

ABOUT THE DEP BULLETIN

The DEP BULLETIN is an information service provided free of charge by the N.J. Department of Environmental Protection. It contains a list of construction permit applications filed with or acted upon by DEP. Interested persons will thus be able to determine the status of applications dealing with Waterfront Development permits, Wetland permits, Stream Encroachment permits, Sewerage Extension permits, CAFRA permits (Coastal Area Facility Review Act) and Federal Consistency Certifications. In addition the circular provides a calendar of Events and Interest and a Schedule of Public Hearings. (THE PUBLIC HEARINGS HOWEVER, ARE NOT OFFICIAL NOTICES.) Environmental Impact Statements acted upon during the week are also shown. Any additional information concerning the permits may be obtained by contacting the appropriate person listed below.

A UNIQUE SERVICE FOR NEW JERSEY INDUSTRY

.....USE THIS SERVICE FOR MAJOR PROJECTS.....

As Staff to Commissioner Borden R. Putnam of the Department of Commerce and Economic Development, the Office of Business Advocacy provides personalized assistance in resolving problems encountered when doing business in New Jersey. OBA's technical personnel function as industry ombudsmen in all areas of governmental activity.

The Office of Business Advocacy's objective is to cut red tape and get solutions to permit problems. OBA will designate a Permit Expediter to your project. The Permit Expediter will:

- A. Advise you of the state permits required for your project, upon completing the "ONE STOP" PERMIT IDENTIFICATION FORM.
- B. Coordinate contacts with relevant local and state regulatory agencies upon request.
- C. Monitor the progress of your permit applications.
- D. Act to ensure processing of most permits within 90 days of application.
- E. Schedule "OVER THE COUNTER" processing for permits meeting appropriate criteria.

THE OFFICE OF BUSINESS ADVOCACY

Administrator.....Rocco Guerrieri, Ph.D
Permit Coordination Project Manager.....Paul Krane

MISCELLANEOUS NOTICE

THE NEW JERSEY MUNICIPAL WASTEWATER TREATMENT
CONSTRUCTION ASSISTANCE PROGRAM

The New Jersey Municipal Wastewater Treatment Construction Assistance Program consists of two significant components that have funds available for wastewater treatment projects. The Federal Construction Grants Program, the first component, is administered by the New Jersey Department of Environmental Protection (Department) pursuant to the federal Clean Water Act. The second is the New Jersey Wastewater Treatment Financing Program, administered jointly by the Department and the New Jersey Wastewater Treatment Trust (the Trust).

Depending upon the component, grants or loans are available for the construction of advanced treatment plants, interceptors and infiltration/inflow correction projects. In addition, under certain circumstances, combined sewer overflow projects, collection systems and sewer rehabilitation projects may also be funded. For a grant, 55 percent of the allowable cost may be funded, and if applicable, an additional 20 percent bonus for an Innovative/Alternative technology Project (I/A) may be awarded. Alternatively, the New Jersey Wastewater Treatment Financing Program provides loans for up to 100 percent of the allowable costs at approximately 50 percent of market interest rates for a total term of 20-23 years.

New Jersey's anticipated federal allotment is \$99.1 million. \$25 million will be available for federal grant awards for grant increases and for public health hazard correction. The remaining money will be utilized as a capitalization grant (seed money) in the New Jersey Wastewater Treatment Financing Program, made up of the New Jersey Wastewater Treatment Fund and the New Jersey Wastewater Treatment Trust. As the Trust is authorized to "leverage" their monies, the New Jersey Wastewater Treatment Financing Program could have approximately \$150 million available for loan awards in State Fiscal year 1989.

Any municipality, county, sewerage or utility authority who has jurisdiction over wastewater treatment services may apply for funding under the New Jersey Municipal Wastewater Treatment Construction Assistance Program. Funding priorities are assigned to projects on the List according to the Water Quality based ranking methodology in the Priority System.

To qualify for grant or loan consideration, the prospective applicant must first appear on the State's priority list and comply with the provisions of the priority system for the fiscal year in which funds are being pursued. As part of the project review, the project sponsor will have to demonstrate that all applicable federal and State project requirements have been satisfied.

In the event the prospective applicant is not on the priority list a request may be made to be put on the list by sending a letter which describes their project to:

New Jersey Department of Environmental Protection
Division of Water Resources
Construction Grants Administration Element
CN 029
Trenton, New Jersey 08625

All requests must be made by October 9, 1987 (the close of the public hearings' comment period for the Fiscal Year 1988 Priority System, Priority List and intended Use Plan).

Application and guidance documents will be forwarded to potential grant/loan recipients by the Department. Early contact with the staff of the Construction Grants Administration Element (CGAE) is essential. For more information regarding project requirements contact Mr. Stanley Cach, Bureau Chief, Bureau of Design and Technical Services at (609) 292-6894.

Planning, design and funding application deadlines, as well as anticipated certification dates for grant/loan award, are established directly within the State's Priority System/List. For Fiscal Year 1988, they are November 30, 1987 for planning information, March 1, 1988 for design documents and April 1, 1988 for the funding application package. Copies of the State's Fiscal Year 1988 Priority System, Priority List and Intended Use Plan may be requested at the above address.

GENERAL INFORMATION

I. STREAM ENCROACHMENT (Over-the-Counter-Permit)

(609) 292-4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, CN 029, Trenton, NJ 08625.

II. SEWER EXTENSIONS (Over-the-Counter-Permit)

(609) 984-4429

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, siphons, gallonage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer bans, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. For further information contact Division of Water Resources, CN 029, Trenton, NJ 08625.

MASTER PERMIT INFORMATION APPLICATION

DEP has developed a Master Permit Information Application which, upon completion, will indicate all the DEP permits required for the project. Forms may be obtained by contacting the Office of Business Advocacy (See inside cover for details).

DEP PUBLIC HEARINGS, ADMINISTRATIVE HEARINGS, AND DEP EVENTS OF PUBLIC INTEREST

Public Hearings (Quasi-Legislative) are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest.

Administrative Hearings (Quasi-Judicial) are held between the state and a particular party involving an application, enforcement - violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.
