#### **Public Testimony**

President Goldenberg stated that public testimony will not be held in March as there are no topics scheduled. She further stated that in the month of April, we will hold public testimony on the draft Religious Holidays Calendar Resolution and the proposed amendments to Chapter 9B, State Board of Examiners and Certification pertaining to the military science endorsement. Miss DuRose stated she surveyed students at East Brunswick High School to obtain feedback on the new standardized field test that was administered in the fall. She stated based on the feedback, very few students were aware of some distinct features and unique design, as well as some features that were lacking, that would better support and enhance student outcomes.

Commissioner Laux thanked Kailynn for her student voice and that due to Kailynn's comments she wanted to share some information that can be found on the Department of Education's [assessment homepage pertaining to adaptive tests](#). Commissioner Laux also stated adaptive tests are not new to New Jersey students, and this type of test is aligned to the New Jersey Student Learning Standards.

Commissioner Laux then highlighted for the State Board members and the public the adaptive assessments tab that offers a variety of new resources as well as frequently asked questions. She also stated that the Department will continue to update this information on these pages as necessary in the months to come.
