Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Student growth is a measure of how much students are learning each year. Each student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in previous years.

A student's SGP falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the median student growth percentile (mSGP) for the school is the percentile in the middle of that list. Watch a short [video about Student Growth Percentiles](#) that explains how they are calculated for students and how median Student Growth Percentiles (mSGP) are calculated for groups of students.

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts (ELA) and Mathematics both overall and for each student group with comparisons to the district and the state. This table also shows whether each mSGP Met Standard (40-59.5) as required by ESSA accountability.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the statewide assessment (NJSLA for 2018-19 and PARCC for 2016-17 and 2017-18) and the DLM alternate assessment. The Proficiency Rate for Federal Accountability measures the percentage of students that met or exceeded expectations on the assessments (NJSLA/PARCC or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. NJSLA/PARCC results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English Language Arts both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for Mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM assessments. NJSLA results include only students in grades 3 through 10. Students that were enrolled for less than half a school year are excluded from performance results. A student is considered to have met or exceeded expectations if he/she scores at Level 4 or 5 on the NJSLA assessment or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students that met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows progress towards meeting the state's long term goal of 80% proficiency by 2030. Annual targets are specific to each subgroup, school, and district and represent the expected proficiency needed to stay on track to meet the state's long term goal. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see our [accountability resources](#).

Mathematics Assessment – Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the statewide assessment for Mathematics for the past three years. 2018-19 data is from the New Jersey Student Learning Assessment (NJSLA) and 2016-17 and 2017-18 data is from the PARCC assessment.

† 2018-19 results for Algebra I, Geometry, and Algebra II do not include students in grade 11, but 2016-17 and 2017-18 results do include students in grade 11. Therefore, trend data for these assessments may not be comparable.

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The last two columns show the chronic absenteeism state average for students in the grades offered and whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available CRDC data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations

Harassment, Intimidation, Bullying (HIB)	2
Other Incidents Leading to Removal	0

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Length of School Day	6 Hrs 35 Mins
Full Time - Instructional Time	6 Hrs 35 Mins
Shared Time - Instructional Time	6 Hrs. 35 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in tested grades 3 through 10 per device. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for digital learning in grades 3 through 10. This information comes from the elective NJTRAx survey, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low Student to Device ratio due to this policy decision.

The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

New Jersey's school accountability system identifies schools that are in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA).

Every three years (last identification in 2019, next identification in 2022), NJDOE will identify schools in the following three federal categories:

Comprehensive Support and Improvement - Overall Low Performing: Schools with a summative score in the bottom 5% of Title I schools.

Comprehensive Support and Improvement - Low Graduation Rate: High schools with a four-year graduation rate of 67% or less

Targeted Support and Improvement - Low Performing Student Group: Schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools

Annually, NJDOE will identify schools in the following federal category:

Targeted Support and Improvement - Consistently Underperforming Student Group: Schools with one or more students group that missed annual targets or standards for all indicators for two years in a row

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, and how federal accountability status is determined, see these [accountability resources](#).

ESSA Accountability Status

The table below provides the school's federal school status for the 2020-21 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the [NJDOE ESSA Accountability webpage](#) includes a [list of all schools requiring comprehensive or targeted support](#) and improvement with the amount of School Improvement Aid (SIA) funds received and information on [exit criteria](#) for identified schools.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency represent the percentage of students that met or exceeded expectations on statewide assessments (NJSLA/PARCC or DLM). ELA and Math Growth represent the median student growth percentile. Four- and five-year graduation rates represent the adjusted cohort graduation rates. Progress toward English Language Proficiency, which was first available in 2017-18, shows the percentage of English Learners that demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. Chronic absenteeism represents the percentage of students that were absent for 10% or more of the days enrolled during the school year.

ESSA Accountability Indicator	2016-17	2017-18	2018-19
ELA Proficiency	60.8%	60.4%	63.3%
Math Proficiency	46.1%	53.6%	61.4%

Accountability Indicator Scores and Summative Ratings - 2018-19 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement every three years. During the three-year federal status period, schools receive additional resources and support. NJDOE will next identify schools for Comprehensive Support and Improvement in 2022.

This year accountability indicator scores and summative ratings are not used to identify schools for Comprehensive Support and Improvement, so these data are not included in the School Performance Reports. Review the previous two pages to see a school's current status, in the ESSA Accountability Status table, and to monitor a school's school progress on each accountability indicator over the last three years using the new ESSA Accountability Progress table.

Accountability Summary by Student Group - 2018-19 School Year

This table shows whether student groups in this school met annual ESSA accountability targets and standards for each indicator. Annual targets for proficiency and graduation rate were set based on a school or student group's performance in 2015-16 or the first year data was available. The standard for student growth is a median student growth percentile of 40-59.5. The target for chronic absenteeism is the statewide chronic absenteeism rate based on students enrolled in the grades served by the school. For more details on accountability targets, see these [accountability resources](#).

The accountability system will not be used to identify schools for Targeted Support and Improvement – Low Performing Student Group for 2018-19, so student group summative scores are not included in this table this year.

 <p>Courses, Curriculum, Instruction:</p>	<p>The School engages students through the Google Classroom model. This model increases student participation, family communication, and expands the variety and differentiation of instruction by drawing resources and materials to supplement and complement the excellent delivery of instruction in the classroom and the updated materials utilized by the faculty. In addition, Algebra and Geometry are offered to students that qualify and the school has continued to offer an engineering program to all students in grades K-8. Robotics instruction within the school day has begun, in addition to related after-school activities. TREP \$, which is a program that promotes entrepreneurship is also offered at the middle school level, and as a culminating activity, students sell products that they have invented, improved, or modified at a schoolwide marketplace.</p>
 <p>Sports and Athletics:</p>	<p>Sports Offered: Basketball (Boys & Girls), Track and Field - Spring (Boys & Girls)</p> <p>The Stanhope School District has competitive boys and girls basketball teams, and a track and field team that competes with other schools throughout the Sussex County Region. This includes both Varsity and Junior Varsity competition.</p>
 <p>Clubs and Activities:</p>	<p>Students at the Valley Road School are provided with opportunities to participate in Ski Club, Robotics Club, Diversity & Manners Club, Fitness/Running Club, Yearbook Club, Fine Arts Club, Student Government, TREP\$, and Girls on the Run. In addition, students compete in the schoolwide Spelling Bee each year and in a regional 'Battle of the Books' competition.</p>

 <p>Before and After School Programs:</p>	<p>Before and After school care at the Valley Road School is offered by AlphaBest. Care is provided in the morning from 6:30 am to 8:00 am, and in the afternoon from 2:35 pm through 6:30 pm.</p>
 <p>Staff and Professional Learning:</p>	<p>The staff participates in a wide variety of professional development opportunities through in-service and off site program. All teachers in grades PreK-3, both general education and special education are Orton-Gillingham trained. The teachers receive training and in-class coaching for Readers Writers Workshop and nationally recognized presenters in mathematics K-8. Training has been provided to support the Standards Based Grading initiative, the use of the Google education suite, and Response to Intervention (RTI). Lastly, the District has undergone a Flexible PD (Flex PD) initiative that allows and encourages certificated staff to attend meaningful and targeted PD outside of contractual hours in lieu of attending on-site professional development days.</p>

 <p>Student Supports and Services:</p>	<p>The Valley Road School offers students comprehensive academic support across all age and ability levels. The school utilizes full I&RS and section 504 committees, a complete CST, and provides ESL services to all qualified students. Multiple self contained programs are offered to the most significantly disabled students, including BD, ASD and PSD programs. Staff are available to provide speech, OT, PT, counseling and social skills support to students. ESY programming is available to students qualifying with special needs, in addition to summer enrichment and basic skills programming available to all students.</p>
 <p>Student Health and Wellness:</p>	<p>The Valley Road School considers student health and wellness to be of the utmost importance. In addition to the implementation of schoolwide Health curriculum, various programs and assemblies are offered to promote healthy choices, positive mental health and suicide prevention. Some programs include Child Assault Prevention (CAP) and Teen CAP offered by the center for prevention, Hidden in Plain Sight, and internet safety trainings provided to students and parents. In addition, the school offers recess every day for all students, physical education everyday day for middle school with a minimum of 150 minutes of PE, health, and character education for students in K-5, and opportunities to participate in clubs and athletics after school that promote physical fitness.</p>
 <p>Parent and Community Involvement:</p>	<p>The school has an active Home School Association (HSA) that supports instructional programs, educational activities, and social-emotional development events. The school has a strong partnership with the municipal leaders and institutions that are reciprocal in nature. Community relationships that support the schools mission and vision, and provide relevant programming include the local Shoprite, the Stanhope Environmental Commission, Local Police Department, and Fire Department. In addition, Transoptions provides traffic safety programming for elementary students and various events are planned throughout the year that include the community, including Career Day, the Veteran's Day recognition, and Arbor Day.</p>

Facilities:

The Valley Road School has undergone extensive security upgrades to ensure the safety of its students and staff. In addition, a full-size media center is used as a center for extended learning, the gymnasium floor has been refinished, a new playground has been installed, and a life-skills classroom to support students with special needs. All classrooms in the building are air-conditioned and the entire parking lot was recently resurfaced.

School Safety:

Valley Road School significantly upgraded facilities & procedures to ensure the safest possible environment. In addition to consistently drilling & assessing security drills & procedures throughout the year, the campus is equipped with security cameras inside & outside the facility. A new security vestibule was installed that requires visitors to go through a two-tier process to enter the building, and a 'panic button' system was recently installed to immediately notify local police & those in the building of an emergency. For after school activities, a new security gate was installed to restrict visitors to only a small section of the building when the main office is closed. All visitors & substitute teachers undergo an extensive check in process each morning & are required to wear an appropriate badge to indicate their business in the school. School officials are consistently in close communication with local law enforcement other emergency services.

Technology and STEM:

The Valley Road School continues to participate in a 1:1 Chromebook initiative, offering a Chromebook to all students and staff. New devices were purchased for implementation in June of 2018. In addition, every classroom is equipped with an interactive SMART Board and document camera. The STEM course offered K-8 is focused on engineering and Robotics/Coding is offered afterschool, with a greater focus being placed on in-school instruction. Google Drive and Google Classroom is used extensively throughout the school as a classroom management tool and to efficiently collaborate with students and between students.
