**Trenton, NJ** - Acting Governor Kim Guadagno yesterday joined members of the New Jersey Business and Industry Association (NJBIA) to meet with participants of the annual Made in New Jersey Day in Trenton. Each year, NJBIA invites 28 manufacturers to exhibit their New Jersey-made products at the State House. Photos from yesterday's event are attached.

Strategically located in the center of the Eastern Seaboard, New Jersey is one of the nation's strongest hubs for manufacturing and offers access to local and global financial markets, a highly trained workforce and state-of-the-art transportation, energy and communications infrastructures. In 2013, manufacturing contributed more than \$38 billion to the state's \$497 billion Gross Domestic Product. Manufacturers also help drive New Jersey's economy, with \$32.8 billion in manufactured goods exports in 2013.
