allocated to NJEDA for the purposes of reducing harmful emissions, especially in communities disproportionately impacted by transportation emissions, and creating economic opportunity within the state. The program will provide vouchers with base values ranging between \$20,000 to \$175,000.

The goal of the program is to accelerate the adoption and use of zero-emission medium and heavy-duty vehicles within New Jersey; to reduce emissions within the state; and to continue to allow NJEDA to determine and stimulate market-readiness, assess effectiveness of funding levels and program design, and test methodologies for measuring economic impact of such adoption. The pilot is being used as a vehicle to support the growth of the NJ zero-emission vehicle ecosystem, with accelerated
