

Eligible Vehicles

Tesla announced price changes on January 12, 2023 that made additional vehicles eligible for the Charge Up New Jersey Incentive moving forward. The Charge Up New Jersey Program assesses rebate eligibility based on the MSRP at the time the vehicle was ordered.

As of January 1st, 2023, all Plug-in Hybrid Electric Vehicles (PHEVs) are no longer eligible for the Charge Up New Jersey incentive. Dealerships had until January 15th, 2023 to submit applications for vehicles ordered, purchased, or leased on or before December 31st, 2022.

If you're ready to find your vehicle, use the search below.
