(a) Special cases shall be referred to the Commission for its review and consideration. Special cases shall include, but are not limited to, the following:

1. In special cases in which a family has more than one child, with a catastrophic illness (as defined by expenses in excess of the 15 percent of the first \$100,000 of annual income of a family plus 20 percent of the excess income over \$100,000 threshold for each child), consideration shall be given to waiving the family responsibility as outlined in N.J.A.C. 10:155-1.2 for the other child/children given that the family would have already met the family responsibility for the first child.

2. The Commission shall consider writing a nonbinding letter of conditional acceptance for assistance in the next year, with the intent that such a letter would offer some measure of assurance to the child's health provider/vendor, and thus facilitate the child's access to needed services, in special hardship cases in which:

- i. A child is eligible for the Fund in one year; and
- ii. Is projected to be eligible for the Fund in the next year; and
- iii. The family's ability to pay for the child's medical care in the next year is questionable; and
- iv. This inability to pay will jeopardize the child's access to needed care.

3. For special hardship cases that come before the Commission during a batch cycle, after the standard disbursement guidelines have been applied to each case in the batch and sufficient monies remain in the Fund, consideration shall be given to waiving the standard disbursement guidelines (that is, the family responsibility and the cap as outlined in N.J.A.C. 10:155-1.2 and 1.7).

10:155-1.19 Confidentiality of information

Information received pursuant to the duties required by the Act shall not be disclosed publicly in such a manner as to identify individuals unless special circumstances require such disclosure and the proper notice is served and parent or legal guardian's consent is given, as may be necessary for pending legal proceedings.

10:155-1.20 Recovery of Commission expenses

(a) If a family receives assistance from the Fund for a child, in accordance with this chapter, and subsequently recovers damages or a financial award for the child's medical expenses, pursuant to a settlement or judgment in a legal action, the family shall reimburse the Fund for either:

1. The amount of assistance received from the Fund; or
2. The portion of assistance received for the injury, illness or condition covered by the damage or judgment, less the family's expenses of recovery.

(b) The Commission may negotiate or settle the recovery of such claims, for cause presented by the family to the Commission.
