Document No. 26.

THIRTEENTH ANNUAL REPORT

OF THE

INSPECTOR

OF

Factories and Workshops

OF THE

STATE OF NEW JERSEY,

1895.

OFFICERS.

CHIEF INSPECTOR.

L. T. FELL.....Orange.

DEPUTY INSPECTORS.

WM. W. JOHNSON	First District	Elmer
JOHN D'ARCY	Second District	Trenton
JOHN VAN ATTA	Second District	Bordentown
WM. J. MCCLOUD	Third District	Elizabeth
JOHN DUNN	Third District	Boonton
J. S. WIENTHAL	Fourth District	Hoboken
JAMES KEYS	Fifth District	Paterson
P. CALLAN	Sixth District	Newark

FACTORY DISTRICTS.

FIRST DISTRICT.

Camden, Atlantic, Gloucester, Salem, Cumberland and Cape May Counties, Ocean County, south of Toms River; Burlington County, south of Beverly.

SECOND DISTRICT.

Burlington County, north of Beverly; Mercer, Hunterdon, Warren and Sussex Counties; Morris County, west of Boonton.

THIRD DISTRICT.

Monmouth, Middlesex, Somerset and Union Counties.

FOURTH DISTRICT.

Hudson County.

FIFTH DISTRICT.

Passaic and Bergen Counties; Morris County, east of Denville.

SIXTH DISTRICT.

Essex County.

REPORT.

Hon. George T. Werts, Governor of the State of New Jersey:

SIR—I respectfully submit my thirteenth annual report as Inspector of Factories and Workshops, for the year ending October 31, 1895. Owing to the revival of business in the industrial centres of the State, the Deputy Factory Inspectors have been called upon more frequently to visit the factories located in their districts, and many changes have been ordered for the betterment of the condition of the factories and workshops, most all of which have been endorsed by the manufacturers and cheerfully complied with. I cannot refrain from calling attention to the very great improvement in sanitary appliances, guarding of machinery, ventilation, etc., in the factories of New Jersey at the present time, compared with their condition when this department was first created. At the present time we have in New Jersey factories that for the convenience, health and pleasure of the operatives surpass the very best factories in any part of the world. In many of our industrial establishments everything has been done that is possible for the health and comfort of the employes.

L. T. FELL,
Inspector of Factories and Workshops.

APPENDIX.

FIRST DISTRICT.

L. T. Fell, Chief Inspector:

SIR—I herewith submit my report as Deputy Inspector for the year ending October 31, 1895. I find very little trouble in getting the owners of factories to comply with the Factory Laws, and the factories are in first-class condition. I have made special demands for certificates for children, and find on my return visit that the certificates are on file and the order complied with. The other changes you will find in my report. I have no accidents to report.

Respectfully submitted,

W. W. JOHNSON,

Deputy Inspector First District.

SUMMARY.

Factories visited	196
Changes ordered	7
Certificates ordered	12

MINES INSPECTED.

LOCATION.	
HIBERNIA.	Andover Iron Mines.—Mines in good condition. Ladders about 1,200 feet, all in good condition. Wharton Iron Mines.—Mine in good condition. Ladders about 900 feet, in good condition, but very wet in one shaft. The employes frequently ride out of this mine on the hoisting bucket, which is a dangerous practice, and is forbidden by the company.
PORT ORAM.	N. J. Iron Mining Co.'s Mine.—The air in this mine is light and the shaft very warm, due to the steam pipes in the shaft to conduct steam to the lower pumps. The heat in the shaft makes it very uncomfortable to climb, and the company allows the employes to ride out of the mine on the skip car on signal to the engineer, a practice that is not to be encouraged, although the incline in this mine is very good, and is at an angle of 45 degrees.
NEAR DOVER.	Richard Iron Mines.—This mine is operated by the Thomas Iron Co. They employ about 400 men. The mines are in good condition, except east and west of cross cut, in Shaft No. 1, where I found loose ground and ordered it taken down, which order was promptly complied with.
NEAR PORT ORAM.	Mount Pleasant Iron Mines.—The air in this mine is light, and you cannot go into the slopes for a considerable time after a blast. I found loose ground in several places, which I ordered taken down, which order was promptly complied with.

CHANGES ORDERED—SECOND DISTRICT.

LOCATION AND NAME OF COMPANY.	CHANGES ORDERED.	Disposition of Previous Orders.	Health and Safety.
Trenton—			
Maddock Pottery Co	Guard main belt in jigger shop		
Oliphant & Pope Co	Guard belts in machine room		
J. S. Thorn	Guard crank on moulding machine		
Whitehill—			
Ironside Pottery Co	Build closet for female employes		
Lambertville—			
Lambertville Spoke Mfg. Co	Guard elevator opening		

ACCIDENTS REPORTED AND INVESTIGATED.

LOCATION.	
BORDENTOWN.	Springfield Worsted Mills—Jacob Segrunski, arm broken and head crushed by being caught in the belt of a carding machine. The accident, in my opinion, was due to the incompetency of the man to run the machine, and his total ignorance of the danger he was working in.
TRENTON.	J. S. Thorn's Cracker Bakery—Harry Knowles received a flesh wound on the arm by being caught in the crank of a moulding machine, due to gross carelessness.
HIBERNIA.	Wharton Iron Mines—James Harris and John Sullivan were killed by being knocked off the hoisting bucket by a falling plank and fell down the shaft. It is supposed the plank came from some of the old upper workings. I was not able to locate where the plank came from. The operator of the mine prohibits the employes from riding out of the mines, realizing the danger thereof.

SECOND DISTRICT.

L. T. Fell, Chief Inspector of Factories and Workshops:

SIR—I hereby submit my first annual report for the four months in which I have had the pleasure of being Deputy Inspector of Factories in the Second District. This report, ending the year of 1895, on the 31st of October. As a result of my observations I find the factories in my district in good order, and majority of them very busy. I find but few children under the legal age that the law requires, and not any that cannot read or write. I find that the managers of all the factories in my district are very careful to enforce the factory laws, and also very anxious to have the Inspector to notify them if he has any suggestions to make in regard to the machinery, so it will be well protected.

Yours respectfully,

JOHN VAN ATTA,
Deputy Inspector.

SUMMARY.

Number of factories inspected	121
Number of children discharged, under legal age	11
Number of changes ordered	2
Number of accidents reported and investigated,	
Average number of inspections	2

CHANGES ORDERED AND CONDITION OF FACTORIES—THIRD DISTRICT.

LOCATION AND NAME OF COMPANY.	CHANGES ORDERED.	Dispasition of Previous Orders.	Health and Safety.
Elizabeth—			
Peter Breidt Brewing Co	P'ace safety door at entrance to cooling house	Complied With.	Good.
Benjamin F. Strauss	Place railing around hatch door opening, second floor		Good.
A. S. Campbell	Post copies of laws and danger cards in workrooms	Complied With.	Good.

THIRD DISTRICT.

Hon. L. T. Fell, Chief Inspector:

SIR—I herewith submit my report as Deputy Inspector of the Third District, for the four months ending October 31st, 1895.

My work during the short period I have been in the department, has been of a routine character.

The factories in the district are in good condition, and the manufacturers, with two or three exceptions, are careful not to employ children who have not reached the proper age.

Yours respectfully,

JOHN DUNN.

SUMMARY.

Factories visited	195
Children discharged under legal age	28
Changes ordered	9
Permits to orphan children	2
Accidents investigated	3
Mines inspected	2

FOURTH DISTRICT.

L. T. Fell, Esq., Chief Inspector:

SIR—I beg leave to submit my annual report, ending October 31, 1895. The district which I represent, and known as the Fourth District, takes in all of the cities, towns and townships in Hudson County, and has some of the largest factories within its borders. They are elegant in design, as well as comfortable, and have all modern improvements, so as to make it pleasant for those who are employed. I have found during my experience as an Inspector, that the most trouble comes from the smaller concerns. The large manufacturer stands always ready to make any change that is recommended, that will have a tendency to further protect the wage-earner against any danger to life and limb. The night schools are again established in the cities of Jersey City and Hoboken. Hundreds of working boys and girls will again be benefited by those schools. I will lend my aid to further this good cause along.

Yours very truly,

J. S. WEINTHAL.

SUMMARY.

Number of factories	307
Number of visits	1,145
Number of permits to orphans under fourteen years of age	10
Number of children discharged under the legal age	25
Changes ordered	35
Accidents investigated	2

Givernaud Bros	Guard exposed belts	None	Good.

ACCIDENTS INVESTIGATED—FOURTH DISTRICT.

NAME.	FACTORY.	CAUSE OF ACCIDENTS.
William Beckel	Dettweller & Street	Explosion. Killed.
Clifford Mount	Dettweller & Street	Explosion. Killed.
Carl Folke	Dettweller & Street	Explosion. Killed.
N. Laibold	Dettweller & Street	Explosion. Killed.
C. F. Anderson	Hudson Electric Light Co.	Bursting of a fly-wheel. Killed.

FIFTH DISTRICT.

Hon. L. T. Fell, Chief Inspector:

SIR—I respectfully submit my annual report for the year ending October 31, 1895.

All the factories in my district are busy, and many of them have been forced to enlarge their factories in order to make room for the number of employes necessary to fulfill their orders, and besides a number of new industries have already commenced business in this district and not a few new factories have been erected since last year, noteworthy among them being the handsome new factory of Doherty & Wadsworth, silk manufacturers, of Paterson. It is a model factory in every sense of the word, and is supplied with all arrangements for the comfort and convenience of their employes. I have three accidents to report, all of which were investigated. I granted ninety-two permits to orphan children under sixteen years of age in need of employment and ordered eight children discharged from work and sent to school.

Yours respectfully,

JAMES KEYS,

Deputy Inspector Fifth District.

SUMMARY.

Number of inspections made	226
Number of accidents reported	3
Number of permits granted to orphans	92
Number of children ordered discharged	8

CHANGES ORDERED AND CONDITION OF FACTORIES—FIFTH DISTRICT.

LOCATION AND NAME OF COMPANY.	CHANGES ORDERED.	Disposition of Previous Orders.	Health and Safety.
Paterson—			
George W. Steele	Guard band saw	Wi' be co'-plied with	Good.
George W. Steele	Enlarge engine room	Wi' be co'-plied with	
Equity Silk Co	Erect fire escape	Compli'd with	Good.
Neuberger Silk Co	Closets put in order		Poor.
Doherty & Wadsworth	Guard two belts	Compli'd with	Very good.
Shaw Bros	Improve sanitary arrangements		Poor.
Ramsay & Gore	Guard machinery		Fair.
Swift & Co	Guard belts		Good.
Robert Blackburn	Erect fire escape		Fair.
Benj. Eastwood	Guard band saw		Good.
Dolphin Jute Co	To guard hatchway		Fair.
Crew Silk Co	Guard elevator		Good.
Passaic—			
Manhattan Rubber Co	Guard elevator opening		Good.
Pompton—			
Pompton Steel & Iron Co	Guard belt		Good.
Oakland—			
Wilkins Bros	Guard machinery		Good.

ACCIDENT REPORT.

JOSEPH PARMLEY, employed by Hinchliffe Malting and Brewing Co., caught between elevator and upper floor, received internal injuries, from which he died the same day.

IRA KORSEN, employed in Passaic Print Works, killed by his clothing coming in contact with the shafting, about eighteen inches from the ceiling.

LEONARD SMITH, employed in Passaic Rolling Mill, foot injured by iron beam falling on it.

SIXTH DISTRICT.

L. T. Fell, Chief Inspector:

SIR—I respectfully submit my annual report as Deputy Inspector for the Sixth District for the year ending October 31, 1895: Number of factories inspected, 855; average number of visits to each factory, 3; number of children under age found working and discharged, 3; number of permits given to orphan children, 11; number of certificates of age given to children over twelve and fourteen years old, 223; number of children sent to evening schools, 68; number of orders given to guard dangerous machinery, 63; number of orders complied with, 29; number of accidents in factories, 29; number of deaths resulting from the same, 5. I find a general desire amongst all the manufacturers of this district to live up as near as possible to the Factory Laws, and also to the Compulsory Education Act, by insisting on their minor employes attending evening schools.

Very Respectfully,

P. CALLAN.

SUMMARY.

Number of inspections made	855
Number of accidents reported and investigated	29
Number of children discharged	3
Number of permits to orphan children	223
Number of childred sent to evening schools	68
Number of orders to guard dangerous machinery	63

FACTORY LAWS.

FACTORY LAWS.

The Employment of Children.

An Act to limit the age and employment hours of labor of children, minors and women, and to appoint an inspector for the enforcement of the same.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That after the fourth day of July, one thousand eight hundred and eighty-three, no boy under the age of twelve years, nor any girl under fourteen years of age, shall be employed in any factory, workshop, mine or establishment where the manufacture of any goods whatever is carried on.

2. *And be it enacted*, That on and after the first day of July, one thousand eight hundred and eighty-four, no child between the ages of twelve and fifteen years shall be employed in any factory, workshop, mine or establishment where the manufacture of any kind of goods whatever is carried on, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well-recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or its parents or guardian, shall have presented to the manufacturer, merchant or other employer seeking to employ such child, a certificate giving the name of his parents or guardian, the name and number of the schools attended, and the number of weeks in attendance, such certificate to be signed by the teacher or teachers of such child; *provided*, that in case the age of the child be not known, such teacher shall certify that the age given is the true age, to the best of his or her knowledge or belief; *provided*, that in case of orphan children, where necessity may seem to require, the guardian or others having charge of the same may, upon application to the inspector provided for in this act, receive from him a permit for the employment of such child or children, under such regulations as the said inspector may prescribe.

3. *And be it enacted*, That no child or children under the age of fourteen years shall be employed in any factory, workshop, mill or establishment where the manufacture of any kind of goods is carried on, for a

longer period than an average of ten hours in a day, or sixty hours in a week.

4. *And be it enacted*, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation hereof, shall be guilty of misdemeanor, and upon conviction shall be fined for eaeh offense in a sum of not less than fifty, nor more than one hundred dollars, and in default of payment of the same, shall be imprisoned in the county jail for not less than thirty, nor more than ninety days, and that every head of a family, parent or guardian who knowingly permits the employment of such children, shall be likewise subject to a fine of not more than twenty-five, nor less than ten dollars for every child so employed, and for each offense, and in default of such payment, shall be imprisoned in the county jail for a period of not less than ten days, nor more than twenty days; a certificate of the age of the minor, made by him or her, and by his or her parents or guardian at the time of employment, shall be conclusive evidence of the age of such minor upon any trial for the violation of this act; *provided*, that the provisions in this act in relation to the hours of employment, shall not apply to or affect any person engaged in preserving perishable goods in fruit-canning establishments.

5. *And be it enacted*, That the Governor shall, immediately after the passage of this bill, appoint, with the advice and consent of the Senate, some suitable person, who shall be a resident and citizen of this State, as inspector, at a salary of twelve hundred dollars per year, to be paid monthly, whose term of office shall be for three years; the said inspector shall be empowered to visit and inspect, at all reasonable hours, and as often as practicable, the factories, workshops, mines and other establishments in the State where the manufacture or sale of any kinds of goods is carried on, and to report to the Governor of this State on or before the thirty-first day of October in each year; it shall also be the duty of said inspector to enforce the provisions of this act, and prosecute all violations of the same in any Recorders' Courts of cities, and Justices of the Peace, or other courts of competent jurisdiction in the State.

6. *And be it enacted*, That all necessary expenses incurred by said inspector in the discharge of his duty, shall be paid from the funds of the State, upon the presentation of proper vouchers of the same; *provided*, that not more than five hundred dollars shall be expended by him in any one year.

7. *And be it enacted*, That all fines collected under this act shall inure to the benefit of the school fund of the district where the offense has been committed.

8. *And be it enacted*, That all acts and parts of acts inconsistent with the provisions of this act are hereby repealed, and that this act shall take effect immediately.

Approved March 5th, 1883.

A supplementary act, approved in 1884, contains the following enactments:

That the inspector and his deputies shall have power to demand a certificate of physical fitness from some regular practicing physician in the case of minors who may seem physically unable to work, and shall have power to prohibit the employment of any minor that cannot obtain such a certificate.

That any parent or guardian who, when so required by the inspector or one of his deputies, shall furnish to such inspector, or deputy, a certificate from the office of registration of births, or in the absence of such certificate, an affidavit or affidavits of the age of such minor, and if any one shall knowingly swear falsely in any such affidavit, the person or persons so swearing shall be guilty of perjury and liable to indictment and punishment accordingly.

That section four of the act to which this is a supplement shall be amended to read as follows:

[4. *And be it enacted*, That every manufacturer, merchant or other employer employing any person contrary to the provisions of this act, or who shall be guilty of any violation thereof, shall be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any Justice of the Peace having due jurisdiction, and that any parent or guardian, who knowingly permits the employment of such child or children, shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five or more than ten days after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme Court, when such court or justice shall be sat-

isfied that further confinement will not accomplish the payment of the judgment and costs; an affidavit of the age of any minor, made by its parent or guardian, at the time of its employment, shall be conclusive evidence of the age of such minor, upon any trial against a manufacturer or employer for the violation of this act, but any parent or guardian that shall knowingly swear falsely in such affidavit, shall be guilty of perjury, and the inspector or deputy inspector shall be authortzed in case they shall find any minor employed under any false affidavit given as aforesaid, to order and compel such minor to desist from work; the provisions of this act in relation to the hours of employment shall not apply to or affect any person engaged in preserving goods in fruit-canning establishments.]

General Factory Act.

The law of April 7th, 1885, known as the General Factory act, is hereby given in full:

A General Act relating to factories and workshops, and the employment, safety, health and work-hours of operatives.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That any person or corporation engaged in manufacturing, which requires from persons in his or its employ, under penalty of forfeiture of a part of the wages earned by them, a notice of intention to leave such employ, shall be liable to the payment of a like forfeiture if he or it discharges without similar notice a person in such employ, unless in case of a general suspension of labor in his or its shop or factory.

2. *And be it enacted*, That all accidents in workshops, factories or mines, that result in death, shall be reported at once by the occupier to the inspector of workshops at Trenton, and the city or district physician, where one is employed as such, which notice may be given by mail.

3 *And be it enacted*, That the belting, shafting, gearing and drums in all factories and workshops, when so placed as to be dangerous to persons employed therein while engaged in their ordinary duties, shall be securely guarded when practicable (possible); if otherwise, then notice of its danger shall be conspicuously posted in the factory or workshop.

4. *And be it enacted*, That no minor, under eighteen years of age, or woman, shall be required to clean any part of the mill gearing or machinery in any factory or workshop while the same is in motion, or work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water or other mechanical power.

5. *And be it enacted*, That the opening of all hoistways, hatchways, elevators and well-holes upon every floor of a factory or mercantile or public building, shall be protected by good and sufficient trap-doors or self-closing

hatches and safety catches, or strong guard rails at least three feet high, and all due diligence shall be used to keep such trap-doors closed at all times, except when in actual use by the occupant of the building having the use and control of the same.

6. *And be it enacted*, That no explosive or inflammable compound shall be used in any factory, in such place or manner as to obstruct or render hazardous the egress of operatives in case of fire.

7. *And be it enacted*, That no minor under the age of sixteen shall be employed in any manufacturing, mercantile or mechanical establishment more than ten hours a day or sixty hours a week.

8. *And be it enacted*, That suitable places shall be provided in all factories and workshops where girls or women are employed, where unclean work of any kind has to be performed, for such girls or women to wash and dress, and that stairs in use by female employes in all factories and workshops be properly screened.

9. *And be it enacted*, That separate water-closets be provi ed for the use of employes of either sex in all manufacturing, mercantile and mechanical establishments where persons of both sexes are employed.

10. *And be it enacted*, That where the factories or workshops appear so overcrowded, that in the opinion of the inspector of factories there is danger to health, the inspectors shall have power, after being supported in their opinion by some reputable resident physician, to prohibit such overcrowding.

11. *And be it enacted*, That the inspectors of factories shall have power to order a fan or other mechanical means of proper construction, if practicable, for the purpose of preventing the inhalation of dust in establishments where any process is carried on by which dust is generated and inhaled by the workers to an injurious extent.

12. *And be it enacted*, That all factories and mines be ventilated so as to render harmless all impurities as near as may be.

13. *And be it enacted*, That no cellar, room, or place shall be occupied as a bake-house, which is less than one-half its height above the level of the street, footway or ground adjoining the same, unless the following regulations are complied with: first, no water-closet, earth-closet, privy or ash-pit shall be within or communicate directly with the bake-house; second, no drain or pipe for carrying off sewage or other impure matter shall have an opening within a bake-house, unless such drain or pipe be trapped with a six-inch water-seal, both within and without the wall of the bake-house, and have a ventilating pipe of one-half the size of drain-pipe between the wall and the outer trap, and which ventilating pipe shall run two feet above the roof of the building.

14. *And be it enacted*, That the sleeping-places for workmen and others

employed in bake-houses shall be separate and distinct from the places used for the making of bread.

15. *And be it enacted*, That any person or corporation, being the owner, lessee or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any building or room, shall, for the willful violation of any provisions of this act, except sections one and two, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of fifty dollars; that such action shall be prosecuted by and in the name of the inspector of factories; the trial shall proceed as other actions of debt, and the first process shall be a summons returnable in not less than five days or more than ten after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, incurred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant, and in case such defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the state, but shall only be discharged by the court making the order for the body execution, or one of the justices of the Supreme Court, when such court or justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs; *provided*, nothing herein shall subject any owner of a building or premises to any penalty unless he shall be the proprietor of the business conducted therein.

16. *And be it enacted*, That all acts or parts of acts inconsistent with the provisions of this act be and are hereby repealed.

Approved April 7th, 1885.

A Supplement to an act entitled "A general act relating to factories and workshops, and the employment, safety, health and workhours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That every person shall, within one month after he begins to occupy a factory or workshop, notify one of the factory inspectors of such occupancy.

2. *And be it enacted*, That section two of the act to which this a supplement be amended to read as follows:

[2. *And be it enacted*, That all accidents in workshops, factories or mines, which prevent the injured person or persons from returning to work within two weeks, or which result in death, shall, within twenty-four hours after the expiration of such two weeks, or after the death, as the case may be, be reported by the person in charge of such workshop, factory or mine, to one of the factory inspectors and to the city or district physician, where there is such an officer, which notice may be given by mail.]

3. *And be it enacted*, That section six of the act to which this is a supplement be amended to read as follows:

[6. *And be it enacted*, That no minor or woman shall clean any part of the mill gearing or machinery in any factory or workshop while the same is in motion, or work between the fixed or traversing parts of any machine while it is in motion by the action of steam, water or other mechanical power.]

4. *And be it enacted*, That all factories, manufacturing establishments or workshops of two or more stories in height, in which thirty or more persons are employed above the first floor thereof, shall be provided with one or (if the proper officials deem necessary) more outside iron fire escapes, not less than six feet in length and three feet in width, properly and safely constructed, guarded by iron railings not less than three feet in height, and taking in at least two windows at each story, and connected with the interior by easily accessible and unobstructed openings; and the said fire escapes shall connect by iron stairs not less than twenty-four inches wide, the steps to be not less than six inches tread, placed at not more than an angle of forty-five degrees slant, and protected by a well secured hand rail on both sides, with a twelve-inch-wide drop ladder from the lower platform reaching to the ground.

5. *And be it enacted*, That for every twenty persons employed on every floor above the second floor of every factory and workshop there shall be one rope or portable fire escape, and that each story shall be amply supplied with means for extinguishing fire.

6. *And be it enacted*, That all the main doors, both inside and outside, in factories, shall open outwardly, when the inspectors of factories, in writing, so direct, and that no outside or inside door of any building wherein operatives are employed, shall be so locked, bolted or otherwise fastened during the hours of labor as to prevent egress.

7. *And be it enacted*, That no minor below the age of sixteen shall be employed at any work dangerous to health without a certificate of fitness from a reputable physician.

8. *And be enacted*, That factories and workshops in which women and

children are employed and where dusty work is carried on shall be lime-washed or painted at least once in every twelve months.

9. *And be it enacted*, That an abstract of the factory and workshop laws to be prepared and furnished by the chief factory inspector, shall be affixed in a conspicious place at the entrance of every factory and work-shop.

10. *And be it enacted*, That if the inspector of factories find that the heating, lighting, ventilation or sanitary arrangement of any shop or factory is such as to be injurious to the health of persons employed therein, or that the means of egress, in case of fire or other disaster, is not sufficient, or that the belting, shafting, gearing, elevators, drums and machinery in shops and factories are located so as to to be dangerous to employees and not sufficiently guarded, or that the vats, pans or structures filled with molten metal or hot liquid are not surrounded with proper safeguards for preventing accident or injury to those employed at or near them, he shall notify the proprietor of such factory or workshop to make the alterations or additions necessary within thirty days; and if such alterations or additions are not made within thirty days from the date of such notice or within such time as said alterations can be made with proper diligence upon the part of said proprietors, said proprietors or agents shall be deemed guilty of violating the provisions of this act; it shall then be the duty of the inspectors to examine the matter in dispute, and, if adverse to the appellant, he shall carry out the alterations or additions directed by said inspectors within thirty days as aforesaid, and under the like penalty.

11. *And be it enacted*, That section fifteen of the act to which this is a supplement be amended to read as follows:

[15. *And be it enacted*, That any person or corporation, being the owner, lessee, or occupant of any manufacturing establishment, factory, mine, workshop or store, or owning or controlling the use of any building or room, shall, for the violation of any provision of this act, or of the act to which this is a supplement, be liable to a penalty of fifty dollars for each offense, to be recovered in an action of debt in any district court in any city, or before any justice of the peace having due jurisdiction, and that any employe who shall be guilty of any violation of the provisions of this act shall be liable in a like action to a penalty of not more than fifty dollars, as the court shall fix; that such action shall be prosecuted in the name of the inspector of factories; the trial shall proceed as other actions upon contract, and the first process shall be a summons, returnable in not less than five days or more than ten days after issue, and it shall not be necessary to indorse the same as in qui tam actions; the finding of the court shall be that the defendant has or has not, as the case may be, in-

curred the penalty claimed in the demand of the plaintiff, and judgment shall be given accordingly; in case an execution shall issue and be returned unsatisfied, the court, on application, after notice to the defendant, may award an execution to take the body of the defendant; and in case such a defendant is committed under such an execution, he shall not be discharged under the insolvent laws of the State, but shall only be discharged by the court making the order for the body execution, or one of the Justices of the Supreme Court, when such court or Justice shall be satisfied that further confinement will not accomplish the payment of the judgment and costs.]

12. *And be it enacted*, That all acts or parts of acts inconsistent with the provisions of this act, be and are hereby repealed.

Approved May 6, 1887. P. L., ch. 177.

A Further Supplement to an act entitled "A general act relating to factories and workshops and the employment, safety, health, and work-hours of the operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That on and after the sixth day of July, one thousand eight hundred and ninety-two, fifty-five hours shall constitute a week's work in any factory, workshop or establishment where the manufacture of any goods whatever is carried on; and that the periods of employment shall be from seven o'clock in the forenoon until twelve o'clock noon, and from one o'clock in the afternoon until six o'clock in the evening of every working day except Saturday, upon which last-named day the period of employment shall be from seven o'clock in the forenoon until twelve o'clock noon.

2. *And be it enacted*, That no person under the age of eighteen years, male or female, and that no woman above that age shall be employed in any factory, workshop or manufacturing establishment, except during the periods of employment hereinbefore mentioned; *provided*, that the provisions in this act in relation to the hours of employment shall not apply to or affect any person engaged in preserving perishable goods in fruit-canning establishments, or in any factory engaged in the manufacture of glass.

3. *And be it enacted*, That the inspector of factories shall investigate any reported violation of the provisions of this act and of the act to which this is a supplement, after it has been discovered by him or brought to his notice, and may proceed against the violator or violators in the manner prescribed by the act to which this is a supplement.

4. *And be it enacted*, That any manufacturer or other employer who shall violate any of the provisions of this act shall be liable to a penalty of one hundred dollars for each offense, to be recovered in the same way and for the same purpose as prescribed in the act to which this is a supplement.

5. *And be it enacted*, That all acts or parts of acts inconsistent with the provisions of this act are hereby repealed.

Approved March 23d, 1892.

A Further Supplement to an act entitled "A general act relating to factories and workshops, and the employment, safety, health and work-hours of operatives," approved April seventh, one thousand eight hundred and eighty-five.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That no room or rooms, apartment or apartments in any tenement or dwelling house shall be used for the manufacture of coats, vests, trousers, knee pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts, purses, feathers artificial flowers, or cigars, except by the immediate members of the family living therein; that no person, firm or corporation shall hire or employ any person to work in any room or rooms, apartment or apartments, in any tenement or dwelling house or building in the rear of a tenement or dwelling house at making in whole or in part any coats, vest, trousers, knee-pants, overalls, cloaks, furs, fur trimmings, fur garments, shirts, purses, feathers, artificial flowers or cigars, unless such person, firm or corporation first shall have obtained a written permit from the factory and workshop inspector or a deputy inspector, which permit may be revoked at any time that the health of the community or of those employed as aforesaid may require it, and that such permit shall not be granted until due and satisfactory inspection of the premises affected shall have been made by the said inspector or deputy inspectors; that such permit shall be framed and posted in a conspicuous place in the room or each of the rooms to which it relates, shall be duly numbered and shall state the number of persons allowed to be employed therein.

2. *And be it enacted*, That any person, firm or corporation being the owner, lessee or occupant of the room or rooms to which this act relates shall for the violation of any of the provisions herein be liable to the same penalty or penalties as are now prescribed for violations of the act and supplements of the act to which this is a furthur supplement.

3. *And be it enacted*, That this act shall take effect immediately.

Approved March 17, 1893.

Compulsory Education Law.

Here is the text of the act providing for the compulsory education of children, to whose practical working and defective enforcement, so far as I have observed, I desire to call attention:

A Supplement to an act to establish a system of public instruction, approved April 9th, one thousand eight hundred and seventy-five.

1. BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*, That all parents, and those who have the care of children, shall instruct them or cause them to be instructed in spelling, reading, writing, English grammar, geography and arithmetic, and every parent, guardian or other person having control and charge of any child or children between the ages of seven and twelve years, shall be required to send any such child or children to a public day school for a period of at least twenty weeks in each year, eight weeks, at least, of which attendance shall be consecutive, unless such child or children are excused from such attendance by the board of the school district in which such parents or guardians reside, upon its being shown to their satisfaction that the bodily or mental condition of such child or children has been such as to prevent his, her or their attendance at school, or that such child or children are taught in a private school, or at home, by some qualified person or persons, in such branches as are usually taught in primary schools.

2. *And be it enacted*, That no child under the age of fifteen years shall be employed by any person, company or corporation to labor in any business whatever, unless such child shall have attended, within twelve months immediately preceding such employment, some public day or night school, or some well recognized private school; such attendance to be for five days or evenings every week during a period of at least twelve consecutive weeks, which may be divided into two terms of six consecutive weeks each, so far as the arrangement of school terms will permit, and unless such child, or his or her parents or guardian, shall have complied with the provisions of the act approved March fifth, eighteen hundred and eighty-three, limiting the employment hours of the labor of children.

3. *And be it enacted*, That every parent, guardian or other person having charge or control of any child, from twelve to sixteen years of age, who has been temporarily discharged from employment in any business in order to be afforded an opportunity to receive instruction or schooling, shall send such child to some public or private day school for the period for which such child shall have been discharged, unless such child shall have been excused from such attendance by the inspectors of factories and workshops, or by the board of the school district for reasons as stated in section one hereof.

4. *And be it enacted*, That in case any parent, guardian or other person shall fail to comply with the provisions of sections one and three of this act, such parent guardian or other person shall be deemed guilty of a misdemeanor, and shall, on conviction, be liable to a fine of not less than ten dollars nor more than twenty-five dollars for the first offense, and of not less than twenty-five dollars for each subsequent offense, or to imprisonment for not less than one month or more than three; the said fines, when paid, to be added to the public school money of said school district in which the offense occurred.

5. *And be it enacted*, That all children between the ages of seven and fifteen years, who are habitual truants from school, or who, while in attendance at any public school, are incorrigible, vicious or immoral in conduct, and all children between the said ages who absent themselves habitually from school, and habitually wander about streets and public places during school hours, having no business or lawful occupation, shall be deemed juvenile disorderly persons and subject to the provisions of this act.

6. *And be it enacted*, That in all cities having a duly organized police force, it shall be the duty of the police authority, at the request of the inspectors of factories and workshops, or the school authority, to detail one or more members of said force to assist in the enforcement of this act, and in districts having no regular police force subject to this act, it shall be the duty of the board of education or the school district officers to designate one or more constables of said city, township or village, whose duty it shall be to assist in the enforcement of this act, as occasion may require, and said board of education shall fix and determine the compensation to be paid such police officer or constable for the performance of his duties under the act; members of any police force or any constable designated to assist in the enforcement of this act, as provided in this section, shall be known as truant officers; *provided*, that in districts where no constable resides, the said board shall have power to appoint some other suitable person as truant officer.

7. *And be it enacted*, That it shall be the duty of any such truant officer or officers detailed to enforce the provisions of this act to examine into all cases of truancy, when requested so to do by the inspectors of factories and workshops, or by a district school board, and to warn such truants, their parents or guardians, in writing, of the final consequences of truancy, if persisted in, and also to notify the parent, guardian or other person having the legal charge and control of any juvenile disorderly person, that the said person is not attending any school, and to require said parent, guardian or other person to cause the said child to attend some recog-

nized school within five days from said notice, and it shall be the duty of said parent, guardian or other person having the legal charge and control of said child, to cause the attendance of said child at some recognized school; if said parent, guardian or other person having the legal charge and control of said child shall willfully refuse, fail or neglect to cause said child to attend some recognized school, it shall be the duty of said officer to make or cause to be made a complaint against said parent, guardian or other person having the legal control and charge of such child in any court of competent jurisdiction in the school district in which the offense occured for such refusal or neglect, and upon conviction thereof said parent, guardian or other person, as the case may be, shall be punished by a fine of not less than ten dollars nor more than twenty-five dollars, or the court may, in its discretion, require the person so convicted to give bond in the penal sum of one hundred dollars, with one or more sureties, to be approved by said court, on condition that said person so convicted shall cause the child or children under his or her legal charge or control to attend some recognized school within five days thereafter, and to remain at said school during the term prescribed by law; *provided*, that if said parent or guardian, or other person in charge of said child, shall prove inability to cause said child to attend said recognized school, then said parent or guardian or other person shall be discharged, and said court shall, upon complaint of said truant officer or other person that said child is a juvenile disorderly person, as described in section five of this act, proceed to hear such complaint, and if said court shall determine that said child is a juvenile disorderly person within the meaning of this act, then said court shall thereupon sentence said child to a juvenile reformatory until such child shall arrive at the age of sixteen years, unless sooner discharged by the board of control of said juvenile reformatory; *provided*, *however*, that such sentence may be suspended in the discretion of said court for such time as the child shall regularly attend school and properly deport himself or herself; *it is further provided*, that if for any cause the parent or guardian, or other person having charge of any juvenile disorderly person as defined in this act, shall fail to cause such juvenile disorderly person to attend said recognized school, then complaint against such juvenile disorderly person may be made, heard, tried and determined in the same manner as is provided for in case the parent pleads inability to cause said juvenile disorderly person to attend said recognized school; *and it is further provided*, that no child under the age of nine years shall be sent to a juvenile reformatory under the provisions of this act.

8. *And be it enacted*, That it shall be the duty of the officers empow-

ered, detailed or appointed under the provisions of this act to assist in the enforcement thereof, to institute or cause to be instituted, proceedings against any parent, guardian or other person having legal charge and control of any child, or any person, company or corporation violating any of the provisions of the sections of this act; *provided*, this law shall not be operative in those school districts of the State where there are not sufficient accommodations to seat the children compelled to attend school under the provisions of this act; and that no prosecution shall be instituted against any parent, guardian or child unless they have received due notification from an officer empowered under this act that they are acting in violation of the provisions of this act.

9. *And be it enacted*, That when there is not within the distance of two miles from the factory or shop in which a child under the age of fifteen years is employed, or from the residence of the child, a recognized efficient school, attendance at a school temporarily approved by an inspector of factories and workshops shall for the purposes of this act be deemed attendanee at a recognized efficient school, and the inspector of factories shall immediately report to the education department every case of the approval of a school by him under this section.

10. *And be it enacted*, That two weeks' attendance of children between twelve and fifteen years of age at a recognized half-time or evening school shall for all purposes of this act be counted as one week at a day school.

11. *And be it enacted*, That when any of the provisions of this act are violated by a corporation, proceedings may be had against any of the officers or agents of said corporation who in any way participate in or are cognizant of such violation by the corporation of which they are the officers or agents, and said officers or agents shall be subject to the same penalties as individuals similarly offending.

12. *And be it enacted*, That all acts and parts of acts inconsistent with this act are hereby repealed, and that this act shall take effect on the first day of September, one thousand eight hundred and eighty five.

Approved April 20, 1885.
