

(f) Entries shall be allowed in an exacta race. "Fields" are permitted in an exacta race. If two or more horses in an exacta race are listed as "field" on the same totalisator ticket, there shall be no refunds, unless all the horses so listed are excused before off-time.

(g) In exacta races with a coupled entry or mutuel field, the numbers of the first two horses in order of finish as made official shall constitute the winning exacta combination except that where two or more of these horses are part of the same coupled entry or mutuel field, only the best finishing position attained by the coupled entry or mutuel field shall be considered for exacta payoff purposes and the next best finishing horse or horses, not part of the same coupled entry or mutuel field, shall be determined to comprise the winning exacta combination. Should any horse not part of any coupled entry or mutuel field finish in a dead heat for second place with a horse that is part of the same coupled entry or mutuel field as the first-place finishing horse, the winning exacta combination shall consist of the first-place coupled entry or mutuel field with said dead heated horse.

Amended by R.1995 d.660, effective December 18, 1995.  
See: 27 N.J.R. 3763(a), 27 N.J.R. 5032(c).

### 13:71-27.47 Daily double

(a) Before off-time of the second half of the daily double there shall be posted on the public board, readable from the stands, the pay-off each combination coupled with the winner of the first half of the daily double.

(b) In the event of a dead heat for the straight pool in the first half of the daily double, or the event of a consolation pool, it shall not be deemed necessary to compute and post the actual pay-off prices on all the various combinations of the daily double before the running of the second half of the double. However, an effort should be made to compute the double prices and to announce them to the public over a loud-speaker system prior to the running of the second half of the double.

(c) The daily double is not a parlay. All tickets on the daily double will be calculated in an entirely separate pool.

(d) The principle of a daily double is in effect a contract by the purchaser of a daily double ticket to pick (select) the winners of each of the two races specified for the daily double.

(e) If the purchaser of a daily double ticket fails to pick the winner of the first half of the daily double, his contract is void, unless circumstances occur as described in (l), (m), (n) and (o) below. If these conditions do not apply, then irrespective of what happens to the horse selected in the second half of the daily double, there is no refund because the patron has failed to fulfill the first half of the contract which is to pick the winner of the first half of the daily double.

(f) If a horse in the first half of the daily double is excused by the stewards before off-time, all money wagered on any horse or horses so excused shall be deducted from the daily double pool and be refunded to the purchaser or purchasers of tickets on the horse or horses so excused.

(g) In the event a horse is excused in the second half of the daily double after the first race is official, all daily double tickets combining the scratched horse with the actual winner of the first race of the daily double shall be paid a price equivalent to that fraction of the net pool derived by dividing the net pool by the total purchase price of all tickets combining the winner of the first race of the daily double with all horses in the second half of the daily double. The total pay-off of all tickets combining the winner of the first race of the daily double with the scratched horse in the second half of the daily double as determined by the method set forth in this rule shall be deducted from the net daily double pool.

(h) After off-time, there shall be no refund in either of the above cases, provided for in (f) and (g) above.

(i) For the purpose of figuring the daily double, when horses are locked in the gate they shall be considered as having been excused by the stewards; and (f) and (g) above shall be enforced.

(j) If, for any reason, the first race of a daily double is cancelled and declared "no race", full and complete refund will be made of the daily double pool. If, for any reason, the second race of a daily double is canceled and declared "no race", the daily double pool shall be distributed to the holders of the daily double tickets on the winner of the first race in the same manner as the straight pool of the first race is distributed, except as to the amount of distribution, which shall be controlled by the amount bet in the daily double pool.

(k) Except for the contingencies stated below, the daily double is calculated in the same general manner as the straight pool.

(l) If no ticket is sold combining both winners of the daily double, the net pool shall then be apportioned between those having tickets including the winner of the first race of the daily double and those having tickets including the winner of the last race of the daily double and shall be calculated and distributed as a place pool.

(m) If no ticket is sold including the winner of the first race of the daily double, then the entire net pool will be paid to the holders of tickets which include the winner of the last race of the daily double.

(n) If no ticket is sold including the winner of the last race of the daily double, the entire net pool will be paid to the holders of tickets which include the winner of the first race of the daily double.

(o) If no ticket is sold including a winner of either race of the daily double, then the entire net pool will be paid to the holders of tickets which include the horses finishing second in the two races of the daily double.

(p) If either race of the daily double results in a dead heat, the pay-off will be figured the same as a place pool; that is, first, the regulation commission is deducted, then the total amount wagered on the winning combination is deducted, leaving the profit which is divided equally between holders of the winning combinations.

### 13:71-27.48 Quiniela

(a) The principle of a quiniela is, in effect, a contract by the purchaser of a quiniela ticket to select the first two horses to finish in a race. The order in which the horses finish is immaterial. The quiniela is not a "parlay" and has no connection with or relation to win, place or show betting, and will be calculated in an entirely separate pool.

(b) Entries shall be allowed in a quiniela race.

(c) In cases of a dead heat between two horses for first place, the combination shall be the winner of the quiniela pool.

(d) In case of a dead heat between two horses for second place, the pool shall be figured as a place pool, the holders of tickets combining the winning horse and the two horses finishing second participating in the payoff.

(e) In the case of a dead heat for second place, and no ticket is sold on one of the two winning combinations, the entire net pool shall be calculated as a win pool and distributed to those holding tickets on the winning combination.

(f) If no ticket is sold on the winning combination of a quiniela pool, the net pool shall be apportioned equally between those having tickets including the horse finishing first and those having tickets including the horse finishing second, in the same manner in which a place pool is calculated.

(g) If no ticket is sold that would require distribution of a quiniela pool to a winner as defined in (a) through (f) above, the association shall make a complete and full refund of the quiniela pool.

(h) In case of a scratch in a quiniela race, the patron holding a ticket on the scratched horse will receive a refund.

### 13:71-27.49 Break to nickel in the event of a minus pool

The minimum parimutuel payoff by any licensee conducting parimutuel wagering shall be \$2.10 on each winning \$2.00 wager. This shall pertain only in the event that there is insufficient money in the net parimutuel pool to return \$2.20 on each \$2.00 wager.

### 13:71-27.50 Trifecta

(a) The trifecta (or other approved name) is a form of parimutuel wagering. Each bettor selects, in order, the first, second and third placed horses in the designated trifecta race. The trifecta pool shall be held entirely separate from all other pools, and is no part of a daily double, exacta or other wagering pool.

(b) Trifecta tickets shall be sold in not less than \$1.00 denominations and only from machines capable of issuing three numbers.

(c) Races in which trifecta pools shall be conducted shall be approved by the Commission and shall be clearly designated in the program.

(d) The design of trifecta tickets shall be clearly and immediately distinguishable from other parimutuel tickets.

(e) If a horse is scratched or declared a nonstarter, no further trifecta tickets may be issued designating such horse and all trifecta tickets previously issued designating such horse shall be refunded and the money deducted from the gross pool.

(f) Rules concerning failure to select a winning combination, short finishes include:

1. If there is a failure to select, in order, the first three horses, payoff shall be made on trifecta tickets selecting the first two horses, in order with all others; failure to select the first two horses, payoff to trifecta tickets selecting the winner and third place horse with any and all other horses; failure to select any of the foregoing orders of finish, payoff shall be made to trifecta tickets selecting the winner to win with all other horses; failure to select the winner to win, payment shall be made to holders of tickets on the second and third place finishers with any and all others.

2. If less than three horses finish, payoff shall be made on tickets selecting the actual finishing horses in order, ignoring the balance of the selection.

(g) Coupled entries and fields are prohibited in trifecta races without the prior approval of the Racing Commission. The Commission, in considering whether to grant such approval, shall consider the number of wagering interests in the race and whether its approval would be consistent with the best interests of the sport and the wagering public.

(h) Where a field in a trifecta race is less than six at wagering time, said race will be run as an exacta. A late scratch after wagering starts will not affect the trifecta.

(i) In trifecta races with a coupled entry or mutuel field, the numbers of the first three horses in order of finish as made official shall constitute the winning combination except that, where two or more of such horses are part of the same coupled entry or mutuel field, only the best finishing position attained by the coupled entry or mutuel field shall be considered for payoff purposes and the next best finishing horse or horses, not part of the coupled entry or mutuel field, shall be selected to determine the winning trifecta combination.

(j) This rule shall be prominently displayed throughout the betting area of each track conducting the trifecta and printed copies of this rule shall be distributed by the track to patrons upon request.

### 13:71-27.53 Super-Six

(a) The Super-Six (or other approved name) is a form of pari-mutuel wagering. Each bettor selects the first horse in each of six consecutive races designated as the Super-Six races by the permitholder. The principle of a Super-Six is in effect a contract by the purchaser of a Super-Six ticket to select the winners of each of the six races designated as the Super-Six.

(b) The Super-Six pool shall be held entirely separate from all other pools and is no part of a daily double, exacta, trifecta or other wagering pool. The Super-Six pool is a pool wherein the bettor is required to select six consecutive winning horses and is not a parlay.

(c) Super-Six tickets shall be sold in not less than \$1.00 denominations and only from machines capable of issuing six numbers.

(d) Races in which Super-Six pools shall be conducted shall be approved by the Commission and clearly designated in the program.

(e) The design of Super-Six tickets shall be clearly and immediately distinguishable from other pari-mutuel tickets.

(f) The Super-Six pari-mutuel pool shall be calculated as follows:

1. 100 percent of the net amount in the pari-mutuel pool subject to distribution among winning ticket holders shall be distributed among the holders of pari-mutuel tickets which correctly designate the official winner in each of the six races comprising the Super-Six.

2. In the event there is no pari-mutuel ticket held which correctly designates the winner of all races comprising the Super-Six, 25 percent of that racing date's net amount available for distribution shall be distributed among the holders of pari-mutuel tickets correctly designating the most winning selections of the six races comprising the Super-Six, and the remaining undistributed 75 percent of said pool shall be carried over and added to the pool on the next day on which wagering is conducted.

3. If, on the last day on which this system of wagering is conducted at a horse race meeting, no bettor selects the winning horses in those races, the total amount of the pool which exists on that day in connection with those races shall be paid to the bettor or bettors who selected the largest number of winning horses in those races. In no event shall any part of the pool be carried over to the next year's race meeting.

(g) Those horses constituting an entry or a field as defined within the rules and regulations of the Commission shall race in any Super-Six race as a single wagering interest for the purpose of the Super-Six pari-mutuel pool calculations and pay-outs to the public. A scratch after wagering has begun of any part of an entry or field selection in such a race shall be of no effect with respect to the status of such entry and/or field as a viable wagering interest.

(h) At any time after wagering begins on the Super Six pool should a horse, entire betting entry or field be scratched or declared a nonstarter in any Super Six race, no further tickets selecting such horse, betting entry or field shall be issued. Wagers upon such horse, betting entry or field, for purposes of the Super Six pool shall be deemed wagers upon the "designated horse" who is the actual favorite evidenced by total amounts wagered in the win pool at the close of wagering on that race or the track operator may allow patrons the option of selecting an alternate betting interest in that race. In the event of a money tie, the tied horse, betting entry or field with the most inside post position shall be designated.

(i) After off-time, there shall be no refund in either of the cases, provided for in (h) above.

(j) For the purpose of this section, when horses are prevented from starting by any malfunction of the starting gate itself they shall be considered as having been excused by the judges.

(k) If, for any reason, any race or races of a Super-Six program is cancelled and declared "No Race," the Super-Six pool shall be distributed to the holders of the most winning selections of the remaining races pursuant to (f)1 and 2 above. In the event the Judges cancel or declare as "No Race" three or more of the Super-Six races for any given date, all pari-mutuel tickets for that Super-Six pool shall be refunded and the Super-Six cancelled for that day.

(l) In the event of a dead heat for win between two or more horses in any Super-Six race, all such horses in the dead heat for win shall be considered as the winning horse in the race for the purpose of distributing the Super-Six pari-mutuel pool.

(m) No person shall disclose the number of tickets sold in the Super-Six pool or the number or amount of tickets selecting winners of Super-Six races prior to the time the Judges have declared the last Super-Six race on any given date official.

(n) No pari-mutuel ticket for the Super-Six pool shall be sold, exchanged or cancelled after the time of the closing of wagering in the first of the six races comprising the Super-Six, except for refunds as required by this section.

(o) This rule shall be prominently displayed throughout the betting area of each association conducting a Super-Six program and in the official racing program.

(p) Should circumstances occur which are not foreseen in this section, questions arising thereby shall be resolved in accordance with general pari-mutuel practice. Decisions regarding distribution of Super-Six pools will be final.

### 13:71-27.54 Daily Triple

(a) The Daily Triple pari-mutuel pool is not a parlay and has no connection with or relation to any other pari-mutuel pool conducted by the association, nor to any win, place and show pool shown on the totalisator board, nor to the rules governing the distribution of such other pools.

(b) A valid Daily Triple ticket shall be evidence of a binding contract between the holder of the ticket and the racing association, and said ticket shall constitute an acceptance of Daily Triple provisions and N.J.A.C. 13:71-27.

(c) A Daily Triple may be given a distinctive name to be selected by the association conducting such races, such as Win 3, subject to the prior approval of the Commission.

(d) The Daily Triple pari-mutuel pool shall consist of amounts contributed for a selection for win only in each of the three consecutive races designated by the association with the prior approval of the Commission. Each person purchasing a Daily Triple ticket shall designate the winning horse in each of the three races comprising the Daily Triple.
