INTRODUCTION

The New Jersey State Library annually compiles statewide library statistics to help libraries analyze and improve programs and services. Trustees and library directors use the statistics to develop and justify budgets and for comparative evaluation of programs, staffing practices and collection development. School and college library staffs use the statistics to identify interlibrary loan resources and to establish cooperative service programs.

Public library services in New Jersey are provided primarily by three types of libraries:

- 1) **Municipal** - library established by law following a referendum in which the majority of voters decided to establish such a library. It is supported by taxes and is governed by a board, appointed by the mayor, which must include the mayor and the superintendent of schools. There are 233 municipal libraries identified in the tables by an **M**.
- 2) **County** - library established by law following a county-wide referendum approved by a majority of voters. It is supported by taxes and generally governed by a board known as the county library commission, composed of five members appointed by the freeholders. There are 14 county libraries identified in the tables by a **C**.
- 3) **Association** - library established, governed and supported by an association of citizens. Such an association is incorporated, forms its own constitution, appoints or elects its own board and is responsible for operation of the library. It may receive tax support from the local governing body. Only those association libraries whose services are free to the public are included in this publication. Some libraries formerly listed as association libraries are now branches or stations of their county libraries. Association libraries, numbering 62, are identified in the tables by an **A**.

In addition, there are six **joint** libraries in New Jersey which are identified in the tables by a **J**. A joint library is established by law following a referendum in two or more municipalities which was approved by the majority of voters. It is governed by a board appointed by the mayors of the participating municipalities.

Summary tables show the number and percentage of population served by public libraries (Tables 1 and 2), libraries according to size of population served (Table 3), libraries according to total expenditures (Table 4), libraries according to type and total expenditures (Table 5), and by the Regions of New Jersey (see page 41). Tables showing individual library statistics by county and a state summary constitute the body of this publication. These data include the 1997 New Jersey population figures for population served and the 1998 equalized valuation. Where a public library is supported by more than one municipality, the figures combine both municipalities. Explanation of the column headings follow. Where data have been taken from annual public library statistical reports for 1998, the line number of the report used is given in parentheses at the end of the explanation of each column heading below.

POPULATION SERVED

The total population of New Jersey as of July 1, 1998 was 8,115,011 as released in the **Subcounty Population Estimates: Timeseries 1990-1998**, issued by the U. S. Department of

Labor, Bureau of the Census. An estimated 8,041,454 of this population were served by a public library; defined as having access to a public library within a municipal boundary or to service provided by a county library. As indicated in the tables, two municipalities contract for library service. Their populations total 14,272. The remainder of the population, 59,285, is unserved; residing in municipalities not served by a county library or any local library.

The population served by a county library is the total of all municipalities which provide tax support, including the populations of the member-libraries listed below the county-library entry.

EQUALIZED VALUATION

Equalized valuation of municipalities is supplied by the Division of Taxation, New Jersey Department of Treasury, 1998. Amounts are shown to the nearest thousand dollars and exclude municipalities which do not officially support library services. For county libraries, the equalized valuation reported is the total of all municipalities which provide tax support.

INCOME: LOCAL TAX

Local tax support is shown as reported by individual libraries as the sum of appropriated and additional tax support. (Line 14)

NOTE: Calculation of State Library Per Capita Aid is based on amounts expended from municipal or county budgets for library purposes.

INCOME:

PER CAPITA STATE AID

Amounts shown as per capita state aid were reported as paid in 1998 to municipalities and counties with libraries. State Aid to network contract libraries and emergency aid/incentive grants are not shown in this column. (Line 16)

INCOME: TOTAL

Amounts shown are library operation income from all sources (Line 24), but excluding the balance brought forward from the prior year (Line 11). State aid to network contract libraries and emergency aid/incentive grants are included. (Line 24 less Line 11)

EXPENDITURES: SALARIES, WAGES AND BENEFITS

Amounts reported here include salaries, wages and fringe benefits paid in 1998 to all library employees, including maintenance personnel, whether paid from the library budget or from the municipal or county budget. Retirement benefits paid are excluded. (Line 28)

EXPENDITURES: LIBRARY MATERIALS

Included are the amounts expended for books, periodicals, newspapers, microforms, all other non-print materials and binding. (Line 33)

EXPENDITURES: TOTAL

Total expenditures for 1998 as reported by libraries, represent current operations and exclude amounts spent for capital improvements, repayment of loans, etc. The difference of total expenditures, less those for salaries, wages and benefits and for library materials, represents all other operating expenditures. (Line 37)

NOTE: Total expenditures may exceed total income, since the balance carried forward from 1997 (Line 11) has been deducted to yield current-year income.

PER CAPITA : LOCAL EXPENDITURES

These amounts are derived by dividing total expenditures by population served. This column excludes amounts paid by municipalities in support of county libraries.

PER CAPITA: EXPENDITURES INCLUDING COUNTY TAX

For county libraries and county-library members, these amounts are derived from the sum of total local expenditures and county-library tax support paid, divided by population served. (While amounts paid by municipalities in support of a county library are not printed in these tables, they are included in these computations and were taken from county abstracts of ratables.)

STAFF: PROFESSIONAL CERTIFIED

Numbers appearing in this column represent full-time and part-time librarians who hold New Jersey Professional Librarian Certification. (Line 42a)

STAFF: FULL TIME

In this column, the number of individuals working full-time for a minimum of 30 hours per week as of December 1998 is reported. (Line 39b)

STAFF: FULL TIME EQUIVALENTS (FTE)

This column represents the total of part-time and full-time employees equated to a number of full-time positions. The minimum work week is assumed to be 30 hours. (Line 42b)

VOLUMES OWNED YEAR END

These amounts represent the number of books (including books in microform or cataloged) reported as owned at the end of 1998. Other materials which are prepared, cataloged and recorded in the same manner as books are also reported here. (Line 47b)

VOLUMES: PER CAPITA

These amounts are derived by dividing the number of volumes owned at the end of the year by the population served.

VOLUMES: PURCHASED DURING YEAR

This column reports the number of volumes purchased (including books in microform if cataloged) by public libraries in 1998 exclusive of gifts and volumes supplied by county libraries. (Line 45b)

TOTAL CIRCULATION

Reported here is the total circulation of library materials, adult and juvenile, including reciprocal borrowing, loans of library materials in bulk to other institutions and interlibrary loans. (Line 58)

SUBSCRIBED PERIODICALS

Numbers shown equal reported number of current paid subscription titles, including newspapers and magazines other than annuals, at the end of 1998. (Line 48)

HOURS OPEN WEEKLY

This column reports the number of hours per week the main library was open for public service during the major part of 1998. (Line 60)

AVERAGES

Averages have been calculated for county-member subtotals, county summaries, and state totals for the following columns: Per Capita Local Expenditures, Per Capita Expenditures Including County Tax, Volumes Per Capita, and Hours Open Weekly.

NON-REPORTING LIBRARIES

Libraries that failed to file an annual report for 1998 still appear in the tables with their library type, population served and equalized valuation as the data are available from other sources.

**AVERAGE PRICE PAID FOR BOOKS IN 1998
BY NEW JERSEY PUBLIC LIBRARIES**

1) Average Price Paid Per Volume in 1998: \$16.18

Many libraries use the average price per volume to assist in setting their budgets for library materials and to meet the State Library Aid Administrative-Code criteria for number of volumes purchased. As detailed in the New Jersey Administrative Code, 15:21-2.5 (b), the funds spent for audiovisual materials, electronic reference services, and computer software when divided by the average price paid per volume in the most-recent year published, gives an equivalent number of volumes which may be added to the number of print volumes purchased. Alternately, the total materials expenditure (excluding periodicals) may be divided by the average price per volume to yield the total number of volumes purchased.

From the 1998 annual statistical reports, Line 29 (Columns a+b), "Expenditures for Books," totaled \$25,608,590 for the 294 public libraries reporting. The net total of Line 45, "Book Stock Number of Volumes Purchased," was 1,582,713. Thus, the average price per volume purchased in 1998 was \$16.18.

The \$16.18 average price for 1998 will be used in 2000 for calculation of the FY2001 State Library Aid requirement for the number of volumes purchased in 1999.

Succeeding tables in this section are based on the population served of 8,041,454
which excludes the two municipalities contracting for library services.

Notes on Table 5: "Libraries Grouped By Type and Total Expenditures"

1. **Population** served totals in this library type exclude the population of the eight (8) non-respondent exempt libraries having a total population of 36,736.
2. **Expenditures per capita** in this library type exclude the populations of the eight (8) non-respondent municipal and exempt libraries, whereas the statewide summary sheet for the 1998 public library statistics includes these people. Therefore, the difference in per capita expenditures: \$32.99 with the additional 36,736 population included; \$33.14 with them excluded.
3. **Population** served totals in this library type exclude the population of the thirteen (13) non-respondent association libraries having a total population of 84,336.
4. **Expenditures per capita** in this library type exclude the population of the thirteen (13) non-respondent association libraries.
5. In computing statewide totals for this table, add together "Library Types".

Total Expenditures = 1 + 2 + 3

Population and Percent of State Population = 1 + 2 (as 2 includes the population of 3, 3 is excluded here; however, the duplicated population served by Morris County Library of 454,461 has been deducted from both calculations)

Number of Libraries = 1 + 2 + 3 (note that 21 non-respondents are excluded)

Expenditures Per Capita = **Total Expenditures** divided by **Population**
