JOHN McCUTCHEON
Comptroller

To All Departments and Institutions

This handbook of appropriations for the fiscal year beginning July 1, 1933, and ending June 30, 1934, is published for the benefit and information of all parties concerned.

The several items composing the act herein contained are hereby declared to be appropriations for the fiscal year above mentioned for the purposes therein expressed.

In order that some degree of flexibility in appropriations may be had, and to meet contingencies not apparent at the passage of the act, the Comptroller, by authority vested in him under section 8 of Chapter 140, Laws of 1930, will make such correction of titles or text, or both, of appropriations necessary to make them available for the purpose or purposes intended, at such time as the necessity for them may be presented to him by the various boards, institutions, commissions or officials of the State.

Attention is directed to section one of the act with reference to the availability of the appropriations for the period of three months after the close of each fiscal year. State officers are advised that by reason of the enactment of this clause all unexpended balances will arbitrarily lapse at the close of the three months' period, except it be reserved as provided therein.

All miscellaneous receipts must be forwarded monthly in accordance with the law as heretofore, and each institution will be credited with the amount so received, but cannot use any sum in excess of the amount appropriated by the Appropriation Committee.

Every effort will be made by this Department to facilitate the payment of bills, and there should be no difficulty in each department and institution forwarding schedules of bills within five

days after the close of each month. Schedules should not be held simply because some firm with whom the institution is doing business fails to send in their invoice at the proper time. It might be better to forward a supplemental schedule later in the month.

This Department is enabled at all times to pass bills to payment promptly, and it is sincerely hoped that bookkeepers of institutions will make every effort to forward their schedules as frequently as they desire, and that they call upon this Department whenever it is desirable for such assistance as may be needed to expedite payments.

Institutional bookkeepers are directed to pay strict attention to copies of requisitions forwarded by the Purchasing Agent, and debit same against their appropriation when received. They become debits against the appropriation notwithstanding the fact that the goods ordered under the requisition have not been received. A prompt compliance with this will make it impossible for bookkeepers to carry balances different from this Department, as has occurred frequently in the past.

In submitting vouchers for reimbursement of personal expenditures hereafter, receipts will be required for hotel expenditures, Pullman car, and any miscellaneous expenditure for \$5.00 or excess thereof.

It shall be lawful for the State Comptroller during the last month of the fiscal year to retain in his possession, out of the moneys appropriated but unexpended, a sum sufficient to pay all bills for which requisitions have been issued in accordance with the provisions of this act during the said fiscal year, but which remain unpaid.

5. It shall be the duty of the State Treasurer to pay, on the warrant of the Comptroller, all bills which have been duly certified according to the provisions of this act.

Such application shall only be made during the current year for which the appropriation was made, and if the State House Commission shall consent thereto, it shall notify the Comptroller thereof in writing, whereupon the Comptroller shall place the amount so transferred to the credit of the item so designated; *provided, however*, that no sum appropriated for any permanent improvement shall be used for maintenance or for any temporary purpose.

5. The Comptroller of the Treasury is hereby authorized, empowered, directed, and it shall be his duty to make such correction of the title or text, or both, of an appropriation, necessary to make such appropriation available for the purpose or purposes of its intention. Such correction shall be by written ruling, reciting in appropriate details the facts thereof, and the reasons therefor, attested by the signature of said Comptroller and

filed in the Department of the Comptroller of the Treasury as an official record thereof, and any action thereunder, including disbursements and the audit thereof, shall be legally binding and of full force and virtue.

9. The State House Commission is hereby empowered, notwithstanding any other provision of the law, to transfer from the various appropriations for construction, reconstruction, additions to and betterments of State building and appurtenances thereto, herein contained, to the appropriation for the division of architecture and construction of the Department of Institutions and Agencies a sufficient sum to pay for the cost of all architectural work, superintendence and other expert services in connection with such work.

10. The Comptroller of the Treasury may, upon application therefor, allot from appropriations made to any official, department, commission or board a sum, not in excess of three hundred dol-

lars, to establish a petty cash fund, for the payment of expenses not in excess of five dollars. The allotment thus made by the Comptroller shall be paid to such person as shall be designated as the custodian thereof by the official, department, commission or board making request therefor, and the money thus allotted shall be disbursed by such custodian, who shall require from all persons obtaining money from said fund a receipt therefor. Such receipts shall by such custodian be forwarded monthly to the Comptroller of the Treasury for audit, and the Comptroller of the Treasury shall likewise make regulations governing disbursements from petty cash funds.

12. This act shall take effect on the first day of July, one thousand nine hundred and thirty-three.

CHAPTER 363, LAWS OF 1933

AN ACT creating the office of Commissioner of Finance and defining his powers and duties.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. The intent of this act is to provide control by the Governor over State expenditures, to aid the several departments, boards, institutions, commissions, officers and other agencies of the State government to exercise greater restraint in the spending of money available for their uses through legislative appropriation by the adoption of a system of allotments. The ultimate purpose of this act is to provide complete legislative and executive control over every State expenditure; *provided*, that nothing contained in this act shall apply to mandatory dedications under subdivision (d) of section sixteen of chapter one hundred and forty-two of the laws of one thousand nine hundred and thirty-one as amended by chapter one hundred and ninety-three of the laws of one thousand nine hundred and thirty-three.

2. The office of State Commissioner of Finance is hereby created.

3. The Governor shall appoint the Commissioner of Finance, who shall serve at the will of the Governor. He shall receive compensation at the rate of ten thousand dollars (\$10,000.00) per annum, to be paid out of the State treasury as other officers are paid. He shall carry into effect and execute the provisions of this act under the authority, direction, supervision and control of the Governor. He shall appoint such clerical and technical assistants as may be necessary, subject to the approval of the Governor. He shall co-operate with the State Budget Commissioner and furnish such information to the State Budget Commissioner as

the said State Budget Commissioner may request in the performance of his duties in compiling the budget.

4. On or before June first in each year the Commissioner of Finance shall require each department, board, institution, commission, officer or other State agency, hereafter in this act referred to collectively as "spending agencies," which has received an appropriation for its operation, maintenance or other purpose or purposes, which appropriation will be available for the ensuing fiscal year, to file with the Commissioner of Finance, on forms provided by him, a work program for the ensuing fiscal year, such program to include all appropriations made available to the spending agency and setting out allotments requested by such spending agency, by quarters, for the entire fiscal year. Such program and allotment request shall be signed by the executive officer of the spending agency and may be made by the officer hereinafter called "request officer" who shall be designated by each spending agency for that purpose. In the case of the judiciary, the request officer shall be the clerk of the Court of Errors and Appeals, under the direction of the Chancellor and the Chief Justice of the Supreme Court. However, the Legislature shall be exempt from submitting any program of work or quarterly allotment request. The Commissioner of Finance shall review the requested allotments with respect to the work program of each spending agency, and shall, if he deems it necessary, revise, alter or change such allotments before approving the same. In no case shall the aggregate of such allotments for any spending agency exceed the total appropriations made available to such spending agencies for the fiscal year to which they apply. The Commissioner of Finance shall, if he approves the requested allotments, transmit a copy as approved to the request officer of the spending agency concerned and also a copy to the Comptroller of the Treasury. The Comptroller thereupon shall warrant for payment all expendi-

tures to be made from appropriations on the basis of such allotments and not otherwise. If the Commissioner of Finance disapproves of the requested allotments he shall communicate to the request officer of the agency whose allotment request is disapproved the item or items which do not meet with the approval of the Commissioner of Finance and shall co-operate with such spending agency to bring about a satisfactory work program and allotment of appropriation.

The head of any spending agency, through his request officer, whenever he deems it necessary by reason of changed conditions or for some other cogent reason, may revise the work program of his department at the beginning of any quarter during the fiscal year and submit such revised program to the Commissioner of Finance with his request for a revision of allotments for the remaining quarters of that fiscal year. If upon examination of the revised work program the Commissioner of Finance shall decide to grant the request for the revision of allotments, the same procedure shall be followed as in making the original allotment.

In order to provide some degree of safety to meet emergencies arising during each fiscal year in the expenditure for operation or maintenance or construction by the various spending agencies of the State government, the Commissioner of Finance, with the approval of the Governor, shall require the request officer of each spending agency, in making the original allotments, to set aside a reserve, the exact amount of which shall be determined by the Commissioner of Finance, of the total amount appropriated to the spending agency. At any time during the fiscal year that occasion may require, this reserve or any portion of it may be returned to the appropriation to which it belongs or may be added to any one or more of the quarterly allotments, providing the Commissioner of Finance finds such action necessary.

5. It shall be the duty of the Comptroller of the Treasury to forward to the Commissioner of Finance every purchase order or request for permission to spend, after preauditing same as to legality, amount and availability of appropriation therefor, and the Commissioner of Finance shall either approve or disapprove of such purchase order or request for permission to spend. If approved, he shall forward to the Purchase Commissioner in the case of the purchase of materials or supplies and return it to the Comptroller for payment when it is for other purposes, except that all payrolls shall be forwarded to the Civil Service Commission. The certification by the Comptroller and approval by the Commissioner of Finance shall be sufficient authority for the Purchase Commissioner to purchase the materials and supplies for the various spending agencies.

6. Any request for inter- or intra-departmental transfers of appropriations or any request for allotments from any emergency fund shall be sent to the Commissioner of Finance and shall be accompanied by a revised work program and allotment request. The Commissioner of Finance shall, within forty-eight hours after the receipt of such request, forward it to the State House Commission with his approval or disapproval, and stating his reasons for his decision. Thereupon the State House Commission shall consider such request and the recommendation of the Commissioner of Finance and shall make public its disposition of such request together with the recommendations forwarded to it by the Commissioner of Finance.

7. In any case where the action or decision of the Commissioner of Finance is not in accord with the work program and allotment request or any purchase order or request for permission to spend submitted by any spending agency is disapproved by the Commissioner of Finance, such spending agency may appeal to the Governor, setting forth its reasons for any change in the decision of the

Commissioner of Finance, and the Governor's ruling shall be final; *provided, however*, at the commencement of any quarterly allotment period a spending agency may again appeal to the Governor for any change from the schedules set up by the Commissioner of Finance.

8. All files and other records of the Commissioner of Finance shall be available at any time for the inspection and examination by any member of the Legislature and any committee thereof and to the newly elected incoming Governor and to any nominee designated by him.

9. This act shall be liberally construed.

10. All acts or parts of acts inconsistent with the provisions of this act are hereby repealed and this act shall take effect immediately.
