The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school's test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Participation and Performance

This table shows information about the Mathematics section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

Mathematics Assessment - Performance by Test: Algebra II

This table shows participation and performance on the Mathematics section of the Partnership for Assessment of Readiness for College and Careers (PARCC) assessment by end of course exam. This table shows by school and student group the number of valid test scores and the mean scale score for the school, district, and state. It also shows the percentage of students at each performance level and the percentage of students who met or exceeded expectations (Level 4 or 5) for the school and the state.

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	90.5	17.5%
Mathematics Proficiency	78.7	17.5%
English Language Arts Growth	95.9	25.0%
Mathematics Growth	79.1	25.0%
Chronic Absenteeism	62.1	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		82.7
Summative Rating: Percentile rank of Summative Score		93.1

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group’s performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

 <div>Sports and Athletics:</div>	<p>OTS has an outstanding sports program offering a number of different sports. The fall season offers Soccer, Field Hockey, and Cross-Country. Our Boys Soccer and our Cross-Country teams were league champions, with our Girls Soccer team making it to the finals. Winter offers boys and girls Basketball and Ski Club. Spring offers Lacrosse, Track & Field, Softball and Baseball.</p>
 <div>Clubs and Activities:</div>	<p>OTS offers an array of extracurricular activities. Art club, Debate Team, Student Council, 8th grade play production, Frisbee Club, Odyssey of the Mind, Book Club, and Publishing Club, to name a few. The students also attend several dances during the year and assist the PTA in evening events.</p>

 Staff and Professional Learning:	<p>The staff at OTS has an ongoing professional development schedule starting in August and continuing throughout the year. Teachers take ownership in learning and monitoring their growth. A number of staff members are working toward higher degrees in their field of study, and attend state and national conferences and workshops.</p>
 Student Supports and Services:	<p>OTS has several layers of support services for our students. Our Child Study Team works closely with teachers, parents and students with disabilities. We offer in-class support, and a resource classroom. Other students are assisted with a 504 or I&RS support. Every student has a period of enrichment to work individually with their teacher or with student mentors.</p>
 Student Health and Wellness:	<p>A wellness committee was formed and meets throughout the school year. The Wellness Committee is a group of individuals from the school and community, including parents, acting in collaboration to identify concerns, set priorities and design solutions in regard to the health environment of the school.</p>
 Parent and Community Involvement:	<p>Tewksbury has a very supportive community. The PTA is involved in providing volunteers and financial support for a number of class and school activities. The Tewksbury Education Foundation sponsors artists-in-residency programs, assemblies, mini-grants for teachers, funding for the STEM program and the 8th gr. trip to Broadway. The Tewksbury Athletic Association provides physical and social growth through recreational sports.</p>

<div>Climate Surveys:</div>	<p>Is a Climate Survey Used: Yes; Who is surveyed: Teachers</p> <p>A school culture/ climate survey was given to the staff. The results of the survey were reviewed by the committee to identify areas of concern. The staff will assist the committee to have an ongoing input in developing a plan of action to meet the concerns.</p>
<div>Facilities:</div>	<p>Old Turnpike School sits on 11 acres in beautiful Hunterdon County. The main building was built in 1969 with one addition in 1974 and the final addition in 1986. The grounds allow for two softball, one baseball and one soccer field. Additionally there is room for our Cross-Country team to practice running. We have over twenty classrooms including four science labs, library, computer center and gym.</p>

<div>Other Information:</div>	<p>The Tewksbury School District and Old Turnpike School promote an atmosphere dedicated to learning and allowing intellectual curiosity to flourish. The environment must be safe, secure and caring for all students and staff. Tewksbury schools are blessed with strong community based organizations that are very supportive of the schools. The PTA supports teacher’s “Wish Lists”, and provide assembly programs and financial support for multiple school and class programs. The Tewksbury Educational Foundation sponsors artists-in-residency programs to enhance our curriculum in the arts. Additionally they give mini-grants to teachers for a Broadway show, and STEM education for our students.</p>

The **2016-17 School Performance Reports** are designed to share school and district information collected by the New Jersey Department of Education directly with parents, educators, and communities. The Department believes that the greatest potential to improve school performance and student outcomes is through parents, educators, and community members working together. These reports seek to make that process easier by providing information that can help people to:

- **Learn more:** The School Performance Reports contain a wealth of data, going far beyond a school’s test scores to include information about the staff working in a school, student discipline rates, and the sports and clubs offered.
- **Ask questions:** These reports can help start a conversation, but they cannot answer all the questions you might have about schools in your community. Use the contact information provided to engage with faculty and administrators at your schools to ask about the data you see in these reports.
- **Get involved:** Schools need help from parents and communities to help students succeed. Contact your school to find out about school board meetings or parent and community groups.

Navigating through the reports:

- Download this report to a PDF by clicking the  icon at the top of the page.
- Search for specific text or words in these reports by using the search box at the top of the page.
- The menu bar at the top of the page or the table of contents at the left of the screen can be used to move between sections of the report.
- The arrow buttons at the top left of the screen can be used to move between pages of the report.

Other Resources:

- Review the [Parent Summary Report](#) or the [district-level report](#) for this school.

English Language Arts/Literacy Assessment - Participation and Performance

This table shows information about the English Language Arts/Literacy section of the *Partnership for Assessment of Readiness for College and Careers* (PARCC) assessment for the school and each student group. The PARCC assessment has five performance levels, where levels 4 and 5 (met or exceeded expectations) indicate students have demonstrated readiness for the next grade level/course and are on track for college and careers. This table shows the number of valid test scores, the percentage of students that took the test, and the percentage of testers that met or exceeded expectations in the school, the district, and across the state. The last three columns of the table show the accountability proficiency rate, the annual target, and whether the school or student group met its annual target as required by the *Every Student Succeeds Act* (ESSA) accountability. Student groups with the annual target section grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see these [accountability resources](#).

This section of the performance report shows information on student growth which measures how much students are learning each year. Each student receives a **Student Growth Percentile (SGP)** for English Language Arts/Literacy (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7 that explains their progress compared to students who had the same test scores in the prior year.

A student's **SGP** falls between 1 and 99 and can be grouped into three levels: **Low Growth: Less than 35** **Typical Growth: Between 35 and 65** **High Growth: Greater than 65**

If the student growth percentiles for all students in the school are ordered from smallest to largest, the **median student growth percentile (mSGP)** is the percentile in the middle of that list. Watch a short video that explains how **median Student Growth Percentile (mSGP)** is calculated here:
<http://www.state.nj.us/education/njsmart/performance/>

Student Growth

This table shows the **median Student Growth Percentile (mSGP)** for both English Language Arts/Literacy (ELA) and Mathematics for the school and each student group with comparisons to the district and the state. This table also shows whether the school and each student group met the *ESSA* accountability target of 40 for the 2016-17 school year.

This section shows information about student absences which provides important information about a school's culture and climate. In addition, research shows that student absences impact a child's ability to succeed in school. The New Jersey Department of Education selected chronic absenteeism as its measure of school quality and student success for the *ESSA* accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, excused, unexcused or for disciplinary action, is considered absent unless permitted by statute or regulation.

Chronic Absenteeism

This table shows the percentage of students in grades K-12 in the school and each student group who were chronically absent. This table also shows whether the school and each student group met the *ESSA* accountability targets for 2016-17.

Student Group	% Chronically Absent	2016-17 Target	Met 2016-17 Target

Technology Readiness

This table shows information that was collected through the optional NJTRAx survey to determine a school's technology readiness. The student to device ratio shows the number of students for every computer or tablet in the school. The internet speed is the internet bandwidth per 1000 students enrolled in the district measured in megabits per second. The connectivity between schools is a school's LAN network architecture. The NJTRAx survey is optional for schools, so data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device (BYOD) policy may have appear to have a very low Student to Device ratio due to this policy decision.

Per-Pupil Expenditures (District Level)

This section contains information about staff that are assigned to the school and district. Here is an explanation of some of the **key terms used in the staff section**:

Faculty: All classroom teachers and educational support services personnel (such as Librarians, Nurses, Counselors, and Child Study Team members)

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Full-Time Equivalent: In calculations, staff members are weighted based on the percentage of their time that they are assigned to a school or district. For example – a teacher assigned to a school half time would be weighted 50% in calculations, but a teacher assigned to a school full time would be weighted 100% in calculations.

Teachers – Experience

Accountability Indicator Scores and Summative Rating

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of comprehensive support. This table shows the indicator scores for each indicator included in the accountability system and the weights that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state. Schools with a summative rating below the 5th percentile or high schools with a 4-year graduation rate that is less than or equal to 67% are identified for Comprehensive Support. For more information about New Jersey’s accountability system and how these indicator scores were calculated, see these [accountability resources](#).

Accountability Indicator	Indicator Score	Indicator Weight
English Language Arts Proficiency	71.3	17.5%
Mathematics Proficiency	70.9	17.5%
English Language Arts Growth	100.0	25.0%
Mathematics Growth	99.1	25.0%
Chronic Absenteeism	66.6	15.0%
Progress Towards English Language Proficiency (coming 2018)	N/A	N/A
Summative Score: Sum of all indicator scores multiplied by indicator weights		84.7
Summative Rating: Percentile rank of Summative Score		94.9
Requires Comprehensive Support: Summative Rating is less than or equal to 5th percentile		No

Accountability Summary by Student Group

New Jersey has developed a school accountability system as required by the *Every Student Succeeds Act (ESSA)* to identify schools that are in need of Targeted Support. Any student group where the summative score would be in the bottom 5% of schools (see previous page) is identified for Targeted Support for a Low-Performing Student Group. If any student group is identified for Targeted Support, this will be noted in the Schoolwide row in the table. Schools in which one or more student groups miss annual targets for all indicators two years in a row are identified for Targeted Support for a Consistently Underperforming Student Group. In the table below, schools in which one or more student groups miss annual targets for all indicators are noted to be At Risk for being identified for Targeted Support for the 2017-18 school year. Annual targets for proficiency and graduation rate are set based on a school or student group's performance in 2015-16. The target for chronic absenteeism is the statewide average for all students. For more details on accountability targets, see these [accountability resources](#).

If there are questions about the information provided in the narrative section, please contact your school directly.

 Highlights:	<ul style="list-style-type: none"> • Outstanding community spirit, strong PTA, Tewksbury Education Foundation and parents. • Monthly school-wide assemblies, providing an opportunity for students and staff to share talents and performances. • Making technology a priority with a lab housing 24 computers and access to iPads.
 Mission, Vision, Theme:	A distinguished feature of our school is one that is hard to measure, but quickly felt. Teachers, parents and students work together to make our school an exciting, supportive environment, where risk-taking is valued, higher level thinking and creativity are nurtured, and love of learning is fostered.
 Awards, Recognition, Accomplishments:	Blue Ribbon School 2011. Last year our Odyssey of the Mind Team placed first in their region, first in the state and qualified for Worlds at Michigan State University. Competing against over fifty-three teams which represented forty states and twenty three countries, our OM team placed tenth. Four of our students placed first in the Young Authors competition sponsored by the Tri-County Reading Council.

 Courses, Curriculum, Instruction:	<p>Science curriculum revised to include Next Generation Science Standards. Implemented STEM in all grades. Enhanced the language arts curriculum, Implemented Open Circle, a social and emotional program for students in grades K through 4. Qualifying students meet with our teacher of gifted and talented each week for enrichment math program and participate in a Project Based program emphasizing creativity and critical thinking. Character education is integrated throughout the curriculum.</p>
 Sports and Athletics:	<p>Students participate in Physical Education classes during the week and also go outside for 30 minutes of recess daily (weather permitting). Currently our students enjoy afterschool programs that include fencing, yoga, and jump-roping. Our 4th grade students enjoy an ongoing wellness program.</p>
 Clubs and Activities:	<p>Some of our students participate in Odyssey of the Mind, a creative problem-solving competition. Girl Scouts and Boy Scouts meet at TES after school. Students, staff members, and parents volunteer to plant, maintain, and harvest our Victory Garden. Historically we raise 300 pounds of fresh food for the Open Cupboard Food Pantry. In the winter, students participate in the "Cans for Compassion Campaign" collecting even more for the Pantry.</p>
 Before and After School Programs:	<p>Onsite child care is provided for students in Pre-K through 4th grade here at our school. This care is provided by the Hunterdon County YMCA. Morris County Arts Workshops are offered in the fall and spring. These include Minecraft, guitar, fencing, jump roping, arts & crafts, chorus, and art. These classes are offered for students in grades K through 4.</p>

 Staff and Professional Learning:	<p>Week-long science institute for staff, Lucy Calkins Writing Workshop model, Math Consultant each year for ongoing training targeted at grade level specific math strategies, and a program in social emotional learning. Sixty three percent of our staff have attained at least their masters degree</p>
 Student Supports and Services:	<p>We have an Intervention & Referral Services team designed to assist students who are experiencing learning, behavior, or health difficulties. We offer Basic Skills assistance in reading, writing, and math. Our Child Study Team supports students with disabilities. Several teachers provide before and after school support as necessary. English Language Learner services are provided on a case-by-case basis.</p>
 Student Health and Wellness:	<p>Students participate in Physical Education twice per week and go outside for 30 minutes of recess daily. Afterschool programs include fencing, yoga, and jump-roping provided by the Morris County Arts Workshops. The Tewksbury Athletic Association offers programs in the township. Our 4th grade students enjoy a wellness program. 5K Run sponsored by the Tewksbury Educational Foundation.</p>
 Parent and Community Involvement:	<p>Our PTA conducts many exciting programs for our students, supports parents of special education students with an advisory group, and supports our teachers with a “wish” program to provide supplementary items that may be needed. The Tewksbury Educational Association offers substantial support of our students with curriculum related residencies. These residencies bring in experts that enrich our students’ educational experiences with dancing, wellness, poetry writing and music.</p>
