14. Description of the services provided to the Recovery Program Participant during the quarter (i.e. activities conducted, such as meetings, document review, staff training, etc.):

a) IM Response

The Monitor reviewed the latest draft of the SSBCI Angel Match Program Policies and Procedures, Revised November 1, 2024.

NJEDA staff provided the monitor with updated organizational charts as well as a change log detailing organizational updates and the corresponding impact on roles and responsibilities, clearly identifying separations, additions, and updates.

In a separate but related task order, the Monitor met with NJEDA staff to review and discuss the program-wide risk assessment, which provides insights into the organization. NJEDA staff provided the monitor with a number of SSBCI policies, procedures, and process documents, including supplemental materials such as samples and templates. The Monitor notes that the NJEDA staff updated key policies within the last year, as well as underwent organizational changes. The Monitor reviewed the updated organizational chart, policies and procedures, as well as documentation related to applicant evaluation and program funding allocation processes. Additionally, the Monitor met with NJEDA staff to discuss the implemented risk mitigation measures concerning program administration, applicant selection, funding allocations, and evaluation criteria to ensure fairness and compliance with regulatory guidelines. This discussion, coupled with the Monitor's review of reporting documentation, indicates that program-wide progress reporting has been thoughtfully considered and that programs are generally well-monitored.
