

TALKING BOOK AND BRAILLE CENTER

Calling all patrons of the New Jersey State Library Talking Book and Braille Center! We invite you to reminisce about beloved homemade meals and treats. Do you have a cherished recipe you'd like to share? We're excited to announce a nationwide project where TBBC patrons and NLS staff members can contribute their favorite recipes!

Think back to the comforting taste of your mom's kitchen, the delightful casseroles you enjoyed after school, or those unforgettable Christmas cookies from your grandma. We want to gather these recipes for "The Community Table," a unique collection that will be produced in audio, braille, and (eventually) large print.

Join librarians from South Carolina and Florida as they create a heartfelt anthology filled with love, memories, and culinary delights from across the country.

To contribute, please email your recipe along with a brief paragraph explaining why it's special, to tbbc@njstatelib.org.

Thank you for helping us create something truly wonderful to share!
