State of New Jersey
2012-13

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

## ALFRED CRAMER COLLEGE PREPARATORY LAB SCHOOL 2800 MICKLE STREET <br> CAMDEN, NEW JERSEY 08105-2274

GRADE SPAN PK-06
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness is very high when compared to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance is about average when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
Priority
Rationale

SIG School

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms 4\% of schools statewide as noted by its statewide percentile and $\mathbf{3 5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{5 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{3 9 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{8 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{1 7} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{4 7 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## DEMOGRAPHIC INFORMATION

## CAMDEN

CAMDEN CITY

GRADE SPAN PK-06

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent

| $2011-12$ | 530 |
| :--- | :---: |
| $2012-13$ | 500 |

## Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 72 | $14 \%$ |
| Economically Disadvantaged | 475 | $95 \%$ |
| Students | 98 | $20 \%$ |
| Limited English Proficient |  |  |
| Students |  |  |

## ALFRED CRAMER COLLEGE PREPARATORY LAB SCHOOL <br> 2800 MICKLE STREET <br> CAMDEN, NEW JERSEY 08105-2274

## Language Diversity

This table presents the percentage of students who primarily speak each language in their home.

| $\underline{\mathbf{2 0 1 2 - 1 3}}$ | $\underline{\text { Percent }}$ |
| :--- | :---: |
| English | $53.3 \%$ |
| Spanish | $44.0 \%$ |
| Vietnamese | $2.3 \%$ |
| Belarusian | $0.2 \%$ |
| Central Khmer | $0.2 \%$ |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' in October of each school year.

|  | Male | Female |
| :---: | :---: | :---: |
| $2010-11$ | 252 | 261 |
| $2011-12$ | 267 | 263 |
| $2012-13$ | 242 | 258 |

## State of New Jersey

## ALFRED CRAMER COLLEGE PREPARATORY LAB SCHOOL

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :---: |
| NJASK Language Arts Proficiency and above | $\mathbf{2 8 \%}$ | $\mathbf{3 6}$ | $\mathbf{3}$ | $\mathbf{2 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{4 9 \%}$ | $\mathbf{3 3}$ | $\mathbf{4}$ | $\mathbf{8 0 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{3 5}$ | $\mathbf{4}$ | $\mathbf{5 0 \%}$ |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 222 | 27.5 | 36.7 | NO |
| White | - | - |  | -- |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

COLLEGE AND CAREER READINESS

## ALFRED CRAMER COLLEGE PREPARATORY LAB SCHOOL 2800 MICKLE STREET <br> CAMDEN, NEW JERSEY 08105-2274

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{9 \%}$ | $\mathbf{8 4}$ | $\mathbf{3 9}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  |  |

Chronic Absenteeism - Number of students in the most recent school year that missed $10 \%$ or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## GRADE SPAN PK-06

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 41 | 54 | 19 | 35 |  |
| Student Growth on Math | 38 | 40 | 14 | 35 | YES |
|  | 47 |  |  | YES |  |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 44\% | 19\% | 15\% | Partially <br> Proficient | 32\% | 18\% | 5\% |
| Proficient | 3\% | 9\% | 9\% | Proficient | 11\% | 15\% | 7\% |
| Advanced Proficient | 0\% | 0\% | 1\% | Advanced <br> Proficient | 3\% | 4\% | 6\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

## ALFRED CRAMER COLLEGE PREPARATORY LAB SCHOOL <br> 2800 MICKLE STREET <br> CAMDEN, NEW JERSEY 08105-2274

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level - 03

NJ ASK Language Arts 25th \%ile vs 75th \%ile
This table presents the scale scores associated with students at the bottom (0th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

| Percentile | School Scale Score | State Scale Score |
| :---: | :---: | :---: |
| 99th | 243 | 300 |
| 75th | 204 | 221 |
| 50th | 187 | 204 |

## Length of School Day

This table presents the amount of time a school is in session for a typical student on a normal school day.

|  | School |
| :---: | :---: |
| 2012-13 | 7 Hrs. 0 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :---: | :---: |
| $2012-13$ | $6.6 \%$ |

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.

| 2012-13 | School |
| :--- | :---: |
| Full Time | 6 Hrs. 5 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Expulsions

This table presents the number of students who were expelled from the school and district during the school year.

|  | School |
| :---: | :---: |
| $2012-13$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2012-13 | School |
| :--- | :---: |
| Faculty | 10 |
| Administrators | 250 |

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.

| COUNTY NA | ME DISTRICT NAME | SCHOOL NAME | $\begin{array}{ll} \text { CDS } & \text { GRAD } \\ \text { CODE } & \underline{\text { ESPAN }} \end{array}$ | FRPL | LEP | SpED |

## State of New Jersey

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's graduation and post-secondary performance significantly lags in comparison to schools across the state. Additionally, its graduation and post-secondary readiness significantly lags in comparison to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile |  | Percent of <br> Targets Met | Improvement Status <br> Prademic Achievement |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Priority |  |  |  |  |  |
| College \& Career Readiness | $\mathbf{3}$ | 2 | $38 \%$ | Rationale |  |
| Graduation and Post-Secondary | 22 |  | 17 | $20 \%$ |  |

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{3 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting $\mathbf{3 8 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{1 7 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{2 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{2 0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

## Graduation and Post-Secondary

This school outperforms $\mathbf{1} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{7 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Graduation and Post-Secondary. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of Graduation and Post-Secondary.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular school drop out of school.

## State of New Jersey

PERFORMANCE

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :---: | :---: |
| $2011-12$ | 868 |
| $2012-13$ | $\mathbf{7 2 0}$ |

## Enrollment Trends by Program Participation

## Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |

| Students with Disability | - | - | - |
| Limited English Proficient Students | - | - |  |
| Economically Disdvantaged Students | - | - | - |

Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## Proficiency Trends - Math

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient and Partially Proficient categories of the statewide Math assessment over the prior four years.

## Proficiency Trends - Biology

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient, and Partially Proficient categories of the Biology Competency Test over the last two years.

Data is suppressed to protect the confidentiality of the students.

## State of New Jersey

CAMDEN
CAMDEN CITY

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | Schoolwide Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Percent of Students Participating in SAT or ACT | 37\% | 13 | 5 | 80\% | NO |
| Percent of Students Participating in PSAT | 74\% | 57 | 72 | 60\% | YES |
| Percent of Students Scoring Above 1550 on SAT | 3\% | 42 | 8 | 40\% | NO |
| Percent of Students Taking at least one AP Test or IB Test in English, Math, Social Studies or Science | 0\% | 0 | 0 | 35\% | NO |
| Percent of AP Tests $>=3$ or IB Test $>=4$ in English, Math, Social Studies or Science | 0\% | 0 | 0 | 75\% | NO |
| Summary |  | 22 | 17 |  | 20\% |
| College Readiness Test Participation |  | AP/IB Participation - 'Unique' Students |  |  |  |

The first column of the table below presents the percentage of students enrolled in the 12th grade who took the SAT or ACT and the percentage of students enrolled in 10th and 11th grade who took the PSAT. The second column provides the average across the school's peer group for these two metrics.

| 2012-13 Percent of Students | School | Peer Avg. | State Avg |
| :--- | :---: | :---: | ---: |
| Participating in SAT | $36.0 \%$ | $67.5 \%$ | $75.3 \%$ |
| Participating in ACT | $8.1 \%$ |  | $20.6 \%$ |
| Participating in PSAT | $73.7 \%$ | $44.7 \%$ | $52.5 \%$ |

Participation Trends - SAT Testing
This graph presents the participation rate in the SAT over the last four years.

The table below presents the proportion of 'unique' students enrolled in at least 11th and 12th grade i.e, each student is counted once regardless of how many AP or IB courses he/she may take. The table also presents the proportion of how many 'unique' students took at least one AP or IB test to the school's enrollment in 11th and 12th grade.

| 2012-13 Percent of Students <br> Taking | School | Peer <br> Avg. | State <br> Avg. |
| :--- | :---: | :---: | :---: |
| One or More Course | $0.0 \%$ | $21.6 \%$ | $32.8 \%$ |
| One or More Test | $0.0 \%$ | $21.5 \%$ | $26.8 \%$ |
| At least one AP or IB Test in English, <br> Math, Social Studies or Science | $0.0 \%$ | $16.4 \%$ | $18.9 \%$ |

Note: Students who are enrolled in AP/IB coursework or take AP/IB tests in grades other than 11th and 12th are included in the numerator of this calculation.

## AP /IB Test Results

This table presents the percentage of all AP/IB tests taken by students enrolled in the school that were scored AP $>=3$ and scored IB $>=4$.

| 2012-13 | School | Peer <br> Avg. | State <br> Avg. |
| :---: | :---: | :---: | :---: |
| Percent of AP Tests $>=3$ or IB Test $>=4$ | $0.0 \%$ | $18.9 \%$ | $74.6 \%$ |
| Percent of Scores in AP $>=3$ or IB $>=4$ in <br> English, Math, Social Studies or Science | $0.0 \%$ | $14.7 \%$ | $75.1 \%$ |

## Scholastic Assessment Test (SAT) Results

This table presents the percentage of students who achieved a composite SAT score of 1550 or higher. The SAT benchmark score of 1550 (Critical Reading, Mathematics and Writing Score combined) indicates a 65 percent likelihood of achieveing a B- average or higher during the first year of college, which in turn has been found by the College Board's research to be indicative of a high likelihood of college success and completion.

| 2012-13 | School | Peer Avg. | State Avg |
| :--- | ---: | ---: | ---: |
| Percent of Students Scoring <br> Above 1550 on SAT | $2.5 \%$ | $8.3 \%$ | $43.9 \%$ |

SAT Benchmark Trends
This chart presents the percentage of students who achieved a composite SAT score of 1550 or higher over the past four years.

## Composite SAT Score

This chart presents the average composite SAT score from the last academic year for students enrolled in this school as well as the average scores achieved in Critical Reading, Mathematics and Writing. The averages from this school's peer group are also presented.

| 2012-13 | School | Peer Avg. | State Avg. |
| :--- | :---: | :---: | :---: |
| Composite SAT Score | 1,035 | 1,183 | 1,512 |
| Critical Reading | 329 | 388 | 495 |
| Mathematics | 359 | 406 | 521 |
| Writing | 347 | 388 | 496 |

This chart presents the scores achieved in Critical Reading, Mathematics and Writing by the students at the 25 th percentile, the 50th percentile and the 75th percentile of the school's distribution of SAT scores.

| 2012-13 | Critical Reading | Mathematics | Writing |
| :---: | :---: | :---: | :---: |
| 75th Percentile | 373 | 423 | 383 |
| 50th Percentile | 340 | 345 | 340 |
| 25th Percentile | 298 | 308 | 290 |

## Visual and Performing Arts

The chart below contains the percentage of students who were enrolled in at least one Dance, Drama/Theater, Music or Visual Arts class in this school. The last row shows the percentage of students who were enrolled in any Visual and Performing Arts classes in the school.

| Percent of Students Enrolled | School | State |
| :--- | :---: | :---: |
| Dance | $\mathrm{N} / \mathrm{R}$ | $1.8 \%$ |
| Drama/Theater | $26.1 \%$ | $3.5 \%$ |
| Music | $21.1 \%$ | $16.7 \%$ |
| Visual Arts | $42.0 \%$ | $30.2 \%$ |
| Total: All Visual and Performing Arts | $75.2 \%$ | $47.3 \%$ |

N/R - Data Not Reported

## State of New Jersey

## GRADUATION AND POSTSECONDARY

## CAMDEN

CAMDEN CITY
GRADE SPAN 09-12
This section of the performance report presents data about graduation, dropout and post-secondary attendance. The graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.

| SUMMARY - Graduation \& Post-Secondary |

## Graduation Rate by Subgroup

This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.

|  | School | State Target |
| :--- | ---: | :---: |
| Schoolwide | $47 \%$ | $75 \%$ |
| White | - |  |
| Black | $48 \%$ |  |
| Hispanic | $40 \%$ |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | - |  |
| Students with Disability | - |  |
| Limited English Proficient Students | - |  |
| Economically Disadvantaged Students | $49 \%$ |  |

Dropout Rate by Subgroup

This table presents for all NCLB-identified subgroups the Dropout rate. This rate calculates the percentage of students who are classified as dropouts divided by the school's total enrollment and by each subgroup enrollment.

|  | School | State Target |
| :--- | ---: | :---: |
| Schoolwide | $11.4 \%$ | $2 \%$ |
| White | - |  |
| Black | $11.9 \%$ |  |
| Hispanic | $10.4 \%$ |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | $4.8 \%$ |  |
| Students with Disability | - |  |
| Economically Disadvantaged Students | $10.5 \%$ |  |
| Limited English Proficiency | - |  |

## Graduation Pathway Rates

This chart presents the percentage of high school graduates who graduated by passing both sections of the HSPA, who were exempt from passing the HSPA, or who demonstrated proficiency through an alternative pathway such as through the Alternative High School Assessment, achievement of the 'Just Proficient Mean' or an appeal process.

## Extended Year Graduation Rate

The chart below presents the 4-year and 5-year graduation rate for the prior school year's cohort in addition to the 4-year graduation rate for last year's cohort.

| Class of | 4-year Rate | 5-year Rate |
| :--- | :---: | :---: |
| 2011 | $45 \%$ | $60 \%$ |
| 2012 | $43 \%$ | $50 \%$ |
| 2013 | $47 \%$ |  |

## Postsecondary Enrollment Rates

This chart presents the enrollment rates of this school's high school graduates, 16-months after high school graduation. The data is from the National Student Clearinghouse which reports that it collects student-level enrollment data from 95\% of Institutions of Higher Education nationwide.

The last columns indicate, for the schoolwide total and each subgroup, the percentage of postsecondary enrollees that were enrolled in either a 2 year or a 4 year institution.

|  | Percent <br> Enrolled | Percent in <br> 2 Year | Percent in <br> 4 Year |
| :--- | :---: | :---: | :---: |
| Schoolwide | $43 \%$ | $79.3 \%$ | $10.3 \%$ |
| White | - | - | - |
| Black | $45.8 \%$ | $77.6 \%$ | $12.2 \%$ |
| Hispanic | - | - | - |
| Asian | - | - | - |
| American Indian | - | - | - |
| Native Hawaiian | - | - | - |
| Two or More Races | - | - | - |
| Students with Disability | $30.2 \%$ | - | - |
| Limited English Proficient Students | - | - | - |
| Economically Disadvantaged Students | $41.8 \%$ | $82.3 \%$ | - |

## WITHIN SCHOOL ACHIEVEMENT GAP

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## High School

HSPA Language Arts 25th \%ile vs 75th \%ile
This table presents the scale scores associated with students at the bottom ( 0 th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

| Percentile | School Scaled Score | State Scaled Score |
| :---: | :---: | :---: |
| 99th | 242 | 291 |
| 75th | 216 | 247 |

OVERVIEW
CAMDEN
CAMDEN CITY
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
Priority

Rationale<br>Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{1 \%}$ of schools statewide as noted by its statewide percentile and $7 \%$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{1 3 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{3 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{9} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{2 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{5 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## State of New Jersey

## GRADE SPAN PK-07

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 86 | 15.2 | 32.4 | NO |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $\leq$ http://nces.ed.gov/nationsreportcard/>

COLLEGE AND CAREER READINESS

CAMDEN CITY

## GRADE SPAN PK-07

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{2 8 \%}$ | $\mathbf{6}$ | $\mathbf{3}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  | 0 |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, $1-5$ absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

```
STUDENT GROWTH
CAMDEN
CAMDEN CITY

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}

Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 38 & 36 & 11 & 35 & \\
\hline Student Growth on Math & 31 & 11 & 6 & 35 & YES \\
\hline & & 24 & & & \\
\hline
\end{tabular}

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 46\% & 24\% & 13\% & Partially Proficient & 42\% & 19\% & 5\% \\
\hline Proficient & 2\% & 5\% & 10\% & Proficient & 10\% & 13\% & 6\% \\
\hline Advanced Proficient & 0\% & 0\% & 0\% & Advanced Proficient & 0\% & 3\% & 2\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{State of New Jersey}

2012-13

WITHIN SCHOOL ACHIEVEMENT GAP
CAMDEN
CAMDEN CITY
GRADE SPAN PK-07

CHARLES SUMNER ELEMENTARY SCHOOL
1600 SOUTH 8TH STREET
CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level - 03}

\section*{State of New Jersey}

GRADE SPAN 01-08
07-0680-210

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.
\(\left.\)\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

\section*{Improvement Status \\ Priority}

Rationale

\section*{Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{2 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{9 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{3 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

ACADEMIC ACHIEVEMENT
CAMDEN
CAMDEN CITY

GRADE SPAN 01-08

COOPER B. HATCH FAMILY SCHOOL 1875 PARK BOULEVARD CAMDEN, NEW JERSEY 08103

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|}
\hline Academic Achievement Indicators & Schoolwide Performance & \begin{tabular}{l}

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit <http://nces.ed.gov/nationsreportcard/>

\section*{COLLEGE AND CAREER READINESS}

CAMDEN
CAMDEN CITY

\author{
GRADE SPAN 01-08
}

COOPER B. HATCH FAMILY SCHOOL 1875 PARK BOULEVARD CAMDEN, NEW JERSEY 08103

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline College and Career Readiness Indicators & School Performance & \begin{tabular}{l}
Peer \\
Percentile
\end{tabular} & Statewide Percentile & Statewide Target & Met Target? \\
\hline Students taking Algebra (\%) & 0\% & 0 & 0 & 20\% & NO \\
\hline Chronic Absenteeism (\%) & 25\% & 45 & 6 & 6\% & NO \\
\hline Summary & & 23 & 3 & & 0\% \\
\hline
\end{tabular}

\section*{Algebra I}

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.
\begin{tabular}{|c|c|}
\hline 2012-13 & School \\
\hline Students taking Algebra I & \\
\hline Algebra grade (C or better) & \(0 \%\) \\
\hline
\end{tabular}

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

\section*{STUDENT GROWTH}

CAMDEN
CAMDEN CITY

\section*{GRADE SPAN 01-08}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline Student Growth Indicators & Schoolwide Performance & \begin{tabular}{l}
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l}
Statewide \\
Percentile
\end{tabular} & Statewide Target & Met Target? \\
\hline Student Growth on Language Arts & 33 & 33 & 5 & 35 & NO \\
\hline Student Growth on Math & 31 & 17 & 5 & 35 & NO \\
\hline & & 25 & 5 & & 0\% \\
\hline
\end{tabular}

\section*{Student Growth}

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline Partially Proficient & 47\% & 24\% & 11\% & Partially Proficient & 49\% & 25\% & 10\% \\
\hline Proficient & 5\% & 8\% & 6\% & Proficient & 6\% & 6\% & 3\% \\
\hline Advanced Proficient & 0\% & 0\% & 0\% & Advanced Proficient & 0\% & 0\% & 1\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

State of New Jersey
}

\section*{WITHIN SCHOOL ACHIEVEMENT GAP}

CAMDEN
CAMDEN CITY

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{State of New Jersey}

2012-13

\section*{OVERVIEW \\ CAMDEN \\ CAMDEN CITY}

GRADE SPAN PK-08
07-0680-165
COOPER'S POYNT FAMILY SCHOOL
201 STATE STREET
CAMDEN, NEW JERSEY 08102
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance is very high when compared to its peers.
\begin{tabular}{||c|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \(\left.\begin{array}{c}\text { Percent of } \\
\text { Targets Met }\end{array}\right]\)

Improvement Status
Priority
Rationale

\section*{Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{8 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{5 1 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{6 0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{7 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{3 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

This graph presents the count of students by gender who were 'on roll' (FTE) in October of each school year.

\section*{State of New Jersey}

ACADEMIC ACHIEVEMENT
CAMDEN
CAMDEN CITY

GRADE SPAN PK-08
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and \(100 \%\) proficiency by 2017.

\section*{COLLEGE AND CAREER READINESS}

CAMDEN
CAMDEN CITY

\author{
GRADE SPAN PK-08
}

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\cline { 3 - 6 } & & & & &
\end{tabular}

\section*{Algebra I}

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.
\begin{tabular}{|c|c|}
\hline 2012-13 & School \\
\hline Students taking Algebra I & \\
\hline Algebra grade (C or better) & \(0 \%\) \\
\hline
\end{tabular}

\section*{Absenteeism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

\section*{STUDENT GROWTH}

CAMDEN
CAMDEN CITY

\section*{GRADE SPAN PK-08}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 47 & 94 & 39 & 35 & YES \\
\hline Student Growth on Math & 45 & 71 & 31 & 35 & YES \\
\hline & 83 & 35 & & \(100 \%\) \\
\hline
\end{tabular}

\section*{Student Growth}

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline Partially Proficient & 32\% & 26\% & 16\% & Partially Proficient & 34\% & 20\% & 14\% \\
\hline Proficient & 7\% & 7\% & 12\% & Proficient & 4\% & 11\% & 14\% \\
\hline Advanced Proficient & 0\% & 0\% & 1\% & Advanced Proficient & 1\% & 1\% & 2\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{WITHIN SCHOOL ACHIEVEMENT GAP}

CAMDEN
CAMDEN CITY

COOPER'S POYNT FAMILY SCHOOL
201 STATE STREET
CAMDEN, NEW JERSEY 08102

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

Improvement Status
Priority

\section*{Rationale \\ Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{2 4} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{4 7 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting \(\mathbf{9 0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{5 6 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{5 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{6 0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{Graduation and Post-Secondary}

This school outperforms \(\mathbf{9 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of its peer school percentile in the performance area of
Graduation and Post-Secondary. Additionally, this school is meeting \(\mathbf{5 0 \%}\) of its performance targets in the area of Graduation and Post-Secondary.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular school drop out of school.

CAMDEN CITY

GRADE SPAN 06-12

Academic Achievement measures the content knowledge students have in Language Arts Literacy and Math. In high schools, this includes the outcomes of the New Jersey High School Proficiency Assessment (HSPA). The first column - Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both Language Arts Literacy and Math across multiple administrations of the assessment. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with HSPA scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, \(1-5\) absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

CAMDEN

\section*{CAMDEN CITY}

\section*{GRADE SPAN 06-12} Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11 th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}

\hline
\end{tabular}

The first column of the table below presents the percentage of students enrolled in the 12th grade who took the SAT or ACT and the percentage of students enrolled in 10th and 11th grade who took the PSAT. The second column provides the average across the school's peer group for these two metrics.
\begin{tabular}{|l|r|r|r|}
\hline 2012-13 Percent of Students & School & Peer Avg. & State Avg \\
\hline Participating in SAT & \multicolumn{2}{|c|}{} & \\
\hline & \(100.0 \%\) & \(67.5 \%\) & \(75.3 \%\) \\
\hline Participating in ACT & \(60.0 \%\) & & \(20.6 \%\) \\
\hline Participating in PSAT & \(95.1 \%\) & \(44.7 \%\) & \(52.5 \%\) \\
\hline
\end{tabular}

\section*{Participation Trends - SAT Testing}

This graph presents the participation rate in the SAT over the last four years.

The table below presents the proportion of 'unique' students enrolled in at least 11th and 12th grade i.e, each student is counted once regardless of how many AP or IB courses he/she may take. The table also presents the proportion of how many 'unique' students took at least one AP or IB test to the school's enrollment in 11th and 12th grade.

Note: Students who are enrolled in AP/IB coursework or take AP/IB tests in grades other than 11th and 12th are included in the numerator of this calculation.

\section*{AP /IB Test Results}

This table presents the percentage of all AP/IB tests taken by students enrolled in the school that were scored AP \(>=3\) and scored IB \(>=4\).
\begin{tabular}{|c|r|r|l|}
\hline 2012-13 & School & \multicolumn{1}{|c|}{\begin{tabular}{l}

\end{tabular}

\section*{State of New Jersey}

\section*{COLLEGE AND CAREER READINESS}

\section*{Scholastic Assessment Test (SAT) Results}

This table presents the percentage of students who achieved a composite SAT score of 1550 or higher. The SAT benchmark score of 1550 (Critical Reading, Mathematics and Writing Score combined) indicates a 65 percent likelihood of achieveing a B- average or higher during the first year of college, which in turn has been found by the College Board's research to be indicative of a high likelihood of college success and completion.
\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ 2012-13 } & School & Peer Avg. & State Avg. \\
\hline \begin{tabular}{l} 
Percent of Students Scoring \\
Above 1550 on SAT
\end{tabular} & \(0 \%\) & \(8.3 \%\) & \(43.9 \%\) \\
\hline
\end{tabular}

SAT Benchmark Trends
This chart presents the percentage of students who achieved a composite SAT score of 1550 or higher over the past four years.

\section*{Composite SAT Score}

This chart presents the average composite SAT score from the last academic year for students enrolled in this school as well as the average scores achieved in Critical Reading, Mathematics and Writing. The averages from this school's peer group are also presented.
\begin{tabular}{|l|c|r|r|}
\hline \multicolumn{1}{|c|}{ 2012-13 } & School & Peer Avg. & State Avg. \\
\hline Composite SAT Score & 1,030 & 1,183 & 1,512 \\
\hline Critical Reading & 337 & 388 & 495 \\
\hline Mathematics & 349 & 406 & 521 \\
\hline Writing & 344 & 388 & 496 \\
\hline
\end{tabular}

This chart presents the scores achieved in Critical Reading, Mathematics and Writing by the students at the 25 th percentile, the 50th percentile and the 75th percentile of the school's distribution of SAT scores.
\begin{tabular}{|c|c|c|c|}
\hline 2012-13 & Critical Reading & Mathematics & Writing \\
\hline 75th Percentile & 410 & 390 & 380 \\
\hline 50th Percentile & 340 & 350 & 340 \\
\hline 25th Percentile & 310 & 310 & 300 \\
\hline
\end{tabular}

\section*{AP/IB Courses Offered}

This table presents the count of students enrolled in each \(\mathrm{AP} / \mathrm{IB}\) course offered in this school in the first column. The second column presents the count of tests taken in each AP/IB course. The numbers may not match as some students do not take the test in the same year as they take the course and some students may take the course without taking the test or vice versa.
\begin{tabular}{|l|c|c|}
\hline AP/IB Course Name & \begin{tabular}{l} 
Students \\

\end{tabular} \\
\hline AP English Language and Composition & 35 & 0 \\
\hline AP Biology & 10 & 10 \\
\hline AP U.S. History & 7 & 6 \\
\hline
\end{tabular}

\section*{Visual and Performing Arts}

The chart below contains the percentage of students who were enrolled in at least one Dance, Drama/Theater, Music or Visual Arts class in this school. The last row shows the percentage of students who were enrolled in any Visual and Performing Arts classes in the school.
\begin{tabular}{|l|c|c|}
\hline Percent of Students Enrolled & School & State \\
\hline Dance & \(17.1 \%\) & \\
\hline Drama/Theater & \(13.8 \%\) & \(1.8 \%\) \\
\hline Music & \(40.1 \%\) & \(3.5 \%\) \\
\hline Visual Arts & \(13.8 \%\) & \(16.7 \%\) \\
\hline Total: All Visual and Performing Arts & \(84.9 \%\) & \(30.2 \%\) \\
\hline
\end{tabular}

\footnotetext{
N/R - Data Not Reported
}

\section*{State of New Jersey}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school.
\begin{tabular}{|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} \\
\hline Student Growth on Language Arts & 47 \\
\hline Student Growth on Math & 57 \\
\hline & \\
\hline
\end{tabular}

\section*{Student Growth}

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|}
\hline \multicolumn{3}{c|}{ Language Arts } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ GROWTH } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & Low & Typical & High \\
\hline \begin{tabular}{c} 
Partially \\
Proficient
\end{tabular} & \(29 \%\) & \(24 \%\) & \(18 \%\) \\
\hline Proficient & \(8 \%\) & \(10 \%\) & \(11 \%\) \\
\hline \begin{tabular}{l} 
Advanced \\
Proficient
\end{tabular} & \(0 \%\) & \(0 \%\) & \(1 \%\) \\
\hline
\end{tabular}

\section*{Math}
\begin{tabular}{|c|c|c|c|}
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ GROWTH } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & Low & Typical & High \\
\hline \begin{tabular}{c} 
Partially \\
Proficient
\end{tabular} & \(23 \%\) & \(28 \%\) & \(21 \%\) \\
\hline Proficient & \(3 \%\) & \(8 \%\) & \(13 \%\) \\
\hline \begin{tabular}{c} 
Advanced \\
Proficient
\end{tabular} & \(1 \%\) & \(2 \%\) & \(3 \%\) \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{CAMDEN}

CAMDEN CITY

\section*{GRADE SPAN 06-12}

CREATIVE ARTS MORGAN VILLAGE ACADEMY 990 MORGAN BOULEVARD
CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about graduation, dropout and post-secondary attendance. The graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \begin{tabular}{l} 
Graduation \& Post Secondary \\
Indicators
\end{tabular} & \begin{tabular}{l} 
Schoolwide \\
Performance

Targets
\end{tabular} & Met Target \\
\hline Overall Graduation Rate & \(0 \%\) & 0 & & & \\
\hline Dropout Rate & \(\mathbf{1 . 8 \%}\) & 45 & \(\mathbf{0}\) & \(\mathbf{7 5 \%}\) & NO \\
\hline SUMMARY - Graduation \& Post-Secondary & \(\mathbf{1 7}\) & \(\mathbf{2 \%}\) & YES \\
\hline
\end{tabular}

\section*{Graduation Rate by Subgroup}

This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.
\begin{tabular}{|l|r|c|}
\hline & School & State Target \\
\hline Schoolwide & - & \(75 \%\) \\
\hline White & - & \\
\hline Black & - & \\
\hline Hispanic & - & \\

\hline Students with Disability & - & \\
\hline Limited English Proficient Students & \(1.8 \%\) & \\
\hline Economically Disadvantaged Students & & \\
\hline
\end{tabular}

\section*{Graduation Pathway Rates}

This chart presents the percentage of high school graduates who graduated by passing both sections of the HSPA, who were exempt from passing the HSPA, or who demonstrated proficiency through an alternative pathway such as through the Alternative High School Assessment, achievement of the 'Just Proficient Mean' or an appeal process.

\section*{CAMDEN, NEW JERSEY 08104}

\section*{Extended Year Graduation Rate}

The chart below presents the 4-year and 5-year graduation rate for the prior school year's cohort in addition to the 4-year graduation rate for last year's cohort.
\begin{tabular}{|l|c|c|}
\hline Class of & 4-year Rate & 5-year Rate \\
\hline 2011 & & \\
\hline 2012 & \(0 \%\) & \\
\hline 2013 & \(0 \%\) & \\
\hline
\end{tabular}

\section*{PostSecondary Enrollment Rates}

This chart presents the enrollment rates of this school's high school graduates, 16-months after high school graduation. The data is from the National Student Clearinghouse which reports that it collects student-level enrollment data from 95\% of Institutions of Higher Education nationwide.

The last columns indicate, for the schoolwide total and each subgroup, the percentage of postsecondary enrollees that were enrolled in either a 2 year or a 4 year institution.

\section*{State of New Jersey}

\author{
WITHIN SCHOOL ACHIEVEMENT GAP \\ CAMDEN \\ CAMDEN CITY \\ GRADE SPAN 06-12
}

CREATIVE ARTS MORGAN VILLAGE ACADEMY
990 MORGAN BOULEVARD
CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level - 07}

GRADE SPAN 09-12
DR. CHARLES E. BRIMM MEDICAL ARTS HIGH SCHOOL
1626 COPEWOOD STREET
CAMDEN, NEW JERSEY 08103
This school's academic performance is high when compared to schools across the state. Additionally, its academic performance is very high when compared to its peers. This school's college and career readiness is about average when compared to schools across the state. Additionally, its college and career readiness is high when compared to its peers. This school's graduation and post-secondary performance is very high when compared to schools across the state. Additionally, its graduation and post-secondary readiness is very high when compared to its peers.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & \multicolumn{2}{c|}{ Peer Percentile } & \multicolumn{2}{c|}{ Statewide Percentile } & \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular}
\end{tabular} \begin{tabular}{c} 
Improvement Status \\
\hline Academic Achievement
\end{tabular}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{7 2 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{8 9 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting \(\mathbf{1 0 0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{5 5 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{6 9 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{4 0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{Graduation and Post-Secondary}

This school outperforms \(\mathbf{8 1} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{9 4 \%}\) of schools educating
students with similar demographic characteristics as noted in by its statewide percentile and \(\mathbf{9 4 \%}\) of schools educating
students with similar demographic characteristics as noted in its peer school percentile in the performance area of Graduation and Post-Secondary. Additionally, this school is meeting \(\mathbf{1 0 0 \%}\) of its performance targets in the area of Graduation and Post-Secondary.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular
school drop out of school.

\section*{ACADEMIC ACHIIEVEMIENT}

CAMDEN CITY

GRADE SPAN 09-12
Academic Achievement measures the content knowledge students have in Language Arts Literacy and Math. In high schools, this includes the outcomes of the New Jersey High School Proficiency Assessment (HSPA). The first column - Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both Language Arts Literacy and Math across multiple administrations of the assessment. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with HSPA scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{COLLEGE AND CAREER READINESS} CAMDEN
CAMDEN CITY

GRADE SPAN 09-12

DR. CHARLES E. BRIMM MEDICAL ARTS HIGH SCHOOL 1626 COPEWOOD STREET CAMDEN, NEW JERSEY 08103

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11 th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|l|l|c|c|c|}

\section*{State of New Jersey}

2012-13

\section*{GRADUATION AND POSTSECONDARY} CAMDEN
CAMDEN CITY
GRADE SPAN 09-12
DR. CHARLES E. BRIMM MEDICAL ARTS HIGH SCHOOL
1626 COPEWOOD STREET
CAMDEN, NEW JERSEY 08103
This section of the performance report presents data about graduation, dropout and post-secondary attendance. The graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}

\hline Overall Graduation Rate & 94\% & 88 & 61 & 75\% & YES \\
\hline Dropout Rate & 0.0\% & 100 & 100 & 2\% & YES \\
\hline \multicolumn{2}{|l|}{SUMMARY - Graduation \& Post-Secondary} & 94 & 81 & & 100\% \\
\hline
\end{tabular}

\section*{Graduation Rate by Subgroup}

Dropout Rate by Subgroup
This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.
\begin{tabular}{|l|r|c|}
\hline & School & State Target \\
\hline Schoolwide & \(94 \%\) & \(75 \%\) \\
\hline White & - & \\
\hline Black & - & \\
\hline Hispanic & - \\
\hline American Indian & - \\
\hline Asian & - \\
\hline Native Hawaiian & - \\
\hline Two or More Races & - \\
\hline Students with Disability & - \\
\hline Limited English Proficient Students & - \\
\hline Economically Disadvantaged Students & \(93 \%\) & \\
\hline
\end{tabular}

This table presents for all NCLB-identified subgroups the Dropout rate. This rate calculates the percentage of students who are classified as dropouts divided by the school's total enrollment and by each subgroup enrollment.
\begin{tabular}{|l|r|c|}
\hline & School & State Target \\
\hline Schoolwide & \(0 \%\) & \(2 \%\) \\
\hline White & - & \\
\hline Black & \(0 \%\) & \\
\hline Hispanic & \(0 \%\) & \\
\hline American Indian & - \\
\hline Asian & - \\
\hline Native Hawaiian & - \\
\hline Two or More Races & - \\
\hline Students with Disability & - \\
\hline Limited English Proficient Students & \(0 \%\) \\
\hline Economically Disadvantaged Students & \(0 \%\) \\
\hline
\end{tabular}

\section*{GRADUATION AND POSTSECONDARY} CAMDEN
CAMDEN CITY

\section*{Graduation Pathway Rates}

This chart presents the percentage of high school graduates who graduated by passing both sections of the HSPA, who were exempt from passing the HSPA, or who demonstrated proficiency through an alternative pathway such as through the Alternative High School Assessment, achievement of the 'Just Proficient Mean' or an appeal process.

\section*{Extended Year Graduation Rate}

The chart below presents the 4-year and 5-year graduation rate for the prior school year's cohort in addition to the 4-year graduation rate for last year's cohort.
\begin{tabular}{|l|c|c|}
\hline Class of & 4-year Rate & 5-year Rate \\
\hline 2011 & \(92 \%\) & \(98 \%\) \\
\hline 2012 & \(98 \%\) & \(98 \%\) \\
\hline 2013 & \(94 \%\) & \\
\hline
\end{tabular}

\section*{Postsecondary Enrollment Rates}

This chart presents the enrollment rates of this school's high school graduates, 16-months after high school graduation. The data is from the National Student Clearinghouse which reports that it collects student-level enrollment data from \(95 \%\) of Institutions of Higher Education nationwide.

The last columns indicate, for the schoolwide total and each subgroup, the percentage of postsecondary enrollees that were enrolled in either a 2 year or a 4 year institution.
\begin{tabular}{|l|c|c|c|}
\hline & \begin{tabular}{c}

\hline Economically Disadvantaged Students & \(73 \%\) & \(55.6 \%\) & - \\
\hline
\end{tabular}

\section*{WITHIN SCHOOL ACHIEVEMENT GAP} CAMDEN
CAMDEN CITY

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{High School}

HSPA Language Arts 25th \%ile vs 75th \%ile
This table presents the scale scores associated with students at the bottom ( 0 th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.
\begin{tabular}{|c|c|c|}
\hline Percentile & School Scaled Score & State Scaled Score \\
\hline 99th & 253 & 291 \\
\hline 75th & 240 & 247 \\

DR. HENRY H. DAVIS ELEMENTARY SCHOOL 3425 CRAMER STREET
OVERVIEW
CAMDEN
CAMDEN CITY
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.
\(\left.\)\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

Improvement Status
Priority

\section*{Rationale \\ Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{2 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{1 2 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms 4\% of schools statewide as noted by its statewide percentile and \(\mathbf{1 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

\section*{Student Growth}

This school outperforms \(\mathbf{6} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting \(\mathbf{0 \%}\) percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

\end{tabular}

\section*{State of New Jersey}

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit \(\leq\) http://nces.ed.gov/nationsreportcard/>

COLLEGE AND CAREER READINESS

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}

\hline Summary & & & & & \\
\hline
\end{tabular}

Chronic Absenteeism - Number of students in the most recent school year that missed \(10 \%\) or more of the instructional days in the school year divided by the total number of students enrolled.

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, \(1-5\) absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

2012-13

\section*{STUDENT GROWTH \\ CAMDEN \\ CAMDEN CITY}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 30 & 20 & 3 & 35 & \\
\hline Student Growth on Math & 33 & 26 & 8 & NO \\
\hline & & 23 & & 35 & NO \\
\hline
\end{tabular}

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 49\% & 20\% & 11\% & \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 40\% & 16\% & 10\% \\
\hline Proficient & 4\% & 6\% & 9\% & Proficient & 10\% & 8\% & 7\% \\

Advanced \\
Proficient
\end{tabular} & 1\% & 1\% & 7\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{State of New Jersey}

2012-13
07-0680-180
WITHIN SCHOOL ACHIEVEMENT GAP
CAMDEN
CAMDEN CITY
GRADE SPAN PK-07

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level - 03}

NJ ASK Language Arts 25th \%ile vs 75th\%ile

\section*{State of New Jersey}

2012-13

\section*{OVERVIEW \\ CAMDEN \\ CAMDEN CITY}

\section*{GRADE SPAN PK-08}

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.
\(\left.\)\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

\section*{Improvement Status}

Priority
Rationale

\section*{SIG School}

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{1 \%}\) of schools statewide as noted by its statewide percentile and 7\% of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{3 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{2 0 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{State of New Jersey}

\section*{GRADE SPAN PK-08} 400 MOUNT VERNON STREET CAMDEN, NEW JERSEY 08103

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

State of New Jersey
2012-13

\section*{COLLEGE AND CAREER READINESS}

CAMDEN
CAMDEN CITY

\section*{GRADE SPAN PK-08}

ES S. WIGGINS COLLEGE PREPARATORY LAB SCHOOL

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline College and Career Readiness Indicators & School Performance & Peer Percentile & Statewide Percentile & Statewide Target & Met Target? \\
\hline Students taking Algebra (\%) & 0\% & 0 & 0 & 20\% & NO \\
\hline Chronic Absenteeism (\%) & 26\% & 39 & 5 & 6\% & NO \\
\hline Summary & & 20 & 3 & & 0\% \\
\hline
\end{tabular}

\section*{Algebra I}

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.
\begin{tabular}{|c|c|}
\hline 2012-13 & School \\
\hline & \\
Students taking Algebra I & \(0 \%\) \\
\hline & \(0 \%\) \\
\hline Algebra grade (C or better) & \(0 \%\) \\
\hline
\end{tabular}

\section*{Absenteeism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

\section*{STUDENT GROWTH}

ES S. WIGGINS COLLEGE PREPARATORY LAB SCHOOL
CAMDEN
CAMDEN CITY

\section*{GRADE SPAN PK-08} 400 MOUNT VERNON STREET CAMDEN, NEW JERSEY 08103
This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline Student Growth Indicators & Schoolwide Performance & \begin{tabular}{l}
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l}
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l}
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 30 & 23 & 3 & 35 & NO \\
\hline Student Growth on Math & 34 & 39 & 8 & 35 & NO \\
\hline & & 31 & 6 & & 0\% \\
\hline
\end{tabular}

\section*{Student Growth}

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|}
\multicolumn{3}{c|}{ Language Arts } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ GROWTH } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & Low & Typical & High \\
\hline \begin{tabular}{c} 
Partially \\
Proficient
\end{tabular} & \(50 \%\) & \(27 \%\) & \(10 \%\) \\
\hline Proficient & \(5 \%\) & \(4 \%\) & \(4 \%\) \\
\hline \begin{tabular}{l} 
Advanced \\
Proficient
\end{tabular} & \(0 \%\) & \(0 \%\) & \(0 \%\) \\
\hline
\end{tabular}
\begin{tabular}{|c|c|c|}
\multicolumn{3}{c|}{ Math } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & \multicolumn{3}{c|}{ GROWTH } \\
\cline { 2 - 4 } \multicolumn{1}{c|}{} & Low & Typical \\
\hline \begin{tabular}{c} 
Partially \\
Proficient
\end{tabular} & \(43 \%\) & \(22 \%\) \\
\hline High \\
\hline Proficient & \(7 \%\) & \(10 \%\) \\
\hline \begin{tabular}{c} 
Advanced \\
Proficient
\end{tabular} & \(1 \%\) & \(2 \%\) \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

CAMDEN CITY

GRADE SPAN PK-08

ES S. WIGGINS COLLEGE PREPARATORY LAB SCHOOL 400 MOUNT VERNON STREET CAMDEN, NEW JERSEY 08103

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level-03}

\section*{OVERVIEW \\ CAMDEN \\ CAMDEN CITY}

GRADE SPAN 06-08
07-0680-045
EAST CAMDEN MIDDLE SCHOOL
3064 STEVENS STREET CAMDEN, NEW JERSEY 08105

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance is high when compared to its peers.
\begin{tabular}{||c|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \(\left.\begin{array}{c}\text { Percent of } \\
\text { Targets Met }\end{array}\right]\)

Improvement Status
Priority
Rationale

\section*{Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms 3\% of schools statewide as noted by its statewide percentile and \(\mathbf{2 2 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of Academic Achievement.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{1 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{State of New Jersey}

ACADEMIC ACHIEVEMENT
CAMDEN
CAMDEN CITY

GRADE SPAN 06-08

EAST CAMDEN MIDDLE SCHOOL 3064 STEVENS STREET CAMDEN, NEW JERSEY 08105

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and \(100 \%\) proficiency by 2017.

\section*{NCLB Progress Targets - Math}

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and \(100 \%\) proficiency by 2017.

Advanced Proficient Proficient
Partially Proficient

\section*{State of New Jersey}

\section*{2012-13}

\section*{COLLEGE AND CAREER READINESS}

CAMDEN
CAMDEN CITY

\section*{GRADE SPAN 06-08}

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than \(65 \%\) of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|c|c|c|c|c|c|}
\hline College and Career Readiness Indicators & School Performance & Peer Percentile & Statewide Percentile & Statewide Target & Met Target? \\
\hline Students taking Algebra (\%) & 0\% & 0 & 0 & 20\% & NO \\
\hline Chronic Absenteeism (\%) & 36\% & 6 & 2 & 6\% & NO \\
\hline Summary & & 3 & 1 & & 0\% \\
\hline
\end{tabular}

\section*{Algebra I}

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.
\begin{tabular}{|c|c|}
\hline 2012-13 & School \\
\hline & \\
Students taking Algebra I & \(0 \%\) \\
\hline & \(0 \%\) \\
\hline Algebra grade (C or better) & 0 \\
\hline
\end{tabular}

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

\section*{STUDENT GROWTH}

CAMDEN
CAMDEN CITY

GRADE SPAN 06-08

EAST CAMDEN MIDDLE SCHOOL 3064 STEVENS STREET CAMDEN, NEW JERSEY 08105

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 40 & 68 & 19 & 35 & YES \\
\hline Student Growth on Math & 45 & 75 & 35 & 35 & YES \\
\hline & 72 & 27 & & \(100 \%\) \\
\hline
\end{tabular}

\section*{Student Growth}

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline Partially Proficient & 36\% & 27\% & 14\% & Partially Proficient & 37\% & 28\% & 20\% \\
\hline Proficient & 7\% & 7\% & 9\% & Proficient & 3\% & 6\% & 5\% \\
\hline Advanced Proficient & 0\% & 0\% & 1\% & Advanced Proficient & 0\% & 0\% & 1\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

State of New Jersey
}

\section*{WITHIN SCHOOL ACHIEVEMENT GAP}

CAMDEN
CAMDEN CITY

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level-06}

\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

Improvement Status
Priority

\section*{Rationale \\ Lowest-Performing}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{1 \%}\) of schools statewide as noted by its statewide percentile and 4\% of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{1 4 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{3 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{1 9 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

\section*{Student Growth}

This school outperforms 3\% of schools statewide as noted by its statewide percentile and \(\mathbf{1 1 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

\section*{State of New Jersey}

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit \(\leq\) http://nces.ed.gov/nationsreportcard/>

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

\section*{State of New Jersey}

COLLEGE AND CAREER READINESS

CAMDEN CITY
GRADE SPAN KG-06
Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \begin{tabular}{l} 
College and Career Readiness \\
Indicators
\end{tabular} & \begin{tabular}{l} 
School \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer Rank \\
(Percentile)
\end{tabular} & \begin{tabular}{l} 
Statewide Rank \\
(Percentile)
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Chronic Absenteeism (\%) & \(\mathbf{2 5 \%}\) & \(\mathbf{1 9}\) & \(\mathbf{3}\) & \(\mathbf{6 \%}\) & NO \\
\hline Summary & & & & & 0 \\
\hline
\end{tabular}

Chronic Absenteeism - Number of students in the most recent school year that missed \(10 \%\) or more of the instructional days in the school year divided by the total number of students enrolled.

\section*{Absenteeism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, \(1-5\) absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

2012-13

\section*{STUDENT GROWTH \\ CAMDEN \\ CAMDEN CITY \\ GRADE SPAN KG-06}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & \(\mathbf{3 0}\) & 14 & & 3 & \(\mathbf{3 5}\) \\
\hline Student Growth on Math & 25 & 7 & 2 & NO \\
\hline & & 11 & 3 & NO \\
\hline
\end{tabular}

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 53\% & 24\% & 11\% & \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 53\% & 14\% & 3\% \\
\hline Proficient & 2\% & 7\% & 3\% & Proficient & 13\% & 8\% & 4\% \\
\hline Advanced Proficient & 0\% & 0\% & 0\% & Advanced Proficient & 0\% & 3\% & 2\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{State of New Jersey}

WITHIN SCHOOL ACHIEVEMENT GAP
CAMDEN
CAMDEN CITY
GRADE SPAN KG-06

\author{
FOREST HILL SCHOOL 1625 WILDWOOD AVENUE CAMDEN, NEW JERSEY 08103
}

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{OVERVIEW \\ CAMDEN \\ CAMDEN CITY}

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance is high when compared to schools across the state. Additionally, its student growth performance is very high when compared to its peers.
\(\left.\)\begin{tabular}{|l|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & Peer Percentile & \multicolumn{2}{c|}{ Statewide Percentile }
\end{tabular} \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \right\rvert\,

Improvement Status
Priority

\author{
Rationale \\ Lowest-Performing
}

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms 3\% of schools statewide as noted by its statewide percentile and \(\mathbf{2 2 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{5 0 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{5 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{3 2 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

\section*{Student Growth}

This school outperforms \(\mathbf{6 7 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{9 3 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting \(\mathbf{1 0 0 \%}\) percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

\section*{State of New Jersey}

\section*{DEMOGRAPHIC INFORMATION}

CAMDEN CITY
GRADE SPAN PK-05

\section*{Enrollment by Grade, in Full Time Equivalent}

This graph presents the count of students who were 'on roll' by grade in October of each school year.

FRANCIS X. MCGRAW ELEMENTARY SCHOOL 3051 FREMONT STREET
CAMDEN, NEW JERSEY 08105

\section*{Language Diversity}

This table presents the percentage of students who primarily speak each language in their home.
\begin{tabular}{l|c}
\hline\(\underline{\text { 2012-13 }}\) & \(\underline{\text { Percent }}\) \\
\hline English & \(73.6 \%\) \\
\hline Spanish & \(25.8 \%\) \\
\hline Bengali & \(0.3 \%\) \\
\hline French & \(0.3 \%\) \\
\hline
\end{tabular}

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent
\begin{tabular}{|c|c|}
\hline \(2011-12\) & 281 \\

\section*{GRADE SPAN PK-05}

FRANCIS X. MCGRAW ELEMENTARY SCHOOL 3051 FREMONT STREET CAMDEN, NEW JERSEY 08105

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit \(\leq\) http://nces.ed.gov/nationsreportcard/>

\section*{2013 National Assessment Educational Progress (NAEP)}

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published.For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep8math.html For more information, visit \(\leq\) http://nces.ed.gov/nationsreportcard/>

COLLEGE AND CAREER READINESS
CAMDEN CITY
Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \begin{tabular}{l} 
College and Career Readiness \\
Indicators
\end{tabular} & \begin{tabular}{l} 
School \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer Rank \\
(Percentile)
\end{tabular} & \begin{tabular}{l} 
Statewide Rank \\
(Percentile)
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Chronic Absenteeism (\%) & \(\mathbf{2 0 \%}\) & \(\mathbf{3 2}\) & \(\mathbf{5}\) & \(\mathbf{6 \%}\) & NO \\
\hline Summary & & & & & 0 \\
\hline
\end{tabular}

Chronic Absenteeism - Number of students in the most recent school year that missed \(10 \%\) or more of the instructional days in the school year divided by the total number of students enrolled.

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, \(1-5\) absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\begin{tabular}{|l|l|l|l|l|c|}
\hline Student Growth Indicators & \begin{tabular}{l} 
Schoolwide \\
Performance
\end{tabular} & \begin{tabular}{l} 
Peer \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Percentile
\end{tabular} & \begin{tabular}{l} 
Statewide \\
Target
\end{tabular} & Met Target? \\
\hline Student Growth on Language Arts & 48 & \(\mathbf{8 8}\) & 40 & 35 & \\
\hline Student Growth on Math & 69 & 97 & 94 & YES \\
\hline & 93 & 67 & 35 & YES \\
\hline
\end{tabular}

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 34\% & 19\% & 21\% & \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 26\% & 13\% & 16\% \\
\hline Proficient & 3\% & 3\% & 19\% & Proficient & 6\% & 1\% & 29\% \\
\hline Advanced Proficient & 0\% & 0\% & 0\% & Advanced Proficient & 0\% & 0\% & 7\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

\section*{WITHIN SCHOOL ACHIEVEMENT GAP}

CAMDEN
CAMDEN CITY

\author{
GRADE SPAN PK-05
}

\author{
FRANCIS X. MCGRAW ELEMENTARY SCHOOL 3051 FREMONT STREET CAMDEN, NEW JERSEY 08105
}

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

\section*{Grade Level - 04}

NJ ASK Language Arts 25th \%ile vs 75th\%ile

OVERVIEW
CAMDEN
CAMDEN CITY

\section*{GRADE SPAN PK-06}

\section*{HARRY C. SHARP ELEMENTARY SCHOOL \\ 928 NORTH 32ND STREET \\ CAMDEN, NEW JERSEY 08105}

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance is high when compared to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness is about average when compared to its peers. This school's student growth performance is about average when compared to schools across the state. Additionally, its student growth performance is very high when compared to its peers.
\begin{tabular}{|l|c|c|c|c|c|}
\hline \multicolumn{1}{|c|}{ Performance Areas } & \multicolumn{2}{c|}{ Peer Percentile } & \multicolumn{2}{c|}{ Statewide Percentile } & \begin{tabular}{c} 
Percent of \\
Targets Met
\end{tabular} \\
\hline Academic Achievement & 61 & 11 & \(\mathbf{7 5 \%}\) & Improvement Status \\
\hline College and Career Readiness & 42 & & & N/A \\
\hline Student Growth & & 10 & \(0 \%\) & Rationale \\
\hline
\end{tabular}

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

\section*{Academic Achievement}

This school outperforms \(\mathbf{1 1 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{6 1 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting \(\mathbf{7 5 \%}\) of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

\section*{College and Career Readiness}

This school outperforms \(\mathbf{1 0 \%}\) of schools statewide as noted by its statewide percentile and \(\mathbf{4 2 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting \(\mathbf{0 \%}\) of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

\section*{Student Growth}

This school outperforms \(\mathbf{5 2} \%\) of schools statewide as noted by its statewide percentile and \(\mathbf{8 0 \%}\) of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting \(\mathbf{1 0 0 \%}\) percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

\section*{State of New Jersey}

\section*{ACADEMIC ACHIIEVEMENT}

HARRY C. SHARP ELEMENTARY SCHOOL 928 NORTH 32ND STREET CAMDEN, NEW JERSEY 08105
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than \(65 \%\) of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than \(30 \%\) of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

\end{tabular}

\section*{NCLB Progress Targets - Language Arts Literacy}

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and \(100 \%\) proficiency by 2017 .

\section*{COLLEGE AND CAREER READINESS}

CAMDEN CITY
GRADE SPAN PK-06

\section*{HARRY C. SHARP ELEMENTARY SCHOOL 928 NORTH 32ND STREET CAMDEN, NEW JERSEY 08105}

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than \(10 \%\) of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than \(65 \%\) of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
\begin{tabular}{|l|c|c|c|c|c|}

\end{tabular} & Met Target? \\
\hline Chronic Absenteeism (\%) & \(\mathbf{1 6 \%}\) & \(\mathbf{4 2}\) & \(\mathbf{1 0}\) & \(\mathbf{6 \%}\) & \\
\hline Summary & & & & & NO \\
\hline
\end{tabular}

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

\section*{Absentecism}

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6 10 absences, \(11-15\) absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

\section*{State of New Jersey}

2012-13
```

STUDENT GROWTH
CAMDEN
CAMDEN CITY

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 27\% | 32\% | 14\% | Partially <br> Proficient | 22\% | 15\% | 3\% |
| Proficient | 2\% | 9\% | 16\% | Proficient | 11\% | 19\% | 19\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 1\% | 0\% | 10\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## HARRY C. SHARP ELEMENTARY SCHOOL 928 NORTH 32ND STREET CAMDEN, NEW JERSEY 08105

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## State of New Jersey

GRADE SPAN PK-08
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | \(\left.\begin{array}{c}Percent of <br>

Targets Met\end{array}\right]\)

Improvement Status
Priority
Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms 7\% of schools statewide as noted by its statewide percentile and $\mathbf{6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{4 0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{3 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

CAMDEN CITY

GRADE SPAN PK-08

HENRY B. WILSON FAMILY SCHOOL 2250 SOUTH 8TH STREET CAMDEN, NEW JERSEY 08104

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide Performance | Peer <br> Percentile | State Percentile | Percent of Targets Met |
| :---: | :---: | :---: | :---: | :---: |
| NJASK Language Arts Proficiency and above | 26\% | 4 | 5 | 0\% |
| NJASK Math Proficiency and above | 38\% | 7 | 8 | 80\% |
| SUMMARY - Academic Achievement |  | 6 | 7 | 40\% |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 27\% | 3 | 5 | 6\% | NO |
| Summary |  | 2 | 3 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 37 | 7 | 10 | 35 | YES |
| Student Growth on Math | 52 | 71 | 61 | 35 | YES |
|  | 39 | 36 |  | $100 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 44\% | 19\% | 11\% | Partially Proficient | 25\% | 21\% | 15\% |
| Proficient | 5\% | 9\% | 12\% | Proficient | 7\% | 11\% | 16\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 1\% | 4\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

HENRY B. WILSON FAMILY SCHOOL 2250 SOUTH 8TH STREET CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-03

## State of New Jersey

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

GRADE SPAN PK-08
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance is about average when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

## Improvement Status <br> Priority

Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{5 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{3 8 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{2 0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{8 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

ACADEMIC ACHIEVEMENT
CAMDEN
CAMDEN CITY

GRADE SPAN PK-08
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{2 4 \%}$ | $\mathbf{3 3}$ | $\mathbf{4}$ | $\mathbf{2 0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{3 5 \%}$ | $\mathbf{4 2}$ | $\mathbf{6}$ | $\mathbf{2 0 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{3 8}$ | $\mathbf{5}$ | $\mathbf{2 0 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

HENRY L. BONSALL FAMILY SCHOOL 1575 MOUNT EPHRAIM AVENUE CAMDEN, NEW JERSEY 08104

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 29\% | 16 | 3 | 6\% | NO |
| Summary |  | 8 | 2 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absenteeism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

HENRY L. BONSALL FAMILY SCHOOL 1575 MOUNT EPHRAIM AVENUE

CAMDEN, NEW JERSEY 08104
This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 34 | 42 | 6 | 35 | NO |
| Student Growth on Math | 41 | 59 | 22 | 35 | YES |
|  | 51 | 14 |  | $50 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 44\% | 24\% | 12\% | Partially Proficient | 34\% | 21\% | 13\% |
| Proficient | 6\% | 6\% | 7\% | Proficient | 6\% | 8\% | 12\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 1\% | 2\% | 4\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Length of School Day

This table presents the amount of time a school is in session for a typical student on a normal school day.

|  | School |
| :---: | :---: |
| $\mathbf{2 0 1 2 - 1 3}$ | 6 Hrs. 30 Mins. |

## Student Suspension Rate

This table presents the percentage of students who were suspended one or more times during the school year.

|  | School |
| :--- | :--- |
| $\mathbf{2 0 1 2 - 1 3}$ | $18.1 \%$ |

## Instructional Time

This table presents the amount of time that a typical student is engaged in instructional activities under the supervision of a certified teacher.

| 2012-13 | School |
| :--- | :---: |
| Full Time | 5 Hrs. 35 Mins. |
| Shared Time | 0 Hrs. 0 Mins. |

## Student Expulsions

This table presents the number of students who were expelled from the school and district during the school year.

|  | School |
| :---: | :---: |
| $2012-13$ | 0 |

## Student to Staff Ratio

This table presents the count of students per faculty member or administrator in the school. All staff are counted in full-time equivalents.

| 2012-13 | School |
| :--- | :---: |
| Faculty | 10 |
| Administrators | 227 |

This table presents the list of peer schools in alphabetical order by county name that was created specifically for this school (highlighted in yellow). Peer schools are drawn from across the state and represent schools that have similar grade configurations and that are educating students of similar demographic characteristics, as measured by enrollment in Free/Reduced Lunch Programs, Limited English Proficiency or Special Education Programs.

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

## GRADE SPAN PK-08

JOHN GREENLEAF WHITTIER FAMILY SCHOOL 740 CHESTNUT STREET

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: |
| Percent of |  |  |  |
| Targets Met |  |  |  |$|$

## Improvement Status Priority

## Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 7 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 3 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## State of New Jersey

## DEMOGRAPHIC INFORMATION

## CAMDEN

CAMDEN CITY

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' (FTE) in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :--- | :---: |
| $\mathbf{2 0 1 1 - 1 2}$ | $\mathbf{2 0 8}$ |
| $\mathbf{2 0 1 2 - 1 3}$ | $\mathbf{2 8 2}$ |

Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 36 | $13 \%$ |
| Economically Disadvantaged <br> Students | 271 | $96.1 \%$ |
| Limited English Proficient <br> Students | 1 | $0.4 \%$ |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

| $\square$ White |

ACADEMIC ACHIEVEMENT
CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{1 6 \%}$ | $\mathbf{1 0}$ | $\mathbf{1}$ | $\mathbf{0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{2 5 \%}$ | $\mathbf{2 3}$ | $\mathbf{3}$ | $\mathbf{0 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{1 7}$ | $\mathbf{2}$ | $\mathbf{0 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 105 | 16.2 | 34.6 | NO |
| White | - | - |  | -- |
| Black | 69 | 15.9 | 37.6 | NO |
| Hispanic | - | 17.6 | - | -- |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4math.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/>

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

JOHN GREENLEAF WHITTIER FAMILY SCHOOL 740 CHESTNUT STREET
CAMDEN, NEW JERSEY 08103-2500
Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School <br> Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 29\% | 26 | 4 | 6\% | NO |
| Summary |  | 13 | 2 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

# State of New Jersey 

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 29 | 20 | 2 | 35 | NO |
| Student Growth on Math | 35 | 42 | 9 | 35 | YES |
|  |  | 31 | 6 |  | $50 \%$ |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 50\% | 20\% | 12\% | Partially Proficient | 43\% | 25\% | 9\% |
| Proficient | 4\% | 5\% | 8\% | Proficient | 7\% | 4\% | 11\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 2\% | 0\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN

## GRADE SPAN PK-08

JOHN GREENLEAF WHITTIER FAMILY SCHOOL 740 CHESTNUT STREET
CAMDEN, NEW JERSEY 08103-2500

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-04

NJ ASK Language Arts 25th \%ile vs 75th\%ile
This table presents the scale scores associated with students at the bottom (0th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

## State of New Jersey

This school's academic performance lags in comparison to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's graduation and post-secondary performance is high when compared to schools across the state. Additionally, its graduation and post-secondary readiness is very high when compared to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile | Percent of <br> Targets Met | Improvement Status |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Academic Achievement | 55 | 28 | N/A | N/A |
| College \& Career Readiness | 29 |  |  |  |
| Graduation and Post-Secondary |  | 83 | $40 \%$ | Rationale |

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40 th and 59.9 th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{2 8 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{5 5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting N/A of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{3 1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{2 9 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{4 0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

## Graduation and Post-Secondary

This school outperforms $\mathbf{6 1} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{8 3 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Graduation and Post-Secondary. Additionally, this school is meeting $\mathbf{1 0 0 \%}$ of its performance targets in the area of Graduation and Post-Secondary.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular school drop out of school.

PERFORMANCE

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :---: | :---: |
| $2011-12$ | 117 |
| $2012-13$ | 111 |

## Enrollment Trends by Program Participation

## Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 16 | $14 \%$ |
| Economically Disadvantaged | 104 | $93.7 \%$ |
| Students | 3 | $2.7 \%$ |
| Limited English Proficient |  |  |
| Students |  |  |

## Language Diversity

This table presents the percentage of students who primarily speak each language in their home.

| $\underline{\mathbf{2 0 1 2 - 1 3}}$ | $\underline{\text { Percent }}$ |
| :--- | :---: |
| English | $84.1 \%$ |
| Spanish | $15.0 \%$ |
| Vietnamese | $0.9 \%$ |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

## Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' (FTE) in October of each school year.

|  | Male | Female |
| :---: | :---: | :---: |
| $2010-11$ | 38 | 56 |
| $2011-12$ | 37 | $\mathbf{8 0}$ |
| $2012-13$ | 54 | 57 |

## State of New Jersey

NJ SCHOOL

CAMDEN CITY

Academic Achievement measures the content knowledge students have in Language Arts Literacy and Math. In high schools, this includes the outcomes of the New Jersey High School Proficiency Assessment (HSPA). The first column - Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both Language Arts Literacy and Math across multiple administrations of the assessment. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with HSPA scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide Performance | Peer <br> Percentile | State Percentile | Percent of Targets Met |
| :---: | :---: | :---: | :---: | :---: |
| HSPA Language Arts Proficiency and above | 96\% | 77 | 48 | N/A |
| HSPA Math Proficiency and above | 50\% | 32 | 8 | N/A |
| SUMMARY - Academic Achievement |  | 55 | 28 | N/A |

## NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | - | - |  | -- |
| White | - | - |  | -- |

| Students with Disability | - | - |  | -- |
| Limited English Proficient <br> Students | - | - |  | -- |
| Economically Disadvantaged <br> Students | - | - | - |  |

YES* = Met Progress Target(Confidence Interval Applied)
Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## Proficiency Outcomes - Biology

This table presents the percentage of students who scored in the Advanced Proficient, Proficient and Partially Proficient categories of the New Jersey Biology Competency Test (NJBCT) in the latest school year.

| Subgroups | Advanced Proficient | Partially <br> Proficient |  |
| :--- | :---: | :---: | :---: |
| Schoolwide | - | - | - |
| White | - | - | - |
| Black | - | - | - |
| Hispanic | - | - | - |
| American Indian | - | - | - |
| Asian | - | - | - |
| Two or More Races | - | - | - |
| Students with Disability | - | - | - |
| Limited English Proficient Students | - | - |  |
| Economically Disdvantaged Students | - | - | - |

Data is presented for subgroups when the count is high enough under NCLB suppression rules.

## Proficiency Trends - Biology

This graph presents the percentage of students who scored in the Advanced Proficient, Proficient, and Partially Proficient categories of the Biology Competency Test over the last two years.

Data is suppressed to protect the confidentiality of the students.

## State of New Jersey

CAMDEN

## CAMDEN CITY

MET EAST HIGH SCHOOL
1656 KAIGHN AVENUE
CAMDEN, NEW JERSEY 08103

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11 th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | Schoolwide Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Percent of Students Participating in SAT or ACT | 82\% | 45 | 54 | 80\% | YES |
| Percent of Students Participating in PSAT | 100\% | 100 | 100 | 60\% | YES |
| Percent of Students Scoring Above 1550 on SAT | 0\% | 0 | 0 | 40\% | NO |
| Percent of Students Taking at least one AP Test or IB Test in English, Math, Social Studies or Science | 0\% | 0 | 0 | 35\% | NO |
| Percent of AP Tests $>=3$ or IB Test $>=4$ in English, Math, Social Studies or Science | 0\% | 0 | 0 | 75\% | NO |
| Summary |  | 29 | 31 |  | 40\% |

The first column of the table below presents the percentage of students enrolled in the 12th grade who took the SAT or ACT and the percentage of students enrolled in 10th and 11th grade who took the PSAT. The second column provides the average across the school's peer group for these two metrics.

| 2012-13 Percent of Students | School | Peer Avg. | State Avg |
| :--- | :---: | :---: | ---: |
| Participating in SAT | $82.1 \%$ | $67.5 \%$ | $75.3 \%$ |
| Participating in ACT | $28.6 \%$ |  | $20.6 \%$ |
| Participating in PSAT | $100.0 \%$ | $44.7 \%$ | $52.5 \%$ |

## Participation Trends - SAT Testing

This graph presents the participation rate in the SAT over the last four years.

The table below presents the proportion of 'unique' students enrolled in at least 11th and 12th grade i.e, each student is counted once regardless of how many AP or IB courses he/she may take. The table also presents the proportion of how many 'unique' students took at least one AP or IB test to the school's enrollment in 11th and 12th grade.

| 2012-13 Percent of Students <br> Taking | School | Peer <br> Avg. | State <br> Avg. |
| :--- | :---: | :---: | :---: |
| One or More Course | $0.0 \%$ | $21.6 \%$ | $32.8 \%$ |
| One or More Test | $0.0 \%$ | $21.5 \%$ | $26.8 \%$ |
| At least one AP or IB Test in English, <br> Math, Social Studies or Science | $0.0 \%$ | $16.4 \%$ | $18.9 \%$ |

Note: Students who are enrolled in AP/IB coursework or take AP/IB tests in grades other than 11th and 12th are included in the numerator of this calculation.

## AP /IB Test Results

This table presents the percentage of all AP/IB tests taken by students enrolled in the school that were scored $\mathrm{AP}>=3$ and scored $\mathrm{IB}>=4$.

| 2012-13 | School | Peer <br> Avg. | State <br> Avg. |
| :---: | :---: | :---: | :---: |
| Percent of AP Tests $>=3$ or IB Test $>=4$ | $0.0 \%$ | $18.9 \%$ | $74.6 \%$ |
| Percent of Scores in AP $>=3$ or IB $>=4$ in <br> English, Math, Social Studies or Science | $0.0 \%$ | $14.7 \%$ | $75.1 \%$ |

## Scholastic Assessment Test (SAT) Results

This table presents the percentage of students who achieved a composite SAT score of 1550 or higher. The SAT benchmark score of 1550 (Critical Reading, Mathematics and Writing Score combined) indicates a 65 percent likelihood of achieveing a B- average or higher during the first year of college, which in turn has been found by the College Board's research to be indicative of a high likelihood of college success and completion.

| 2012-13 | School | Peer Avg. | State Avg |
| :--- | ---: | ---: | ---: |
| Percent of Students Scoring <br> Above 1550 on SAT | $0.0 \%$ | $8.3 \%$ | $43.9 \%$ |

SAT Benchmark Trends
This chart presents the percentage of students who achieved a composite SAT score of 1550 or higher over the past four years.

## Composite SAT Score

This chart presents the average composite SAT score from the last academic year for students enrolled in this school as well as the average scores achieved in Critical Reading, Mathematics and Writing. The averages from this school's peer group are also presented.

| 2012-13 | School | Peer Avg. | State Avg. |
| :--- | :---: | :---: | :---: |
| Composite SAT Score | 1,103 | 1,183 | 1,512 |
| Critical Reading | 377 | 388 | 495 |
| Mathematics | 373 | 406 | 521 |
| Writing | 353 | 388 | 496 |

This chart presents the scores achieved in Critical Reading, Mathematics and Writing by the students at the 25 th percentile, the 50th percentile and the 75th percentile of the school's distribution of SAT scores.

| 2012-13 | Critical Reading | Mathematics | Writing |
| :---: | :---: | :---: | :---: |
| 75th Percentile | 420 | 410 | 410 |
| 50th Percentile | 400 | 390 | 340 |
| 25th Percentile | 280 | 310 | 310 |

## Visual and Performing Arts

The chart below contains the percentage of students who were enrolled in at least one Dance, Drama/Theater, Music or Visual Arts class in this school. The last row shows the percentage of students who were enrolled in any Visual and Performing Arts classes in the school.

| Percent of Students Enrolled | School | State |
| :--- | :---: | :---: |
| Dance | $\mathrm{N} / \mathrm{R}$ | $1.8 \%$ |
| Drama/Theater | $\mathrm{N} / \mathrm{R}$ | $3.5 \%$ |
| Music | $\mathrm{N} / \mathrm{R}$ |  |
| Visual Arts | $\mathrm{N} / \mathrm{R}$ | $16.7 \%$ |
| Total: All Visual and Performing Arts | $\mathrm{N} / \mathrm{R}$ | $30.2 \%$ |

## State of New Jersey

## CAMDEN

CAMDEN CITY

## GRADE SPAN 09-12

MET EAST HIGH SCHOOL
1656 KAIGHN AVENUE
CAMDEN, NEW JERSEY 08103

This section of the performance report presents data about graduation, dropout and post-secondary attendance. The graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.

| Graduation \& Post Secondary Indicators | Schoolwide Performance | Peer <br> Percentile | Statewide Percentile | Statewide Targets | Met Target |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Overall Graduation Rate | 83\% | 65 | 22 | 75\% | YES |
| Dropout Rate | 0.0\% | 100 | 100 | 2\% | YES |
| SUMMARY - Graduation \& Post-Secondary |  | 83 | 61 |  | 100\% |

## Graduation Rate by Subgroup

This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.

|  | School | State Target |
| :--- | ---: | :---: |
| Schoolwide | $83 \%$ | $75 \%$ |
| White | - |  |
| Black | - |  |
| Hispanic |  |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | - |  |
| Students with Disability | - |  |
| Limited English Proficient Students | - |  |
| Economically Disadvantaged Students | - |  |

## Dropout Rate by Subgroup

This table presents for all NCLB-identified subgroups the Dropout rate. This rate calculates the percentage of students who are classified as dropouts divided by the school's total enrollment and by each subgroup enrollment.

|  | School | State Target |
| :--- | ---: | :---: |
| Schoolwide | $0 \%$ | $2 \%$ |
| White | - |  |
| Black | $0 \%$ |  |
| Hispanic | $0 \%$ |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | - |  |
| Students with Disability | - |  |
| Limited English Proficient Students | $0 \%$ |  |
| Economically Disadvantaged Students | $0 \%$ |  |

## Graduation Pathway Rates

This chart presents the percentage of high school graduates who graduated by passing both sections of the HSPA, who were exempt from passing the HSPA, or who demonstrated proficiency through an alternative pathway such as through the Alternative High School Assessment, achievement of the 'Just Proficient Mean' or an appeal process.

## Extended Year Graduation Rate

The chart below presents the 4-year and 5-year graduation rate for the prior school year's cohort in addition to the 4-year graduation rate for last year's cohort.

| Class of | 4-year Rate | 5-year Rate |
| :--- | :---: | :---: |
| 2011 | $76 \%$ | $95 \%$ |
| 2012 | $97 \%$ | $100 \%$ |
| 2013 | $83 \%$ |  |

## Postsecondary Enrollment Rates

This chart presents the enrollment rates of this school's high school graduates, 16-months after high school graduation. The data is from the National Student Clearinghouse which reports that it collects student-level enrollment data from $95 \%$ of Institutions of Higher Education nationwide.

The last columns indicate, for the schoolwide total and each subgroup, the percentage of postsecondary enrollees that were enrolled in either a 2 year or a 4 year institution.

|  | Percent <br> Enrolled | Percent in <br> 2 Year | Percent in <br> 4 Year |
| :--- | :---: | :---: | :---: |
| Schoolwide | - | - | - |
| White | - | - | - |
| Black | - | - | - |
| Hispanic | - | - | - |
| Asian | - | - | - |
| American Indian | - | - | - |
| Native Hawaiian | - | - | - |
| Two or More Races | - | - | - |
| Students with Disability | - | - | - |
| Limited English Proficient Students | - | - | - |
| Economically Disadvantaged Students | - | - | - |

## WITHIN SCHOOL ACHIEVEMENT GAP CAMDEN <br> CAMDEN CITY

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## High School

HSPA Language Arts 25th \%ile vs 75th\%ile

2012-13

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

GRADE SPAN PK-08
07-0680-145

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance is about average when compared to schools across the state. Additionally, its student growth performance is high when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

## Improvement Status <br> Priority

Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{9 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{6 3 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{1 2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{3 6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' (FTE) in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :--- | :---: |
| $2011-12$ | 559 |
| $2012-13$ | 573 |

Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | :---: | :---: |
| Students with Disability | 80 | $14 \%$ |
| Economically Disadvantaged <br> Students | 550 | $96.0 \%$ |
| Limited English Proficient | 116 | $20.2 \%$ |
| Students |  |  |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001 American

Hispanic

Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' (FTE) in October of each school year.

## State of New Jersey

## ACADEMIC ACHIEVEMENT

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{3 3 \%}$ | 49 | $\mathbf{9}$ | $\mathbf{5 0 \%}$ |
| NJASK Math Proficiency and above | $40 \%$ | 42 | 9 | $\mathbf{7 5 \%}$ |
| SUMMARY - Academic Achievement |  | 46 | 9 | $\mathbf{9 3 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 228 | 32.5 | 38.4 | YES* |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4math.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/>

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published.For subgroup outcomes, visit :

## State of New Jersey

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 13\% | 71 | 24 | 6\% | NO |
| Summary |  | 36 | 12 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 52 | 88 | 63 | 35 | YES |
| Student Growth on Math | 48 | 68 | 46 | 35 | YES |
|  | 78 | 55 |  | $100 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 28\% | 26\% | 15\% | Partially Proficient | 27\% | 23\% | 13\% |
| Proficient | 5\% | 9\% | 17\% | Proficient | 7\% | 9\% | 15\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 1\% | 1\% | 4\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

OCTAVIO V. CATTO FAMILY SCHOOL 3100 WESTFIELD AVE CAMDEN, NEW JERSEY 08105

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-03

| :---: | :---: | :---: | :---: | \(\left.\begin{array}{c}Percent of <br>

Targets Met\end{array}\right]\)

## Improvement Status

Priority

## Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{3 3 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

GRADE SPAN 06-08

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{1 4 \%}$ | $\mathbf{4}$ | $\mathbf{1}$ | $\mathbf{3 3 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{1 2 \%}$ |  | $\mathbf{4}$ | $\mathbf{1}$ |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/ $>$

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

GRADE SPAN 06-08

PYNE POYNT MIDDLE SCHOOL 800 ERIE STREET
CAMDEN, NEW JERSEY 08102-2212

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 37\% | 3 | 2 | 6\% | NO |
| Summary |  | 2 | 1 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN 06-08

PYNE POYNT MIDDLE SCHOOL 800 ERIE STREET
CAMDEN, NEW JERSEY 08102-2212

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 42 | 62 | 24 | 35 | YES |
| Student Growth on Math | 43 | 42 | 27 | 35 | YES |
|  | 52 | 26 |  | $100 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 38\% | 29\% | 21\% | Partially Proficient | 39\% | 32\% | 17\% |
| Proficient | 3\% | 3\% | 6\% | Proficient | 2\% | 2\% | 8\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 0\% | 0\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

## GRADE SPAN 06-08

PYNE POYNT MIDDLE SCHOOL 800 ERIE STREET
CAMDEN, NEW JERSEY 08102-2212

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-06

NJ ASK Language Arts 25th \%ile vs 75th\%ile

OVERVIEW
RAFAEL CORDERO MOLINA ELEMENTARY SCHOOL
601 VINE STREET
CAMDEN
CAMDEN CITY
GRADE SPAN PK-05
CAMDEN, NEW JERSEY 08102-2212
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance is about average when compared to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
Priority

## Rationale <br> Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{1 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{3 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 0 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{1 7} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{4 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{5 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## DEMOGRAPHIC INFORMATION

CAMDEN
CAMDEN CITY

## Enrollment by Grade, in Full Time Equivalent

This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

Total School Enrollment in Full Time Equivalent

| $2011-12$ | 630 |
| :--- | :---: |
| $2012-13$ | 528 |

## Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |
| :--- | ---: | :---: |
| Students with Disability | 74 | $14 \%$ |
| Economically Disadvantaged | 518 | $98 \%$ |
| Students | 71 | $13 \%$ |
| Limited English Proficient | Students |  |

## Enrollment by Ethnic/Racial Subgroup

This graph presents the percentages of enrollment for each subgroup defined by the No Child Left Behind Act of 2001

Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' in October of each school year.

|  | Male | Female |

## CAMDEN <br> CAMDEN CITY

## GRADE SPAN PK-05

CAMDEN, NEW JERSEY 08102-2212
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{9 \%}$ | 4 | $\mathbf{1}$ | $\mathbf{0 \%}$ |
| NJASK Math Proficiency and above | $\mathbf{3 0 \%}$ | 4 | $\mathbf{1}$ | $\mathbf{6 0 \%}$ |
| SUMMARY - Academic Achievement |  | 4 | $\mathbf{1}$ | $\mathbf{3 0 \%}$ |

NCLB Progress Targets - Language Arts Literacy
This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017 .

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit : http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/>

This graph presents the grade level outcomes in the categories of Advanced Proficient, Proficient, and Partially Proficient over the last four years.

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4math.html For more information, visit $<$ http://nces.ed.gov/nationsreportcard/>

## State of New Jersey

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{2 8 \%}$ | $\mathbf{1 0}$ | $\mathbf{2}$ | $\mathbf{6 \%}$ |  |
| Summary |  |  |  |  | NO |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
$\left.\begin{array}{|l|l|l|l|l|c|}\hline \text { Student Growth Indicators } & \begin{array}{l}\text { Schoolwide } \\ \text { Performance }\end{array} & \begin{array}{l}\text { Peer } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { Statewide } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { Statewide } \\ \text { Target }\end{array} & \text { Met Target? } \\ \hline \text { Student Growth on Language Arts } & \mathbf{3 3} & 24 & & 6 & 35\end{array}\right]$ NO

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially <br> Proficient | 51\% | 26\% | 15\% | Partially Proficient | 38\% | 20\% | 13\% |
| Proficient | 3\% | 1\% | 5\% | Proficient | 4\% | 3\% | 20\% |
| Advanced <br> Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 0\% | 2\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## State of New Jersey

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

GRADE SPAN PK-05

RAFAEL CORDERO MOLINA ELEMENTARY SCHOOL
601 VINE STREET
CAMDEN, NEW JERSEY 08102-2212

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

RILETTA TWYNE CREAM FAMILY SCHOOL 1875 MULFORD STREET
CAMDEN, NEW JERSEY 08104
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

## Improvement Status Priority Rationale <br> Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 0 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{2 0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{2 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 0 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## ACADEMIC ACHIEVEMENT

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

RILETTA TWYNE CREAM FAMILY SCHOOL 1875 MULFORD STREET CAMDEN, NEW JERSEY 08104

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |

| SUMMARY - Academic Achievement |  | $\mathbf{1 3}$ | $\mathbf{2}$ | $\mathbf{2 0 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 245 | 15.5 | 27.6 | NO |
| White | - | - |  | -- |
| Black | 173 | 13.9 | 27.1 | NO |
| Hispanic | 71 | 19.7 | 29 | YES* |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

## RILETTA TWYNE CREAM FAMILY SCHOOL 1875 MULFORD STREET CAMDEN, NEW JERSEY 08104

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School <br> Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 29\% | 19 | 3 | 6\% | NO |
| Summary |  | 10 | 2 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

RILETTA TWYNE CREAM FAMILY SCHOOL 1875 MULFORD STREET
CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Student Growth on Language Arts | 29 | 20 | 2 | 35 | NO |
| Student Growth on Math | 34 | 39 | 8 | 35 | NO |
|  |  | 30 | 5 |  | 0\% |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 53\% | 23\% | 10\% | Partially Proficient | 45\% | 24\% | 8\% |
| Proficient | 3\% | 5\% | 6\% | Proficient | 6\% | 4\% | 11\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 0\% | 1\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

RILETTA TWYNE CREAM FAMILY SCHOOL 1875 MULFORD STREET CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-03

NJ ASK Language Arts 25th \%ile vs 75th\%ile
This table presents the scale scores associated with students at the bottom (0th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

## GRADE SPAN PK-08

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness significantly lags in comparison to its peers. This school's student growth performance significantly lags in comparison to schools across the state. Additionally, its student growth performance lags in comparison to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | \(\left.\begin{array}{c}Percent of <br>

Targets Met\end{array}\right]\)

## Improvement Status Priority

## Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms 3\% of schools statewide as noted by its statewide percentile and $\mathbf{1 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{5 0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{5 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 8 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

GRADE SPAN PK-08

THOMAS H. DUDLEY FAMILY SCHOOL 2250 BERWICK STREET
CAMDEN, NEW JERSEY 08105-1160

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.
$\left.\begin{array}{|l|l|l|l|l|}\hline \text { Academic Achievement Indicators } & \begin{array}{l}\text { Schoolwide } \\ \text { Performance }\end{array} & \begin{array}{l}\text { Peer } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { State } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { Percent of Targets } \\ \text { Met }\end{array} \\ \hline \text { NJASK Language Arts Proficiency and above } & \mathbf{1 8 \%} & & & \mathbf{2}\end{array}\right]$

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## State of New Jersey

CAMDEN, NEW JERSEY 08105-1160

## State of New Jersey

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 22\% | 35 | 10 | 6\% | NO |
| Summary |  | 18 | 5 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

 methodology can be found here: http://www.state.nj.us/education/njsmart/performance/The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 38 | 33 | 13 | 35 | YES |
| Student Growth on Math | 41 | 33 | 22 | 35 | YES |
|  |  | 33 | 18 |  | $100 \%$ |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 45\% | 23\% | 15\% | Partially Proficient | 35\% | 21\% | 13\% |
| Proficient | 1\% | 9\% | 8\% | Proficient | 8\% | 10\% | 9\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 1\% | 2\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN

## CAMDEN CITY

THOMAS H. DUDLEY FAMILY SCHOOL 2250 BERWICK STREET
CAMDEN, NEW JERSEY 08105-1160

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## Grade Level-03

2012-13

## OVERVIEW <br> CAMDEN <br> CAMDEN CITY

GRADE SPAN PK-08
VETERANS MEMORIAL FAMILY SCHOOL 800 NORTH 26TH STREET CAMDEN, NEW JERSEY 08105
This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance is about average when compared to its peers. This school's college and career readiness significantly lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's student growth performance lags in comparison to schools across the state. Additionally, its student growth performance is very high when compared to its peers.

| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :---: | :---: | :---: | :---: | \(\left.\begin{array}{c}Percent of <br>

Targets Met\end{array}\right]\)

Improvement Status
Priority
Rationale

## Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile. High Performance is defined as being between the 60th and 79.9th percentiles. Average Performance is defined as being between the 40th and 59.9th percentiles. Lagging Performance is defined as being between the 20th and 39.9th percentiles. Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{9 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{5 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{6 0 \%}$ of its performance targets in the area of Academic Achievement.

## College and Career Readiness

This school outperforms $\mathbf{6 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{3 1 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJ ASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

| Spanish | $43.8 \%$ |
| Afrikaans | $0.2 \%$ |

## Enrollment by Gender

This graph presents the count of students by gender who were 'on roll' (FTE) in October of each school year.

## State of New Jersey

## ACADEMIC ACHIIEVEMENT

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08
Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile rank of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |
| :--- | :--- | :--- | :--- | :--- |
| NJASK Language Arts Proficiency and above | $\mathbf{3 0 \%}$ | $\mathbf{4 9}$ |  | $\mathbf{7}$ |
| NJASK Math Proficiency and above | $\mathbf{4 3 \%}$ | $\mathbf{5 5}$ | $\mathbf{1 1}$ | $\mathbf{1 0 0 \%}$ |
| SUMMARY - Academic Achievement |  | $\mathbf{5 2}$ | $\mathbf{9}$ | $\mathbf{6 0 \%}$ |

NCLB Progress Targets - Language Arts Literacy

This table presents the Progress Targets as uniquely calculated for each subgroup in each school under NJDOE's NCLB waiver. The methodology - as defined by the United States Department of Education - is calculated so that each subgroup will halve the gap between their 2011 proficiency rate and $100 \%$ proficiency by 2017.

| Subgroups | Total Valid <br> Scores | Pass <br> Rate | Target | Met <br> Target? |
| :--- | :---: | :---: | :---: | :---: |
| Schoolwide | 210 | 30 | 38.3 | NO |
| White | - | - |  | -- |
| Black | 47 | 38.3 | 34.9 | YES |
| Hispanic | 158 | 27.2 | 38.1 | NO |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4read.html For more information, visit [http://nces.ed.gov/nationsreportcard/](http://nces.ed.gov/nationsreportcard/)

## State of New Jersey

## COLLEGE AND CAREER READINESS

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

## VETERANS MEMORIAL FAMILY SCHOOL 800 NORTH 26TH STREET CAMDEN, NEW JERSEY 08105

Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. First, the table presents the percentage of students, as measured against the school's enrollment in eighth grade, who were reported via NJSMART as being enrolled in Algebra I. The table also presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school is 65 in Algebra I Enrollment has a higher Algebra I Enrollment than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | School Performance | Peer <br> Percentile | Statewide Percentile | Statewide Target | Met Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Students taking Algebra (\%) | 0\% | 0 | 0 | 20\% | NO |
| Chronic Absenteeism (\%) | 20\% | 61 | 12 | 6\% | NO |
| Summary |  | 31 | 6 |  | 0\% |

## Algebra I

This table presents the percentage of eighth graders who were reported in the Algebra I course code in NJSMART and the percentage of those students who earned a C or higher in the course.

| 2012-13 | School |
| :---: | :---: |
| Students taking Algebra I |  |
| Algebra grade (C or better) | $0 \%$ |

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6-10 absences, 11-15 absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

## STUDENT GROWTH

CAMDEN
CAMDEN CITY

## GRADE SPAN PK-08

VETERANS MEMORIAL FAMILY SCHOOL 800 NORTH 26TH STREET
CAMDEN, NEW JERSEY 08105
This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.

| Student Growth Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Target | Met Target? |
| :--- | :--- | :--- | :--- | :--- | :---: |
| Student Growth on Language Arts | 43 | 78 | 29 | 35 | YES |
| Student Growth on Math | 47 | 81 | 42 | 35 | YES |
|  | 80 | 36 |  | $100 \%$ |  |

## Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.

| Language Arts |  |  |  | Math |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | GROWTH |  |  |  | GROWTH |  |  |
|  | Low | Typical | High |  | Low | Typical | High |
| Partially Proficient | 36\% | 25\% | 13\% | Partially Proficient | 30\% | 20\% | 13\% |
| Proficient | 4\% | 11\% | 12\% | Proficient | 7\% | 11\% | 13\% |
| Advanced Proficient | 0\% | 0\% | 0\% | Advanced Proficient | 0\% | 2\% | 4\% |

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

# State of New Jersey 

2012-13

## WITHIN SCHOOL ACHIEVEMENT GAP

CAMDEN
CAMDEN CITY

GRADE SPAN PK-08

VETERANS MEMORIAL FAMILY SCHOOL 800 NORTH 26TH STREET CAMDEN, NEW JERSEY 08105

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

This school's academic performance significantly lags in comparison to schools across the state. Additionally, its academic performance significantly lags in comparison to its peers. This school's college and career readiness lags in comparison to schools across the state. Additionally, its college and career readiness lags in comparison to its peers. This school's graduation and post-secondary performance significantly lags in comparison to schools across the state. Additionally, its graduation and postsecondary readiness significantly lags in comparison to its peers.

$\left.$| Performance Areas | Peer Percentile | Statewide Percentile |  |
| :--- | :---: | :---: | :---: | | Percent of |
| :---: |
| Targets Met | \right\rvert\,

Improvement Status
Priority
Rationale

Lowest-Performing

Very High Performance is defined as being equal to or above the 80 th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{3 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{5 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement.Additionally, this school is meeting $\mathbf{1 0 0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For high schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey High School Proficiency Assessment (HSPA). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{2 3} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{2 6 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{2 5 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career Readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For high schools, this includes measures of participation in college readiness tests such as the SAT, ACT or PSAT and in rigorous coursework as defined by participation in AP or IB courses in English, math, social studies and science.

## Graduation and Post-Secondary

This school outperforms $\mathbf{3} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{1 2 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Graduation and Post-Secondary. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of Graduation and Post-Secondary.

Graduation and Postsecondary measures the rate at which students who begin high school four years earlier graduate within four years. Also included is a measure of the rate at which students in a particular school drop out of school.

## State of New Jersey

PERPORMANCE

Enrollment by Grade, in Full Time Equivalent
This graph presents the count of students who were 'on roll' by grade in October of each school year.

Note: "UG" represents the count of students who are 'on roll' in this school but who are educated in ungraded classrooms, meaning that the classrooms may contain students from multiple grade levels.

| Total School Enrollment in Full Time Equivalent |  |
| :---: | :---: |
| $2011-12$ | 959 |
| $2012-13$ | 920 |

## Enrollment Trends by Program Participation

Current Year Enrollment by Program Participation

| 2012-2013 | Count of <br> Students | Percentage of <br> Enrollment |

CAMDEN CITY

GRADE SPAN 09-12

3100 FEDERAL STREET
CAMDEN, NEW JERSEY 08105

Academic Achievement measures the content knowledge students have in Language Arts Literacy and Math. In high schools, this includes the outcomes of the New Jersey High School Proficiency Assessment (HSPA). The first column - Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both Language Arts Literacy and Math across multiple administrations of the assessment. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with HSPA scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets Met |
| :--- | :---: | :--- | :--- | :---: |

Data is suppressed to protect the confidentiality of the students.

## State of New Jersey

COLLEGE AND CAREER READINESS
CAMDEN
CAMDEN CITY

GRADE SPAN 09-12

WOODROW WILSON HIGH SCHOOL
3100 FEDERAL STREET CAMDEN, NEW JERSEY 08105

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. Among those behaviors are taking college entrance exams and challenging themselves with rigorous course work. The table below presents five such indicators: the percentage of students enrolled in the 12th grade who took the SAT or ACT, the percentage of 10th and 11 th graders who took the PSAT, the percentage of students who scored above the SAT benchmark of 1550 , the percentage of 11 th and 12 th graders who took at least one AP or IB test in English, math, social studies or science, and the percentage of those AP or IB tests that were scored a 3 or higher.

The first column - Schoolwide Performance - represents the outcomes for these particular inidcators in the school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in SAT participation has a higher SAT Participation than $65 \%$ of its peer group. The third column Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness Indicators | Schoolwide Performance | Peer <br> Percentile | Statewide Percentile | Statewide <br> Target | Met <br> Target? |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Percent of Students Participating in SAT or ACT | 26\% | 6 | 4 | 80\% | NO |
| Percent of Students Participating in PSAT | 87\% | 77 | 78 | 60\% | YES |
| Percent of Students Scoring Above 1550 on SAT | 0\% | 0 | 0 | 40\% | NO |
| Percent of Students Taking at least one AP Test or IB Test in English, Math, Social Studies or Science | 0\% | 19 | 9 | 35\% | NO |
| Percent of AP Tests $>=3$ or IB Test $>=4$ in English, Math, Social Studies or Science | -0\% | N/A | N/A | 75\% | N/A |
| Summary |  | 26 | 23 |  | 25\% |
| College Readiness Test Participation |  | AP/IB Participation - 'Unique' Students |  |  |  |

The first column of the table below presents the percentage of students enrolled in the 12th grade who took the SAT or ACT and the percentage of students enrolled in 10th and 11th grade who took the PSAT. The second column provides the average across the school's peer group for these two metrics.

| 2012-13 Percent of Students | School | Peer Avg. | State Avg |
| :--- | :---: | :---: | ---: |
| Participating in SAT | $25.3 \%$ | $67.2 \%$ | $75.3 \%$ |
| Participating in ACT | $4.6 \%$ |  | $20.6 \%$ |
| Participating in PSAT | $87.0 \%$ | $40.5 \%$ | $52.5 \%$ |

## Participation Trends - SAT Testing

This graph presents the participation rate in the SAT over the last four years.

The table below presents the proportion of 'unique' students enrolled in at least 11th and 12th grade i.e, each student is counted once regardless of how many AP or IB courses he/she may take. The table also presents the proportion of how many 'unique' students took at least one AP or IB test to the school's enrollment in 11th and 12th grade.

| 2012-13 Percent of Students <br> Taking | School | Peer <br> Avg. | State <br> Avg. |
| :--- | :---: | :---: | :---: |
| One or More Course | $5.0 \%$ | $16.9 \%$ | $32.8 \%$ |
| One or More Test | $0.3 \%$ | $17.1 \%$ | $26.8 \%$ |
| At least one AP or IB Test in English, <br> Math, Social Studies or Science | $0.3 \%$ | $12.4 \%$ | $18.9 \%$ |

Note: Students who are enrolled in AP/IB coursework or take AP/IB tests in grades other than 11th and 12th are included in the numerator of this calculation.

## AP /IB Test Results

This table presents the percentage of all AP/IB tests taken by students enrolled in the school that were scored AP $>=3$ and scored IB $>=4$.

| 2012-13 | School | Peer <br> Avg. | State <br> Avg. |
| :--- | :---: | :---: | :---: |

| AP Spanish Language | 7 | 0 |

SAT Benchmark Trends
This chart presents the percentage of students who achieved a composite SAT score of 1550 or higher over the past four years.

## Composite SAT Score

This chart presents the average composite SAT score from the last academic year for students enrolled in this school as well as the average scores achieved in Critical Reading, Mathematics and Writing. The averages from this school's peer group are also presented.

| 2012-13 | School | Peer Avg. | State Avg. |
| :--- | :---: | :---: | :---: |
| Composite SAT Score | 1,006 | 1,196 | 1,512 |
| Critical Reading | 334 | 393 | 495 |
| Mathematics | 344 | 411 | 521 |
| Writing | 328 | 392 | 496 |

This chart presents the scores achieved in Critical Reading, Mathematics and Writing by the students at the 25 th percentile, the 50th percentile and the 75th percentile of the school's distribution of SAT scores.

| 2012-13 | Critical Reading | Mathematics | Writing |
| :---: | :---: | :---: | :---: |
| 75th Percentile | 390 | 420 | 378 |
| 50th Percentile | 350 | 335 | 320 |
| 25th Percentile | 295 | 280 | 288 |

## Visual and Performing Arts

The chart below contains the percentage of students who were enrolled in at least one Dance, Drama/Theater, Music or Visual Arts class in this school. The last row shows the percentage of students who were enrolled in any Visual and Performing Arts classes in the school.

| Percent of Students Enrolled | School | State |
| :--- | :---: | :---: |
| Dance | $3.1 \%$ | $1.8 \%$ |
| Drama/Theater | $6.9 \%$ | $3.5 \%$ |
| Music | $13.2 \%$ | $16.7 \%$ |
| Visual Arts | $41.2 \%$ | $30.2 \%$ |
| Total: All Visual and Performing Arts | $52.6 \%$ | $47.3 \%$ |

N/R - Data Not Reported

## State of New Jersey

## CAMDEN

## CAMDEN CITY

WOODROW WILSON HIGH SCHOOL
CAMDEN, NEW JERSEY 08105 graduation rate is calculated according to the NCLB Cohort methodology as required by the United States Department of Education. Dropout rates are calculated from student-level data submitted by districts for students officially classified as dropouts. The dropout rate is the count of students who dropout in an academic year divided by the school's total enrollment.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer percentile is 65 in Graduation Rate has a higher Graduation Rate than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column - Statewide Target - provides the statewide targets for each of these indicators. The Statewide Target for Graduation Rate was established pursuant to NJDOE's NCLB Accountability Workbook. The last column - Met Target - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentile, the average of statewide percentile and the percentage of statewide targets met.

| Graduation \& Post Secondary <br> Indicators | Schoolwide <br> Performance | Peer <br> Percentile | Statewide <br> Percentile | Statewide <br> Targets | Met Target |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Overall Graduation Rate | $50 \%$ | 10 | 2 |  |  |
| Dropout Rate | $7.7 \%$ | 13 | $\mathbf{7 5 \%}$ | NO |  |
| SUMMARY - Graduation \& Post-Secondary | 12 | 3 | $\mathbf{2 \%}$ | NO |  |

## Graduation Rate by Subgroup

This table presents for all NCLB-identified subgroups the "4year Adjusted Graduation Rate." This rate calculates the percentage of students who are awarded a regular, high school diploma within four years of becoming a first-time ninth grader. The rate is adjusted to account for students who 'transfer-in' and for students who are verified as 'transfers-out'.

|  | School | State Target |
| :--- | ---: | :---: |
| Schoolwide | $50 \%$ | $75 \%$ |
| White | - |  |
| Black | $57 \%$ |  |
| Hispanic | $45 \%$ |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | $-43 \%$ |  |
| Students with Disability | 5 |  |
| Limited English Proficient Students | $52 \%$ |  |
| Economically Disadvantaged Students | $48 \%$ |  |

Dropout Rate by Subgroup

This table presents for all NCLB-identified subgroups the Dropout rate. This rate calculates the percentage of students who are classified as dropouts divided by the school's total enrollment and by each subgroup enrollment.

|  | School | State Target |
| :--- | ---: | ---: |
| Schoolwide | $7.7 \%$ | $2 \%$ |
| White | - |  |
| Black | $8.4 \%$ |  |
| Hispanic | $7.6 \%$ |  |
| American Indian | - |  |
| Asian | - |  |
| Native Hawaiian | - |  |
| Two or More Races | $2.2 \%$ |  |
| Students with Disability | $6.3 \%$ |  |
| Limited English Proficient Students |  |  |
| Economically Disadvantaged Students | $6.7 \%$ |  |

## Graduation Pathway Rates

This chart presents the percentage of high school graduates who graduated by passing both sections of the HSPA, who were exempt from passing the HSPA, or who demonstrated proficiency through an alternative pathway such as through the Alternative High School Assessment, achievement of the 'Just Proficient Mean' or an appeal process.

## Extended Year Graduation Rate

The chart below presents the 4 -year and 5-year graduation rate for the prior school year's cohort in addition to the 4-year graduation rate for last year's cohort.

| Class of | 4-year Rate | 5-year Rate |
| :--- | :---: | :---: |
| 2011 | $55 \%$ | $57 \%$ |
| 2012 | $46 \%$ | $57 \%$ |
| 2013 | $50 \%$ |  |

## Postsecondary Enrollment Rates

This chart presents the enrollment rates of this school's high school graduates, 16-months after high school graduation. The data is from the National Student Clearinghouse which reports that it collects student-level enrollment data from $95 \%$ of Institutions of Higher Education nationwide.

The last columns indicate, for the schoolwide total and each subgroup, the percentage of postsecondary enrollees that were enrolled in either a 2 year or a 4 year institution.

|  | Percent <br> Enrolled | Percent in <br> 2 Year | Percent in <br> 4 Year |
| :--- | :---: | :---: | :---: |
| Schoolwide | $49 \%$ | $73.3 \%$ | $22.1 \%$ |
| White | - | - | - |
| Black | $58.7 \%$ | $65.9 \%$ | $29.5 \%$ |
| Hispanic | $41.1 \%$ | $79.5 \%$ | $15.4 \%$ |
| Asian | - | - | - |
| American Indian | - | - | - |
| Native Hawaiian | - | - | - |
| Two or More Races | - | - | - |
| Students with Disability | $39.5 \%$ | - | - |
| Limited English Proficient Students | - | - | - |
| Economically Disadvantaged Students | $49.6 \%$ | $77.8 \%$ | - |

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.

## High School

HSPA Language Arts 25th \%ile vs 75th\%ile
This table presents the scale scores associated with students at the bottom ( 0 th percentile), the 25th percentile, the 50th percentile, the 75 th percentile and the top (99th percentile) of school's distribution.

OVERVIEW
CAMDEN
CAMDEN CITY

## GRADE SPAN PK-06

| This school's academic performance significantly lags in comparison to schools acr academic performance significantly lags in comparison to its peers. This school's college and lags in comparison to schools across the state. Additionally, its college and career readiness signific its peers. This school's student growth performance significantly lags in comparison to schools ac student growth performance is about average when compared to its peers. |  |  |  |
| :---: | :---: | :---: | :---: |
| Performance Areas | Peer Percentile | Statewide Percentile | Percent of Targets Met |
| Academic Achievement | 7 | 1 | 0\% |
| College and Career Readiness | 13 | 3 | 0\% |
| Student Growth | 44 | 18 | 50\% |

Improvement Status
Priority

Rationale<br>Lowest-Performing

Very High Performance is defined as being equal to or above the 80th percentile.
High Performance is defined as being between the 60th and 79.9th percentiles.
Average Performance is defined as being between the 40th and 59.9th percentiles.
Lagging Performance is defined as being between the 20th and 39.9th percentiles.
Significantly Lagging Performance is defined as being equal to or below the 19.9th percentile.
Peer Schools are schools that have similar grade levels and students with similar demographic characteristics, such as the percentage of students qualifying for Free/Reduced Lunch, Limited English Proficiency programs or Special Education programs.

## Academic Achievement

This school outperforms $\mathbf{1 \%}$ of schools statewide as noted by its statewide percentile and $7 \%$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Academic Achievement. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of Academic Achievement.

Academic Achievement measures the content knowledge students have in language arts literacy and math. For elementary and middle schools, this includes measures of the school's proficiency rate on both the Language Arts Literacy and Math sections of the New Jersey Assessment of Skills and Knowledge (NJASK). A proficiency rate is calculated by summing the count of students who scored either proficient or advanced proficient on the assessment and dividing by the count of valid test scores.

## College and Career Readiness

This school outperforms $\mathbf{3 \%}$ of schools statewide as noted by its statewide percentile and $\mathbf{1 3 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of College and Career Readiness. Additionally, this school is meeting $\mathbf{0 \%}$ of its performance targets in the area of College and Career Readiness.

College and Career readiness measures the degree to which students are demonstrating behaviors that are indicative of future attendance and/or success in college and careers. For all elementary and middle schools, this includes a measurement of how many students are chronically absent. For schools with middle school grades, it also includes a measurement of how many students take Algebra I in eighth grade.

## Student Growth

This school outperforms $\mathbf{1 8} \%$ of schools statewide as noted by its statewide percentile and $\mathbf{4 4 \%}$ of schools educating students with similar demographic characteristics as noted in its peer school percentile in the performance area of Student Growth. Additionally, this school is meeting $\mathbf{5 0 \%}$ percentage of its performance targets in the area of Student Growth.

Student Growth measures the performance of students from one year to the next on the New Jersey Assessment of Skills and Knowledge (NJASK) in Language Arts Literacy and Math when compared to students with a similar history of performance on NJASK.

## GRADE SPAN PK-06

CAMDEN, NEW JERSEY 08104

Academic Achievement measures the content knowledge students have in language arts literacy and math. In elementary and middle school, this includes the outcomes of the New Jersey Assessment of Skills and Knowledge (NJASK). The first column Schoolwide Performance - in the table below includes measures of the total schoolwide proficiency rate in both language arts literacy and math. The second column - Peer School Percentile - indicates where the school's proficiency rate compares to its group of peer schools. For example, a school that has a peer school percentile of 65 has a proficiency rate that is higher than $65 \%$ of its peer schools. The third column - Statewide Percentile - indicates where the school's proficiency rate compares to schools across the state. For example, a school that has a statewide percentile of 30 has a proficiency rate that is higher than $30 \%$ of all schools with NJASK scores statewide. The last column - Percent of Targets Met - presents the percentage of progress targets met as defined by the NJDOE's NCLB waiver.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| Academic Achievement Indicators | Schoolwide <br> Performance | Peer <br> Percentile | State <br> Percentile | Percent of Targets <br> Met |

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :

## ACADEMIC ACHIIEVEMENT

## 2013 National Assessment Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the largest national assessment of what our nation's students know and can do. NAEP assesses fourth-, eighth-, and twelfth-grade students in subjects such as reading, mathematics, science, and writing. The reporting of NAEP scores on state report cards is a federal mandate. The results of NAEP are also published as the Nation's Report Card, and are available for the nation, states, and, in some cases, urban districts. The NAEP scores on the report card include grades four and eight 2013 reading and math scores for New Jersey which are the last scores published. For subgroup outcomes, visit :
http://www.nj.gov/education/pr/1213/naep/naep4math.html For more information, visit $\leq$ http://nces.ed.gov/nationsreportcard/>

COLLEGE AND CAREER READINESS

CAMDEN CITY
GRADE SPAN PK-06
Students in both elementary and middles schools begin to demonstrate college readiness behaviors long before they even enter high school. Among the behaviors that research has shown to be indicative of success and college and career readiness are regularly attending school and challenging themselves with rigorous course work. The table presents the percentage of students who were chronically absent during the prior school year. A chronically absent student is a student who was not present for any reason for more than $10 \%$ of the total days possible for that individual student.

The first column - Schoolwide Performance - represents the outcomes for these particular indicators in this school. The second column - Peer School Percentile - indicates how the school's performance compares to its group of peer schools. For example, a school whose peer school percentile is 65 in Chronic Absenteeism has a lower Chronic Absenteeism than $65 \%$ of its peer group. The third column - Statewide Percentile - indicates how the school's performance compares to schools across the state. The fourth column Statewide Target - provides the statewide targets for each of these indicators. The last column - Met Target? - indicates whether the School Performance met or exceeded the statewide target.

The Summary row presents the averages of the peer school percentiles, the average of statewide percentiles and the percentage of statewide targets met.

| College and Career Readiness <br> Indicators | School <br> Performance | Peer Rank <br> (Percentile) | Statewide Rank <br> (Percentile) | Statewide <br> Target | Met Target? |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Chronic Absenteeism (\%) | $\mathbf{2 6 \%}$ | $\mathbf{1 3}$ | $\mathbf{3}$ | $\mathbf{6 \%}$ | NO |
| Summary |  |  |  |  | 0 |

Chronic Absenteeism - Number of students in the most recent school year that missed 10\% or more of the instructional days in the school year divided by the total number of students enrolled.

## Absentecism

The chart below presents the percentage of students who were absent in each category of absence: 0 absences, 1-5 absences, 6 10 absences, $11-15$ absences, and more than 15 absences. An absence is defined as being 'not present' and includes the days missed regardless of whether they were determined to be excused or unexcused by the school.

## State of New Jersey

```
STUDENT GROWTH
CAMDEN
CAMDEN CITY

This section of the performance report presents data about student growth, utilizing the Student Growth Percentile Methodology (SGP). SGP creates a measure of how students progressed in grades 4 through 8 in NJ ASK Language Arts Literacy and Math when compared to other students with a similar NJ ASK test score history. A short video explaining the methodology can be found here: http://www.state.nj.us/education/njsmart/performance/

The first column - Schoolwide Performance - presents the schoolwide median growth score in either Language Arts Literacy or Math for all students in the school. The second column - Peer Percentile - indicates how the school's growth performance compares to its group of peer schools. The third column - Statewide Percentile - indicates how a school compares to schools across the state. The last column - Met Target? - indicates whether the school's performance met or exceeded the target.

The summary row presents the averages of the peer school percentiles, the averages of statewide percentiles, the percentage of statewide targets met.
\(\left.\begin{array}{|l|l|l|l|l|c|}\hline \text { Student Growth Indicators } & \begin{array}{l}\text { Schoolwide } \\ \text { Performance }\end{array} & \begin{array}{l}\text { Peer } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { Statewide } \\ \text { Percentile }\end{array} & \begin{array}{l}\text { Statewide } \\ \text { Target }\end{array} & \text { Met Target? } \\ \hline \text { Student Growth on Language Arts } & \mathbf{3 5} & \mathbf{3 3} & & 7 & 35\end{array}\right]\) NO

Student Growth

This table presents for all students with growth scores the interaction between their proficiency level on NJASK and their growth scores. For example, in the top left cell the percentage of students who are both partially proficient AND also demonstrating low growth is displayed.
\begin{tabular}{|c|c|c|c|c|c|c|c|}
\hline \multicolumn{4}{|c|}{Language Arts} & \multicolumn{4}{|c|}{Math} \\
\hline & \multicolumn{3}{|c|}{GROWTH} & & \multicolumn{3}{|c|}{GROWTH} \\
\hline & Low & Typical & High & & Low & Typical & High \\
\hline \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 46\% & 24\% & 11\% & \begin{tabular}{l}
Partially \\
Proficient
\end{tabular} & 41\% & 18\% & 8\% \\
\hline Proficient & 4\% & 6\% & 9\% & Proficient & 4\% & 11\% & 12\% \\
\hline Advanced Proficient & 0\% & 0\% & 0\% & Advanced Proficient & 0\% & 1\% & 5\% \\
\hline
\end{tabular}

Low Growth is defined as an Student Growth Percentile score less than 35.
Typical Growth is defined as an Student Growth Percentile score between 35 and 65.
High Growth is defined as a Student Growth Percentile score higher than 65.

WITHIN SCHOOL ACHIEVEMENT GAP
CAMDEN
CAMDEN CITY

\author{
GRADE SPAN PK-06
}

YORKSHIP ELEMENTARY SCHOOL 1251 COLLINGS ROAD
CAMDEN, NEW JERSEY 08104

This section of the performance report presents data about the achievement gap that exists within a school - as measured by the difference between the students' scale scores at the 25 th and 75 th percentile in the school, the so-called Interquartile Range (IQR). Taken together with an understanding of the overall and average achievement levels in the school, the IQR furthers an understanding of the range of student outcomes that exist in a school. A school gap smaller than the state gap indicates that the school's range of student outcomes is narrower than the state's while a school gap larger than the state gap indicates that the school's range of student outcomes is larger than the state's.
