Each of the two surfaces of a gaming chip across which the diameter of the chip can be measured shall be known as a "face." The surface of a gaming chip across which its thickness can be measured in a perpendicular line from one face to the other shall be known as its "edge."

(b) No gaming chip shall be issued by a casino licensee or utilized in a casino or casino simulcasting facility unless and until:

1. The design specifications of the proposed gaming chip are, prior to the manufacture of the gaming chip, submitted to and approved by the Commission, which submission shall include a detailed schematic depicting the actual size and, as appropriate, location of the following:

- i. Each face, including any indentations or impressions;
- ii. The edge; and
- iii. Any colors, words, designs, graphics or security measures contained on the gaming chip; and

2. A sample stack of 20 gaming chips of each sample chip, manufactured in accordance with its approved design specifications, is submitted to and approved by the Commission.

(c) Each gaming chip issued by a casino licensee shall be designed and manufactured with sufficient graphics or other security measures, including, at a minimum, those items specifically required to appear on the face or edge of a gaming chip pursuant to N.J.A.C. 19:46-1.1A or 1.1B, so as to prevent, to the greatest extent possible, the counterfeiting of the gaming chip.

(d) No casino licensee shall issue, use or allow a patron to use in its casino or casino simulcasting facility any gaming chip that it knows, or reasonably should know, is materially different from the sample of that gaming chip approved by the Commission pursuant to this section.

The physical characteristics of such chips shall be sufficiently distinguishable from approved design specifications of any gaming chip issued by a casino licensee so as to reasonably ensure that they will not be confused with authorized gaming chips. At a minimum, such chips shall:

1. Be unique in terms of size or color;
2. Have no edge designs unique to gaming chips; and
3. Bear the name of the casino licensee issuing them and language on both faces stating that they have no redeemable value.
