General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
DIVISION OF LAND USE REGULATION**

Notice of the Department's intent to initiate a reconsideration of application of substantive standards under N.J.A.C. 7:7A-17.1 of the Freshwater Wetlands Protection Act Rules and to settle an application decision under N.J.A.C. 7:13 *et seq.*

Take notice that the Department is reconsidering strict application of the substantive standards of the above-referenced statutes and is considering issuance of an amelioration authorization to construct a single family dwelling for:

ADI Properties, LLC, c/o Eldad Shaulov
30 Autumn Lane
Block 1104 Lot 11
Old Tappan Borough, Bergen County
Division's File No. 0243-13-0001.1, FWW130001 (Denied), APL140001

On January 23, 2014, the Department denied a Freshwater Wetlands Individual Permit application (Division's file no.: 0243-13-0001.1 FWW130001) and a Flood Hazard Area Individual Permit application (Division's file no.: 0243-13-0001.1 FHA130002) for the above-referenced applicant and property to construct a single family dwelling with associated improvements. The Department has begun to reassess the strict application of the freshwater wetland regulations and will determine if construction of a more modest single family dwelling may be authorized in accordance with the amelioration rules under the Freshwater Wetlands regulations, pursuant to N.J.A.C. 7:7A-17.1. As such, the Department is considering entering into a Settlement Agreement and may issue an amelioration authorization, in lieu of a Freshwater Wetlands Individual permit, that resolves the Petitioner's appeal of the January 23, 2014, Freshwater Wetlands permitting decision.

Furthermore, the property owner has since revised the site plans to reduce impacts to meet the standards of the Flood Hazard Area Control Act Rules at N.J.A.C. 7:13. As such, the applicant may file for a new Flood Hazard Individual Permit, pursuant to N.J.A.C. 7:13-10, *et seq.*, to authorize such a development.

A 15-day public comment period shall commence upon the publication of the December 21, 2016 DEP bulletin. Comments may be sent to:

Bureau of Inland Regulation
