For Mr Runyon—

Messrs Brown, Cieciuch, Crawford, Eastmead, Flynn, Gaede, George, Hansen, Lambert, Messano, Moran, Rowland, Sarokin, Stanton, Welsh —15

The Clerk declared the Hon T Harry Rowland elected Speaker of the General Assembly for the Session of 1922

The Clerk requested Messrs Hobart, Pierson and Mrs Brown to act as a committee to escort the Speaker to the bar of the House, where he took and subscribed to the oath of office

The Speaker assumed the chair and addressed the Assembly as follows

It is a distinctive moment in the life of any man when he ascends this rostrum and takes the gavel in hand to preside over your deliberations In attempting to express to you my sincere thanks, I am totally unable to sustain the heavy burden of my gratitude May God grant that when I lay down the gavel of authority, it shall be said of me that I was worthy of this honor and trust

Happy as I am, still I am not unmindful of the responsibility of this high office The responsibility growing out of the Speakership, a responsibility assumed by every member of this House, carries with it obligations and duties that can be properly discharged only by careful and conscientious service The test of true statesmanship is wisdom and justice, and not a demagogic appeal Only measures that have root in the right serve the public weal, those that are based on class legislation or on prejudice are doomed to failure and can promote only discontent

We, members of this Legislature, possess a most inspiring opportunity for service to our State New Jersey is the centre of the densest population in the world and of the greatest educational, religious, and commercial activity We occupy the field of world leadership, if leadership is determined by opportunity

The Port Treaty will make our State a port of entry second to none, with the sails and smokestacks of trade and commerce hailing from every clime and mooring at our wharves, our home life attracting the busy workers of our neighboring cities and commercial centres, our agricultural development speedily forging ahead until New Jersey now ranks as one of the banner States in that activity Our industrial workers rank second in population to all the commonwealths of the Republic May it not, therefore be justly said that New Jersey is an arena of a greater variety and of more diverse legislation than that of any other State? Let us be ever anxious to encourage any movement for the advancement of these blessings

In education, we stand in the front rank These standards must not be lowered Our schools must command respect and give a useful education

The highways of this State are of paramount importance because of our resort life and our market position New Jersey is the terminus of practically all the trade routes from the South and West It is imperative, therefore, that the comprehensive road program inaugurated a few years ago be carried out without delay and it is our duty to see that these highways are built of permanent materials at the least possible cost, otherwise, the taxpayers' money is wasted and the prestige of our State is lowered

The revenue of our State should be carefully husbanded and safeguarded The "pay as you go" policy should be strictly adhered to Tremendous tax burdens are throttling industry and agriculture and preventing a revival of business and prosperity It requires no statesmanship to levy taxes To raise revenue without burdening our people is the highest form of statesmanship We are proud that the Legislature, in recent years, has adopted this method, and I sincerely hope this laudable policy will continue

Time forbids the mention of many other important subjects that claim our serious thought Legislation dealing with these will undoubtedly be presented for your consideration I feel confident you will give to these measures your conscientious thought and deliberation and that petty politics, partisanship, or prejudice will find no place in your conclusions

We meet in a new period and in the dawn of a new day The toils, sufferings, and horrors of actual warfare have passed away, but the conscience of the world has been awakened The conference at Washington is a rainbow of promise and will result not only in material disarmament, but also in mental and moral disarmament, and will turn the world's attention away from instruments of destruction, standing armies and battleships, to thoughts of peace and good will No one can measure the moral regeneration of this change of pathway Let us be thankful that we live in this dawning era of world peace and that America is the leader in the movement

I bespeak the hearty co-operation of every member of this House for prompt and efficient legislative action I hope for a short session, replete with good works I count upon your help to this end and to the end that this session just opened will be rich with accomplishment

The Speaker named John A Penn, of Camden county, as his Private Secretary, and Bruno J Wilinski, of Camden county, as Assistant Secretary

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the House do now proceed with the election of the Clerk of the House

Mr Coles, of Camden county, nominated Upton S Jefferys, of the same county, for Clerk of the House, which nomination was seconded by Mr Evans, of Passaic county

Upon the roll being called by the Assistant Clerk, Mr Jefferys was elected by the following vote

Messrs Alexander, Applegate, Barkman, Blair, Blizzard, Brown, Campbell, Champion, Cieciuch, Clift, Coles, Coon, Corio, Crawford, Dater, De Lorenzo, Eastmead, Eaton, Evans, Flynn, Franklin, Gaede, George, Gibbs, Guthrie, Hansen, Hershfield, Hobart, Kay, Laird, Lambert, Littell, Lyons, McCullough, McMillin, Meloney, Mennin-ger, Messano, Moore, Moran, Owen, Parker, Pascoe, Peterson, Pierson, Powell, Robbins, Roegner, Rowland (Speaker), Runyon, Sarokin, Sexsmith, Stanton, Stiles, Stratton, Taylor, Todd, Welsh, Williams—59

The Speaker declared Upton S Jefferys elected Clerk of the General Assembly for the session of 1922, and he took and subscribed to the oath of office

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Speaker appoint forthwith a committee of three to wait upon the Governor and inform him that the House of Assembly has organized by the election as Speaker of the Hon T Harry Rowland, of Camden county, and of Upton S Jefferys, of Camden county, as Clerk, and is now ready to proceed to business and to receive any communication he may be pleased to make

The Speaker named Messrs Runyon, Franklin and Roegner as such committee

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Clerk of the House is hereby directed to inform the Senate that the House of Assembly has organized by the election as Speaker of the Hon T Harry Rowland, of Camden county, and of Upton S Jefferys, of Camden county, as Clerk, and has proceeded to business

On behalf of the Hotelkeepers' Association of Atlantic City, Mr Blair invited the members of the Legislature to spend the week-end of January twenty-eighth at that resort

Mr Hansen offered the following resolution, which was read and adopted

Resolved, That the privileges of the floor be extended to the members of the Eighth Ward Democratic League, of Jersey City, who are here as the personal escort of Katherine W Brown, a member of the Assembly from Hudson county

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the House proceed to fill the remaining several offices of the House, and that nominations be made and a vote taken for all of the offices at one and the same time

Mr Evans offered the following resolution

Resolved, That the following named persons be and they are hereby elected to the offices set opposite their respective names

The committee to wait upon the Governor reported that he would communicate with the House

A message was received from the Governor by the hands of his secretary, as follows

The following messages were received from the Governor by the hands of J Harry Foley, his Secretary, which were read, as follows

GOVERNOR'S MESSAGE

STATE OF NEW JERSEY,

EXECUTIVE DEPARTMENT,

TRENTON, N J, January 10th, 1922

Members of the Senate and General Assembly

Conformably to the constitutional mandate that the Executive shall communicate to the Legislature at the opening of each session with respect to the condition of the State, and shall recommend such measures as may be deemed expedient, I now draw your attention to the following matters

At the last session of the Legislature, Chapter 103, P L 1921, being "An act concerning intoxicating liquors used or to be used for beverage purposes," was made law It is familiarly known as the Van Ness Act Its enactment was over the Executive veto, which was based upon the fact that in its denial of the right of accused persons to a trial by jury, the statute in question was opposed to American principles The experience which the people of the State have undergone since the act was put into operation has strengthened my belief that it is simply an instrument of oppression, and I am more strongly convinced than ever that legislation regulating and controlling the sumptuary habits and desires of our people and denying the right of trial by jury to persons accused of violations thereof has no proper place on our statute books I urge the repeal of the Van Ness act and the substitution therefor of an enforcement statute which will conserve to the people of the State the right to indictment and trial by jury for acts interdicted by such a law The belief that the surest protection against judicial and other forms of oppression and tyranny lies in the right of trial by jury is so well settled in the minds of our people that attempts to encroach upon or destroy that privilege can have but one effect, namely, to breed suspicion of the motives of legislators and contempt for law It

is, therefore, in the interest of the maintenance of a proper respect for all law that I urge this change

PUBLIC UTILITIES

There has recently happened an event which, if allowed to become a precedent, will, in my judgment, destroy the well-established power of the Legislature to fix the rates charged the people of this State by public utilities The Public Service Railway Company, upon being denied certain rates which it demanded, instead of adopting the procedure usual in such cases of going to the Supreme Court of the State for relief, applied to the United States District Court The latter, upon an application based solely upon affidavits of the company, without notice to the Utility Board or any of the parties interested in the matter, issued an injunction restraining the Board from interfering with the collection of the rates which the company sought It is true that within a day after granting the order the judge who made it revoked it, but to me it seems to be intolerable that a situation could exist under which it is possible for a utility, dissatisfied with a unanimous decision of the legislative agency, to ignore the courts of this State and apply to a Federal court which can assume to pass upon such questions, complicated and involved as they were, and requiring months of deliberation by the Utility Board, and in a summary manner set aside the order of the Board

I am informed that such a situation can be corrected if the National Congress will amend Section 266 of the Federal Judicial Code, prohibiting the hearing by United States District Judges of cases decided by the Utility Board, and requiring that such cases shall only be heard, as indeed has been the practice until recent times, by the United States Supreme Court on appeal from the court of last resort of the State The utilities of the State are purely intrastate concerns, and should be regulated solely by the State Legislature and its agencies The Supreme Court of the State is unexcelled for learning and fairness There is no excuse or justification whatever for a Federal judge presuming that the State legislative agency and the State courts will

not do justice I would ask the Legislature, therefore, to adopt appropriate resolutions, directed to the National Congress, as well as to the representatives in Congress from this State, petitioning that body to pass corrective legislation for the avoidance of the recurrence of any such practice In my judgment, unless corrective legislation is passed, it will be only a question of time when the fixation of rates for utilities, instead of being a prerogative of the State Legislature, will become the prerogative of the Federal District Court, and the age-long struggle which the people of the State have conducted to control and regulate corporations created for the service of the public will have been in vain

Heretofore the cost of contesting the efforts of our utility corporations to increase rates has been largely borne by the municipalities of the State, the principal ones, such as Newark and Jersey City, having contributed most heavily to that cost Inasmuch as there is now involved the fundamental principle or right of the State to regulate its utilities, it seems to me that the burden of demonstrating or establishing the soundness of the State's position should be lifted from the municipalities and borne by the State, hence I suggest an adequate appropriation be made to insure a full and complete defense to the pending litigation in which such question is involved

I also direct your attention in connection with our utility corporations, to the fact that in the State of New York and other States a fee is charged upon the issuance of securities by such companies In our own State, general corporations pay such a fee I am informed that public utility corporations are not required by the laws of this State to pay fees on security issues Inasmuch as all issues of securities by these companies require investigation and hearing by the Public Utilities Board, it would seem proper that some reasonable fee should be paid by utilities upon each issue of securities

LABOR

One of the most serious questions to which the Legislature should address itself is the Labor situation During the past year

serious labor disturbances have occurred in this State, and our Courts have been filled with controversies over the legal questions involved The right of men on strike to peacefully walk the streets in the neighborhood of the shop or plant against which the strike was declared or to peacefully persuade others from taking their places has been denied in our Court of Chancery, and the matter is now before the Court of Errors and Appeals for adjudication To what extent injunctive powers of our Courts should be invoked in labor disputes is now engaging the consideration and thought of those who are interested in reconciling the differences between Labor and Capital A more favorable view of the right of men on strike to peacefully picket seems to be taken by the United States Supreme Court than by our State Court

In a recent opinion Chief Justice Taft of that Court indicates that men on strike have the right through the designation of an agent to act for them to picket the employer's plant, and that they also may attempt to persuade others not to take their places without any right, of course, of forcing such views upon the new employee Some of our Vice-Chancellors, however, have gone so far as to adjudicate that the men on strike cannot do anything to aid or assist the strike, which, of course, would prevent the strikers from contributing strike benefits or even discussing the strike among themselves Lately, it has been the practice of employers having strike troubles to seek out those members of our Court of Chancery who hold decided views in respect of the absence of the right on the part of the strikers to picket or to attempt to persuade others against taking their places, avoiding the submission of their litigation to other members of that Court who do not hold such decided views In some instances alleged strikers and their sympathizers have been summoned out of the localities where the disturbances occurred and have been compelled to journey to other counties to answer the process of the Court Some of the strikers have been tried for contempt in such other counties and at considerable distance away from the place where the contempt was alleged to have been committed This is contrary, it seems to me, to established principles of justice and

equity and should not be allowed to continue I therefore recommend the passage of an act which shall provide that whenever any person is charged with contempt of the Court of Chancery of the State for acts done or committed elsewhere than in the presence of the Court, such charge shall be tried by the Chancellor personally in the Chancery Chambers nearest the place where it is alleged such contempt was committed I am also of opinion that the Legislature should give serious consideration to whether or not in contempt cases the accused should be tried before a jury

It may be doubted that the measures suggested above would be constitutional If it is concluded that they would not be, then I would urge the passage of an amendment to the Constitution accomplishing the desired result

STATE HIGHWAY

If our State roads are to be put in order and maintained in proper condition, additional sources of revenue will have to be found I hesitate to recommend the submission to the people of a referendum on the question of a bond issue to complete the highway program, but some definite plan for raising the necessary moneys will have to be worked out if that program is to be accomplished In this connection I urge the passage of a statute which will impose a tax of one cent on each gallon of gasoline used by both pleasure cars and automobile trucks, the tax to be collected from the producer, so as to insure collection at a minimum cost, and the proceeds to be devoted to the maintenance of our highways

I hesitate to pass along to you a recommendation which comes to me from the Commissioners of the Palisades Interstate Park with reference to the incorporation in the State Highway System of Sylvan Avenue and the Boulevard in the Borough of Englewood Cliffs, Tenafly and Alpine, in Bergen County I am determined to rigidly hold down any extension of the Highway System because of the tremendous cost involved in the completion of the present program However, I have yielded in this particular for this reason The Interstate Park, when completed, will furnish to the citizens of New Jersey a splendid playground The

State has spent or obligated itself to spend approximately a million dollars in the development of the park It is my understanding that unless the roads in question are improved this State will lack a convenient and accessible means of reaching the Park Under those circumstances it is my thought that the highway in question should be incorporated as a part of the State Highway System and improved immediately so as to furnish a ready means of access to the Interstate Park

MORRIS CANAL

A difficult and important task facing this Legislature is the proper solution of the Morris Canal abandonment problem It must be conceded, I think, that the canal has outlived its usefulness and is no longer a convenient or profitable means of freight transportation In the cities through which it passes it has become a nuisance by reason of its pollution by dead animals, rubbish and the sewers and drains emptying into it Everyone, I believe, is in agreement upon the proposition that the canal should be abandoned, provided that that is accomplished upon terms which are fair to the State It is my view that this Legislature should make a real effort to work out a solution of this problem

NEW JERSEY'S FORESTS

Our forests constitute one of the State's great neglected resources Nearly half of our area is forest land, most of which will lie idle unless it grows the timber that we need Users in the State now import nine-tenths of their lumber and pay more than five million dollars a year in freight on the import The greater part of this, and of the purchase price of the material, could be kept at home by growing the timber of which our own land is capable

This situation is due mainly to forest fires, our soils are right, our climate is favorable Through years of effort conditions have greatly improved, a small part of our woodlands, mainly in North Jersey, have a degree of security and a promise of recovered productiveness, in the major part, especially the great

pine areas of South Jersey, there is no assurance that the trees will escape being burned before they reach maturity Exceptional seasons like that of last June, when nearly seventy thousand acres were burned within two weeks, but emphasize the hazard that we constantly face

The forest fire service now costs the State two cents an acre a year, and gives full value for the outlay, but falls far short of complete efficiency For not over four cents an acre, an organization can be maintained that will effectively handle critical as well as ordinary seasons, put our two million acres of forest on a secure, productive basis, and raise their assessable value from a meagre six or eight millions to a possible two hundred millions And this takes no account of the value of forest playgrounds to a population forced to live chiefly in cities It will take time to accomplish this, but a beginning is better now than later

The Appropriations Committee, it seems to me, should take up at once with the Department of Conservation and Development, consideration of to what extent the efforts of that Department towards saving our forests can be augmented through an increased appropriation

MEMORIAL AT WASHINGTON CROSSING

The small appropriation made by the last Legislature to acquire the McKonkey ferry house and start this long-deferred project has had the effect of arousing various interests to the practical value of a worthy State undertaking It is in every way desirable that there shall be a definite legislative determination of the character and extent of the State's program, and that there shall be a reasonable appropriation year by year to carry it forward

STATE DEPARTMENT OF INSTITUTIONS AND AGENCIES

There are approximately 10,000 residents of our State who are wholly or partly dependent, and who are wholly or partly disabled and incompetent from the following causes—tuberculosis, feeble-mindedness, insanity, blindness and waywardness

The existing State institutions are incapable of caring for these people On the contrary, because of the lack of the right kind of curative facilities and lack of room, the institutions are now overcrowded

Moreover, the increase of crime among young men and women is most disquieting This situation can be helped, provided proper facilities are furnished looking toward the reforming of this class of young offender, who has not yet reached the State Prison stage If such of our State institutions as the Rahway Reformatory, Jamesburg School for Boys, Girls' Home at Trenton and if new training schools for the feeble-minded, unstable and delinquent youth of the State were provided with proper facilities for the care and rehabilitation of this youthful class of dependents and delinquents, a large amount of preventive work can be done Similar facilities should be provided for the prevention, cure and care of the tuberculous and insane

The accomplishments at the State Hospitals during the past few years have demonstrated beyond question that there are many of the State's wards who can be returned to more or less useful occupations in their respective communities if adequate preventive and curative treatment can be furnished, and who will otherwise become custodial cases, which means that the State will be obliged to care for them until they die This would mean a distinct and certain saving to the State

The State has always, and does now, lack facilities for preventing crime and disease, and it is with reference particularly to this phase of the situation respecting State institutions and agencies that I desire to call the attention of our citizens and the Legislature

The referendum which was submitted to the people at the last general election, authorizing a bond issue to provide for the institutions in which the State's wards are housed, was rejected by the people Nevertheless, the State must make provision for properly housing and caring for those unfortunates In view of the expressed view of the electorate that there should not be a bond issue, it now seems to be encumbent upon the Legislature to provide some other method of raising the necessary funds, and I

call this matter to your attention so that the Appropriation Committee may begin its consideration of the matter just as soon as it is organized

EMPLOYER'S LIABILITY LAW

New Jersey was among the first to adopt a workable compensation schedule, and did so during 1911 The maximum payment was fixed at that time at $10 00 and the minimum at $5 00 During the session of 1919 these payments were increased to a maximum of $12 00 and a minimum of $6 00 When due consideration is given to the present purchasing power of a dollar, it is quite apparent that instead of an increase there has been to all practical purposes a material decrease in the compensation at present paid to the workers in this State

Several of the provisions of the law would seem to require change, notably the payment for total disability cases, which now receive compensation for only 400 weeks, whereas many progressive States make payment in such cases for life It would appear reasonable to include compensation for dependent children until they reach the age of 18 years, or at least 16 years, and not limit the payments—as in the case of the New Jersey law—to 300 weeks

The present limit for medical aid of $50 00 for the first 28 days is entirely inadequate for the reason that in all cases of serious injuries, first, either the worker does not receive the care his condition warrants, or, second, if such care is furnished him the doctor's fee must be paid by the worker usually from his compensation payment, or, third, the doctor does not get paid for reasonable and proper services rendered No one of these three conditions can be defended, and increased medical aid should react not only to the benefit of the worker, but also to the employer or insurance carrier, in that treatment will in many instances reduce the amount of permanent disability It is true that medical aid not exceeding $200 00 may be ordered by the Workmen's Compensation Bureau in unusual cases, but there are many injuries requiring additional medical aid not coming within this classification

Free Public Library, Newark, N. J.

It would now seem time that the New Jersey Compensation Law be brought more in accord with a number of the industrial States of the Union which are affording their workers a larger degree of protection

The work of the Rehabilitation Commission has splendidly supplemented the administration of the Compensation Law, and is affording the workers of the State an unusual opportunity to secure physical rehabilitation, as well as mental and industrial The combination of the rehabilitation work with the Compensation and Public Employment activities makes a condition which is working advantageously in the many hundreds of cases which are annually considered

PORT AUTHORITY

There will be submitted to you the report and plan of the Port of New York Authority in compliance with Chapter 152, P L 1921 It is my understanding that the Port Authority will not continue as a functioning body unless the Legislature approves or adopts the plan so submitted, or perhaps to state it more accurately in the language of the treaty or compact between New York and New Jersey, either State may by its Legislature withdraw from the compact in the event that the plan for the comprehensive development of the Port shall not have been adopted by both States on or prior to July 1st, 1923 The plan now submitted, I understand, is the one called for by Article 21 of the compact or agreement between the States While I opposed the creation of this body believing that the interest of New Jersey lay in working out alone the development of its resources, it is my present opinion from an examination of the report and plan, that the Commissioners of the Port have dealt justly by this State and that the plan should be approved

DEPARTMENT OF AGRICULTURE

An appropriation of $75,000 was made for the partial indemnification of owners of cattle reacting from the tuberculin test administered by veterinarians of this Department Material

headway seems to have been made in the eradication of tuberculosis, which is transmissible to children, and there is strong support for a continuing appropriation for this purpose I submit this so that the Appropriation Committee may take it under immediate consideration

LEGISLATION FOR WOMEN

Last year I called the attention of the Legislature to the necessity for changes in our laws with respect to hours of employment and conditions under which the female is required to work The suggestion was made that legislation should be passed prohibiting the engaging in industrial occupation or work of any woman for six weeks before and six weeks after the birth of a child It was further suggested that our labor law should be so modified as to provide for women an eight-hour day within nine consecutive hours, and a forty-eight hour week, as applied to industries now covered by the ten-hour law, and the prohibition of night work for women employed in manufacturing after ten o'clock at night and before six o'clock in the morning

I reiterate what was said at that time and urge upon you the necessity of legislation along these lines

REVISION OF CRIMINAL LAW

Likewise there was suggested to the Legislature of 1921 a revision of our criminal statutes Attention was called to the fact that since the revision of 1898 various laws have been passed which render it difficult to reconcile existing conflicts, an illustration of which follows

Under a statute passed in 1914, being Chapter 214, where a sentence of death is commuted to imprisonment for life the minimum term is fifteen years The minimum term for second degree murder, however, is twenty years Therefore, one who may have committed first degree murder could possibly secure his release from confinement at the expiration of fifteen years, having served a lesser period than that required to be served by one who committed a lesser crime Other instances might be

given of the necessity and wisdom for a revision of the statutes dealing with crime and criminal procedure, but I deem it unnecessary, in view of the recommendation on the part of those who have to deal with the subject that the revision is required

SHEPPARD-TOWNER ACT

The Federal Congress enacted on November 23d, 1921, "An Act for the promotion of the welfare and hygiene of maternity and infancy and for other purposes" Under the act the privilege is given to this State to accept the benefits thereof Upon acceptance by the State of New Jersey there is available to the State for the fiscal year ending June 30, 1922, $36,284 55, $10,000 given outright and $26,284 55 additional if matched dollar for dollar by the State For the succeeding five years a total of $31,284 55 annually, $5,000 is given outright and $26,284 55, if matched by the State The Legislature must designate the agency which it to co-operate with the Children's Bureau In states having a Child Hygiene or Child Welfare Division in its State Health Department—that Division must be designated This agency must then submit to the Children's Bureau for approval by the Federal Board the plans it proposes to follow in the expenditure of the funds

The act of November 23d only authorizes an appropriation and the appropriation must still be made by Congress

It is believed, however, there will be no undue delay in making the appropriation and inasmuch as the act provides that within sixty days after the appropriation is available State plans must have been approved by the Board and the money apportioned, it is important that states desiring to get the funds available this year, act promptly

I make no recommendation with respect to whether the act should be accepted or not I am calling it to your attention so that public opinion, with respect to the wisdom or desirability of operating under it, may be crystalized

STATE POLICE

This body was authorized by Chapter 102 of the Laws of 1921 For the purpose of carrying out the provisions of the

statute, three hundred thousand dollars, or so much thereof as might be necessary, was appropriated I am now informed that, in order to properly equip and train the police, it will require an appropriation of four hundred thousand dollars I am free to confess that my views, as expressed when I vetoed this measure, have not changed, and I am further impressed with the thought that four hundred thousand dollars seems to be too large a sum to expend for any such purposes It is very questionable in my mind whether the benefit obtained by the people, if any, from the creation of the State police is worth the cost I therefore urge the repeal of the statute and the dismissal of the force

While I am adverting to the subject of economy, I desire to impress upon the Legislature that there are many demands each year for appropriations Many of them call for the exercise of proper State functions, but many of them, in my judgment, do not, and there seems to be a growing tendency to have the State take over the administration of matters which are purely local The State's expenses are increasing to such an extent that I think it is time such tendency should be checked and the State's activities confined to those which are purely State matters

EDUCATION

The education of the children is the greatest concern of the State It is only saying the plain truth that never before was there such a pressure for more and better school facilities From all parts of the State come reports of the increasing number of children who are seeking a fuller education

The demand has far outstripped the present school facilities in the way of properly housing all the children The elementary schools are crowded In some cities half-day sessions are resorted to in order to meet the demand The high schools are also crowded to the doors

This condition should not be looked upon with alarm or with any misgiving It should rather be looked upon as encouraging and hopeful

Education of all the people is a costly enterprise It will, however, be generously met by the people of our State It always has been, for it is still the chief defense of nation and State

The child is the biggest asset of the State, for it is the child more than any other gift that this world has to offer to mortal man that brings hope and forward-looking thoughts

During the school year just ended June 30, 1921, there were enrolled in the public day schools of the State 612,277 boys and girls This is an increase of 20,479 over the year before Sixty-five thousand of this number were registered in the high schools

The total number of teachers employed in the day schools was 19,114—an increase of 911 over the preceding year

The total cost for the current expenses of schools, not including new buildings nor the payment of maturing bonds, was about $38,000,000 This was an increase of about $8,500,000 over the year before The per capita cost on the total enrollment was $63 82 This was an increase of $11 69 over the preceding year

In round numbers, the sources from which this thirty-eight million dollars or more came were as follows

From the income of the School Fund,	$300,000
Appropriated from State funds,	100,000
From the Railroad Tax,	4,000,000
From State School Tax,	8,200,000
From Local District Tax,	25,600,000

While the foregoing record shows a tremendous expense for the maintenance of our schools, I think New Jersey has reason to be proud of the high standard of efficiency maintained in its school system, and it should make all endeavor to constantly improve and develop our school facilities

CAMP DIX

During the war the Federal Government took certain steps toward the acquisition of lands at Camp Dix, to be used for military purposes The War Department has requested that jurisdiction over the lands acquired or to be acquired and forming part of Camp Dix should be ceded by the State to the Federal Government Accordingly, there will be presented to you a draft of a bill making such cession of jurisdiction, and which bill follows the general form that has been adopted by the Legislature of this State in similar cases I respectfully suggest that such measure should be enacted into law

EDWARD I EDWARDS,
Governor

Upon motion of Mr Evans, the Message was received

A message was received from the Governor transmitting the summary of the budget requests, with his recommendations for appropriations of $13,896,246 74 for the ensuing fiscal year, ending June 30th, 1923, which was received and ordered filed

The annual report of the Comptroller of the Treasury for the fiscal year ending June 30th, 1921, was received and ordered filed

Mr Evans offered the following resolution, which was read and adopted

Resolved, That, unless otherwise ordered, the regular hours of meeting of this House for morning, afternoon and evening sessions shall be respectively at eleven, two and eight o'clock Until otherwise ordered, adjournment of Monday evening sessions shall be until Tuesday morning at eleven o'clock

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Speaker is hereby authorized to appoint a committee of five members of this House to serve as the Committee on Rules

The Speaker named Messrs Hobart, Pierson, Evans, Sexsmith and Gaede, as such committee

Mr Hobart, Chairman of the Committee on Rules, made the following printed report

The Committee on Rules makes the following report and recommendations That the Rules of the House of Assembly as printed in the Legislative Manual of 1921, be changed as follows

(1) RULE 4

Present Rule

"4 He shall take the chair at the hour to which the House shall have adjourned, and immediately call the members to order, and, on the appearance of a quorum, shall cause the journal of the preceding day to be read, which may then be corrected by the House"

Proposed Rule

4 He shall take the chair at the hour to which the House shall have adjourned, and immediately call the members to order, and,

on the appearance of a quorum, shall cause the journal of the preceding day to be read, which may be corrected *immediately after such reading, or at any session thereafter*

Reasons for Change

The rule, in its present form, inferentially limits the time for the correction of the minutes to the session immediately following the session whose minutes are read, it says that the minutes (or journal) may then be corrected—that is, after the reading of the journal of the preceding day It so happens that the minutes for any session are not printed in time for distribution at the session at which they are required to be read, and hence the members do not have an opportunity to note any errors or to move that corrections be made until some subsequent session after the minutes have been distributed The proposed rule would permit the correction of the minutes at any session at which errors may be noted

(2) RULE 36

Present Rule

"36 The several Standing Committees of the House shall have leave to report by bill or otherwise"

Proposed Rule

36 The several Standing Committees of the House shall have leave to report by bill or otherwise *No bill offered by either a member or a committee, purporting to be a substitute for a bill already in the possession of the House, shall be received or considered, unless the bill so offered as a substitute shall cover substantially the same subject matter as contained in the original bill*

Reasons for Change

The purpose of this rule is to prevent any substantial change in the subject matter of an original bill by offering a substitute on another subject It has been the practice to adopt a resolution on the opening day which is practically the same as the proposed

addition to the rule The matter is of sufficient importance to include as a part of the rules of the House If this amendment to Rule 36 is adopted it will not be necessary to pass such a resolution

(3) RULE 46

Present Rule

"All bills and joint resolutions, previous to their final passage by the House, all petitions, motions and reports, may be committed at the pleasure of the House And the recommitment of any bill or resolution, when the same has been ordered to a third reading, shall have the effect of placing the same upon the *second* reading"

Proposed Rule

Add a new sentence to the present rule which shall read as follows

"No motion to recommit any bill or resolution after the same has been ordered to third reading, shall be made or considered in the absence of the member introducing such bill or resolution"

Reasons for Change

The purpose of this addition to the rule is to prevent any unfair advantage being taken of the absence of the introducer of a bill or resolution

(4) RULE 60

Present Rule

"60 No Standing rule or order of the House shall be rescinded or changed without one day's notice being given of the motion therefor, nor shall any rule be suspended except by a vote of the majority of the whole number of members of the House"

Proposed Rule

60 No standing rule (or order) of the House shall be rescinded or changed without one day's notice being given of the motion therefor, nor shall any *standing* rule be suspended ex-

cept by a vote of the majority of the whole number of members of the House

Reasons for Change

The words "or order," as bracketed in the proposed rule should be struck out as they are meaningless, and the word "standing" should be inserted at the point indicated to make clear that the rule referred to is a standing rule

(5) RULE 72

Present Rule.

"72 All resolutions, amendments to bills and resolutions shall be presented in one original, together with a copy thereof, and all bills shall be presented in one original and shall be typewritten or printed."

Proposed Rule

72 All resolutions, amendments to bills and resolutions shall be presented in one original, together with a copy thereof; and all bills shall be presented in one original and shall be typewritten or printed *One thousand copies of all bills and six hundred copies of all official reprint bills, shall be printed for the use of members of the House and Senate and for public distribution*

Reasons for Change

The purpose of this addition is to specify in the rules the number of copies of bills and reprints This is always done by resolution of the House, but the matter is of sufficient importance to be included in the standing rules

(6) RULE 73

Present Rule

"73 No bill or joint resolution shall be considered on third reading and final passage until five days after the second reading thereof"

Proposed Rule

No bill or joint resolution *originally introduced in the House* shall be considered on third reading and final passage until five days after the second reading thereof

Reasons for Change

The question has sometimes arisen whether the provisions of this rule are limited to House bills or whether they also apply to Senate bills The decision of this question when presented to former speakers has been that the rule is limited to House bills In order to avoid any misunderstanding in the future, the rule should be made applicable in express terms to House bills, without reference to Senate bills

On motion of Mr Evans, the report was received and adopted as printed

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Rules of the House of Assembly as printed in the Legislative Manual for 1921, with the changes recommended by the Committee on Rules and adopted by this House, be adopted as the Rules of the House of Assembly for the Session of 1922

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Clerk of the House is hereby directed to furnish 100 copies of the Members' Pocket Calendars, Legislature 1922, the same not to exceed in cost two dollars per copy

Mr Evans offered the following resolution, which was read and adopted

Resolved, That each member and officer of this House be furnished with 500 "Complimentary slips"

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Committee on Stationery, when appointed, be directed to furnish for the use of the members of the House, and officers thereof, file books for Senate and House bills, and also Minute files

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the number of copies of the Legislative Manual apportioned by law to the House of Assembly be distributed by the Sergeant-at-Arms as follows To each member of the

House, eighteen copies, to Clerk, Assistant Clerk, Journal Clerk, Sergeant-at-Arms, Supervisor of Bills, and Speaker's private secretary, each six copies, Assistant Journal Clerks and Assistant Sergeants-at-Arms, each four copies, to the Speaker's assistant private secretary, the Bill Clerk and the clerks to the majority and minority leaders, each three copies, to the Assistant Bill Clerk and Assistant Supervisors of Bills, each two copies, all other officers of the House, legislative correspondents and reporters, each one copy

Mr Evans offered the following resolution, which was read and adopted

Resolved, That 1,000 copies of all bills be printed for the use of the members of the House and Senate, and for all public distribution and that 600 copies of all official reprint bills be printed

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Sergeant-at-Arms be instructed to furnish the members of the House and representatives of the press with files of the Senate and House bills, introduced and passed by title, printed on gummed paper, in suitable form for pasting in the pocket calendar

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the same number of copies of the Governor's Annual Message be printed as were printed of the Governor's message last year

Mr Evans offered the following resolution, which was read and adopted

Resolved, That a copy of the Journal of the Senate be distributed on the desks of the members of the House, when printed, and a copy thereof mailed to the home address of each member, with a copy of the Minutes of the General Assembly

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the State Printer be instructed to mail to each member of the House, at his home address, at least one copy of each bill and resolution, both Senate and House, as soon as the same is printed

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the State Printer be instructed to mail to each member of the House, at his home address, a copy of each part of the Minutes of the House, as soon as possible after the same is printed

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the State Printer be instructed to mail to the home address of the Secretary to the Majority Leader, the Secretary to the Minority Leader and the Clerk to the Judiciary Committee a printed copy of all bills, Minutes of the House and Senate, gummed titles and daily memoranda of bills acted upon

Mr Evans offered the following resolution, which was read and adopted

Resolved, That a sufficient number of copies of the daily calendar, prepared under supervision of the Clerk of the House, showing brief memorandum of the bills reported and passed second and third readings in the House, be printed and distributed among the members of the Senate

Mr Evans offered the following resolution, which was read and adopted

Resolved, That when a similar calendar of bills reported passed second and third reading in the Senate is prepared by the Secretary of the Senate that the same be distributed among the members of the House

Mr Evans offered the following resolution, which was read and adopted

Resolved, That to each four members of the House, to be specifically named by the Sergeant-at-Arms, he shall assign one file clerk, who shall keep the file books and pocket calendars of said four members in complete and satisfactory order

Mr Evans offered the following resolution, which was read and adopted

Resolved, That all bills offered to the House, by either a member or a committee thereof, purporting to be a substitute bill for one in the possession of the House, shall not be received, considered or acted upon unless the bill so offered as a substitute shall substantially cover the same subject matter as contained in the original bill

Mr Evans offered the following resolution, which was read and adopted

Resolved, That no employee of the House be permitted to solicit or collect contributions for any purpose whatsoever

Mr Evans offered the following resolution, which was read and adopted

Resolved, That 800 copies of the Weekly Minutes be printed for the use of the House of Assembly

Mr Evans offered the following resolution, which was read and adopted

Be it resolved by the Assembly of the State of New Jersey, That the Speaker of the House of Assembly shall refer all bills concerning pensions or increases of salaries to the Judiciary Committee

Mr Evans offered the following concurrent resolution, which was read and adopted

Be it resolved by the House of Assembly of the State of New Jersey (the Senate of the State of New Jersey concurring)

1 That the Legislative Index be purchased for the use of the officers and members of the Senate and House of Assembly from year to year, at each session thereof, as soon as possible after adjournment is taken for the week and before the session convenes the following week, one copy of each issue to be mailed to the local address of each officer and member of the Senate and House of Assembly immediately upon publication, the names and addresses of whom shall be furnished by the Speaker of the House of Assembly and the President of the Senate, and one copy of each issue to be delivered at the State House for each officer and member of the Senate and House of Assembly, at the rate of five dollars for each subscription, and that statements of expenses for the Legislative Index be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said committee said approval shall be indicated by the signature of the chairman of the Senate Committee on Incidental Expenses for an expense of the Senate, and by the chairman of the House Committee on Incidental Expenses for an expense of the House of Assembly, together with the signature of the Secretary of the Senate and the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment

2 This resolution shall take effect immediately

The Clerk of the House announced that clerks would be assigned to the following committees

Clerk to the Committee on Judiciary
Clerk to the Committee on Banking and Insurance
Clerk to the Committee on Education
Clerk to the Committee on Municipal Corporations
Clerk to the Committee on Agriculture
Clerk to the Committee on Corporations
Clerk to the Committee on Highways
Clerk to the Committee on Stationery

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the following-named persons are hereby elected Clerks to committees

George J Tuttle, of Essex county, Clerk to Committee on Printed Bills

Walter Ferguson, of Passaic county, Clerk to Committee on Judiciary

Ezra P Bridgei, of Bergen county, Clerk to Committee on Education

Edwin O'Brien, of Union county, Clerk to Committee on Municipal Corporations

Frederick Weakley, of Atlantic county, Clerk to Committee on Corporations

George Wright, of Camden county, Clerk to Committee on Highways

Henry B Fowler, of Mercer county, Clerk to Committee on Stationery

The following was sent to the desk by Mr Hobart, and was read by the Clerk

To the Senate and General Assembly of the State of New Jersey

Your committee appointed under the provisions of Joint Resolution No 1, Session of 1921, to make a survey of matters of public interest, and further directed by a Concurrent Resolution of the same Session to conduct an exhaustive and impartial investigation of the conditions existing in the National Guard of New Jersey, and in particular to determine the manner of selection of, and the nature and extent of, examinations given to determine the military qualifications of National Guard officers, has met at the State House, in the city of Trenton, on March 30th, April 6th and June 4th and at Atlantic City on December 19th, 1921

It has summoned and examined under oath numerous witnesses and has afforded full and ample opportunity to all persons interested to be heard, and, after careful consideration of all of the evidence, has determined upon the following findings and recommendations

FINDINGS

We find that the morale and efficiency of the organizations of the Infantry Brigade of this State have been reduced to the point where they cease to be a military asset, and are maintained at the expense of the State of New Jersey and the Federal Government without adequate return for the moneys expended

We find that the practice of appointing or electing officers of the National Guard who do not possess the military qualifications, ability or experience necessary to command troops in the field is responsible for this deplorable condition, and that this is particularly true in the case of the election of Brigadier-General Howard S Borden as Commander of the Infantry Brigade, and that this condition has been further accentuated by the failure of the authorities of this State to recognize the loyalty, ability and experience of those citizens of the State who served in the Army of the United States during the World War

We find that the election of General Borden was forced by innuendo, almost amounting to threats toward the electors, the field officers of the Third and Sixth Regiments, that it was intimated that certain of them, who were in the civil service of the State, would be embarrassed in their official and civil employments should they fail to elect him, and that the pressure brought to bear and the influences used in this election are destructive of good morale and efficiency and are contrary to the spirit of the Constitution of this State

We find that War Department Regulations, which are designed to insure to the several States and the Federal Government efficient and able officers of the National Guard, were not complied with by the Board which examined General Borden, and that an attempt was made to extend to him Federal recognition notwithstanding

All of which we find has brought about a condition of discord and disorganization in the Infantry Brigade, which has been further increased by the autocratic and ill-considered transfers of officers and organizations for personal and political purposes in contravention of the spirit of the Constitution of this State, resulting in a condition in the Brigade bordering upon disintegration

RECOMMENDATIONS

In view of the foregoing your committee makes the following recommendations

First—In the interest of the public service and the organization and maintenance of a well-disciplined National Guard, that the Legislature promptly pass an act disbanding the present Infantry Brigade and placing all officers of that organization upon the unassigned list

Second—That upon the disbanding of this organization a new Infantry Brigade be created by statute which should fix the location of the units thereof in the municipalities where infantry units were located immediately before the issuance of General Orders No 22, Office of the Adjutant-General, State of New Jersey, dated November 9th, 1921

Third—That such further and other legislation be enacted as will, as far as possible, prevent a recurrence of such conditions as now exist in the National Guard of this State

Mr Hobart offered the following resolution, which was read and adopted

A message was received from the Senate, by the hands of its Secretary, as follows

STATE OF NEW JERSEY,
SENATE CHAMBER,
Mr Speaker January 10th, 1922

I am directed by the Senate to inform the House of Assembly that the Senate has passed the following concurrent resolution

WHEREAS, Chapter 158, Pamphlet Laws of 1914, requires that a requisition officer be appointed, and the acts regulating receipts and disbursements require the designation of approving officers for the payment of the necessary expenses of all divisions of the government, be it

Resolved (the House of Assembly concurring), That the Secretary of the Senate and the Clerk of the House of Assembly be designated as requisition officers for the Legislature, their compension to be three hundred dollars each, and be it further

Resolved, That all statements of expenses of the Legislature be referred to the Committee on Incidental Expenses of the Senate and House of Assembly, respectively, and when approved by said committee, said approval shall be indicated by the signature of the Chairman of the Senate Committee on Incidental Expenses, for expenses of the Senate, and by the Chairman of the House Committee on Incidental Expenses, for expenses of the House of Assembly, together with the signature of the Secretary of the Senate, or the Clerk of the House of Assembly, respectively, and said bills, when approved, shall be forwarded to the Comptroller of the Treasury for payment

Mr Gaede offered the following concurrent resolution

WHEREAS, Previous sessions of the Legislature have shown the usual number of bills annually introduced approximate between eight hundred and one thousand in the aggregate, many of which are acted upon without a reasonable opportunity being afforded its members or the public for due consideration of same, and

WHEREAS, Many of such bills propose radical changes in our laws, affect personal property rights and interests, and call for the expenditure of the people's money, and

WHEREAS, Public interests and welfare, as well as proper legislation and government, demand adequate opportunity be afforded the legislators for careful and mature consideration thereof, and the people themselves be given ample time for becoming acquainted therewith, so as to make known their approval or disapproval, and

WHEREAS, This end will best be attained by the Legislature remaining in session for a limited period of time for the introduction of bills, recessing for the purpose of considering same, and then reassembling for the purpose of taking action thereon, and

WHEREAS, By so doing public interests will best be served, Legislature expenses curtailed, committee work extended, and the necessity for amendments, revision or change of laws to a large degree obviated, therefore, be it

Resolved (the Senate concurring), That the Senate and General Assembly of the State of New Jersey do only meet each Monday at 8 00 P M during the month of January, 1922, that during said period no bills be advanced beyond first reading, and that at the end of such period a recess until March 6th next, at 8 00 P M, be taken for the purpose of considering same, and on March 6th, 1922, at 8 00 P M, both houses reassemble to take further and final action thereon, and consider such other business and matters as shall properly come before them

INTERSTATE BRIDGE AND TUNNEL COMMISSION,
616 Hall of Records, New York City

January 16th, 1922

To the Honorable the General Assembly of the State of New Jersey, State House, Trenton, N J

GENTLEMEN—I transmit herewith the report of the New Jersey Interstate Bridge and Tunnel Commission, which is engaged in constructing the vehicular tunnel under the Hudson river, connecting Jersey City with New York, and the bridge over the Delaware river from Camden to Philadelphia

In connection with this report I also transmit the report of the Board of Engineers as to the size, type and location of the Camden-Philadelphia bridge The recommendation as to the size, type and location of this bridge as outlined in this report were unanimously adopted by the commissioners after extensive public hearings

There is also transmitted herewith a copy of the Erie Contract referred to in the report This contract provides for the acquisition by the New Jersey Interstate Bridge and Tunnel Commission, acting for and in behalf of the States of New Jersey and New York, of certain lands, easements, rights and interests in land and land under water in Jersey City necessary for the construction of the vehicular tunnel under the Hudson river The acquirement of these rights by agreement rather than by condemnation has saved the State $2,000,000

Copies of contract, specifications and contract drawings for contracts numbers three and four, covering the construction of

shafts and the under-river portion of the tunnels, upon which bids are to be received February 7th, 1922, are also handed herewith

Respectfully,
A ALBEUS ADAMS,

Which motion was adopted

CONCURRENT RESOLUTION for the appointment of a committee to survey the volume of business written in the State of New Jersey by life, fire, casualty and miscellaneous insurance companies and to investigate into the profits arising therefrom, together with a detailed investigation into the conditions of the companies writing said policies for the purpose of ascertaining the equitableness of the rates charged for such policies

WHEREAS, The report of the State Commissioner of Banking and Insurance for the fiscal year ending March 17th, 1921, of fire insurance companies licensed to do business in the State of New Jersey, showed that fire insurance companies received some fourteen million dollars ($14,000,000 00) over and above their gross losses from their policy holders, and

WHEREAS, The same report shows that the companies writing marine and inland business received approximately two million dollars ($2,000,000 00) profit, out of a gross premium income of four million three hundred and twelve thousand dollars ($4,312,000 00), and

WHEREAS, The report of March 1st, 1921, of the Commissioner of Banking and Insurance, for business written in New Jersey for the year 1920, in fidelity and casualty insurance companies, shows an estimated profit of approximately twelve million

five hundred and seventeen thousand dollars ($12,517,000 00), and

WHEREAS, The profits received by life insurance companies, mutual and stock, over and above their losses paid in 1921, amounted to several million dollars, and

WHEREAS, Previous reports of the Commissioner of Banking and Insurance showed similar profits to insurance companies licensed to do business in the State of New Jersey, and

WHEREAS, There has been no effort made on the part of the insurance companies licensed to do business in the State of New Jersey to reduce their premiums, but rather a tendency on the part of the insuring companies to collect from the insured, increased premiums, now therefore be it

Resolved by the General Assembly of the State of New Jersey (the Senate concurring therein), That the Committe on Banking and Insurance of the House of Assembly and the Committee on Banking and Insurance of the Senate, be and they are hereby designated as a Committee to inquire into and conduct a survey of the volume of business written in the State of New Jersey, by life, fire, casualty and miscellaneous insurance companies and to investigate into the profits arising therefrom, together with a detailed investigation into the conditions of the companies writing said policies for the purpose of ascertaining the equitableness of the rates charged for such policies

That this committee be further authorized and directed to report their findings as speedily as possible with such recommendations as may seem advantageous and necessary for the promotion of the best interests of the public at large, and

Resolved, further, That this committee be authorized to sit during the session of the House of Assembly and Senate and for such further period of time as may be necessary to properly complete the purposes herein enumerated, and

Resolved, further, That they be authorized to compel the attendance of witnesses by subpœna and to compel the production of such documents, papers and books and other data as may seem necessary, and

Resolved, further, That the committee be authorized to administer oaths to witnesses and to punish witnesses subpœned and failing to appear or witnesses refusing to answer proper and competent questions, or refusing to produce necessary books or data, by citing the proper officers of the insurance company or companies to which the witness so offending is attached, before the Commissioner of Banking and Insurance to show cause why their license to transact business in the State of New Jersey should not be revoked, and

Resolved, further, That there be appropriated for the purpose of this investigation the sum of fifteen thousand dollars ($15,000 00), and

Resolved, further, That the committee be authorized to employ necessary counsel and experts as needed

Assembly Bill No 12, entitled "An act authorizing mayors of certain cities to appoint commissions to change the lines and boundaries of wards and election districts and to increase or decrease the number thereof,"

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the Minutes, as they appear in Parts 2, 3, 4, and 5, printed Minutes, be approved

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 13th, 1922

I return herewith, without my approval, Assembly Bill No 8, submitted to me in accordance with the provisions of the Constitution, on February 7th, 1922, for these reasons

Considerable opposition to this measure has been manifested by a number of members of the State Militia who fear that the effect of the bill is to take the State Militia into politics It is charged that the introduction of the bill is the result of a partisan desire to force upon the Militia as a whole the views of a clique therein concerning the propriety of the appointment of a former officer I concur in the opinion that the effect of the measure would be to inject politics into the Militia and to weaken and impair the morale, efficiency and discipline of the men

Further, it is my conception that the proposed act is materially at variance with the organic law as set forth in Articles III, IV, and VII, of the State Constitution The act purports, as the title implies, to supplement an act entitled "An act to amend an act entitled 'An act concerning the Militia of the State,'" approved March fourth, one thousand nine hundred and eighteen

As I understand it, an act amending an act, when finally enacted, becomes a part of the original law, and if a supplement is intended the supplement should apply to the law as amended and not to an act designed wholly to amend that original law That in itself would appear to violate paragraph 4, section 7, Article IV, which provides that "every law shall embrace but one object and that shall be expressed in the title" Assembly No 8, however, does not begin to express in its title the purpose of the act, which is, as stated in the first section, to disband the Fifty-seventh Infantry Brigade, place its officers on the Reserve list and organize a new brigade designated in section 2 as the Fifty-seventh Infantry Brigade

Article VIII of the Constitution, in paragraph 1, section 1, says, "The Legislature shall provide by law for enrolling, organizing and arming the Militia" There appears to be nothing in the article authorizing the Legislature by a special act, which this unquestionably is, or otherwise, to arbitrarily disband one brigade of the Militia and create another, and this is what Assembly No 8 purports to do when it says, "the new brigade shall be formed and organized in conformity with the laws governing the army of the United States and the regulations issued by the Secretary of War to be designated and stationed," etc Therefore, the entire makeup of the brigade, including its title and location is determined by the act, leaving little of anything for the properly constituted National and State officials to have to say in the matter

Article V, of the Constitution, designates the Governor as the Commander-in-Chief of all the military and naval forces in the State Section 5 of this bill seeks to make the Governor subordinate to the Legislature for this specific purpose and directs him to file a request and obtain the consent of the President of the United States for the disbandment

The same section expresses more solicitude for legislative rights when it provides the foregoing action "shall not be construed in any way as a waiver or limitation of the right of the Legislature" to exercise its Constitutional function as provided in Article VII The act goes further and leaves its operation

contingent upon some future action of the President of the United States

It may be well for the Legislature to remember that Article III, of the Constitution, is still in force and has a very decided bearing on the rights of the Legislature as set forth in Articles IV and VII and that of the Governor in Articles V and VII

Very truly yours,
EDWARD I EDWARDS,
Governor

By the Governor
J HARRY FOLEY,
Secretary

Mr Evans moved that the message be received and spread in full upon the Minutes, and the bill lie over, which motion was adopted

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 13th, 1922

I venture to call your attention to Senate Bill No 108, which passed the Senate on February 7th, and which is now before your body for consideration

The bill is designed to repeal chapter 350 of the Laws of 1921 This later statute was passed after considerable opposition by certain interests which feared the exercise of the powers conferred upon the State Board of Taxes and Assessment The reason for the passage of the statute, as I understand it, was that in certain counties in this State the properties of certain industries and individuals were grossly undervalued No effectual effort could apparently be made by the county boards of taxation to compel the local assessors to place the proper valuations upon such property To correct that evil the act of 1921 was passed, so as to put teeth in the law I think it would be regarded as a matter for great regret if the statute of 1921 were repealed, as I believe substantial benefit has already been realized from its operation

With that in mind I take the liberty of calling the situation to your attention, and urge upon you the defeat of the measure

Very truly yours,
EDWARD I EDWARDS,
Governor

Mr George offered the following resolution and moved its adoption

WHEREAS, At the close of business in this House of Assembly on the afternoon of February 7th, 1922, Assembly Bill No 474 was the last bill to be read by the clerk and referred by the Speaker of the House to committee, and the House having then adjourned to another day, and

WHEREAS, House Memoranda of the Minutes of the business of the House of Assembly for February 6th and 7th, known as Memorandum No 7, reported what was a matter of common knowledge to the members of this House, that bill No 474 was the last bill to be introduced, read by the Clerk and referred by the Speaker to committee, and —

WHEREAS, Subsequent developments disclose a situation that is sinister in its aspect, and likely to bring the Legislature of New Jersey into disrepute, and earn for it the disrespect and distrust of the citizens of this State, in this, that three bills, which now appear as Nos 475, 476 and 477, have mysteriously appeared, it is alleged, upon the desk of the Speaker long after the adjournment of February 7th, among which bills, curiously enough, is one of tremendous importance to the people of the State of New Jersey, and

WHEREAS, We believe that every member of this body desires full information upon this strange and irregular action on the

part of someone, to the end that the actions of this body shall be conducted in a legal manner and in accordance with the rules of this House, therefore,

Be it resolved by this House of Assembly, That the Speaker be and he hereby is authorized to appoint a committee of five members of this House to examine into the situation above referred to, and to make a full report as to the legality of the introduction of these measures, which report shall be filed by February 27th, 1922

A roll call being asked for, Mr George's motion to adopt the resolution was lost by the following vote

In the affirmative were—

Messrs Brown, Cieciuch, Crawford, Eastmead, Flynn, Gaede, George, Hansen, Lambert, Messano, Moran, Runyon, Sarokin, Stanton, Welsh—15

In the negative were—

Messrs Barkman, Blair, Blizzard, Campbell, Champion, Clift, Coles, Coon, Corio, Dater, De Lorenzo, Eaton, Elliot, Evans, Franklin, Gibbs, Guthrie, Hershfield, Hobart, Kay, Laird, Littell, Lyons, McCullough, McMillin, Meloney, Menninger, Moore, Owen, Parker, Pascoe, Peterson, Pierson, Powell, Robbins, Roegner, Rowland (Speaker), Sexsmith, Stratton, Taylor, Todd, Williams —42

Mr Flynn offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be extended to Hon James F Norton, Surrogate of Hudson County

Mr Coles offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be given to the Hon John B Kates, former Republican leader of this House, and now judge of the Court of Common Pleas of Camden County

Mr Stanton offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be extended to Mr J Randolph Woodruff, a former officer of this House

Mr Taylor offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be accorded the Hon Judge Schoen, of Essex county, a former Speaker of this House

The Speaker read a letter from the Hon Frank B Jess, a former Speaker of the House of Assembly, as follows

STATE OF NEW JERSEY
STATE BOARD OF TAXES AND ASSESSMENT

TRENTON, N J , February 7th, 1922

Hon T Harry Rowland, Speaker, House of Assembly

MY DEAR MR SPEAKER—In reading some of Lincoln's speeches recently, I came across the remarks which he made to the Assembly of New Jersey on February 21st, 1861, a few days before he became President

It occurred to me that it would be a most fitting thing for the Assembly to pause a few moments in its proceedings next Monday night, while you, or some member designated by you, should read Lincoln's brief speech, in observance of his birthday, which this year falls on Sunday I enclose a copy of Lincoln's address, in case you should think well of the suggestion I am making

It happens that Lincoln also addressed the Senate of New Jersey on the same occasion, and I am writing to President Mackay, suggesting that his remarks be read in the Senate

Very truly yours,

FRANK B JESS

The Speaker requested the Rev Warren P Coon, a member of the House from Essex county, to read the Lincoln address

The Speaker called Mrs Laird to the chair

Mr Coon, with a few appropriate introductory remarks, then read the following

ADDRESS TO THE ASSEMBLY OF NEW JERSEY, AT TRENTON, FEBRUARY 21ST, 1861, BY ABRAHAM LINCOLN

"MR SPEAKER AND GENTLEMEN—I have just enjoyed the honor of a reception by the other branch of this Legislature, and I return to you and them my thanks for the reception which the people of New Jersey have given through their chosen representatives to me as the representative, for the time being, of the majesty of the people of the United States I appropriate to myself very little of the demonstrations of respect with which I have been greeted I think little should be given to any man, but that it should be a manifestation of adherence to the Union

and the Constitution I understand myself to be received here by the representatives of the people of New Jersey, a majority of whom differ in opinion from those with whom I have acted This manifestation is therefore to be regarded by me as expressing their devotion to the Union, the Constitution, and the liberties of the people

"You, Mr Speaker, have well said that this is a time when the bravest and wisest look with doubt and awe upon the aspect presented by our national affairs Under these circumstances you will readily see why I should not speak in detail of the course I shall deem it best to pursue It is proper that I should avail myself of all the information and all the time at my command, in order that when the time arrives in which I must speak officially, I shall be able to take the ground which I deem best and safest, and from which I may have no occasion to swerve I shall endeaver to take the ground I deem most just to the North, the East, the West, the South, and the whole country I take it, I hope, in good temper, certainly with no malice toward any section I shall do all that may be in my power to promote a peaceful settlement of all our difficulties The man does not live who is more devoted to peace than I am, none who would do more to preserve it, but it may be necessary to put the foot down firmly (Here the audience broke out in cheers so loud and long that for some moments it was impossible to hear Mr Lincoln's voice) And if I do my duty and do right, you will sustain me, will you not? (Loud cheers, and cries of 'Yes, yes, we will') Received as I am by the members of a Legislature, the majority of whom do not agree with me in political sentiments, I trust that I may have their assistance in piloting the ship of State through this voyage, surrounded by perils as it is, for if it should suffer wreck now, there will be no pilot ever needed for another voyage

"Gentlemen, I have already spoken longer than I intended, and must beg leave to stop here"

At the request of Mr Dater, Mrs Brown, a member from Hudson county, read the following original poem

NEW JERSEY

New Jersey, New Jersey, of the colonies thirteen,
Loyally in the ranks you've held your place serene,
Your soil made sacred by the blood our grandsires gladly gave
That the flag of freedom o'er the land might wave

New Jersey, New Jersey, we proudly hail thy name,
By men's deeds of valor you've won a lasting fame,
At Monmouth Junction, Trenton, Washington and his band
Won the cause of liberty that lives throughout our land

New Jersey, New Jersey, thy sons and daughters all
Rally 'round your standard in answer to your call,
With Justice as our motto, and Peace our highest aim,
We pledge allegiance to you, New Jersey, land of fame

The Speaker resumed the chair

On motion of Mr Evans, the letter to the Speaker, the address of Lincoln and Mrs Brown's poem were ordered spread in full upon the Minutes

The hour for the special order of business having arrived,

Assembly Bill No 2, entitled "Supplement to an act entitled 'An act to regulate and limit the hours of employment of females in any manufactory, mercantile establishment, in any bakery, laundry or restaurant, in order to safeguard the health of such employees, to provide for its enforcement and a penalty for its violation,' " approved March twenty-eighth, one thousand nine hundred and twelve,

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
February 20th, 1922

To the General Assembly

Assembly Bill No 5 is returned unapproved by me

This bill is intended to abolish the First Judicial District Court of the county of Camden

My veto of this measure is based upon objection made by the Camden County Bar Association, to the effect that litigants would be unduly inconvenienced and delayed through the submission of their law suits to the District Court in the city of Camden

Furthermore, no provision seems to be made for pending cases If the court is abolished without some such provision, the fees which litigants have paid will be entirely wasted

Respectfully,
EDWARD I EDWARDS,
Governor

By the Governor
J HARRY FOLEY,
Secretary

Mr Evans moved that the message be received and spread in full upon the Minutes and the bill lie over

Which motion was adopted

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 20th, 1922

I return to you, without my approval, Assembly Bill No 6 This measure creates four additional clerkships to your body and calls for additional expenditure of $1,400 00

I am not in sympathy with the measure because I believe your body has sufficient clerical assistance

Respectfully,
EDWARD I EDWARDS,
Governor

Mr Evans moved that the message be received and spread in full upon the minutes and the bill lie over, which motion was adopted

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 20th, 1922

I return, without my approval, Assembly Bill No 12, being "An act authorizing mayors of certain cities to appoint commis-

sions to change the lines and boundaries of wards and election districts, and to increase or decrease the number thereof"

I withhold my approval of this measure for these reasons

1 I believe the bill to be unconstitutional because—(a) It violates the prohibition of the Constitution in reference to special legislation—applying to only a very limited class of cities, (b) It contains more than one subject, namely, the redistricting of the cities contemplated by the act and the election of councilmen or other officers in new wards which will be created Furthermore, if the act can be said to embrace but one object, such object in my judgment is not sufficiently expressed in the title

2 It is frankly conceded, I believe, that the measure is designed to apply only to the City of Elizabeth where there exists a deadlock owing to a division in the council between the two dominant parties This measure is intended to permit the deadlock to be relieved for partisan reasons and along partisan lines

Respectfully,
EDWARD I EDWARDS,
Governor

The House resumed its session

Mr Evans moved that the address of Mr Robbins and the poem of Mrs Brown be spread in full upon the Minutes

Which motion was adopted

ADDRESS BY MR ROBBINS

Mr Speaker, Ladies and Gentlemen of the House of Assembly

George Washington, the father of his country, who was first in war, first in peace, and first in the hearts of his countrymen, first saw the light of day, one hundred and ninety years ago today, and it is but fitting and proper that we should pause for a few moments from our active duties and reflect on his life and character

If men are ordained by providence to achieve certain aims in life, there can be little doubt that George Washington was raised up for his high mission

It would be idle to speculate what might have been the issue of the war for independence had another been leader The fact that Washington was the choice of the Continental Congress and that through seven years of bloody struggle, through adversity, suffering and defeats to final victory, he retained the confidence of the people and of Congress, is illuminative of the character, steadfastness and tenacity of the man and the wisdom of his selection

Seldom was a fight for freedom against a powerful nation begun with resources more slim The Colonies were without credit, without war material, without a navy, without forts, without arsenals, while the Congress that had commissioned Washington had neither the power to levy taxes nor compel obedience on the part of the individual Even the country itself was disunited, and while patriots bared their breasts to Hessian bullets, Tories stabbed them in the back But through disasters which might have broken the spirit of other leaders, through the calamities of forced retreat and the nameless horrors of Valley Forge, Washington retained his imperturbable calm, his inflexible will and his faith in his God until the surrender of the enemy at Yorktown

Let us turn our thoughts to the Battle of Trenton and events leading up to it

When Washington was flying rapidly from an overwhelming force under Lord Cornwallis, who had ordered his troops to stop at Brunswick, where they remained inactive for nearly a week, in the delay the destruction of the army of Washington was inevitable unless Washington was able to cross the Delaware safely Washington perceived that unless he struck some brilliant blow before the close of the year, his cause was hopeless As soon as the river was frozen, he expected the English to cross in overwhelming numbers, and in a few days he was likely to be almost without an army At the end of the year the engagement of greater of his troops would expire, and on December 24th, 1776, he wrote to the President of the Congress, "I have not the most distant prospect of retaining them a moment longer than the last of this month, notwithstanding the most pressing solicitations, and the obvious necessity for it"

Under these desperate circumstances he planned the surprise at Trenton (Necessity) He wrote, "Dire necessity will, nay,

must, justify an attack" It was designed with admirable skill, and executed with admirable courage On the night of Christmas, 1776, Washington crossed the Delaware, landing at Washington Crossing, which is nine miles above Trenton He then marched from that point to Trenton, surprised the German troops in the midst of their Christmas revelries, and with the loss of only two officers and two privates wounded, he succeeded in capturing two thousand prisoners The effect of this brilliant enterprise upon the spirits of the American Army, and upon the desponding, wavering and hostile sentiments of the population, was immediate This proved to be the turning point in the great struggle for liberty, which was later consummated by the surrender of Cornwallis at Yorktown

Quietly, as though the horrors of war had never been, as though ambition was an idle word, he returned to his beloved Mount Vernon, to enjoy the fruits of peace won by his sword But his voice and pen were at the service of his countrymen in building up the Constitution, which has since been their guide, and when again duty beckons, he left his beloved retreat to become the first President of the nation he so loved

In accepting this new honor he manifested his true character in the following words "I think I see a path clear and direct as a ray of light, which leads to the attainment of that object" "Nothing but harmony, honesty, industry, and frugality are necessary to make us a great and happy people Happily the present posture of affairs, and the prevailing disposition of my countrymen, promise to co-operate in establishing these four great and essential pillars of public felicity" After having served as President for two terms, covering a period of eight years, others would have crowned him with that honor for a third time, he put away the temptation and once more he bent his steps to Mount Vernon, to spend his days in repose and in loving watchfulness over the land he had redeemed The world to-day joins America in acclaiming Washington first in war, first in peace, and first in the hearts of his fellow citizens, and no civilized land, to-day, is ignorant of his name, his deeds and his fame Even the nation whose forces he fought in the field honors him on its historic altars

Mr Speaker, ladies and gentlemen, as we again assume the duties of the hour, and the responsibilities in conjunction therewith, may it be our humble prayer that our lives may bear the impress of the same loyalty, devotion to duty and in the performance of the same, as that which accentuated Washington's life in meeting the great, intricate theories of our lives

THE FLAG MAKER

God caught a passing sunbeam
To make our bar of red,
And a moonbeam bright
For our bar of white,
So it has been said,
Then He took a strip of Heaven
To make our bar of blue,
With His Stars He studded a corner
To make a flag for you

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 28th, 1922

I return herewith without my approval Assembly Bill No 48, submitted to me in accordance with the provisions of the Constitution on February twenty-second, for the following reasons

Wholly apart from the merits of this measure its enforcement is provided for in a summary manner, which our Court of Errors and Appeals held void in determining the validity of the Van Ness act It seems unwise at any time to add to our volume of laws a statute of doubtful legality

Respectfully,
EDWARD I EDWARDS,
Governor.

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly February 28th, 1922

I return herewith without my approval Assembly Bill No 53, submitted to me in accordance with the provisions of the Constitution, on February twenty-second, for the following reasons

The Court of Errors and Appeals in holding void the Van Ness act, held that penalties such as Assembly Bill No 53 carries implied a crime for which the offender could not be denied the right of jury trial Existing law seems to afford game wardens as much protection as police and other officers Members of the Commission are hardly any more in need of special protection than the Health, Highway, Utility or other Commissions

STATE OF NEW JERSEY,
SENATE CHAMBER,
February 28th, 1922

Mr Speaker

I am directed by the Senate to inform the House of Assembly that the Senate has concurred in the following concurrent resolution

Concurrent Resolution requesting the Rivers and Harbors Committee of the House of Representatives of the United States to report the bill of Congressman T Frank Appleby, of New Jersey, to protect navigable waters of the coast from pollution by fuel oil and waste

WHEREAS, The New Jersey coast and its summer resorts furnish recreation to thousands of citizens of this State and of the United States, and the New Jersey coast resorts are favorably known throughout this county, and

WHEREAS, The coast resorts are threatened and the bathing impaired by the negligent and criminal discharge of waste mat-

ter and fuel oil into the waters of the Atlantic ocean by steamers, and

WHEREAS, There is pending in the Congress of the United States, a bill, introduced by the Hon T Frank Appleby, Congressman from the Third New Jersey District, designed to prevent such practices, therefore be it

Resolved by the House of Assembly (the Senate concurring), That the Rivers and Harbors Committee of the Federal Congress, who have conducted numerous hearings on said measure, be requested to report the bill of Congressman Appleby, and that appropriate action looking to the passage of same be taken without further delay, and be it

Resolved, That a copy of this resolution, duly signed by the presiding officers of the Senate and of the Assembly, be transmitted to the Rivers and Harbors Committee of the Federal Congress, and to the Clerk of the House of Representatives

WM H ALBRIGHT,
Secretary of the Senate

Mr Coles offered the following resolution, which was read and adopted

WHEREAS, The recent Conference on Disarmament, held at the city of Washington, D C, decided that two of the six contemplated battle cruisers being built by the United States could be converted into airplane carriers, and

WHEREAS, One of said battle cruisers, namely the Saratoga, is now under construction at the plant of the New York Shipbuilding Company, at Camden, N J, and is thirty-five per cent. completed, and can be converted into an airplane carrier at less expense and with greater benefit to the United States by reason of the fact that our navy would secure a vessel of 33,000 to instead of a 27,000 ton airplane carrier, the limit fixed by the Conference of Disarmament for new vessels of that type, and

WHEREAS, The selection of the battle cruiser Saratoga for completion as an airplane carried by the President and the Navy Department would give employment to thousands of workmen for two years at the plant of the New York Shipbuilding Company, therefore be it

Resolved by the House of Assembly of the State of New Jersey (the Senate concurring), That the President of the United States, the Navy Department and the Congress of the United States be respectfully requested to select the Saratoga as one of the battle cruisers to be converted into an airplane carrier, and be it further

Resolved, That the Navy Department be urged to finish other naval work on which conditions will permit continuing construction, with the view of providing employment for the unemp[illegible] of the State of New Jersey

Mr George offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be extended to Hon. T Albeus Adams, Chairman of the New Jersey Bridge and Tunnel Commission

Mr Evans offered the following resolution, which was read and adopted

Resolved That the privilege of the floor be extended to the Honorable Robert Williams, judge of the Court of Errors and Appeals, ex-President of the Senate, and a former member of this House, and at present father of Assemblyman Williams

The Speaker announced that, in accordance with a resolution of the House adopted February 6th, authorizing him to assign a

clerk to the Committee on Militia, to serve without compensation, he would assign Stephen Barlow, of Mercer county, to that position

Mrs Laird, Chairman of the Committee on Social Welfare, reported

Assembly Bill No 359, entitled "An act to amend section five hundred and ten of an act entitled 'An act for the assessment and collection of taxes (Revision of 1918),'" constituting chapter 236 of the Laws of 1918 as amended,

Favorably, without amendment

Mr Pierson, Chairman of the Committee on Municipal Corporations, reported

Assembly Bill No 156, entitled "An act to validate assessments for local improvements and temporary notes or bonds issued to defray the cost thereof, and authorizing the funding of said notes or bonds,"

Favorably, without amendment

Mr McMillin, Chairman of the Committee on Printed Bills, reports the following bills as being correctly printed

Assembly Committee Substitute 9, Committee Substitute 373, Committee Substitute 463, Assembly Bills Nos 76, 87, 189, 387, 439

Mr Evans, Chairman of the Committee on Judiciary, reported

Assembly Bill No 477, entitled "An act providing for the appointment of the New Jersey Interstate Bridge and Tunnel Commission, and to define its powers and duties,"

By committee substitutes to be known as 477-A and 477-B

Mr Evans moved that the committee's report be adopted

Mr Gaede objected and made a point of order that the bills were not properly before the House

The Speaker ruled that the point of order was not well taken, and that the bills were properly before the House

Mr Gaede appealed from the ruling of the Chair and asked for a roll call

Upon the calling of the roll, the Chair was sustained by the following vote

In the affirmative were—

Messrs Alexander, Applegate, Barkman, Blair, Blizzard, Campbell, Champion, Clift, Coles, Coon, Corio, Dater, De

Lorenzo, Eaton, Elliot, Evans, Franklin, Gibbs, Guthrie, Hershfield, Hobart, Kay, Laird, Littell, Lyons, McCullough, McMillin, Meloney, Moore, Owen, Parker, Pascoe, Peterson, Pierson, Powell, Robbins, Roegner, Sexsmith, Stiles, Stratton, Taylor, Todd, Williams—43

In the negative were—

Messrs Brown, Cieciuch, Crawford, Eastmead, Flynn, Gaede, George, Hansen, Lambert, Messano, Moran, Runyon, Sarokin, Stanton, Welsh—15

The report of the committee was adopted

Under suspension of the rules, Mr Evans offered the following amendments to

Committee Substitute "A," to be known as No 477A, for Assembly Bill No 477, entitled "An act to amend an act entitled 'An act to provide for the appointment of an Interstate Bridge and Tunnel Commission and to define its powers and duties,'" approved February fourteenth, one thousand nine hundred and eighteen,

Which were read and adopted

Line 6, after the words "Camden county" add the words "Frank L Suplee"

Line 7, before the word "and" add the words "of Glassboro, Gloucester county"

Mr Lambert moved that the House go into committee of the whole to further discuss the question, Mr Gaede seconding the motion

The motion, upon a *viva voce* vote, was lost

The Speaker called Mr McMillin to the chair

Mr Evans sent to the desk, and had the Clerk read the following editorial from the "Hudson Dispatch," of Thursday, March 2d, 1922

WILL THERE BE A TUNNEL?

Will there be a tunnel? That has become a more serious question than the matter of whether or not the Republicans will go through with their daring political exploit of ousting the present tunnel commission

There is, of course, the moral question of firing competent officials who have performed a great deal of valuable work But even that is entirely a matter of politics

A majority of the members of the present tunnel commissioners are Democrats, a majority of the present Legislature is made up of Republicans

The Legislature is all-powerful—at least, all-powerful until the people become aroused, and then the people are all-powerful

At any rate, the all-powerful Legislature wants to fire the tunnel commissioners, BECAUSE THEY ARE DEMOCRATS

That is the ONE reason, there are others advanced, or partly advanced, through inuendo, but there is only ONE reason, and that is the political reason of party

If the Republican Legislature fires the Democratic tunnel commission, there will be no tunnel for several years

That is certain—positive

The Republicans may be all-powerful in the all-powerful Legislature, but Frank Hague is all-powerful in Jersey City, and probably will be for some time to come

Frank Hague, who is mayor of the city and in full control of the political machinery of the city, declares the city will NOT pass the necessary ordinances unless the present commissioners remain in office

In that case, condemnation proceedings will be necessary, and condemnation proceedings will take several years

Up against that obstacle, the Republicans tried to buy their way to peace by offering to put John F Boyle, Mayor Hague's close personal and political friend, on the proposed new commission But Mr Boyle is a full-fledged man, and if he has his price, it is not the cheap price of personal flattery

Mr Boyle, be it said to his credit, promptly, definitely and with delightful finality, made it plain that he would not serve on any commission if the present commission is ousted

That settles the thing, there will be no tunnel for several years unless the Republicans in the Legislature surrender from their embarrassing position, a position they had no right to assume in the first place

If there is to be a tunnel, within the next few years, it must be built by the present EFFICIENT, CAPABLE AND PUBLIC SPIRITED commission now serving

The Republicans must understand this first as last If there is to be a vehicular tunnel, it must be built by the men now in office

If there is NO TUNNEL started in the next year, or in the next few years, the Republicans in the Legislature must take the blame

Mr Evans moved that the editorial just read be spread upon the Minutes

Mr Gaede objected

Mr Evans' motion prevailed

During a continued discussion on the bill, Mr Pierson sent to the Clerk's desk, the following letter, which was read

Mr Pierson moved that it be entered on the Minutes

The motion prevailed, after objection by Mr Gaede

CLIFFORD M HOLLAND, HALL OF RECORDS,
NEW YORK CITY, January 18th, 1922

Honorable Arthur N Pierson, State House, Trenton, N J

MY DEAR SIR—In acknowledgment of yours of the 16th, I have carefully avoided becoming involved in the controversies of the New Jersey Interstate Bridge and Tunnel Commission and ordinarily would be reluctant to answer your inquiry However, I understand that the inquiry is made by members of the Legislature in connection with the Legislature's official business, and I therefore believe myself to be under an obligation to answer your question

There has been in my judgment as Chief Engineer of this project several well defined and easily identified causes of delay in prosecuting this great work To begin with, the Engineering Organization under the direction of the commissions made a very careful study of the various types of tunnel and methods of construction, and the result of this study was the conclusion by both commissions in January, 1920 (over two years ago), that the highest public interest called for the construction of these tunnels of a type and method that had been approved by years of experience in tunnel construction under the Hudson and East rivers In these years of experience, some twenty tunnels have been built, and the construction of these tunnels has developed what the engineering profession looks upon as a standard type and method of construction under the Hudson and East rivers

The commissions decided (in my judgment very wisely) not to speculate or gamble with public moneys in this undertaking, but to adhere to the standard method of construction After this conclusion was reached, a most energetic attack was launched on the commissions' conclusions, under the leadership of Mr T Albeus Adams, of the New Jersey Commission This attack was in the nature of an agitation in behalf of the so-called O'Rourke patented concrete block tunnel This type of tunnel and method of construction had never been tried before except on a very much smaller scale and under more favorable soil conditions

In the judgment of the engineer, to have attempted this method of construction on this project would have been nothing but gambling with public moneys with the odds greatly against success, and for no apparent reasons except to prove the ideas of the owner of the patent The place where this method of construction had been tried was in the city of Detroit in connection with building sewers, and it was afterwards proven to be a complete financial and engineering failure

Mr Adams was conspicuous in his leadership of the agitation in behalf of the O'Rourke patented tunnels after the commissions' conclusions were reached in this controversy, requiring the devotion over several months of the time and energy of the Engineering Department in defending the conclusions of the commissions and delayed the progress for the period of time in which this controversy was carried on

About eighteen months ago, the work of actual construction was started on the New York side At that time the Engineering Organization was engaged with the preparation of contract, plans and specifications for the commencement of work on the New Jersey side This plan, however, was frustrated by the controversy which broke out a few months thereafter over the question as to whether or not certain streets should be widened in Jersey City as a part of the tunnel enterprise and at the expense of the two States This controversy was finally settled by the commissions, Jersey City agreeing to adhere substantially to the original plan submitted by the Engineering Department, so that although there were again several months of delay before this controversy was settled, the controversy itself did not lead to a substantial change in the original plan of the commission, so that the time was spent fruitlessly

Involved in this street widening discussion was what I consider another very serious cause of delay, and that was the action of the majority of the New Jersey Interstate Bridge and Tunnel Commission in attempting to terminate the services of the Board of Consulting Engineers on grounds which were wholly false in fact and unjustifiable, and without a hearing to the board Thereafter, the commission appointed a so-called staff of Technical Advisors, which, under the Interstate Treaty, would have been improper for the Chief Engineer to deal with until the appointments of the Technical Advisors were concurred in by the New York Commission, and this chaotic condition did not help in the work of building the tunnel

When the discussion over the widening of streets in Jersey City was finally settled in the early summer of 1921, work was re-

sumed on the preparation of the Erie Agreement, the execution of which was a necessary condition to the commencement of work in Jersey City

This agreement was not finally executed until December, 1921, and several months of the time of preparation was taken up with a discussion as to whether or not there should be included in the agreement certain provisions giving legal contractual recognition to the existence of a railroad siding running along the northerly side of the entrance plaza within a few feet of the entrance of the tunnel and serving the Union Terminal Cold Storage Warehouse Mr Adams and some of his colleagues insisted on provisions going into the contract which would give recognition and legal status to the siding, although it was not properly a part of the Erie Agreement, whereas other commissioners felt that the siding should not be recognized or dealt with or disturbed in any way at this time, but that it would be against the public interest to give the legal status to the siding in view of the fact that its location on the plaza made it likely that at some future time it would be necessary to relocate it, so therefore the hands of the commissions should not be tied by giving the siding contractual rights at this time, but, in the meantime, as I stated before, several months of valuable time was used up in reaching this agreement until Mr Adams and some of his colleagues were persuaded to agree to this conclusion

In conclusion, may I say that the unhappy conditions which have developed as a result of these controversies have been a source of deep regret to me I have studiously avoided being drawn into them, but I cannot refrain from saying that they have seriously prejudiced the progress of the work With my ambition when I became the Chief Engineer of the commissions to carry this project to a rapid and successful conclusion, I feel that this ambition has been frustrated so far as the time of completion is concerned by these controversies, which have been seriously detrimental to the public interest, and I earnestly trust that we have reached the end of these controversies and that the entire time of the commissions and the Engineering Staff can be devoted to the completion of this greatly needed public work

Very truly yours,

C M HOLLAND,
Chief Engineer, New York State Bridge and Tunnel Commission and New Jersey Interstate Bridge and Tunnel Commission

After further discussion, Mr Corio moved the previous question, which was ordered

Committee Substitute for Assembly Bill No 477 "A," entitled "An act providing for appointment of the New Jersey Interstate Bridge and Tunnel Commission, and to define its powers and duties,"

As amended,

On motion of Mr Evans, under suspension of the rules, was read a third time by its title, and passed by the following vote

In the affirmative were—

Messrs Alexander, Applegate, Barkman, Blair, Blizzard, Campbell, Champion, Clift, Coles, Coon, Corio, Dater, De Lorenzo, Eaton, Elliot, Evans, Gibbs, Guthrie, Hansen, Hershfield, Hobart, Kay, Littell, Lyons, McCullough, McMillin, Meloney, Moore, Owen, Parker, Pascoe, Peterson, Pierson, Powell, Robbins, Roegner, Rowland (Speaker), Sexsmith, Stiles, Stratton, Taylor, Todd, Williams—41

In the negative were—

Messrs Barkman, Brown, Cieciuch, Crawford, Eastmead, Flynn, Franklin, Gaede, George, Hansen, Laird, Lambert, Messano, Moran, Runyon, Sarokin, Stanton, Williams—18

Ordered, that the Speaker sign the said bill, and that the Clerk carry it to the Senate and inform the Senate that the House of Assembly has passed the same, and requests its concurrence therein

Committee Substitute for Assembly Bill No 477 "B," entitled "An act providing for the appointment of the New Jersey Interstate Bridge and Tunnel Commission, and to define its powers and duties,"

As amended,

On motion of Mr Evans,

Was read a second time, considered by sections, agreed to, and ordered to have a third reading

Mr Evans moved that the rules be suspended and that

Committee Substitute for Assembly Bill No 477 "B," entitled "An act providing for the appointment of the New Jersey Interstate Bridge and Tunnel Commission, and to define its powers and duties,"

As amended,

Be taken up on third reading immediately

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly March 6th, 1922

I return without approval Assembly Bill No 115, being "An act to apportion the members of the General Assembly among the several counties of the State"

This measure is in conflict with Article IV, section 3 of the Constitution, which provides for an apportionment of members of the General Assembly by the Legislature at its first session, after the then next and every subsequent enumeration or census which apportionment shall remain unaltered until another enumeration shall have been taken

The last census of the United States was taken in 1920, hence the Legislature has not complied with the mandate of the Constitution

This measure should have been enacted at the session of 1921

Respectfully,
EDWARD I EDWARDS,
Governor

By the Governor
J HARRY FOLEY,
Secretary

Mr Evans moved that the Governor's message be received and spread in full upon the Minutes, and the bill lie over

Which motion was adopted

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly March 6th, 1922

Assembly Bill No 98 is returned without my approval It is "An act to amend an act entitled 'An act regulating the business of undertaking and embalming and the disposal of dead human bodies,' approved May twelfth, one thousand nine hundred and six, the title of which said act was amended to read as above set forth by an act approved April eighth, one thousand nine hundred and eight"

The expressed purpose of this measure is to raise the standard of qualifications for those who desire to practice undertaking and embalming in this State The bill does that, but it seems to me too exacting in its requirements

Respectfully,
EDWARD I EDWARDS,
Governor

By the Governor
J HARRY FOLEY,
Secretary

Mr Evans moved that the Governor's message be received and spread in full upon the Minutes, and the bill lie over

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly March 6th, 1922

Assembly Bill No 51 is herewith returned without my approval

This is another measure professing to be in the interests of a higher standard of efficiency in the profession of undertaking and embalming

I am of the opinion that this bill is also too exacting, as stated in vetoing Assembly Bill No 98

Respectfully,
EDWARD I EDWARDS,
Governor

STATE OF NEW JERSEY,
SENATE CHAMBER,
March 6th, 1922

Mr Speaker

I am directed by the Senate to inform the House of Assembly that the Senate has concurred in the following concurrent resolution

WHEREAS, The recent Conference on Disarmament held at the city of Washington, D C, deciding that two of the six contemplated battle cruisers being built by the United States could be converted into airplane carriers, and

WHEREAS, One of said battle cruisers, namely the Saratoga, is now under construction at the plant of the New York Shipbuilding Company, at Camden, N J, and is thirty-five per cent completed, and can be converted into an airplane carrier at less expense and with greater benefit to the United States by reason of the fact that our navy would secure a vessel of 33,000 tons instead of a 27,000 ton airplane carrier, the limit fixed by the Conference of Disarmament for new vessels of that type, and

WHEREAS, The selection of the battle cruiser Saratoga for completion of an airplane carrier by the President and the Navy

Department would give employment to thousands of workmen for two years at the plant of the New York Shipbuilding Company, therefore be it

Resolved by the House of Assembly of the State of New Jersey (the Senate concurring), That the President of the United States, the Navy Department and the Congress of the United States be respectfully requested to select the Saratoga as one of the battle cruisers to be converted into an airplane carrier, and be it further

Resolved, That the Navy Department be urged to finish other naval work on which conditions will permit continuing construction, with the view of providing employment for the unemployed of the State of New Jersey

WHEREAS, The commission appointed pursuant to the terms of the concurrent resolution of the Legislative Session of one thousand nine hundred and twenty-one, above recited, has not completed its labors, and

WHEREAS, It is desirous that the investigations made and being made by the commission be continued, therefore,

Be it resolved by the House of Assembly (the Senate concurring) That the commission appointed pursuant to the terms of such resolution be and the same is hereby continued with the same powers and duties as contained in said concurrent resolution, and such commission shall report its recommendations in the form of a bill to the next session of the Legislature

For the purpose of carrying into effect the terms of this resolution by the employment and reimbursement of the necessary assistants, there is hereby appropriated the sum of three thousand dollars

This concurrent resolution shall take effect immediately

Mr McMillin sent to the desk the following petition, which was read and ordered filed

To the Honorable Members of the State Legislature of New Jersey

WHEREAS, Business education in the public schools of the United States has undergone a tremendous growth in recent years, and is recognized by leaders in the educational and business worlds as of increasing importance, and

WHEREAS, The best business interests of the State of New Jersey are dependent upon the proper training of high school students in commercial work, and

WHEREAS, In the State of New Jersey approximately one-third of the teachers in the high schools and more than one-third of the total students enrolled in high schools are engaged in training for business, and

WHEREAS, These teachers and students are a part of a system in which there is great need for proper supervision, in order to establish and maintain high standards of business training, and

WHEREAS, It is impossible for the Assistant Commissioner of Education in charge of high schools to effect such supervision with the time and force now at his disposal,

Therefore, we, the teachers of the business subjects in the high schools of New Jersey, through our Executive Committee, following the action taken by us at the annual High School Conference at New Brunswick in October, 1921, do hereby petition you

1 To create an office, in and under the jurisdiction of the Assistant Commissioner of Education in charge of high schools, to be known as the State Supervisor of Business Education

2 To make an appropriation sufficient to cover the salary and expenses necessary for such an officer

In witness whereof are affixed the signatures of the association and the members of its Executive Committee

The following communication was read by the Clerk

STATE OF NEW JERSEY,
OFFICE OF THE CUSTODIAN OF THE CAPITOL,
TRENTON N J, March 15th, 1922

To the Speaker and Members of the Assembly

May I inform your Honorably Body that all material, such as bill files and stationery, will be wrapped and shipped to your address on and after Monday, March 20th?

I would also ask that the employees turn in all keys for doors, lockers and desks

Respectfully,

Custodian

On motion of Mr Evans, the communication was received and ordered spread upon the Minutes

On motion of Mr Evans,

Senate Bill No 211, entitled "An act to amend an act entitled 'A supplement to an act entitled "An act to establish a State Highway System and to provide for the improvement, betterment, reconstruction, resurfacing, maintenance, repair and regulation of the use thereof,"'" approved March thirteenth, one thousand nine hundred and seventeen, approved April twelfth, one thousand nine hundred and twenty-one,

With the Governor's objections thereto as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 7th, 1922

Senate Bill No 211 is returned herewith without approval The effect of this measure is to carry Routes Nos 3 and 6 of the State Highway System through the city of Camden to the approach therein of the bridge proposed to be constructed over the Delaware river by the State of Pennsylvania and this State

I am opposed to any extension of the State Highway System at this time To pay for the cost of the System as now planned means the assumption of a very heavy burden and unless we rigidly adhere to the policy of restricting extension of the system, the people of this State will be called upon to shoulder a cost which will be appalling

Respectfully,
EDWARD I EDWARDS,
Governor

By the Governor
J HARRY FOLEY,

Was taken up, and the Speaker put the question, "Shall this bill pass, the objections of the Governor thereto notwithstanding?" which was decided in the affirmative by the following vote

In the affirmative were—

Messrs Applegate, Barkman, Blizzard, Campbell, Champion, Clift, Coles, Coon Dater, De Lorenzo, Evans, Gibbs, Guthrie, Hershfield, Hobart, Kay, Laird, Lambert, McMillin, Menninger, Moore, Owen, Pascoe, Pierson, Powell, Robbins, Roegner, Rowland (Speaker), Sexsmith, Stiles, Stratton, Taylor, Todd, Williams—33

In the negative were—

Messrs Brown, Crawford, Eastmead, Flynn, Gaede, George, Hansen, Lambert, Messano, Moran, Sarokin, Stanton, Welsh—13

Ordered, that the Speaker sign the said bill, and that the Clerk carry it to the Senate and inform the Senate that the House of Assembly has passed the same, the objections of the Governor thereto notwithstanding

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the privilege of the floor be extended to Mrs Robert J Kay, wife of the member from Cape May county and to Master Robert J Kay, Jr, golden-headed little cherub

On motion of Mr Evans,

Senate Bill No 72, entitled "An act to amend an act entitled 'An act to reorganize the Department of Labor, to provide for the execution of its powers and the performance of its duties through departmental bureaus under the supervision and control of the Commissioner of Labor, and as incidental to such reorganization, to provide for the transfer and assignment of officials and employees in the present department, and to extend the term of office of the Commissioner of Labor,'" approved March fourteenth, one thousand nine hundred and sixteen,

With the Governor's objections thereto as follows:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 6th, 1922

I return unapproved Senate Bill No 72 This measure is an amendment of the act creating the Department of Labor

In my judgment this is simply a camouflaged attempt to validate a promotion and increase in salary of the two persons affected, independently of the Civil Service Commission

If the beneficiaries of the act desire a different designation from that now held by them and an increase in their compensation, they should present their cases to the Civil Service Commission

Respectfully,

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
March 15th, 1922

To the General Assembly

Committee Substitute "A", to be known as No 477-A for Assembly Bill No 477, is returned unapproved

This bill is what is known in legislation as a "ripper" bill It ends the terms of office of the present members of the New Jersey Interstate Bridge and Tunnel Commission and substitutes therefor a new personnel The real purpose of the bill is to take from the Governor power of appointing to this commission Its ostensible purpose is to get rid of Mr T A Adams, chairman of the commission, because of certain alleged activities of his which are said to be objectionable

I have examined into such charges and am satisfied that they are without foundation in fact

Were the bill based upon any ground other than partisan reasons, it seems to me the bill would have provided for the reappointment of all the Democratic members of the commission except Mr Adams, and against whom no charge or intimation of any kind was made

The fact is, however, with the exception of one person, the remaining Democratic members of the Board have been dismissed without any reason being given at all No provision is made in the bill for filling of vacancies or for the appointment of successors to those named in the bill I regard the measure as an

invasion of the executive power of appointment, and therefore bad in principle

STATE OF NEW JERSEY,

To the General Assembly March 14th, 1922

Committee Substitute "B," to be known as 477-B for Assembly Bill No 477, is returned unapproved

This bill, while drawn in general terms, is special legislation and violative of the spirit of our Constitution It is not fair or just to Jersey City It provides for the taking from Jersey City of any of its public streets and the giving of them to the Erie Railroad, without the government of Jersey City having anything to say in the matter It makes no provision for compensation to be paid for such streets It is simply another one of the long line of legislative acts by which the whole of the Jersey City water front has been taken from the people and given to the railroads It would be hard to conceive of legislation more violative of the theory of "home rule" or more vicious in principle

the Department of Agriculture and is intended to provide a procedure authorizing the searching of any premises where it is expected there is being violated any of the provisions of the acts which that department is charged with enforcing Jurisdiction is given to District Courts as well as to justices of the peace and police justices to issue search warrants authorizing the searching of any building except dwelling houses and the entering upon any public or private lands I am not in sympathy with the principal of this bill for two reasons, first, the District Courts are courts constituted for the trial of civil causes and the procedure sought here is quasi criminal in its nature Secondly, this measure is a typical illustration of the constant effort of those in power to invade the privacy of the individual

Such a measure is popularly known as a "ripper" act The principle of the bill is bad If there are members in any board of education misconducting themselves in office, there is an appropriate remedy for that However, I cannot accede to the practice of legislating individuals out of office because they or some of them are not acceptable to a new appointing power

A message was received from the Governor, by the hands of his Secretary, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the General Assembly March 14th, 1922

Assembly Bill No 1, I return unapproved Its purpose is to authorize the issuance of bonds of the State in the sum of forty million dollars for the purpose of paying the cost of constructing a State Highway System The bonds are to run for a period not exceeding fifteen years for such portion as may be issued for highways and for a period not exceeding thirty years for such portion as may be issued for reconstruction of bridges

While I recognize that the completion of the State Highway System is a matter of great importance, it seems to me that the

highway program can, nevertheless, be proceeded with to completion without adding forty million dollars to the debt of this State If there is one thing from which the people of this State and of the country generally are suffering, it is taxes Business in this country may be described to be in a convalescent stage, after having gone through a very serious attack The people of New Jersey are more fortunate than the rest of the country, and while prosperity, no doubt, is on its way back, in the vernacular, the people should be given a chance to catch their breath before being asked to assume a forty million dollar debt Were I confronted with choosing between giving up the State highway program altogether or asking the people to shoulder an additional debt of this size, I would unhesitatingly choose the first course, but I do not believe such a choice is involved It is far better to progress with the State highway development more slowly and pay as we go than to load this proposed debt on the State

I might call your attention to the fact that had the Legislature passed either the Blair bill, No 463, or the Gaede bill, No 448, imposing a tax of one per cent per gallon upon gasoline sold for use in motor vehicles, the State would be in receipt of approximately two million dollars a year therefrom Such a revenue would have either obviated the necessity of any bond issue at all or would have materially reduced the amount of such issue I cannot conceive of any justification for the failure to pass either of these bills and forcing upon the people in their place a forty million dollar debt

To the General Assembly March 14th, 1922

I return Assembly Bill No 480 without approval This is one of the bills to which reference is made in the disapproval of

Assembly Bill No 478 I regard this bill as particularly vicious No property right or privilege of any kind seems to be safe against assault by those who feel that in the enforcement of the Eighteenth Amendment lies the panacea for all ills The bill declares that any building or place where the law is habitually violated shall be held to be a nuisance and jurisdiction is conferred upon the criminal courts of this State to abate such nuisances by directing that the building or place where the nuisance was maintained be closed and disused for a period of time not exceeding one year There are many laws which may be habitually violated in buildings, but which have no relation either to the enforcement of the Eighteenth Amendment or to any moral dereliction To punish the owners of property for the habitual violation, "and two instances I think, might be held to be habitual," of such laws, seems to me is clearly an invasion of the constitutional protection against cruel and unusual punishment To illustrate, it is the law of this State that in tenement houses lights shall be kept burning at certain locations between certain hours Is it conceivable that one who violated such law, habitually if you will, should be punished by having this property closed for a year? The fact that the Legislature of New Jersey would enact such a law makes one contemplate what the end is going to be

Assembly Bill No 481 is returned without approval, and is another of the series of bills referred to in the disapproval of Assembly Bill No 478 It confers a right of action to any person who shall be injured in person, property, means of support or otherwise by any intoxicated person The action runs against the one who unlawfully sold or unlawfully assisted in the procuring of intoxicating liquor and who thereby contributed to the

intoxication The right of action is made to survive against the estate of the person who sold or assisted in the procuring of the liquor The measure also marks another substantial departure from the policy of the law of this State in respect of the amount of damages to be awarded in death cases Our theory is to award only such damages as will represent the monetary loss occasioned by reason of the death and under this measure exemplary or punitive damages may be awarded as well

This is about the last word it seems to me that can be said on the subject of prohibition enforcement This bill, when read by one who has regard for the conservativeness and sanity of the jurisprudence and laws of New Jersey must produce a feeling best described as naseau

It seems to me this bill is an unwarranted interference with the freedom of the people It would apply to all of the social clubs throughout the State which lawfully sell liquors containing less than one-half of one per cent of alcohol, and also to such clubs which do not sell liquors, but which maintain pool rooms or billiard parlors I take it that the measure is a part of the general program of those interested in seeing that the Eighteenth Amendment to the Federal Constitution is enforced

It is quite in line with the policy of such organizations, which is that this particular law shall be enforced above all others and regardless of whatever rights of the people may be trampled upon

No discretion is left with the board of freeholders of counties of first and second class as to the number of probation officers which may be appointed or as to the salaries to be paid either to the chief probation officer or the assistant or other probation officers In these counties the judges of the Common Pleas Court are empowered under this measure to appoint as many assistant probation officers as they conclude may be needed, and to fix such salaries for such positions as they may deem wise

The bill is in the nature of mandatory legislation which I am opposed to in principle In my judgment the responsibility for the creation of officers and the fixing of compensation should be left with the body which is responsible for the people

STATE OF NEW JERSEY,

To the House of Assembly March 15th, 1922

Assembly Bill No 351 is returned without approval for these reasons It authorizes the exchange of reciprocal or inter-insurance contracts among individuals, partnerships and corporations Under the measure, operation by reciprocal concerns would be permitted from other States—the office of the attorney or exchange being permitted, under the bill, to be maintained at such place or places as may be designated by the subscribers Considerable inconvenience and confusion may result therefrom in the adjustment of claims arising in this State

I do not believe the measure furnishes sufficient protection to such subscribers as may become interested, inasmuch as the bond which is to be given to protect them may be executed by individual sureties Such sureties at the time of the execution of the instrument may well be worth the sum of the bond, but the subscriber would have no guarantee that such individuals would continue to be financially responsible

My information is that during 1921 many reciprocals operating in Missouri, Texas, Illinois and Indiana were thrown into the hands of receivers, due to inadequate rates charged and mismanagement, with consequent loss to the subscribers I am fearful that the experience of our sister States will be repeated here should this bill become law

UNITED STATES SENATE,
WASHINGTON, D C, March 14th, 1922

Mr Upton S Jefferys, Clerk of House of Assembly, Trenton, N J

DEAR MR JEFFERYS

You will note from enclosed clipping from the Congressional Record that I have presented the copy of the concurrent resolution passed by the New Jersey Legislature to the Senate yesterday

Sincerely,
WALTER E EDGE

(*From the Congressional Record*)

Mr Edge presented a concurrent resolution adopted by the Legislature of New Jersey, which was referred to the Committee on Naval Affairs, as follows

STATE OF NEW JERSEY,
ONE HUNDRED AND FORTY-SIXTH LEGISLATURE

Concurrent resolution passed by the General Assembly March 6th, 1922, and concurred in by the Senate

Whereas the recent conference on disarmament held at the city of Washington, D C, decided that two of the six contemplated battle cruisers being built by the United States could be converted into airplane carriers, and

Whereas one of the said battle cruisers, namely, the *Saratoga*, is now under construction at the plant of the New York Shipbuilding Co, at Camden, N J, and is 35 per cent completed, and can be converted into an airplane carrier at less expense and with greater benefit to the United States, by reason of the fact that our Navy would secure a vessel of 33,000 tons instead of a 27,000-ton airplane carrier, the limit fixed by the conference of disarmament for new vessels of that type, and

Whereas the selection of the battle cruiser *Saratoga* for completion as an airplane carrier by the President and the Navy Department would give employment to thousands of workmen for two years at the plant of the New York Shipbuilding Co

Therefore be it

Resolved by the House of Assembly of the State of New Jersey (*the Senate concurring*), That the President of the United States, the Navy Department, and the Congress of the United

States be respectfully requested to select the *Saratoga* as one of the battle cruisers to be converted into an airplane carrier, and be it further

Resolved, That the Navy Department be urged to finish other naval work on which conditions will permit continuing construction, with the view of providing employment for the unemployed of the State of New Jersey

STATE OF NEW JERSEY,
OFFICE OF THE
CUSTODIAN OF THE CAPITOL,
TRENTON, N J, March 17th, 1922

To the Honorable Speaker and Members of House of Assembly

GENTLEMEN—May I again ask that you turn over to the Custodian, all keys for lockers, wardrobes and desks?

The officers, doorkeepers and pages are also requested to turn in all keys before leaving for their homes

Very truly yours,
JOHN A SMITH,
Custodian

On motion of Mr Evans, the communication was received and ordered spread upon the Minutes

The Clerk read the following communication addressed to the Clerk of the House

THE SECRETARY OF THE NAVY,
WASHINGTON, March 15th, 1922

MY DEAR MR JEFFERYS

Receipt is acknowledged of your letter of March 7th, 1922, enclosing a copy of the concurrent resolution passed by the One Hundred and Forty-sixth Legislature of the State of New Jersey in regard to the conversion of the *Saratoga* into an airplane carrier A similar communication, addressed to the President of the United States, has been referred to this Department

Legislation has been introduced in Congress authorizing the President of the United States to undertake the conversion of the two battle cruisers which, in his judgment, are furthest advanced in construction and which will be the most economical to convert into airplane carriers within the limits of cost heretofore authorized for said battle cruisers Should this, or similar legislation, be enacted by Congress, the Navy Department will use every effort to carry out the wishes of Congress as expeditiously as possible

In regard to the resolution that the Navy Department be urged to finish other Navy work on which conditions will permit continuing construction, work is proceeding at this present time upon every vessel authorized by Congress and for which an appropria-

tion is made, except those specifically designated for scrapping under the Limitation of Armament Treaty

Sincerely yours,

EDWIN DENBY,
Secretary of the Navy

Mr Upton S Jefferys,
Clerk of the House of Assembly,
Trenton, N J

On motion of Mr Evans, the communication was received and ordered spread in full upon the Minutes

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the following correction in the Minutes be made, as they appear on page 291, part 6, printed Minutes Strike out the name of Mr Cleciuch from the list of those reported as voting in the negative on said bill, and insert in lieu thereof the name of Mr Clift

Mr Evans offered the following resolution, which was read and adopted

Resolved, That the following corrections be made in the Minutes

Minutes of Monday, March 6th (part 5, page 133, printed Minutes), on ninth line from bottom of page, change the name "Stanton" to "Stratton"

Minutes of Wednesday, March 1st (part 8, page 606, printed Minutes), at bottom of said page, strike out the title of Assembly Bill No 268, entitled, etc , and insert in lieu thereof the title of Assembly Bill No 168, also make similar change in title of this bill on the next page (page 607)

Page 611, strike out the title of Assembly Bill No 148, entitled, etc , and insert in lieu thereof the title of Assembly Bill No 418, page 656, ninth line, change the number of Assembly Bill No 230 to 239

Mr Evans offered the following resolution, which was read and adopted

Resolved, That with the corrections heretofore ordered, the Minutes, as contained in parts 6, 7 and 8, printed Minutes, be approved

Mr Coles asked unanimous consent of the House to be recorded in the affirmative on Assembly Bills Nos 478, 480 481, and 482 Consent was granted

On motion of Mr Evans,

Senate Bill No 105, entitled "An act to empower the Board of Public Utility Commissioners to require any common carrier by railroad to employ a sufficient number of men in the management of any of its trains and to repeal section three of an act entitled 'An act to empower the Board of Public Utility Commissioners to require any common carrier by railroad to employ a sufficient number of men in the management of any of its trains and to repeal an act entitled "An act to promote the safety of travelers and employees upon railroads by compelling common carriers by railroad to properly man their trains," ' " approved April first, one thousand nine hundred and thirteen, approved March twenty-second, one thousand nine hundred and seventeen,

With the Governor's objections thereto, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 14th, 1922

Senate Bill No 105 is returned unapproved It is popularly known as the Full Crew Repealer The effect of this measure is to shift from the railroad companies operating in this State the burden of applying to the Public Utility Commission for a reduction in the number of a trained crew under chapter 94, P L 1917, and place upon either the Public Utility Commission or others who may be interested in preventing such reduction I take it, it is the purpose of the railroad companies, if this bill becomes law, to reduce the size of train crews Relief, of course, from such action may be obtained under the bill by application to the Utility Commission But it is hardly necessary to point out that the burden of proof will no longer be upon the companies but rather upon the men who have been dismissed Pending the determination of the propriety of the reduction the companies will operate with the reduced number That means, of course, during the period consumed in a hearing before the Public Utility Commission and judicial review of any order made by it

I see no good reason for this change in the law As it now stands, full opportunity is given the railroad companies under section 3 of chapter 94, P L 1917, to apply to the Public Utility Commission for a reduction in the size of any train crew and that is all this bill accomplishes other than to shift the burden of

proof and to place the obligation to initiate the proceeding upon someone other than the companies

Respectfully,

Was taken up, and the Speaker put the question, "Shall this bill pass, the objections of the Governor thereto notwithstanding?"

Which was decided in the affirmative by the following vote

In the affirmative were—

Messrs Alexander, Barkman, Blair, Blizzard, Champion, Clift, Coles, Coon, Corio, Dater, De Lorenzo, Eaton, Elliot, Evans, Gibbs, Hershfield, Hobart, Kay, Littell, McCullough, McMillin, Meloney, Menninger, Moore, Owen, Parker, Pascoe, Pierson, Powell, Robbins, Roegner, Rowland (Speaker), Sexsmith, Stiles, Stratton, Todd, Williams—37

In the negative were—

Messrs Applegate, Brown, Campbell, Cieciuch, Crawford, Eastmead, Gaede, George, Guthrie, Hansen, Laird, Lambert, Messano, Moran, Runyon, Sarokin, Taylor, Welsh—18

Ordered, that the Speaker sign the said bill, and that the Clerk carry it to the Senate and inform the Senate that the House of Assembly has passed the same, the Governor's objections thereto notwithstanding

On motion of Mr Evans,

Senate Substitute for Assembly Joint Resolution No 1, providing for the appointment of a commission of ten members for the purpose of revising the provisions of the Election Law for representation in party organization,

With the Governor's objections thereto, as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 6th, 1922

I return Senate Substitute for Assembly Joint Resolution No 1 without approval for this reason

It seems to me the character, efficiency, regulation and constitution of party organizations may be safely left to such organizations

The appointment of the Commission called for by this resolution will simply mean another waste of money in the printing of a report which nobody will read

With the Governor's objections thereto as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 14th, 1922

Senate Bill No 64 is one of a series of three bills (Nos 64, 65 and 66) intended to abolish boards of managers of various county institutions in counties of first class in this State, and to restore to the board of freeholders of such counties complete control over these institutions I am informed that the board of freeholders of Essex county is not in agreement with the boards of managers of institutions located there These measures, of which Senate Bill No 64 is one, constitute legislation which I think is wrong in principle, being of a "ripper" character, and for which reason I have vetoed other measures at this session For that reason I have withheld my approval of this bill

With the Governor's objections thereto as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 14th, 1922

Senate Joint Resolution No 2 is returned unapproved for these reasons It accepts the provisions of the Act of Congress familiarly known as the Sheppard-Towner act Mature consideration has led me to the conclusion that this State should not take such course I regard the Sheppard-Towner act as paternalistic and as another evidence of the rapidly developing tendency of the Federal Government to encroach upon the police powers of the States

The care and welfare of mothers and children is a State problem to be dealt with by the State, and as one who believes in preservation of the rights of the sovereign States as distinguished from centralized government, I feel that every measure which tends to weaken or destroy that distinction should be defeated

With the Governor's objections thereto as follows

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
To the Senate March 14th, 1922

Committee Substitute for Senate Bill No 147 is returned without approval This measure amounts to a practical revision of the act passed last year creating the State Police and authorizes a considerable increase in the size of the force If enacted,

it will mean an additional expenditure of about $100,000, I am informed Aside from any question of principle involved in the creation of the State Police, it is my judgment that the Department should continue for a considerable longer period than one year before any attempt is made to substantially increase it It is still in the experimental stage and it may be found later that it can furnish all required service with its present force

IRELAND

Here's to the land of the Shamrock,
The land of the Irish Coleen,
The land of the Irish Patriot,
Who loves every inch of her green

The land that gave us Killarney,
And the sweet River Shannon, too,
To-day we send you a greeting,
From the land of the Red, White and Blue

Disposition of Bills, Joint and Concurrent Resolutions Introduced During the One Hundred and Forty-sixth Session of the New Jersey Legislature.

Convened Tuesday, January 10th, 1922, Adjourned, Friday, March 17th, 1922. Duration, ten weeks.

The official record shows a total of 756 bills, 11 joint and 7 concurrent resolutions introduced, of which 256 bills, 4 joint resolutions and 1 concurrent resolution originated in the Senate, and 500 bills, 7 joint and 6 concurrent resolutions in the House of Assembly Two of the Assembly bills developed an abnormal growth in committee, and were reported in duplicate, designated A and B, and covering different but kindred subjects In that form they passed both houses, were vetoed, passed again, and the two original bills make four laws of the session of 1922

Only 286 bills and 6 joint resolutions of the total introduced passed both houses and reached the Governor, 58 of the total arriving during the first eight weeks of the session and 234 on the last day of the ninth week, when a recess was taken until the following week Of the total the Governor approved 251, vetoed 34, and filed 1 without approval, which the House had intended to recall This bill is repealed by a subsequent act filed a few days later

Of the 34 bills vetoed by the Governor, 27 were repassed, making the total volume of laws 279 In addition, the Governor approved 4 of the joint resolutions received and vetoed 2 others, which were passed over the veto, making the total joint resolutions 6

Eight of the bills vetoed originated in the Senate, where 1 veto was sustained, and 26 in the House, where 6 were sustained Of the bills which eventually became law, 103 originated in the Senate and 156 in the House The only concurrent resolution which reached final passage originated in the Senate The concurrent resolution of 1921 proposing a constitutional amendment making the terms of sheriffs five years was not readopted, and no amendments will be proposed for at least two years
