**PUBLIC NOTICE OF INTENTION TO EXTEND LANDFILL POST-CLOSURE CARE PERIOD FOR MARPAL (AKA  
MONMOUTH CONSUMER CENTRE) SANITARY LANDFILL**

The New Jersey Department of Environmental Protection hereby issues this public notice, pursuant to N.J.A.C. 7:26-2A.9(c)10, of its intention to extend the post-closure care period for the Marpal Sanitary Landfill (landfill) located at 310 State Route 36 in West Long Branch, Monmouth County by an additional 10 years.

The Marpal Sanitary Landfill covers approximately 10 acres and is owned by Consumer Centre Paramount 1 LLC, Consumer Centre Paramount 2 LLC, Consumer Centre Paramount 3 LLC, Consumer Centre Paramount 4 LLC, Consumer Centre Paramount 5 LLC, Consumer Centre Paramount 6 LLC, and Consumer Centre Paramount 7 LLC.

The site was originally used as a borrow source for the Garden State Parkway. The landfill was subsequently used for the disposal of municipal waste and was operated from 1957 to 1960.

The entire landfill was capped with either a 300,000-square foot shopping center, the Monmouth Consumer Centre (MCC), or a final cover in 1993 in accordance with the approved Closure and Post-Closure Plan. Initially, a passive landfill gas venting system was installed for the entire landfill; however, the capped area of the shopping center area was converted into an active gas collection system later due to gas migration.

The Solid Waste Regulations at N.J.A.C. 7:26-2A.9 require that closed landfills be maintained and monitored during their post-closure care periods which continue for 30 years after closure. However, the Department may extend the post-closure care period upon finding that such an extended period is necessary to protect human health and/or the environment.

Based on data generated during the post-closure care period and a review of the most recent post-closure evaluation report, the Department has found that the landfill will require post-closure maintenance and monitoring to continue beyond the initial post-closure care period to protect human health and the surrounding environment. The Department intends to extend the post-closure care period for ten (10) additional years, until December 31, 2033. During this extended post-closure care period, the Department will require maintenance and monitoring of the landfill to continue in accordance with N.J.A.C. 7:26-2A.9 and the most recent closure and post-closure plan approval.

If anyone has questions or comments concerning the Department's intention to extend the post-closure care period of the landfill, please send the questions or comments to the following address:
