caco, the hardy grape with fruit equal to hot-house grapes; St Regis Everbearing Raspberry, the finest of all Raspberries, and many other fruits and flowers of superlative excellence.

The following Testimonials are from two of our customers. Read what they say

Cranbury Turnpike, N. J., Sept. 10, 1913.

Messrs. J. D. Watson & Co.
New Brunswick, N. J.

Gentlemen:

I take great pleasure in advising you that 8 years ago I painted my house and barns with one coat of your NB ready mixed paint. At the present time they are in first-class condition.

From past experience, I believe there is not another ready mixed paint which will give the same satisfaction as does yours.

You need have no hesitancy in referring any of your prospective customers to me.

(Signed) Henry J. Tice.

Franklin Park, N. J., Aug. 14, 1913.

J. D. Watson & Co., New Brunswick, N. J.

Dear Sirs:

Answering your letter asking my opinion of your ready mixed house paint, would say that I am more than satisfied with the wearing qualities of same. Some four years ago I made my first purchase from you and since then as the occasion arose have made further purchases, in fact, have my houses and barns painted with your NB Brand.

I can truthfully say that I never used any paint that was superior in quality, and consider it the best on the market. Yours truly

PEARSON'S PIANO STORE

POST OFFICE BLOCK, KEYPORT, N. J.

A GOOD PIANO STORE

Proposed New Home of The Tusting Piano Co.

Do you realize what a splendid piano store you have in Monmouth Co.? Look at us from any point of view as to character and standing of the makes we represent—their variety, greater than can be found under one roof even in New York City, or the prices and terms upon which we sell. In addition to these points, you have men who have been trained for the special work of selecting pianos. Few people can have the advice of their own musical expert. Our knowledge is always at your service and it costs you nothing. With our assistance you can see the quality is quite as distinct and as easily defined almost as in a piece of dry goods, except to people who are absolutely tone deaf, and of course they are few.

We carry such splendid makes as the

EVERETT	PACKARD	CROWN
HARDMAN	McPHAIL	PEASE
IVERS & POND	H. & S. G. LINDEMAN	MERRILL

and others.

We also sell a good little piano costing only $182.00, with which we give an EXCHANGE CERTIFICATE good for three years.

Nowhere can you secure as good service as you can right in your own county.

Send for our Special Catalogue of Bargains. It is yours for a postal.

BANKING AT HOME!

Do your banking during leisure hours in your own home.

We are giving special attention to banking by mail. A large number of accounts have been opened in this way and a constantly increasing number of depositors are making use of the mails in transacting their business.

Accounts may be opened and money withdrawn, when required, by mail.

Deposits may be made by check, bank draft, express money order, post office money order, or, if preferred, currency may be sent. We would suggest, however, that letters containing currency be registered.

On receiving your remittance, a pass book is issued in your name with the amount of your deposit entered therein, and mailed to you the same day deposit is received. When your deposit is for a checking account we also mail check book for use in paying your bills by mail.

Our Savings Department pays interest at the rate of 3 per cent. per annum. One dollar will start an account.

All moneys deposited up to the third of the month will draw interest from the first of the respective month.

We invite you to come in at any time you are in this vicinity and let us show you how we can be of service to you.

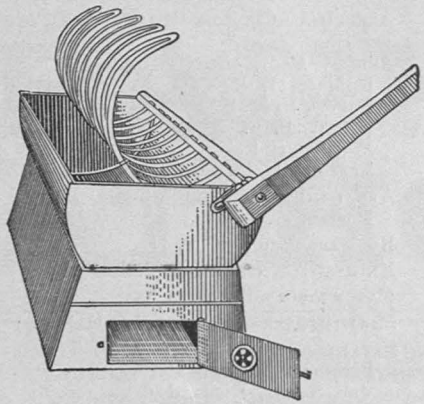
Manufacturer of ROGERS' "QUALITY" BRANDS

Calfskin Drum and Banjo Heads

FARMINGDALE, N. J.

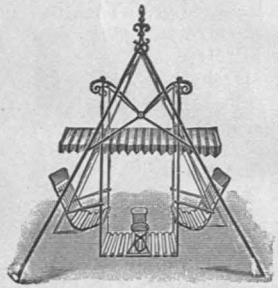
HIGHEST CASH PRICES PAID FOR COW AND HORSE HIDES, ALSO FOR FINE CALF SKINS.



The Hog Scalder

This is the greatest thing on the market today for you who do your own butchering. This is made with ratchet at lever and the hog may be turned or kept in any desired position.

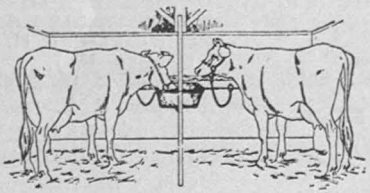
The scalder, rack and fire-box are all moveable and we list them separately, as some prefer to buy only one or two articles. Now is the time to place your order so as to have it ready for the fall butchering.



Lawn Swing

Many imitations come and go, but the above is the first and original STEEL SWING built in this country, stands firm as a rock, and has well-known protected patented points that you cannot get in any other. Write for our circular as now is the time to place your order and avoid the rush.

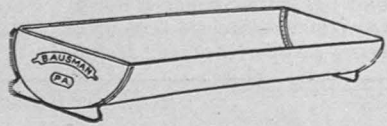
Round Bowl

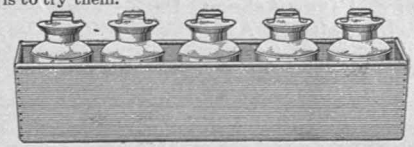


Trough

Oval Bowl

Get our Pure White Porcelain-finished Bowl. This Bowl has been on the market for thirty years and devised about all the practical new things put on the market since. While others may tell you their shallow, splashing cups are just as good, kindly bear in mind imitations are never equal to the original. The only way to be convinced is to try them.





TROUGHS. We manufacture all kinds of troughs of any size desired. We can make either plain or galvanized troughs and we guarantee them not to break in shipping or freezing. We tap all troughs in the bottom unless otherwise ordered.

Three Good Ideas to Every Ten Words

I BEGAN editing the Farm Journal 36 years ago on the theory that time was almighty scarce. That what people needed was a paper that told when they needed to know, and was quick about it.

That's the kind of paper I edited then, and I edit it now the same way, only more so.

Honestly, you have no idea what can be done in the way of boiling down, shortening, condensing, and getting to the heart of the matter, if you have not read my Farm Journal; 35 years of it have taught me something. My smallest issue, 32 pages, has a lot more in than 132 pages of some papers I have read. Why, I believe some editors will not average more than one idea to 1,000 words (and not much of an idea at that sometimes.) My aim is three good ideas to every 10 words, and four if I can make it! We don't hit it always, but—well, the average is pretty fair; pretty fair.

I do not know how many read my paper, but I have to fight to keep it until I read it myself. I have seen the Farm Journal in eight or ten more houses in my neighborhood, with my name on the title page. One family numbers fifteen and they all read the Farm Journal. C. W. H. Cedro, Wash.

We think your little paper is all right, because it has no tobacco, liquor or quack medicine advertisements in its columns. Its pages are so clean that we are not afraid to let the children read them, and wish all papers were as clean. (I receive thousands of such letters) Mrs. G. H. Becket, Ridgeway, Wis.

YOU ARE MISSING SOMETHING

if you are not reading the Farm Journal. You can live without it, of course, but you can't live so MUCH; you can make nearly as much money, perhaps, but YOU WON'T BE SO HAPPY.

WILMER ATKINSON, Editor Farm Journal
WASHINGTON SQUARE, PHILADELPHIA

Peter is no joke

Many a prosperous farmer has laughed at Peter Tumbledown, when it was really Peter that had made him prosperous.

"You give me some pretty hard whacks over Peter's shoulders," writes a Western subscriber to the FARM JOURNAL, "but my wife says that we never would have had the fine farm and home and the bank account that we have today, if it had not been for Peter Tumbledown."

It seems as if Peter himself could never be reformed, but he has reformed lots of other farmers, and made them successful and prosperous.

Get the FARM JOURNAL habit, and you will soon drop the Tumbledown habit. *You can't stick to both.*

FARM JOURNAL ("cream, not skim-milk") is 36 years old, and has over 750,000 paid subscribers, more than any other farm paper. Its four million readers (known as "Our Folks") are the most intelligent and prosperous country people in the world, and are always saying that FARM JOURNAL helped to make them so. It is clean, practical, brief, "boiled down," full of gumption, fun and sunshine. It preaches kindness, order, thrift, comfort and happiness. "Our Folks" have tight roofs and fences, gates that swing free, sound horses, big apples, well-dressed wives and children, and money in bank. Their potatoes are the largest, their milk tests the highest, their hogs weigh the most, their fruit brings the best prices. Farmers everywhere are finding this out, and naturally want the FARM JOURNAL.

Send a dollar to-day, and you get this great little paper for FIVE YEARS
