The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

**Enrollment by Racial and Ethnic Group**

This table shows the number of students enrolled by grade for the past three school years. Ungraded students are students who are "on roll" but are educated in ungraded classrooms.

This table shows the percentage of students by student group for the past three school years. Data for some student groups was not available before 2016-17.

This table shows the percentage of students by racial and ethnic group.

**Enrollment by Home Language**

This table shows the full day and half day enrollment for Pre-Kindergarten (PK) and Kindergarten (KG) students in this school.

This table shows the number of full and shared time students. The full time equivalent is the number of full time students plus half the number of shared time students.

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown. All other students are included in Other Languages.

**English Language Arts/Literacy Assessment - Participation and Performance**

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act (ESSA)* accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

**Mathematics Assessment - Participation and Performance**

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

**AP/IB Coursework – Participation and Performance**

This chart shows the percentage of students out of all 11th and 12th grade students in the school and across the state, who enrolled in one or more AP or IB course, the percentage that took one or more AP or IB exam, and the percentage of students taking one or more exams who received at least one score of at least 3 on AP exams or 4 on IB exams.

This table shows the students enrolled in AP/IB courses and the corresponding exams that were taken. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with scores of at least 3 on AP exams or 4 on IB exams. In the last two rows, students taking multiple exams are counted more than once.

This section shows information about student absences which provides important information about a school’s culture and climate. In addition, research shows that student absences impact a child’s ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

**Chronic Absenteeism**

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

**Technology Readiness**

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

**Accountability Indicator Scores and Summative Rating**

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

**Accountability Summary by Student Group**

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <p><b>Courses, Curriculum, Instruction:</b></p>	<p>Learning at HCS is student-centered and includes a combination of independent, partner and collaborative work. Teachers work together to create interdisciplinary experiences for students so they see the application and transfer of learning. Service learning is a strategy through which students engage in meaningful academic experiences which serve the community and reinforce content. Instruction is differentiated to meet the needs of each student so all are engaged and challenged.</p>
 <p><b>Sports and Athletics:</b></p>	<p>Sports Offered: Basketball (Boys &amp; Girls), Track and Field - Winter (Boys &amp; Girls), Volleyball (Girls)</p> <p>Hoboken Charter School participates in athletics through intramural clubs, the Hoboken Recreation Department and as a part of the New Jersey Charter School Athletic League. In addition to the sports listed, HCS also has a girl's cheerleading team. Our boy's basketball team was the NJCSAL league champion and last year and our Middle School girl's basketball team came in second place in the Hoboken Recreation League.</p>

 <p><b>Staff and Professional Learning:</b></p>	<p>All staff work until 5:00 pm on Thursdays to allow for professional learning. During this time, staff work toward school-wide professional improvement on a variety of topics. HCS has focused in recent years on differentiation, technology integration, social justice education, data analysis, co-teaching, etc. Additionally, teachers participate in self-selected learning communities with colleagues around instructional strategies which are tied to individual professional development plans.</p>
 <p><b>Postsecondary Information:</b></p>	<p>HCS has a 100% college acceptance rate and offers financial aid workshops and parent programming to support families in the college application process. HCS employs a guidance counselor who utilizes the Naviance system and oversees student advisory. Students in grades 9-11 take the PSAT onsite. Graduates have enrolled in local, state and national colleges/universities (Rutgers, Boston College, St. Peter's, etc.), the armed forces, technical schools or proceeded straight to the workforce.</p>
 <p><b>Student Supports and Services:</b></p>	<p>HCS relies upon various data points to provide academic, social and behavioral support through a tiered intervention system. Referrals are also made to the I&amp;RS team, and plans are implemented and monitored within the general education setting. Students who fail to respond to interventions are referred to the CST for evaluation. ELLs and students with disabilities receive individualized programming according to the nature of their needs and HCS offers a variety of programming and services.</p>
 <p><b>Student Health and Wellness:</b></p>	<p>All students participate in comprehensive health education aligned to the New Jersey Student Learning Standards. Across K-12, HCS implements developmentally appropriate character education curricula, follows the Anti-Bullying Bill of Rights and offers counseling services. Breakfast and lunch options are available for all students and afternoon snack is available for students participating in after school programming. Grades K-7 have daily recess and all students take Physical Education.</p>
 <p><b>Parent and Community Involvement:</b></p>	<p>HCS has an active Parents' Association that plans many social events for the school each year. There is a SEPAC group that meets several times a year with various speakers who present on different issues, such as executive functioning and assistive technology. In recent years, HCS has offered to families sessions on: social justice, cyberbullying, college planning and financial aid. HCS has many partnerships with local colleges, Garden State Equality, the Hoboken Shelter, H2O For Life, etc.</p>

The four cornerstones of the Hoboken Charter School — academic, artistic, personal, and civic growth — are unified by two basic educational practices: learner-centered education and service learning. A learner-centered school is a place where teachers and students are committed to one another and share collectively in the school vision. Instruction is hands-on and inquiry-based with authentic educational experiences. Service learning provides students with a way to apply what they have learned in school in meaningful ways within their community. As a result, students develop social responsibility, feel empowered to be agents of positive change in their community and see the relevance of their studies to the world. HCS also has a mission of service learning, through which students bring the community into the classroom and extend the walls of the classroom out into the community. Service learning offers a way to tie the curriculum to community action. HCS has a 1:1 Chromebook program for students starting in grade 2. HCS is a tuition-free charter school that holds an annual lottery for admission. Lottery information can be found on our website ([hobokencs.org](http://hobokencs.org)). HCS does not require students to wear uniforms.
