## OVER-THE-COUNTER PERMITS

### STREAM ENCROACHMENT (609) - 292 - 4869

DEP now has a one-day processing service for certain minor stream encroachment permits. This "over-the-counter" service is limited to minor projects which do not adversely change the water carrying capacity of the floodway, do not increase erosion or sedimentation in the stream, and do not require substantial channel modification or relocation. For further information contact the Bureau of Flood Plain Management, P.O. Box CN029, Trenton, NJ 08625

### RIPARIAN (609) - 292 - 2613

DEP has a one-day processing service for minor Riparian projects. This over-the-counter service applies to water-front construction activity in man-made lagoons and minor maintenance and/or repair or replacement of lawful existing structures. For further information contact Riparian Lands Management, P.O. Box 1889, Trenton, NJ 08625.

### SEWER EXTENSIONS (609) 292 - 0700, or (609) - 292 - 4869

DEP has a one-day processing service for "minor" sewer extension projects. Eligible projects must meet certain criteria, such as, length of 1000 linear feet or less, cost of \$25,000 or less, sewage flow per day of 12,000 gallons or less. No projects with pump stations, force mains, syphons, gallorage transfers or holding tanks will be processed over-the-counter. Projects can not be located in areas under sewer ban, administrative orders, or litigation.

Projects must be in-house by 9:30 a.m., and all administrative documents must be in proper order. Pre-application conferences are strongly recommended. Appointments for over-the-counter processing should be arranged through the Office of Business Advocacy (below). For further information contact:

(Recent press releases in capsule form)

Jan. 26--GOVERNOR BYRNE ACTS ON TOXIC POLLUTION--Governor Brendan Byrne, on recommendation of Commissioner of Environmental Protection Daniel J. O'Hern, acted on public concern about toxic pollution by asking that an independent committee headed by Dr. Irving Selikoff, of Ridgewood, chairman of the Mt. Sinai School of Medicine, New York, review the Hackensack Meadowlands mercury situation and its potential public health impacts, and make recommendations; directed the Attorney General to request an expedited decision on litigation by the state, seeking cleanup by a private corporation allegedly responsible for that problem, and called for the Carter administration to support comprehensive federal legislation to assist states in funding cleanup programs and compensation for toxic pollution.

\* \* \*

Jan. 30--HISTORIC PRESERVATION GRANTS ANNOUNCED--Governor Brendan Byrne announced approval of 17 matching grants, totaling \$600,000, for preservation of historic sites and buildings. Grants administered by DEP went to municipal, state and private applicants in 10 counties.

\* \* \*

Feb. 1--MONMOUTH CAFRA PERMIT APPROVED--DEP conditionally approved a Coastal Area Facility Review Act (CAFRA) permit for a 316-unit garden apartment complex on 32 acres along Route 36 in Middletown Township, Monmouth County. The applicant, Thousand Oaks, Inc., must submit final engineering plans and an assessment of impacts on Route 36 for DEP approval before construction begins.

\* \* \*

Feb. 1--MAYOR ORDERS POLLUTED MAHWAH WELL CLOSED--Sources of organic pollution of a Mahwah water supply well will be investigated by DEP. Mahwah's mayor ordered the well closed on recommendation of state and federal agencies. DEP's Bureau of Potable Water will report any related information to Mahwah Township before it is made public. These points were agreed upon at a meeting of Township officials, DEP, the New Jersey Department of Health and the U.S. Environmental Protection Agency. Testing will continue among Mahwah's other wells, while the township seeks another source of water to replace the closed well.

\* \* \*

Feb. 1--HISTORIC SITES COUNCIL ELECTS--Mrs. Pauline S. Miller of Toms River was elected chairperson of the New Jersey State Historic Sites Council and Trust. Others elected are Mrs. Grace Hagedorn of Berkeley Heights, vice-chairperson, and Charles Bailey of Westfield, treasurer. Other council members are Mrs. Frederic Frelinghuysen, Princeton; Mrs. John Kean, Elizabeth; Mrs. Benjamin Waldman, New Milford; Charles Birmingham, Red Bank, and William H. Stephenson, Monmouth Hills.

\* \* \*

Feb. 2--DEP REJECTS ROXBURY LANDFILL PLAN--Frank Fenimore, Inc., was ordered to halt solid waste disposal at its facility in Roxbury Township, Morris County, by February 24 after DEP rejected engineering plans for the facility. Among inadequacies in the plan were lack of a timetable of proposed environmental improvements, no provision, such as performance bond, to insure leachate does not pollute water after the facility is closed; planned spray irrigation can degrade water quality, while the plan lacks provision for off-site leachate disposal or storage.

\* \* \*

Feb. 2--PHYSICAL CHECKS FOR RESIDENTS OF MERCURY AREA--Starting February 13, DEP and the Department of Health will conduct sampling of hair and blood of persons living or working in the vicinity of Berry's Creek in the Hackensack Meadowlands, where mercury pollutes the soil. Despite no evidence that mercury has affected human health, the checks will reveal any possible uptake of mercury by people. Questionnaires will further check on possible health impacts.
