

(e) The State Planning Commission shall give priority consideration to petitions for endorsement involving county master plans, regional strategic plans and urban complex strategic revitalization plans, and municipal master plans submitted as a part of a county plan or subsequent to the endorsement of a county plan if the county supports the municipal master plan as consistent with the endorsed county plan, regional strategic plan or urban complex strategic revitalization plan, as a way of encouraging municipalities to participate in county plans, regional strategic plans or urban complex strategic revitalization plans for endorsement.

(f) Where an urban complex strategic revitalization plan is not possible, a municipal strategic revitalization plan is encouraged.

(g) After consulting with other State agencies, the State Planning Commission shall issue Plan Endorsement Guidelines as to the information that generally should accompany plan endorsement petitions in order to demonstrate that the petitioner's plan is consistent with the State Development and Redevelopment Plan. The State Planning Commission shall modify the information necessary to complete a petition for plan endorsement based on the type of plan being considered for endorsement and the characteristics of the area covered by the plan endorsement petition. The plan and supporting materials submitted for plan endorsement shall be reviewed by the State Planning Commission in its entirety in determining consistency with the State Development and Redevelopment Plan. The State Planning Commission shall periodically consult with municipalities, counties, regional entities, and State agencies to determine whether the Plan Endorsement Guidelines should be revised.

(h) Plans shall be endorsed only if they are internally consistent and demonstrate consistency with the State Development and Redevelopment Plan.

(i) All relevant plan endorsement documents enclosing initial and advanced petitions for plan endorsement and amendments to an endorsed plan shall be submitted to the State Planning Commission and Executive Director of the Office of Smart Growth, who shall serve as agent for the State Planning Commission in the administration of this subchapter.

(j) The State Planning Commission may, at its discretion, appoint one or several subcommittees to hear and review the petitions, but only the State Planning Commission may take final action on a petition for plan endorsement.
