OFFICE OF CABLE TELEVISION

Cable Facts **1989**

Welcome to the 1989 Cable Facts! Cable Facts provides its readers with basic information and data about the forty-eight cable television systems operating in the State of New Jersey. The 1989 Cable Facts retains all of the features associated with past issues including basic subscriber totals, growth in the industry, CATV construction, and pay cable. This year we've added one section to Cable Facts listing the primary basic rates for each cable operator and their various subdivisions. We think the new section enhances the document and will assist our readers in getting to know more about New Jersey's cable television operators. Anyone having comments, questions, or interest in obtaining additional copies of the 1989 Cable Facts, should telephone the Office of Cable Television at (201)-648-2670.
