PETROLEUM UNDERGROUND STORAGE TANK REMEDiation, UPGRADE AND CLOSURE FUND

2007 Annual Report

The New Jersey Economic Development Authority (the "EDA") and the New Jersey Department of Environmental Protection (the "DEP") are pleased to report the results of activities for calendar year 2007 under the Petroleum Underground Storage Tank Remediation, Upgrade and Closure Fund (the "Fund") of the Underground Storage Tank Finance Act in accordance with P.L. 1997, c. 235. In addition to these activities, a brief history of the Fund and a summary of previous years are included.

Overall Fund Activity

Since the program's inception in 1997, \$200.1 million has been appropriated to the Fund by the Legislature. In addition, the Fund received \$2.8 million in funding transferred from the Bureau of Underground Storage Tanks (BUST) as well as a total of over \$52.8 million from grant and loan repayments, interest income and fees, bringing the total amount of funding provided to the Fund to approximately \$255.7 million.

As of December 31, 2007, EDA closed a total of 2,795 projects totaling nearly \$101.4 million to provide assistance to businesses, private individuals and municipal and county governmental entities.

Total disbursements from the Fund since the program's inception are over \$22.57 million in loans and over \$58.5 million in grants, for a total of over \$81 million in disbursements. *(Note: These figures do not reflect funding obligated through closings, or un-disbursed portions of closed projects.)*

2007 Fund Activity

In 2007, EDA closed 1,447 projects totaling over \$10.2 million, providing assistance to businesses, private individuals and municipal entities for the remediation of underground storage tanks. Additional activity includes 4 projects totaling nearly \$840,000 in outstanding commitments from previous years, as well as new approved projects in 2007.

In 2007, EDA approved 1,500 loans and grants totaling nearly \$10.7 million. During this time period, the EDA disbursed nearly \$8.5 million in grants, for a total of nearly \$8.6 million in disbursements.*

The Fund received an appropriation in 2007 totaling approximately \$7.5 million. This amount is the net after a legislatively mandated re-appropriation of \$10.5 million to DEP for Recreational Land Development and Conservation. Additionally, during this period, the Fund received a total of over \$7.5 million from loan and grant repayments, interest income and financing fees. In 2007, the EDA incurred \$2,460,229 in costs associated with administering the Fund.

Below is a chart that summarizes the categories of outstanding commitments as of December 31, 2007.

Type	Projects	Amount
County	0	0
Municipality	1	\$187,274
Business	1	\$113,633
Residential	62	\$538,070
Total	64	\$838,977

Non-leaking Residential Oil Tanks

As of 12/31/2007 the EDA approved 1,126 of these applications awarding nearly \$2.9 million, closed 1,125 totaling nearly \$2.9 million and disbursed 1,045 totaling nearly \$2.6 million with 29 outstanding commitments totaling \$71,169.

In addition, pending EDA approval as of 12/31/2007, there were 60 applications totaling \$153,665.

Assessment of Current Funding Levels to Meet Statutory Objectives

Since January 1, 2008, the EDA has approved over \$6.6 million in financial assistance for 1,003 projects. Including new approvals in 2008 that have yet to close, the EDA now has outstanding commitments totaling nearly \$1.2 million for 86 projects as of the writing of this report. Also in process, as of December 31, 2007, there were 64 leaking tank applications totaling over \$1 million that were pending EDA approval along with 60 non-leaking tank applications pending approval totaling nearly \$154,000. As of December 31, 2007 there were 266 applications totaling

over \$5.6 million pending DEP approval, bringing the total amount of projects awaiting funding to approximately \$6.8 million.

The net balance of the Fund is now over \$88 million. *(This figure takes into account outstanding commitments for grants and loans that have been approved, as well as un-disbursed portions of closed loans and grants. In addition, it should be noted that a legislatively mandated re-appropriation of \$1 million of UST funds will be made to DEP for administration during 2008.)*

** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*

Recommendations

The enabling legislation asks the DEP and EDA to review the program and make suggestions for improvements in its operations. The DEP and EDA continue to work collaboratively to identify opportunities for refining and enhancing the effectiveness of the Fund.

Conclusion

Attached are three appendices, including the Fund History (Exhibit A), a chart, which provides a list of projects that closed in 2007, (Exhibit B) and a chart, which provides a listing of outstanding commitments that have not closed, (Exhibit C). Additionally, during this period, the Fund received a total of just under \$7.04 million from loan and grant repayments, interest income and financing fees. In 2006, the EDA incurred \$3,838,980 in fees and expenses associated with administering the Fund.

** Although a project may have closed in a certain year, the disbursement of the funding obligated through the closing may come in a subsequent year. Therefore the funding amounts for closed projects may not be the same as the funding amounts disbursed in any given year.*
