Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Coastal Permit: A permit or an authorization issued under this chapter pursuant to CAFRA, the Wetlands Act of 1970, N.J.S.A. 13:9A-1 et seq., or the Waterfront Development Law, N.J.S.A. 12:5-3.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway, floodplain or riparian zone in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules. Highlands Applicability Determinations verifies certain exemptions allowed by the regulations.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA). In addition, this publication lists status of Highlands application and Highlands Applicability Determinations.

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally, their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs
Attn: Adjudicatory Hearing Requests
Department of Environmental Protection
PO Box 402
Trenton, NJ 08625-0402

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
ATLANTIC SHORES SOUTH OFFSHORE WIND
PERMIT APPLICATIONS
NOTICE OF PUBLIC HEARINGS & FACT-FINDING MEETINGS**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION (“NJDEP”) has decided to hold public hearings and fact-finding meetings in response to the submission of State permit applications to the NJDEP’s Division of Land Resource Protection (“Division”) by Atlantic Shores Offshore Wind LLC (now known as Atlantic Shores Offshore Wind Project 1, LLC and Atlantic Shores Offshore Wind Project 2, LLC) for the Atlantic Shores South Offshore Wind Project. The Atlantic Shores South Offshore Wind Project is comprised of Project 1 and Project 2 (collectively, the “Projects”).

The State permit application for Project 1 requests a CAFRA Individual Permit, Waterfront Development Individual In-Water Permit, a Freshwater Wetlands Special Activity Transition Area Waiver for Linear Development, and a Freshwater Wetlands Letter of Interpretation and proposes the installation of the portion of the electric transmission export cable within New Jersey State waters within the Atlantic Ocean off the coast of Atlantic City in Atlantic County, the landfall of this export cable in Atlantic City, the installation of the onshore portion of the export cable to a proposed onshore substation located on Fire Road in Egg Harbor Township, Atlantic County, and the installation of the remainder of the export cable to a point of interconnection for the Cardiff substation in Egg Harbor Township, Atlantic County. The NJDEP’s file number for the Project 1 application is 0000-21-0022.2 LUP240001 & LLI240001.

The State permit application for Project 2 requests a Waterfront Development Individual In-water Permit and proposes the installation of the portion of the electric transmission export cable within New Jersey State waters within the Atlantic Ocean off the coast of the Borough of Sea Girt in Monmouth County. The NJDEP’s file number for the Project 2 application is 0000-21-0022.3 LUP240001.

The overall Atlantic Shores South Offshore Wind Project consist of up to 200 wind turbine generators (WTGs), up to 10 offshore substations (“OSSs”), up to 1 permanent meteorological (“met”) tower, up to 4 temporary meteorological and oceanographic (“metocean”) buoys, interarray and interlink cables, and export cables that will be located in Federal offshore waters approximately 8.7 miles from the New Jersey shoreline within Bureau of Ocean Energy Management (“BOEM”) Lease Area OCS-A 0499 (“Lease Area”) as well as accompanying electric transmission cables from the Lease Area to two landfall points in Atlantic and Monmouth counties. Additionally, the Projects consist of work within State waters and onshore as described above. Please note that the portion of the Projects within Federal waters was determined to be consistent with the enforceable policies of the Coastal Zone Management Rules (N.J.A.C. 7:7-1.1 et seq.) on April 1, 2024 under Federal Consistency Certification #0000-21-0022.1 CDT210001.

The Projects would contribute to New Jersey’s goal of 11 gigawatts (GW) of offshore wind energy generation by 2040 as outlined in New Jersey’s Governor’s Executive Order No. 307, issued on September 21, 2022. Further, Project 1 is intended to fulfill the New Jersey’s Board of Public Utilities (“NJBP”) September 9, 2020 second solicitation for 1,200 to 2,400 megawatts (MW) of offshore wind that was awarded to Atlantic Shores Offshore Wind for 1,510 MW of offshore wind on June 30, 2021 (NJBP Docket No. QO21050824).

The scheduled public hearings/fact-finding meetings will consist of two (2) virtual public hearings/meetings and one (1) in-person public hearing/meeting. The scheduled two (2) virtual public hearings/meetings will be held on Tuesday May 14th, 2024 starting at 6 pm with a maximum end time of 9 pm and on Wednesday May 29th, 2024 starting at 1 pm with a maximum end time of 4 pm. The scheduled in-person public hearing/meeting will take place in the auditorium of Central Regional High School located at 509 Forest Hills Parkway in Bayville, New Jersey on Tuesday May 28th, 2024 starting at 5 pm with a maximum end time of 8 pm. Please be advised, the public hearings/meetings may conclude before the above specified end times in the event no additional commenters wish to speak.

Members of the public may participate in the virtual hearings/meetings via video conference or by telephone. Those who wish to participate can access the link and call-in information for the virtual hearings/meetings by visiting the “News & Notices” section of the Division’s webpage at <https://www.nj.gov/dep/landuse/> or the NJDEP’s Offshore Wind webpage at

<https://dep.nj.gov/offshorewind/>. Those planning to offer comments at the in-person hearing/meeting may sign up to do so during the hearing/meeting.

Project information is available to review at: www.nj.gov/dep/offshorewind/outreach.html#comment

The applications for the Projects can be reviewed by prior scheduled appointment at the NJDEP's Trenton Office or by requesting an electronic copy of the application by contacting <https://www.nj.gov/dep/opra/opraform.html> as part of an Open Public Records Act ("OPRA") request submitted to the NJDEP's Trenton Office.

The NJDEP welcomes comments and any information that you may provide. The NJDEP encourages the submission of written comments electronically within fifteen (15) days of the close of the May 29th, 2024 virtual public hearing/fact-finding meeting at www.nj.gov/dep/offshorewind/comments.html. Written comments may also be submitted to the New Jersey Department of Environmental Protection, Division of Land Resource Protection, P.O. Box 420, Code 501-02A, Trenton, New Jersey 08625, attn: Janet Stewart, Manager.

There is no need for duplicate electronic and hard copy submissions. All comments submitted will be maintained by the NJDEP.
