Attorney General's Office hosting Veterans Civil Rights seminar

The New Jersey Attorney General's (AG) Office in partnership with The American Legion will conduct a regional Veterans' Civil Rights seminar, on Feb. 18, from 9:30 a.m. – 1 p.m., at Essex County College, 303 University Ave., Newark, NJ. The event will be hosted by The American Legion, Guyton-Callahan Post 152, and the College.

All veterans, family members, and veteran service organizations are invited to attend. You do not have to belong to The American Legion to participate.

The AG's Division on Civil Rights (DCR) is concerned, based on the lack of complaints, that discrimination claims against veterans with disabilities and active military personnel are under-reported. Therefore they have decided to launch their own outreach campaign based on these concerns, in conjunction with The American Legion.

Veterans are entitled to employment-related protection under the New Jersey Law Against Discrimination (LAD). This law also provides substantial protection of those who seek to gain or continue employment with a disability. DCR has a special interest in any veterans with disabilities having discrimination complaints in employment, housing, and public accommodations. They are also concerned about military reservists and National Guardsmen that have lost their employment, or assigned to different positions following their return from a deployment.

Therefore, the AG's office produced an educational seminar to inform all veterans of their civil rights. The DCR will ensure the prosecution of all veteran discrimination cases, including employer and other business dealings. New Jersey's disability laws are more stringent than federal law, which will be part of this discussion. The AG's DCR also believes that veterans discrimination is being under reported, therefore a further need for this education. A representative from the Federal EEOC will also be present to explain Federal Discrimination Laws.

Additionally, another segment of the seminar will be explanation of the Vietnam Era Veterans' Readjustment Assistance Act (VEVRAA) of 1974, which requires federal contractors and subcontractors to provide equal opportunity and affirmative action for Vietnam era veterans, special disabled veterans, and veterans who served on active duty during a war or in a campaign or expedition for which a campaign badge has been authorized.

The DCR will also explain the process to file a claim, and the locations of their offices that are available to assist veterans in need of these services. The American Legion will host this and further seminars across the state.

If you have any general questions pertaining to this seminar, please call Bob Looby, The American Legion's Coordinator, on 908-894-0746. You may also contact the Newark Attorney General's office at 973 648-4826.
