The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

#### Navigating through the reports:

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

**Mathematics Assessment - Participation and Performance**

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

### NJASK Science Assessment Performance: Grade 4

This table shows the percentage of students in each proficiency category for the NJASK science test for the school and each student group and also provides a comparison to the statewide percentages.

This section shows performance on the NJASK science test which measures students' ability to recall information and to solve problems by applying science concepts. The assessment is given to students in grades 4 and 8 and has three proficiency categories. Students performing at "Proficient" and "Advanced Proficient" have demonstrated readiness for the next grade-level/course.

### NJASK Science Assessment Performance: Grade 8

This table shows the percentage of students in each proficiency category for the NJASK science test for the school and each student group and also provides a comparison to the statewide percentages.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:

### Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

### Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target
Schoolwide	15.00	8.50	Not Met
White	12.30	8.50	Not Met
Hispanic	8.20	8.50	Met Target

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents provides a non-duplicated count of incidents. The final row shows a rate of incidents for every 100 students enrolled in the school.

Incident Type	Number of Incidents
Violence	9
Vandalism	0
Weapons	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	3
Total Unique Incidents	12
Incidents Per 100 Students Enrolled	6.35

### Student Suspension Rate

This table shows the percentage of students who received one or more in-school suspensions, one or more out-of-school suspensions, and one or more suspensions of any type during the school year. Students receiving both in-school and out-of-school suspensions will be counted in all rows of the table. Students who received more than one suspension are counted only one time in each category below.

Suspension Types	% of Students
In-School Suspensions	0.0%
Out-of-School Suspensions	10.6%
Any Suspension	10.6%

### Student Expulsions

### Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

School Year	Student to Device Ratio	Internet Speed	Recommended Internet Speed	Met Recommended Speed?	Connectivity between Schools	Recommended Connectivity	Met Recommended Connectivity?

### Per-Pupil Expenditures (District Level)

This table shows the total current expenses for regular and special education students taught within the district's schools. It includes expenditures for instruction, support services, administration, operations and maintenance, extra-curricular activities, and community service. More information about district and charter school spending can be found using districts' [User Friendly Budgets](#), or the NJDOE Finance [District Report Search](#) of the Comprehensive Annual Financial Reports (CAFRs) and Auditor's Management Reports (AMRs).

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

**Faculty:** All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Full-Time Equivalent:** In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

### Teachers – Experience

This table shows information about experience for teachers assigned to this school and across the state.

Category	Teachers in School	Teachers in State
Total Number of teachers	27	120,724
Average years experience in public schools	12.4	11.8
Average years experience in district	9.9	10.5
Teachers in district for 4 or more years	67%	74%

### Administrators – Experience (District Level)

This table shows information about experience for administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	3	9,506
Average years experience in public schools	17.7	15.9
Average years experience in district	2.0	11.6
Administrators in district for 4 or more years	0%	74%

### Student to Staff Ratios

This table shows the number of students per staff member in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Staff Type	School Students: Staff	District Students: Staff

### Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey's accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	25.3	17.5%
Mathematics Proficiency	11.4	17.5%
English Language Arts Growth	45.0	25.0%
Mathematics Growth	45.5	25.0%
Chronic Absenteeism	10.7	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
<b>Summative Score:</b> Sum of all indicator scores multiplied by indicator weights		30.7
<b>Summative Rating:</b> Percentile rank of Summative Score		20.4
<b>Requires Comprehensive Support:</b> Summative Rating is less than or equal to 5th percentile		No

### Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

	<b>Highlights:</b>	<ul style="list-style-type: none"> <li>• Our small class environments create a 7.5 to 1 teacher-to-student ratio</li> <li>• Our students' improved academic achievement on state and local assessments</li> <li>• Our district offers multiple opportunities beyond the school day including athletics, arts, and academic enrichment.</li> </ul>
	<b>Mission, Vision, Theme:</b>	The New Hanover Township School District creates a passion for the life-long learning in our community. We foster productive, patriotic, respectful citizens in a safe, active environment. Using National Standards, our quality instruction supports student achievement through academic excellence. We prepare our students to function, grow and thrive proudly in a global society.
	<b>Awards, Recognition, Accomplishments:</b>	Over the previous five years, NHTS has achieved remarkable student achievement growth as measured by state assessments. This growth is the result of a coordinated effort by the entire New Hanover Township School community including students, staff, administration, community, and Board officials. This growth represents a path, not a destination, as we continue to improve in all facets.

 <p><b>Courses, Curriculum, Instruction:</b></p>	<p>Anchored by state and national standards, district curricula provides a roadmap for student success. Students learn in a fully inclusive environment that offers abundant opportunities for blended learning. Our teachers prepare students for success on state assessments while fostering social and emotional growth.</p>
 <p><b>Sports and Athletics:</b></p>	<p>Sports Offered: Basketball (Boys &amp; Girls), Soccer (Co-ed)</p> <p>New Hanover Township School offers the opportunity for students to participate in soccer, basketball, and cheer. These programs teach our students the benefits of teamwork, dedication, and determination. Year after year, NHTS' athletic program prepares our student/athletes to succeed at the high school level.</p>
 <p><b>Clubs and Activities:</b></p>	<p>The district offers students the opportunity to participate in Student Council, Yearbook, Safety Patrol, Junior Beta, and Four H Clubs. Additionally, students have the opportunity to participate in the school community as peer mentors.</p>
 <p><b>Before and After School Programs:</b></p>	<p>The district offers after school and summer tutoring for students. The goal of our extended learning programs is to prepare students to succeed on assessments of preparedness for college and career. Tutoring sessions are conducted by district staff and teach students skills needed to be successful beyond the classroom.</p>

 <p><b>Staff and Professional Learning:</b></p>	<p>Along with providing in-house professional development through full day trainings and monthly faculty meetings, the district commits funding for staff to seek personalized professional development. In previous years, district-wide professional development priorities have included Google classroom, differentiated instruction, inclusive teaching strategies, and social/emotional learning techniques.</p>
 <p><b>Student Supports and Services:</b></p>	<p>For the past three years, the District has participated in a shared service agreement with North Hanover Township School District. While this arrangement has fiscal benefits to both districts, the impact on our students' has been immeasurable. As a small district, we sometimes have to search for solutions. We are grateful for the opportunity to work with North Hanover for the benefit of our students.</p>
 <p><b>Student Health and Wellness:</b></p>	<p>The health and wellness of student body remains a top priority of the district and community. Along with instruction in health and physical education, NHTS offers a comprehensive nutritional plan that includes breakfast. Additionally, NHTS works closely with local agencies, including the Wrightstown-New Hanover Township Municipal Alliance to teach students the importance of healthy lifestyle choices.</p>
 <p><b>Parent and Community Involvement:</b></p>	<p>NHTS prides itself on the strength of our parent/community involvement. Our PTO works tirelessly to provide events for students and parents including Touch-A-Touch, movie night, dances, Trunk-or-Treat, and the local running series. Additionally, the district has partnered with Joint Base Dix-Maguire-Lakehurst to create a military mentor program. Parents have access to student progress in real time via OnCourse's Parent Portal. This remains an area of strength for the district.</p>

 <p><b>Climate Surveys:</b></p>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Students, Parents, Teachers</p> <p>Each year, NHTS surveys various stakeholders regarding their perceptions of school climate. Most recently, a committee of teachers gather school climate perception data from students and staff via the Department of Education's Model School Climate Survey. In previous years we have gathered data from parents and community members. This information drives a multitude of decisions regarding school programming.</p>
 <p><b>Facilities:</b></p>	<p>Constructed in 1938 as a product of the Roosevelt's New Deal and designed by the renowned architect Alexander Merchant, the New Hanover Township is an aesthetic gem to the community. While the exterior reflects neoclassical design, the interior boasts the modern amenities of an active learning space including multimedia center, computer lab, and state of the art HVAC system. At NHTS, we take great pride in blending our traditional appearance with modern, evolving infrastructure.</p>

Serving the communities of Wrightstown and Cookstown, the New Hanover Township School is a safe, successful learning environment for students in grades PreK-8. Students and staff benefit from the small learning environment that allows for the individualized instruction designed to meet individualized needs. The results have been spectacular student achievement growth. We are proud to meet the needs of our school community.
