**Statement by Governor Mikie Sherrill on Trump Administration Dropping  
Latest Gateway Tunnel Appeal**

"This is a big victory for millions of New Jersey commuters and for the nearly 100,000 jobs the Gateway Tunnel Project will create. The Trump Administration has tried, over and over again, to illegally stop the funding for the nation's most urgent infrastructure project. We took them to court and we won for New Jerseyans, five times. I won't stop fighting until this project is built."
