DRPA & Philadelphia Police Team Up for Applied Improv Training to Enhance Crisis Intervention Efforts

Last month, DRPA partnered with the Philadelphia Police Department to deliver applied improv training to PPD’s Crisis Intervention Response Team (CRIT). This special unit pairs clinicians and officers to respond to individuals suffering from a mental health crisis. After hearing about the applied improv training DRPA Police received last year, the CIRT team requested a similar day of team-building activities and challenges. DRPA **Lieutenant John Santry** and **Sergeant Pat Dolly** travelled to Philadelphia to introduce Leadership Development & Organizational Change Agent **Nick Gillette** to their colleagues across the river. Afterwards, CIRT team coordinator Danielle Nyitray said, “We learned so much and enjoyed the time we had together. The things we learned will be immediately used in our work, and the individuals we encounter will be better for it.” Both DRPA and PPD are committed to ongoing interagency skill exchanges, with our officers continuing their participation in crisis intervention training in Philadelphia.

DRPA’s Nick Gillette recently led Philadelphia police officers in improv exercises aimed at enhancing crisis intervention efforts.

OBD&EO Hosts Doing Business with the DRPA – A.C.E Series Part Two

The Office of Business Development & Equal Opportunity (OBD&EO) is continuing to host in-person outreach events. On June 27, 2024, OBD&EO hosted part two of our four-part series entitled, *Business Development – Building Your Brand for Success*.

The agenda for the event included two presentations. Lauren Herman, Associate Vice President & Regional

Marketing Manager from Johnson, Mirmiran & Thompson, Inc. (JMT), presented to attendees on marketing and developing business relationships. Ellen Neylan, Founder & Owner of Surety Bond Associates, presented on communications and how to make an effective capabilities statement. Key takeaways from the presentations included specific information on developing an effective ‘elevator pitch’, and ensuring first impressions are excellent. For example, attendees were advised to keep their websites up to date and always show relevant information and have a live person answering phone calls.

Feedback for the event was exceptional. In response to a survey question asking what they liked most about the event, one attendee replied, “The openness and encouragement of the DRPA to provide opportunities to all.”

Quentin Burdette, OBD&EO’s Summer Intern, assisted with the event and moderated the Q&A session. Promatech, a certified W/S/DBE firm supported OBD&EO’s planning efforts and secured presenters.

Ben Franklin Bridge Unveils Patriotic Lighting to Celebrate Independence Day Weekend

The DRPA unveiled new decorative lighting on the south side of the Ben Franklin Bridge just in time for this year’s Independence Day celebrations. The state-of-the-art lighting system illuminated the Camden Waterfront with a patriotic-themed light show, enhancing the “Celebrate Independence Day at the Freedom Festival” held on July 3rd.

The new system showcases a variety of stunning displays, including a specially crafted patriotic sequence. To celebrate the July 4th holiday, the patriotic light show illuminated the bridge from Wednesday, July 3rd, through Saturday, July 6th, at 9 p.m., 10 p.m., and 11 p.m. each night.

The Benjamin Franklin Bridge has been an iconic nighttime image along the Philadelphia and Camden waterfronts for decades. Initially adorned with halide spotlights in 1987 and upgraded with dynamic colored LED lights in 2000, the bridge’s recent \$216.9 million rehabilitation project further enhanced the bridge’s lighting with a new energy-efficient LED system, marking a significant advancement in both sustainability and visual impact.

Pull Together & Make a Difference Campaign

It has been a year since the inception of our Pull Together & Make a Difference Campaign. In the first year, we collected a total of 40,868 pull tabs to offset the cost to house the families of hospitalized children

at the Ronald McDonald House of Southern New Jersey, right here in Camden.

The DRPA Customer Service Department is grateful to all who have contributed to this campaign, and we look forward to increasing our donations in the years to come.

Special Ben Franklin Bridge Lightings

As part of our community stewardship with regional tri-state nonprofits (PA, NJ, & DE), we are pleased to provide special lighting on the Benjamin Franklin Bridge for the following occasions from July 1-31, 2024.

- **External Lightings:**
 - July 4: Independence Day - Red, White, & Blue)
- **Internal Lightings:**
 - July 23: National Multiple Sclerosis Society - Orange

Report of the Chief Financial Officer

Jul 11th, 2024

Board of Commissioners
 Delaware River Port Authority of Pennsylvania and New Jersey

Re: **FINANCIAL SUMMARY**

To the Commissioners:

The following descriptive financial summary is primarily based on the unaudited financial summary, dated July 9th.

Current Trends

- DRPA YTD unaudited traffic for June 2024 – YTD traffic was **higher by 211.5 thousand or by 0.9%** vehicles vs. 2023. Compared to YTD Jun 2019 (pre-COVID level) traffic **decreased by 1.7 million, a 6.7%** decline. Jun YTD Truck traffic is at 98.6% of what it was in 2019. The month of May's unaudited Traffic figures were the highest since August of 2023.

Thus far in the month of July 2024, unaudited traffic is 5.2% higher than the same period in 2023 and 5.9% less than the same period in 2019 (pre-COVID).

- PATCO YTD unaudited ridership for June 2024 – YTD ridership was **higher by 75.9 thousand passengers or by 2.8%** vs. YTD June 2023. Compared to June YTD 2019 (pre-COVID level) ridership **is 50.5%**.

Thus far, for the month of July, ridership is around 47% levels of 2019 (pre-Covid levels).

- General Fund (GF) balances totaled approximately \$207.5 million as of June 30st, 2024, a **decrease of \$8.2 million** during the month. The decrease was primarily driven by \$13.6 million in capital spending and around \$4.6 million in PATCO subsidy, which offset the General Fund deposit of \$8.5 million and \$4.7 million of FTA payments during the month.

DRPA Traffic and Toll Revenues – 2022-24 Activity

2022 Summary

Full year 2022 traffic totaled 48.1 million vs. 46.6 million vehicles in 2021, which represents an **increase of 1.5 million vehicles or of 3.2%**. Toll revenues for 2022 were \$311.1 million vs. \$302.9 million in 2021, or an **increase of \$8.2 million or 2.7%**. The average toll decreased from \$6.49/per vehicle in 2021 to \$6.46/vehicle in 2022, due to the increase in non-commercial (i.e., passenger vehicle) traffic during the past year. 2022 audited traffic, when compared against 2019 figures, reflects **5.0 million fewer** vehicles, resulting in **reduced revenues of \$21.0 million**.

2023 Summary

Full year 2023 traffic totaled 49.5 million vehicles vs. 48.1 million vehicles in 2022, which represents an **increase of 1.4 million or 2.9%**. Toll revenues for the same period in 2023 were \$317.3 million vs. \$311.1 million, an **increase of \$6.2 million or 2.0%**. The average toll **decreased** from \$6.46/per vehicle in 2022 to \$6.41 vehicle due to the increase in non-commercial traffic (i.e., passenger vehicles), during the past 12 months. Compared against 2019 figures, reflects **3.6 million fewer** vehicles, resulting in **reduced revenues of \$14.8 million**.

April 2024 YTD Audited Traffic/Toll Revenues

DRPA traffic totaled 15.7 million vehicles, an **increase of 0.7% or by 109.4 thousand** vehicles vs. April YTD 2023. Toll revenues for the same period in 2024 were \$101.7 million, an **increase of \$1.0 million or 1.0%** versus 2023. The average toll **increased** from \$6.45/per vehicle in 2023 to \$6.47 vehicle due to the increase in commercial traffic (i.e., trucks). Revenue from Extra day (Leap Year) in February did offset January's adverse variance that related to inclement weather (snow and flooding) in 2024 vs. 2023.

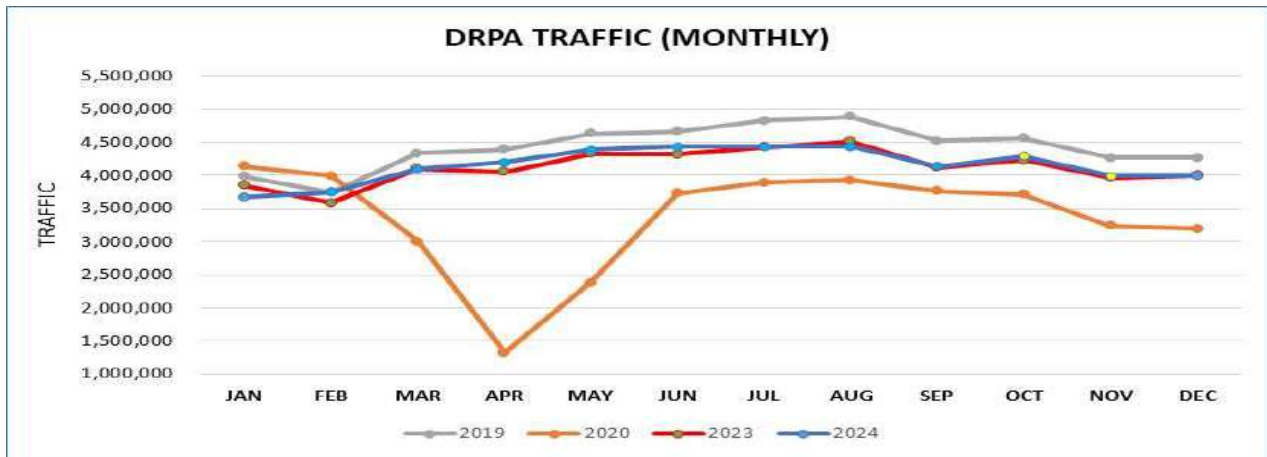

April 2024 YTD Audited Traffic/Toll Revenues vs. Budget

DRPA traffic was approximately **466.0 thousand vehicles above (up 3.1%)** budgeted traffic and toll revenues of \$101.75 million were **\$4.2 million above budget (up 4.4%)**. The positive variance was primarily driven by the higher average toll of \$6.47/vehicle versus an average of \$6.39/vehicle originally budgeted.

April YTD traffic and toll revenues are still 0.7 million vehicles and \$1.9 million or 1.9% lower than totals achieved in 2019.

Overall Traffic and Revenue for the years 2019,2020,2023 and 2024

The charts below represent actual figures for 2019, 2020 and 2023. For 2024 it represents audited actual figures for April YTD and forecasted figures from May – December. We anticipate 2024 traffic and revenue to be same levels as 2023, current trends of revenue and traffic is trending around 100.7 % to 2023 and between 94%-95% to 2019 (pre-COVID).

The traffic began to recover significantly in May and July 2020, and then trended downwards towards the end of 2020. In 2021, traffic volume showed a continued upward climb and reached, and at times exceeded, the 90% level vs. pre-pandemic 2019 volumes. 2022 traffic figures hovered around the 88-91% pre-COVID level. 2023 audited traffic, which had increased to 95% of pre-COVID volumes through March 2023, dropped closer to average in the 91-94% range in the April through December timeframe.

Monthly toll revenues are following the same trends as Traffic.

2020-2023 revenues:

As bridge traffic volume has increased since the lowest levels of the pandemic, so have DRPA toll revenues. Actual annual bridge tolls were **down \$64.0 million** in 2020 vs. 2019 toll revenues.

2021 bridge toll revenues increased \$34.8 million vs. 2020, but still were **\$29.0 million under 2019** toll revenue numbers.

2022 toll revenues increased to \$311.1 million, a year-to-year increase of \$8.2 million, but the 2022 total toll revenues **still were \$21.0 million less than 2019 totals.**

2023 toll revenues increased to \$317.3, a year-to-year increase of \$6.2 million, but the 2023 total toll revenues **still were \$14.80 million less than 2019 totals.**

Compared to 2019 pre-COVID levels, ridership and net passenger revenues were lower by **2.3 million riders and \$5.8 million** respectively.

Actual Ridership and Passenger Fare Revenue vs. Budget thru May1 2024

PATCO ridership is favorable **by 25.6k passengers or 1.1%** higher than Budget, and net passenger revenues of \$5.5 million are favorable **by \$38.4 thousand or by 0.7%** against budget.

Overall Ridership and Revenue for the years 2019,2020,2023 and 2024

As shown above, PATCO ridership, like bridge traffic, took a precipitous dive in mid-March 2020. In the fall and winter of 2020, ridership fluctuated between 22-24% of 2019 levels. Thus far in 2024, ridership has been “settling” at the 47-55% level vs. 2019 numbers.

Monthly net passenger fare revenues are following the same trends as PATCO Ridership.

The chart below shows the actual ridership trends compared to 2019.

DRPA and PATCO YTD Operating Budget vs. Actuals

The combined April YTD unaudited expenses for DRPA and PATCO totaled \$54.5 million against YTD budget of \$61.2 million, resulting in an \$6.6 million, or a 10.9% under-budget. Personnel expenses (salary, benefits, pension, etc.) were \$3.7 million or 8.6% under budget. Remainder of the under-budget saving of \$2.9 million relate to Operations and General administrative expenses is timing related, as some of the large contracts were not executed till later part of first quarter 2024 and the cost related to these contracts will be incurred in 2nd or 3rd quarter.

The authority's expenses for the year are under budget, continuing the streak of a positive variance over the past twenty plus years, resulting from the continued cost-constraints that both DRPA and PATCO have placed on spending.

2024 Capital Plan Funding (General Fund)

During June 2024, the GF balance **decreased by \$8.2 million** to \$207.5 million. The decrease was primarily attributable to \$13.6 million in capital spending and around \$4.6 million in PATCO subsidy payment, which offset the General Fund deposit of \$8.5 million.

2021: As of December 31, 2021, the General Fund (GF) balances totaled approx. \$299.8 million. Combined project fund and GF balances **decreased by approx. \$130.1 million** during the year. No bond project funds remain. (Audited capital expenditures totaled almost \$191 million during 2021)

In the past two years robust capital expenditures and funding the PATCO subsidy have contributed to a **\$254 million reduction** in bond project and GF balances.

2022: As of December 31, 2022, the General Fund totaled approx. \$270.6 million, which reflected a **\$29.2 million (or a 9.7%) decrease** during the year.

2023: As of December 31, 2023, the General Fund totaled approx. \$242.0 million, which reflected a **\$28.6 million (or a 10.6%) decrease** during the year.

General Fund/Project Fund Historical View

	DEC 2017	DEC 2018	DEC 2019	DEC 2020	DEC 2021	DEC 2022	Dec 2023	Jun 2024	CHANGE FROM PREVIOUS MONTH

CHANGE FROM PRIOR YEAR		(\$49.4)	\$3.9	(\$124.6)	(\$130.1)	(\$29.2)	(\$28.6)	(\$34.5)	

The chart above shows a **decrease** in the General Fund and bond project fund monies available over time. In 2018, the GF exceeded \$600 million, just prior to the use of \$282 million to defease the 2010 Bonds, and the issuance of \$290 million in new bond project funds. Beginning in 2019, “long-lived” capital projects were primarily funded through our bond project funds, until the funds were exhausted in 2021. Since that time, capital expenditures have been funded by GF monies.

Bond Compliance and Bond-Related Transactions

The Authority intends to refund all, or a portion of, the remaining outstanding 2013 revenue bonds (\$243.9 million) if conditions are favorable over the next few months. A bond team is to be assembled to execute this transaction. Almost fifteen (15) of the underwriters in the “underwriter pool” responded to the RFI. Final responses were due on March 22nd. We are in the process of reviewing these submissions and after the evaluation committee has finalized rankings of all respondents, these rankings will be submitted to the CEO for review and discussion with the Chair and Vice Chair.

Respectfully submitted,

SUMMARY STATEMENT

ITEM NO.: DRPA-24-069

SUBJECT: Security Sensor System for PATCO
Lindenwold Maintenance Facility and
Train Car Storage Yard

COMMITTEE: Operations and Maintenance

COMMITTEE MEETING DATE: July 9, 2024

BOARD ACTION DATE: July 17, 2024

PROPOSAL: That the DRPA Board of Commissioners authorize staff to enter into a Pennsylvania COSTARS agreement with Schneider Electric for an amount not to exceed \$170,000 to purchase, install, and integrate a security sensor system at the PATCO Lindenwold Maintenance Facility and Train Car Storage Yard to alert DRPA/PATCO Police when there is an intrusion into the facility. Schneider will integrate the sensors into the DRPA unified security platform.

PURPOSE: The purpose of this project is to harden this remote area of PATCO property which houses the maintenance shops and related activities as well as the primary train car storage area. This facility is susceptible to unlawful intrusions. The remedy applied is a state-of-the-art security sensor system able to detect intrusion to within a meter of a perimeter breach.

BACKGROUND: PATCO has multiple remote areas throughout the 14.3 mile transit line. The DRPA/PATCO is continually advancing facility hardening and routinely evaluates technological security upgrades for effectiveness, appropriateness, and cost efficiency. To that end, the sensor upgrade which is the subject of this resolution has met those criteria and maximizes the security of our PATCO transit system. The sensors will integrate with the DRPA Authority unified security platform. An intrusion will trigger a camera engagement to record a breach in real time, and simultaneously notify Police Communications (24/7 Dispatch) of the breach to initiate a police response.

Additionally, this technology is transferable to critical locations on our other facilities and may be used when that infrastructure is upgraded and development of a repair procedure to reinforce the trucks is time sensitive.

BOARD ACTION DATE: July 17, 2024

PROPOSAL: That the Board authorizes staff to negotiate a purchase contract with Intercon Truck Equipment, Inc. 142A Conchester Highway, Aston, PA 19014 for the purchase of (2) Two Dump Truck Upfitting Packages in the amount of \$123,549.90.

PURPOSE: To provide necessary equipment such as Dump Bodies, hydraulic components and snowplows to complete upfits of two (2) Heavy Duty Cab and Chassis Trucks which are used to maintain facility roadways and provide safe passage during the winter season in addition to transporting personnel and equipment from facility to facility.

CALL TO ORDER

Committee Chair Nash called the meeting of the Finance Committee of the Delaware River Port Authority to order at 9:00 a.m. and asked the Corporate Secretary to call the roll.

ROLL CALL

The following were present, constituting a quorum: Committee Chair Nash, Board Chairman Schultz, Vice Chair Garrity and Commissioners Schwab, Fentress, Sweeney, Ghormoz, Nelson, and Ross.

OPEN SESSION

Board Chairman Schultz addressed the committee and staff. He stated that this was an important meeting and that decisions about tolls need to be done through the lens of fiscal responsibility and safety. He said that the vote about tolls impact two key factors: safety and the need for more police; and, maintaining the infrastructure of our aging bridges.

Committee Chairman Nash stated that there were three (3) items for Open Session, the Financial Update and two (2) Summary Statements and Resolutions.

1) Financial Update

Chief Financial Officer Sahi provided the Financial Update. Chief Financial Officer Sahi highlighted several areas from the DRPA/PATCO Unaudited Financial Summary. He discussed DRPA bridge traffic and toll revenue, PATCO ridership volume and revenue, the DRPA and PATCO year-to-date budgets, and operating expenses. Vice Chairman Nash noted that DRPA debt service is reduced, revenue from PATCO and the bridges is up, expenses are under budget and the DRPA subsidy to PATCO is now below budget.

2) DRPA-24-071 Reducing the Existing CPI-based Toll Schedule and Adopting a New Toll Schedule

Chief Executive Officer Hanson first provided some background on the DRPA's toll schedule since 2007 when the Board adopted a CPI-based toll increase. He explained that the Board has postponed enacting the toll increases since 2011 and that, if we used the CPI from 2011 to today, it would amount to a 35% toll increase, whereas DRPA desires only a 20% increase. CEO Hanson then presented the Summary Statement and Resolution seeking approval of the Board to: (i) reduce the existing CPI-based toll schedule to reduce the amount authorized to be charged for tolls thereunder; (ii) adopt the attached Toll Schedule to reflect such reduction; and (iii) authorize and direct Authority Staff to take all necessary actions to implement the new Toll Schedule as soon as practicable.

Committee Vice Chairwoman Garrity offered comment on the issue. She noted that the proposed Resolution only provided the option for a one-time 20% increase; she discussed DRPA's PATCO subsidy; she agreed that public safety and hiring more police officers was a top priority; she inquired why customers seeking to take advantage of DRPA toll discount programs could only do so through NJ EZPass. CEO Hanson responded to Treasurer Garrity's items, and Committee Chairman Nash also offered responsive comments.

Committee Chairman Nash requested a motion to approve Resolution DRPA-24-071. Commissioner Fentress moved to forward the Resolution to the Board for consideration and Commissioner Schwab seconded the motion. Committee Vice Chairwoman Garrity stated she will abstain from voting at this time until she received additional information relating to the matters she discussed. There was additional brief discussion on whether a lower, phased-in toll increase would require the postponement of capital projects and the impact such a strategy would have on long term projects, funding and the costs of capital. There were no other questions or comments. All other Commissioners in attendance voted to approve the motion.

3) PATCO-24-015 Out-of-Home Advertising Services

PATCO General Manager Rink presented the Summary Statement and Resolution seeking authorization for staff to negotiate a five- (5) year contract with Intersection to provide out-of-home advertising services for PATCO stations, PATCO facilities, PATCO parking lots, train cars, and PATCO rights of way. Intersection has proposed that DRPA/PATCO will receive a contingent fee of sixty (60%) percent of Net Revenue earned over the five-year term. In response to a question from Committee Vice Chairwoman Garrity, PATCO General Manager Rink explained what the out-of-home advertising services entailed. Commissioner Fentress moved to forward the Resolution to the Board for consideration and Commissioner Sweeney seconded the motion. All Commissioners in attendance voted to approve the motion.

ADJOURNMENT

With no further business for the Committee, Commissioner Fentress moved to adjourn the meeting. Commissioner Sweeney seconded the motion. The meeting adjourned at 9:41 a.m.

SUMMARY STATEMENT

ITEM NO.: DRPA-24-071

SUBJECT: Reducing the Existing CPI-based Toll Schedule and Adopting a New Toll Schedule

COMMITTEE: Finance

COMMITTEE MEETING DATE: July 10 2024

BOARD ACTION DATE: July 17, 2024

PROPOSAL: That the Delaware River Port Authority (“DRPA” or “Authority”) Board of Commissioners (“Board”) (i) reduces the existing CPI-based toll schedule to reduce the amount authorized to be charged for tolls thereunder; (ii) adopts the attached Toll Schedule to reflect such reduction; and, (iii) authorizes and directs Authority Staff to take all necessary actions to implement the new Toll Schedule as soon as practicable.

PURPOSE: To reduce the existing CPI-based toll schedule and to adopt the attached new Toll Schedule.

BACKGROUND: At its August 20, 2008 Board Meeting, the Board approved a revised Toll Schedule that included a number of revisions, including, among other things, a scheduled biennial toll increase based upon certain increases in the Consumer Price Index for the Philadelphia region (“CPI”) to commence on January 1, 2013, and biennially thereafter. Subsequent to the January 1, 2013 commencement date, and for each of the biennial years thereafter, a calculated CPI-based toll increase has been deferred by the Board, the last being a deferral of the CPI-based increase to August 1, 2024. The Finance Committee has determined that increases in the CPI for the biennial calculation period ended September 30, 2023, would result in an increase in the Toll Schedule of approximately 30% per classification as such increase would be the first Authority bridge toll increase since July 1, 2011.

DRPA-24-071
Finance Committee: July 10, 2024
Board Date: July 17, 2024
Reducing the Existing CPI-based
Toll Schedule and Adopting a
New Toll Schedule

In consideration of the burden that an approximately 30% increase in Tolls might impose upon the commuting public, the Authority has determined to reduce the existing CPI-based toll schedule and to adopt the attached Toll Schedule, which reflects a per classification increase of 20% (with each classification rounded up to the nearest \$.25). The Authority has further determined that the reduced CPI-based toll adjustment and new Toll Schedule will provide the Authority with the necessary financial and economic resources to adequately fund its long-range capital program and ongoing operations and will satisfy the requirements of the Authority's bond covenants contained in its revenue bond indenture.

Background:

The U.S. Equal Employment Opportunity Commission (EEOC) is responsible for enforcing federal laws that make it illegal to discriminate against a job applicant or an employee because of the person's race, color, religion, sex (including pregnancy, childbirth, or related conditions, gender identity, and sexual orientation), national origin, age (40 or older), disability or genetic information. The EEOC is responsible for promulgating the regulations that employers are expected to follow to ensure a workplace free from harassment and discrimination.

Justification for Proprietary/ Sole Source:

The EEOC is the subject-matter expert in the field of EEO laws. Any outside vendor who would deliver EEO training for the Authority would rely upon the legal interpretation provided by the EEOC, and would offer guidance to employers and employees based upon that which has been provided by the EEOC. The EEOC has agreed to provide on-site EEO training to all Authority employees, including all shifts. The cost for the training and related expenses is quoted at an estimated amount of \$39,691. The proposal and tentative training schedule are attached.

Cost:

The quote received estimates the cost of training and related expenses to be \$39,691. However, in light of the fact that certain expenses (e.g., cost of gas) may increase between now and October, the start of training, we request approval for an amount not to exceed \$43,700, which is approximately 10% of the estimated contract amount.

SUMMARY STATEMENT

ITEM NO.:	DRPA-24-073
SUBJECT:	Evaluation of PATCO Operations Focused on Subsidy Management
COMMITTEE:	New Business
COMMITTEE MEETING DATE:	N/A
BOARD ACTION DATE:	July 17, 2024

PROPOSAL: That the Board of Commissioners in collaboration with DRPA and PATCO staff undertake an evaluation of PATCO operations to identify opportunities to enhance public safety and cleanliness, improve fiscal stability and operating/fiscal efficiencies as a means to increase ridership and improve subsidy management.

PURPOSE: To evaluate ways that DRPA can improve safety, efficiency, cleanliness, fiscal stability, ridership, and subsidy management processes.

BACKGROUND: While DRPA has seen a strong recovery in bridge traffic and revenues since the pandemic, PATCO ridership and revenue continues to hover around 50% of 2019 numbers.

As a result of this reduction in PATCO ridership and revenue, the amount of the DRPA subsidy required to meet the operating needs of PATCO has increased substantially, to approximately 75% in 2023 from an average of 45%, historically, prior to the pandemic.

In 2023, PATCO net passenger revenue totals were \$12.9 million and PATCO ridership totaled 5.5 million riders. A consequence of the COVID-19 pandemic, these numbers reflect a significant decrease, historically. Through year-end 2023, although both ridership and net passenger revenues have increased by approximately 12% over 2022 figures, 2023 YTD ridership and net passenger revenues were still 5.7 million riders and \$14.4 million below 2019 pre-COVID levels.

Until 2020, PATCO moved 38,500 passengers each workday, or an estimated 11.1 million during 2019; people who are vital to the success of the region's economy. (Note that PATCO experienced its highest net passenger revenue totals in 2019 (\$27.2 million) and saw its passenger ridership reach a 25-year high, largely fueled by ridership on the weekends.)

In view of these circumstances, the Board has directed DRPA and PATCO staff to evaluate actions that can be taken to better manage the PATCO subsidy and increase ridership by enhancing public safety and cleanliness, improving fiscal stability and operating efficiency.

PORT AUTHORITY TRANSIT CORPORATION
(A Wholly Owned Subsidiary of the Delaware River Port Authority)
April 30, 2024

NOTES TO FINANCIAL STATEMENTS

1. Investments:

The Corporation has set aside \$3,041,664 to partially fund its liability for self-insurance with the following limits:

- (a) Totally self-insured for Voluntary Workers Compensation.
- (b) Comprehensive General Liability from the first dollar to \$5,000,000 per occurrence.

2. Rent of transit system facilities:

All rapid transit system facilities used by the Corporation are leased from the Delaware River Port Authority, under terms of an agreement dated April 18, 1969 and amended June 3, 1974. The lease requires the Corporation to operate and maintain the Locust-Lindenwold line.

The terms of the amended agreement, which was made retroactive to January 1, 1974, and which is to continue from year to year, provide that the Corporation pay a minimum annual rental of \$6,122,000, which approximates the sum of the annual interest expense to the Delaware River Port Authority for that portion of its indebtedness attributable to the construction and equipping of the leased facilities plus the provision for depreciation of the rapid transit facilities as recorded by the Authority. In addition, the lease requires the Corporation to pay to the Authority any net earnings from operations for the Locust-Lindenwold line less a reasonable amount to be retained for working capital and operating reserves.

The rent is payable semi-annually on June 30 and December 31. The Corporation is in default of this agreement as payments totaling \$307,990,668 from January 1, 1974 through April 30, 2024 have not been made to the Authority.

3. Reserves for Contingent Liabilities:

Pursuant to a policy of self-insurance, the Corporation has reserved \$ 2,014,040 for Comprehensive General Liability and \$3,692,611 for Workers' Compensation.

4. Other Post-Employment Benefits:

The Government Accounting Standards Board (GASB) has issued Statement No. 45, "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions (OPEB)," which addresses the accountability and disclosure of the costs and obligations, that are associated with post-employment health care and other non-pension benefits to current and future retirees, by governmental entities. Pursuant to this requirement, the Corporation adopted its reporting requirements during the 2007 fiscal year. The OPEB accrual, in recognition of the costs and obligations associated with post-employment health care, represents an actuarial determined amount upon an unfunded assumption under a 30-year amortization period at a discount rate of 5%.

5. Deferred Revenue:

Deferred revenue consists of the prepayment of fares related to the unearned values on passengers' smart cards for unused trips.

COMMITTEE: Finance

COMMITTEE MEETING DATE: July 10, 2024

BOARD ACTION DATE: July 17, 2024

PROPOSAL: That the Board authorizes staff to negotiate a contract with Intersection to provide out-of-home advertising services for PATCO stations, PATCO facilities, PATCO parking lots, train cars, and PATCO rights of way.

Intersection has proposed that DRPA/PATCO will receive a contingent fee of sixty (60%) percent of Net Revenue earned over the five-year term.

Firm: Intersection
10 Hudson Yards
New York, NY 10001

Other Proposers: None

PURPOSE: To have a qualified firm create and manage a revenue generating out-of-home advertising program on and in PATCO stations, PATCO facilities, PATCO parking lots, train cars, and PATCO rights of way.

BACKGROUND: PATCO is looking for an experienced out-of-home advertising firm to develop and maintain the advertising franchise of PATCO through a directed sales effort that maximizes revenue from national, regional and local sources. Additionally, PATCO seeks to improve the quality and variety of its offering of advertising products and services so that advertisers can make more effective use of PATCO's facilities.

A Request for Proposal was posted on DRPA's website on April 1, 2024. Ten (10) firms were invited to participate, and seven (7) firms attended the pre-bid meeting. One (1) proposal was received. A review team consisting of PATCO staff reviewed the proposal and evaluated it based on technical and revenue merit. The entire RFP process was overseen by the Contract Administration Department.

Based upon the review team's evaluation of the proposal, staff recommends that a contract be executed with Intersection to provide out-of-home advertising services. Intersection has been providing out-of-home advertising services to PATCO since 2008.
