The public's assistance in reporting suspicious activity is key to preventing the next potential terrorist attack. Understanding the behaviors that are indicative of terrorism-related suspicious activity is the first step toward protecting communities across New Jersey from extremists both at home and abroad. NJOHSP has released a public service announcement spotlighting some of these indicators and the difference each individual makes when they "See Something, Say Something."

INTELLIGENCE BRIEF
Anarchist Extremists Employ Similar Threat Tactics
Since 2013, anarchist groups have employed similar threat tactics, including the use of social media, public demonstrations, and targeted attacks. This intelligence brief provides a comprehensive overview of these tactics and offers recommendations for law enforcement and the public to identify and prevent such activities.
